Degree Seeking Students' Success

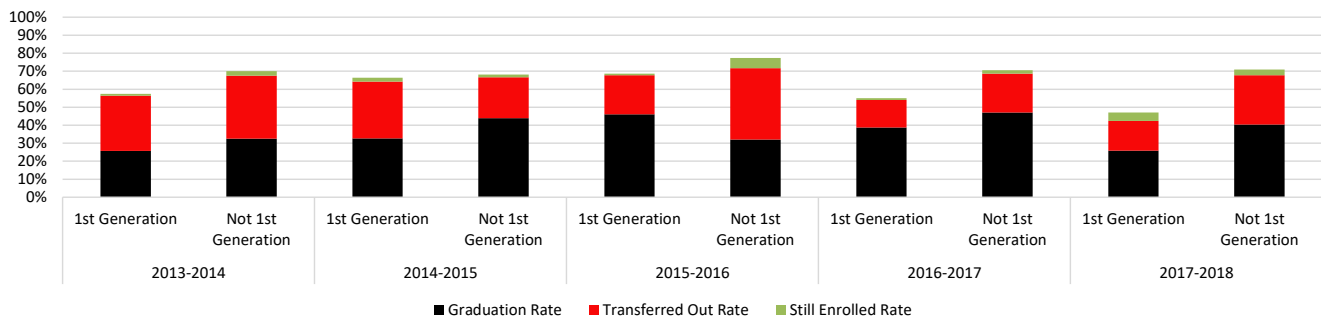

Cohorts consist of all degree seeking students enrolled in summer, fall and spring terms of a year. For example, 2015-2016 includes Summer 2015, Fall 2015 and Spring 2016 students. Attendance level is determined upon entering the institution. If a student starts in the summer and subsequently enrolls in fall, their attendance level will be based on fall. Still enrolled includes those enrolled in the subsequent summer and/or fall term immediately following status point. Persistence Rate is the sum of the graduation, transfer out and still enrolled rates. Source: SURDS End of Term Enrollment, National Student Clearinghouse.

