Introduction

The Office of Institutional Research (IR) at Arapahoe Community College will produce a single Data Book (report) each semester, including the Summer term. Data for these reports will be extracted from our student information system (Banner/Operation Data Warehouse (ODS)) after the end of each term and reports will be published as soon as possible thereafter. Beginning with the Fall 2018 term, IR will no longer publish Census reports; however, the data will be captured and maintained by the IR Office. Please contact the IR Office directly to request Census data.

Read the notes for each table to understand the context of the report and know the data extraction time. Data items were selected based on best practices, as well as the frequency of report requests from different constituents. Additional data requests or questions may be directed to the IR office.

Thank you.

All Countable Student Enrollment Data

Total Countable Headcount

Countable Headcount is the number of unique students enrolled for credit in a countable class during the reporting period. Students enrolled solely in non-countable classes and students enrolled solely for non-credit are excluded; these are mostly NCTI* students, students who are auditing a class, and students who dropped late for administrative reasons. Unless explicitly stated, all Headcount reported in the Data Book refers to Countable Headcount numbers.

Headcount by Student Type

Each academic term, enrolled students are assigned a Student Type by the Registrar's Office based on several factors, including the student's current status as a high school student, prior attendance at ACC, and prior attendance at other post-secondary institutions. Student Type is calculated multiple times during an academic term; therefore, a student's status may change after a data freeze is completed. The table below displays the unduplicated count of registered students in each Student Type category.

Countable Headcount by Student Type	Fall 2017	Fall 2018	Fall 2019	Fall 2020	Fall 2021

Total Countable Student Headcount	9583	9942	10941	11125	11970

* ACC's partnership with NCTI allows broadband cable industry employees to earn a career-related degree/certificate(s) at ACC, but courses designated for NCTI affiliates are not considered countable for reporting purposes.

Total Full-Time Equivalency (FTE)

Full-time Equivalency (FTE) is a measure of students' academic enrollment activity and is calculated by dividing countable credit hours by 30 credits. An FTE of 1.0 is equivalent to enrollment in 30 credits per Academic Year ('Annualized FTE' or 'AFTE'); for the purposes of this report, all FTE is calculated using this method.

FTE by Campus

'FTE by Campus' reflects the total credit hours generated at a specific ACC campus (divided by 30 credits). Littleton Campus includes courses taken at the Art & Design Center, as well as certain other course types (clinical & practicum courses) which may not take place on campus. High School Campuses include courses facilitated at a high school or early college campus; credits generated by high school students at one of ACC's physical or online campuses are not included in High School Campus FTE.

Ethnicity/Race

In 2010, the Federal Government issued new guidelines on how to collect and report race and ethnicity; these guidelines are often referred to as 'IPEDS Ethnicities'. The table below reflects the unique count of registered students in each IPEDS Ethnicity category.

Registered Students by IPEDS Ethnicity	Fall 2017	Fall 2018	Fall 2019	Fall 2020	Fall 2021	Fall 2021 %
American Indian or Alaskan Native	40	43	60	43	51	0.4%

Total Registered Students	9583	9942	10941	11125	11970	100.0%

Gender

IPEDS reporting requires gender to be reported as either male or female; students not self-declared as female or male are designated 'female' if their Social Security Number (SSN) ends in an odd number, and 'male', when it ends in an even number. The same rule is applied to the Student ID, if the student has no SSN on file.

Instruction Method Distribution

Instruction method distribution describes how students take their courses and is calculated using students' billed credit hours for a specific term. "Online (Asynchronous) 100%", "Hybrid 100%", "Remote Real-Time 100%", and "Traditional 100%" students are those who took all of their courses in one of these 4 formats.

“Online and In-Person” students were registered for at least one Online (Asynchronous) class and one or more Traditional, Hybrid, HyFlex, HyFlex with Lab, and/or Self-Paced class(es). “Online and Remote Real-Time” students were only registered for a combination of Online (Asynchronous) and Remote Real-Time (synchronous) courses during the semester. Finally, “Other Combination” students are those who were registered in any combination of non-Online (Asynchronous) courses, or they were enrolled solely in Self-Paced, HyFlex, or HyFlex with Lab courses.

