Welcome to OJC

James T. Rizzuto, President

Welcome to Otero Junior College and your pursuit of higher education opportunities. We at Otero Junior College are proud of our ability and desire to meet our students' needs. In large part, this is due to the faculty and staff who are dedicated to ensuring that all who attend Otero Junior College receive personalized attention in order to succeed whether it be in career enhancement courses or courses that lead to a four year degree.

We hope you will enjoy our campus and the many opportunities that are available to help you achieve your goals. At OJC we are truly 'Focused on Your Future' and if there is anything I can do to assist you, please stop in to see me; my door is always open.

Sincerely,
James T. Rizzuto
President

1802 Colorado Avenue
La Junta, Colorado 81050
(719) 384-6831
www.ojc.edu

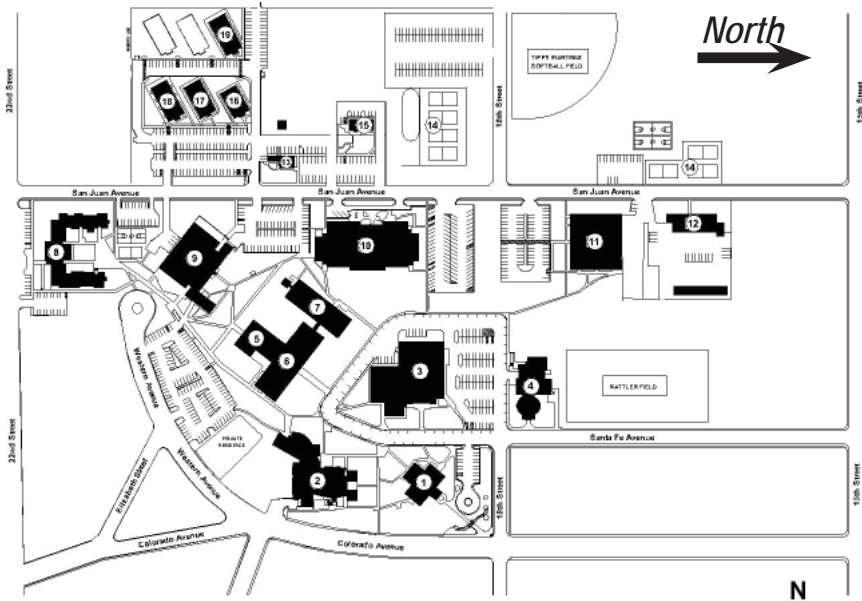

Founded in 1941, Otero Junior College is located on an attractive 40-acre campus on the southern edge of La Junta, Colorado. Within two years, students at OJC can earn degrees in Associate of Arts, Associate of Science, Associate of Applied Science or Associate of General Studies. Agreements with all Colorado public 4-year colleges and universities enable a smooth academic transfer for students to apply their credits toward a 4-year degree. Students who wish to pursue career and technical education will find one-semester to two-year certificate programs available that will have them on the job upon completion. OJC students rank at the top academically for all Colorado community college students after they graduate and transfer to 4-year colleges or universities.

Supported by state tax dollars, tuition at OJC is affordable. Many students attending OJC qualify for financial assistance in the form of scholarships, grants, student loans and on-campus work-study jobs. OJC is a full-service campus with modern dorms, library, classrooms and state-of-the-art technology.

At OJC we strive to involve students in the campus and college experience. The college sponsors over a dozen student organizations including a nationally awarded Phi Theta Kappa Honor Society and an International Relations organization that celebrates and promotes cultural diversity on the campus. The OJC Rattlers varsity athletic programs include Women's Basketball, Golf, Rodeo, Soccer, Softball and Volleyball. Men's varsity sports include Basketball, Baseball, Golf, Rodeo and Soccer.

Otero Junior College is recognized by the U.S. Department of Education as a Hispanic Serving Institution.

GENERAL INFORMATION

Institutional Mission

We, the faculty and staff of Otero Junior College, are committed to creating and continually improving accessible and effective learning environments for the lifelong educational needs of the diverse communities we serve. We are committed to offering traditional and alternative approaches to learning, emphasizing teaching excellence, assessing student learning and building collaborative partnerships to promote education and enrich the lives of our students.

Value Statement

The special spirit of Otero Junior College celebrates learning as the process that changes and improves lives. By setting standards of excellence for ourselves, and by placing a high value on integrity, honesty, teamwork, communication and innovation, we assist students in realizing their greatest potential. We hold ourselves personally accountable for our stated values and the public trust placed in us.

Strategic Initiatives

1. Continually seek resources to supplement those provided by the State of Colorado to meet the needs and support the Strategic Initiatives of the College.
2. Develop new and enhance current programs.
3. Enhance and promote the relationship between the College and the communities we serve.
4. Enrich the quality of student life.
5. Provide professional development opportunities for all employees in order to optimize programs and services.
6. Continue to enhance OJC's leadership position in technology-assisted learning and the development of new technological applications.
7. Maintain and upgrade physical facilities and equipment to meet the needs of students, staff, and programs.

Purpose Statements

In striving to meet its institutional responsibilities as a comprehensive community college, Otero Junior College sets forth the following purpose statements in definition of its educational programs and services. These statements also serve as criteria for the administration, faculty, staff, and students in assessing the college's effectiveness in meeting its institutional mission.

- 1. Achieving Junior Level Transfer Status** - Students successfully completing either a prescribed Associate of Arts or Associate of Science degree program at Otero Junior College will be able to transfer to a Colorado four-year college or university as a junior. The college maintains transfer agreements with Colorado colleges and universities to facilitate the transferability of its academic programs.
- 2. Acquiring Entry Level Occupational Skills** - Students successfully completing Career and Technical Education Certificates or Associate of Applied Science degree programs will have acquired the skills necessary to obtain entry-level employment in their field.
- 3. Promoting the Benefits & Recognizing the Achievement of Life-Long Learning**
The college provides individuals with the means to upgrade their job skills, improve the quality of their lives, and/or custom-tailor their own degree program. The college recognizes satisfactory student accomplishment of such activities via certificates of achievement, college transcripts, and the Associate of General Studies degree.
- 4. Achieving Functional Literacy** - Through basic skills instruction, academically deficient students and/or non-high school graduates receive the educational services to help them achieve the basic level of proficiency required for continuance in higher education, for entrance level employment, or for day-to-day communication and computation.
- 5. Participating in College and Community Sponsored Activities** - Students attending Otero Junior College are able to participate in a wide variety of activities aimed at broadening their social, political, physical, and cultural horizons. The college sponsors theatrical productions, art exhibits, literary publications, student government, various clubs and organizations, dance programs, intramural and intercollegiate sports, career awareness activities, dances, movies, and other activities to expand awareness beyond the classroom.

History

In 1939, the residents of the La Junta School District Number 11 voted that bonds be used to finance a junior college building to be administered by the Board of Education. On September 15, 1941, "La Junta Junior College" opened its doors. The college was operated by the school district. By state statute, the college was classified as a continuation school.

History - continued

In 1949 an election was held on a county-wide basis to consider the proposal that the college become an independent unit supported by the county rather than by the local school district. This proposal was approved by the voters and the college was renamed, "Otero County Junior College." The elected board, the Junior College Committee, did not desire to assume control of the college then, and it continued to operate as a continuation school. On January 1, 1956, the college governing board voted to take over the existing facilities from the La Junta School District, and the college changed its name to "Otero Junior College." The college became primarily a transfer institution emphasizing the first two years of a four-year degree program.

In 1967, the 46th General Assembly of the State of Colorado passed the Community College Act, a law creating a state system of junior colleges to be governed by the State Board for Community Colleges and Occupational Education (SBCCOE). Existing junior colleges were given the option of joining the system with the approval of qualified voters in their respective junior college district. That same year, the college received accreditation by the North Central Association of Colleges and Secondary Schools.

On February 20, 1968, Otero County voters unanimously favored joining the state system. The college officially became a state two-year college on July 1, 1968. With the creation of the state system of community colleges, funds for establishing and expanding occupational programs were increased, and Otero Junior College became a more comprehensive junior college.

In the Fall of 1969, Otero Junior College was designated as an area vocational-technical school, expanding its offerings in vocational education to public schools in the college's tri-county service area as the Central Arkansas Valley Occupational Center. In the Spring of 1993 this partnership was discontinued.

Accreditation/Certification/Affiliation

Otero Junior College is accredited by The Higher Learning Commission and is a member of the North Central Association of Colleges and Schools. The Commission can be reached at: 30 North LaSalle Street, Suite 2400, Chicago, Illinois 60602-2504. Telephone: (312) 263-0456.

The Nursing Assistant and Practical Nursing programs are approved by the Colorado State Board of Nursing. The ADN Registered Nursing Program is approved by the Colorado State Board of Nursing and accredited by the Accrediting Commission for Education in Nursing, Inc. (ACEN), 3343 Peachtree Rd. NE, Ste 8-50 Atlanta, GA 30326 404-975-5000.

The Automotive Technology program is certified by the National Automotive Technicians Education Foundation (NATEF) and The National Institute for Automotive Service Excellence (ASE).

The Early Childhood Education Program is accredited by the National Association for the Education of Young Children (NAEYC).

Otero Junior College is an institutional member of the National Junior College Athletic Association, the Association of Community College Business Officers, and the American Association of Collegiate Registrars and Admission Officers.

Location

La Junta is located in the Central Arkansas River Valley on U.S. Highway 50 in southeastern Colorado. It is the county seat of Otero County and has a population of about 10,000. Located in a rich, irrigated farming community, it also has several manufacturing industries. Major employers in the area include: DeBourgh Manufacturing Company, Southeast Colorado Power, Falcon Industries, Arkansas Valley Regional Medical Center, and Lewis Bolt and Nut. La Junta is also a hub for livestock and produce markets.

The people of La Junta support many churches, fraternal organizations, and service clubs. The public library, financed by the city and by endowment, is one of the outstanding institutions of its kind in southeastern Colorado.

The cultural interests of the city are reflected in the programs of the Community Concert series, numerous art exhibits, the internationally renowned Koshare Dancers, The Picketwire Players theatre group, various creative writing and art groups, and community club programs.

City parks, located near the college, provide varied recreational facilities. Basketball, tennis courts, and a skateboard facility are open at any time. Numerous picnic and outdoor recreation facilities are available at the historic City Park, located just 4 blocks north of the college.

General Regulations of the College

Students are expected to conduct themselves in a responsible manner both on and off campus and to maintain a high standard of moral conduct.

Students are expected to manifest attributes required of good citizens, both within and outside the boundaries of the college: respect for order, morality, personal honor, and the rights of others.

It is understood that students who enroll at Otero Junior College will assume the responsibilities involved by adhering to the regulations of the college.

Otero Junior College and the Colorado Community College System Common Student Code of Conduct Statements

Conduct that violates student rights and freedoms and is subject to disciplinary action includes, but is not limited to:

1. Academic Misconduct:

Plagiarizing, cheating, or committing any other form of academic misconduct including, but not limited to, unauthorized collaboration, falsification of information, and/or helping someone else violate reasonable standards for academic behavior. Students who engage in any type of academic dishonesty are subject to both academic consequences as determined by the instructor and to disciplinary action as outlined in the Otero Junior College disciplinary procedures.

2. Disruptive Behavior:

Engaging in any disruptive behavior that negatively affects or impedes teaching or learning (regardless of mode of delivery or class setting); or disrupts the general operation of the college.

3. Deceitful Acts:

Engaging in deceitful acts, including, but not limited to: forgery, falsification, alteration, misrepresentation, non-disclosure, or misuse of documents, records, identification and/or educational materials.

4. Conduct that is Detrimental to College or to Safety:

Conduct that is deemed detrimental, harmful and/or damaging to the college and/or that jeopardizes the safety of others as determined by the Vice President of Student Services. Examples include, but are not limited to, slamming doors, throwing chairs, and/or defacing of college property, or property of others.

Common Student Code of Conduct Statements - continued

5. Physical/Non-physical Abuse:

- Physical abuse or conduct that threatens or endangers another person's health or safety.
- Non-physical abuse, threats, intimidation, coercion, influence, or any unwelcome conduct in any form that is sufficiently severe, pervasive or persistent that it alters the conditions of the learning environment or employment.
- Knowingly falsifying, publishing or distributing, in any form, material that tends to impeach the honesty, integrity, virtue or reputation of another person.

6. Harassment and/or Discrimination:

Discrimination or harassment on the basis of sex/gender, race, color, age, creed, national or ethnic origin, physical or mental disability, veteran status, pregnancy status, religion or sexual orientation.

7. Sexual Misconduct

Sexual Misconduct offenses include, but are not limited to Sexual Harassment, Non-Consensual Sexual Contact (or attempts to commit same), Non-Consensual Sexual Intercourse (or attempts to commit same), and/or Sexual Exploitation. (See SP 4-120a for more information: <http://www.cccs.edu/SBCCOE/Policies/SP/PDF/SP4-120a.pdf>)

8. Weapons:

Possession or distribution of any unauthorized firearms, ammunition, explosives, fireworks and/or other dangerous weapons (or chemicals/flammable liquids) or use/threat of use of any instrument (including, but not limited to paint ball guns, pellet guns, air soft guns, bow and arrows, knives) as a weapon to intimidate, harass, or cause harm to others.

9. Narcotics/Alcohol:

Use, being under the influence, manufacturing, possession, cultivating, distribution, purchase, or sale of alcohol and/or drugs (illegal and/or dangerous or controlled substance) and/or alcohol/drug paraphernalia while on college owned or college controlled property, and/or at any function authorized or supervised by the college and/or in state owned or leased vehicles.

Note: Although possession and use of marijuana consistent with the requirements of the Colorado Constitution is no longer a crime in the State of Colorado, the possession and use of marijuana remains illegal under federal law. Consistent with federal law, including the Controlled Substances Act and the Drug Free Schools and Communities Act, the use and/or possession of marijuana continues to be prohibited while a student is on college owned or college controlled property, and/or any function authorized or supervised by the college and/or in state owned or leased vehicles.

Common Student Code of Conduct Statements - continued

10. Dress Code:

Dress or personal hygiene that fails to meet the established safety or health standards of specific classes or activities offered by the college.

11. Leaving Children Unattended:

Leaving children unattended or unsupervised in campus buildings or on campus grounds unless enrolled or participating in authorized campus activities.

12. Violation of Laws, Directives, and Signage:

- Violating any municipal, county, state or federal law that adversely impacts the conditions of the educational or employment environment.
- Violations of college traffic and parking rules, regulations, or signage.
- Damage to or falsely using fire alarms and/or fire extinguishers.
- Creating an intentional obstruction that unreasonably interferes with freedom of movement, either pedestrian or vehicular. This includes, but is not limited to leading or inciting to disrupt college activities. Failure to comply with the lawful directives of College employees acting within the scope of their duties, including those directives issued by a College administrator to ensure the safety and well being of others.
- Violations of college policies, protocols, procedures or signage.

13. Illegal Gambling:

Participation in illegal gambling activities on college owned or college controlled property, and/or any function authorized or supervised by the college and/or in state owned or leased vehicles.

14. Unauthorized Entry and/or Unauthorized Possession:

Entry into, or use of any building, room, or other college-owned or college-controlled property, grounds, or activities without authorized approval. This also includes, but is not limited to the unauthorized possession, duplication or use of college keys, lock combinations, access codes, and access cards and/or credentials and/or propping open or tampering with doors/windows.

Common Student Code of Conduct Statements - continued

15. Unacceptable Use of College Equipment, Network or System:

Unacceptable uses of any college-owned or operated equipment, network or system including, but not limited to: knowingly spreading computer viruses; reposting personal communications without author's consent; copying protected materials; using the network for financial or personal gain, commercial activity, or illegal activity; accessing the network using another individual's account; unauthorized downloading/uploading software and/or digital video or music; downloading/uploading, viewing or displaying pornographic content, or any other attempt to compromise network integrity.

16. Unauthorized Pets/Animals:

Possession of any unauthorized pet or animal, excluding trained service and/or assistance animals, while on college-owned or college-controlled property.

17. Tampering with Student Organization, Election, or Vote:

Tampering with the process of any college recognized student organization, election or vote.

18. Group or Organization Conduct:

Students who are members of a college recognized student organization or group and commit a violation of SCOC may be accountable both as an individual and as a member of the student organization.

19. Abuse of the Student Disciplinary and/or Grievance Procedure:

Abuse of the Student Disciplinary and/or Grievance Procedure includes, but is not limited to the following:

- Disruption or interference with the orderly conduct of the student disciplinary / grievance procedure.
- Falsification, distortion, or misrepresentation, or knowingly pursuing malicious, frivolous, or fraudulent charges.
- Attempting to discourage an individual's proper participation in, or use of, the student disciplinary / grievance procedure.
- Attempting to influence the impartiality of a participant and/or the student disciplinary / grievance procedure.
- Harassment (verbal or physical) and/or intimidation of a participant in the student disciplinary / grievance procedure.
- Failure to comply with directives and/or sanctions imposed under student disciplinary / grievance procedure.
- Influencing or attempting to influence another person to commit an abuse of the student disciplinary / grievance procedure.
- Engaging in retaliatory acts in any form against any person or person(s) involved in the student disciplinary / grievance procedure.

Common Student Code of Conduct Statements - continued

20. Unauthorized Entry into College Events:

Entering or attempting to enter any college-sponsored activity without proper credentials for admission.

Please note: In most circumstances, college will treat attempts to commit code of conduct violations as if those attempts had been completed.

Violations of the above may result in, but are not limited to, fines, restitution, community service, and/or disciplinary procedures.

Disciplinary Action

Disciplinary action may involve one or a combination of the following alternatives:

WARNING - A notice served upon the student advising him/her that he/she is violating or has violated College regulations.

PROBATION - After a finding of violation of the Code of Conduct, restriction of student's privileges for a designated period of time including the probability of more severe disciplinary sanctions if the student is found to be violating any College regulations during the probationary period.

OTHER DISCIPLINARY SANCTIONS - Fines, restitution, denial of privileges, assignment to perform services for the benefit of the college or community; or other sanction that doesn't result in the student being denied the right of attending classes.

COLLEGE SUSPENSION OR EXPULSION - An involuntary separation of the student from the College for misconduct not based on academic performance for a specified period of time.

- a. **Suspension** is a separation that shall not exceed three academic terms per suspension for any singular offense or situation. While a student is suspended, he or she is not eligible for admission or re-admission at any of the community colleges within CCCS. Once the suspension is lifted the student is eligible for admission or re-admission.

COLLEGE SUSPENSION OR EXPULSION

Examples of suspension include, but are not limited to the following: the college, a department or program, a class, residence hall, use of a college facility or an activity.

Students may be suspended from one class period by the responsible faculty member or adjunct instructor. Longer suspensions can only be implemented by the Chief Student Services Officer (CSSO) or designee in accordance with this procedure.

- b. **Expulsion** is an indefinite separation from the college. The student is not eligible for admission or re-admission at any of the community colleges within CCCS.

In exceptional cases where a student wants to be considered for admission or re-admission after an expulsion has been implemented, the student bears the burden to prove the behavior that resulted in the expulsion has been resolved. It is within the college's discretion to admit or deny the student.

INTERIM SUSPENSION - An immediate action taken by the CSSO to ensure the safety and well-being of members of the college community; preservation of college property; or if the student poses a definite threat of disruption or interference to others or the normal operations of the college.

In the event of an interim suspension, the hearing before the CSSO or designee shall occur as soon as possible following the interim suspension.

If the college issues a permanent sanction, the student shall be afforded appeal rights. If the college does not implement a permanent sanction, the interim suspension will be removed from the student's record.

Complete Student Disciplinary Procedures policy is available in Student Services or at:

<http://www.ojc.edu/content/policy/pdf/SP4-30.pdf>

Student Right-to-Know and Campus Security Act

The Student Right-to-Know and Campus Security Act of 1990, (Title I of Public law 101-542) is a federal law that requires institutions of higher education receiving federal assistance to make available several key points of information. Those points include:

1. The college's graduation and/or completion rate for its full-time degree seeking students.

OJC Graduation Rate: - The rate for first-time, degree-seeking students who enrolled at OJC in the Fall of 2008 and who graduated or transferred to a Colorado 2-year or 4-year institution by the Fall of 2010 is 42 percent. This does not include students who continue to be enrolled at OJC.

2. The college's financial aid rates for athletes and other students at institutions that award athletically-related student aid.

OJC Financial Aid Rates:

- \$4,709 is the average federal grant received by OJC students.
- \$866 is the average state and local grants received by OJC students.
- \$3,479 is the average institutional grant received by OJC students.
- \$4,948 is the average loan amount taken out by OJC students.

3. The college's crime statistics and security policy information.

OJC Crime Awareness and Campus Security Policies and Information:

OJC Campus Security is responsible for monitoring and recording criminal activities occurring on campus and/or to college property. In addition to traditional law enforcement responsibilities, Campus Security enforces parking regulations, maintains building security, conducts fire safety inspections, and makes frequent security checks at the residence hall. Safety and security information is provided to students and college staff through bulletins, crime alerts, posters, and brochures.

Campus Security does not have police jurisdiction over public or private property.

Department staff work in close association with the La Junta Police Department, Otero County Sheriff's Department, and other federal, state, and local agencies. Arrests and apprehensions are referred to the La Junta Police Department; community fire and ambulance personnel are notified as necessary. All criminal incidents occurring on campus must be reported to Campus Security as soon as possible.

Colorado law prohibits the possession, consumption, or distribution of alcohol and controlled substances on campus.

Student Right-to-Know and Campus Security Act - continued

The following information is provided in accordance with Title II of Public Law 101-542, the Crime Awareness and Campus Security Act of 1990. The full report is available in the Student Services Center, printed for distribution in the Campus Safety & Security brochure.

**CAMPUS CRIME STATISTICS
ACADEMIC YEARS**

Criminal Offense	11-12	10-11	09-10
Murder	0	0	0
Rape	0	0	0
Sexual Assault	0	0	0
Robbery	0	0	0
Aggravated Assault	0	0	0
Non-Aggravated Assaults	0	6	0
Burglary	0	1	0
Motor Vehicle Theft	0	0	0
Larceny Theft	2	0	0
Offenses that Manifest Hate Crimes	0	0	0
<u>Arrests</u>			
Liquor Law Violations	7	16	26
Drug Abuse Violations	5	3	7
Weapons Possessions	0	0	0

*The above statistics include OJC students and non-students.
OJC's policy is for the immediate arrest for any Liquor Law related violations.*

For more information on the Otero Junior College Campus Crime Statistics,

Contact:

John Canaday Jr., director of Physical Plant
Otero Junior College
1802 Colorado Avenue
La Junta, CO 81050
719 384-6818

Alcohol and Drug Policy

Colorado law prohibits the possession, consumption, or distribution of alcohol and controlled substances on campus. In compliance with the Drug Free Schools and Communities Amendments of 1989 (PL 101-226 in Federal Law), Otero Junior College has developed a Drug and Alcohol Abuse Prevention Program.

Policy Statement - Students, whether full-time or part-time, shall not engage in the unauthorized or unlawful manufacture, distribution, dispensation, possession, use/abuse of alcohol and/or illicit drugs on college property or use as a part of any college activities.

Legal Sanctions for Violation of the Policy - Any student who is convicted of the above violations is subject to criminal penalties under local, state and federal law. These penalties may range in severity from a fine of up to \$100.00 to life imprisonment and/or a fine of \$8,000,000. The exact penalty assessed depends upon the nature and severity of the individual offense.

College Sanctions for Violation of the Policy - Since observation of the policy is a condition of enrollment, any violation may subject the student to appropriate disciplinary action up to and including suspension from the institution. Students may also be required to complete an appropriate rehabilitation or re-entry program as a condition for re-enrollment or continued enrollment in the college.

Associated Health Risks - Health risks associated with drug and alcohol abuse include, but are not limited to: malnutrition, brain damage, heart disease, pancreatitis, cirrhosis of the liver, mental illness, death, low birth weight babies, and babies with drug addictions.

Drug-Free Awareness Program - Although there are no alcohol/drug counseling programs on campus, the college does have referral agreements with the Southeast Mental Health Services and Region Six Alcohol and Drug Abuse Treatment Center. Referrals are made through the Counseling staff working in the Student Services Center in McBride Hall or the student may contact the Colorado Department of Health directly.

