STATE OF COLORADO

2025

FIFTY-FIFTH ANNUAL REPORT

TO THE GOVERNOR AND THE GENERAL ASSEMBLY

Department of Local Affairs

Division of Property Taxation

This page intentionally left blank.

COLORADO
Department of Local Affairs
Division of Property Taxation

May 11, 2026

The Honorable Jared Polis
Governor of Colorado
and
The General Assembly of the
State of Colorado
200 E. Colfax Avenue
Denver, CO 80203

Governor Polis and Members of the General Assembly:

We are submitting the Fifty-Fifth Annual Report of the Division of Property Taxation in compliance with § 39-2-119, C.R.S. In addition to providing listings of assessed values in the counties and property tax revenues of the local taxing jurisdictions, the report contains statistical and summary information.

Respectfully submitted,

Keith Erffmeyer

KE:tmy

Section II

Administration

COLORADO PROPERTY TAX

OVERVIEW

In Colorado, the authority for property taxation is both constitutional and statutory. Article X of the Colorado Constitution provides that all property is taxable unless declared exempt by the Constitution, and that the actual value of taxable property shall be determined under the general laws to secure just and equalized valuations. The specific statutes pertaining to property taxation are found in articles 1 through 14 of title 39 of the Colorado Revised Statutes.

Under the general laws of Colorado, county assessors are required to discover, list, classify, and value all taxable property within their county boundaries except for those properties that are state assessed. The State Board of Equalization (Board) has supervision over the administration of all laws concerning the valuation and assessment of taxable property and the levying of property taxes. The Division of Property Taxation (Division), under direction of the Property Tax Administrator (Administrator), coordinates the implementation of property tax law throughout Colorado's sixty-four (64) counties.

The Colorado property tax system provides revenue exclusively for local government services. The largest share of property tax revenue for the year 2025 (51.13 percent) goes to support the state's public schools. County governments claim the next largest share (22.13 percent), followed by special districts (21.18 percent), municipal governments (4.43 percent), and local district colleges (1.14 percent). Total revenue for all taxing entities in Colorado for 2025 was certified as $16,564,495,318.

TABLE 1 lists the percentage change in property tax revenue between taxes payable in 2024 and in 2025 for the existing types of taxing entities in Colorado.

TABLE 1

REVENUE CHANGE BY ENTITY TYPE FOR TAX YEARS 2024-2025

Taxing Entity	% Change
School Districts	10.8%
Local District Colleges	9.7%
Counties	4.6%
Municipalities	6.4%
Special Districts	7.0%
Combined Change:	**8.3%**

STATE BOARD OF EQUALIZATION

The State Board of Equalization consists of the Governor, the President of the Senate, the Speaker of the House of Representatives, or their designees, and two members appointed by the Governor with consent of the Senate. Each appointed member must be a qualified appraiser, a former assessor, or a person who has knowledge and experience in property taxation.

There were three membership changes on the Board for 2025. Barbara Brewer was present for the first two meetings in January and April only. She was subsequently replaced by Maria DeCambra, as designee of Governor Polis. Maria DeCambra was not present at the October meeting; Governor Polis himself was present for that meeting, and midway through the meeting, he designated Kevin Amerihsani as his representative for the remainder of the meeting. The Board met five times in 2025. For the first meeting, the Board was made up of the following individuals:

- Chris Hansen, chairperson, designee of Senate President Coleman;
- Marty Flaum, vice-chair, appointee of Governor Jared Polis;
- Representative Yara Zokaie, designee of House Speaker McCluskie;
- Barbara Brewer, appointee of Governor Jared Polis; and
- Richard Sokol, designee of Governor Jared Polis.

Duties and Responsibilities

The Board supervises the administration of property tax laws and the equalization of the values of all the classes and subclasses of taxable property across the state. Duties of the Board are found primarily in sections 3 and 15 of article X of the Colorado Constitution, and articles 1 and 9 of title 39 of the Colorado Revised Statutes.

The Board reviews the findings and conclusions of the annual study contractor and orders reappraisals in counties found to be not in compliance. The study was initiated by a 1982 amendment to the Colorado Constitution to ensure all assessors value property at the same level of value using standardized procedures and statistical measurements. The study is conducted by an independent auditing firm contracted by the Director of Research for the Office of Colorado Legislative Council, § 39-1-104(16), C.R.S. The study and the resulting orders of reappraisal are the primary means of achieving statewide equalization. Each year, the auditor performs both a ratio study and a market trend analysis. The auditor also reviews both sold and unsold properties in addition to agricultural residences and any other areas as directed by the Office of Colorado Legislative Council.

The following companies were contracted for the annual study since 1982:

- 1983-1986 – Max Arnold and Assoc.
- 1987 – Hoover and Assoc.
- 1988 – Hoover, Thimigan and Assoc.
- 1989-1992 – Thimigan and Assoc.
- 1993-2002 – Thos Y. (T.Y.) Pickett and Co. Inc.
- 2003-2008 – Rocky Mountain Valuation Specialists, LLC
- 2009-2022 – Wildrose Appraisal, Inc., Audit Division
- 2023-2024 – East West Econometrics, LLC
- 2025 – San Matteo Data Analytics

The importance of the Board's equalization function is due, in part, to the relationship that exists between assessed values and state aid to schools. Generally, if the property in a school district is undervalued, it is likely the district will receive more state revenue than to which it is entitled. When the results of a reappraisal order indicate the affected school district(s) received too much state

revenue, the Board will order the county (not the school district) to pay back the excess funding. During the 1980s and early 1990s, this occasionally required the repayment of substantial revenue to the state. In years that are more recent, however, significant improvements in the quality of county assessments have resulted in far fewer reappraisal orders and smaller repayments of excess state aid to schools.

The Board also reviews county Abstracts of Assessment, decisions of county boards of equalization (county boards), and the policies and recommendations of the Property Tax Administrator and any changes to the three volumes of the Assessors' Reference Library published by the Administrator.

STATE BOARD OF EQUALIZATION ACTIVITY

The following is a brief history of recent actions by the State Board of Equalization over the most recent five-year period, from 2025 back to 2021.

2025 Action and Enforcement

In 2025, the Board held five meetings: January 31, April 25, September 12, September 26, and October 10, 2025. All meetings were held via remote access only. On June 24, 2025, the Board's delegated candidate search committee met.

At the Board's first meeting on January 31, Chair Hansen convened and after Property Tax Administrator JoAnn Groff introduced staff, the Board's first action was considering the minutes of the previous meeting held on December 17, 2024. The Board moved to approve the minutes and the motion passed unanimously.

Administrator Groff reviewed newly enacted statutory responsibilities concerning residential assessment rates. She explained that the residential assessment rate had been bifurcated into separate rates for school districts and local governments.

David Hansen of Legislative Council Staff then presented the 2025 School District Property Tax Limit Balancing Percentage Report pursuant to § 29-1-1702.5(4)(c), C.R.S. He explained the implementation of House Bill 24B-1001 and the projected property tax revenue limitations for school districts. Mr. Hansen stated that qualified local share property tax revenue for 2025 was projected to total approximately $4.1 billion, which was below the statutory limit by approximately $286.1 million. As a result, a temporary reduction to the school district residential assessment rate was not necessary for tax year 2025.

The presentation included discussion regarding exclusions from qualified revenue, future "true-up" adjustments, correction percentages, and projected backfill obligations. Administrator Groff clarified that local government assessment rates would be evaluated later in 2025 and that annual reviews of the school rate would continue going forward.

Board Member Sokol moved to approve the recommended total balancing percentage, correction percentage, and resulting School District Residential Assessment Rate as contained in the Legislative Council Staff report. Board Member Flaum seconded the motion. The motion passed unanimously. Board Member Sokol further moved to delegate authority to Chair Hansen to transmit a letter to the General Assembly with the approved School District Residential Assessment Rate and direct the Property Tax Administrator to publish the rate on the Division website. Board Member Flaum seconded and the motion passed unanimously.

Jerico Javier, manager of the Exemptions Section, presented requests from exempt property owners seeking waiver of statutory filing deadlines for annual exempt property reports under §§ 39-9-109(5) and (6), C.R.S. Division staff recommended approval of the waivers and establishment of March 10, 2025, as the new filing deadline.

The Board discussed issues concerning repeat delinquency, tax liens, and potential financial implications. Administrator Groff explained that organizations with repeated waiver requests would be separated for future review and clarified that no county interest obligations existed for the properties under consideration.

Mr. Flaum moved to approve the waiver requests as recommended by staff. Representative Zokaie seconded the motion. The motion passed unanimously.

Lisa Hempy of Adams County addressed the State Board on behalf of a group of taxpayers regarding alleged irregularities in property valuation administration. Ms. Hempy alleged erroneous valuations, excessive tax burdens, inconsistent treatment, and procedural deficiencies in appeals and abatements. Ms. Hempy discussed significant protest increases in Adams County, implementation of a new valuation model, concerns regarding County Board of Equalization proceedings, delayed abatements, and dissatisfaction with the Division's investigation process.

Joe McGrath responded on behalf of the Division, stating that the Division conducted a detailed investigation into the allegations and found no evidence that the Adams County Assessor's Office violated statutes or improperly valued residential properties. The Division concluded there was insufficient basis to recommend a reappraisal order for 2023.

Administrator Groff clarified the limited jurisdiction of the State Board over county abatement processes and explained that abatements were under the authority of county commissioners rather than the State Board.

No formal action was taken on the taxpayer complaint and the meeting was adjourned.

At the Board's April meeting, Chair Hansen called the meeting to start and brief introductions were made by Administrator Groff, Division staff, and representatives from the Attorney General's office.

Representative Zokaie moved to approve the January 31, 2025, meeting minutes as presented. Mr. Sokol seconded the motion. The motion passed unanimously. Administrator Groff and Deputy Director Joe McGrath presented proposed revisions to the Assessors' Reference Library ("ARL") previously reviewed by the Statutory Advisory Committee on March 27, 2025.

