2025 Colorado Hay Directory

The Colorado Hay Directory is provided as a service to hay producers and buyers. A listing in this directory does not constitute an endorsement by the [Colorado Department of Agriculture](#).

Every effort has been made to include all producers who direct-market their hay. If you are not listed and would like to be included in the next edition, please complete and return the form in the back of this book or contact the [Markets Division](#).

The 2025 Colorado Hay Directory is brought to you by:

Rafter H Co. is a cattle feed brokerage business. I find buyers for hay producers or find feed for ranchers, feedlots, and dairies. I was raised in agriculture, educated in agriculture, and for 35 years worked in feedlot management. Have served my agricultural friends as a broker for about 18 years.

Improved

- Yield
- Curing Time
- Quality

Dyna-Cure™ improves the quality and manageability of hay forages, leading to better leaf retention and more weight in the bale.

Dyna-Sile™ is an advanced silage additive to promote quality production of alfalfa, grass, corn, and high-moisture grain silages.