Possession or Use of Marijuana - Although possession and use of marijuana consistent with the requirements of the Colorado Constitution is no longer a crime in the State of Colorado, the possession or use of marijuana remains illegal under federal law. Consistent with federal law, including the Controlled Substance Act and Drug Free Schools and Communities Act, the use and/or possession of marijuana continues to be prohibited while a student is on college owned or college controlled property, and/or any function authorized or supervised by the college and/or in state-owned or leased vehicles.

Medical Amnesty Policy

Student health and safety are of primary concern at Otero Junior College. As such, in cases of significant intoxication as a result of alcohol or other substances, the College encourages individuals to seek medical assistance for themselves or others.

If medical assistance is sought, the Vice President of Student Services will not pursue conduct charges against the following individuals for violations of the College's alcohol or drug policies:

- The intoxicated student and
- Student(s) actively assisting the intoxicated student.

Actively assisting requires that an individual:

- Call La Junta Police Department (719-384-2525 or 911) or seek another individual qualified to assess the student's condition such as a Resident Hall Director or other Resident Hall professional and
- Monitor the intoxicated student's condition.

The following are not covered by the Medical Amnesty Policy:

- Students waiting until the police or other authority arrive before seeking assistance
- Action by police or other law enforcement personnel
- Violations of the Code of Conduct other than the alcohol/drugs policy
- Possession with the intent to distribute drugs.

Actions by the Student Conduct Officer:

- The intoxicated student (and possibly those who were attending to/assisting the student) will be required to meet with the Vice President of Student Services or designee who may issue educational requirements that may include, but are not limited to, alcohol and/or drug education, counseling, and/or a substance abuse assessment.
- Serious or repeated incidents will prompt a higher degree of concern/response.
- Failure to complete the educational assignments or treatment recommendations normally will result in disciplinary action.
- The student will be responsible for any costs associated with drug or alcohol education interventions.

Medical Amnesty Policy-continued

No individual may receive amnesty under this section more than once in a two year period. Records of all requests for assistance under this policy shall be maintained by the Vice President of Student Services. Participation in any program as a result of this policy shall not be noted on the student's judicial record. In the event an individual who previously utilized the Medical Amnesty Policy is involved in a subsequent alcohol-related incident, this incident and any resulting charges shall be treated as an alleged second offense.

The Medical Amnesty Policy is not intended to shield or protect those students or organizations that repeatedly violate the Code of Student Conduct. In cases where repeated violations of the Code of Student Conduct occur, the College reserves the right to take disciplinary action on a case-by-case basis regardless of the manner in which the incident was reported.

Medical amnesty applies only to alcohol or other drug-related emergencies but does not apply to other conduct violations such as assault, property damage, or distribution of illicit substances. If other violations occur, then a student will face disciplinary charges for those violations. The use/or abuse of alcohol or drugs is never considered a mitigating circumstance for any other violations of the Student Code of Conduct. For more information, go to: www.ojc.edu/content/marketing/programs/Medical_Amnesty_Policy.pdf

Title IX Compliance

The College prohibits and will not tolerate discrimination or harassment that violates federal or state law, Board Policy 3-120 or Board Policy 4-120. The College does not discriminate on the basis of sex/gender, race, color, age, creed, national or ethnic origin, physical or mental disability, veteran status, pregnancy status, religion or sexual orientation. The College complies with Titles VI and VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, the Education Amendments of 1972 (Title IX), the Age Discrimination in Employment Act, the Rehabilitation Act of 1973, the Americans with Disabilities Act, Pregnancy Discrimination Act of 1978, Vietnam Era Veterans Readjustment Assistance Act of 1974; Executive Order 11246, and sections 24-34-301, C.R.S. et seq. For information regarding civil rights or grievance procedures, contact: Title IX Compliance/ Equal Opportunity Officer, Marlene Boettcher, Director of Human Resources, 1802 Colorado Ave. Macdonald Hall Room 221, La Junta, CO 81050 719-384-6824.

Americans with Disabilities Act

Discrimination based on disability in admission to, access to and the operation of programs, services or activities of OJC is prohibited by the Americans with Disabilities Act.

Questions, complaints and requests for additional information may be directed to the Disabilities Director, located in the Student Success Center in the Learning Commons of Wheeler Hall, 719-384-6862.

Student Disciplinary and Grievance Procedures

Students are expected to adhere to the Student Code of Conduct and policies and procedures of the college and if students are charged with violating this college's code, they are entitled to have these procedures followed in the consideration of the charge. Copies of the Student Disciplinary Procedure are available from the Vice President of Student Services or go to: <http://www.ojc.edu/content/policy/pdf/SP4-30.pdf>

The Student Grievance Procedure is intended to allow students an opportunity to present an issue which they feel warrants actions, including the right to secure educational benefits and services without regard to sex, race, national origin or ancestry, creed, color, disability, or age, and have the issue considered in a prompt and equitable fashion. Copies of the Student Grievance Procedure are available from the Vice President of Student Services or go to: <http://www.ojc.edu/content/policy/pdf/SP4-31.pdf>

If the basis of the claim is discrimination and/or harassment based on federal or state civil rights laws, the student must file a grievance under the Civil Rights Grievance and Investigation Process. If the accused (respondent) is a student, please refer to SP 4-31a. If the respondent is an OJC employee, please refer to SP 3-50a. Copies of the policies can be viewed at: <http://www.ojc.edu/ComplaintProcedures.aspx>

Distance Education Grievance and Appeal Procedures

Students taking any Otero Junior College courses, and have a complaint about their experience with Otero Junior College, have two options:

1. The student can follow Otero Junior College's process for student complaints, which is located on the previous page. Students may also contact the Higher Learning Commission, which is OJC's accrediting agency, at the following web link: <http://higherred.colorado.gov/Academics/Complaints/default.html>

2. If a student resides outside of Colorado while attending Otero Junior College, in many cases they can file a complaint in the state where they are residing. As required by federal regulations, below is a web link of agencies in each state where complaints can be filed. <http://www.sheeo.org/stateauth/Links%20to%20Complaint%20Process.pdf>

Before exercising either of the above options, students should know that most (if not all) external complaint processes require that the student exhaust all avenues of complaint internal to the institution before they will consider a grievance.

Student Bill of Rights

The General Assembly implemented the Student Bill of Rights (C.R.S.23-1-125) to assure that students enrolled in public institutions of higher education have the following rights:

- a. A quality general education experience that develops competencies in reading, writing, mathematics, technology and critical thinking through an integrated arts and science experience.
- b. Students should be able to complete their associate of arts and associate of science degree programs in no more than sixty credit hours or their baccalaureate programs in no more than one hundred twenty credit hours unless there are additional degree requirements recognized by the commission;
- c. A student can sign a two-year or four-year graduation agreement that formalizes a plan for that student to obtain a degree in two or four years, unless there are additional degree requirements recognized by the commission;
- d. Students have a right to clear and concise information concerning which courses must be completed successfully to complete their degrees;
- e. Students have a right to know which courses are transferable among the state public two-year and four-year institutions of higher education;
- f. Students, upon completion of core general education courses, regardless of the delivery method, should have those courses satisfy the core course requirements of all Colorado public institutions of higher education;
- g. Students have a right to know if courses from one or more public higher education institutions satisfy the students' degree requirements;
- h. A student's credit for the completion of the core requirements and core courses shall not expire for ten years from the date of initial enrollment and shall be transferable.

Sexual Harassment Statement

Sexual harassment is a violation of federal law, a violation of professional ethics, and a form of discrimination. It is the policy of Otero Junior College that unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of sexual nature constitute sexual harassment when: (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or educational opportunity; (2) submission to or rejection of such conduct by an individual is the basis for employment or educational decisions affecting such individuals; or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance, creating an intimidating, hostile, or offensive working or learning environment. Such conduct will not be tolerated. Substantiated charges will result in disciplinary action. Questions or complaints should be directed to the Director of Human Resources, Macdonald Hall Room 221, or 719-384-6824. For more information go to: <http://www.ojc.edu/SexualHarassmentPolicyOverview.aspx>

Campus Sex Crime Prevention Act

The Campus Sex Crime Prevention Act, and Colorado Law, provides a way to track convicted sex offenders. Post-secondary institutions are required to issue a statement advising the campus community where law enforcement agency information may be obtained concerning registered sex offenders. (C.R.S. 23-5-125). Information may be obtained by contacting the La Junta Police Department at: 601 Colorado Ave. La Junta, CO 81050, 719-384-2525.

Non-Discrimination Policy

Otero Junior College does not discriminate on the basis of race, color, creed, religion, national or ethnic origin, sex, sexual orientation, gender identity, age, military or veteran status, physical ability or any other characteristic protected under federal, state or local law.

The college complies with the Civil Rights Act of 1964, Related Executive Orders 11246 and 11375 and all civil laws of the State of Colorado. Accordingly, equal opportunity for employment and admission shall be extended to all persons, and the college shall promote equal opportunity and treatment through a positive and continuing Affirmative Action Program.

Non-Discrimination Statement

Otero Junior College prohibits and will not tolerate discrimination or harassment that violates federal, state law, or Board Policy 3-120 or Board Policy 4-120. The College does not discriminate on the basis of gender, race, color, age, creed, national or ethnic origin, physical or mental disability, veteran status, pregnancy status, religion or sexual orientation.

The College complies with Titles VI and VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, the Education Amendments of 1972 (Title IX), the Age Discrimination in Employment Act, the Rehabilitation Act of 1973, the Americans with Disabilities Act, Pregnancy Discrimination Act of 1978, Vietnam Era Veterans Readjustment Assistance Act of 1974; Executive Order 11246, and sections 24-34-301, C.R.S. et seq.

For information regarding civil rights or grievance procedures, concerning Title VI, Title IX, and Section 504 may refer to the Affirmative Action Officer, Marlene Boettcher, Director of Human Resources, Otero Junior College, 1802 Colorado Ave. Macdonald Hall Room 221, La Junta, CO 81050 719-384-6824 or to the Office for Civil Rights, 1244 Speer Boulevard, Suite 310, Denver, Colorado 80204, 303 844-5695. This statement is made pursuant to requirements of Secs. 602, 604 Civil Rights Act of 1964, 42 2000 d. s2000 d. (1), (3); 45 C.F.R. Part 80; Secs. 901, 902, Education Amendments of 1972, 20 U.S.C. 1681, 1682 as amended, 45 C.F.R. Part 86; and sec. 504, Rehabilitation Act of 1973, 29 U.S.C. 794, 45 C.F.R. Part 84.

Building Evacuation

Do not ignore fire alarm. Notify the OJC Physical Plant at 719-384-6818. If you see smoke, immediately call 911.

Instructors should take charge of the classroom. Direct all room occupants to evacuate the classroom in a safe and orderly fashion.

Be familiar with the classroom and building exits. Refer to the Evacuation Plans that are posted in all campus buildings.

Exit the building through the nearest corridor away from smoke or fire. Some classrooms have direct exits to the outside. Do not exit the building through a storage area. Do not use the elevator.

Remain as a group outside the building until the source of the alarm condition has been verified by a Physical Plant employee.

Re-enter the building once clearance has been given by a Physical Plant employee, police, or fire authority.

Campus Traffic Regulations

Students and college employees are expected to observe posted campus traffic regulations. The maximum speed permitted is 15 MILES PER HOUR and vehicles are to park only in the designated areas on the campus.

Class Attendance

Regular attendance at all class meetings and laboratory sessions is required of all students. College policy provides that at the instructor's discretion a student's grade may be lowered one letter grade after three unexcused absences. Students should always notify faculty and/or instructors of absences beforehand if possible.

Serious illness, death in the family, or participation in college-sponsored activities are examples of conditions for receiving an excused absence. Arrangements for excuses are to be made between the student and the instructor. In case of extended absences the Student Services Center should be notified.

All students must attend at least one class after registration within the first 12 days of any semester or they will be administratively dropped from the course (s).

Students who are absent from classes are responsible for making arrangements to make up the work missed.

Final Tests - Students are required to take all final exams at the time posted by the individual instructor for each individual class. Students should not ask to take final exams at any other time unless in the case of extreme emergency. If a student has a situation that may warrant an exam time change, the student needs to contact the instructor of the class.

Tuition & Fees

Tuition and Fees

The required fees for 12 hours or more provides students with an I.D. for use at the Student Center, Library, Fitness Center, athletic events and admission to college-sponsored activities.

TUITION AND FEES SCHEDULE 2013 - 2014 COLLEGE YEAR

The college reserves the right to change tuition and fees in accordance with the Legislature of the State of Colorado.

Costs for 2014-2015 are not available from the State of Colorado. Contact Students Services at 719-384-6831 or visit www.ojc.edu/tuition.aspx

Resident Tuition and Fee Schedule - On Campus Instruction

Credit Hours	Tuition	COF Stipend	Net Per Credit	Fees	Regis Fee	Total
1	183.50	(64.00)	119.50	8.23	12.25	139.98

10	1,835.00	(640.00)	1,195.00	82.30	12.25	1,289.55
11	2,018.50	(704.00)	1,314.50	90.53	12.25	1,417.28
12	2,202.00	(768.00)	1,434.00	121.19	12.25	1,567.44
13	2,385.50	(832.00)	1,553.50	123.27	12.25	1,689.02
14	2,569.00	(896.00)	1,673.00	125.35	12.25	1,810.60
15	2,752.50	(960.00)	1,792.50	127.43	12.25	1,932.18
16	2,936.00	(1,024.00)	1,912.00	129.51	12.25	2,053.76
17	3,119.50	(1,088.00)	2,031.50	131.59	12.25	2,175.34
18	3,303.00	(1,152.00)	2,151.00	133.67	12.25	2,296.92

The State of Colorado subsidized in-state resident tuition by directly paying part of each credit hour directly to the colleges. This money, known as College Opportunity Fund stipends (COF), is applied to an in-state student's tuition if the student applies for and authorizes the use of the stipend. Currently the College Opportunity Fund (COF) stipend is estimated to be worth \$64.00 per credit hour.

Combined Room & Board Rate		
Dormitory	15 - Meal Plan	19 - Meal Plan
Double - Wunsch/SS	2,879.00	2,983.00
Single - Wunsch/SS	3,363.00	3,466.00
Double - Conley Complex	3,181.00	3,283.00

Student Housing Sites: Wunsch Hall (on campus), South Site (off campus) E.J. Conley Residential Complex (on campus).

*Single rooms based upon availability.

**Rooms may be converted to triple occupancy if demand is high.

**The college reserves the right to change tuition and fees in accordance with state law.*

Course Fees

For the 2013-2014 academic year, all courses with the following prefixes will be charged a \$6.35 per credit hour fee. Courses included within these categories have been deemed to be medium to high cost by the Colorado Community College and Occupational Education System Board. Otero Junior College is required to collect these fees in order to recover some of the costs associated with producing these courses.

PREFIX	DESCRIPTION	PREFIX	DESCRIPTION
ABM	Agriculture Business Management	**EMS	Emergency Medical Services \$140 for liability insurance and testing fee
AG	Agriculture	GEY	Physical Science
*ART	Visual and Performing Arts *Plus \$25 materials fee for specific courses	HPR	Health Professional
ASE	Auto Service Technology	HWE	Health and Wellness
AST	Astronomy	MGD	Multimedia Graphic Design
BIO	Biology	MOT	Medical Transcription
CAD	Computer Assisted Drafting	MUS	Visual and Performing Arts-Music
CHE	Physical Science	**NUA	Nursing Assistant \$140 for liability insurance and testing fee
CIS	Computers	**NUR ***	Nursing \$54.65 differential tuition fee + \$140 for liability insurance and testing fee
CNG	Computer Networking	PHY	Physical Science
CRJ/LEA	Criminal Justice - Law Academy	SBM	Small Business Management
CWB	Web Management	THE	Visual and Performing Arts-Theatre
DAN	Visual and Performing Arts-Dance		All Remedial Courses - 060-090
EGGDRT	Engineering		

Fees: Student Center Fee = \$6.15 per credit hour, \$67.65 maximum (11 hrs),

Student Government Fee = \$10.63, Intercollegiate Athletics Fee = \$17.95,

Registration Processing Fee = \$12.25, Fitness Center Fee = \$2.08

* ART 121, 122, 123, 124, 125, 131, 143, 161, 162, 175, 211, 212, 274 \$25 Materials Fee

**Nursing, EMS and CNA courses also have a pass through fee of \$140 for liability insurance and testing.

***Per Board Policy all NUR prefix courses will be charged a differential tuition of an additional \$54.65 per credit hour.

Other Charges Include: Cap, Gown, & Diploma*: \$35.00, GED Test: \$150.00

* Cap, gown, and diploma fee is payable at least eight weeks prior to graduation.

Payment of Tuition and Fees

Students who owe a balance from a prior term or who are financially obligated to OJC – whether through a third-party promise-to-pay, outstanding deferred payment, or failure to account for college property in their possession (including library materials) – will not be allowed to register for subsequent terms and will not be issued an official transcript or diploma until the balance owed is paid in full and all obligations satisfied.

Students may pay all or part of their tuition and fees during early registration or may settle their account on the first day of classes. The total balance of all tuition, fees, room, board, and other current charges is due no later than 5:00 p.m. on the 12th class day of the term to which the charges apply.

Balance due is computed by subtracting all confirmed student financial aid grants and scholarships from current charges. The remainder is what must be paid by the twelfth day of the term. If a third party sponsor arrangement (such as an employer or government agency) is to pay all or a portion of the charges, students will need to provide the college cashier with written evidence of this agreement in order to have the amount deducted from the balance due. Parents or family are not considered third party sponsors.

Satisfying financial obligations is the final step in the registration process. Students may be administratively dropped from all classes for non-payment of their account.

Refund/Repayment Policy

The first 12 class days of each semester are considered the drop/add period, when students may adjust their class schedules without penalty. If a student officially drops classes by completing the required forms in the Student Services Center before 5:00 p.m. of the 12th class day, full refund of tuition and fees shall be made for the dropped classes except for the non-refundable registration processing fee. The unused portion of room and board charges will also be refunded. However, if a student withdraws after the 12th day, the student will be charged full tuition and fees and the pro-rated amount for room and meals through the day of withdrawal.

Financial Aid Repayment

If a student does not attend even one class (a “no show”), all financial aid awards to that student will be canceled and repaid to the funding source.

If a student withdraws, drops out, or is expelled within the first 12 class days, that student is treated, for refund/repayment purposes, the same as a “no show.” No Title IV financial aid money is disbursed, the award is canceled, and funds are returned to the funding source.

Financial aid awards are not disbursed to student accounts until after the 12th day of class. After the 12th day, the student will receive 100 percent of the financial aid due, to be applied first against any balance due to the college, with any additional amount being disbursed to student to meet past, current, and future living expenses.

Financial Aid Repayment- continued

Financial aid eligibility will be recalculated and amount of refund or repayment will be determined by the financial aid office for students who withdraw, drop out, or take a leave of absence after the 12th day of class and prior to completing 60 percent of the term. Disbursement checks will be made to the student within a reasonable time after the 12th day. For more information, contact the financial aid office at 719-384-6834.

Senior Citizen Scholarships

Senior Citizens are classified as individuals over the age of 60 at the time a class begins. These students may enroll in courses and receive a \$50 per credit hour scholarship. Scholarships are limited to six (6) credit hours per academic year. Scholarships will only be given if the course has room to accommodate extra students on a space available basis. Enrollees must also qualify for the COF stipend and utilize those funds for courses. Weight Training and other PED courses are not eligible for this discount.

Choir and Aerobics are "performance-based courses" and the only courses for which qualified senior citizens may enroll in multiple times and receive the Senior Citizen Scholarship. Registration for all credit classes is handled through the OJC Student Services.

Senior Citizens also have the opportunity to enroll in health and wellness programs offered through the Healthways SilverSneakers Fitness program. These are no-cost programs offered to seniors through their Medicare healthcare provider.

*See the Affiliated College Programs section of this catalog for more details.

Living Accommodations and Expenses

Residence Hall - All single freshman students under 21 years of age who do not live with their parents or relatives while attending Otero Junior College are required to live in OJC Housing. Residents must be 17 years of age at the beginning of the year under contract. The college president may grant a waiver of the minimum age based on extenuating circumstances unique to the role and mission of community colleges.

Students over 21 years of age may live in OJC campus housing based on special program needs, availability, and suitability as determined by the college president.

All students living in the campus housing are required to be enrolled as full-time (12 credit hours or more). Additionally, students residing in campus housing are required to purchase one of the provided meal plans in the college cafeteria. Charges are computed on a cost basis and are subject to change whenever costs change.

If students leave during the first six weeks of any semester, the unused portion of the room and board charges will be refunded. After six weeks, there will be no refund for room and board.

Housing Options at OJC

Housing options at OJC include three separate facilities. Wunsch Hall is located just a few yards from the Student Center and Food Court. Wunsch Hall is a multi-story complex with a men's wing and a women's wing. The rooms are set up to be double occupancy with central restroom and shower facilities on each floor. The facility has a central lobby and game room. The E.J. Conley Residence Complex is located directly across the street from the Student Center and features double occupancy single floor units that share a bathroom with the adjoining suite. The South Site housing facility is leased by OJC from the City of La Junta. It is located 1.5 miles south of the campus on San Juan Avenue. These units are single floor, double occupancy with a bathroom that is shared with the adjoining suite.

Colorado Residents Living on Campus - Tuition, fees, books, and supplies will cost approximately \$4,500 per year. Room and board will cost from \$5,758-\$6,566 per year. Personal expenses will average about \$700 per year. Total cost is approximately \$11,000. Some students will require less than this amount while others will require more. Travel expenses to and from home are not included in these estimates.

Out of State Residents Living On Campus - By simply adding \$3,200 to the figure for Colorado Residents, the estimate for out-of-state students is fairly accurate. Total cost is approximately \$14,200.00.

Other Housing Options

Private Homes - Sophomore students and/or students over 21 years of age may choose to rent a room in a private home. Apartments will generally average \$450 per month per student.

Commuter - The full-time commuting student will spend approximately \$4,500 per year for tuition, fees, books, and supplies. Personal expenses and commuting expenses must be added to this figure.

Other Costs

Printing - Otero Junior College utilizes a software product called PaperCut, to monitor printer and paper usage. At the beginning of each semester, all students will be allotted a \$25.00 allowance printing privilege which equates to 250 pages of printing at .10 cents a page. Should the student find they need to print more than the maximum of 250 pages, they will be required to purchase PaperCut Print Cards in either Student Services or the Bookstore. PaperCut Print Cards are valued at \$10.00 each for 100 pages of printing, are non-refundable, and will expire at the end of each semester. Students will be responsible for monitoring their individual printing privileges and managing their own accounts. Additional information on PaperCut can be found at <http://www.ojc.edu/PaperCut.aspx> or visit the OJC Student Services office.

-NOTES-

Student Services

STUDENT SERVICES ---

Admission

How to Apply- OJC's admission policy reflects a belief that everyone should be given the opportunity to engage appropriate courses.

Students at least 16 years of age will in most cases be automatically admitted to OJC. Students who do not meet these requirements must first take a test to demonstrate their ability to benefit from college work.

Admission to the college does not assure that students will be admitted to the program they choose. Some instructional programs are limited to a certain number of students each semester. The college has established a priority system to assure that program applicants will be selected impartially.

New Students - Students should first submit an Application for Admission which is available online at www.ojc.edu by clicking on *My OJC* and then clicking on *I still need to apply*, located near the bottom of the page. Applying early improves choices and makes entry into college smoother.

Re-admit Students - Students are required to re-submit an Application for Admission if enrollment at the college is interrupted for two or more semesters (including the summer term). Students may submit their Application for Admission online at www.ojc.edu by clicking on *My OJC*.

Pre-College Program and Orientation - Pre-college program students are encouraged to attend an orientation session prior to enrollment. Orientation provides general information on topics such as registration, advising, financial aid, support services, and campus activities; a campus tour is included. Call 719-384-6831 to schedule a session.

Immunization - Colorado law requires first-time college students to provide proof of adequate immunization against measles. If born on or after January 1, 1957, or if living in the residence hall, students need to submit proof of two MMR shots (measles, mumps, rubella), one given on or after the first birthday and a second dose 30 days later. If the second measles dose came before July 1, 1992, the second mumps and rubella may be waived. In addition, all students living in campus housing must receive the Meningococcal (meningitis) vaccine or sign a waiver against it. Students should contact the Student Services Center for more information.