The principal issue concerned the Ski Area Possessory Interest Pass-Through Rate. Mr. McGrath explained that the Division had identified errors in the calculation methodology during collaboration with ski area operators, assessors, and stakeholders. Although the Division initially proposed reducing the capitalization rate and pass-through rate, it later determined additional stakeholder outreach and research were necessary before implementing the revised methodology. The Division therefore requested rejection of a proposed 4.08% pass-through rate and reinstatement of the prior 4.70% rate to avoid overvaluation of ski area possessory interests for tax year 2025. Board members discussed the nature of the capitalization and pass-through rates, the federal government's ownership interest in ski area land, and the consequences of valuation adjustments. Chair Hansen requested a motion to disapprove Item 2 in ARL Volume 3, Chapter 7 concerning the 4.08% pass-through rate. Mr. Sokol moved, Representative Zokaie seconded, and the motion passed unanimously.

Representative Zokaie then moved to approve the remaining ARL revisions approved by the Statutory Advisory Committee. Mr. Sokol seconded the motion. The motion passed unanimously.

Chair Hansen announced an agenda item to enter executive session pursuant to § 24-6-402(3)(a)(II), C.R.S., to receive legal advice concerning pending litigation in Board of Equalization of the County of Douglas v. Board of Equalization of the State of Colorado. Administrator Groff advised that the Board lacked the statutorily required two-thirds vote because only three members were present. As a result, the executive session could not proceed, and no formal action was taken.

Brenda Valerio, Human Resources Director for the Department of Local Affairs (DOLA), presented a comprehensive recruitment and hiring timeline for selection of a new Property Tax Administrator. Ms. Valerio outlined statutory requirements, proposed timelines, interview procedures, comparative

analysis methods, screening processes, and anticipated public meeting obligations. She proposed publication of a job announcement in July 2025, candidate review and interviews in August and September 2025, and final public interviews later in September or October 2025.

The Board discussed delegation of authority, the role of the Human Resources Department, participation of current Administrator Groff, and the importance of public meeting compliance. Chair Hansen and Mr. Sokol supported allowing professional HR staff to conduct the initial phases of the process before finalist interviews by the Board.

Chair Chris Hansen convened the first September meeting on September 12, 2025. Director Maria DeCambra and Rich Sokol attended. Representative Yara Zokaie joined later in the meeting. Marty Flaum was excused. Administrator JoAnn Groff introduced Division staff, DOLA Human Resources Director Brenda Valerio, and representatives from the Attorney General's Office.

Mr. Sokol moved to approve the April 25, 2025, meeting minutes as presented. Director DeCambra seconded the motion. The motion passed unanimously among members present.

Director Valerio presented an update regarding the State Board Search Committee's recruitment efforts for the next Property Tax Administrator. The committee finalized the job announcement and established the comparative analysis process and subject matter expert methodology.

The position was posted on July 7, 2025. Following an initial three-week application period, the Human Resources Department determined there were insufficient qualified applicants. After consultation with Chair Hansen, the application deadline was extended to August 4, 2025. Ultimately, only four qualified candidates applied.

Chair Hansen determined that the State Board would directly interview all qualified candidates. Because of the limited number of applicants, the Board dispensed with written and oral comparative evaluations that had originally been contemplated.

Assistant Attorney General Flannery advised that interviews of non-finalist candidates must occur in executive session to maintain statutory confidentiality protections.

After Representative Zokaie arrived, Chair Hansen requested a motion to enter executive session pursuant to § 24-6-402(3)(a)(III)(B), C.R.S., concerning confidential records of non-finalist candidates for the position of Property Tax Administrator. Director DeCambra moved to enter executive session, seconded by Representative Zokaie. The motion passed unanimously.

The executive session commenced at 10:35 A.M. and concluded at 2:48 P.M.

Upon returning to open session, the Board deliberated regarding advancement of candidates to a final interview.

Mr. Sokol moved that Candidate B advance to the final interview stage. Representative Zokaie seconded the motion. The motion passed unanimously. Chair Hansen subsequently announced that Keith Erffmeyer had been selected to advance to the final interview to be conducted on September 26, 2025.

Administrator Groff informed the Board that State Auditor Joel Cuthbert had requested participation on the interview committee for the Property Tax Administrator position. The Search Committee declined the request due to his role as State Auditor.

Administrator Groff also advised the Board regarding counties that had failed to timely provide required files to the State Auditor by June 15, 2025. Mr. Sokol inquired regarding statutory penalties for noncompliance. Administrator Groff and Assistant Attorney General Flannery agreed to research the issue and provide a response at the October 10, 2025, meeting.

Chair Hansen confirmed upcoming Board meetings scheduled for September 26, 2025, and October 10, 2025.

For the September 26 meeting, Representative Yara Zokaie, acting as Chair, convened the State Board of Equalization at 10:11 A.M. Director Maria DeCambra and Rich Sokol attended. Marty Flaum and Chair Chris Hansen were excused. Property Tax Administrator JoAnn Groff introduced Division staff, Human Resources Director Brenda Valerio, and representatives from the Attorney General's Office.

Mr. Sokol moved to approve the September 12, 2025, meeting minutes as presented. Director DeCambra seconded the motion, and it passed unanimously.

The principal purpose of the meeting was the public interview of Keith Erffmeyer for appointment as Colorado Property Tax Administrator. Chair Zokaie noted that Mr. Erffmeyer had been offered the opportunity for executive session but declined, electing to proceed in public session.

The Board conducted an extensive interview concerning Mr. Erffmeyer's qualifications, ethics, leadership philosophy, legislative experience, and administrative priorities. Mr. Erffmeyer discussed his experience as Denver County Assessor, his emphasis on fairness, transparency, and honesty, and his ability to collaborate with legislators, assessors, and stakeholders.

Board members questioned Mr. Erffmeyer regarding ethical challenges, statewide consistency in valuation methodology, legislative negotiation, staff development during budget constraints, and methods of providing guidance to county assessors.

Several individuals addressed the Board in support of Mr. Erffmeyer's candidacy, including:

- Ed Bowditch, lobbyist for assessors at the Capitol, who provided an "unqualified endorsement";
- Mike Beery, former Administrator of the Colorado Board of Assessment Appeals, who described Mr. Erffmeyer as collaborative, transparent, and ethical; and
- Barry Goldstein of Sterling Property Tax Specialists, who praised Mr. Erffmeyer's fairness and expertise.

Director DeCambra moved to appoint Keith Erffmeyer as the next Property Tax Administrator for the State of Colorado. Mr. Sokol seconded the motion. The motion passed unanimously without objection. Chair Zokaie formally announced Mr. Erffmeyer's appointment. Mr. Erffmeyer thanked the State Board and expressed enthusiasm for assuming the position.

Chair Chris Hansen convened the Board's October meeting at 10:02 A.M. Governor Jared Polis, Rich Sokol, and later Representative Yara Zokaie and Marty Flaum attended. Administrator JoAnn Groff introduced Division staff and representatives from the Attorney General's Office.

Mr. Sokol moved to approve the September 26, 2025, meeting minutes as presented. Representative Zokaie seconded the motion. The motion passed unanimously.

Jerico Javier presented waiver petitions from organizations that had forfeited exempt status by failing to timely file annual exempt property reports. The Division recommended approval of waiver requests and extension of filing deadlines to November 17, 2025.

The Board discussed the Division's increased outreach efforts, repeat offenders, and the legal effect of waivers. Administrator Groff explained that approval of waivers would only permit late filing and that exemption status would still require staff review. Mr. Flaum moved to extend the filing deadlines for organizations listed on Consent Agendas One, Two, and Three. Governor Polis seconded the motion. The motion passed unanimously.

The Board separately considered waiver requests from Elevation Christian Church, The Gathering Place, and Canon City Rodeo Association. The Board discussed a change in ownership of church property in Arapahoe County and the consequences if exemption were denied. Mr. Sokol moved to grant the requested waiver. Mr. Flaum seconded the motion. The motion passed unanimously.

The Board discussed forfeiture issues, a previously sold tax lien, and whether the organization should bear costs incurred by the county and investor due to untimely filings. Representatives of the organization acknowledged administrative oversight.

Mr. Sokol moved to grant the waiver request while requiring the organization to remain responsible for applicable interest and expenses associated with the tax lien process. Mr. Flaum seconded the motion. The motion passed unanimously.

The Board devoted extensive discussion to repeated forfeiture requests submitted by Canon City Rodeo Association. Division staff advised that this represented the sixth forfeiture request since 2015. Board members debated whether to deny the waiver or impose conditions.

The organization's president, Andy Phillips, acknowledged failures in oversight, accepted responsibility, and requested one final opportunity to maintain exemption status.

Representative Zokaie moved to grant the waiver request on the condition that the organization submit both a compliance plan and the required annual report to the Division by November 17, 2025. Mr. Sokol seconded the motion. The motion passed unanimously.

Administrator Groff presented the Division's study regarding statewide actual value growth from 2024 to 2025. The Division determined statewide actual value growth was 4.27%, which was below the statutory 5% threshold. The Board discussed reassessment cycles, treatment of actual values, and implications for residential assessment rates.

Mr. Sokol moved to certify the Property Tax Administrator's statewide actual value growth determination and set the 2025 residential assessment rates accordingly. Mr. Flaum seconded the motion. The motion passed unanimously. Mr. Sokol further moved to delegate authority to Chair Hansen to certify the statewide actual value growth and notify the Property Tax Administrator of the Board's determined rates. Mr. Flaum seconded the motion. The motion passed unanimously.

Lori DeCrow presented the Division's review of County Board of Equalization changes on county abstracts of assessment. The Division found no controversial or unusual changes requiring further Board review.

Mr. Sokol moved to continue review of county abstracts of assessment until the next State Board meeting after completion of auditor review. Mr. Flaum seconded the motion. The motion passed unanimously.