CE Students - Demographics

CE Students - Ethnicity/Race

In 2010, the Federal Government issued new guidelines on how to collect and report race and ethnicity, which is often referred to as the 'IPEDS Ethnicities'. The table below was calculated based on this guideline, using self-reported data from students' admission application.

CE Students by Ethnicity	Fall 2017	Fall 2018	Fall 2019	Fall 2020	Fall 2021	Fall 2021 %

Total CE Students	3560	4190	5291	5409	6315	100.0%

CE Students - Gender

Gender data is taken from the student self-reported information on the admission application. IPEDS reporting

requires unknown and non-reported gender to be reported as either male or female; this is done based on the student Social Security Number (SSN). For reporting purposes, students with an SSN ending in an odd number are designated 'female', otherwise, they are designated 'male'. The same rule is applied to the Student ID (S#), if the student has no SSN on file.

CE Students – Fall-to-Spring Persistence

Fall-to-Spring persistence measures the number of registered, high school ('H' Student Type) students in a specified Fall term who either return to ACC in the subsequent Spring term or earn a degree/ certificate from ACC but do not return in the subsequent Spring term. All registered high school ('H') students are included in the calculations below, regardless of degree seeking status. **NOTE: This section of the Data Book is only updated for the Spring end-of-term reports; results for most recent Spring terms will be copied to subsequent Summer and Fall term Data Books.**

CE Students – High School Graduate Retention

Only high school (HS) graduates with countable registration and Student Type of 'H' (high school) in the same Spring HS graduation term are included in the calculations below. The HS graduation date on file is used to determine if a CE student has graduated from HS; if no graduation date is listed for a student, s/he is considered to have graduated if the student is at least 18 years old at the end of the Spring term and the student did not return to ACC as a HS student in the subsequent Fall term. **NOTE: This section of the Data Book is only updated for the Fall end-of-term reports; results for most recent Fall terms will be copied to**

subsequent Spring and Summer Data Books.

CE Students – Post-High School Graduation Status

- **‘Returning’ HS graduates:** CE Students who re-enroll at ACC as a non-HS student in the Fall semester immediately following their HS graduation.
- **‘Retained’ HS graduates:** Includes returning HS graduates and CE Students who earned an ACC degree or certificate but did not re-enroll in the Fall semester immediately following their HS graduation.

Following is a table displaying counts of the HS Graduates who did not re-enroll at ACC in the Fall term immediately following their high school graduation date, as well as the type of institution(s) they attended in that Fall term. For the institution type break-out, graduates are counted no more than once per institution

type but may be counted at multiple institution types, based on their Fall term enrollment status as determined by National Student Clearinghouse data.

Non-Concurrent Enrollment/ High School (Non-CE) Student Data

This section includes data for all students with countable class registration who have not been assigned the High School/ASCENT ('H') Student Type in Banner for the specified terms.

Non-CE Students - Headcount and FTE

The tables below exclude CE (High School) students as well as students who are solely registered into non-countable class and/or for non-credit courses.

Non-CE Students - Headcount by Student Type

Each academic term, enrolled students are assigned a Student Type by the Registrar's Office based on several

factors, including the student's current status as a high school student, prior attendance at ACC, and prior attendance at other post-secondary institutions. Student Type is calculated multiple times during an academic period; therefore, a student's status might change after a data freeze is completed. The table below displays the unduplicated count of registered students in each Student Type category.

Non-CE Students - FTE by Student Type

Full-time Equivalency or 'FTE' is a measure of students' academic enrollment activity and is calculated by dividing all countable credit hours by 30 credits. An FTE of 1.0 is equivalent to a student enrolled full-time for an academic year (30 credits completed in an academic year). This type of FTE is sometimes referred to as 'Annualized FTE' or 'AFTE'; for the purposes of this report, all FTE is calculated using this method.