Transfer Students - Students wanting to transfer to OJC should have their previous official college transcript sent to OJC as soon as possible. Unofficial transcripts are not accepted and an official transcript must come directly from all colleges attended. Once an evaluation has taken place, the students will be sent an evaluation of the credits that are transferable to OJC. This process usually takes three weeks. Transfer students should be aware of Otero Junior College policy information. Only Otero Junior College coursework will be used in computing grade point averages for graduation and for any academic honors. Students must be in an Associate of Arts, Associate of Science, Associate of Applied Science or an Associate of General Studies degree program. Transfer of academic credit to the college is governed by the following policies and procedures: Otero Junior College may examine credits to ensure that the content is not outdated or obsolete; Otero Junior College accepts credit from postsecondary institutions that are accredited by one of the approved six regional accrediting associations or by specified articulation agreements; credit may be awarded for courses in which a grade of "D" was received. However, certain programs may exclude the use of coursework in which the "D" grade was received.

Following is the Colorado transfer appeals process. Contact the Vice President for Student Services if you have any questions.

Transfer dispute appeals process for Colorado public colleges and universities

1. Otero Junior College shall adhere to the Colorado Commission on Higher Education policy and general procedures for solution of transfer disputes.
2. Students must file an appeal within 15 days of receiving their transcript evaluation by writing the Registrar at the receiving institution. The decisions made in the transcript review will be binding if the student fails to file a complaint within this time. Upon receipt of the student's written appeal, the receiving institution will have 15 days to respond in writing to the student.
3. If the dispute cannot be resolved between the student and the staff of the receiving institution, the student may appeal in writing to the sending institution. The campus presidents from the sending and receiving institution will attempt to resolve the dispute within 30 days from the receipt by the sending institution of the student appeal. Agreement between the sending and receiving institution will constitute a final and binding decision which the receiving institution will communicate to the student.

Services for Students with Disabilities - Students with documented disabilities should contact the Student Success Center located in Wheeler Hall, Learning Commons, or call 719-384-6862 about free services to assist them. Services include: tutoring, note takers, readers/writers for tests, extra time for in-class reading/writing, in-class aide for reading/writing, accommodation of physical setting in classroom, tape recorded lectures, enlarged print on handouts/tests, tests in the Student Success Center, sign language and oral interpreting, adaptive equipment, alternative testing, software/hardware accommodations and other specialized academic procedures.

Procedures for Documentation of Disability - Students with a disability are **required** to contact the coordinator of Student Success Center (SSC) if they need assistance. The coordinator will evaluate the documentation of a disability, facilitate reasonable and appropriate accommodations, and monitor academic progress.

It is the responsibility of the student to supply adequate documentation of disability and bear the cost of provision of such documentation. When documentation is received, the student and coordinator determine reasonable and appropriate accommodations and details for permission to conference. Instructors in each of the student's classes are then notified of necessary accommodations. For more information contact: 719-384-6862.

Current High School Students/Post Secondary Options Act Students - The Post Secondary Options Act allows current student at Colorado high schools to enroll in courses offered by OJC. These courses will appear on an OJC transcript and credit for courses successfully completed may be applied toward a certificate or degree at OJC. High school students must complete an application for admission, provide an immunization record and complete the Colorado Post Secondary Enrollment Options form. These forms are available from the OJC Student Services Center or from your local high school counselor. High school students are not eligible for financial aid.

For more information contact your high school counselor or call the OJC Student Services Center at 719-384-6831.

International Students - International students will have a quality experience at Otero Junior College. Students from other cultures enrich learning and campus life for everyone. The college is authorized under federal law to enroll non-immigrant students with current visas. These students are classified as international students and will pay the published non-resident student tuition rate.

An international student is any non-immigrant individual in the United States for the purpose of study at an American college or university. The student will hold an F, J or M non-immigrant visa. The term - international student – includes only those on an F-1, M-1 or J-1 student category, visa. International students must follow the general policies of the institution established for all students; however, some specific policies reflect rules and regulations of the USCIS (U.S. Customs & Immigration Services).

International Student Application Packet Forms. Applicants who wish to be admitted as international students (as defined above) must submit the following documents in order to complete the application process. An application packet can be obtained from Student Services, Otero Junior College, 1802 Colorado Ave. La Junta, CO 81050, online at www.ojc.edu/proIntApplication.aspx or by submitting an email request to international@ojc.edu.

International Student Application Packet Forms - *continued*

Forms Include:

- 1) International Student Application Form. Supporting documents to include with this form:
 - i. Copy of the identification page of the student passport.
 - ii. Official secondary school record indicating date of graduation, courses taken, grades earned and with the official seal of the institution issuing the documents; with translation if the transcripts are in a language other than English.
 - iii. TOEFL score of 450 PBT, 133 CBT or 46 iBT or better; IELTS score of 5.5 or better or other acceptable proof of language ability; for native English speakers, secondary school records will be used to verify that English was the primary language of instruction at your secondary school.
- 2) International Student Financial Support Form. Supporting documents to include with this form:
 - i. An official financial statement bearing a bank's seal or other notarized document showing adequate resources to support the applicant's needs for a period of one year is needed.
 - ii. Affidavit of support form signed and notarized for financial resources other than student's personal funds or governmental scholarship.
- 3) Transfer Request Form (for students transferring from U.S. based institutions ONLY). Supporting documents to include with this form:
 - i. Copy of current and all former student visas to the United States
 - ii. Copy of current and all former I-20 documents
 - iii. Official copy of transcripts from all former institutions.

Upon acceptance students will need to submit the following:

- 1) Arrival information form (in Welcome Packet included with the I-20 immigration document)
- 2) Medical History form
- 3) Copy of the student's immunization record and English translation if not in English
- 4) Housing Application with a \$100.00 deposit.
- 5) ACCUPLACER test of proficiency before registration. Students will be required to follow course placement in English, mathematics and reading as indicated by their test results. International students will take the ACCUPLACER and register for courses as a part of International Orientation at the beginning of each term.

Since all documents become the property of Otero Junior College, it is recommended that applicants submit official or certified versions of the document attesting that the document is a true copy of the official version.

Requirements to maintain status include:

- 1) Maintaining enrollment of at least 12 credit hours (a minimum of 9 credit hours must be on-campus to qualify/maintain F-1/M-1 student status) as per USCIS guidelines.
- 2) Make progress toward the completion of the student's educational objectives within a reasonable period of time.
- 3) Pay balance on the student's OJC account at time of registration or by the deadline established by the Business Office.
- 4) Verification of health insurance is mandatory and may be obtained through the college or the applicant's home country. It must be noted that, if the health insurance policy has been written in the student's home country, some doctors may insist on payment at the time of treatment. The student would have the responsibility to collect from their insurance by submitting receipts for payment of services.
- 5) Non-compliance with any USCIS guidelines will result in probation or suspension.

For more information contact the Rochelle Wallace, International Student Advisor at 719-384-6805 or email International@ojc.edu

Mandatory Basic Skills Assessment and Placement

The State of Colorado in accordance with House Bill 1464 mandates that beginning students to Colorado's state-supported institutions of higher education must be assessed. First-time students entering college Fall 2001 who are declaring a degree or certificate program will be required to take courses based on the test results from the Basic Skills Assessment Test. Students registering for any English or mathematics courses, or any course that requires English, mathematics or reading prerequisite skills, will also be required to test and enroll based on the results from testing. This is to ensure that students are prepared to succeed in college level courses.

Students will be advised and assisted in registering for the appropriate courses; they will be prevented from registering for courses for which they do not have the appropriate prerequisite courses or test score. Students must complete all required basic skills courses within their first 30 credit hours of enrollment.

Students receiving financial aid may lose funding if basic skill course work is not completed within the 30 credit hour limit. Please contact the Student Services Office at 719-384-6831 for the assessment scores needed for college level placement.

Assessment Information

The Testing Center is located in McBride Hall Student Services Center. The phone number is: 719-384-6831, FAX: 719-384-6933. Online information can be found at: www.ojc.edu/placementTesting.aspx

Basic Skills Assessment Test

Students studying for a degree or certificate at OJC must take the assessment test before meeting with an advisor to enroll in classes. Otero Junior College uses the Accuplacer Placement Exam. This involves taking a test in reading, English and math. The purpose for assessment is to help students succeed by placing them into courses appropriate to their academic skill level. Students will be required to enroll into appropriate English, Math, or reading courses based upon their Accuplacer test scores. Students may want to review with the use of study guides if they have not had any math or English courses in a while. Students who would like to review before testing may access study guides on the OJC website: www.ojc.edu/placementTesting.aspx

__Students may be **exempt** from one or more of the tests if they meet one of the following criteria:

1. Submit proof of an Associate degree or higher degree.
2. Submit transcripts showing the successful completion of basic-skills instruction in reading, writing or mathematics from another institution.
3. Submit transcripts showing the successful completion ("C" or better or its equivalent) in a college-level course in English and/or math from another institution.
4. Submit minimum ACT scores of 17 in reading, 18 in English, and 23 in math, or SAT scores of 440 in verbal and 460 in math.

NOTE: Students must submit copies of their college transcripts or ACT or SAT test scores to the Otero Junior College Student Services Center to receive an exemption from taking all or part of the assessment test.

Assessment for Distance Education Students

All students taking classes at OJC, including over the Internet and any other distance education courses, must meet the Basic Skills Assessment Test (BSAT) requirement. There are some exemptions to this policy based on ACT scores and previous coursework a student may have taken prior to OJC. Please refer to the exemptions policy information above. The goal at OJC is for all students to be successful in their coursework. The Basic Skills Assessment Test reveals subject areas of English, math and reading where there are strengths and weaknesses. In some subject areas, students may be able to take the classes without remediation.

Assessment - continued

The test required at OJC for placement into classes is the Accuplacer Exam. This test will need to be taken to enter college level English or math. It is delivered on most community college campuses; however, students cannot take the test at home or in an un-proctored environment.

To take these tests at a location other than OJC, out of state, or out of the country, students will need to contact the OJC Testing Center at 719-384-6831 and request a remote test proctor.

Advising

Academic advising is recommended for all students. Through advising, students will learn which courses must be completed to achieve their educational goals. Advisors will use program requirements and information published in the current college catalog.

Problems concerning course load or proper choice of courses should be discussed with Student Services.

When admitted, students will select an academic advising area. The area selected should be part of a degree or program objective. Advisors must review and approve programs before processing registration.

Credit for Prior Learning - Students can earn credit for prior learning through:

1. Standardized tests (demonstrating knowledge of a subject through nationally accepted tests such as CLEP or DAN TES).
2. Published guides (such as guides published by the American Council on Education).
3. Challenging a course (enroll in a course and make arrangements with the instructor to take a test demonstrating your knowledge of the course content).
4. Articulation agreements with local high schools (high school courses OJC has agreed to accept for college credit).

Registration

After advisement and selection of classes, the next step is to register. This simply involves submitting an approved registration form for input into the records system. This step can be completed in the Student Services Center or online through MY OJC during the registration period, which begins several months before the new semester. Students can also register during the first week of classes of the new semester; however, class selection is limited at that time.

Residency Classification - For tuition purposes, students must be classified as either in-state or out-of-state when they are admitted. Classification for tuition purposes at state-supported colleges and universities is governed by Colorado statute. Before being entitled to in-state tuition, students must be domiciled in Colorado and fulfill specific citizen responsibilities for one full calendar year prior to registration. Those requirements state that a student 23 years of age and younger be required to provide proof of emancipation from their parents. Parents need to have entirely surrendered the right to their care, custody and earnings and make no provisions for their support. Emancipated minors who have been granted in-state tuition status are subject to reclassification as out-of-state if their parents resume support.

Students classified "nonresident" pay a higher tuition charge than those classified "resident." However, students classified as nonresidents who believe that they can qualify as residents may obtain a petition for In-State Tuition Classification and a copy of the Colorado statute from the Student Services Center. Students must submit the petition plus required supporting documents to the Student Services Center by the first day of classes for the term they wish to be considered for in-state status. Be aware that turning in a petition does not guarantee that residency status will be changed. If the petition is denied and students do not drop classes by the deadline, they must still pay the tuition and fees charged for nonresidents.

To challenge the ruling on the petition, students may appeal to the Tuition Classification Review Committee. Contact the Student Services Center staff for more information. To access Colorado's complete statute on residency qualifications go to: <http://higher.ed.colorado.gov/Finance/Residency/qualified.html>

Residents of Alaska, California, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Wyoming, Arizona and Washington qualify for a special tuition rate. States available for this rate may change each year. Check with the Vice President for Student Services for a current listing of states participating in the program. Contact the Student Services Center at 719-384-6831 for additional information.

Course Load - The average course load for students is 15 semester hours. To be considered full-time, students must be enrolled in a minimum of 12 semester hours. Students will not be allowed to take in excess of 18 semester hours unless they obtain permission or the curriculum chosen requires more hours. Students may be advised to take fewer hours than a curriculum requires which could extend the number of semesters of attendance. Permission to take more than the maximum 18 semester hours allowed must be obtained from the Vice President for Student Services.

Other Information

Active Duty Military - Active-duty military personnel (and their dependents) whose permanent change of duty station is Colorado may qualify to pay in-state tuition by submitting written certification through their assigned base/post Education Services Office.

Classification of Students - Students are classified according to the number of credit hours completed. Freshmen are those who have completed from 0-29 credit hours; sophomores are students who have completed 30 or more credit hours. Students who carry a class load of less than 12 semester hours are classified as part-time.

Adding/Dropping Classes - After the first five days of classes, all courses added must be approved by the instructor of each course added. Students may officially drop classes during the first 12 class days of the term. Failure to officially drop by the deadline does not negate any financial obligation. Students wishing to drop or add a course or withdraw from college must secure necessary forms from the Student Services Center.

Administrative Withdrawals - The college reserves the right to withdraw students from classes at any time during any given semester. Generally, these withdrawals are initiated as a result of non-attendance of classes, non-payment of tuition, or disciplinary problems. Such withdrawals do not negate any financial obligation on the part of the student.

Withdrawal from College - If a student withdraws from a course any time after the 12th class day until the end of the 12th week of the semester, the grade of "W" will be recorded on the student's permanent record. A student who withdraws from the college before the end of the semester must obtain a withdrawal form from the Student Services Center. Leaving school before financial obligations are cleared will cause the withholding of all credit earned at the college. Students attending college under the G.I. Bill are required to notify the Veteran's Administration whenever there is a change in training status.

Records and Transcript of Credits - All grades reported to the Student Services Center by instructors are entered upon permanent records. These grades will be changed only in the case of a grading or reporting error by the instructor. Grades and transcripts may be withheld in cases where the student has an indebtedness to the college. To protect the confidentiality of records, no transcript will be released without student's written or electronic request. One week is customary for the processing and mailing of all transcript requests. The educational record maintained in the Student Services Center usually contains the courses completed and grades earned, admissions application, previous educational record (high school or college transcript), health form, and an A.C.T. and/or S.A.T. score report if submitted.

Repetition of Courses - Students may repeat any course at OJC. Duplicate credit will not be granted; only the highest grade and quality points earned when the course is repeated will be counted in the cumulative grade point average. Although repeating a course helps a grade point average, some four year colleges average all courses attempted whether courses have been repeated or not. It is the responsibility of students to advise the Student Services Center in writing when a course is repeated.

Student E-mail - All students are automatically issued a college student e-mail address once the admission process is complete. This address will be the preferred e-mail address inside the Banner system. Any existing personal student e-mails will remain in the Banner system, but will no longer be the preferred account. Students will have the ability to forward e-mail from the college-issued account to their personal account. It is very important that students go to www.ojc.edu to activate their email account. Once on OJC's home page, students should click on "My OJC" located in the upper right corner of the homepage. When the site opens up, students enter their student number and password to log on. Instructions to activate the email account can be found on the homepage. This email address is the address that will be used for official correspondence from the college.

Public Information and Student Record Security

Under the Family Educational Rights and Privacy Act of 1974, the information in student files may only be released under specific conditions. Current or former students of Otero Junior College have complete access to their records and may view them upon request at the Student Services Center. If records contain errors, appeals in writing must be submitted to the Vice President for Student Services.

The following is considered public information and may appear in college directories, publications, and news releases, or be disclosed to anyone inquiring:

- name,
- major field of study
- dates of attendance
- participation in officially recognized activities and sports
- weight and height of athletic team members
- degrees and awards received

Students may withhold disclosure of public information by filing a written request with the Student Services Center. All other information in student records is considered private and not open to the public without written student consent. Only the following individuals, because of their official function, have access to this information:

Otero Junior College officials; state or federal education authorities; officials evaluating application for financial aid; state and local officials requesting reporting data; organizations conducting studies for educational institutions or agencies; accrediting organizations; parents of dependent students (proof of dependency required); and Veterans Administration staff.

In case of judicial orders or emergencies in which information is needed to protect student safety, health or welfare or that of others, OJC may also release information without consent. To review the full Family Education Rights and Privacy Act of 1974, go to: www.ojc.edu/FERPA.aspx

Guaranteed Transfer Courses and the 60 + 60 Agreement

For the AA/AS degree, the **State Guaranteed General Education Transfer Courses** and the Colorado Community College General Education Requirements have been incorporated into the degree.

Completion of the AA/AS degree with a grade of "C" or better in every course, guarantees that the student can transfer to any Colorado public 4-year institution AND complete any liberal arts or science baccalaureate degree with an additional 60 credits taken at the 4-year institution.

NOTE: This guarantee excludes majors in Education, Business, Engineering or Nursing. See your Community College Advisor for these degrees with distinction.

The Colorado Community College system has a communication requirement of either COM 115 - Public Speaking or COM 125 - Interpersonal Communication.

Students should understand that a "D" grade may fulfill OJC's graduation requirements as an academic elective, but will negate the guarantee of the 60 + 60 transfer degree. Students should also understand that any Credit for Prior Learning, Advanced Placement, correspondence courses, CLEP, any credits transferred in from another college, or tested only courses, may not apply to the guaranteed 60 + 60 transfer degree.

Grading and Scholastic Standards

A	Excellent or Superior
B	Good
C	Average
D	Deficient
F	Failure
I	Incomplete
S	Satisfactory
U	Unsatisfactory
S/A	Satisfactory (A-level) work in a developmental course
S/B	Satisfactory (B-level) work in a developmental course
S/C	Satisfactory (C-level) work in a developmental course
U/D	Unsatisfactory (D-level) work in a developmental course
U/F	Unsatisfactory (F-level) work in a developmental course
W	Withdrawal
AW	Administrative Withdrawal (available as an individual college option)
AU	Audit

Place Holders

SP	Satisfactory Progress
Z	Grade not yet reported
R	Repeat Field

Only A's, B's, C's, D's, and F's are used to calculate grade-point averages.

Grading and Scholastic Standards - continued

Grade Reports - Final grades will be posted to the student's *My OJC* site at www.ojc.edu about a week after classes end. Grades are not mailed to students.

Auditing Courses - Students must elect to audit a course within the first 12 class days of a term. Instructors must be notified of the intent to audit within this time limit, and this is indicated on the official class roster. Once a final grade of "AU" is officially reported by the instructor, the grade cannot be changed. Tuition for auditing is the same as those courses for college credit.

Incomplete Grades - Incomplete ("I") grades must be completed the semester immediately following the term the "I" was assigned, excluding summer term. "I" grades not completed the following term will be converted to and "F".

President's List - Students enrolled in 12 or more semester graded credit hours and earn a 4.0 grade point average are eligible for the President's List. Students who receive a grade of F, I, or U will be ineligible for the President's List.

Vice President's List - Students enrolled in 12 or more semester graded credit hours and earn between a 3.75 and 3.99 grade point average are eligible for the Vice President's List. Students who receive a grade of F, I, or U will be ineligible for the Vice President's List.

Institutional Recognition List - Students enrolled in 12 or more semester graded credit hours and earn between a 3.50 and 3.749 grade point average are eligible for the Institutional Recognition List. Students who receive a grade of F, I, or U will be ineligible for the Institutional Recognition List.

Part-Time Students Honors List - Students enrolled in six to eleven semester graded credit hours and earn a 3.50 to 4.00 grade point average are eligible for the Part-Time Students Honors List. Students who receive a grade of F, I, or U will be ineligible for the Part-Time Students Honors List.

Permanent Record (Transcript) - All grades submitted to the records office by the instructor are entered upon permanent student records and will only be changed in case of an instructor reporting an error.

Academic Progress Policy - Students who earn less than a 2.00 GPA at the end of any semester of enrollment will be issued an "academic warning." If students earn less than a 2.00 GPA at the end of the ensuing semester, they will be placed on "academic probation" the next semester of enrollment. Students on academic probation must earn a GPA of at least a 2.00 by the end of the semester of probation or be placed on "academic suspension" for the following semester. While academically suspended, students cannot enroll at Otero Junior College.

Once removed from academic suspension, the student can enroll at Otero Junior College, but must earn a GPA of at least 2.00 at the end of the semester; otherwise, the student will be placed on academic suspension, in this case for one academic year.

Any student who has been placed on academic suspension may appeal to the Vice President of Student Services. An appeal must be submitted in writing not later than one week prior to the first day of classes of the semester for which the student wishes to enroll.

Graduation

Degree - Associate of Arts - The A.A. degree is awarded to students choosing to satisfy the general education requirements outlined in the Degree Programs section of this catalog and plan to transfer into a four year institution.

Degree - Associate of Science - The A.S. degree is awarded when students satisfy the general education requirements outlined in the Degree Programs section of this catalog and plan to transfer into a four year institution.

Degree - Associate of General Studies - The A.G.S. degree is awarded to students choosing to satisfy the degree requirements outlined in the Degree Programs section of this catalog.

Degree - Associate of Applied Science - The A.A.S. degree is awarded to students choosing a two-year occupational program designed for immediate employment.

Certificates - Several programs are offered that can be completed from one semester to two years. Students satisfactorily completing requirements in these programs receive certificates.

How to Apply for Graduation - During the semester immediately preceding program completion, an Application for Graduation must be filed with the Student Services Center. Students are responsible for submitting this application by the end of the first week of Spring semester. Students must complete a minimum of 15 semester hours at OJC. Prospective graduates must also pay the cap, gown, and diploma fee no later than March 1.

Commencement - Graduation occurs immediately after the end of classes for spring semester. There is no fall graduation ceremony. Students meeting graduation requirements during any other semester of the academic year may participate in the commencement exercises or graduate in absentia.

All spring semester degree students are required to attend commencement exercises following spring semester. Persons unable to attend the Commencement exercises must obtain permission from the VP of Student Services.

Graduation With Honors - Students graduating with honors must have at least 30 credit hours at OJC. Only credits earned at OJC will be used for calculating academic honors. Students must be enrolled in an associate degree program to qualify for honors. Students with 4.00 grade point averages are graduated SUMMA CUM LAUDE. Students are graduated MAGNA CUM LAUDE if they have maintained a grade point average of 3.75 to 3.99 and CUM LAUDE with a grade point average of 3.50 to 3.74.

Note: Honors recognition at Commencement are based on cumulative GPA through the Fall Semester.

Other Services

Cafeteria and Food Court - The Otero Junior College Cafeteria and Food Court is located in the Student Center and is operated by Sodexo Campus Services. During the academic school year, the cafeteria is open for three meals a day Monday through Friday and two meals on weekends. Students living in the dormitory are required to purchase a meal plan. All other students may purchase meals a la carte or purchase a discount cash card that provides both convenience and savings.

Breakfast is served Monday through Friday from 7:00 a.m. to 10:00 a.m. On Saturday and Sunday a brunch is served from 11:00 a.m. to 12:30 p.m. Lunch is served Monday - Friday from 10:00 a.m. to 1:30 p.m. Dinner is served Monday - Friday from 4:00 p.m. to 6:30 p.m. Dinner is served on Saturday and Sunday from 5:00 to 6:00 p.m..

Computer Use Policy - In support of its mission of teaching and community service, the Colorado Community College System (CCCS) provides access to computing and information resources for students, faculty and staff within institutional priorities and financial capabilities. The computer Use Procedure contains the governing philosophy for regulating faculty, student and staff use of the System's computing resources. It spells out the general principles regarding appropriate use of equipment, software, networks and data. In addition to this policy, all members of the CCCS community are also bound by local, state and federal laws relating to copyrights, security and other statutes regarding electronic media.

