

30th Anniversary 2014 Colorado Farm Fresh

Your guide to
farmers markets,
roadside stands,
u-picks, wineries
& agritourism
activities!

Welcome!

The Colorado Farm Fresh Directory is celebrating its **30th** anniversary! The **Colorado Department of Agriculture** is pleased to present your complete guide to farmers' markets and roadside stands in the state. It is our pleasure to help you locate fresh, locally-grown fruits and vegetables, along with other farm and ranch products.

To celebrate this special anniversary, we asked artists from across Colorado to submit artwork for the cover. The front cover was designed by Nanci Avery of Windsor, Colo. Nanci's family moved to Colorado when she was six years old. She loves drawing and painting nature and is thankful to live in a place where there is so much diversity to capture in her artwork. Nanci has been a graphic designer for more than 20 years, and she loves using her skills and creativity to solve communication challenges. Congratulations Nanci, and thanks for showcasing Colorado agriculture in your artwork!

This year's anniversary edition lists more than **200** farms, roadside stands, Community Supported Agriculture (CSA) programs and u-picks and features nearly **100** farmers' markets across Colorado. Inside you will find information about county fairs, agricultural festivals, extension offices as well as a crop calendar. The directory also features **agritourism** information such as corn mazes, wineries, and farm/ranch vacations. Our goal is to encourage residents and visitors to experience Colorado agriculture. We hope you find this directory helpful and use it throughout the year.

What's New? There are more than **30** new listings this year, so be sure to find them by looking for the "New" icon. We've also included restaurants this year. In addition, there is a mobile app available so you can have Farm Fresh at your fingertips year-round. Download the free app at www.coloradoagriculture.com.

In addition to the numerous farms and farmers' markets listed in this directory, the Colorado Department of Agriculture would like to acknowledge the following organizations for their generous support of **Farm Fresh**:

Rock Creek Farm (the presenting sponsor), Colorado Creative Industries, Colorado Farmers' Market Association, Colorado Fresh Markets, Colorado Fruit & Vegetable Growers Association, Colorado MarketMaker, Colorado State Fair, Colorado Tourism Office, Colorado Wine Industry Development Board, Delta County Tourism, History Colorado, Longmont Dairy Farm, Metro Denver Farmers' Market, Miller Farms and Royal Crest Dairy.

Colorado State University Extension for contribution of information and assistance in publicizing and distributing this directory.

Colorado's many libraries, welcome centers, chambers of commerce and private businesses including Royal Crest Dairy and Longmont Dairy Farm who helped get this directory into your hands.

Using this Directory

Farm Fresh listings are organized by five major regions of the state: Denver Metro, Northeast, Southeast, Southwest and Northwest. Within each region, farms and markets are listed alphabetically by county.

Farmers' markets are identified with a special icon , and there is also a separate listing of farmers' markets at the center of the book (48-49).

Farms that are currently certified organic are marked with this  icon.

New listings are marked with  icon. Wineries and tasting rooms are marked with  icon, and farms and ranches with a  icon offer agricultural tours. Suppliers of two highly-requested seasonal items, pumpkins  and Christmas trees , are also marked with special icons.

Also new this year, restaurants are identified with  icon.

Every effort has been made to locate farms, ranches and farmers' markets that sell direct to the public. If you know of an outlet that we have missed, please contact:

Daytime Maze, Activities and Pumpkins

Late September - October 31

Open daily, weather permitting. Please check website for hours, delays or closures due to inclement weather.

The large "Crazed Cornfield Maze" is a 20+ acre cornfield maze that will have you twisting and turning in tall corn! Come and test your directional skills with our checkpoint game. This is a terrific fall outdoor event and is appropriate for all ages. The "Mini Maze" is built just for kids and is a small mini cornfield. Your kids will love the game inside too!

Pick out your very own pumpkin! We have hundreds to choose from in all shapes and sizes! We typically have a variety of specialty items: Cinderella Pumpkins, White Pumpkins, Cotton Candy Pumpkins, fall squash, pie pumpkins, mini pumpkins, large and small Indian corn, small gourds, bird house & swan gourds. We also sell hay bales and large corn stalks too! *Stock and variety of items are dependent season-to-season and crop inventory.