Mrs. DeCrow presented proposed revisions to the Assessors' Reference Library approved by the Statutory Advisory Committee. The Board moved to approve the changes and the motion was passed unanimously.

Assistant Attorney General Flannery advised that confidential legal memoranda had been provided to the Board in advance of the meeting. The Board determined that no executive session was necessary, and no formal action was taken. The Board then adjourned the meeting.

2024 Action and Enforcement

In 2024, the Board held three meetings; January 26, 2024, October 30, 2024, and December 17, 2024. All three meetings were held via remote access only.

At the Board's first meeting in January, the Board held an election for the position of vice-chair, where Senator Hansen was unanimously elected by the Board. The Board reviewed its minutes from the December 18, 2023 meeting, and accepted a motion to accept the minutes with some typographical corrections being noted.

Administrator Groff mentioned that the auditor delivered the 2023 Abstract Projections and 2023 County Board of Equalization Adjustment reports to the Board in December. The auditor reviewed various counties following changes implemented by the County Board of Equalization to ensure compliance with Colorado property tax laws. The Boulder and Costilla County reports were submitted by the auditor to be considered in the meeting. The Board approved a motion to make the reports public and then Administrator Groff handed the discussion over to Harry Fuller of East West

Econometrics, LLC. The auditor then presented its findings, recommending no reappraisal order for Costilla and Boulder County.

The Board then moved to enter into executive session, including attorneys Heather Flannery, Emily McGilvery and Kurt Morrison, with the Colorado Attorney General's Office. AAG Flannery stated that there was nothing to disclose to the open meeting about what occurred during the private session.

The Board then considered a proposed policy from AAG Flannery regarding the delegation of authority for a member of the Board to work with legal counsel during legal disputes. The Board considered and unanimously passed a resolution which gave either the Chair or Vice-chair the power to "review and approve pleadings for filing and the authority to make litigation strategy decisions on behalf of the State Board." The Board then delegated Senator Chris Hansen as the delegate.

The Board had no further business to discuss and the Chair adjourned the meeting.

At the Board's October 30, 2024 meeting, the Board's first action was to hold an election of officers. Chair Hansen was nominated for Chair and the Board unanimously passed a motion to approve of his position and he then moved to call for nominations for a vice-chair. Mr. Marty Flaum was nominated and the motion to approve of his position was unanimously passed. The Board then approved the January 26, 2024 meeting minutes with a small amendment as recognized by Mr. Sokol.

Chair Hansen then recognized Administrator Groff to review the list of property owners who filed a waiver of filing deadline for exempt properties. She explained that the organization of the consent agenda was changed in collaboration with the Attorney General's office to alert the Board of property owners who have either filed waivers multiple times or requested waivers over multiple years. The Board heard explanation of the property owners on Consent Agenda One who missed the April 15 and July 1 filing deadlines for 2024. Consent Agenda Two included those with previous forfeitures, often tied to the confusion of the COVID-19 pandemic filing extensions. Consent Agenda Three highlighted organizations with multiple years of delinquency, most of which remained off the tax rolls or had paid taxes and now sought to restore exemptions. The Board approved all three consent agendas unanimously. During this discussion, Administrator JoAnn Groff explained that failure to file for exemption only triggers notices in the first year, contributing to some long-term oversights. She emphasized that the vote was only to allow these groups to submit paperwork for further review—not to guarantee reinstated exemptions.

A special section was dedicated to two exemption cases discussed in detail. First Wesleyan Church sought to retroactively restore exemption status on properties sold in 2023, and Vineyard Community Church requested to resolve outstanding taxes linked to a recent sale. Jerico Javier of the Division confirmed that there were no legal obstacles, and staff recommended granting the waivers. After hearing from First Wesleyan's representative and confirming procedural clarifications, the Board unanimously approved the waiver requests for both churches.

The meeting included a detailed presentation of the 2024 Assessment Audit by East West Econometrics. Audit manager Harry Fuller and statistician Steve Kane presented findings based on four core studies: ratio study, market trending, valuation bias, and analysis of sold vs. unsold properties. The audit found statewide compliance in all major property categories—residential, commercial, and vacant land. Sales ratios and coefficients of dispersion (CODs) remained within acceptable ranges, with the residential COD at 9.73 and all 64 counties falling in the approved range. The audit showed an increase in sales volume from 2020 to 2022, which necessitated careful time adjustments by county assessors. The audit also highlighted improved valuation practices and ongoing communication between the Division and counties, with minor data issues quickly addressed.

Next, the Board reviewed abstracts of assessment. Although 57 of 58 counties using the standard protest period were reviewed and deemed compliant, Administrator Groff recommended delaying final approval of all abstracts until the December meeting. This delay allows the auditor to conduct a full analysis of late or alternate protest counties. Lake County was flagged for late submission and

was not ready for acceptance; its representative was invited to speak at the next meeting. Additionally, counties using the alternate protest period—Adams, Boulder, Douglas, Gunnison, Jefferson, and Weld—must submit their data by November 21, 2024, for inclusion in the December review.

The Board also considered updates to the Assessors' Reference Library (ARL), which contains the operational and legal framework for county assessors. Joe McGrath presented the September updates, including changes based on recent legislation (HB 24B-1001 and SB 24-233). The Board approved all ARL updates unanimously.

An executive session was held regarding Douglas County's lawsuit (Case No. 24CV30133) against the State Board. After discussion led by Assistant Attorney General (AAG) Heather Flannery, the Board unanimously rejected the proposed settlement from Douglas County, which sought to rescind a 2023 Board decision and impose limits on Board authority. The Board found the terms of the offer to exceed the scope of the lawsuit. Chair Hansen was subsequently appointed as the Board's litigation designee.

In closing, Administrator Groff detailed the SBOE's new responsibilities under HB 24B-1001, which authorizes the Board to adjust residential assessment rates when property values increase by more than 5%. Legislative Council staff will provide growth data by January 15, 2025, requiring Board action within 21 days. The Board scheduled meetings for December 17, 2024; January 31, 2025; and October 9, 2025. With no additional business or comments, Chair Hansen adjourned the meeting at 11:56 AM.

The State Board of Equalization meeting on December 17, 2024, was called to order by Chair Chris Hansen at 2:03 PM with members attending remotely. JoAnn Groff, Property Tax Administrator, conducted roll call, confirming the attendance of Representative Kyle Brown, Rich Sokol, Chair Hansen, and Vice-Chair Marty Flaum. Barbara Brewer was excused. After introductions, including legal counsel Heather Flannery, the board approved the minutes from the October 30, 2024, meeting unanimously with no amendments.

Administrator Groff then introduced the annual assessment audit materials prepared by East West Econometrics, LLC. These included the 2024 Abstract Projections and 2024 County Board of Equalization Adjustments reports, which were accepted by the board for public release. The board also considered the abstracts of assessment from Colorado's 64 counties. Administrator Groff reminded the board that per her recommendation, they had not approved the abstracts of any county, even those timely filed in October. She then recommended the approval of all abstracts, including those from counties using the alternate protest period and Lake County, which had filed late but was now reviewed and deemed satisfactory.

The board carefully reviewed abstracts from the alternate protest period counties (Adams, Boulder, Douglas, Gunnison, Jefferson, Weld) and Lake County who had submitted their abstract too late to be reviewed in October. The Division of Property Taxation confirmed there were no irregularities or extraordinary changes. Lake County Assessor Mark Wadsworth provided context for the county's delay, citing recent administrative changes and efforts to bring the office up to date. His remarks were well-received, and the board approved all county abstracts unanimously after confirming no significant valuation shifts had occurred.

Subsequently, the board considered a broad set of updates to the Assessors' Reference Library (ARL), covering multiple volumes and chapters ranging from procedural updates and assessment operations to valuation standards and oil and gas equipment guidelines. These updates had been recommended by the Statutory Advisory Committee. After discussion and with no public objections, the board voted unanimously to adopt all proposed changes. Additionally, Administrator Groff acknowledged the contributions of departing audit partners Harry Fuller and Steve Kane and introduced their replacement, Joel Cuthbert from San Matteo Data Analytics.

The meeting moved into Executive Session at 2:27 PM to discuss a pending court case, concluding at 2:55 PM with no public announcements arising from it. Chair Hansen then allowed final remarks,

during which Administrator Groff previewed agenda items for the upcoming January 31, 2025, meeting, including potential discussions on exempt property requests and personnel updates. She also reminded members of the October 9, 2025, meeting. With no further business or public comment, Chair Hansen adjourned the meeting at 11:56 AM.

2023 Action and Enforcement

In 2023, the Board held two meetings; October 12, 2023, and December 18, 2023. Both meetings were held via remote access only.

At the Board's first meeting in October, the Board held elections of officers, where Chair Brewer called for nominations of a chair and vice chair. Chair Brewer was elected Chair for another year and Mr. Buescher was elected vice chair. The Board then reviewed the minutes from its last meeting on October 13, 2022 and approved them as written. Moving to the next agenda item, the Board considered waivers of filing deadline for exempt property owners. After a brief explanation of the consent agenda of properties by Terry Long, manager of the Exemptions Section, the Board unanimously adopted a new filing deadline of November 20, 2023, for these requests, and also accepted the waiver requests for all of the organizations on the consent agenda. Five requests to waive the filing deadline were highlighted for discussion. After asking for any interested speakers and hearing none, the Board granted the five waivers and moved on to the next agenda item.

Administrator Groff recommended the Board accept the reports provided by the state auditor, including sixty-three County Reports for 2023, the 2023 Personal Property Report, the 2023 Sales Verification Report, and the 2023 Statutory Deadline Report. Mr. Fuller, audit manager of East West Econometrics, LLC shared that there were two time sensitive outstanding reports, the Abstract Reports and CBOE Change Report, which will be reported in December. He then introduced Mr. Kane, chief statistician, who shared that analysis was comprised of performing three major studies: the ratio study, market trending study, and the sold/unsold study. Additionally, an analysis of valuation bias, aka price-related differential (PRD), was performed. Valuation bias is reviewed closely per the Division and Legislative Council's request.