To protect themselves and the confidentiality of data, users are prohibited from disclosing their passwords to others.

The complete computer use policy can be found at:
<http://www.cccs.edu/SBCCOE/Policies/SP/PDF/SP3-125c.pdf>

Emergency—Information Alert System - The OJC Alert System consists of student and staff notification via email, phone, cell phone, and text messaging in the case of an emergency or notification of important information. An emergency message phone line is also maintained to inform students and staff of school closures or other important information. To access the number, dial: 719-384-6993.

Library Services - Wheeler Library offers students a full service library. The Library is open over 70 hours a week during the semester with many of the services available electronically through the home page. A campus ID card is required to borrow materials from Wheeler Library and needed to access the library's databases. For more information see the Instructional Services section of this catalog.

Other Services - continued...

Bookstore - The Otero Junior College Bookstore is housed in the Student Center and is open for all students, staff, faculty and the general public.

Store hours are from 7:30 to 4:00 weekdays. Store merchandise includes textbooks, solution manuals, study guides, lab manuals, art supplies and required supplies for all courses offered at OJC. The Bookstore also offer OJC apparel, nurse uniforms and a wide assortment of backpacks and bags. Other products include postage stamps, snacks, cold drinks, NFL mugs and gift items.

MyOJC Portal is a single sign on portal which allows users to access the latest events, announcements, student records, financial information, email, classes, employment records, and forms, all in one easy and convenient location. MyOJC Portal serves students, faculty and staff. The link to access the portal is located on the website home page (www.ojc.edu) in the upper right hand corner of the page. Students, faculty and staff will need their S# and unique password to sign on.

Online Registration and Student Record Information - Students can access *MyOJC* from the homepage of the Otero Junior College website at www.ojc.edu. From this site students can register, add or drop classes, look up classes, view schedules, billing statements and withdrawal information. Students are also able to view holds, midterm grades, final grades, transcripts, and request an official transcript.

Student ID Cards - Student ID cards are available at the Student Services Center for all enrolled students. The ID card is needed for checking out materials at Wheeler Library, accessing tutoring services through the Student Success Center, and entry into student events on campus and using the Fitness Center. For students living on campus, the ID card serves as identification for food service. There is no charge for student ID cards. A \$10.00 fee will be charged to replace lost ID cards.

Tutorial Services - Students can access tutorial services either in person at the Student Success Center, located in Wheeler Hall/Learning Commons or by calling 719-384-6862. For more information see the Instructional Services section of this catalog.

Financial Aid

STUDENT FINANCIAL AID PROGRAM ---

Low tuition and fee rates and the absence of most residential fees keep the cost of attending Otero Junior College to a minimum. Nevertheless, Otero Junior College does operate an extensive financial aid program for students who find it impossible or difficult to enter or remain in college without some type of financial assistance.

Financial Aid is awarded to students on the basis of need. In determining need in a consistent way for all aid candidates, Otero Junior College requires all students and/or parents to submit the Free Application for Federal Student Aid. The Free Application for Federal Student Aid and information about financial aid may be obtained from the high school guidance counselors or from the OJC Director of Financial Aid at 719-384-6834. The FAFSA website is: www.fafsa.ed.gov

Types of Financial Aid Available

Scholarships:

- Colorado Scholarship Program
- Private Donor Scholarships

Grants:

- Federal Pell Grants
- Colorado Student Grants
- Federal Supplemental Education Opportunity Grants
- State Student Incentive Grants

Loans:

- Federal Stafford Student Loans (Subsidized and Unsubsidized)
- Federal PLUS Loans (parents)

Employment Opportunities:

- College Work-study Programs

Award Descriptions

Colorado Scholars Program - Scholarships of tuition are available to Colorado residents who have a cumulative high school grade point average 3.00 or better and enroll full-time at OJC the fall semester after graduating from high school. These scholarships are also available to returning OJC sophomore students who have maintained at least a 3.00 cumulative GPA.

Applications must be received by the Director of Financial Aid by August 1. Awards are made depending upon the availability of funds and will be supplemented by the Colorado Student Grant if the student receives both awards. (Funds from the Colorado Scholars Program are not available for the summer term).

Private Donor Scholarships - The Director of Student Financial Aid administers a number of scholarships established by individuals and organizations interested in OJC and its students. Eligibility for these awards varies according to the donor's wishes. Information concerning these awards is available from the Director of Student Financial Aid.

Federal Pell Grant - These grants are designed to provide financial assistance to those who need it to attend post-high school educational institutions. The maximum award for the 2013-2014 academic year is \$5,845. Amount of the award is set each year by the U.S. Department of Education. Grants may be awarded to full-time and part-time students who are U.S. citizens, meet other federal mandated guidelines and are making satisfactory academic progress.

Federal Supplementary Education Opportunity Grants - One year grants-in-aid, valued at \$100 to \$4,000 depending on the extent of documented need, are designed to assist students of exceptional financial need, who, for the lack of financial means of their own or of their families, would be unable to attend college. The Federal Supplemental Education Opportunity Grant may be renewed annually upon application, providing the recipient continues to meet eligibility requirements.

Colorado State Grant - The Colorado student program is designed to assist needy students with educational expenses. To qualify, students must be residents of the State of Colorado and must demonstrate and document financial need. Colorado Student Grants to out-of-state students are not available.

Federal Stafford Student Loan - This loan is available to students who have demonstrated financial need. The loan is secured through the William D. Ford Federal Direct Loan Program. A student may obtain a loan up to \$3,500 for freshman status and \$4,500 for sophomore status (students who have completed 30 credit hours or more), based on documented need. Cumulative loan limits for a four-year degree program are \$23,000. There is no loan payment or interest charged while the student remains in school at least halftime. Students must begin repaying the loan at a fixed rate, capped at 8.25%, six months after they graduate, leave school, or are enrolled less than half-time. These loans are guaranteed by various agencies and reinsured by the federal government.

College Work-study Employment -The college work-study program (Federal and State) is designed to provide financial assistance in the form of part-time employment for students in need of such assistance to begin or continue their college education. Employment under this program is authorized for any student who shows need for assistance and is enrolled at least half-time. Students from low income families are given first priority for available funds. Students employed under the work-study program are limited to a maximum of 15 hours per week during the regular academic year but may be authorized to work up to 29 hours per week during the summer and other vacation periods. Students employed under work-study are paid at the applicable minimum wage rate.

Part-time Student Financial Aid - Part-time students who are enrolled for a minimum of three (3) credits are eligible to be considered for financial aid. Contact the Student Services Center for details.

Financial Aid Application Procedures

All students applying for financial assistance must complete the Free Application for Federal Student Aid. Applicants for financial assistance are not considered until they have completed all admission requirements and have been issued an official notice of admission to the college

The deadline date for submitting applications for financial assistance is June 30, 2013 for Academic Year 2013-14 and June 30, 2014 for Academic Year 2014-15. Students who are seeking financial assistance are urged to submit their completed applications well in advance of the anticipated semester of registration.

Requests for additional information can be obtained by writing to the Director of Financial Aid, Otero Junior College, 1802 Colorado Avenue, La Junta, CO 81050 or by calling 719-384-6834.

Part-Time Employment

About one-third of the students enrolled at Otero Junior College work part-time in the community to help pay their expenses. A limited number of jobs are available on the campus.

Veterans

Otero Junior College is approved for veteran training and works with the Veterans Administration and the Colorado Department of Veterans Affairs to help student veterans who enroll at the college. Veterans need to submit all records of previous education and training to the Student Services Center within one semester of enrollment or risk losing educational benefits.

Otero Junior College Scholarships

Classified Employee Scholarship - The Otero Junior College State Classified Employees are offering one scholarship of \$250 for the 2013-2014 year to a qualified returning OJC sophomore. In order to be eligible for this scholarship, the recipient must be enrolled as a full time student (12 credit hours) per semester and maintain a cumulative 3.0 GPA. This recipient must be a US Citizen or permanent resident. Submit completed application by April 15, 2013.

OJC 2.5 GPA Agriculture Scholarship – This Academic Scholarship is based upon cumulative High School GPA of 2.5. To be considered for this scholarship you must submit the application for admissions and be accepted by August 1st prior to the beginning of the fall semester. This scholarship will pay \$750 towards tuition per semester for full time students. Application deadline is August 1.

OJC 3.0 GPA Scholarship - Scholarships of \$1,000 per semester for tuition are available to Colorado residents who have a cumulative high school grade point average 3.00 or better and enroll full-time at OJC the fall semester after graduating from high school. These scholarships are also available to returning OJC sophomore students who have maintained at least a 3.00 cumulative GPA. Application deadline is August 1.

OJC Cosmetology Scholarship – This Academic Scholarship is based upon a cumulative GPA of 2.5. To be considered for this scholarship you must submit the application for admissions and be accepted by August 1st prior to the beginning of the following semester. This scholarship will pay \$750 towards tuition per semester for full time students, based on available funding. Application deadline is August 1.

OJC Non-Traditional Student's Organization (NTSO) Scholarship Scholarships of \$150 are available for students that will be enrolled at OJC for the fall term. Students are only allowed to receive this scholarship once in a 12 month period. Recipients must be a non-traditional student (i.e. single or teen parent, married, divorced, disabled, career change, returning student, widow, widower, separated, etc.). Deadline to submit for Fall is: September 9, 2013.

OJC Program Scholarships - OJC Arts Scholarship, Otero Arts Festival Scholarships, OJC Humanities Department Writing Scholarship, OJC Math, Science and Technology Scholarship, OJC Theatre Department Scholarship. Application deadlines are April 15.

Room and Board Scholarship - Students living in campus housing are awarded a \$500 per semester room and board scholarship that goes toward their housing costs. Students must live in campus affiliated housing to qualify for the scholarship.

OJC Foundation & Community Sponsored Scholarships

OJC Foundation President's Leadership Scholarship - Scholarships of \$1,000 per year are awarded to recipients who have applied and are selected on a competitive basis to enter into the President's Leadership Program and earn a Certificate in Leadership Studies. Application deadline is April 15.

Amy Blair Memorial Scholarship, established through PEO- The scholarship awards one freshman or sophomore student. In order to be eligible for the scholarship, the recipient must be a full time female student. The student must also maintain a 2.5 G.P.A. Scholarship is based upon funding. Application deadline is April 15.

Cecil Colley Scholarship – The family of Cecil Colley offers one \$2,500 scholarship that can be renewed for subsequent years if the recipient remains in the same area of study and maintains at least a 3.0 GPA. Priority will be given to students whose area of study is engineering or physical science. Application deadline is April 15.

Central Colorado Education Trust Scholarship - Two \$1,000 scholarships will be awarded to entering freshmen on a competitive basis. Recipients must have graduated from a southeastern Colorado high school, plan to attend OJC on a full-time basis, be enrolled in a degree program and plan on returning to live and work in the agricultural community upon graduation.

Colorado Master Farm Homemaker Scholarship – This scholarship awards one \$500 scholarship to a Colorado woman with an agriculture background. This scholarship is intended to be given to someone who has had her college education interrupted or postponed and is hoping to attend a college, trade school or a secondary education institution. Homemakers are encouraged to apply. Applications must be returned to CMFHG and must be returned by May 15, 2013. Applications are available from County CSU Extension offices and Scholarship Chairman, Elsa Mae Reynolds, 23526 WCR 66, Greeley, CO 80631. (970-353-1665)

Daniels Fund Scholarship- The scholarship awards recipients \$1500. In order to be eligible, the recipients must obtain on the following requirements: Non-traditional students (at least 23 years of age), GED recipients, Returning military (DD214 required), Foster care youth, Juvenile justice youth, EMT/paramedic training. The recipients must also be enrolled in at least 9 credits and demonstrate need on the FAFSA application.

Earl "E.J." Conley Memorial Scholarship – The family of E.J. Conley offers two scholarships to incoming freshmen. Students must plan to participate in Associated Student Government, participate in athletics, or pursue a field of study in political science or history. The scholarship amount is dependent upon funding. It is renewable for the second year if the recipient maintains a 2.5 GPA and meets the above requirements. Scholarship amounts will be dependent upon funding. Application deadline is April 15.

Community Sponsored Scholarship Opportunities-continued

EE Bruegel Memorial Scholarship- The scholarship offers one scholarship in the amount of \$300. The Scholarship will be awarded to a freshman or sophomore student attending OJC. The recipient must also be a graduate of Las Animas High School and demonstrate need based on FAFSA application. Application deadline is April 15

Franzman Family Nursing Scholarship – The Franzman family offers one \$1,500 scholarship for nursing students pursuing an Associate of Applied Science Nursing. Recipient must be a citizen of the United States, graduate from an accredited high school with a 2.5 grade point average or higher. Priority will be given to graduating high school students from Crowley or Cheraw High Schools. Application deadline is August 6.

Franzman Family Scholarship – The family of Pete and Alberta Franzman offers one \$1,000 scholarship. Recipient must be a citizen of the United States, graduate from an accredited high school with a 2.5 grade point average or higher. Priority will be given to graduating high school students from Crowley or Cheraw High Schools. Preference will also be given to students majoring in business administration or agriculture. Application deadline is April 15.

Freda T. Roof Scholarship - Ms. Roof established this scholarship fund in order to benefit worthy, deserving, and needy students who are obtaining a college or university education in the state of Colorado. The recipient will be chosen by the Otero Junior College Scholarship Committee on the basis of the needs, circumstances, and the Abilities of the candidate. This will also be used to determine the amount of the scholarship. Application deadline is April 15.

Jolynn Dutton Peters Scholarship - The scholarship offers one scholarship in the amount of \$500 to a graduate of La Junta High School, Swink High School, or Cheraw High School. The scholarship will be awarded to a freshman or sophomore student attending OJC. The recipient must be a full time female student. The student must also maintain a 2.5 G.P.A. Application deadline is April 15.

Jose “Chinky” Gonzales Memorial Scholarship – The family of Jose “Chinky” Gonzales offers one scholarship to an entering freshman who is an area graduate and is of Hispanic origin. The scholarship amount is dependent upon funding. Application deadline is April 15.

Kane Family Foundation Scholarship – The Kane Scholarship offers students \$1500 to incoming freshman or sophomores. To be eligible to apply, students needed to be seeking an Associate Degree, be accepted for admission to OJC, and have at least a 3.25 college or high school grade point average. Application deadline is April 15.

Community Sponsored Scholarship Opportunities-continued

Robert Hoag Rawlings Foundation Scholarship – The foundation offers two \$1,500 scholarships to students who plan to study journalism or business. Students applying should be from the 18-county Southeastern Colorado area covered by The Pueblo Chieftain newspaper. Students should have a 2.5 or higher GPA and plan on furthering their education after finishing at Otero Junior College. Application deadline is April 15.

Twila Anderson Scholarship- The scholarship offers one scholarship in the amount of \$500.00. The recipient must attend OJC full time after graduating high school and must meet the following requirements: have graduated from La Junta High School with at least a 3.0 grade point average and have participated in at least one (1) sport and/or belonged to a minimum of one (1) high school club or organization their senior year. Application deadline is April 15.

UCCS Kane Family Foundation Scholarship - The UCCS University Connection Program is a second scholarship opportunity with the Kane Family Foundation. Two students from OJC, who plan on completing an Associate Degree at OJC and then a Bachelor's degree at UCCS, will be provided with a scholarship that pays for tuition for up to five years. Freshman students must have completed high school with a GPA of at least 3.25. Returning students must have earned a minimum of 12 credit hours of college level courses with a GPA of at least 3.25. Application deadline is April 15.

Vera and Alan Shand Scholarship - This scholarship is to honor the memory of Vera and Alan Shand and their strong interest in education and health care. The scholarship will pay \$1,000 per semester for student pursuing degree in education and \$1,250 per semester for student pursuing degree in nursing. Recipient must be a citizen of the United States, a resident of Colorado for tuition purposes, graduate from an accredited high school with a 3.0 grade point average or higher. Priority will be given to graduating high school student from the lower Arkansas Valley (Fowler to Lamar) pursuing a degree in education. The scholarship is continued for a second year if the recipient remains in the same area of study and maintains at least a 3.0 grade point average. Application deadline is April 15.

Wickham Family Scholarship – Sandy and Kim Wickham, alumni of Otero Junior College, have been kind enough to award a \$500 scholarship for the 2013-14 school year to a deserving Otero Junior College student. Recipients must be pursuing a degree in the Engineering field or Math/Science. Recipients must attend OJC on a full-time basis and maintain a 3.0 cumulative GPA. They must also have graduated from high school with a 3.0 cumulative GPA or above. Application deadline April 15.

Other Community Scholarships Available

Knights of Columbus Scholarship

La Junta Elks Club Scholarship

Rocky Ford Lions Club Scholarship

Rocky Ford Rotary Club Scholarship

Southeast Colorado Power Association Scholarship

Tom Piquette Memorial Scholarship

Student Life

STUDENT ACTIVITIES AND ORGANIZATIONS ---

Student Government

Associated Student Government - The student body of Otero Junior College is represented by an Associated Student Government (ASG), presided over by the student body president. The ASG considers and makes recommendations regarding student affairs and the disbursement of student activity fees. The ASG is responsible for working with the Director of the Student Center and/or those others responsible for the supervision of activities in coordinating and promoting student activities. ASG promotes activities for the entire student body attending Otero Junior College.

The ASG membership is composed of the executive committee: president, vice-president, and secretary. There are five (5) elected or appointed senators from the freshman class and five (5) elected or appointed senators from the sophomore class. Representatives of all recognized organizations on campus are included.

Intercollegiate Athletics

Otero Junior College is a member of the National Junior College Athletic Association. The college competes with Region IX members of the association plus at the junior varsity level with a number of area four-year colleges and universities. Specific sports at the intercollegiate level include: Men's Sports - baseball, basketball, golf and soccer
Women's Sports - basketball, golf, softball, soccer and volleyball.

OJC also belongs to the National Intercollegiate Rodeo Association and competes in the Central Rocky Mountain Region with both a men's and women's rodeo team.

Publications

The Rattler News - *The Rattler News* is the official campus newsletter. The newsletter is produced by the Marketing Department. Produced quarterly, it attempts to present all the news and activities that are of interest to the campus community. The newsletter is distributed free to all students and staff.

Chinook - *Chinook* is a publication of writing and art. OJC students, faculty, staff, and community members can contribute original art, poetry, and prose ranging from personal essays to short stories. The magazine is compiled, coordinated, laid out, and printed under the direction of an appointed student editor. *Chinook* is published during spring semester.

Student Organizations

Alpine Club - The Alpine Club is dedicated to exposing students to the joys of outdoor recreation in the wild lands of Colorado. Members participate in activities such as rock climbing, hiking, backpacking, skiing and biking. Membership is open to all interested students. No prior outdoor recreation experience is necessary.

Art Club - Activities for the Art Club include trips to the Denver Art Museum, Colorado Springs Fine Arts Center, volunteering with the Otero Arts Festival in the spring, and hosting an OJC Student Art Show in the spring.

Campus Crusade for Christ - The Campus Crusade for Christ is a non-denominational organization which provides an opportunity for fellowship, Bible studies, and prayer. This organization meets generally once each week during fall and spring semesters.

Cheer Club - Cheer Club is open to all students who like to show their team spirit. The club has positions for cheerleaders, yell leaders, tumblers and pep squad members. The club focuses its efforts on the soccer and basketball seasons but encourages team spirit throughout the year.

Club Cosmetology - The Cosmetology Career Academy student organization enables Cosmetologist, Hairstylists, Nail Technicians, and Estheticians to participate in a professional student organization. The organization is based on competencies that business and industry representatives have deemed critical to job success. Membership is open to all students attending the Cosmetology Career Academy.

Green Team - The Green Team is an organization dedicated to recycling and preserving the environment. The Green Team spends one afternoon a month picking up recyclable items from across the campus.

International Relations Organization - The International Relations Organization is interested in promoting exchanges between peoples of different cultures, ethnic traditions, nationalities and religious differences. They coordinate a number of intercultural activities on campus and throughout the area to provide opportunities to both share and learn and promote involvement in campus life and personal enrichment through culturally diverse experiences.

Math Club - The purpose of the Math Club is to promote interest in the science and philosophy of mathematics and to provide information and guidance to students who plan to pursue a professional degree in mathematics or engineering.

Student Organizations - continued

Non-Traditional Students Organization - The Non-Traditional Students Organization's mission is to encourage, support, and respond to the unique needs and responsibilities of all non-traditional students contributing to the successful completion of their educational goals. Membership is open to any non-traditional student (i.e. returning, married, parenting, career change, and transitional).

Otero Players - Students with a desire to participate in stage productions are welcome to join the Otero Players. All participants gain experience in performance and aspects of technical production. Emphasis is placed on presenting a varied program of drama, music, and dance to the campus and community.

Phi Theta Kappa - Phi Theta Kappa - Phi Theta Kappa is a national honor society of two-year colleges. The OJC Delta Rho chapter offers qualified students support from fellow scholars of all ages, ethnic backgrounds, economic levels and fields of study, as well as opportunities for scholarships. To be eligible for membership, a student must be enrolled at OJC, must have completed at least 12 semester hours of course work leading to a recognized transfer degree, have a cumulative GPA of at least 3.00, and have earned a minimum of 3.5 GPA for the previous semester.

Sports Information Team - The Sports Information Team works to promote and support OJC athletics through numerous activities. Team members can become involved with filming games, photographing athletic events, writing news articles and assisting with the set up and tear down of athletic events. The team welcomes all students who love to work on the sidelines and in the trenches of athletic events.

Student Ambassadors - This organization strives to enhance leadership skills, promote educational growth, and increase service learning hours by providing ways for students to become involved with college events and serve as host or hostess to college guests. Members will be trained to conduct campus tours and serve as facilitators for on-campus public events.

Student Nurses' Association - This organization acquaints the student nurse to the professional responsibilities of nursing, providing opportunities for leadership, and growth through collegial relationships. Membership is open to all students admitted to the nursing program.

Wunsch Hall Club - The Wunsch Hall Club works to provide activities for dorm residents and to create a more livable and enjoyable atmosphere while students are attending Otero Junior College.

Other Organizations are started every year as interest develops. Students are encouraged to work through the Associated Student Government and sponsors of existing organizations and clubs to organize and develop new organizations.

Instructional Services

COLLEGE SUPPORT PROGRAMS

Learning Commons - Math & Science Learning Center

Funded in part by a U.S.

Department of Education Title III, Part F STEM grant, the Math and Science Learning Center was completed in 2013 and incorporated the OJC Wheeler Library and the college's Student Success Center into one facility, named The Learning Commons. The state-of-the-art facility features updated technology and equipment to facilitate greater learning and collaboration in the STEM fields as well as all areas of academic study.

The Wheeler Library section offers a coffee shop, study space, video editing rooms, a room for collaboration, iPads and laptops for use in the Learning Commons, reference materials, computers, and books for check-out.

The Student Success Center offers tutoring services, collaboration study rooms, disability services and hands-on learning resources.

Wheeler Library in Learning Commons

Wheeler Library is the heart of the Otero Junior College Campus in Wheeler Hall's Learning Commons. Library staff members are committed to helping students with their information and research needs necessary for successful completion of coursework, and work closely with instructors and staff at the Student Success Center, TRIO program, and other departments, to ensure that those needs are met. Students can access library services by opening a library account with their student ID card.

Wheeler Library offers a large collection of print resources including reference, non-fiction, and fiction books, as well as a wide-range of magazines and professional journals. Reference titles and several full-text databases are available digitally through the library's website, which is accessible either in-house or remotely. Computers are available for student use.

The internet, including the OJC computer network, is also available through a wireless connection. Library staff can assist students with course reserves, interlibrary loan, holds, finding and checking-out resources, database login issues, and equipment.

The library participates in a statewide courier system, which provides for faster interlibrary loan service. Laptops and iPads are available to checkout to use in the Learning Commons. Library instruction is available to orient students to Library services includes setting up user accounts, searching the online catalog, basic internet searching techniques, and website evaluation.

COLLEGE SUPPORT PROGRAMS

Student Success Center in Learning Commons

The Student Success Center provides free support services to all students to assist in fulfilling their educational objectives. These services include tutoring, transitional assistance, study skills, test taking, alternative testing, open computer lab, referrals, learning style inventories, and other assessments.

