

Welcome!

The **Colorado Department of Agriculture** is pleased to present the **23rd** edition of the *Colorado Farm Fresh Directory*, your complete guide to farmers' markets and roadside stands in the state. It is our pleasure to help you locate fresh, locally-grown fruits and vegetables, along with other farm products.

This year's *Farm Fresh Directory* lists more than 100 farms and features 83 farmers' markets across Colorado. These farms and farmers' markets feature the highest-quality, Colorado-grown produce. Inside you will also find information about county fairs, agricultural festivals, extension offices as well as a crop calendar.

The directory also features **agritourism** information such as corn mazes, wineries, and farm/ranch vacations. Our goal is to encourage residents and visitors to experience Colorado agriculture. We hope you find this directory helpful and use it throughout the year.

In addition to the numerous farms and farmers' markets listed in this directory, the Colorado Department of Agriculture would like to acknowledge the following organizations for their generous support of *Farm Fresh*:

The Alliance Marketing Group, Berry Patch Farms, Colorado Apple Administrative Committee, Colorado Fresh Markets, Colorado Milk Marketing Board, Colorado Wine Industry Development Board, Delta County Tourism, Metro Denver Farmers' Market, Historic Downtown Littleton Farmers' Market, Miller Farms and Royal Crest Dairy.

Colorado State University Cooperative Extension for contribution of information and assistance in publicizing and distributing this directory.

Colorado's many libraries, welcome centers, chambers of commerce and private businesses who helped get this directory into your hands.

Cover photograph by Linda Roper.

Using This Directory

Farm Fresh listings are organized by five major regions of the state: Denver Metro Area, Northeast, Southeast, Southwest and Northwest. Within each region, markets are listed alphabetically by county.

Farmers' markets are identified with a special icon , and there is also a separate listing of farmers' markets at the center of the book (35).

Farms that are currently certified as organic are marked with this icon . Wineries and tasting rooms are marked with  icon, and farms and ranches with a  icon offer agricultural tours. Suppliers of two highly-requested seasonal items, pumpkins  and Christmas trees , are marked with special icons. There is also a special section featuring Colorado wineries starting on page 56.

Every effort has been made to locate farms and farmers' markets that sell direct to the public. If you know of an outlet that we have missed, please contact:

Colorado Farm Fresh
Colorado Department of Agriculture
Markets Division

Cultura! Youth Project of Growing Gardens

3198 Broadway

Boulder

(303) 413-7248 (call first)

E-mail: growinggardens@hotmail.com

Web site: www.growinggardens.org

Cultura! was started in 1999. The program teaches diverse teens sustainable agriculture, leadership, entrepreneurial and life skills. The Cultura! youth (ages 11-18) work daily to cultivate a one acre organic garden. Their produce is donated weekly to those in need. The youth sell a portion of their produce at the Boulder Farmers' Market to learn business skills. Youth design, coordinate and participate in community service projects. The teenagers also take initiative with the operation and planning of the program and grow to become stewards of the environment and leaders in their community.

Greenhouse: beets, carrots, cucumbers, garlic, green beans, herbs, leeks, onions, radishes, spinach, tomatoes, turnips, zucchini, fresh local comb honey.

TELLER COUNTY

Woodland Park Farmers' Market 
 (719) 687-9053 or (719) 689-3133

Colorado Apple Tarts

Chef Bob Holloway

Makes 4 Tarts

- 2** **Small apples, Gala or Braeburn**
- ½ cup** **Water**
- ½ cup** **Sugar**
- 2 tbsp.** **Fresh lemon juice**
- 2 tbsp.** **Unsalted butter**
- 1 sheet** **Frozen puff pastry, thawed**

Peel, core and cut apples in half. Cut apple into very thin slices (about 1/16") and place in a bowl. Combine water, sugar, lemon juice and butter in a saucepan and bring to a boil, stirring until sugar is dissolved. Pour liquid over apples and mix until heat of the syrup has slightly cooked the apples. Drain liquid back into saucepan by placing into a colander over the pan and reduce liquid over medium-high heat until reduced to 1/3 cup. Cover and keep warm. Preheat oven to 425° with rack in middle of oven. On a lightly floured surface, roll out pastry sheet, using a floured rolling pin, until sheet is 12½" long. Using a small plate as a guide, cut out four 6" rounds. Place rounds on lightly buttered baking sheet and top with overlapping apple slices. Bake for approximately 25 minutes or until golden brown. Brush on warm syrup and enjoy.

Enjoy with a Colorado wine, such as a glass of Apple Blossom from The Winery at Holy Cross Abbey, located in Canon City, Colorado.

What is COLORADO PROUD?

According to a recent survey, nearly 92% of Coloradans would buy more Colorado grown and produced products if they were available and identified as being from Colorado.

The Colorado Department of Agriculture developed COLORADO PROUD in 1999. It is a FREE marketing program designed to help consumers, restaurants and retailers identify and purchase Colorado food and agricultural products.

The bright distinctive COLORADO PROUD logo series will help residents of our state, other states and other countries easily identify high-quality Colorado foods.