Special site activities:

In October, weekends only, we'll have pony rides, petting zoo, air slide and jumping castle. Some other activities that you might find at our location are camel rides and carriage rides. Follow us on Facebook, "Crazed Cornfield Maze" for up-to-date information.

Night Attractions:

Haunted Field of Screams

Dead Man's Night Maze

NEW Zombie Paint Ball Massacre

The largest haunted attraction in Colorado, with more than 35 acres of haunted cornfield, and 3 frightful haunts! So what is your worst nightmare? Zombies? Clowns? Chainsaw wielding madmen? The walking dead? Escaped insane asylum patients? It won't matter because all of your worst fears will be realized! Whether you walk through the Haunted Field of Screams, find your way out of the Dead Man's Night Maze or shoot Zombies on a hayride, we've got something for everyone! For admission and pricing visit the web site (all prices subject to change). This is not recommended for children as this is an adult attraction.

Grass-fed beef. Family owned and operated, B Bar S Ranch has been providing grass-fed beef to consumers since 1985. Our beef is raised nature's way: the animals spend their entire lives grazing mountain or prairie pastures (plus some hay in winter), without supplemental hormones, without antibiotics, without steroids. They never see a feedlot, so the beef is low in fat. Order a quarter, half or whole carcass. You instruct the butcher how you want your beef cut, what you want ground, size of roasts, package size, etc. Excellent jerky and a variety of sausages are available upon request.

With over 100 years of Colorado fruit growing experience, our fourth generation family farm offers certified organic fruits and fruit products at farmers' markets, at our farm, direct to buyer groups, as fruit shares to other CSA farms and at select retail stores, coops and restaurants. We grow mouth watering organic peaches, pears, apples, cherries, plums and heirloom tomatoes. We make our own fruit into enticing jams, fruit butters, apple sauces, dried fruit and fruit leathers, and cider. Look for us on Saturdays at the Boulder Farmers' Market, Longmont Farmers' Market, Old Town Fort Collins Farmers' Market, Denver Cherry Creek Fresh Market and Golden Farmers' Market. On Sundays find us in Denver at the Old South Pearl St. Farmers' Market, City Park Esplanade (East High School) Farm Market, and Stapleton Farm Market. We sell wholesale to farm stands, stores and restaurants in the Denver/Boulder to Fort Collins area and the I-70 corridor west to Grand Junction. Visit our web site for more information or to order gift packs of any our products online.

Milk Home Delivery. Longmont Dairy Farm offers home delivery of milk and other products to customers along the Front Range. Our milk comes from our own cows that receive the best care and quality feed, with no supplemental rBST growth hormones. We bottle the milk at our own local dairy to control the quality of the entire process, and deliver fresh and nutritious milk to you. Our customers say that milk in glass bottles tastes like old-fashioned milk. And, because we pick up the empty bottles, right from your doorstep, and recycle them for new deliveries, you'll never have to throw away empty containers again. Give us a call to try us out. CSA farm. Fresh organic vegetables, cooperative farm-centered community, and sustainability of local agriculture are the basic principles behind Stonebridge Farm, a 10-acre community-supported agricultural (CSA) farm located two miles east of Lyons, Colorado on Hwy. 66. Established in 1992 as the first CSA in Boulder County, Stonebridge offers seasonal memberships of organic produce, herbs, and flowers for pick up every Saturday from the second week of May to the end of October.

Stonebridge is a share-the-harvest farm, meaning the weekly share of produce is determined by dividing what the garden yields equally among members rather than on the market value of the produce. The subscription rate for a 2014 season share is \$480. More information and videos about the farm can be found at www.stonebridgefarmcsa.com. If local produce, grown by people you know, using methods you can see, on land shared by a community of friends appeals to you, contact John Martin at jmartin@greenspeedisp.net or (303) 832-0975 for more information or to subscribe for the season. As one of the finest downtown Boulder restaurants, Thyme on the Creek at the Millennium Harvest House offers a refined dining experience. The food and the service are exceptional, yet the atmosphere is never in danger of seeming overly-formal; families are always welcome at this Boulder restaurant. The seasonal menu draws on the best produce from Colorado's natural larder, including local fish and meat. The dining room is cheery and spacious, while outdoor seating is where diners can congregate during the summer months. From the heated terrace, there are breathtaking views of the Rocky Mountains to take in. The fare is varied, ranging from simple dishes to sumptuous offerings created by the Executive Chef using local and organic products. Seating for large parties is available with reservations.