Students needing special materials because of a disability should contact the SSC before registration.

The Student Success Center (SSC) is located in Wheeler Hall/Learning Commons. For further information call 719-384-6862.

Student Support Services TRiO Program

Student Support Services (SSS) is a federally funded TRiO Program under the U.S. Department of Education. The goal of the program is to increase the college retention and graduation rates of its participants and help students make the transition from one level of higher education to the next.

Each year the TRiO program awards up to \$17,000 in scholarship support to students who are enrolled in the program. Students needing scholarship assistance should make an application with the program director.

All services are provided free of charge to TRiO Student Support Services participants.

Services provided by TRiO include:

- Financial Aid Assistance and Resources
- Tutorial Services – Individual, Group, or Drop-In Tutoring
- Workshops and cultural events – skills, budgeting, and museum tours, etc.
- Transfer assistance to four-year colleges and universities including tours, applications, financial aid and scholarship searches.
- Use of laptops, graphic calculators and iPads
- Textbook assistance program
- The TRiO Center is located in McBride Hall, Room 129

For further information call 719-384-6835.

COLLEGE SUPPORT PROGRAMS

OJC HYBRID COURSES

Otero Junior College's Hybrid courses provide students some flexibility in how their courses are delivered. Students will have scheduled face-to-face meetings with OJC instructors and through the use of the Internet will utilize a Learning Management System (LMS) to access course materials, complete reading and writing assignments, take exams, and communicate with the instructor and other students.

OJC Hybrid courses are not independent study or self-paced, they are instructor-paced. Students may contact their instructor via phone, email, or personal visits. Each course is a normal one-semester OJC course. Courses offered as Hybrid courses may vary each semester.

Technical Requirements

Platform:	Windows 7, XP or Vista Mac OS9, Mac OS X, Leopard, Snow Leopard, Lion
Hardware:	512MB of RAM, 1 GB free disk space
Software:	Microsoft Word, Microsoft Excel , Adobe Acrobat Reader
Browser:	Internet Explore 7.0 or higher, Firefox 5.0 or higher or greater. Safari 5.0 Javascript and Cookies Enabled, Pop-Up Blockers Disabled
Internet Speed:	Dial-Up (56K), DSL/Cable or Broadband <i>preferred</i>
Download Add Ins:	Adobe Flash, Adobe Shockwave, Java 6 update 26 Microsoft PowerPoint Reader

Technical requirements may change or be higher based on any given class. It is the responsibility of the student to keep their software and hardware updated with the latest upgrades. Alternate software is permissible if it can save to the .doc or .xls format. Dial-up is not preferred for classes that require large transfers of data, (e.g. Photoshop images, videos or webcam).

Students will need to be proficient with computers to access the Internet, reply to emails, and send attachments. Students also need to assume responsibility as a full partner in their OJC Hybrid learning process.

Tips for Success

- Attend the on-campus orientation/tutorial session offered each semester.
- Read your course syllabus carefully. This has all the information regarding your responsibilities as well as add/drop and withdraw dates.
- Log into your class right away and often to view new postings, assignments and tests.
- Communicate with your instructors often; they are your contact for the course.
- Expect to commit as much time to an Hybrid class as would be required for a traditional class.

Students who do not have access to a computer may find computers available in the Learning Commons and McBride Hall or during open computer labs on campus.

COLLEGE SUPPORT PROGRAMS

Desire2Learn (D2L)

OJC uses a learning management program called Desire2Learn (D2L) that uses the internet for course content delivery for both traditional classes and those that are taught as hybrids (online). The web-based platform allows students to access and submit assignments, take exams, and communicate with the instructor and other students. Instructors can add to their (D2L) courses additional tools such as discussion boards along with content such as documents, video and web pages.

(D2L) is endorsed as the web platform for all colleges in the Colorado Community College System.

Desire2Learn (D2L) Support

Support for D2L is available 24 hours a day, 7 days a week, 365 days a year.

For assistance log onto: <http://help.cccs.edu/>

Self-help Searches: Search this website for solutions to the most common problems.

Support over the Phone: Call toll-free any time (888) 800-9198.

Support via Chat: Chat with an analyst to ask questions in real time.

Submit a Problem: Don't have time to troubleshoot now? Send a help request and the staff will contact you.

General Education Development (GED)

The General Education Development (GED) program is an alternate means of earning a certificate equivalent to a high school diploma. The GED program is open to persons 17 years of age or older. The GED battery of tests is comprised of five subject and skill areas as follows: The Writing Skills Test with Essay Section; The Social Studies Test; The Science Test; The Reading Test; and The Mathematics Test.

BUENO HEP/GED is a High School Equivalency Program (HEP) that offers instruction in the subject and skill areas necessary to help students with job-entry-level studies. Actual time periods vary with the individual's educational abilities. In addition, simulated tests are administered to determine readiness for appropriate college-level classes and for the official GED tests. At that time, the student and instructor evaluate the student's progress.

The BUENO HEP/GED Center is located in Humanities Center, Room 130.

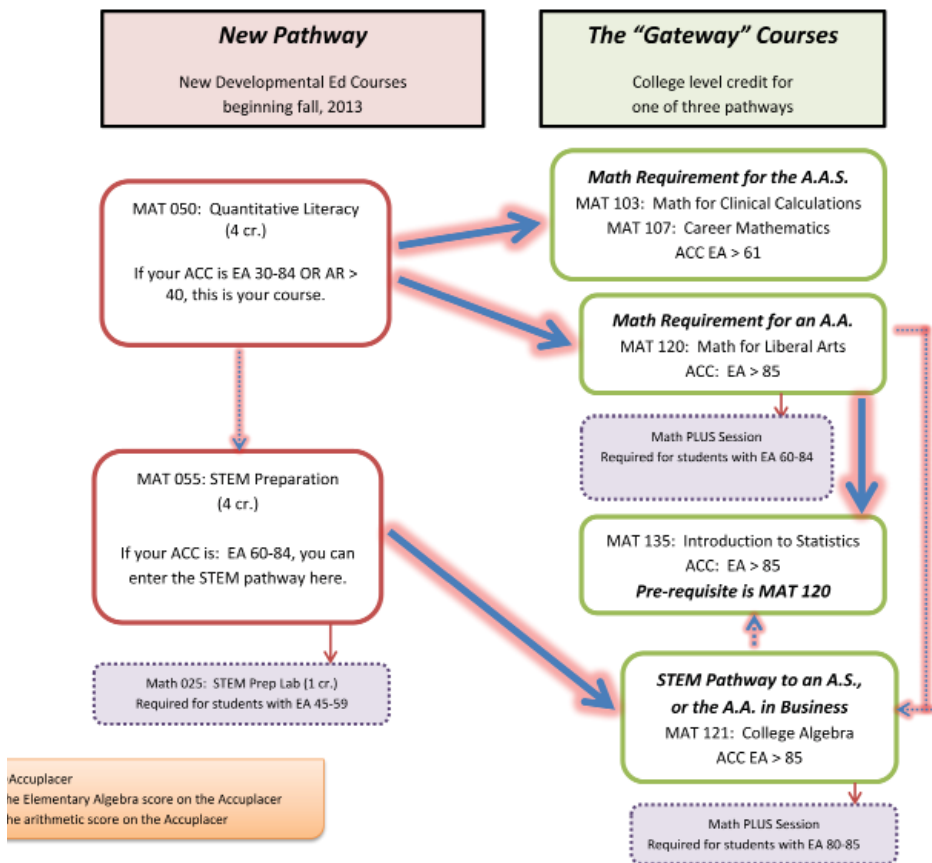

For additional information, interested students should contact the BUENO HEP office, 719-384-6848.

COLLEGE SUPPORT PROGRAMS

Developmental Education - Math Pathways

Otero Junior College offers pathways to 100-level Math courses based on the student's career or major area of interest. Students receive advising to help them choose the appropriate path and determine readiness for the initial math course for their career and/or transfer goals. Quantitative Literacy includes only content necessary for success in Non-STEM and Non-Transfer Math courses. STEM Prep includes content necessary for success in Science, Technology, Engineering, and Mathematics. Learning support co-requisites provide additional structured support to students who are close to the placement score and would like to enroll in the next course in their chosen sequence.

The Math Pathways to a degree at Otero Junior College

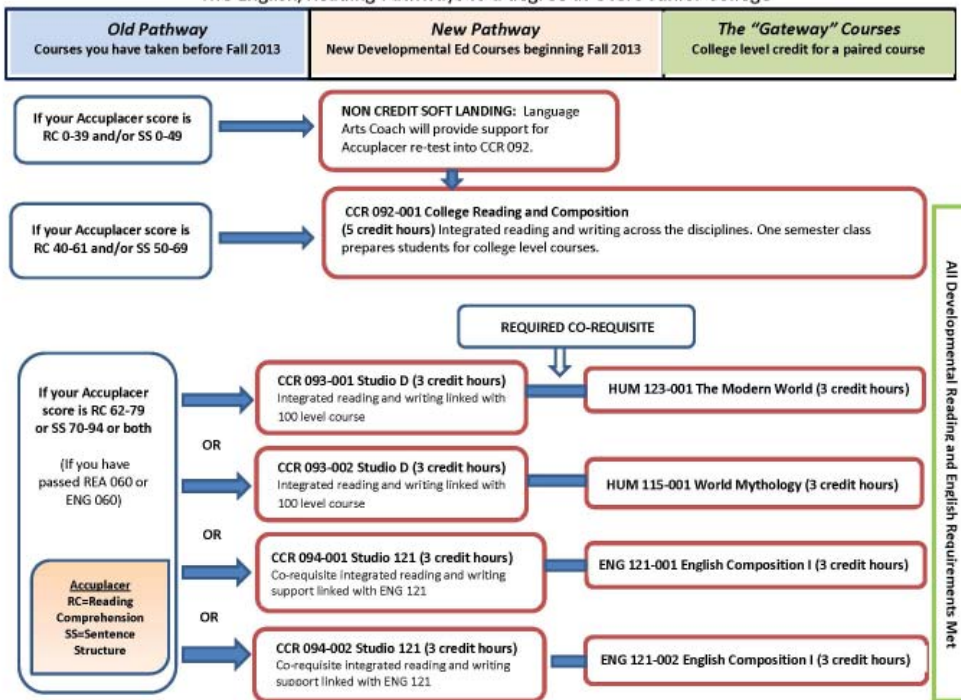

COLLEGE SUPPORT PROGRAMS

Developmental Education - English/Reading Pathways

Otero Junior College offers an accelerated model that provides students with the opportunity to enter a 100-level class no later than their second term of enrollment. After preliminary assessment, students will be placed in courses that offer supplemental instruction to encourage success.

These include a non-credit option for placement tutoring; co-requisite, credit-based lab support for College Reading and Composition coursework; integrated reading and writing linked to 100-level courses; and co-requisite integrated reading and writing paired with transfer level college composition courses.

The English/Reading Pathways to a degree at Otero Junior College

SPECIAL AND AFFILIATED COLLEGE PROGRAMS

Colorado Community College Online (CCCOonline)

Associate degrees and certificates through Colorado Community College Online (CCCOonline) offers opportunities to take traditional and specialized classes over the Internet. Students register at Otero Junior College and receive training from a system online instructor. For further details, go to: www.cccoonline.org or www.cccs.edu

Technical Requirements

CCCOonline delivers its courses on the D2L course management platform. In order for you to get the most out of the courses, the browser (Internet Explorer, Firefox, etc.) you are using needs to be configured to be compatible with the D2L system. Click on the Browser Diagnostics page to run a quick check of your D2L browser to make sure it works optimally with D2L.

ISP

If you plan to access CCCOnline courses from your home, you must have an active account with an Internet Service Provider (ISP). You may use either a PC or Apple/Macintosh computer for your online studies. The following are the recommended minimum computer system requirements.

Computer - IBM-compatible PC

- Intel Pentium 4 or Core, AMD Athlon or Phenom or greater processor.
- Operating System: WindowsXP or Apple/Mac or Chrome compatible.
Depending on your Operating System (OS), you will need 512 Megabytes of RAM, OS: Win 7, XP, Vista, etc.
- Connection: DSL/cable preferred.
- Please note that your connection to the Internet must not initiate from behind a firewall, unless the firewall is configured to access our server. In some cases, you may have to turn off your firewall while doing your work if it cannot be configured properly.
- CD-ROM / Hard drive, USB thumbdrive, web camera.
- Optional - Full Duplex Sound card with speakers/headphones and microphone (required in some courses).
- SVGA (1024x768) or higher display.

SPECIAL AND AFFILIATED COLLEGE PROGRAMS

Colorado Community College Online (CCCOOnline)

Computer - Macintosh

- 2.0 Ghz Core 2 Duo.
Note: If you have an older Macintosh, you can check the Apple Product Info Archive to see what processor your Macintosh has.
- 9.0, 10.0 or 11.0 (Leopard, Snow Leopard, Lion).
- 512 Megabytes of RAM.
- Full Duplex Sound with a microphone.
- Connection: DSL or cable broadband connection.
- Please note that your connection to the Internet must not initiate from behind a firewall, unless the firewall is configured to access our server. In some cases, you may have to turn off the firewall while doing your work if it cannot be configured properly.
- CD-ROM / Hard drive, USB thumb drive, webcam.
- 1024x768 or higher display resolution, thousands of colors.

Software - D2L System Checker which is located on the D2L login page.

Suggested: Microsoft Office 2007 (or newer). If you use other "Office" type programs, please note that some instructors may require you to convert your files to a MS-Office compatible format (generally rtf or txt files) for online submission.

Plug-ins - Some courses have audio, video and/or animation elements. Your computer will need special "plug-ins" for these files to work. Included below on this page is a link to the most commonly used "plug-ins." All of these "plug-ins" can be downloaded free of charge.

Flash Player - Many courses have interactive exercises or tutorials to help your understanding of course material. It is important that you have the most recent version of the Macromedia Flash Player so you can view these files.

QuickTime - QuickTime is a common plug-in that supports several digital media capabilities and components for audio, video and graphic images.

RealPlayer - RealPlayer lets you play streaming audio, video, animations, and multimedia presentations on the web.

Plug-ins Link - To download Flash Player, QuickTime or RealPlayer, go to: <http://ninite.com/> to download for free.

SPECIAL AND AFFILIATED COLLEGE PROGRAMS

Child Development Services

Child Development Services (CDS) has been a sponsored agency of Otero Junior College since 1974. It is the mission of Otero Junior College Child Development Services to provide high quality, comprehensive early childhood education programs for children from birth through 6 years old; to provide parent education programs that strengthen the family, develop basic literacy, encourage job training and personal development; and to develop community partnerships and coordination of community based services.

CDS administers three federally funded early childhood programs - Head Start, Migrant and Seasonal Head Start, and Early Head Start. These nation-wide, federally funded programs help low-income children, their families, and communities overcome the effects of poverty and help prepare children to start school.

In addition to Head Start programs, CDS administers the Colorado Preschool Program for East Otero School District. CDS provides services to over 900 children annually throughout a nine county area in southern Colorado.

CDS can be contacted at: 719-384-3100.

Community Involvement Opportunities

Chinook - *Chinook* is a publication of writing and art. OJC students, faculty, staff, and community members can contribute original art, poetry, and prose ranging from personal essays to short stories. The magazine is compiled, coordinated, laid out, and printed under the direction of an appointed student editor. *Chinook* is published during spring semester.

OJC Dance Program - The OJC Dance Program is dedicated to the principle that those who have the desire to dance should have an opportunity to do so. Movement education is the central focus for the youngest dancers; however, older students may choose from the more traditional disciplines of ballet, tap, modern, and jazz. The program also offers specialized movement classes. Students can register before the beginning of each semester by calling 719-384-6812.

Otero Arts Festival - Each year, junior high and high school students are invited to participate in juried art and writing competition. The Otero Arts Festival, organized by college personnel, is held on the campus and is open to the public. Scholarships, cash, and ribbon awards are presented to the winners.

Theatre Productions - The public is invited to attend and participate in the theatre performances staged by the college and community. The Otero Players present quality productions fall and spring semesters in the Ed Stafford Theatre, located in the Humanities Center.

SPECIAL AND AFFILIATED COLLEGE PROGRAMS

Degree Partnerships

Statewide Articulation Agreements

As a member of the Colorado Community College System, Otero Junior College can provide our students who wish to pursue advanced degrees, transfer agreements with four-year institutions.

To review a full list of transfer agreements, go to:

www.cccs.edu/edservices/articulation.html

Students may transfer 31 credits of completed general education course work (with a grade of C- or better in each course) to most public colleges in Colorado. Students who complete an Associate of Arts or Associate of Science degree are guaranteed to transfer 60 credit hours of courses required for those degrees to a four-year school, once they have been accepted for admission. Students who follow this plan should be able to finish a Bachelor of Arts or Bachelor of Science degree within another 60 credit hours.

PLEASE NOTE:

Some degrees may exceed the typical 120 credit hours required to successfully graduate.

Statewide articulation agreements for the following professional degree programs prescribe specific general education courses and degree requirements: Business; Early Childhood Education; Elementary Education; Engineering; and Nursing.

Otero Junior College works closely with the following 4-year colleges and universities

- Adams State College www.adams.edu or www2.adams.edu/extended_studies/

Students can take their first two years of course work at Otero Junior College, then complete their final two years with ASC, either online or on the Adams State College campus in Alamosa.

- Colorado Christian University www.ccu.edu/community_colleges

Colorado Christian University and the Community College System (CCCS) have worked together to create helpful transfer guides for students who wish to complete a bachelor's degree at CCU. The transfer guides show students which courses at their Colorado community college will transfer to a specific CCU

degree program. OJC students who earn an Associate of Arts (A.A.) or Associate of Science (A.S.) degree are guaranteed admission to CCU's College of Adult and Graduate Studies for up to 12 months after graduation with a degree or program certificate.

SPECIAL AND AFFILIATED COLLEGE PROGRAMS

Degree Partnerships

Otero Junior College works closely with the following 4-year colleges and universities

- Colorado State University-Pueblo www.colostate-pueblo.edu

Students can take their first two years of course work at Otero Junior College in all of OJC's recognized Programs of Study (see Degree Programs section of this catalog), then complete their final two years with CSU-Pueblo.

- Colorado State University-Fort Collins www.colostate.edu

Otero Junior College, in cooperation with Colorado State University - Fort Collins, has developed a two-year Associate of Science degree track with an emphasis in Agriculture in three different areas: Agriculture Business, Animal Science, and Soil and Crop Science. Upon successful completion, the degree, and all classes associated with the degree, will transfer seamlessly into the CSU-Fort Collins College of Agricultural Science where a student can earn a bachelor's degree with an additional 60 hours of credit.

- University of Colorado at Colorado Springs www.uccs.edu

OJC is working closely with UCCS to develop several programs of study that will result in seamless transfer, including pre-engineering and nursing.

- Colorado Mesa University www.colostatemesa.edu

After OJC students complete the Law Enforcement Training Certificate program at OJC they have the option to continue their education and earn an Associate of Applied Science Degree in Law Enforcement at OJC.

A transfer agreement with Colorado Mesa University allows OJC students who have completed the Associate of Applied Science Degree in Law Enforcement to continue their career advancement by earning a Bachelor of Science degree at CMU in Public Administration/Public Safety through an online distance education learning format.

Degree Partnerships

Special Articulation Agreements in Agriculture

Otero Junior College has developed special articulation agreements in Agriculture with the following 4-year colleges and universities

- New Mexico State University College of Agricultural, Consumer and Environmental Science

<http://aces.nmsu.edu/>

The College of Agricultural, Consumer and Environmental Sciences at New Mexico State University has signed a 2 + 2 agreement with Otero Junior College that allows students with an Associate of Science degree in Agriculture Business, Animal Science or Soil and Crop Science to transfer seamlessly and complete a Bachelor of Science degree.

- West Texas State University www.wtamu.edu

Otero Junior College, in cooperation with West Texas A & M University, has developed a two year Associate of Science degree track in Agriculture with areas of emphasis in Agriculture Business, Animal Science, and Soil and Crop Science. Upon successful completion of the degree requirements, students can

transfer seamlessly to WTAMU to complete a Bachelor of Science degree.

- Oklahoma Panhandle State University www.opsu.edu

OJC is working closely with Oklahoma Panhandle University to complete an articulation agreement for an Associate of Science degree in Agriculture Business, Animal Science and Soil and Crop Science to a Bachelor of Science degree as OPSU. The intent of the agreement will be seamless transfer in those emphasis areas.

SPECIAL AND AFFILIATED COLLEGE PROGRAMS

President's Leadership program (PLP)

Sponsored by the Otero Junior College Foundation

The mission of the President's Leadership Program (PLP) is to develop and train emerging leaders at Otero Junior College through a one- or two-year academic leadership program.

The objective of PLP is to provide academic, experiential and service learning programs designed to foster and cultivate leaders who are:

- Ethical, Visionary, Critical and innovative thinkers, Committed to action, Empowering of others, Rational and intuitive, Open to possibilities and Servants of the broader good.
- The program serves as a bridge between Otero Junior College and the greater community by continually developing partnerships with area leaders, businesses and community service organizations.
- Scholars who complete the program will earn a Certificate in Leadership Studies. The college is working to align PLP with similar programs at four-year colleges in Colorado, thus creating the opportunity for students to seamlessly transfer into those programs after leaving OJC.

Academic Learning

Students who complete the program are eligible for an academic certificate in Leadership Studies at Otero Junior College. The certificate requires 12-credit hours of study and is limited to scholars who are accepted into the program. The program requires two core leadership courses and additional elective courses from a wide-variety of academic programs on campus.

Students must complete the 6-credit hour leadership core plus an additional 6-credits of electives for the 12-credit hour certificate with a grade of "B" or higher to receive the certificate.

Required Leadership Core Courses

- 1). Management 175: Foundations of Leadership – offered during Fall Semester.
- 2). Management 225: Leadership – offered during Spring Semester.

The pre-requisite for enrollment in the 200-level class shall be the completion and passing of the 100-level class with a "B" or better for PLP scholars.

President's Leadership program (PLP)- continued

Service Learning

PLP places an emphasis on community service and civic engagement in order to help scholars develop a social awareness, civic responsibility and interconnectedness. Scholars will be required to do a minimum of 30 hours of community service each semester they are enrolled in the program. A total of 120 service learning hours will be required over the course of the program.

Experiential Learning

PLP scholars will be given ample opportunities to learn about leadership through numerous hands-on experiences throughout their one or two years in the program. This will be provided, but not limited to, annual leadership workshops and conferences, lectures from recognized leaders and opportunities for leadership positions on campus and in the community.

Experiential Learning Base Requirements:

Become an active member of Phi Theta Kappa or other approved organization, not including athletics.

Selection Criteria

Selection is based on leadership potential, intellectual curiosity and commitment to something outside one's self. Students must also meet the following requirements:

- A minimum 3.2 cumulative grade point average is required to apply.
- Intent to earn an associate degree at OJC and transfer on to a four-year college or university in pursuit of a bachelor's degree.
- Students who plan to pursue a Career and Technical Education certificate are also encouraged to apply.

All scholars will be chosen based upon:

- Completed written application that includes an essay question and examples of leadership and service experiences
- Two letters of recommendation
- High School or college transcripts
- Personal interview

Contact:

For more information about the President's Leadership Program, contact Program Director Samme Ormiston at 719-384-6850 or Samme.Ormiston@ojc.edu

SPECIAL AND AFFILIATED COLLEGE PROGRAMS

Southeast Colorado Resource Enterprise Center (SCORE)

The Southeast Colorado Resource Enterprise (SCORE) Center, is a one-stop facility that was opened in 2006 to meet the needs of economic development, business, housing and non-profit organizations in the region. The SCORE Center was funded through a grant by HUD's Hispanic Serving Institutions Assisting Communities program.

The SCORE Center houses the Grant Resource Office, OJC's Small Business Management Program, Small Business Development Center (SBDC), La Junta Economic Development, a satellite office for Tri-County Housing & Community Development Corporation, and the office for Otero County Economic Development. The facility is designed to allow various entities to pool their resources and work together to help boost economic development efforts in the area.