Mr. Kane gave a detailed presentation on each of the studies done by the audit and its results for sixty-three counties. Mr. Fuller finished the presentation with his expectations of Lake County submitting data to the audit by the December 18, 2023 meeting and he anticipated that Lake County will be in compliance after their mid-November submission of values.

Chair Brewer called for questions of the auditor's presentation. There were none. The Board continued to the next agenda item concerning the abstracts of assessment and the changes ordered by county boards of equalization. Thomas Young, with the Division, recommended the Board accept and approve fifty-four abstracts that were filed by the August 25 deadline. The remaining abstracts for Adams, Arapahoe, Boulder, Denver, Douglas, Jefferson, Lake, Pitkin and Saguache Counties would be filed under the alternate-protest process by the November 21 deadline.

Administrator Groff informed the Board that traditionally they vote to allow the chair to approve the late-filing abstracts unless there are issues. However, this year she recommended they actually hold a meeting to consider known actions taken in Douglas, Costilla and Lake Counties, and any other issues that might arise in the alternate-protest counties. The Board unanimously approved a meeting to be set for December 18. Administrator Groff explained that with the level of public interest in these actions, a December meeting allows the public to submit comments or material they wish the Board to discuss. Mr. Buescher requested that the Board's attorney, Assistant Attorney General (AAG), Heather Flannery, advise them during the meeting on the actions of Douglas County and other counties on the constitutional and statutory authority to make changes to the assessment rate. AAG Flannery responded that she would be prepared and distribute written material beforehand. Chair Brewer recognized Douglas County Assessor, Toby Damisch. Assessor Damisch responded that he made himself available for questions but was not prepared to make a formal statement at this meeting.

Chair Brewer proceeded to the next agenda item to consider changes to the Assessors' Reference Library. Administrator Groff gave a brief introduction for the benefit of the new members as to how the process works. She continued, explaining there were no controversies, comments, or recommended changes from any parties. Administrator Groff recommended the Board approve the changes in one motion. There were no objections and that motion passed unanimously.

Chair Brewer thanked everyone for their assistance throughout the process and requested a motion to set October 10, 2024 as next year's State Board of Equalization meeting date. Chair Brewer then adjourned the meeting without a motion.

During the December 18 meeting, the entire Board was present and approved the minutes of the October 12, 2023 meeting. It also unanimously approved the consent agenda for the exempt property owners seeking a waiver of filing deadline for annual reports as presented by Moses Roybal of the Exemptions Section of the Division.

The Board convened an Executive Session and, upon returning, proceeded to the presentation of the Annual Assessment Audit. East West Econometrics was introduced by Administrator Groff. They submitted the 2023 Abstract Projections and the 2023 County Board of Equalization Adjustment reports to the Board. Additionally, the Lake County report, which was not available during the October 12, 2023, meeting, and the Douglas County report, after the County Board of Equalization's adjustment, were submitted. The Board made a motion to release the reports. It passed unanimously.

Steve Kane of East West Econometrics, LLC presented the assessment audit findings for Lake County, which was found in complete compliance with all statistics. The auditor felt that after review of the CBOE Adjustments report, more counties may have fallen out of compliance than originally anticipated. Administrator Groff recommended setting a meeting to review the findings on January 26, 2024. This would allow counties who may have fallen out of compliance to be noticed before the meeting.

Administrator Groff presented the next agenda item to consider, the remaining ten abstracts that were filed on the alternate protest period. No errors were found with the ten counties, and with Douglas County listed later in the agenda for discussion, Administrator Groff recommended the remaining nine abstracts be accepted and the Board passed the motion unanimously.

The Board then considered Douglas County and the changes made by its County Board of Equalization. Administrator Groff explained that the Division found the residential value changes of the CBOE in Douglas County were within the compliance parameters followed by the Division to make recommendations to the Board. That review considers significant outliers, and whether CBOE changes net more than a five percent change overall to a class of property. This review took into consideration the total of all changes to the residential class of property made by the CBOE.

Mr. Kane provided the Board its findings regarding Douglas County, indicating they reran the residential class of property after the CBOE changes and the results were that the county was still in compliance with a median sales ratio of 0.953 and a coefficient of dispersion at 5.7. The audit also conducted their analysis by economic area for the seven areas in Doulas County and all were above the 0.95 compliance standard floor set by the Board.

Assessor Damisch presented information to the Board, explaining how 2023 was an extraordinary reappraisal year with record value increases; the median residence increased forty-seven percent. Assessor Damisch stressed that, even after a four percent decrease, the growth rate was still much higher in comparison to the other metro counties. He also explained that sales at the height of the market were dominating the valuation models, but the height actually occurred six to eight weeks before the appraisal date. The results of re-time trending the value to the appraisal date justified lowering the values of the residential class in Douglas County.

Administrator Groff then called on those that signed up to address the Board in the order that they signed up. The Board heard from the president of Larkspur Fire Protection District, Mr. John

Zimmerman with Value West, the Fire Chief at West Douglas County Fire Protection District, and the Chief of the NW Fire Protection District in Park County, who also serves as the President of the Colorado State Fire Chiefs. The speakers affiliated with fire protection districts all emphasized that the way the Douglas County CBOE lowered residential values would not be good for fire protection services as it would negatively impact their property tax revenue. Mr. Zimmerman's comments were centered on the valuation process in Colorado and how Colorado's reappraisal process is focused on actual values of properties, not indexes or factor values. With true respect to Assessor Damisch, he felt a broad percentage applied to a whole class of property harms the system. When errors are found they should be identified at a more detailed level than in a countywide class of property.

Administrator Groff asked AAG Flannery to explain the implications should the Board accept or refuse Douglas County's abstract. AAG Flannery explained that if the Board chooses to modify the valuation for assessment on this class of property in Douglas County, a motion and a second is required to modify, with details of the amounts to the modification. If it passes, the Board will need to issue a written order. She asked that the board delegate to one board member to work with counsel to get a written summary of the meeting and the decision issued to Douglas County and published. It would take effect for the 2023 taxable year, and that would be made clear in the written order and the motion as well. This would not be a reappraisal order, but would fall under valuation for assessment that was changed by the CBOE on a particular class of property.

Chair Brewer requested a motion. Senator Hansen moved to modify Douglas County's residential class values by rejecting the four percent across the class reduction from the CBOE and re-establishing the prior values. The motion passed unanimously. Chair Brewer then also requested a motion to delegate to the chair to produce the decision in writing and issue a final order. There were no objections and the motion passed unanimously.

The Board then moved to approve changes to the Assessors' Reference Library under Administrator Groff's recommendation as there were no contentious matters raised during the meeting or pre-meeting. Chair Brewer acknowledged the Property Tax Commission and the work that Administrator Groff would be involved in over the next few months. Administrator Groff announced that there was one person left signed up to speak who wanted to address the Board. A Boulder County property owner provided a letter detailing his difficulties getting data from the county used to value his property as required by law. Boulder County Assessor, Cynthia Braddock, addressed the Board and shared that a new tracking system for commercial data requests was implemented. After explaining to the taxpayer that his next step would be to appeal to the BAA, Chair Brewer adjourned the meeting.

2022 Action and Enforcement

In 2022, the Board held two meetings; January 10, 2022 and October 13, 2022. Both meetings were held via remote access only in accordance with Executive Order D 2020 144, Safer at Home and in the Vast, Great Outdoors.

At the Board's first meeting in January, the Board held elections of officers, where board member Barbara Brewer was elected chairperson, and Cathy Kipp was elected vice-chair. The Board then reviewed the minutes from its last meeting on October 15, 2021 and approved them as written. Moving to the next agenda item, the Board considered waivers of filing deadline for exempt property owners. After a brief explanation of the consent agenda of properties by Terry Long, manager of the Exemptions Section, the Board heard speakers for a handful of organizations that had joined the meeting, including:

- Assembly of God dba Open Door Church
- Iglesia Apostolica De La Fe en Cristo Jesus in US
- Central Baptist Church

The Board unanimously adopted a new filing deadline of February 18, 2022 for these requests, and also accepted the waiver requests for all of the organizations on the consent agenda. Mr. McGrath,

manager of the Assessment Resources and Appraisal Standards Sections, then explained to the Board certain proposed changes to the Assessors' Reference Library publications. For Volume 2, there were significant changes due to a piece of legislation, SB21-293 and for Volumes 3 and 5, there were necessary annual changes in rates, factors and calculations. Administrator Groff outlined the steps that these proposed changes had already gone through with stakeholder meetings and that the Statutory Advisory Committee had unanimously approved the changes.

The Board unanimously approved the changes to become effective immediately. The Board set the date for the next meeting on October 13, 2022, and then adjourned its meeting.

The Board's second meeting on October 13, 2022, began with roll call. The first agenda item considered was review and approval of the minutes from the last meeting, which took place January 10, 2022. They were passed unanimously as written. The Board then had several reports submitted to it from the assessment audit, Wildrose Appraisal, Inc., including sixty-four county reports for 2022 the 2022 Personal Property Report, the 2022 Sales Verification Report, and the 2022 Statutory Deadline Report. The Board unanimously passed a motion to approve all the reports as submitted. After which, Harry Fuller and Steve Kane of the audit were recognized to discuss the audit and its findings. Mr. Fuller noted that there are two outstanding reports, Abstract Reports and CBOE Change Reports, which will be finished in December due to the counties on the alternate protest procedure.

Mr. Kane then presented to the Board the detailed statistical results of the 2022 audit. After explaining the ratio study, the market trending study, and sold/unsold study, he went on to describe the additional work the audit accomplished using the price related differential as a way to examine if all homes are being treated equally across the value spectrum. Results showed that 62 of 64 counties were within the acceptable measurable range, and the two that had evidence of bias were barely outside of the acceptable range and could have been an anomaly due to few sales.