June - December

With over 100 years of Colorado fruit growing experience, our fourth generation family farm offers certified organic fruits and fruit products at farmers' markets, at our farm, direct to buyer groups, as fruit shares to other CSA farms and at select retail stores, coops and restaurants. We grow mouth watering organic peaches, pears, apples, cherries, plums and heirloom tomatoes. We make our own fruit into enticing jams, fruit butters, apple sauces, dried fruit and fruit leathers, and cider. Look for us on Saturdays at the Boulder Farmers' Market, Longmont Farmers' Market, Old Town Fort Collins Farmers' Market, Denver Cherry Creek Fresh Market and Golden Farmers' Market. On Sundays find us in Denver at the Old South Pearl St. Farmers' Market, City Park Esplanade (East High School) Farm Market, and Stapleton Farm Market. We sell wholesale to farm stands, stores and restaurants

in the Denver/Boulder to Fort Collins area and the I-70 corridor west to Grand Junction. Visit our web site for more information or to order gift packs of any our products online.

Bring the kids out on Halloween day or night and we will be giving out candy and treats to anyone dressed up in a Halloween costume.

Voted #1 for fun. We are Northern Colorado's best place for family fun during the day and Fort Collins' oldest and scariest haunted corn maze at night. We boast a large 15 acre corn maze with scavenger hunts and prizes. Come out and enjoy our large pumpkin patch where families can experience the farm life of selecting their very own carving jack-o-lanterns.

Day time activities for all ages include: 15 acre corn maze, large pumpkin patch, acres to pick from, scavenger hunts with prizes, pedal cars, inflatable jumping air attractions, air obstacle courses, miniature horses and petting zoo, pumpkin and corn chuckers, large playground, concessions, snacks, covered sitting/picnic and eating area, restrooms, easy and clean parking areas, winter squash and seasonal decorations available and other fun activities.

At dusk the corn maze transforms into Fort Collins', oldest and scariest haunted corn maze. Get lost while being stalked, spooked and scared by our professional staff of haunters as you wander over 15 acres of fear and fright. Special effects in the maze after dark! Be Afraid-Be Very Very Afraid!!!
Voted Fort Collins' scariest corn maze 12 years running.

We are located on the east side of Fort Collins off the Prospect exit (#268) and I-25.

Directions: I-25 North to Fort Collins, exit Prospect Rd. (Exit # 268), east 1/2 mile to County Road 5 (first stop sign). Go South approximately 1/2 mile and look for signs on east side of the road. Visit our web site at www.northerncoloradocornmaze.com for coupons and more information.

U-pick rhubarb in season, gift shop, handicap access, motor coach/bus access. Special Events: September 27-Pioneer Living Day, June 14-Vintage Baseball Game. Step into history and explore how settlers lived 100 years ago. Located on 10 acres of the family's original homestead site just north of Fort Collins. The museum is dedicated to the preservation and sharing of the Bee family's agricultural heritage. Artifacts, photographs, letters, and farm information from the family's collection and exhibited in eight of the farm's historic buildings. The history of irrigation, the sugar beet industry, and lamb feeding all come to life at the farm. The hands-on children's activities and farm animals will enrich your family's experience at the farm museum. Immerse yourself in simpler times and have fun while learning the history of northern Colorado agriculture. This is an experience for the whole family as you stroll the grounds and discover farm life past and present.

