Introduction

Office institutional research (IR) will produce two reports (census and end of term) every semester (including Summer). The data for the report will be extracted Banner/Operation Data Warehouse (ODS) at different times.

- Census report: - the data freeze will be done 2 days after the census date (15 week census date for Spring and Fall and 8 week census date for Summer). The report will be generated 3 business days after the data freeze.
- End of term report: - the data freeze will be done 2 days after the end of the term. The report will be generated 3 business days after the data freeze.

Read the notes for each table to understand the context of the report and know the data extraction time.

Data items were selected based on the frequency of report requests from different constituents and some best practices. If you have additional data requests or questions please contact the IR office directly.

Thank you.

Student Enrollment

Head Count

The number of students enrolled for credit into a countable class with each student counted only once during the reporting period. The count excludes all students enrolled into non-countable class and students who enrolled for non-credit—these are NCTI students, students who are auditing a class and students who dropped late for administrative reasons.

Non Countable Class

The number of students enrolled into a non-countable class with each student counted only once during the reporting period. Majority of these students are NCTI students.

Full Time Equivalent (FTE)

Full-time Equivalent is a way to measure a student's academic enrollment activity. FTE is calculated as all countable credit hours divided by 30 credits. FTE of 1.0 means that the student is equivalent to full-time enrollment (30 credits completed in academic year). The FTE for high school students is the sum of up all countable credit hours of all high school students (concurrent enrollment, ASCENT and self-pay high school students) divided by 30 credits.

Student Enrollment Status

Student Time Status

A full time student is enrolled for 12 or more semester credits and students enrolled less than 12 credit hours are classified as part-time. The percentage calculation is based on Spring 2017 number.

Student Type

End of term enrolled student's status for the academic period. The Registrar's Office calculates the student types few times during an academic period. Therefore, the number below might change based on the time student type calculation is done and data freeze is taken. The percentage calculation is based on Spring 2017 number.

Concurrent Enrollment (CE)

Head Count

The number of high school students concurrently enrolled for credit into a countable class with each student counted only once into one of the concurrent enrollment (CE) category listed below during the reporting period.

- ASCENT: - 5th year high school students taking courses at ACC campuses.
- Early College: - a secondary school that provides students opportunity to take college classes and earn a degree or postsecondary credentials.
- Enrollment at high school: - concurrent enrollment at high school site.
- High School enrolment @ ACC Littleton Campus: - High School students (grade 9 – 12) taking courses at ACC Littleton campus.
- Self-pay@ ACC Littleton campus: - High school students taking college courses at ACC Littleton campus.
- Self-pay @ ACC other campuses:- High school students taking college courses at all other ACC campuses (Parker, Castle Rock, online and etc)

Enrolled Student Demographics

Gender

Gender data is taken from the student self-reported information on admission application. For IPEDS reporting, we must assign unknown gender to male or female and we do so based on the student Social security number (SSN) , if the SSN is odd then the student is female otherwise it is male and if the student has no SSN then we apply the same rule to the student ID number(S#).

Age Group

Enrolled student's age group based on the student's age at the time of admission. Mean Age is the age obtained by computing the arithmetic average of all the ACC students' ages. Median Age is the 50th percentile, obtained by creating a list of the ages of all the students in numerical order.

Ethnicity/Race

Ethnicity is a self-reported data field on the admission application. In 2010 the federal government issued new guidelines on how to collect and report race and ethnicity which is often referred to as the IPEDS Ethnicities. The number below is calculated based on the IPEDS ethnicities guideline. The percentage is calculated based on Spring 2017 number.

Residency

There are several types of residencies and residency exceptions. The calculation below represents the student residency, not tuition residency. The WUE residency (Western Undergraduates Exchange) program offers a reduced tuition for a student if the student is a resident of one of the participating states (Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, Wyoming, and the Commonwealth of the Northern Mariana Islands) and the student doesn't intend to create a domicile in Colorado.