Thomas Young of the Division recommended that the Board accept and approve sixty abstracts that were filed by the August 25 deadline. The remaining abstracts for Adams, Boulder, Gunnison, and Jefferson counties would be filed under the alternate protest process by the November 21 deadline. The Board moved to authorize the chair to review and approve the remaining abstracts and there were no objections.

The Board authorized the chairperson to approve the remaining abstracts by December, 15, 2022. The Board then addressed waivers of the filing deadline for exempt property owners. First, the Board approved a new deadline of Monday, November, 21, 2022, following the recommendation of the Division. The consent agenda of property owners was approved for the waiver, and two specific cases were highlighted for the Board's attention. Afterwards, representatives who wished to speak to the Board on behalf of their organization were invited to speak. The Board heard from representatives for Young Life, Boys and Girls Clubs of Metro Denver, Bessemer Historical Society, and Adventure West Council, Boy Scouts of America.

Administrator Groff then presented information to the Board about changes to the Assessors' Reference Library and explained that there were no controversial items and no objections from the Statutory Advisory Committee. The Board approved all presented changes to the three volumes. Before adjourning, the Board approved of the 2023 meeting date of Thursday, October 12, 2023.

2021 Action and Enforcement

In 2021, the Board held two meetings; March 26, 2021 and October 15, 2021. Both meetings were held via remote access only in accordance with Executive Order D 2020 144, Safer at Home and in the Vast, Great Outdoors.

At the Board's first meeting in March, the Board reviewed the minutes from the last meeting, which took place November 17, 2020. The minutes were approved and the Board moved on to the remaining agenda items for that meeting. The first of those agenda items was consideration of changes to the Assessors' Reference Library. The Board approved all of the changes to the manuals

that were presented. The Board then took up the last item on its agenda: the supervision of the property tax administrator. After a brief executive session the Board heard testimony from the Eagle County Attorney and representative of the Eagle County Board of County Commissioners, Bryan Treu.

Mr. Treu explained to the Board the difficulty that the county had with Deputy Director Curt Settle of the Division of Property Taxation and how Mr. Settle's relationship with Bruce Cartwright, managing director of Duff and Phelps appeared inappropriate. Mr. Treu believed that Mr. Settle was actively assisting Mr. Cartwright in various property tax appeals against the county. Through Colorado Open Records Act requests, Mr. Treu obtained and presented to the Board, email correspondences showing how Mr. Settle routinely accepted invitations for meeting with Mr. Cartwright and reached out to him for feedback on Division policy. Mr. Treu was supported by San Miguel County Commissioner Kris Holstrom and La Plata County's Board of County Commissioners in asking for transparency of the Division's leadership.

Property Tax Administrator JoAnn Groff responded and explained her responses to the counties' CORA requests and the Division's protocol about engagement on issues of property taxation. The Board also heard from Mr. Settle directly as he explained the various points brought up by the counties. Administrator Groff suggested the board take formal action regarding written policies of engagement for Division employees, and it did with the requirement that the policies be posted on the Division's website.

The Board's second meeting dated October 15, 2021, began with review and approval of the minutes from the March meeting. The Board then moved to the remaining agenda items for the meeting, which included presentation of the annual assessment audit, consideration of the abstracts of assessment, consideration of requests to waive filing deadline of annual reports from exempt property owners, and finally consideration of changes made to the Assessors' Reference Library.

The Board accepted all Final Property Assessment Study Reports, the 2021 Abstract Projection Report, the 2021 County Board of Equalization Adjustment Report, the 2021 Personal Property Report, the 2021 Sales Verification Report, the 2021 Statutory Deadline Report, and the 2021 Land Not Integral Report. The Board heard from the auditor, Wildrose Appraisal, Inc., and the audit's results for the year and what to expect looking ahead. Joette Riley of the Division recommended that the Board accept and approve fifty-eight abstracts that were filed by the August 25 deadline. The remaining abstracts for Adams, Boulder, Denver, Douglas, Gunnison, and Jefferson counties would be filed under the alternate protest process by the November 21 deadline. The Board moved to authorize the chair to review and approve the remaining abstracts and there were no objections.

The Board approved a deadline of November 30, 2021, for all exempt property owners to file the annual reports with the Division. This deadline was approved for all organizations that were on the consent agenda list. The Board then reviewed those requests for filing deadline waivers that the Division highlighted for discussion, which included the following organizations:

- Campbell Chapel AME Church
- Center for Fine Art Photography
- Fellowship Benevolent Corporation
- New Life Worship Center of Fort Morgan
- American Honda Education Corp

After discussion, the Board granted all waiver requests, again adopting the filing deadline of November 30, 2021, for all five organizations in one motion. The Board unanimously adopted and approved all of the changes as proposed to the Statutory Advisory Committee for the Assessors' Reference Library.

The Board was then presented with Administrator Groff's *"Protocol for External Engagement*," drafted under the board's direction in March. She explained that in addition to direction for division employees, the document also includes links to a number of resources and codes of conduct that govern employees of the Division of Property Taxation under Department of Local Affairs, the state

statutes and the constitution. As the board had directed, she explained that the protocol had been shared with employees and was already posted on the division's website.

DIVISION OF PROPERTY TAXATION

Under the general laws of Colorado, the Property Tax Administrator directs the Division of Property Taxation. The Administrator is appointed by a majority vote of the State Board of Equalization to serve a five-year term, and until a successor is appointed and qualified.

A primary responsibility of the Division is to administer the implementation of property tax laws throughout Colorado's sixty-four counties so that valuations are fair, uniform, and defensible, thereby ensuring that each property class contributes only its fair share of the total property tax revenue. In other words, the Division's goal is equalization of valuation and proper distribution of property taxes throughout the state.

The Division is comprised of four sections: Assessment Resources, Appraisal Standards, Exempt Properties, and State Assessed Properties.

Assessment Resources

The Assessment Resources section prepares and publishes administrative manuals, procedures, and instructions. It conducts several classes and seminars regarding the administrative functions of the assessors' offices. This section performs field studies and provides statewide assistance with issues such as tax increment financing, the administration and valuation of manufactured homes, senior and veteran with a disability exemptions, classification of property, title conveyance, mapping, production of the abstract of assessment, certification of values to taxing entities, and the tax warrant. The section assists with investigation of taxpayer complaints. It is responsible for various studies and reports such as fiscal impacts for the Colorado Legislative Council, the Colorado Assessed Values Manual, and the Property Tax Administrator's ***Annual Report to the Governor and General Assembly***. It works closely with assessors and other agencies in all areas of property taxation. Assessment Resources is responsible for recommending to the property tax administrator approval or disapproval of all petitions for refund or abatement of taxes in excess of $10,000.

Appraisal Standards

The Appraisal Standards section prepares and publishes appraisal manuals, procedures, and instructions. It holds classes and seminars regarding all areas of appraisal. It conducts field studies and provides statewide assistance in agricultural land classification and valuation, natural resources, and personal property valuation, as well as assistance in the valuation of vacant land, possessory interest, residential, commercial, and industrial properties. The section assists in reappraisal efforts, reviews internal appraisal forms used by assessors, and investigates and responds to taxpayer complaints.

The section conducts four tested, qualifying education courses to enable assessment appraisers to obtain an Ad Valorem Appraisal License. These courses are: Introduction to Ad Valorem Mass Appraisal, Basic Appraisal Principles, Basic Appraisal Procedures, and Uniform Standards of Professional Appraisal Practice (USPAP). This section currently offers additional tested courses including: Vacant Land Present Worth, Advanced Income, and Agricultural Land and Rural Structures. The section also offers several non-tested courses including a continually expanding list of online distance education.

Exempt Properties

The Exemptions section, under the authority of the Property Tax Administrator, is responsible for determining the qualification for exemption from property taxation for properties that are owned and used for religious, charitable, and private school purposes. This section reviews more than eleven thousand reports filed annually by exempt property owners to determine if the property's exempt status is still warranted. The section provides assistance to counties and taxpayers with inquiries about exempt properties, helps taxpayers with petitions to the State Board of Equalization, conducts hearings on exemption applications and revocations of exemptions, and defends appeals of its final decisions.

State Assessed Properties

The State Assessed section is the only area of the Division that performs original valuation of property on an annual basis. The section values all public utilities doing business in Colorado as defined by statute, including rail transportation companies, airlines, non-renewable and renewable energy companies, telephone companies, and pipelines. The company valuations are allocated to Colorado then apportioned to the counties for collection of local property tax. Both county commissioners and public utilities may protest the value assigned to state assessed property and may appeal to the Board of Assessment Appeals (BAA) or Denver District Court if the protest is not resolved at the Division level.

2025 VALUE INFORMATION

Taxable real property classified as residential, commercial, industrial, agricultural, and vacant land, is subject to re-valuation by county assessors every odd-numbered year. Taxable property not subject to the biennial reassessment cycle is valued every year. This includes all property classified as state assessed; land and leaseholds classified as oil and gas, natural resources, and producing mines; all subclasses of personal property; and possessory interests.

For 2025, Colorado assessed values increased approximately $5.1 billion, representing a 2.8 percent increase from the prior year. The statewide increase was primarily attributable to the increases in vacant land, commercial and residential classes of property. The total taxable assessment for 2025 was $187,110,950,072.