June - December

With over 100 years of Colorado fruit growing experience, our fourth generation family farm offers certified organic fruits and fruit products at farmers' markets, at our farm, direct to buyer groups, as fruit shares to other CSA farms and at select retail stores, coops and restaurants. We grow mouth watering organic peaches, pears, apples, cherries, plums and heirloom tomatoes. We make our own fruit into enticing jams, fruit butters, apple sauces, dried fruit and fruit leathers, and cider. Look for us on Saturdays at the Boulder Farmers' Market, Longmont Farmers' Market, Old Town Fort Collins Farmers' Market, Denver Cherry Creek Fresh Market and Golden Farmers' Market. On Sundays find us in Denver at the Old South Pearl St. Farmers' Market, City Park Esplanade (East High School) Farm Market, and Stapleton Farm Market. We sell wholesale to farm stands, stores and restaurants in the Denver/Boulder to Fort Collins area and the I-70 corridor west to Grand Junction. Visit our web site for more information or to order gift packs of any our products online.

Tips for Picking Colorado Produce

Know what to look for when selecting fresh Colorado produce!

Apples. Choose apples that are firm to the touch, without bruises, with good color and a pleasant smell. Avoid fruit with bruises or broken skin. Apples are sodium free, fat free and a good source of fiber.

Cantaloupe. Ripe cantaloupe will have a distinctive aroma and the blossom end should yield to gentle pressure. Cantaloupes that were kept on the vine until fully ripe will have a clean depression where the stem was attached. Avoid cantaloupes that are shriveled, bruised or that have punctured or cracked rinds. Cantaloupe are very low in sodium, fat free and are high in Vitamins A and C.

Carrots. Carrots should be vibrant orange and well shaped with firm, smooth exteriors. Avoid soft or wilted carrots or those with growth cracks or splits. Carrots are low in sodium, fat free, high in the antioxidant Vitamin A and a good source of the antioxidant Vitamin C.

Cherries. Look for cherries that are plump with firm, smooth and brightly colored skins. Good quality cherries should have green stems attached. Avoid cherries with blemishes, rotted or mushy skins, or those that are shriveled and dull. Cherries are low in fat, sodium free, a good source of fiber and a good source of the antioxidant Vitamin C.

Leaf Lettuce. Leaf lettuce should be crisp and well colored. Avoid leaf lettuce with yellow leaves or with leaves showing cracked ribs. Lettuce is fat free, very low in sodium and high in the antioxidant Vitamin A.

Onions. Good quality dry onions should be firm and hard with short, tight necks and dry papery skins. Slightly loose outer skin is common and should not affect quality. Avoid onions that show mold, decay, or blemishes. Onions are fat free, very low in sodium, a good source of fiber and high in the antioxidant Vitamin C.

Peaches. Peaches should be picked when the background color (not the red side toward the sun, but the backside of the fruit) has changed from green to white or yellow. If the peaches are to be eaten quickly, the best possible peach is one that has already started to soften on the tree, however, if they are to be stored then they should still be firm, but with the light background color.

Potatoes. All potato varieties should be uniformly sized, fairly clean, firm and smooth. Avoid potatoes with wrinkled skins, soft dark spots, cut surfaces or green appearance. Potatoes are fat free, sodium free, a good source of fiber, high in potassium and high in the antioxidant Vitamin C.

Sweet Corn. Sweet corn should have fresh green husks with silk ends that are free of decay or worms. Ears should be evenly covered with plump, consistently sized kernels. Avoid corn with discolored or dry-looking husks, stem ends, or kernels. Sweet corn is sodium free, low fat, a good source of fiber and a good source of the antioxidant Vitamin C.

Tomatoes. Tomatoes should have bright, shiny skins and firm flesh. Avoid tomatoes that are soft or mushy, lacking in color, or have blemishes or growth cracks. Tomatoes are low fat, very low in sodium, a good source of potassium and high in antioxidants Vitamins A and C.

Watermelon. Choose a symmetrical watermelon that is heavy for its size. Watermelons are fat free, very low in sodium and high in the antioxidants Vitamins A and C.

GrassRoots Meats is located in southwestern Colorado, at the base of Wolf Creek Pass in Pagosa Springs. It is owned by Allan and Lois Higgins, residents of the area since 1976. GrassRoots Meats provides all natural, grass-finished beef and lamb, as well as free-range organic chicken, raised without added hormones or antibiotics. It is satisfying to know that our animals live their lives on lush green grasses, moving freely and soaking up the sunshine. At GrassRoots Meats we work hard to produce the healthiest and highest quality meat at prices that any family can afford. Our meat is processed by a local USDA packer and marketed directly to the public, both locally and via the internet, as well as to area stores, restaurants and our local farmers' market. We like to think of the folks who support us with their meat orders not as "customers" but as "partners." We hope you will give our meat a try -and get back to your grassroots!