The Grant Resource Office, operated by Otero Junior College, is designed to assist area non-profit organizations in seeking grant funding and putting together successful proposals.

OJC's Small Business Management Program is an educational certificate program that enables small business owners to learn more about business planning, record keeping, financial analysis and marketing.

The Small Business Development Center works with future and existing small businesses in Otero, Bent, Crowley, Prowers, Baca and Kiowa counties to develop business plans and create successful enterprises.

Tri-County Housing & Community Development Corporation, which has its primary office in Fowler, has established a satellite office in the SCORE Center to make meeting more convenient for clients who live in eastern Otero County or in Bent County.

La Junta Economic Development facilitates business retention, expansion and attraction in the region through the formation of partnerships.

Otero County Economic Development works toward the expansion and attraction of business and industry to the county.

The center may be reached by calling the main line at 719-384-6961. Direct lines to each office are:

- Grant Resource Office: 719-384-6962
- Small Business Management Education Program: 719-384-6963
- Small Business Development Center: 719-384-6959
- Tri-County Housing & Community Development Corporation: 719-384-6964
- Otero County Economic Development: 719-384-6977

SPECIAL AND AFFILIATED COLLEGE PROGRAMS

STEM Grant (Science, Technology, Engineering and Math)

Otero Junior College has been awarded two grants totaling \$10.3 million through the United States Department of Education Title III, Part F Hispanic Serving Institution's STEM grants program to further science, technology, engineering and math (STEM) education. Each grant is for a five-year period and includes the following projects:

- The Success in STEM grant has allowed the college to develop additional STEM courses in Agriculture and Life Science and to update technology, equipment, and facilities on campus. Grant funds have been used to build a Math and Science Learning Center that is incorporated into the OJC Wheeler Library and the college's Student Success Center.
- The "Semillas de STEM (Seeds of STEM) is a cooperative grant with Trinidad State Junior College that is enabling the two community colleges to work together to increase the number of students completing courses and degree programs in math, physical science and engineering, and, ultimately, transferring to four-year institutions.
- Another aspect of the STEM grant project will be the development of additional courses and programs of study in STEM fields, and in turn, increasing the number of students who choose to study within those programs. Resources that are being made available to students include increased academic support services through additional tutoring, and a summer bridge program specifically geared toward STEM courses.
- The grants are allowing the college to work with students who plan to obtain a higher degree in a STEM field to make a seamless transfer to a four-year college or university of their choice. Through assisting students with transfer research and working to develop new and expanded articulation agreements with four-year institutions, students who pursue a higher degree in a STEM field should be able to transfer seamlessly once they have completed their degree at OJC.
- Outreach education and providing STEM experiences to area K-12 students is another important aspect of the grant. Year-round programming is provided to K-12 students that brings students to campus to experience unique STEM events as well as outreach experiences in the schools by STEM staff.

STEM Grant staff may be contacted for more information or to schedule an outreach event at:

Yolanda Jaramillo, STEM Grant Activities Director, 719-384-6868

Sarah Petramala, STEM Grant Program Assistant, 719-384-6974

Ginger Davidson, STEM Grant Transfer Specialist, 719-384-6975

The STEM Center is located in Wheeler Hall, Room 116.

Southern Colorado Educational Opportunity Center

The Southern Colorado Educational Opportunity Center (SCEOC) is a federally sponsored satellite program that assists low-income and first generation individuals to pursue post-secondary educational goals. Admission application procedures, financial aid preparation, career, and educational planning are some of the services offered through the SCEOC. Call 719-384-6852 for more information or visit the OJC office in McBride Hall, Room 150.

Degree Programs

DEGREE PROGRAMS

Guidelines

A student's career and technical education objective and academic educational objectives require careful planning. Students who change majors may take longer to graduate or may transfer with a loss of credit. The following degree programs can be completed in four semesters, going full-time and carrying the required number of hours. A student may choose, due to personal circumstances, to extend the amount of time for completion.

***Associate Degree 4-Year Alignment**

Associate of Arts Degree & Associate of Science Degree

Associate Degree 2-Year

Associate of Applied Science Degree & Associate of General Studies Degree

**Students who intend to earn a baccalaureate degree should plan their course work to meet the requirements of the Associate of Arts Degree or the Associate of Science Degree. Planning should include the general education requirements, courses in major and minor fields, and electives to best prepare the student for continued study at a selected 4-year college or university.*

General Education

In establishing general education requirements, it is the goal of Otero Junior College to assist students in gaining a more meaningful and productive awareness of the world and themselves. In addition, it is anticipated that this assistance will instill a desire in the student to broaden knowledge regardless of plans to continue formal education. The objectives for general education are:

- To develop ability in the skills of communication-reading, writing, listening and speaking.
- To introduce the student to certain fundamental knowledge useful to a better understanding of the world.
- To provide an acquaintance with the major areas of knowledge and an awareness of their inter-relatedness.
- To assist the student to better understand the relationship to other persons and the interdependence of all people in a modern world.

The listing of a course or program in this or any other college publication does not constitute a guarantee, or contract that the particular course or program will be offered during the time listed. All courses or programs are subject to scheduling changes or cancellations. Every effort will be made to inform students of such changes and/or cancellations.

General Information on Transfer of Credits

Students preparing themselves in any of the fields under the Associate of Arts or Associate of Science Degree curricula are generally interested in transferring to a four-year institution. Otero Junior College staff can make transfer as smooth as possible. If students will keep in mind some general observations concerning transfer, it will assist in planning a good curriculum. These general observations are:

1. Two general patterns of transfer exist.
 - a. Those colleges and universities that accept the Associate of Arts or Associate of Science degrees, grant junior standing, waive general education requirements and require the student to fulfill course requirements for a major and minor.
 - i. NOTE: A "D" grade may not transfer to another school. A "D" negates the guarantee of the 60 + 60 transfer degree.
 - b. Those colleges that evaluate all courses individually and apply them toward meeting general education requirements and require the student to fulfill individual course requirements. This type of institution may work out contract agreements with Otero and list courses to be taken before transfer, may require graduation, and also may require a grade point above a C grade or higher.
 - i. NOTE: Credits that carry a "D" grade may be counted toward graduation at OJC; however, a "D" grade may not transfer to another school. A "D" negates the guarantee of the 60 + 60 transfer degree.
2. Students who have graduated from a junior college by meeting the C grade or higher requirement has fewer transfer difficulties than do students who transfer without graduating.
3. Students can usually transfer a minimum of 60 semester hours of junior college credit or one-half of the degree requirements, whichever is greater.
4. Institutions may transfer only those courses for which they have equivalent offerings.
5. A change of major may extend the time required to complete a degree.
6. Credits that are transferred are generally evaluated in the following order.
 - a. General Education requirements.
 - b. Major and minor courses.
 - c. Elective credits.

Transfer of Associate of Arts and Associate of Science Degrees

Colorado public four-year higher education institutions will honor the transfer of an Associate of Arts (A.A.) degree and the Associate of Science (A.S.) degree earned at a Colorado public institution that offer A.A. or A.S. degrees. A student who earns an A.A. or A.S. degree at a Colorado public college, which includes completing the state guaranteed general education courses with a grade of "C" or better in all courses, will transfer with junior standing into any arts and science degree program offered by a Colorado public four-year college. Since 1988 Colorado has had an operating two-plus-two transfer agreement that ensures a student who completes an A.A. or A.S. degree with a grade of "C" or better in all courses, will have junior standing at the receiving institution i.e., transfer 60 credit hours. Because most liberal arts and sciences degrees are designed to be completed in 120 credit hours, a transfer student may complete a four-year degree in the same time as a native student, 120 hours. The receiving institution will evaluate credit for prior learning, Advanced Placement, and correspondence courses following its standard policy.

Transfer of General Education

Colorado's state guaranteed general education courses are designed to allow students to begin their general education courses at one Colorado public higher education institution and later transfer to another without loss of general education credits. That is, the state guaranteed general education may be applied to the general education graduation requirement or the graduation requirements of the declared major, whichever is in the student's best interest. Effective fall 2003, Colorado policy ensures that students who successfully complete a state guaranteed general education course will receive transfer credits applied to graduation requirements in all majors at all public institutions unless a specific statewide articulation agreement exists. The state's guaranteed general education curriculum is organized into five categories: communication, mathematics, fine arts and humanities, social and behavioral sciences, and physical and life sciences. To complete the Colorado state guaranteed general education core, students are required to take 11 courses or 38 to 39 semester credit hours and earn a C grade or better in each course. The guarantee is limited to the number of semester credit hours in each general education category.

Associate of Arts Degree Program

Students who choose to fulfill the following degree requirements will be eligible to receive the Associate of Arts Degree. The Associate of Arts Degree program is normally utilized by those students planning to transfer to a four-year institution at the completion of two years at Otero Junior College in order to complete their Bachelor of Arts Degree.

Minimum Competency Standards for Program Admission:

Students desiring to enroll in the Associate of Arts degree program must meet or exceed the entrance examination score based on the results of a basic skills assessment test (Accuplacer). The test is designed to direct students into appropriate English, reading and mathematics courses and to advise students in the selection of other courses. Prior to enrollment, all new students must complete an assessment. Research on Colorado's basic skills assessment programs indicates that new students who follow assessment-related advice have a higher rate of academic success. Colorado law now mandates that students who do not have the minimum test scores must complete the required basic skills coursework. Please refer to information in the Mandatory Basic Skills Assessment and Placement section of this catalog for exemptions to the BSAT test. (This skills assessment and placement applies to both degree or certificate programs).

Graduation Expectation

The Colorado Community College System's (CCCS) colleges have adopted a set of guidelines to define the conditions under which a student can expect to graduate with an Associate of Arts or an Associate of Science degree in two calendar years. The Academic Advising Center at each individual CCCS community college can provide additional information. The CCCS colleges guarantee that a student will be able to complete all course work necessary to earn an AA or an AS degree from a specific CCCS college in 60 credit hours and in 24 months. Students must satisfy all the conditions described below to be eligible for this guarantee:

1. Enroll at the same community college for at least four consecutive semesters, excluding summer.
2. Register within one week of the beginning of registration for each semester.
3. Have completed all required remedial coursework before beginning the count of two years to degree completion.
4. Enroll in and pass (with a C or better in each course) an average of 15 credit hours in coursework that applies to the AA/AS in each four consecutive semesters.
5. Obtain a recommended plan of study for the AA or AS degree plan of study, signed by the student and community college advisor, prior to registration for the second semester, and according to the requirements of the students' community college.
6. Follow the signed plan of study.
7. Continue with the same degree (AA or AS) from entrance to graduation.
8. Retain documentation demonstrating that all the above requirements were satisfied. (Advising records, transcripts, etc.).

Associate of Arts - General Education Core

*Students may transfer 31 credits of completed general education course work (with a grade of C- or better in each course) to most public colleges in Colorado. Students who complete an Associate of Arts or Associate of Science degree are guaranteed to transfer 60 credit hours of courses required for those degrees to a four-year school, once they have been accepted for admission. Students who follow this plan should be able to finish a Bachelor of Arts or Bachelor of Science degree within another 60 credit hours.

Statewide articulation agreements for the following professional degree programs prescribe specific general education courses and degree requirements: Business; Early Childhood Education; Elementary Education; Engineering; and Nursing.

Academic and Related Requirements

- A. Earn a minimum 2.00 cumulative grade point average from Otero Junior College.
- B. Complete a minimum of 15 semester hours at Otero Junior College.
- C. Complete a minimum of 60 semester hours as outlined in the above Course Requirements for the Associate of Arts Degree.
- D. Complete with a grade of "C" or higher all required courses (38/39 semester credit hours) that are to be counted towards the general education core curriculum.
- E. Complete the Application for Graduation form by the end of the first week of Spring Semester and pay for Cap, Gown, and Diploma by March 1.
- F. Be enrolled in Otero Junior College classes for semester of intended graduation.
- G. Complete the requirements for graduation in effect at the time of first-time enrollment. (NOTE: Students not enrolled for two semesters are required to complete all degree requirements in effect at the time of re-enrollment.)
- H. Meet all financial obligations to the College.

Graduation Restrictions

- A. May not use Basic Skills courses (those numbered below the general education core curriculum) toward the degree program.
- B. May not be granted more than one academic degree in the same semester.
- C. May not apply career and technical education courses toward the degree program other than those specified above.

Core requirements = 37 credits Elective requirements = 23 credits
AA Degree Total = 60 credits (100 level or higher)

*Remedial courses, (courses below 100 level) do not count toward graduation requirements

PLEASE NOTE: Some degrees may exceed the typical 60 credit hours required to successfully graduate.

Programs of Study

Designated Transfer Degrees

The following program curricula are designed to prepare the student to transfer to a four-year college or university with Statewide Transfer Articulation Agreements developed by the Colorado Department of Higher Education. The purpose of a statewide transfer articulation agreement is to identify the courses a student at a Colorado public community college must complete as part of an Associate of Arts (A.A.) or Associate of Science (A.S.) degree to be guaranteed to be able to complete a bachelor's degree program (B.A. or B.S.) at any public four-year college or university that offers that bachelor's degree program. For more information on Statewide Articulation Agreements, go to: <http://higher.ed.colorado.gov/Academics/Transfers/>

DESIGNATED TRANSFER DEGREES

AGRICULTURE BUSINESS- AS Degree with Designation

Otero Junior College, in cooperation with Colorado State University - Fort Collins, has developed a two-year Associate of Science degree track with an emphasis in Agriculture in three different areas: Agriculture Business, Animal Science, and Soil and Crop Science. Upon successful completion, the degree, and all classes associated with the degree, will transfer seamlessly into the CSU-Fort Collins College of Agricultural Science where a student can earn a bachelor's degree with an additional 60 hours of credit.

Student should work closely with their OJC advisor and contact their transfer institution choices for more specific transfer information. Other transfer information can be found at: The Colorado Dept. of Higher Education: <http://highered.colorado.gov/Academics/Transfers/>

Freshman Year

		Fall	Spring
ENG 121	English Composition I	3	
MAT 121	College Algebra	4

ENG 122	English Composition II		3
HIS	History		3
PSY 102	General Psychology II		3
	Elective		3

Sophomore Year

		Fall	Spring
CHE 111	General College Chemistry I	5	
	Social/Behavioral Sciences	3	
	Arts and Humanities	3	
PHI 111 or 112	Philosophy or Ethics	3	
	Electives		10
	Arts and Humanities		3
COM 115	Public Speaking		3
	or COM 125 Interpersonal Communications		

Students planning to transfer to University of Colorado Denver should complete both two-semester sequences of BIO 111 & 112 and CHE 111 & 112 at the community college; in addition, electives are restricted to non-Psychology courses.

DESIGNATED TRANSFER DEGREES

SOIL AND CROP SCIENCE - AS Degree with Designation

Otero Junior College, in cooperation with Colorado State University - Fort Collins, has developed a two-year Associate of Science degree track with an emphasis in Agriculture in three different areas: Agriculture Business, Animal Science, and Soil and Crop Science. Upon successful completion, the degree, and all classes associated with the degree, will transfer seamlessly into the CSU-Fort Collins College of Agricultural Science where a student can earn a bachelor's degree with an additional 60 hours of credit.

Student should work closely with their OJC advisor and contact their transfer institution choices for more specific transfer information. Other transfer information can be found at: **The Colorado Dept. of Higher Education:** <http://highered.colorado.gov/Academics/Transfers/>

Freshman Year (Option I)

		Fall	Spring
ENG 121	English Composition I	3	
MAT 121	College Algebra	4	
	or MAT 125 Survey of Calculus		
BIO 111	General College Biology I	5	
AGE 102	Ag Economics	3	
PHI 113	Logic (GT-AH3)	3	
ENG 122	English Composition I		3
GEY 111	Physical Geology w/lab		4
AGY 100	General Crop Production		4
CIS 118	Intro to PC Applications		3

Sophomore Year

		Fall	Spring
CHEM 111	General College Chemistry I w/lab	5	
PHY 111	Physics Algebra Based I w/lab	5	
AGR 260	World Interdependence	3	
AGE 205	Farm and Ranch Management	3	
COM 115	Public Speaking		3
HWE 100	Human Nutrition		3
AGY 240	Intro to Soil Science		4
HIS	History		3
	Arts and Humanities		3

The above courses are the articulation agreement with Colorado State University - Fort Collins. Ag Science articulation agreements also exist for New Mexico State University, Oklahoma Panhandle State University, West Texas State University, and under development at other universities. Please see your advisor for the correct course of study and articulation agreement specific to your transfer university.

DESIGNATED TRANSFER DEGREES**SPANISH - AA Degree with Designation**

Students interested in Spanish, with plans to pursue a Bachelor of Arts, would follow this recommended track. Student should work closely with their OJC advisor and contact their transfer institution choices for more specific transfer information. Other transfer information can be found at:

The Colorado Dept. of Higher Education: <http://highered.colorado.gov/Academics/Transfers/>

		<i>Freshman Year</i>	
		Fall	Spring
ENG 121	English Composition I	3	
HIS	Western Civilization History	3	
MAT 120	Math for Liberal Arts	4	
SPA 111**	Spanish Language I	5	
ENG 122	English Composition II		3
SPA 112**	Spanish Language II		5
	Social & Behavioral Sciences		3
	Arts and Humanities		3
		<i>Sophomore Year</i>	
		Fall	Spring
SPA 211*	Spanish Language III	3	
	Lab Science	4	
	Arts and Humanities	3	
	Social & Behavioral Sciences	3	
COM 115	Public Speaking	3	
	or COM 125 Interpersonal Communication		
SPA 212*	Spanish Language IV		3
	Arts and Humanities		3
	Lab Science		4
	Electives		6

* PLEASE NOTE: Those students who have a higher proficiency level than is required for SPA 211 or 212 should substitute other Arts & Humanities courses. Heritage speakers may want to substitute SPA 261 (Grammar-Heritage Lang Speaker) and SPA 262 (Comp-Heritage Lang Speaker), if available.

** PLEASE NOTE: SPA 111 and/or 112 may be waived, based on a student's proficiency level. Students should consult a departmental advisor at the four-year college or university.

Suggested elective courses: 200-level Spanish courses; courses outside the Spanish department with content related to the Spanish-speaking world.

Programs of Study - Emphasis Area Transfer Programs

The following program curricula are designed to prepare the student to transfer to a four-year college or university. Student should work closely with their OJC advisor and contact their transfer institution choices for more specific transfer information.

ART - AA Degree with Emphasis

Students interested in Art with plans to pursue a bachelor's degree, would follow this recommended track. Student should work closely with their OJC advisor and contact their transfer institution choices for more specific transfer information.

Freshman Year

		Fall	Spring
ART 111	Art History I: Ancient to Medieval	3

Associate of General Studies Degree Program

Students who choose to fulfill the following degree requirements will be eligible to receive the Associate of General Studies (AGS) degree. The Associate of General Studies degree is earned by those students who complete up to half of their program in approved academic transfer courses and the remaining half in career and technical education and other academic elective courses.

The Associate of General Studies degree recognizes those individuals who have completed a variety of courses in the institution without any specific major in mind. In some cases the AGS has been used in transfer to a four-year college or university.

Minimum Competency Standards for Program Admission

Students desiring to enroll in the Associate of General Studies degree program must meet or exceed the following entrance examination scores:

Otero Junior College uses the results of a basic skills assessment test (Accuplacer) to direct students into appropriate English, reading and mathematics course (s) and to advise students in the selection of other courses. Prior to enrollment, all new students must complete an assessment. Research on Colorado's basic skills assessment programs indicates that new students who follow assessment-related advice have a much higher rate of academic success. Colorado law now mandates that students who do not have the minimum test scores must complete the required basic skills coursework. Please refer to information in the Mandatory Basic Skills Assessment and Placement section of this catalog for exemptions to the BSAT test. (This skills assessment and placement applies to both degree and certificate programs.

The listing of a course or program in this or any other college publication does not constitute a guarantee, nor contract, that the particular course or program will be offered during the time listed. All courses or programs are subject to scheduling changes or cancellations. Every effort will be made to inform students of such changes and/or cancellations.

ACADEMIC ELECTIVES

15 Credits

All courses not used to meet the General Education requirements can be used as academic electives.

CAREER AND TECHNICAL / OTHER ACADEMIC ELECTIVES

30 Credits

The student may complete an additional 30 semester hours of career and technical education prefixed courses or other academic electives in order to satisfy this component of the degree program.

Academic Requirements

- A. Earn a minimum 2.00 cumulative grade point average from Otero Junior College.
- B. Complete a minimum of 15 semester hours at Otero Junior College.
- C. Complete a minimum of 60 semester hours as outlined in the above Course Requirements for the Associate of General Studies Degree.
- D. Successfully complete all career and technical education program courses chosen with a minimal grade of "C" in each course
- E. Complete the Application for Graduation form by the end of the first week of Spring semester and pay for the Cap and Gown by March 1.
- F. Be enrolled in Otero Junior College classes for the semester in which a student intends to graduate.
- G. Complete the requirements for graduation in effect at the time of first-time enrollment. (NOTE: Students who failed to be enrolled for two semesters or more will be required to complete all degree requirements in effect at the time of re-enrollment.)
- H. Meet all financial obligations to the College.

Associate of Applied Science Degree Programs

The primary purpose of the Career and Technical Education (CTE) programs at Otero Junior College is to prepare students with skills necessary to obtain entrance level employment in the field of their educational program. These programs are designed so most students can complete them in two years of full-time study.

Training includes job skill development and the related technical information necessary for the level or job competency which is the stated goal of each program. These programs vary widely in the technical information and skill levels required of students. Entering students should consult with advisors as to the academic background and proficiency required in a specific program.

Students receiving the Associate of Applied Science Degree must satisfactorily complete a minimum of 15 semester hours of General Education courses. This requirement is to fulfill the legal and procedural mandates of the Colorado Legislature, the Colorado Commission on Higher Education, and the State Board for Community Colleges and Occupational Education, as well as the goals of the college.

IT IS ESSENTIAL THAT STUDENTS MEET EACH SEMESTER WITH THEIR ACADEMIC ADVISOR OR WITH THE ASSOCIATE VICE PRESIDENT OF STUDENTS AND ADVISING in order to plan the proper sequence and kinds of courses needed in order to graduate in good standing.

Minimum Competency Standards for Program Admission

Students desiring to enroll in an Associate of Applied Science degree program must meet or exceed the following entrance examination scores:

Otero Junior College uses the results of a basic skills assessment test (Accuplacer) to direct students into appropriate English, reading and mathematics course (s) and to advise students in the selection of other courses. Prior to enrollment, all new students must complete an assessment. Research on Colorado's basic skills assessment programs indicates that new students who follow assessment-related advice have a much higher rate of academic success.

Colorado law now mandates that students who do not have the minimum test scores must complete the required remedial coursework. Please refer to information in the Mandatory Basic Skills Assessment and Placement section of this catalog for exemptions to the BSAT test. (This skills assessment and placement applies to both degree and certificate programs.)

Students should refer to their specific associate of applied science requirements as listed in the catalog. Specific program admission and course requirements may differ.

ASSOCIATE OF APPLIED SCIENCE

Career and Technical Education Degree Programs

- Agriculture
 - Crop Production
 - Livestock Production
- Automotive Technology
- Applied Business Technology
- Early Childhood Education
- Law Enforcement
- Medical Assistant
- Medical Laboratory Technician
- Nursing
 - Associate Degree in Nursing (RN)

NOTE: While these programs are designed to prepare students for immediate employment and not transferable by design, certain career and technical education courses that are the equivalent of college level academic course offerings may be accepted by some college disciplines if the student later decides to transfer to a four year institution.

Program Requirements

- A. Maintain at least a 2.00 cumulative grade-point average from Otero Junior College.
- B. Complete a minimum of 15 semester hours at Otero Junior College.
- C. Complete a minimum of 60 semester credits.
- D. Successfully complete all career and technical education program courses chosen with a minimal grade of "C" in each course of the prescribed curriculum.
- E. Complete the Application for Graduation form by the end of the first week of final semester and pay for the Cap and Gown by March 1.
- F. Be enrolled in Otero Junior College classes for the semester of intended graduation.
- G. Complete the requirements for graduation in effect at the time of first-time enrollment. (NOTE: Students not enrolled for two semesters are required to complete all degree requirements in effect at the time of re-enrollment.)
- H. Meet all financial obligations to the College.