NOTE: Unless otherwise noted, all values listed in this report are presumed to be the assessed values that were certified to all other local governments not including school districts. Total assessed values for school districts are reported in Section III, Assessed Valuation Abstract Data. A detailed breakdown of residential subclasses as certified to school districts is available in Section VI, Taxable Real and Personal Property Assessed by the Counties,

TABLE 2 displays the percent change to the total value of each property class from 2024 to 2025 as well as the percentage that class makes up of the total valuation for assessment in 2025**.**

TABLE 2

VALUE CHANGES BY PROPERTY CLASS FOR TAX YEARS 2024-2025

Class	2024-2025 Change	Class as % of Total
Vacant Land	10.19%	3.76%
Residential Local Gov	2.96%	50.20%
Commercial	5.22%	28.55%
Industrial	3.76%	3.61%
Agricultural	2.34%	0.84%
Natural Resources	-2.95%	0.19%
Producing Mines	2.92%	0.20%
Oil and Gas	-7.92%	8.06%
State Assessed	1.36%	4.60%
Net Total:	**2.80%**	**100.00%**

Residential, Commercial, Industrial, and Vacant Land

The Colorado Constitution and statutes specify that real property classified as commercial, industrial, and vacant land is valued by county assessors through consideration of the market, cost, and income approaches to value. Residential property is valued solely by the market approach. For these classes

of property, the valuation reflects changes that occurred between the assessment cycle appraisal dates, June 30 2022, and June 30, 2024.

In 2025, Colorado showed a decrease in assessed value in two classes of property: natural resources (-3.0 percent) and oil and gas (-7.9 percent). The remaining classes of property showed increases in 2025 with the largest percentage increases in vacant land and commercial. The total assessed valuation of the residential class increased 2.96 percent in 2025. According to the S&P CoreLogic Case-Shiller Home Price Indices, home prices continued their rise across the country over the last 12 months. Denver, specifically, experienced an approximate 1.51 percent year over year increase in 2025. However, the end of the data gathering period for 2025-2026 reassessment values was June 30, 2024, meaning the last six months of local data may not be available for inclusion in the analysis, § 39-1-104(10.2), C.R.S.

The commercial class experienced a modest increase of approximately 5.22 percent in assessed value. The total values of the commercial and industrial classes are stabilized somewhat by the presence of personal property. For 2025, personal property accounts for 10.31 percent of the total value of the commercial class and 40.96 percent of the total value of the industrial class. The assessor revalues personal property every year, and the values are less subject to dramatic changes than are the values of real property.

TABLE 3 provides a county-by-county comparison of assessed values for the residential, commercial, and vacant land property classes between 2024 and 2025.

TABLE 3

ASSESSED VALUE CHANGES FOR RESIDENTIAL LOCAL GOV, COMMERCIAL, AND VACANT LAND PROPERTY CLASSES BY COUNTY FOR TAX YEARS 2024-2025

Oil and Gas

The taxable value of real property associated with oil and gas wells is calculated as a percentage of the revenue obtained for the product at the wellhead during the prior year. This makes oil and gas among the most volatile of property classes because the market prices of natural gas and crude oil can change considerably from year to year.

Colorado experienced a nearly eight percent decrease in the total assessed value of the oil and gas class in 2025. Among the classes of taxable property, oil and gas contains the third highest total assessed value for 2025, following the residential and commercial property classes. The 2025 total assessed value for the oil and gas class was $15,086,277,793, which is 8.0 percent of the state's total taxable value.

TABLE 4 shows a recent history of assessed values for the oil and gas class.

TABLE 4

HISTORICAL VALUE OF OIL AND GAS CLASS

Year	Value (Billions)	% Change from Prior Year	Class as % of Total
2012	$9.7	13.6%	10.9%
2013	$8.8	-9.9%	9.9%
2014	$11.1	26.5%	12.1%
2015	$13.3	20.1%	12.7%
2016	$8.2	-38.2%	8.1%
2017	$7.5	-8.9%	6.7%
2018	$10.2	35.3%	8.8%
2019	$13.8	35.8%	10.2%
2020	$12.5	-9.5%	9.2%
2021	$8.0	-36.0%	5.6%
2022	$16.1	101.6%	10.7%
2023	$23.7	47.0%	12.3%
2024	$16.4	-30.9%	9.0%
2025	$15.1	-7.9%	8.0%

TABLE 5 shows the counties ranked in order from highest to lowest in terms of total assessed value in the oil and gas class of property. The table also gives information about the value changes in this property class by county from 2024 to 2025.

Other Production Classes

As with oil and gas, most of the value of real property classified as natural resources and producing mines is calculated as a percentage of the income obtained from selling the product. The natural resources class includes properties that produce coal, sand, and gravel. It also includes non-producing patented mining claims and severed mineral interests. All counties, except the City and County of Denver, have natural resource property, but the class comprises only 0.19 percent of the state's total assessed value.

Although similar in total value, the great majority of the producing mines value is associated with only two mines: The Henderson and Climax mines, both located in three counties. According to the USGS, molybdenum ore was produced as a primary product at only two mines; both of which are located in Colorado. They include the Henderson and Climax mines. Both mines produce high-purity, chemical-grade molybdenum concentrates.

The Climax mine is an open-pit mine and is located approximately 13 miles northeast of Leadville. It is a porphyry molybdenum deposit with molybdenite as the primary sulfide mineral. According to an article published in the Summit Daily, Climax began production in 1918. The mine initially ceased operations after WWI due to a reduction in demand. Throughout the years, mining operations have been intermittent. Most recently, the mine was restarted in May of 2012 after an eleven-year period of low production, care, and maintenance of the site.

The Henderson mine is an underground mine located in Clear Creek County on the east side of the Continental Divide. The mill site is located on the west side of the Continental Divide 15 miles from the mine in Grand County. It is the world's largest primary producer of molybdenum.

The mine has been in operation since 1976. It consists of a large block-cave underground mining complex that feeds a 32,000 metric ton-per-day concentrator that is located approximately 42 miles west of Denver. The mine and the mill are connected by the world's longest conveyor of its kind; a fifteen-mile elevated belt that passes underneath the Continental Divide carries the ore through an old train tunnel and then above ground to the ore processing mill near Parshall, where it is then treated and shipped to another plant for further processing. The Henderson molybdenum production totaled approximately 7.3 million tons in 2025, an increase of approximately 0.2 million tons over the 7.1 million tons produced in 2024.

The third county with a substantial value in the natural resources class is Teller County. According to preliminary data obtained by the U.S. Geological Survey's National Minerals Information Center, starting in 2015 Colorado has ranked 3rd in U.S. gold production behind Nevada and Alaska. The gold production coming from the Cresson Mine moved Colorado ahead of Utah in recent years in the ranking for production. This mine is Teller County's primary mine and is located between the towns of Victor and Cripple Creek.

The value of mining operations in Colorado is sensitive to changes in commodity prices, owners' business choices, and decisions rendered on property tax appeals. According to the United States Geological Survey, domestic gold mine production in 2025 was estimated to be about 173 tons, an approximately four percent decrease from the approximately 180 tons in 2024. The average price of gold increased for 2025 to $3,423.59 per troy ounce, a forty-three percent increase from $1,944 per troy ounce listed the prior year.

Agricultural Property

The value established for agricultural land is based on a 10-year average of the earning or productive capacity of the land regardless of the property's market value or its highest and best use. As a result, the actual values of agricultural property are often much lower than their market values, and they tend to be relatively stable from year to year. The assessed value of the agricultural property class increased approximately 2.34 percent. Overall, this class makes up 0.84 percent of the total assessed value of the state.

State Assessed Property

Unlike most other classes, property classified as state assessed is valued annually by the Division using unitary valuation procedures. The state assessed property class is comprised of real and personal property that is owned or leased by public utilities as defined by article 4 of title 39 of the Colorado Revised Statutes. By far the largest portion of this value is attributable to personal property. The State Assessed Section of the Division values each company and allocates a portion of the value to Colorado. That value is then apportioned to the appropriate counties based on the location of the company's operating property or business activity. The county assessor then distributes the value to the appropriate tax areas throughout the county.

Information reported in the county abstracts of assessment for this class of property indicated an increase in assessed value of approximately $115 million, or about 1.36 percent. Overall, this class makes up 4.60 percent of the total assessed value of the state.

Personal Property in 2025

In 2025, personal property accounted for 10.29 percent of Colorado's property tax base, but that percentage varied substantially from county to county. Approximately 40.80 percent of personal property is classified as state assessed while the remainder is valued at the local level. In 2025, 91.27 percent of the state assessed property value was for personal property. All taxable personal property is assessed at 27 percent of its actual value, except that for tax years 2023 and 2024, all taxable personal property is assessed at 27.9 percent, and if it is renewable energy personal property, it is assessed at 26.4 percentUnder the Colorado Constitution and statutes, certain categories of business personal property are exempt from taxation, including equipment used for agricultural purposes, inventory, and supplies held for consumption.

Prior to January 1, 2009, business personal property under common ownership with a total actual value of no more than $2,500 per county was also exempt. With subsequent legislation, the amount of actual value subject to the exemption increased according to the following schedule:

- Four thousand dollars ($4,000) or less for property tax years 2009 and 2010.
- Five thousand five hundred ($5,500) or less for property tax years 2011 and 2012.
- Seven thousand dollars ($7,000) or less for property tax years 2013 and 2014.
- Seven thousand three hundred dollars ($7,300) or less for property tax years 2015 and 2016.
- Seven thousand four hundred dollars ($7,400) or less for property tax years 2017 and 2018.
- Seven thousand seven hundred dollars ($7,700) or less for property tax years 2019 and 2020.

House Bill 21-1312 increased the personal property threshold exemption and sets up a mechanism for reimbursing taxing jurisdictions for the loss of property tax revenue due to this exemption. For the 2021 and 2022 tax years, the exemption threshold is raised from $7,900 or less to $50,000 or less in total actual value. Following the above established practice, this amount will be adjusted biennially by the Property Tax Administrator to account for inflation.

For the 2021 tax year, each assessor calculated the total value of the additional personal property exempted forming the "baseline exemption total" for a county or local governmental entity. The treasurer then calculates the tax revenues lost by each local entity.

Beginning with the 2022 tax year, assessors must calculate the adjusted total value of the additional personal property exempted by taking the baseline exemption amount adjusted by the growth factor which is the total statewide percentage change in personal property values as calculated by the Administrator. The county treasurers report to the Administrator the calculated lost revenue and the state treasurer issues a warrant to reimburse that amount by April 15.