With over 100 years of Colorado fruit growing experience, our fourth generation family farm offers certified organic fruits and fruit products at farmers' markets, at our farm, direct to buyer groups, as fruit shares to other CSA farms and at select retail stores, coops and restaurants. We grow mouth watering organic peaches, pears, apples, cherries, plums and heirloom tomatoes. We make our own fruit into enticing jams, fruit butters, apple sauces, dried fruit and fruit leathers, and cider. Look for us on Saturdays at the Boulder Farmers' Market, Longmont Farmers' Market, Old Town Fort Collins Farmers' Market, Denver Cherry Creek Fresh Market and Golden Farmers' Market. On Sundays find us in Denver at the Old South Pearl St. Farmers' Market, City Park Esplanade (East High School) Farm Market, and Stapleton Farm Market. We sell wholesale to farm stands, stores and restaurants in the Denver/Boulder to Fort Collins area and the I-70 corridor west to Grand Junction. Visit our web site for more information or to order gift packs of any our products online.

Earth-friendly and organic since 1974. USDA Certified Organic. "Mr. Organic" is soon retiring and welcomes interest in developing a farm-based ecovillage at White Buffalo Farm. Alternatively, he looks forward to transferring knowledge to a farm family who would like to buy and run the farm. Wayne the Farmer grows varieties of apricots, cherries, peaches, pears, plums, Asian pears and apples. He also grows tomatoes, squash, greens, herbs and more. No other farm offers White Buffalo Farm's unique mix of years of organic farming practices, orchard diversity, iconic history, plentiful water, upper valley remoteness, adjacent wildlands and frost-protecting river winds! We deliver harvest shares weekly through our CSA program serving the Western Slope year-round. We partner with farmers' markets and food co-ops to distribute the freshest possible produce. We offer scheduled farm tours, workshops in organics, bio-regional cuisine and natural building. White Buffalo is a story book place with exceptionally pure water and air in a wildland setting along the North Fork of the Gunnison River.

START FRESH & STAY SAFE

Food Safety Tips for Farmers' Markets

Explore Colorado farmers' markets to discover the best of local foods and produce harvested at peak quality. Here are some practical tips from CSU Extension for keeping food from the market fresh and safe.

At the Market

- ▲ Foods that need to be refrigerated at home, such as cheese and eggs, should be kept at refrigerated temperatures at the market. Purchase from vendors who follow safe food handling practices. If samples are provided, make sure they are offered in a clean and sanitary manner.
- ▲ Eggs should be sold in clean cartons with the producer's name and contact information. If processed foods are purchased (such as salsa, honey, or baked goods) check to see that they are labeled with the producer's name and contact information.
- ▲ Ask the vendor for specific handling instructions for the fresh produce and food products you buy.

On the Way Home

- ▲ Make the market your last stop. Don't leave food in the car while you run errands. Bacteria can grow rapidly at higher temperatures, causing a decrease in quality and safety.
- ▲ If you live a distance from the market, bring along a cooler with ice or cold packs to transport perishable items such as ready-to-eat foods, dairy, or meat products.

At Home

- ▲ Refrigerate or freeze perishable foods immediately.
- ▲ Wash your hands well with soap and water before preparing fruits and vegetables. Clean countertops, cutting boards, and utensils with hot soapy water before peeling or cutting produce.
- ▲ Bacteria from the outside of raw produce can be transferred to the inside when it is being cut or peeled. **Always wash fresh fruits and vegetables before use.**
 - ▲ Scrub tough produce (melons, potatoes, and carrots) with a clean vegetable brush under cool running water.
 - ▲ Keep melon rinds and fruit peels away from edible portions of fruit.
 - ▲ Rinse leafy vegetables under plain cold water, leaf by leaf.
- ▲ Keep raw and processed foods separate to prevent cross contamination.

Reusable Shopping Bags

Cloth or canvas shopping bags are great for taking to farmers' markets to carry fresh corn, melons, apples, potatoes and other food items. Wash bags regularly to reduce the risk of contamination with microorganisms that cause foodborne illness.

