Introduction

The Office of Institutional Research (IR) at Arapahoe Community College will produce a single Data Book (report) each semester, including the Summer term. The data for these reports will be extracted from our student information system (Banner/Operation Data Warehouse (ODS)) approximately 2 days after the end of the term and reports will be published as soon as possible thereafter.

Read the notes for each table to understand the context of the report and know the data extraction time. Data items were selected based on best practices, as well as the frequency of report requests from different constituents. Additional data requests or questions may be directed to the IR office.

Thank you.

Countable Student Enrollment

Total Countable Headcount

Countable Headcount is the number of unique students enrolled for credit into a countable class during the reporting period (unduplicated count). Students enrolled solely into non-countable class and students enrolled solely for non-credit are excluded; these are mostly NCTI* students, students who are auditing a class, and students who dropped late for administrative reasons.

Headcount by Student Type

Each academic term, enrolled students are assigned a Student Type by the Registrar's Office based on several factors, including the student's current status as a high school student, prior attendance at ACC, and prior attendance at other post-secondary institutions. Student Type is calculated multiple times during an academic period; therefore, a student's status might change after a data freeze is completed. The table below displays the unduplicated count of registered students in each Student Type category.

Countable Headcount by Student Type	Fall 2014	Fall 2015	Fall 2016	Fall 2017	Fall 2018
Continuing Student	4542	4100	3693	3602	3454

* ACC's partnership with NCTI allows broadband cable industry employees to earn a career-related degree or certificate(s) at ACC; however, the courses are designated for NCTI affiliates and are not considered 'countable', for reporting purposes.

Total Full-Time Equivalency (FTE)

Full-time Equivalency or 'FTE' is a measure of students' academic enrollment activity and is calculated by dividing all countable credit hours by 30 credits. An FTE of 1.0 is equivalent to a student enrolled full-time (30 credits completed in an academic year). This type of FTE is sometimes referred to as 'Annualized FTE' or 'AFTE'; for the purposes of this report, all FTE is calculated using this method.

FTE by Campus

'FTE by Campus' reflects the total number of credit hours generated at a particular ACC campus (then divided by 30 credits to create Annualized FTE). Littleton Campus includes courses taken at the Art & Design Center, as well as certain other course types (clinical & practicum courses which may not take place on campus). High School Campuses include courses facilitated at a high school or early college campus; credits generated by high school students at one of ACC's physical or online campuses are not included in High School Campus FTE.

Demographics

Age Group

Registered students' age group based on their age at the time of admission. Mean Age is obtained by computing the average of all ages for ACC students' registered for the term. Median Age is the 50th percentile, or the "middle", and is obtained by creating a list of registered (for the term) students' ages in numerical order. Percentage calculation is based on most recent term data. Age data may differ from the reported headcount for the same term, due to report timing, previous overlapping of age categories, and unreported date of birth.

Ethnicity/Race

Ethnicity is a self-reported data field on the admission application. In 2010, the Federal Government issued new guidelines on how to collect and report race and ethnicity; these guidelines are often referred to as 'IPEDS Ethnicities'. The table below reflects the unique count of students in each IPEDS Ethnicity category.

Registered Students by IPEDS Ethnicity	Fall 2014	Fall 2015	Fall 2016	Fall 2017	Fall 2018	Fall 2018 Percentage

Gender

Gender is a self-reported data field on the admission application. IPEDS reporting requires gender to be reported as either male or female so, for reporting purposes only, students not self-declared as female or male are designated 'female' if their Social Security Number (SSN) ends in an odd number, and 'male', when it ends in an even number. The same rule is applied to the Student ID, if the student has no SSN on file.

- **Resident** - Students who have provided valid documentation of residence in Colorado.
- **ASSET** - Colorado state law allowing eligible, undocumented students to receive in-state tuition at Colorado public higher education institutions.
- **WUE** - The Western Undergraduate Exchange (WUE) program may allow for a reduction in tuition for students who are residents of one of the participating western states (AK, AZ, CA, CO, HI, ID, MT, NV, NM, ND, OR, SD, UT, WA, WY, and the Commonwealth of the Northern Mariana Islands) and who do not intend to create domicile in Colorado or take online courses.

Instruction Method Distribution

Instruction method distribution describes how students take their courses and is calculated using students' billed credit hours for a specific term. "Online 100%", "Traditional 100%", and "Hybrid 100%" students are those who are taking all of their courses in one of the 3 aforementioned formats. "Online and In-Person" students are registered for at least one online class as well as a traditional, hybrid, and/or self-paced class. "Other Combination" students are registered in any combination of the three non-online methods of instruction (traditional, self-paced, and/or hybrid) or in self-paced only courses.