In addition, a provision in the Colorado Constitution allows any taxing entity to "enact cumulative uniform exemptions and credits to reduce or end business personal property taxes," § 20(8)(b), art. X, COLO. CONST.

TABLE 6 lists the state assessed, locally assessed, and total taxable personal and real property by county.

TABLE 6

DISTRIBUTION OF THE VALUE OF PERSONAL PROPERTY BY COUNTY IN 2025

County	State Assessed Personal	% of Total	Locally Assessed Personal	% of Total	Total Personal Property Value	% of Total	Total Real Property Value	Total Assessed Value

RESIDENTIAL ASSESSMENT RATES AND ACTUAL VALUE ADJUSTMENTS

The General Assembly referred Senate Concurrent Resolution 20-001 to a vote of the people of Colorado, which passed as Amendment B in November of 2020. It eliminates most of the language in § 3(1)(b), article X, of the Colorado Constitution, commonly referred to as the Gallagher amendment. Eliminating this language eliminated Colorado's variable residential assessment rate which was to be adjusted every two years to stabilize the contribution amount of assessed value from residential properties as compared to all other property lasses.

The language that established 29% as the assessment rate for most other classes of property was also removed from the constitution. Consequently, all assessment rates are now established solely through statute.

The statutory language that directed the Property Tax Administrator to conduct a study biennially to determine the residential assessment rate in conformance with the Gallagher amendment was removed by Senate Bill 20-223. Though technically not binding on future legislatures, that legislation also placed a moratorium on changing the statutorily established assessment rates in place at the time of Amendment B's passage. The moratorium was subsequently repealed with Senate Bill 21-293, which established a classification and future assessment rate for "multi-family residential real property," Agricultural property and renewable energy property. It also established a separate assessment rate for lodging property, which was contingent upon the passage of Proposition 120 on the November 2021 ballot. That proposition failed; consequently, lodging property continues to have a 29% assessment rate.

The assessment rate for residential real property for the tax year commencing January 1, 2021 was 7.15%. All other types of property assessment rates remain unchanged for the 2021 tax year. For tax year 2022, residential property classified as multi-family had a new temporary assessment rate of 6.80% and all other residential property was assessed temporarily at 6.95%. Updated legislation for tax year 2023 temporarily changed the residential assessment rate to 6.7% for *all* types of residential property.

For tax year 2023 and 2024, not only were different assessment rates used for residential properties, but property owners across the state also received a prescribed adjustment after the establishment of the actual value (actual value reduction) and before the application of any assessment rate. Senate Bill 23B-001 made assessment rate reductions and expanded the actual value reduction for residential properties. For property tax years 2023 and 2024, residential property was assessed at 6.7% after an adjustment to lower the actual value by $55,000. If the adjustment reduced the total assessed value below $1,000, then the adjustment was reduced so that the assessed value did not fall below $1,000. Senate Bill 22-238 established that for property tax years 2023 and 2024, commercial improved property was assessed at 27.9% after an adjustment of $30,000 was applied to the actual value. If the adjustment reduced the total assessed value below $1,000, then the adjustment was reduced so that the assessed value did not fall below $1,000.

Beginning with the 2025 property tax year, Senate Bill 24-233, created two assessed values for each residential property; one that is used for mill levies assessed by school districts, and one that is used for all other local government entities. House Bill 24B-1001 directed the State Board to set those assessment rates based on the statewide actual value growth between 2024 and 2025. The Board certified the growth was 4.27%. With the growth being less than or equal to 5%, for the purpose of a levy imposed by a school district, 7.05% of the actual value is used, and for the purpose of a levy imposed by a local government entity that is not a school district, 6.25% The bill also set the valuation for assessment for agricultural property, renewable energy production, and all other classes to 27%

TABLE 7 illustrates the statewide actual values and distribution of residential values since 1983. The percentage of actual value attributable to residential property has increased dramatically starting at 53.20 percent in 1983 and increasing to 82.00 percent in 2025.

TABLE 7

COLORADO ACTUAL VALUES 1983-2025

PROTESTS, APPEALS, AND ABATEMENTS

Protests and Appeals

Colorado statutes mandate a process that allows taxpayers the opportunity to challenge the actual value established for their property. The process begins with the taxpayer's protest to the assessor. Upon receiving a protest, the assessor reviews the issues raised, and either adjusts or maintains the actual value for the property. Taxpayers who disagree with the assessor's decision can appeal to the county board of equalization. Taxpayers who disagree with the county board's decision have three choices for further appeal. They can appeal to the State Board of Assessment Appeals, district court, or binding arbitration. Decisions of the BAA and district court can be appealed to the Colorado Court of Appeals and ultimately to the Colorado Supreme Court. Decisions of an arbitrator are final.

Taxpayers can protest and appeal in either year of the reassessment cycle, the first year or odd-numbered year or the intervening year or even-numbered year. However, the number of protests and appeals are typically higher during the first year of the reassessment cycle.

The number of protests and appeals vary greatly from county to county. In 2025, Larimer County received the greatest number of protests to the assessor with 11,927 while Rio Blanco and Kiowa Counties received none. For many counties, the protest process places a significant strain on the resources of the assessor's office.

NOTE: Protest and appeal information is only collected in years of revaluation.

TABLE 8 lists the protests and county board of equalization appeals for each county during the first year of the last three reassessment cycles, organized according to the county officer pay categories established in § 30-2-102, C.R.S. For the purpose of this table, the Cities and Counties of Denver and Broomfield are placed in category one.

TABLE 9 provides a statewide statistical summary of protests and appeals.

Abatements

An abatement of tax is a cancellation or reduction of tax owed by the taxpayer. Abatements may be granted after the tax roll has been printed for an "erroneous valuation for assessment, irregularity in levying, clerical error, or overvaluation," § 39-10-114(1)(a)(I)(A), C.R.S. Abatement petitions may be approved only if they are filed within two years after January 1 of the year following the year in which the taxes were levied. Because abatement petitions are filed on taxes already levied, the abated or refunded taxes constitute lost revenue to the affected local governments. However, local governments are able to recover the amounts of abated taxes through an increase in mill levies under § 39-10-114(1)(a)(I)(B), C.R.S., and case law.

TABLE 10 displays the taxes abated and written off for tax years 2023, 2024, and 2025.

Information reported by county treasurers for years 2023, 2024, and 2025.

SENIOR CITIZEN AND VETERAN WITH A DISABILITY EXEMPTIONS

In 2000, voters enacted section 3.5, article X of the Colorado Constitution, creating a property tax exemption for qualifying senior citizens and their surviving spouses. Voters expanded the program in 2006 to include qualifying veterans with a disability. Effective 2015, legislation expanded the veteran with a disability exemption to include the surviving spouse of a prequalified veteran with a disability. As of January 1, 2023, a surviving "Gold Star" spouse of a United States armed forces service member who died in the line of duty and received a death gratuity is also available for the property tax exemption. For both groups, the exemptions as enacted reduce the first $200,000 of taxable actual value of a residential property by 50 percent, up to a maximum reduction of $100,000. The reduction in property tax revenue to local governments is reimbursed by the state treasurer.

The Colorado Constitution grants the Colorado General Assembly the authority to raise or lower the maximum amount of actual value of residential real property of which fifty percent shall be exempt for the senior citizen and veteran with a disability exemptions. For tax years 2003, 2004, 2005, 2009, 2010, and 2011, the General Assembly enacted legislation to reduce the amount of the senior citizen exemption to 50 percent of $0, effectively suspending the senior citizen exemption benefit. The veteran with a disability exemption benefit was not suspended for property tax years 2009, 2010, or 2011.

To qualify for the senior citizen exemption, a senior must be at least 65 years old on January 1 of the year in which he or she applies, must have owned, and occupied the property for at least 10 consecutive years as his or her primary residence. To qualify for the veteran with a disability exemption, a veteran must have sustained a service-connected disability that has been rated by the U.S. Department of Veterans Affairs as 100 percent permanent disability through disability retirement benefits pursuant to a law or regulation administered by the Department, the U.S. Department of Homeland Security, or the Department of the Army, Navy, or Air Force. The veteran must have also owned and occupied the property since January 1 of the year the application is filed.

Applications for the senior citizen exemption are filed with the county assessor no later than July 15, and applications for the veteran with a disability exemption are filed with the Colorado Division of Veterans Affairs, Department of Military, and Veterans Affairs (DMVA), no later than July 1. If approved by the DMVA, the veteran's application is forwarded to the county assessor for further processing and approval. The application for the surviving spouse of the prequalified veteran with a disability is filed with the county assessor where the previously qualified property is located, no later than July 1. Once approved, the senior citizen or veteran with a disability, or surviving spouse of the previously qualified veteran with a disability exemption remains in effect from year to year until a change in ownership or occupancy triggers its removal. Each year, the treasurer and the assessor are required to mail a notice to all residential property owners explaining the exemption programs.

No later than September 10, the assessor is required to send the Division of Property Taxation an electronic list of the exemptions granted, including the names and social security numbers of each person occupying the property. The Division uses the data to identify individuals who were granted an exemption on more than one property in the state and denies the exemptions on each property. In 2025, the Division denied exemptions on 84 of these properties and an additional 334 were denied for applicants who no longer resided at the property. In 2025, 304,141 properties were approved for the senior citizen exemption, and 19,461 properties received the veteran with a disability exemption. Since 2016, the Division has cross-referenced the applicants for an exemption with the state's vital statistics registrar to determine if individuals who applied were deceased. In 2025, the Division revoked 8,713 exemptions after determining the applicant passed away in a previous year.

The senior citizen and veteran with a disability exemption programs do not result in a loss of revenue to local governments. Instead, the state reimburses the local governments for the tax revenue exempted. No later than April 1, county treasurers send the state treasurer an itemized list of the exemptions granted and taxes exempted. No later than April 15, the state treasurer reimburses the local governments for the lost revenue. In April of 2026, the state treasurer reimbursed local

governments $172,985,247.41 for senior citizen property tax exemptions granted and $11,912,573.11 for veteran with a disability exemptions granted for tax year 2025.