Storing Food at Home

- ▲ Market produce is harvested at peak quality, enjoy it soon after purchase.
- ▲ Most whole fruits and vegetables store best in the refrigerator at 32°F to 40°F.
- ▲ Cut produce should be kept refrigerated and used within two days.

Preservation: Canning, Freezing, or Drying Food at Home

Preservation can allow you to enjoy market produce in the off season. To ensure safety, follow USDA food preservation guidelines **with needed adjustments for altitude**. Fact sheets with this information are available through your county Extension Office or online at the Colorado State University Extension website <http://www.ext.colostate.edu> or the CSU Extension Farm to Table website <http://farmtotable.colostate.edu/>.

What is Organic Certification?

Organic certification means that an independent third party has verified that the requirements of organic production and handling have been met. Under the National Organic Program (NOP), all products sold as organic in the United States must be certified by an NOP accredited certification agency.

What is the National Organic Program?

The National Organic Program oversees the United States Department of Agriculture's standard to which all products intended to be sold in the United States as "organic" must be produced.

Who has to be Certified?

Except for businesses indicated as exempt or excluded from certification under the National Organic Program Rules (205.101), all producers and handlers of organic food must be certified.

Exemptions:

- Businesses that sell less than \$5,000 of organic products annually.
- Retail food stores.
- Processors whose products contain less than 70% organic ingredients.
- Processors who limit their organic claims to the information panel.

Exclusions:

- Handlers that handle only packaged products.
- Retailers with in-store bakeries, delis, salad bars or ready to eat food.

Who do I contact to find out more about organic certification?

8 Great Reasons to Buy Local!

1. Enjoy Seasonal Diversity

Experience seasonal and regional favorites such as Palisade Peaches, Rocky Ford Melons and Olathe Sweet Corn!

2. From the Field to Your Fridge

Instead of traveling an average of 1500 miles from the farm to your plate, local produce is harvested and delivered immediately. Spending less time in transport means fresh products that retain more of their nutritional value.

3. Savor the Flavor

Since local products don't need to travel far, produce is allowed to ripen on the trees and in the fields ensuring the best flavor.

4. Support the Local Economy

Buying local maintains jobs, sustains family farms and ranches, and contributes to the state economy.

5. Learn About Your Food

Local farmers and ranchers are right here in your backyard! They are readily available to answer questions about their fresh products.

6. Preserve Our Heritage

The beauty of farms and ranches enriches the Colorado landscape and supports the state's western heritage.

7. Invest in the Future

Buying local preserves the strength and character of communities for generations to come.

8. Preserve Open Space and Wildlife Habitat

Buying local is better for the environment because it helps keep farms and ranches profitable, thereby maintaining open space and wildlife habitat.

Marketing Your Livestock as Processed Meat

In Colorado, there are two types of meat processing facilities. It is important to choose the right type of facility for the manner you wish to market your animal.

United States Department of Agriculture Official Establishment This type of establishment operates under a grant of continuous inspection by the USDA. Meat products produced under inspection can be sold to individuals, restaurants, retail stores, and can be marketed over the internet. The meat products produced in this manner will bear the USDA mark of inspection and will be properly labeled. Keep in mind that these plants may also custom kill animals outside of inspection, so be sure to discuss with the plant operator that you wish to have your animal slaughtered and processed under inspection. For more information regarding the USDA's inspection activities, contact the Food Safety Inspection Service at **(303) 236-9800**.

Custom Processing Facilities This type of plant must operate in a sanitary manner, and is subject to risk based inspection by the Colorado Department of Agriculture. Custom Exempt plants may only process meat animals for the owner of the animal, and all products produced in this plant must be labeled not for sale. These products may only be consumed by the animal owner or his non-paying guests. If you wish to market your livestock utilizing a custom exempt plant, the animal must be sold while live, and you should provide the plant operator with the name and address of the person(s) purchasing the animal when it is delivered to the plant. For more information regarding custom exempt plants, contact the Colorado Department of Agriculture's Meat Inspection Program at **(303) 867-9208**.

Better for you. Better for Colorado.