AGRICULTURE - ASSOCIATE OF APPLIED SCIENCE

Crop Production

The Associate of Applied Science degree in Crop Production provides students with a broad range of skills needed in the farming industry including soil and plant relationships, irrigation, fertilizer and pesticide application, crop scouting, and basic managerial and business skills. The program blends scientific and business principles with hands on practical experiences. A Pesticide Application Training Certificate is embedded in this degree that prepares the students to take the Colorado State Commercial Application Exam.

APPLIED BUSINESS TECHNOLOGY ASSOCIATE OF APPLIED SCIENCE

The Associate of Applied Science in Applied Business Technology adds general education and additional business courses to the certificate to prepare students for advancement in their business careers. The Applied Business Technology program provides students with the skills and knowledge for employment in a variety of business-related occupations. The focus is on the accounting, computer, and communication skills required for entry-level positions in all types of offices such as banking, insurance, manufacturing, industry, real estate, legal, accounting, and medical.

EARLY CHILDHOOD EDUCATION ASSOCIATE OF APPLIED SCIENCE

This two-year Associate of Applied Science Degree in Early Childhood Education (ECE) Program is designed to prepare men and women to become child care or preschool teachers, or center directors. Certificates are also available in Early Childhood Center Director, Early Childhood Teacher, Infant/Toddler, and Fundamental Early Childhood Skills. Instruction and lab with hands-on, on-site work experience prepare the student for both teaching and management responsibilities. Background checks, fingerprints, current physical and proof of immunizations are required to work at any ECE lab site. Current First Aid and CPR must be obtained by the beginning of the second year of coursework.

The AAS along with an additional 1820 experience hours qualifies the student to apply to the Colorado Department of Human Services, Department of Child Care, to be the Director of a Large Child Care facility.**

Freshman Year

		Fall	Spring

LAW ENFORCEMENT - ASSOCIATE OF APPLIED SCIENCE

The Associate of Applied Science degree combines the Law Enforcement Training Academy with related general education courses to assist in career advancement. Please refer to the Law Enforcement Training Academy certificate information in the catalog for specific requirements for the peace officer certification program.

Prospective students are encouraged to visit the Law Enforcement Training Academy website at <http://www.ojc.edu/lawacademy.aspx>. To request a Law Academy Student Information Packet from the Otero Junior College Student Services call 719-384-6831 or contact the Academy Director at 719-384-6867 or Miner.Blackford@ojc.edu

This Associate of Applied Science degree articulates into Colorado Mesa University's (CMU) Bachelor of Applied Science in Public Administration/Public Safety degree program. www.coloradomesa.edu. Please talk to an advisor for more information.

MEDICAL LABORATORY TECHNICIAN ASSOCIATE OF APPLIED SCIENCE

The Medical Laboratory Technician (MLT) program at Otero Junior College is designed to prepare qualified laboratory professionals for entry level employment in environments such as hospitals, outpatient clinics, and private medical laboratories. Upon successful completion of the program, graduates are eligible to take national examinations to become certified Medical Laboratory Technicians*.

Students will prepare for a career in Medical Laboratory Technology through online/hybrid formats, classroom study, laboratory assignments and supervised clinical experience. They will complete classes in general education along with Hematology, Clinical Chemistry, Clinical Microbiology, Immunology /Immunohematology, Urinalysis, and Parasitology/Mycology. Students will learn about analysis of blood and body fluids, quality assessment and quality control, blood banking, bacteriology, parasitology and other aspects of medical laboratory technology.

The MLT program is designed for the student to graduate with an AAS degree in 5 semesters. Three semesters will be spent at the OJC campus and two semesters will be partially spent in clinical rotations at an affiliated clinical facility. An optional Phlebotomy certificate can be obtained by enrolling in an additional summer semester.

ADMISSION PROCEDURE

Obtain general college admission to Otero Junior College. Submit a completed application at the Student Services Office on the OJC campus or on-line at www.ojc.edu. In addition the student is required to:

1. Be a graduate of an accredited high school or equivalent.
2. Background check and drug screen will be required before any clinical internships begin:
 - a. Clinical facilities require students to have a drug screen done prior to attending clinical. This will be arranged through the college. Please plan to follow the procedures promptly when notified.
 - b. Students are required to take and pass the criminal background check available at this web site address: www.healthcareex.com
3. Require necessary vaccinations: Annual flu, Hepatitis B, MMR, Varicella
4. PPD testing
5. Health Form: The student must submit a completed physical exam form before beginning clinical rotations.
6. Colorblindness testing – to be done in class or on D2L.

RECOMMENDED COURSES:

Courses in high school biology and chemistry are strongly recommended. It is also necessary to be at college level for Math and English.

MEDICAL LABORATORY TECHNICIAN ASSOCIATE OF APPLIED SCIENCE

Subject to change without notification. Contact the OJC MLT Department office for the most current information, 719-384-6816 or 719-384-6898.

		Spring	Summer

MLT 180	Internship I, Blood Bank	1	
MLT 242	Clinical Chemistry II	4	
MLT 253	Seminar/Comprehensive Exams.	1	
MLT 280	Internship III, Chemistry	5	
MLT 182	Internship II, Hem, Coag, UA	<u>5</u>	
		Total:	69 credits

Note: Students must complete each course consecutively with a 70% or better average in all MLT courses. No grade below a C in MLT courses will be acceptable.

**NACCLS Accreditation Pending*

NURSING - ASSOCIATE OF APPLIED SCIENCE

The Associate of Applied Science Degree program in Nursing is designed to provide education to prepare the student for practice as a registered nurse. The curriculum follows the criteria for the Colorado Nursing Articulation Model and is specifically constructed to promote career mobility between nursing educational levels. Upon satisfactory completion of the associate degree sequence with a minimum of "C" in each course of the prescribed curriculum, the student will be awarded an Associate of Applied Science Degree in Nursing. Successful completion of the OJC nursing program requirements for graduation will also entitle the graduate to submit an application to the State Board of Nursing for the State Licensure Examination.

The Associate of Applied Science Degree program in Nursing is designed to be completed in two (2) years of full-time course work, plus a series of prerequisite courses prior to application to the program.

OJC Nursing Admission Procedure

1. Obtain general college admission to Otero Junior College. Submit a completed application at the Student Services Office on the OJC campus or on-line at www.ojc.edu. Student must be a high school graduate or have a GED certificate.
2. Complete required pre-admission courses (Pre-requisite Courses) with a grade of C or higher for each course and a cumulative Grade Point Average (GPA) of 2.5 or higher for the five listed courses. A higher GPA will receive a higher admission score. The science courses must be completed within seven years of the application date of the program.

Required Pre-Admission Courses (Pre-requisite Courses)

- English Composition I (3 credits)
- Human Growth & Development (3 credits)
- Human Anatomy & Physiology I (4 credits)
- Human Anatomy & Physiology II (4 credits)
- Microbiology (4 credits)

3. Apply to the nursing program at OJC using the Online Application available at www.ojc.edu/nursingApplication.aspx.
4. Provide official transcripts confirming completion of Pre-requisite courses and GPA to the OJC Nursing Department.

OJC Nursing Admission Procedure *(continued)*

5. Complete the Accuplacer Reading and Math tests within six months of application to the Nursing Program. The minimum Reading score is 80. Minimum Math score is Elementary Algebra (EA) 61. Higher scores on each test will receive a higher admission score. To schedule contact the Student Services Office at 719-384-6831.
6. Evidence of permanent residence in the OJC Service area of Bent, Otero and Crowley counties is not required but will receive points toward admission.
7. A clear criminal background check and urine drug screen (information will be provided upon application). See the Disqualifying Offenses document for more information at www.ojc.edu/content/nursing/Disqualifying_Offenses09.pdf
8. Evidence of State Nurse Aide Certification or honorable military service is not required but will receive points toward admission score.
9. Attendance at a Pre-Nursing Information session with the Nursing Retention Specialist. Call 719-384-6878 to schedule.
10. All admission criteria must be submitted to OJC or the Nursing Office by the Nursing admission deadlines. For the full admission criteria and admission deadlines go to www.ojc.edu/AssociateNursing.aspx.
11. A deadline will be set and students who have completed all of the admission criteria will be admitted from the top score down until all slots are filled. To fill any vacant slots, a second and third deadline will be set and remaining and newly qualified applicants will be considered and admitted from the top scores again until slots are filled. Admission deadlines are posted on the OJC website at www.ojc.edu/AssociateNursing.aspx.

For LPNs entering the second year of the ADN Program

- 1 Complete steps 1-4 on the previous pages.
2. Complete Pathophysiology (BIO 216) with a grade of C or higher prior to enrolling in the ADN program.
3. Provide a copy of your LPN license.
4. Provide official transcripts of your LPN program courses. If your Practical Nursing (PN) program was completed more than ten years prior to application additional testing may be required.
5. A clear criminal background check and urine drug screen (information will be provided upon application). See the Disqualifying Offenses document for more information at www.ojc.edu/content/nursing/Disqualifying_Offenses09.pdf
6. Complete the NUR 189 LPN to RN Transition course with a grade of C or higher if LPN was completed prior to April 2007. Contact the OJC Nursing Office for the dates of the next scheduled NUR 189 course.
7. All admission criteria must be submitted to OJC or the Nursing Office by the Nursing admission deadlines. For the full admission criteria and admission deadlines go to www.ojc.edu/AssociateNursing.aspx.
8. A deadline will be set and students who have completed all of the admission criteria will be admitted from the top score down until all slots are filled. To fill any vacant slots, a second and third deadline will be set and remaining and newly qualified applicants will be considered and admitted from the top scores again until slots are filled. Admission deadlines are posted on the OJC website at www.ojc.edu/AssociateNursing.aspx .

Contact the OJC Nursing Department for further details at 719-384-6898.

OJC Nursing Graduation Requirements

- A. The graduate must fulfill all requirements of the College for graduation.
- B. The graduate of nursing must pass all program courses with a minimum grade of "C."
- C. The graduate must be competent in all critical nursing skills pertaining to the scope of practice for a registered nurse.
- D. The graduate must be competent in calculations of medications. The student is required to pass a medication administration proficiency examination each semester at 100 percent mastery in order to progress to the next semester of the ADN program. (See the Nursing Student Manual for further information.)

Legal Requirements for Registered Nursing Licensure

During application for licensure, the student must answer the following questions:

- A. "Have you ever been convicted of a crime or have you ever accepted a court plea of guilty or nolo contendere? Have you received a deferred judgment or deferred prosecution?"
- B. "Are you now, or were you for the 12 months preceding the date of this application, addicted to any controlled substance; a regular user of any controlled substance without a prescription; and/or habitually intemperate in the use of intoxicating liquor?"

If any question is answered "yes," the student needs to meet with the director of the Nursing Department for counseling because the Colorado State Board of Nursing has specific requirements for licensure.

Recommended Courses

The following courses are recommended to compliment the required nursing program courses. Students are encouraged to register for these courses as their schedule will allow:

CHE 101	Intro to Chemistry	5
CIS 118	Intro to PC Applications	3
ENG 122	English Composition II	3
HPR 178	Medical Terminology	2
PSY 101	General Psychology I	3
PSY 102	General Psychology II	3
SOC 101	Introduction to Sociology I	3
COM 115	Public Speaking	3

ASSOCIATE DEGREE NURSING CURRICULUM

Subject to change without notification. Contact the OJC Nursing Dept. office for the most current information.

Freshman Year - (Students without previous nursing education)

Traditional Schedule**ADMISSION REQUIREMENTS**

	Credits
BIO 201 Anatomy and Physiology I	4
BIO 202 Anatomy and Physiology II	4
BIO 204 Microbiology	4
ENG 121 English Composition I.	3
PSY 235 Human Growth and Development	3

All with a GPA of 2.5 or higher.

First Semester

NUR 109 Fundamentals of Nursing	8
NUR 112 Basics Concepts of Pharmacology.	2
HPR 108/HWE 100 Dietary Nutrition/Human Nutrition.	1/3
HWE 100 Human Nutrition	3
MAT 103 Math for Clinical Calculations.	3

Second Semester

NUR 106 Medical and Surgical Nursing Concepts	9
NUR 150 Nursing Care of Obstetric and Pediatric Clients.	7

Career & Technical Education

CAREER AND TECHNICAL EDUCATION CERTIFICATE PROGRAMS

Career and Technical Education Certificate Programs provide students with the skills necessary to obtain entrance level employment in the field of their educational program. The following programs generally run for one to four semesters depending on the student's interests and objectives.

Students with previous occupational courses in high school or training in military services, or training via some other source may be given allowance for credit or advanced standing in the Career and Technical Education program of their choice.

Training includes job skill development as well as the necessary related technical information necessary to enhance an individual's productivity in the world of work.

Agri-Business Management

Planning & Financial Records
Financial Analysis
Marketing & Risk Management
Advanced Ag Business Management
Rural Business Entrepreneurship

Applied Business Technology

Artificial Insemination

Automotive Technology

Automotive Service Technician
Automatic Transmission and Transaxle
Brakes
Electrical/Electronic Systems
Engine Performance
Engine Repair
Heating and Air Conditioning
Manual Drive Train and Axles
Suspension and Steering

Computer Systems Technologies

Computer and Network Technicians
Web Development
Advanced Web Development

Cosmetology

Cosmetologist
Hair Stylist
Nail Technician
Esthetician

Early Childhood Education

Early Childhood Director
Early Childhood Teacher
Infant/Toddler
Fundamental Early Childhood Skills

Emergency Medical Services

EMT
EMT Intermediate

Health Navigator

Community Health Worker

Law Enforcement

Mechanical Graphics and Design

Medical Office Clerk

Nursing

Practical Nursing
Nursing Assistant

Phlebotomy

Pesticide Applicator

Real Estate

Small Business Management

Small Business Planning
Records & Computerization
Financial Analysis & Planning
Marketing & Risk Management
Marketing & E-Commerce

Water Quality Management Technology

Distribution and Collection Systems
Water Treatment
Wastewater Treatment

Certificate Programs

The programs outlined on the following pages are for guidance of students and advisors; they may be changed only on approval.

Minimum Competency Standards for Program Admission

Otero Junior College uses the results of a basic skills assessment test (Accuplacer) to direct students into appropriate English, reading and mathematics course(s) and to advise students in the selection of other courses. Prior to enrollment, all new students must complete an assessment. Research on Colorado's basic skills assessment programs indicates that new students who follow assessment-related advice have a much higher chance of academic success than those who do not. Please refer to information in the Mandatory Basic Skills Assessment and Placement section of this catalog.

Certificate Requirements

- A. Students must pass all program courses with a minimum grade of "C".
- B. Completion of 16 semester hours or one-half of the certificate requirements from Otero Junior College.
- C. Complete the Application for Graduation form by the end of the first week of final semester.
- D. Meet all financial obligations to the College.

General Information

Career and Technical Education programs are designed to prepare students for immediate employment. Many of these courses are equivalent to college level academic course offerings and may be accepted by some college disciplines later if the student decides to transfer to a four year institution.

Gainful Employment Resource Information

The US Department of Education requires colleges to disclose a variety of information for any financial aid eligible program that prepares students for gainful employment in a recognized occupation. The information provided at the following web link is the best available to us but represents one year's data only.

www.ojc.edu/CertificatePrograms.aspx

Click on the specific program you are interested in to learn more about salaries and future employment projections. If you have any questions regarding the data provided contact OJC Student Services at 719-384-6831.

The listing of a course or program in this or any other college publication does not constitute a guarantee, nor contract, that the particular course or program will be offered during the time listed. All courses or programs are subject to scheduling changes or cancellations. Every effort to inform students of such changes and/or cancellations will be made.

AGRI-BUSINESS MANAGEMENT

Enhancing the business management skills of area farm and ranch producers and operators in agri-related business is the purpose of the multi-year certificates offered by OJC's Agri-Business Management program. Emphasis will be placed on developing computerized records which will enable students to analyze the profitability of their overall operations, as well as each identified profit center. Students enrolling in the certificate programs must be actively operating a farm/ranch and/or agricultural related business, or have the desire to start an agriculture business. Students must have the approval of the instructor.

The program is administered by three methods; classroom instruction, which includes guided online studies, home-visit instruction where an instructor comes to student's home, and cooperative learning. Certificates range from record keeping to marketing to complete advanced business plans.

Upon completion of the certificate programs, a four-credit class, Young Farmer, is available for those students who desire additional site support and future instruction. Courses may be available based on demand.

Ag Business Planning and Financial Records Certificate

ABM 111 Records and Business Planning I	9
ABM 112 Records and Business Planning II	9

Ag Business Financial Analysis Certificate

ABM 121 Financial Analysis I	9
ABM 122 Financial Analysis II	9

Ag Business Marketing and Risk Management Certificate

ABM 131 Commodity Marketing I	9
ABM 132 Commodity Marketing II	9
ABM 135 Marketing and Risk Management I	9
ABM 136 Marketing and Risk Management II	9

Rural Business Entrepreneurship Certificate

ABM 151 Rural Business Entrepreneurship I	9
ABM 152 Rural Business Entrepreneurship II	9

ABM 153 Leadership/Human Resource Management I	9
ABM 154 Leadership/Human Resource Management II	9

Advanced Ag Business Management Certificate

ABM 141 Advanced Business Management I	9
ABM 142 Advanced Business Management II	9

ABM 143 Integrated Management I	9
ABM 144 Integrated Management II	9

ARTIFICIAL INSEMINATION TECHNIQUES

This two-semester certificate program prepares the student to take an industry technician exam that certifies them to work as an Artificial Insemination Technician.

	Fall	Spring
AGP 147 Practical Cattle Reproduction	2	
AGP 148 Cattle Reproduction Lab	1	
AGP 146 Artificial Insemination Management		2

APPLIED BUSINESS TECHNOLOGY

The Applied Business Technology certificate provides students with the skills and knowledge for employment in a variety of business-related occupations. The focus is on the accounting, computer, and communication skills required for entry-level positions in all types of offices such as banking, insurance, manufacturing, industry, real estate, legal, accounting, and medical.

		Fall	Spring
ACC 101	Fundamentals of Accounting	3	
BTE 100	Computerized Keyboarding	1	
BTE 108	Ten-Key by Touch	1	
BUS 115	Introduction to Business	3	
CIS 118	Intro to PC Applications	3

BTE 287	Cooperative Ed/Internship		1

AUTOMOTIVE SERVICE TECHNICIAN

This two-year certificate program is designed to allow the enrollment of secondary and/or postsecondary students. Students will be provided the opportunity to develop sufficient skills in order to perform current vehicle maintenance and repair. Tune-up, electrical systems, and the overhaul of engines and transmissions will be included in the program. Otero Junior College's program has been awarded full NATEF (National Automotive Technicians Education Foundation, Inc.) accreditation.

First Year

		Fall	Spring
ASE 160	Auto Engine Removal & Installation	1	
ASE 161	Engine, Disassembly Diagnosis & Assembly	5	
ASE 150	U-Joint & Axle Shaft Services	2	
ASE 151	Manual Transmissions/Transaxles & Clutches	2	
ASE 152	Differentials & 4WD/AWD Service	2

COMPUTER SYSTEMS TECHNOLOGIES

The Computer Systems Technologies program provides an opportunity for students to obtain certificates that signify their competence in the field of computer technology.

Computer and Network Technician Certificate

The certificate options offer students a comprehensive education that includes skills with computer hardware, networking, software (Operating Systems and Applications), and security.

		Fall	Spring
CNG 101	Intro to Networking	3	
CNG 116	Microcomputer Hardware	3	
CNG 131	Network Security Fundamentals	3	
CNG 109	Basic Computer Networking	3	
CNG 289	Capstone		9
ENG 115	Technical English and Communication	3	

Web Development Certificate

This certificate is designed for students desiring to learn how to create web sites for companies. The technical part of creating web pages and using tools to design is the focus of this program.

		Fall	Spring
CWB 130	Web Editing Tools	3	
ART 150	Digital Art Foundations I	3	
CWB 110	Complete Web Authoring		3
CNG 280	Internship		1

Advanced Web Development Certificate

This certificate is designed to prepare students for an entry-level position in Internet Web development with a focus on the programming aspects of websites. Course offerings provide a mix of programming and applications that examine both the client and server aspects of websites.

		Fall	Spring
CWB 130	Complete Web Editing	3	
ART 150	Digital Art Foundations I	3	
BUS 120	Intro to E-Commerce	3	
CSC 160	Computer Science I (Java Programming)	4	
CWB 110	Complete Web Authoring		3
CSC 161	Computer Science II (Java Programming)		4

COSMETOLOGY - Cosmetologist (70 Total Credits)

This three-semester program provides training in hair, skin, and nail care services.

Instruction is provided in hair cutting, hair styling, hair coloring, chemical texture services, skin care, waxing services, make-up application, and nail care needs. The Colorado Office of Barber and Cosmetology Licensure regulates the standards of conduct for cosmetologists, hairstylists, barbers, estheticians, and manicurists. The Cosmetology Career Academy at Otero Junior College prepares students for Colorado Barber and Cosmetology licensure.

Fall Semester - 25 Credits

COS 103	Shampoo/Rinses/Conditioners I	1
COS 110	Intro to Hair Coloring	2
COS 120	Intro to Hair Cutting	2
COS 130	Intro to Hair Styling	2
COS 140	Intro to Chemical Texture	1
NAT 110	Intro to Manicures & Pedicures	3
COS 160	Intro to Disinfection, Sanitation, & Safety	2
COS 121	Intermediate I: Hair Cutting	2
COS 131	Intermediate I: Hair Styling	2
COS 141	Intermediate I: Chemical Texture	1
COS 111	Intermediate I: Hair Coloring	2
COS 161	Intermediate I: Disinfection, Sanitation & Safety	1
COS 150	Laws, Rules and Regulations	1
COS 289	Cosmetology Preparation for State Board	3

Spring Semester - 24 Credits

COS 203	Shampoo/Rinses/Conditioners II	1
NAT 111	Intermediate Manicures & Pedicures	2
COS 210	Intermediate II: Hair Coloring	2
COS 220	Intermediate II: Hair Cutting	2
COS 230	Intermediate II: Hair Styling	2
COS 240	Intermediate II: Chemical Texture	1
COS 260	Intermediate II: Disinfection, Sanitation & Safety	2
EST 110	Intro to Facials & Skin Care	3
EST 111	Intermediate Facials & Skin Care	2
EST 211	Facial Makeup	1
EST 212	Hair Removal	3
EST 230	Esthetician Preparation for State Board Exam	2
COS 261	Advanced Disinfection, Sanitation & Safety	1

Summer Semester - 21 Credits

COS 211	Advanced Hair Coloring	2
COS 221	Advanced Hair Cutting	2
COS 231	Advanced Hair Styling	1
EST 210	Advanced Massage & Skin Care	2
COS 241	Advanced Chemical Texture	1
NAT 210	Advanced Manicures & Pedicures	2
NAT 211	Application of Artificial Nails	5
NAT 230	Nail Technician Preparation for State Board	4
COS 250	Mgmt, Ethics, Interpersonal Skills & Salesmanship	1
COS 279	Cosmetology Occupations	1

COSMETOLOGY

HAIR STYLIST (50 Total Credits)

This two-semester certificate program provides training in hair care. Instruction is provided in hair cutting, hair styling, hair coloring, and chemical textures services.

Fall Semester - 25 Credits

COS 103	Shampoo/Rinses/Conditioners I	1
COS 110	Intro to Hair Coloring	2
COS 120	Intro to Hair Cutting	2
COS 130	Intro to Hair Styling	2
COS 140	Intro to Chemical Texture	1
COS 160	Intro to Disinfection, Sanitation & Safety	2
COS 121	Intermediate I: Hair Cutting	2
COS 131	Intermediate I: Hair Styling	2
COS 141	Intermediate I: Chemical Texture	1
COS 111	Intermediate I: Hair Coloring	2
COS 161	Intermediate I: Disinfection, Sanitation & Safety	1
COS 260	Intermediate II: Disinfection, Sanitation & Safety	2

COSMETOLOGY

NAIL TECHNICIAN 20 - Total Credits

This one-semester certificate program provides training in nail care. Instruction is provided in manicuring, pedicure, nail design extensions, and nail artistry.