Non-Returning ACC Graduates – Post-Secondary Institutions Attended

Based on data collected from the National Student Clearinghouse, the following table displays the top 5 post-secondary institutions attended by former ACC students in the Fall term immediately following their completion of a degree or certificate at ACC. The counts shown are duplicated, meaning a student who attended multiple schools will be counted multiple times within the table. *Data in this table reflect only individuals who were registered as non-High School/ CE students at ACC during the Fall 2017 semester, completed a degree/ certificate at ACC, and did not return to ACC in Fall 2018.

CE Students - Demographics

CE Students - Ethnicity/Race

In 2010, the Federal Government issued new guidelines on how to collect and report race and ethnicity, which is often is referred us as the 'IPEDS Ethnicities'. The table below was calculated based on this guideline, using self-reported data from students' admission application.

CE Students by Ethnicity	Fall 2014	Fall 2015	Fall 2016	Fall 2017	Fall 2018	Fall 2018 Percentage
American Indian or Alaskan Native	8	7	14	12	10	0.2%

CE Students - Gender

Gender data is taken from the student self-reported information on admission application. IPEDS reporting requires unknown and non-reported gender to be reported as either male or female; this is done based on the student Social Security Number (SSN). For reporting purposes, students with an SSN ending in an odd number are designated 'female', otherwise, they are designated 'male'. The same rule is applied to the Student ID (S#), if the student has no SSN on file.

CE Students by Gender	Fall 2014	Fall 2015	Fall 2016	Fall 2017	Fall 2018	Fall 2018 Percentage
Female	1152	1318	1602	1879	2132	50.9%

CE Students – Registration Details

CE Students - Time Status

A full-time student is enrolled for 12 or more semester credit hours and students enrolled in less than 12 credits are classified as part-time. The table below displays the count of registered students in each category, including the breakdown of semester credits enrolled. Percentage calculation is based on most recent term data.

CE Students – CE Attribute/Type

Concurrent Enrollment or "CE" students are high school (HS) students who are concurrently enrolled for credit into a countable class at ACC; students *may* be counted in multiple CE categories, defined below, but no more than once per category for the reporting period.

- ASCENT: HS students who delay their HS graduation date to continue taking college courses at ACC.
- CE Douglas County Early Colleges: HS students taking college courses at a HS site who must complete a post-secondary degree/certificate or 60 college credits by their HS graduation date.
- Douglas County Early Colleges 5th Yr.: HS students taking college courses at a HS site who have delayed their HS graduation date in order to complete a post-secondary degree/certificate or 60 college credits.
- Enrollment at High Schools: HS students taking courses at a HS site.
- HS Enrollment@ ACC-Littleton: HS students (grades 9–12) taking courses at ACC-Littleton campus.
- Self-Pay@ ACC-Littleton: HS students paying out-of-pocket for courses at ACC-Littleton campus.
- Self-Pay@ ACC-Other Campuses: HS students paying out-of-pocket for courses at all other ACC campuses (Parker, Castle Rock, online, etc.)

Students may have multiple degree plans (simultaneously) while attending ACC; to avoid duplicate counts, only the program indicated as students' primary program is used to calculate the degree plan. The table below displays the unduplicated count of registered students by degree plan.

CE Students – High School Graduate Retention

CE Students – Post-High School Graduation Status

The high school (HS) graduation date on file is used to determine if a CE student has graduated from HS. For the purposes of calculating the total number of HS graduates for this report, if no graduation date is listed for a student, s/he is considered to have graduated if: 1. The student is at least 17 years old at the end of the Spring term and 2. The student did not return to ACC as a HS student in the subsequent Fall term. This section of the Data Book is only updated for the Fall end-of-term reports; results for most recent Fall terms will be copied to subsequent Spring and Summer Data Books.

- **'Returning' HS graduates:** CE Students who re-enroll at ACC as a non-HS student in the Fall semester immediately following their HS graduation.
- **'Retained' HS graduates:** Includes returning HS graduates and CE Students who earned an ACC degree or certificate but did not re-enroll in the Fall semester immediately following their HS graduation.

CE Students - Returning High School Graduate Demographics

The percentage of returning High School (HS) graduates is calculated by dividing by the number of HS graduates belonging to a specific race, gender, etc. who re-enrolled in the subsequent Fall term by the total number of Spring HS graduates in the same category.