Student Success by Academic Program of Initial Enrollment

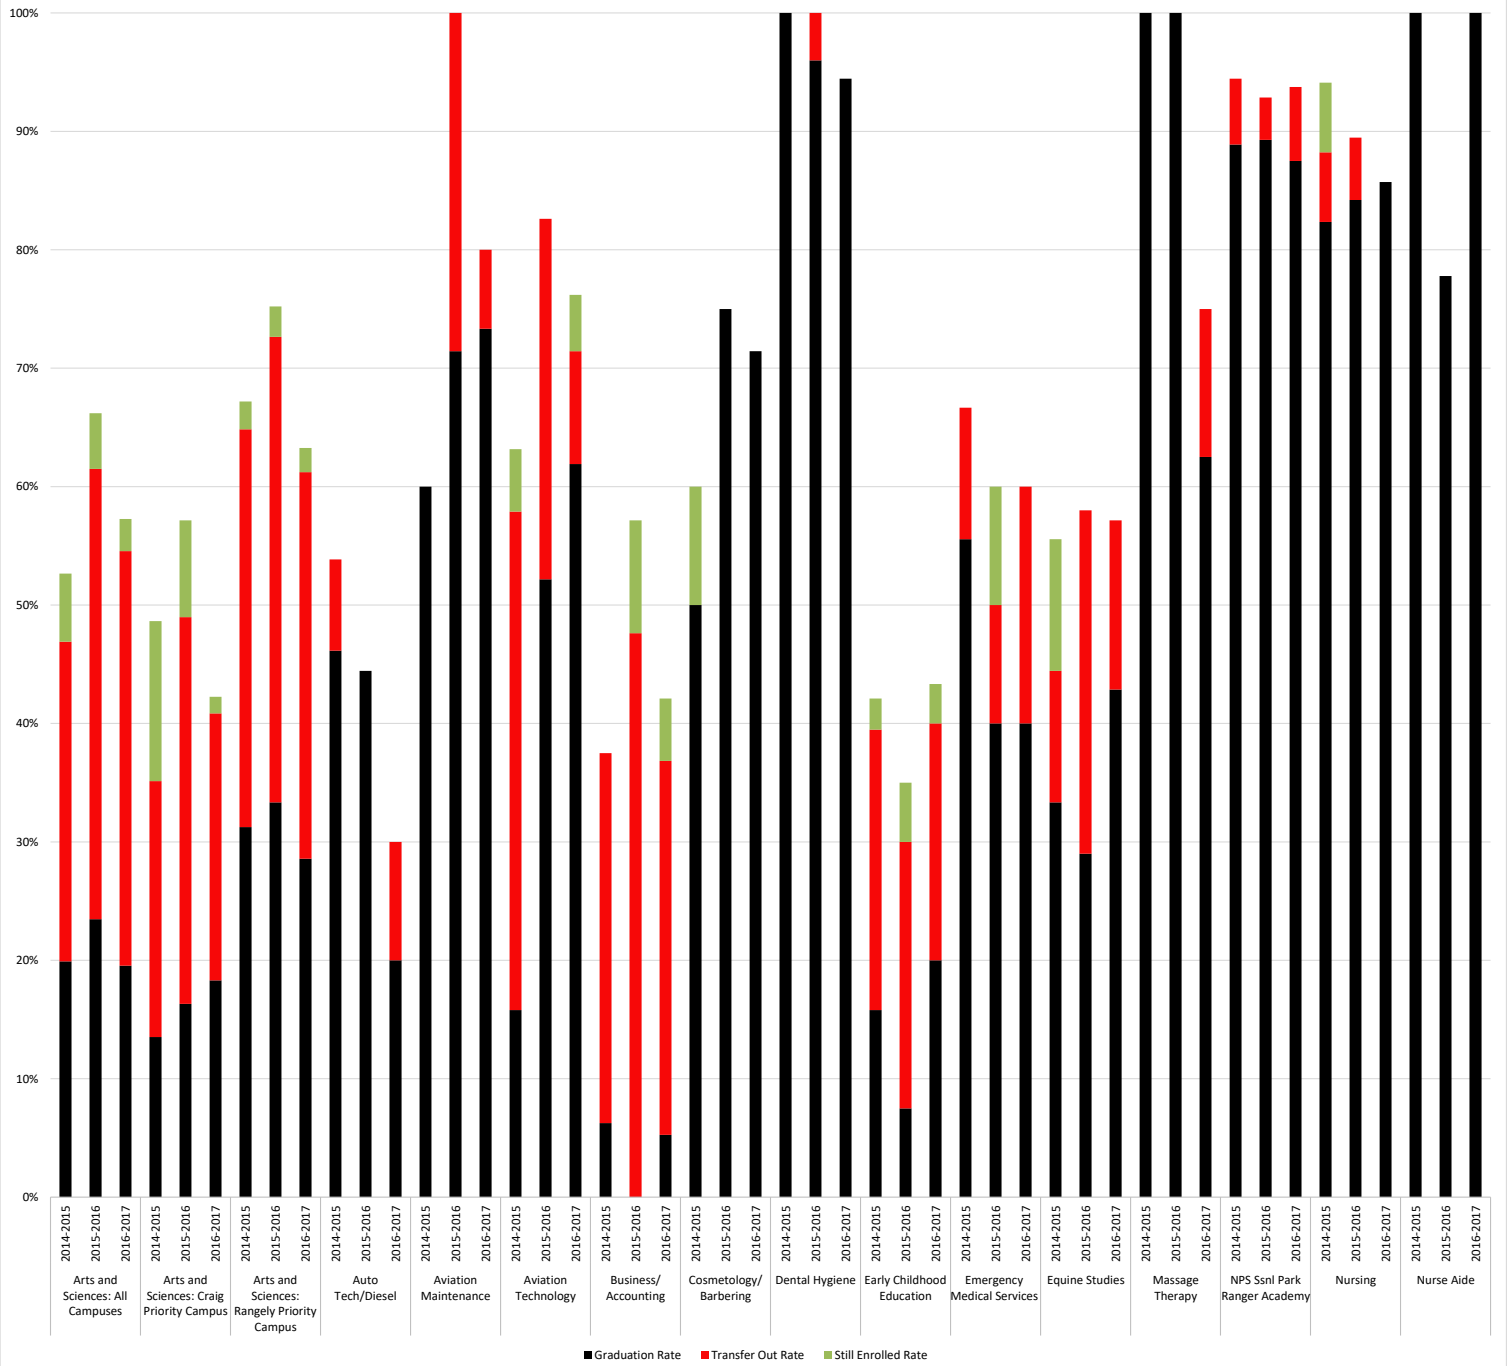

Cohorts consist of all degree seeking students enrolled in summer, fall and spring terms of a year. For example, 2015-2016 includes Summer 2015, Fall 2015 and Spring 2016 students. Attendance level is determined upon entering the institution. If a student starts in the summer and subsequently enrolls in fall, their attendance level will be based on fall. Still enrolled includes those enrolled in the subsequent summer and/or fall term immediately following status point. Persistence Rate is the sum of the graduation, transfer out and still enrolled rates. If a student graduated with a different program than they started in, they are included only in the program they were at the end of their first term. Graduate Placement by Program

