

# 2006 Colorado Meat Directory

Published by  
**The Colorado Department of Agriculture**  
**Markets Division**  
700 Kipling Street, Suite 4000  
Lakewood, CO 80215-8000  
(303) 239-4114  
[www.coloradoagriculture.com](http://www.coloradoagriculture.com)

The Colorado Meat Directory is provided as a service to meat producers and buyers. A listing in this directory does not constitute an endorsement by the Colorado Department of Agriculture.

Listings are organized by five major regions of the state: Denver Metro Area, Northeast, Southeast, Southwest and Northwest. Within each region, operations are listed alphabetically by county.

To locate a specific meat product, please see the cross-referencing index in the back of this booklet.

Operations that are currently certified as organic are marked with  .

Every effort has been made to include all Colorado meat producers who direct market their meat. If you are not listed and would like to be included in the next edition, please contact the Markets Division.

*Printed 11/06*

## How to Read The Listings

**Products available** (year-round or seasonally), **dates available, days available, hours**

**How to purchase products** (delivery available, farmers' markets, on-farm sales, online, shipping available, by telephone, other)

**Directions**

**Additional information**

## **Marketing Your Livestock as Processed Meat**

In Colorado, there are two types of meat processing facilities. It is important to choose the right type of facility for the manner you wish to market your animal.

### **United States Department of Agriculture Official Establishment**

This type of establishment operates under a grant of continuous inspection by the USDA. Meat products *produced under inspection* can be sold to individuals, restaurants, retail stores, and can be marketed over the internet. The meat products produced in this manner will bear the USDA mark of inspection and will be properly labeled. Keep in mind that these plants may also custom kill animals outside of inspection, so be sure to discuss with the plant operator that you wish to have your animal slaughtered and processed under inspection. For more information regarding the USDA's inspection activities, contact the Food Safety Inspection Service at (303) 236-9800.

### **Custom Processing Facilities**

This type of plant must operate in a sanitary manner, and is subject to risk based inspection by the Colorado Department of Agriculture. Custom Exempt plants may only process meat animals for the owner of the animal, and all products produced in this plant must be labeled not for sale. These products may only be consumed by the animal owner or his non-paying guests. If you wish to market your livestock utilizing a custom exempt plant, the animal must be sold while live, and you should provide the plant operator with the name and address of the person(s) purchasing the animal when it is delivered to the plant. For more information regarding custom exempt plants, contact the Colorado Department of Agriculture's Meat Inspection Program at (303) 477-0054.

## Colorado Regions

## DENVER METRO AREA

### Adams County

#### **Kaczar's R & H Ranch**

6775 Yulle Road, Bennett, CO 80102  
[kathk@earthlink.net](mailto:kathk@earthlink.net)

Year-round, Monday-Friday, 9 a.m.-5 p.m., please call  
Delivery available, farmers' markets (Cherry Creek, Castle Rock), on-farm sales (call first), order online, shipping available, by telephone  
Exit I-25 at County Line Road (Exit 163), 15 miles east to Cherry Creek Road. Farm is on the west side about 1 1/4 miles.

*We do not feed our lambs animal by-products, only natural Colorado grass hay and lots of vegetable scraps from our certified organic vegetable farm. No growth hormones or unnecessary antibiotics. Cherry Creek Farm raises purebred Icelandic sheep, the oldest sheep breed on the planet. The more Lanolin a sheep has the stronger the taste of the meat. Icelandics are very low in Lanolin, thus the flavor is very mild and rated as 5 star gourmet. Our sheep are only fed grass hay thus they are very low fat. Lots of fresh air, Rocky Mountain spring water, and certified organic vegetables make for a very healthy flock.*