TABLE 11 shows the total number of exemptions granted for both programs as well as the amount of tax reimbursed by the state treasurer over the past decade.

TABLE 11

TOTAL NUMBERS OF EXEMPTIONS GRANTED AND TAXES EXEMPTED FOR SENIOR CITIZENS AND VETERANS WITH A DISABILITY IN PAST DECADE

Year	Senior Citizen Exemptions Granted	Taxes Exempted for Senior Citizens	Veterans with a Disability Exemptions Granted	Taxes Exempted for Veterans with a Disability

POSSESSORY INTERESTS

In 2001, the Colorado Supreme Court ruled that certain possessory interests are subject to ad valorem taxation in Colorado. A possessory interest is defined as a private property interest in government-owned property, or the right to the occupancy and use of any benefit in government-owned property that has been granted under lease, permit, license, concession, contract, or other agreement. The use of the property must be in connection with a business conducted for profit.

Taxable possessory interests may include but are not limited to the following:

- Private concessionaires utilizing government owned land, improvements, or personal property unless operating pursuant to a management contract
- Government land and improvements used in the operation of a farm or ranch
- Government land, improvements, and/or personal property used in the operation of ski or recreational areas
- Land underlying privately owned cabins or other residential property located on government land that is rented commercially
- Recreational use of lakes, reservoirs, and rivers in a revenue-generating capacity
- Land, improvements, and personal property at a tax-exempt airport
- Other government property leased to private parties. However, the property may be otherwise exempt pursuant to Colorado Revised Statutes

2025 PROPERTY TAX LEGISLATION

Please visit http://leg.colorado.gov/bills for more information on the bill and to access bill text.

LIST OF BILLS:

- HB25-1040 Adding Nuclear Energy as a Clean Energy Resource
- HB25-1080 Measures to Incentivize Wireless Telephone Infrastructure
- HB25-1219 Requirements for Better Understanding Metropolitan Districts
- HB25-1289 Metropolitan District Leases & Property Tax Exemptions
- HB25-1324 Clarify Property Tax Objection & Protest Deadlines
- SB25-035 Limitation of Actions Against Appraisers
- SB25-259 Eliminate Destroyed Property Tax Reimbursement Program
- SB25-261 Property Tax Deferral Program Administration
- HB25-1296/SB25-026 Modified 39-1-104.2

HOUSE BILL SUMMARIES

HB25-1040
Adding Nuclear Energy as a Clean Energy Resource

This bill expands the definition of “clean energy” to include certain nuclear energy projects and adds nuclear energy to the definition of a “clean energy resource.” For property tax purposes only however, “clean energy resource” does not include nuclear energy property.

Signed by Governor Jared Polis: March 31, 2025
Effective Date: August 6, 2025

Effective Property Tax Year: 2025

HB25-1080
Wireless Telephone Infrastructure Deployment Incentives

This bill allows counties, special districts, and school districts to offer property-tax incentive payments, or credits to a taxpayer that establishes or expands a qualified communication service facility, if the facility serves an unserved or underserved area. An incentive payment or credit may not exceed the amount of taxes levied upon the taxable real or personal property located at, or within, the qualified communication services facility for the current property tax year. Counties and special districts may adjust their mill levy by an additional amount that does not exceed the total amount of annual incentive payments or credits made pursuant to this Act.

Signed by Governor Jared Polis: May 30, 2025
Effective Date: August 6, 2025

Effective Property Tax Year: 2025

HB25-1219
Requirements for Better Understanding Metropolitan Districts

This bill requires metropolitan districts to provide more detailed information in their service plan as well as on their website.

District meeting notification requirements have been updated, including a requirement that districts mail or email all property owners according to the assessor’s ownership records.

Sellers of property are now required to provide buyers with a written disclosure that actions by the metropolitan district may increase costs to residents of the district.

Signed by Governor Jared Polis: May 29, 2025
Effective Date: August 6, 2025

Effective Property Tax Year: 2025

HB25-1289
Metropolitan District Leases & Property Tax Exemptions

Current law grants a property tax exemption to real property that is leased or rented by a metropolitan district or government entity, pursuant to § 39-3-124(1)(b)(1)(A), C.R.S., and requires that the entity claiming property tax exemption to file a copy of the lease with the county assessor's office.

This bill expands filing requirements for the metropolitan district to include a statement of use of the leased property and outlines what must be included in this statement. It also adds a requirement that the county assessor's office contact the metropolitan district's governing body within a set timeline should the statement include any disclosed conflict of interest. Finally, the governing body must issue a written decision in response to the assessor's office notification within a set timeline. If the governing body determines that the leased property is not used for public purpose, the leased property is not exempt from taxation and the county assessor shall implement the governing body's decision, which is not subject to appeal.

This bill also clarifies that if a leasehold interest owned by a private person has been leased to a metropolitan district, and is then leased back to a private person, that leasehold interest is taxable to the owner.

Signed by Governor Jared Polis: June 3, 2025
Effective Date: August 6, 2025

Effective Property Tax Year: 2025

HB25-1324
Clarify Property Tax Objection & Protest Deadlines

This bill provides statutory clean-up language to include counties that are required to use the alternate protest and appeal procedure. It also corrects the assessor real property appeal hearing conclusion date to from June 1 to June 8 to comport with § 39-5-122(1)(a), C.R.S. The statutes with the clean-up language are; §§ 39-5-122, 39-5-123, 39-8-104, 39-8-105, 39-8-106, and 39-8-107, C.R.S.

There are no new requirements for county assessors in this bill.

Signed by Governor Jared Polis: June 4, 2025
Effective Date: Upon signature

Effective Property Tax Year: 2025

SENATE BILL SUMMARIES

SB25-035
Limitation of Actions Against Appraisers

Current law provides that the statute of limitations to bring claims against an appraiser does not start until the discovery of an alleged defect.

This bill establishes a five-year statute of limitations for initiating legal action against an appraiser measured from the date the appraisal report is completed and transmitted to a client, with exceptions for consumers who are original parties to the transaction, and for mortgage originators who are required to repurchase loans due to appraisal defects.

Additionally, the statute of limitations for claims involving fraud and intentional misrepresentation, outlined in § 13-80-101, C.R.S., and discriminatory housing practices, outlined in Article 34 of Title 24, C.R.S., remain unchanged by this bill and must be brought within the time frames specified in accordance with those statutes.

This bill does not directly affect the assessor's office staff and is provided for informational purposes.

Signed by Governor Jared Polis: May 31, 2025
Effective Date: August 6, 2025

SB25-259
Eliminate Destroyed Property Tax Reimbursement Program

Beginning January 1, 2025, property destroyed by natural causes is no longer subject to a reimbursement from the state and eliminates the need for assessors to submit destroyed-property reports to county treasurers

Signed by Governor Jared Polis: April 25, 2025
Effective Date: April 25, 2025

Effective Property Tax Year: 2025

SB25-261
Property Tax Deferral Program Administration

In 2022, the Property Tax Deferral Program was expanded to allow applicants other than senior citizens and active duty members of the military to apply for and receive a property tax deferral. Additionally, the administration of the program was changed from county treasury offices to the state treasury office.

SB25-261 reverts these changes beginning in 2025. Under this bill, the program is again only available for senior citizens and active duty members of the military beginning July 1, 2025. Additionally, the administration of the program reverts back to the county treasury offices in 2025.

Signed by Governor Jared Polis: June 4, 2025
Effective Date: July 1, 2025

Effective Property Tax Year: 2025

HB25-1296/SB25-026
Modified 39-1-104.2

This amendment corrects an error in § 39-1-104.2(3)(s)(I), C.R.S, part of the qualified-senior primary classification statutes. It removes the requirement that a TABOR surplus must exist in order for the qualified-senior primary residence classification to receive the actual value reduction of 50% of the first $200,000, with a minimum of $1,000 assessed value.

This amendment was included on two different bills to ensure passage of this correction.

Since HB25-1296 has the safety clause and SB25-026 has the petition clause, the bill will go into effect once HB25-1296 is signed or, if it is vetoed, then August 6th, assuming that SB25-026 is not vetoed.

Signed by Governor Jared Polis: May 16, 2025
Effective Date: May 16, 2025

Effective Property Tax Year: 2025

Section VI

Taxable Real and Personal Property Assessed by the Counties

The listing of values reflect the Abstracts of Assessment for each county in the state. Under § 39-5-123(1), C.R.S., the abstracts are filed with the Property Tax Administrator annually on August 25. Additionally, counties may make an election pursuant to § 39-5-122.7, C.R.S., in which case the abstracts are filed no later than November 21.

All values reflected are assessed values.

NOTE: The assessed values for residential properties are shown for both school districts and for all other local governments.

This page intentionally left blank.

Section X

Certification of Levies and Revenues by County

The assessed values reflect those values existing in the counties on the date the levies are certified to the county commissioners, December 15, 2024. See: §§ 39-1-111(1), 39-1-111(5), and 39-5-125, C.R.S.

FOOTNOTES:

(A) Excess levy approved by Division of Local Government
(B) Excess levy revenue voted at special election

NOTE: Special Assessments on the tax roll are no longer shown.

SCHOOL DISTRICT CODING:

School districts entirely within a county:
Designated by the last position number of "0" or "5".

Multi-county school districts:
Designated by the last position numbers of "1" through "4". The administrative offices of the school district are located in the county designated by the code number "1". The adjoining counties are listed by code numbers "2" through "4", assigned to the counties alphabetically.

Questions regarding School District levies should be referred to the Department of Education, Office of Management Services.

(1) Average will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuation.

(3) Special District Revenues are divided by the sum of Special District Assessed Valuation.

* These figures include tax increment valuation and all tax revenues attributable to the increment are allocated to the increment