Graduate Continuing Education by Program

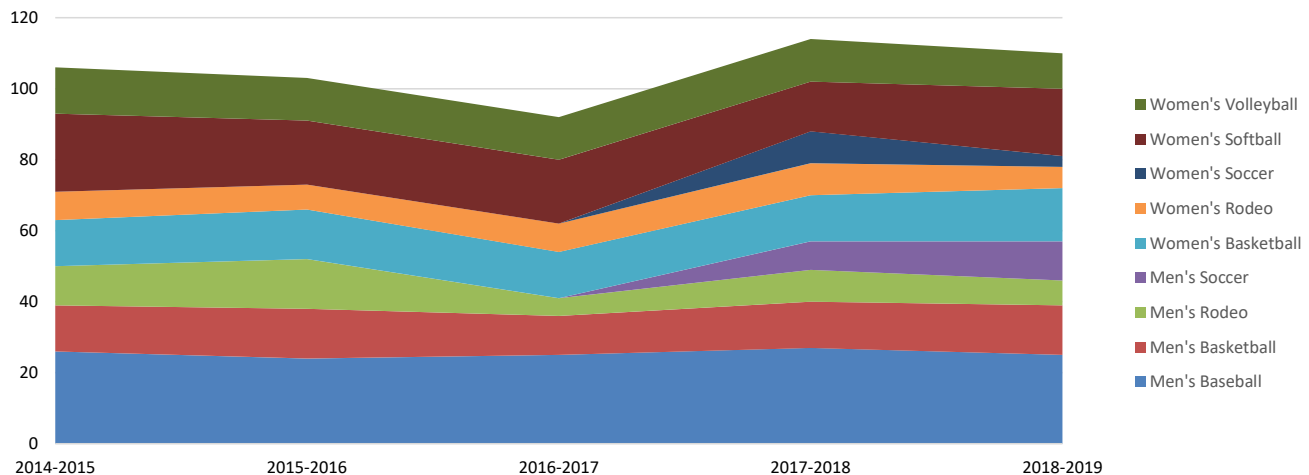

Graduates each year include those awarded a credential during summer, fall and spring. The source for graduates is the SURDS Degree File. For example, 2017-2018 grads includes summer 2017, fall 2017 and spring 2018. Graduate surveys are collected from January to March of the following year and ask about employment from October 1 to December 31 of the following year. For example, Summer 2017 graduates are surveyed in January 2019 about their employment during the fall of 2018. Responses are primarily self-reported via an online form or CNCC staff or faculty may record student responses from phone conversations. If a student has not responded, but CNCC staff or faculty are aware of employment or continuing education status, these responses are included.

Scholarship Athletes Headcount and FTE

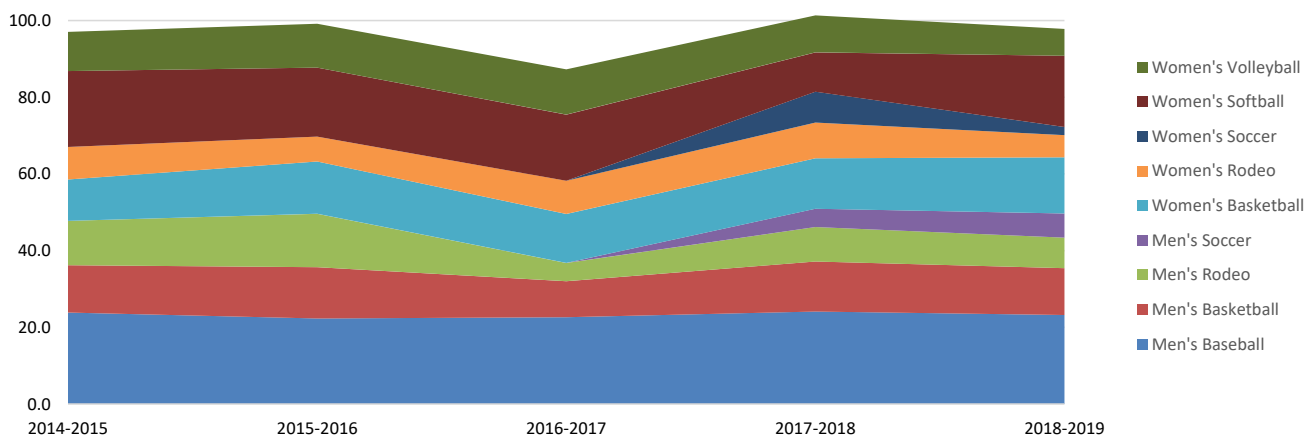

Headcount						Annualized FTE				
Count is unduplicated, as it counts each student once, no matter how many terms they attend. Only a student's primary major/program is reported.						FTE (Full Time Equivalency) of Athletes: Annualized FTE is calculated by dividing total credit hours by 30.