What are the benefits?

- FREE artwork for use on packaging and in advertising
- FREE monthly newsletter
- FREE link from our web site to yours
- Advertising opportunities such as television, radio, billboards and bus ads
- Invitations to participate in a variety of marketing opportunities
- Restaurants will also receive:
 - FREE listing in our Colorado Proud Restaurant Guide
 - FREE menu decals
 - FREE "Proudly Serving Colorado Cuisine" window decal

Who may use the logos?

The **COLORADO PROUD** logo may be used to promote any food or agricultural item that has been grown, raised or processed in Colorado. Non-food items must be at least 50 percent agricultural origin by weight, and that agricultural base must have been grown, raised or processed in Colorado. Fresh produce and herbs must be grown in Colorado in order to use the logo.

The **COLORADO ORGANIC** logo may be used to help market Colorado agricultural products that have been certified by a federally accredited organic certification program.

The **COLORADO CUISINE** logo may be used by restaurants that feature Colorado products on their menus.

To use the logos, companies must submit a license agreement verifying their eligibility and agreeing to comply with the Logo Use Guidelines. There is NO COST to participate in the program. Logo slicks and digital art are provided at no cost to the company; promotional items are available at the cost of production.

Retailers and restaurants are encouraged to use these logos to promote Colorado products to their customers. The logos may only be used to promote Colorado products, as described above.

For more information visit www.coloradoproud.org

Fire Roasted Sweet Corn and Black Bean Salsa

Chef Bob Holloway

- 2 ears fresh corn, husked
- 1 tomato, cored, seeded, chopped
- 1 cup drained canned black beans
- 1/2 small red onion chopped
- 1/2 bunch fresh cilantro, leaves hopped
- 1/2 fresh lime, juiced
- 2 jalapeno chillies, seeded and minced
- 1/4 tsp. ground cumin

Prepare barbecue (medium high heat). Grill corn until just tender and brown in spots, turning frequently, about 10 minutes. Cut corn from cob. Transfer corn kernels to medium bowl. Add tomato, black beans, onion, cilantro, lime juice, jalapeno and ground cumin and stir to blend.

Top fish, chicken, beef, pork, or use as a side dish.

Tips for Picking Colorado Produce

Know what to look for when selecting fresh Colorado produce!

Apples

Choose apples that are firm to the touch, without bruises, with good color and a pleasant smell. Avoid fruit with bruises or broken skin. Apples are sodium free, fat free and a good source of fiber.

Cantaloupe

Ripe cantaloupe will have a distinctive aroma and the blossom end should yield to gentle pressure. Cantaloupes that were kept on the vine until fully ripe will have a clean depression where the stem was attached. Avoid cantaloupes that are shriveled, bruised or that have punctured or cracked rinds. Cantaloupe are very low in sodium, fat free and are high in Vitamins A and C.

Carrots

Carrots should be vibrant orange and well shaped with firm, smooth exteriors. Avoid soft or wilted carrots or those with growth cracks or splits. Carrots are low in sodium, fat free, high in the antioxidant Vitamin A and a good source of the antioxidant Vitamin C.

Cherries

Look for cherries that are plump with firm, smooth and brightly colored skins. Good quality cherries should have green stems attached. Avoid cherries with blemishes, rotted or mushy skins, or those that are shriveled and dull. Cherries are low in fat, sodium free, a good source of fiber and a good source of the antioxidant Vitamin C.

Leaf Lettuce

Leaf lettuce should be crisp and well colored. Avoid leaf lettuce with yellow leaves or with leaves showing cracked ribs. Lettuce is fat free, very low in sodium and high in the antioxidant Vitamin A.

Onions

Good quality dry onions should be firm and hard with short, tight necks and dry papery skins. Slightly loose outer skin is common and should not affect quality. Avoid onions that show mold, decay, or blemishes. Onions are fat free, very low in sodium, a good source of fiber and high in the antioxidant Vitamin C.

Potatoes

All potato varieties should be uniformly sized, fairly clean, firm and smooth. Avoid potatoes with wrinkled skins, soft dark spots, cut surfaces or green appearance. Potatoes are fat free, sodium free, a good source of fiber, high in potassium and high in the antioxidant Vitamin C. Look for a variety of Colorado potatoes including Yukon Gold, Russet, Fingerling and Purple.

Sweet Corn

Sweet corn should have fresh green husks with silk ends that are free of decay or worms. Ears should be evenly covered with plump, consistently sized kernels. Avoid corn with discolored or dry-looking husks, stem ends, or kernels. Sweet corn is sodium free, low fat, a good source of fiber and a good source of the antioxidant Vitamin C.

Tomatoes

Tomatoes should have bright, shiny skins and firm flesh. Avoid tomatoes that are soft or mushy, lacking in color, or have blemishes or growth cracks. Tomatoes are low fat, very low in sodium, a good source of potassium and high in antioxidants Vitamins A and C.

Watermelon

Choose a symmetrical watermelon that is heavy for its size. Watermelons are fat free, very low in sodium and high in the antioxidants Vitamins A and C.