**MTH Farm**

**Deborah M. Terry**

1382 Flintwood Road, Franktown, CO 80116  
[mthsheep@msn.com](mailto:mthsheep@msn.com)

(303) 688-3266

Minimum amount sold: quarter

Live animals available for processing

USDA-Inspected

Year-round, daily, 9 a.m. - 6 p.m., call for directions

On-farm sales (call first), by telephone

*Our Highland cattle are raised on grass and grain finished. Our cattle never receive steroids, antibiotic feed additives, growth hormones, or animal by-products. Our animals are slaughtered at approximately 2 years and are dry-aged for a minimum of 28 days. Chemicals/water are never added to the meat. Highland cattle are hardy, thrifty, slow growing and long lived. They are extremely maternal, intelligent and gentle. Slow growth means more flavor in the meat. Highland beef is unsurpassed for flavor and tenderness. Flavorful, tender beef like your grandma remembers.*

### **Buffalo Groves Inc.**

Marlene Groves

33300 Ridge Road, Kiowa, CO 80117

(303) 621-1111

[buffalo@buffalogroves.com](mailto:buffalo@buffalogroves.com)

Beef  
Frozen, whole, half, quarter  
Live animals available for processing  
State-Inspected

September - April, Monday-Saturday, 8 a.m.-6 p.m.  
Delivery available, by telephone  
From Haxtun: north 4 miles on Highway 59, 1/4 mile west on County Road 38, 1 mile north on County Road 3.

*What we consider natural is that we do not use implants. We keep medical records on our calves. If we have to treat any animals with antibiotics, they are not sold to the public. We have people call us to order what beef they want, then they pick up their meat at the Haxtun Locker Plant, which is where we take our calves to be processed. We have been selling butcher beef since 1982. Our beef is corn-fed. We strive to finish our beef high select to choice. We encourage people to call as soon as they think they might need beef, so we can put them on our order list. We go on a first-to-call basis for our scheduling.*

## **Weld County**

### **Crazy Horse Bison Ranch**

Conrad or Cheri Preston

34501 WCR 93, Briggsdale, CO 80611

(970) 396-6746 or (720) 289-0826

## Huerfano County

### **Salazar Ranches**

Fernando Salazar

521 County Road 561, Gardner, CO 81040

(719) 746-2228

Beef, elk, lamb

Live animals available for processing

Year-round

On-farm sales (call first)

From I-25, take Route 69 from (Walsenburg N) Exit 52 to the west and travel 26 miles to Gardner. Make sharp left at gas station, a quick sharp right, then slow left at sign. Go over the bridge toward Redwing. Immediately make quick sharp left (u turn) onto Sheep Mountain County Road 561 and go 4 1/2 miles. Directly after 2nd cattle guard, take 1st right. (If you see the hay fields to the right, you have gone too far.) Follow road down until you see the house.

*Salazar Ranches began in 1875. Traditions are honored. No chemicals are used in the production of hay. Cattle are only immunized after birth. Salazar Ranches is an authentic old time ranch extending from Sheep Mountain to Mosco Pass with cattle and sheep for butchering, lambs for pets, and wildlife for hunting and fishing. Basic lodging is available. High altitude mixed cattle are highly valued for their vitality. Available sheep are the bred-for-taste Black Welch Mountain, Columbia, and Rambouillet breeds.*

## Las Animas County

### **Goodnight Loving Beef**

Scott Gyurman

500 E. Hwy. 96, Haswell, CO 81045

Beef  
Frozen, whole, half, retail packages  
Live animals available for processing  
USDA and State-Inspected

Year-round  
Order by phone or mail

*Since 1972 we've raised great tasting beef in Plateau Valley. In doing so, we realize what we do makes not only good tasting meat but also the clean, natural, and lean beef that many people desire. At the Reverse K Bar Ranch clean and natural means no hormones, no antibiotics, no pesticides, no herbicides. The animals are raised at our home ranch at 6,000 feet on grass pasture in the summer, irrigated with water from the Grand Mesa, and fed hay in the winter. No grains are ever fed. That makes for lean, full flavored meat without the residues of chemicals used on most feed grains and the fat that grains produce.*

## **Moffat County**