Summer Semester Only

NAT 110	Intro to Manicures & Pedicures	3
NAT 111	Intermediate Manicures & Pedicures	2
NAT 210	Advanced Manicures & Pedicures	2
NAT 211	Application of Artificial Nails	5
COS 150	Laws, Rules & Regulations	1
COS 250	Management, Ethics, Interpersonal Skills & Sales	1
COS 160	Intro to Disinfection Sanitation & Safety	2
COS 161	Intermediate I: Disinfection, Sanitation & Safety	1
COS 260	Intermediate II: Disinfection, Sanitation & Safety	2
COS 261	Advanced Disinfection, Sanitation & Safety	1

ESTHETICS 24 - Credits

This two-semester certificate program provides training in skin care. Instruction is provided in facials, facial makeup and hair removal.

Spring Esthetics Courses -12 credits

EST 110	Intro to facial & Skin Care	3
EST 111	Intermediate facial & Skin Care	2
EST 211	Facial Makeup	1
EST 212	Hair Removal	3
COS 160	Intro to Disinfection, Sanitation & Safety	2
COS 150	Laws, Rules and Regulations	1

Summer Esthetics Courses - 12 credits

EST 210	Advanced Massage & Skin Care	2
COS 250	Mgmt, Ethics, Interpersonal Skills & Salesmanship	1
COS 260	Intermediate II: Disinfection, Sanitation & Safety	2
COS 261	Advanced Disinfection, Sanitation & Safety	1
COS 262	Advanced II: Disinfection, Sanitation & Safety	3
EST 230	Esthetician Preparation for State Board	3

EARLY CHILDHOOD EDUCATION

Many of the classes offered in these four Early Childhood certificates can be applied toward the Colorado Department of Human Services, Division of Child Care to qualify for either an early childhood teacher and/or director of a large child care center. Hands on lab hours are required in each certificate.

Early Childhood Director Certificate

The Early Childhood Center Director Certificate along with an additional experience hours qualifies the student to apply to the Colorado Department of Human Services, Department of Child Care, to be the Director of a Large Child Care facility.**

	Fall	Spring
ECE 101 Introduction to the Early Childhood Education	3	
ECE 102 Intro. to Early Childhood Lab Techniques	3	
ECE 238 Child Growth and Development.	3	
ECE 241 Administration: Human Relations for ECE.	3	
ECE 111 Infant and Toddler Theory and Practice		3
ECE 103 Guidance Strategies for Children		3
ECE 205 Nutrition, Health and Safety.		3
ECE 220 Curriculum Development: Methods/Techniques		3
ECE 260 Exceptional Child		3
ECE 240 Admin. of Early Childhood Care and Education		3

Early Childhood Teacher

An Early Childhood Teacher is responsible for a single group of children, working under the supervision of a director. This early childhood teacher certificate enables the holder to apply to Colorado Department of Human Services, Division of Child Care to be left alone with a group of children within the guidelines of adult child ratio.**

	Fall	Spring
ECE 101 Introduction to the Early Childhood Education	3	
ECE 102 Intro to Early Childhood Lab Techniques.	3	
ECE 238 Child Growth and Development.	3	
ECE 226 Creativity and the Young Child	3	
ECE 225 Language and Cognition for the Young Child	3	
ECE 111 Infant and Toddler Theory and Practice		3
ECE 112 Intro to Infant/Toddler Lab Techniques.		3
ECE 103 Guidance Strategies for Children		3
ECE 205 Nutrition, Health and Safety.		3
ECE 220 Curriculum Development: Methods/Techniques		3

EARLY CHILDHOOD EDUCATION

The following certificates are an accumulation of course work and hours towards the Associate of Applied Science, early childhood director or early childhood teacher certificates.**

Infant/Toddler Certificate

The Infant/Toddler Certificate prepares the student with specialized skills to work with children from birth to two years old. **

	Fall	Spring
ECE 101 Introduction to the Early Childhood Education	3	
ECE 238 Child Growth and Development.	3	
ECE 111 Infant and Toddler Theory and Practice.		3
ECE 112 Intro to Infant/Toddler Lab Techniques.		3
ECE 103 Guidance Strategies for Children		3
ECE 205 Nutrition, Health and Safety.		3
ECE 220 Curriculum Development: Methods/Techniques		3

Fundamental Early Childhood Skills

The Fundamental Early Childhood Skills certificate is the first step towards a career in Early Childhood education. **

	Fall	Spring
ECE 101 Introduction to the Early Childhood Education	3	
ECE 102 Introduction to ECE Lab Techniques		3
or ECE 103 Guidance Strategies for Children		

** See Colorado Rules Regulating Child Care Centers for options to be director qualified and early childhood teacher leader qualified. For additional information call (303) 866-5958.

EMERGENCY MEDICAL SERVICES

The Emergency Medical Services certificate programs provide instruction for EMT and EMT Intermediate. Successful completion of the OJC emergency medical training programs' requirements for graduation will also entitle the graduate to submit an application to the National Registry of Emergency Medical Technicians (NREMT) for EMT or EMT Intermediate certification testing.

EMT Certificate

EMS 121	EMT Fundamentals	3
EMS 122	EMT Medical Emergencies.	4
EMS 123	EMT Trauma Emergencies.	2
EMS 170	EMT Basic Clinical	1

EMT Intermediate Certificate

EMS 203	EMT Intermediate I.	6
EMS 205	EMT Intermediate II	6
EMS 270	Clinical: EMS Intermediate.	3
EMS 282	EMT Intermediate Internship	2

HEALTH NAVIGATOR

This is a one year program that prepares individuals for employment as Community Health Workers. Community Health Workers will assist clients, in a variety of settings serving as facilitators, advocates, and referral professionals linking clients to health care and related social services.

Community Health Worker Certificate

		Fall	Spring
CHW 100	Intro to Community Health Work	2

LAW ENFORCEMENT TRAINING ACADEMY

The Law Enforcement Training Academy prepares individuals to successfully sit for the Colorado P.O.S.T. (Peace Officer Standards and Training) Certification Examination, a necessary requirement to becoming a peace officer in Colorado. The Academy is staffed with experienced and professional law enforcement instructors with years of street and instructional experience.

This is a one-semester intensive peace officer certification program that provides tried-and-true police procedures plus exposure to the latest innovations and technologies. The Academy offers additional training necessary for today's entry level Peace Officer. Law enforcement training academy applicants cannot have any felony convictions, domestic violence convictions, child support violations of the Child Support Enforcement Act or military separation with any less than honorable conditions. Applicants with any section 24-31-305, Colorado Revised Statute convictions, theft or any moral turpitude convictions, must have a Colorado POST Rule 7 Variance prior to submitting an application.

The application process for the Law Academy: possess a high school diploma or GED, hold a valid driver's license, complete the OJC application process including the FAFSA (financial aid), apply for Colorado Opportunity Funds, complete the Law Enforcement Academy Registration Packet including two letters of recommendations, submit a completed POST fingerprint background check impression card and complete the academy pre-admission interview with the director.

Prospective students are encouraged to visit the Law Enforcement Training Academy website at www.ojc.edu/lawacademy.aspx. To request a Law Academy Student Information Packet from the Otero Junior College Student Services call 719-384-6831 or contact the Academy Director at 719-384-6867 or Miner.Blackford@ojc.edu

MECHANICAL GRAPHICS AND DESIGN

The Mechanical Graphics and Design certificate program builds foundational design skills for a broad range of industrial careers. The program provides general mechanical engineering technology fundamentals with emphasis in the design and development of products and machines. Machinery will be animated for motion analysis, strength calculations will be performed, and the basics of AC & DC electricity will be introduced. Students will develop strong analytic and problem-solving skills by applying the principles learned in class to hands-on projects and real-world applications.

Mechanical Graphics and Design Certificate

Freshman Year

		Fall	Spring
CAD 256	SolidWorks Basics	6	
MAT 107	Career Mathematics	3	
	Or any 100 level math or higher		
CAD 257	SolidWorks Intermediate.	6	
ENT 233	Mechanical Design I	3	

Advanced Mechanical Graphics and Design Certificate

Freshman Year

		Fall	Spring
CAD 256	SolidWorks Basics	6	
MAT 107	Career Mathematics	3	
	Or any 100 level math or higher		
CAD 257	SolidWorks Intermediate.	6	
ENT 233	Mechanical Design I	3	

Sophomore Year

PHY 105	Conceptual Physics	4	
ENT 134	Geometric Dimension/Tolerance.	2	
CAD 259	Advanced SolidWorks.	3	
CAD 240	Inventor I/AutoDesk	3	
ENT 256	Rapid Product Development.	4	

MEDICAL OFFICE CLERK

This program is designed to perform administrative and clinical duties in the medical offices and/or medical facilities.

		Fall	Spring
ACC 101	Fundamentals of Accounting	3	
BTE 108	Ten Key by Touch	1	
BTE 100	Computer Keyboarding	1

MOT 209	Intro to ICD-9 Coding	2	
BTE 287	Cooperative Education/Internship	1	

NURSING ASSISTANT

Otero Junior College, in cooperation with area hospitals, offers a one semester nursing assistant program to prepare students to work in nursing assistants positions.

Successful completion of the Nursing Assistant courses entitles the graduate to apply to the Colorado Board of Nursing to take the certification exam for Certified Nurse Aide. Interested students should contact the Student Services Center for additional information.

Required Courses:

NUA 101	Nursing Assistant Theory/Lab	4
NUA 170	Nursing Assistant Clinical	1

Recommended Courses:

HPR 178	Medical Terminology I	2
---------	---------------------------------	---

Legal Requirements for Nursing Assistant Licensure

Before becoming licensed, students must answer the following questions:

- A. "Have you ever been convicted of a crime or have you ever accepted a court plea of guilty or nolo contendere? Have you received a deferred judgment or deferred prosecution?"
- B. "Are you now, or were you for the 12 months preceding the date of this application, addicted to any controlled substance; a regular user of any controlled substance without a prescription; and/or habitually intemperate in the use of intoxicating liquor?"

If any question is answered "yes," students need to meet with the director of the Nursing Department for counseling because the Colorado State Board of Nursing has specific requirements for licensure.

PESTICIDE APPLICATION TRAINING

This two-semester program prepares the student to take the Colorado State Commercial Pesticide Application exam and become certified by the State of Colorado.

Fall Spring

AGP 110	Integrated Pest Management	3
AGP 208	Commercial Pesticide License Training	3

PHLEBOTOMY

Otero Junior College's Phlebotomy certificate program is designed to prepare qualified phlebotomists for entry level employment. The classes are taken over two semesters with a total of 6 credits. It teaches the acquired professional skill of performing vein punctures (drawing blood), collection of other blood and body fluid samples, and preparing those samples for processing by various laboratory methods.

Students will study through an online/hybrid format, classroom study, laboratory assignments, and supervised clinical experience. They will follow guidelines developed by National Accrediting Agency for Clinical Laboratory Science's (NAACLS) phlebotomy competencies. Successful students of this program receive a certificate of completion from Otero Junior College. The student will then be able to apply for the national certification exam for the American Society of Clinical Pathology (ASCP) and other certifying agencies.

PHLEBOTOMY

ADMISSION PROCEDURE

Obtain a general college admission to Otero Junior College. Submit a completed application at the Student Services Office on the OJC campus or on-line at www.ojc.edu. In addition the student is required to:

1. Be a graduate of an accredited high school or equivalent. Courses in biology and chemistry are strongly recommended.
2. Background check and drug screen:
 - a. Clinical facilities require students to have a drug screen done prior to attending clinical. This will be arranged through the college. Please plan to follow the procedures promptly when notified.
 - b. Students are required to take and pass the background check available at this web site address: www.healthcareex.com
3. Require necessary vaccinations: Annual influenza, Hepatitis B, Varicella, MMR
4. Colorblindness testing: this will be done in class or can be done on D2L (Desire2Learn).
5. Health Form: The student must submit a completed physical exam form before beginning clinical rotations in the second semester.

		Spring	Summer
MLT 131	Intro to Hematology	2	
HPR 112	Phlebotomy4

Experience required during HPR 112

In HPR 112 Phlebotomy, the accrediting agency, NAACLS requires instruction and experiences for:

1. 100 clinical hours of experience
2. Performance of a minimum of 100 successful unaided blood collections
3. Instruction of a variety of phlebotomy techniques
4. Contact with various patient types, which may include varied clinical settings.

Note: Students must complete each course consecutively with a 70% or better average in all courses.

*NACCLS Accreditation Pending

PRACTICAL NURSING

The Practical Nursing Certificate exit option is designed to provide education to prepare the student for practice as a licensed practical nurse after completion of the first two semesters of the ADN RN program. Upon admission to the nursing program the student may opt to stop after the first two semesters and take the optional Transition into Practical Nursing course and receive a Certificate of Practical Nursing. The curriculum follows the criteria for the Colorado Nursing Articulation Model and is specifically constructed to promote career mobility between Nursing educational levels.

Successful completion of the Practical Nursing Certificate requirements for graduation also entitles the graduate to submit an application to the State Board of Nursing for the State Licensure Examination for Practical Nursing.

1. Obtain general college admission to Otero Junior College. Submit a completed application at the Student Services Office on the OJC campus or on-line at www.ojc.edu. Student must be a high school graduate or have a GED certificate.
2. Complete required pre-admission courses (Pre-requisite Courses) with a grade of C or higher for each course and a cumulative Grade Point Average (GPA) of 2.5 or higher for the five listed courses. A higher GPA will receive a higher admission score. The science courses must be completed within seven years of the application date of the program.

Required Pre-Admission Courses (Pre-requisite Courses)

- English Composition I (3 credits)
- Human Growth & Development (3 credits)
- Human Anatomy & Physiology I (4 credits)
- Human Anatomy & Physiology II (4 credits)
- Microbiology (4 credits)

3. Apply to the nursing program at OJC using the Online Application available at www.ojc.edu/nursingApplication.aspx.
4. Provide official transcripts confirming completion of Pre-requisite courses and GPA to the OJC Nursing Department.

PRACTICAL NURSING

OJC Nursing Admission Procedure *(continued)*

5. Complete the Accuplacer Reading and Math tests within six months of application to the Nursing Program. The minimum Reading score is 80. Minimum Math score is Elementary Algebra (EA) 61. Higher scores on each test will receive a higher admission score. To schedule contact the Student Services Office at 719-384-6831.
6. Evidence of permanent residence in the OJC Service area of Bent, Otero and Crowley counties is not required but will receive points toward admission.
7. A clear criminal background check and urine drug screen (to be completed when instructed by the OJC Nursing Department). See the Disqualifying Offenses document for more information at www.ojc.edu/content/nursing/Disqualifying_Offenses09.pdf.
8. Evidence of Nurse Aide Certification or honorable military service is not required but will receive points toward admission score.
9. Attendance at a Pre-Nursing Information session with the Nursing Retention Specialist. Call 719-384-6878 to schedule.
10. All admission criteria must be submitted to OJC or the Nursing Office by the Nursing admission deadlines. For the full admission criteria and admission deadlines go to www.ojc.edu/AssociateNursing.aspx.
11. A deadline will be set and students who have completed all of the admission criteria will be admitted from the top score down until all slots are filled. To fill any vacant slots, a second and third deadline will be set and remaining and newly qualified applicants will be considered and admitted from the top scores again until slots are filled. Admission deadlines are posted on the OJC website at www.ojc.edu/AssociateNursing.aspx.

Graduation Requirements

- A. Students must fulfill all requirements of the College for receiving a certificate of completion.
- B. The graduate of nursing must pass all courses with a minimum grade of "C"
- C. Graduates must be competent in calculations of medications. Students are required to pass a medication proficiency examination at 100% mastery in order to progress to the summer semester of the program. (See the Nursing Student manual for further information).

For more information contact the OJC Nursing Department at 719-384-6898.

Legal Requirements for Practical Nursing Licensure

Before becoming licensed, students must answer the following questions:

- A. "Have you ever been convicted of a crime or have you ever accepted a court plea of guilty or nolo contendere? Have you received a deferred judgment or deferred prosecution?"
- B. "Are you now, or were you for the 12 months preceding the date of this application, addicted to any controlled substance; a regular user of any controlled substance without a prescription; and/or habitually intemperate in the use of intoxicating liquor?"

If any question is answered "yes," students need to meet with the director of the Nursing Department for counseling because the Colorado State Board of Nursing has specific requirements for licensure.

--	---

Recommended Courses for traditional or evening and weekend schedules:

The following courses are recommended to compliment the required nursing program courses. Students are encouraged to register for these courses as their schedule will allow:

CHE 101 Intro to Chemistry	5
CIS 118 Intro to PC Applications	3
ENG 122 English Composition II	3
HPR 178 Medical Terminology	2
PSY 101 General Psychology I	3
PSY 102 General Psychology II	3
SOC 101 Introduction to Sociology I	3
COM 115 Public Speaking	3

REAL ESTATE

This is a one semester certificate that will meet the educational requirements of the Colorado Real Estate Commission for Associate and Independent Broker. A certificate of completion is issued to the student who successfully complete REE 201 and REE 202.

REE 201	Real Estate Broker I	6
REE 202	Real Estate Broker II	6

SMALL BUSINESS MANAGEMENT

All courses for this program are offered through Lamar Community College for the 2013-2014 Academic year.

Small Business Management is a program designed specifically for the business owner/operator. It is intended to introduce new management tools to businesspersons as well as keeping them abreast of the changing environment of business. Instruction is provided at the place of business.

The Small Business Management program offers five certificates:

- Small Business Planning • Records and Computerization
- Financial Analysis and Planning • Marketing and Risk Management
- Marketing and E-Commerce

These certificates are designed to assist small business owners to be more effective and efficient in their operation and marketing of their small business. Each certificate requires a one-year course of study. Student may elect to earn one or more of the certificates.

		Fall	Spring
Small Business Planning			
SMB 121	Small Business Planning I	9	
SMB 122	Small Business Planning II		9
Records and Computerization			
SBM 131	Records & Computerization I	9	
SBM 132	Records & Computerization II		9
Financial Analysis and Planning			
SBM 141	Financial Analysis and Planning I	9	
SBM 142	Financial Analysis and Planning II		9
Marketing and Risk Management			
SBM 151	Marketing and Risk Management I	9	
SBM 152	Marketing and Risk Management II		9
Marketing and E-Commerce			
SBM 153	Marketing, Risk Management & E-Commerce I	9	
SBM 154	Marketing, Risk Management & E-Commerce II		9

WATER QUALITY MANAGEMENT TECHNOLOGY

These certificates prepare students for entry-level employment in water and wastewater treatment. Two of the certificates will include water quality equipment maintenance. The Water and Wastewater Certificates prepare students for the operator's certification test at the C and D level. In addition, the Distribution and Collection Certificate provides students with entry level skills on the operation and maintenance requirements for water distribution and wastewater collection systems.

Successful students are prepared for the operator's certification test at the C and D level. The courses have been approved by the Colorado Water and Wastewater Facility Operators Certification Board to satisfy the minimum experience requirement for eligibility to sit for the class "D" exam.

Distribution and Collection Systems Certificate

WQM 109	Water Distribution	3
WQM 118	Wastewater Collection Systems	3

Water Treatment Certificate

WQM 124	Water Certification Review for Class C and D	3
WQM 120	Water Quality Equipment Maintenance	4

Wastewater Treatment Certificate

WQM 125	Wastewater Certification Review for Class C and D	3
WQM 120	Water Quality Equipment Maintenance	4

Course Descriptions

COURSE DESCRIPTIONS

Methods of Determining Credit

Course credit is based on semester hours. One semester hour of credit usually represents 50 minutes of class time per week for a semester. Some courses with laboratory sessions meet for longer periods of time per semester hour of credit.

Course Listing

All courses listed in this catalog appear alphabetically by subject code and in numerical sequence with listings broken down as follows:

1. The capital letters preceding the course indicate the subject area in which the course is offered and are used as a code.
2. The three digits immediately following the subject area code identify individual course offerings within the area of study. In general, the first digit, 1, indicates a first year subject and a 2, a second year subject.
3. The words following the course number are course titles and describe the course in as few words as possible.
4. The single digit on the far right of the second line indicates the number of semester hours of credit the course carries.
5. For a complete listing of all Colorado Community College Common Courses, visit: www.cccs.edu/ccns/ccnsindex.html

The listing of a course in this or any other college publication does not constitute a guarantee, nor contract, that the particular course will be offered during the time listed. All courses are subject to scheduling changes or cancellations. Every effort to inform students of such changes and/or cancellations will be made.

— (AAA) ACADEMIC ACHIEVEMENT —

AAA 109 - Advanced Academic Achievement

3 Credits

Examines theories and practices associated with successful learning to enhance college success. Areas of study include education and career planning, effective communication, personal management, critical and creative thinking, development of community and awareness of diversity, leadership, and techniques for successful academic performance. Recommended for new and returning students.

— (ABM) AGRI-BUSINESS MANAGEMENT —

ABM 111 - Records and Business Planning I

9 Credits

Guides the student in the collection of necessary information to implement a computerized record keeping system. Discussion will include computer terminology, application software, balance sheet concepts, accounting principles, computerized accounting reports, and business plan components.

ABM 112 - Records and Business Planning II

9 Credits

Focuses on implementing a computerized record keeping system. Emphasis is placed on the application and maintenance of an accurate set of computerized financial records, use of a filing system and compiling a business plan.

ABM 121 - Financial Analysis I

9 Credits

Covers calculating actual enterprise cost analysis to facilitate the development of whole business projected cash flow statements. All facets of record keeping and updating of data will be emphasized, including refining and maintaining of a current accounting system. This course includes the review and revision of business planning goals and objectives.

ABM 122 - Financial Analysis II

9 Credits

Presents business analysis through the development of accurate cost and market value accrual balance sheets for the beginning and ending period. Emphasis will be on the measurement and analysis of changes between the two balance sheets. Analysis will include the preparation of an accrual income statement. Financial ratios will be generated to understand their importance to business analysis. Data generated from an established record keeping system will provide the basis for the development of these accrual financial statements.

— (ABM) AGRI-BUSINESS MANAGEMENT —

ABM 131 Commodity Marketing I

9 credits

Explores the terminology associated with commodity marketing and management of the risks associated with agricultural production and marketing. Discussion will include cash marketing alternatives as well as the basics of utilizing futures and options contracts. Includes the initial steps towards the development of a marketing plan. Continued maintenance of an established record keeping system is a must to provide cost of production data for enterprises. Cost of production figures for all enterprises will be determined. These enterprise calculations will result in the initial establishment of a cost of production trend for all enterprises.

ABM 132 Commodity Marketing II

9 credits

Explores marketing alternatives in greater depth. Price behavior will be analyzed using technical and fundamental analysis. The marketing plan will be completed through the application of local marketing alternatives, futures contracts, option contracts, and price behavior information. Cost of production figures for all enterprises will be calculated. Includes the initial steps toward developing an enterprise trend analysis.

ABM 135 Marketing and Risk Management I

9 credits

Teaches students to conduct marketing research and analysis for the initial steps for developing a marketing plan. The focus will be on defining markets, analyzing competition, identification of products/services, pricing, and customer wants and needs. In addition, added value products and niche markets will be explored. The maintenance, refining, or implementation of systems to provide accurate sales and expense information will be addressed. Sale and expense calculations will result in the establishment of sale/pricing trends for all enterprises along with margin calculations.

ABM 136 Marketing and Risk Management II

9 credits

Develops an overall marketing plan derived from marketing research and analysis conducted in ABM 135. It includes a look at advertising, promotion, e-commerce, and risk management. This will include the maintenance review of existing software used to track sales and cost information. A trend of historical sales and expenses will be implemented.

— (ABM) AGRI-BUSINESS MANAGEMENT —

ABM 137 Web Production/Utilization I

9 credits

Improved understanding and use of the Internet for business productivity. Emphasis will be on understanding and utilizing the tools available and the technical capabilities of the present business in order to develop a web use plan for the business.

ABM 138 Web Production/Utilization II

9 credits

Focus is on the business web use plan. Emphasis will be placed on the improved utilization of the Internet and implementation and refinement of the web use plan relating to business operations and industry.

ABM 141 - Advanced Business Management I

9 Credits

Explores further in-depth financial analysis of the business. Includes a review of existing financial trends and emphasis of proforma activities for further analysis of the business. The maintenance of accurate accrual records and historical data provide the data basis for the proforma activities and measuring the business performance past and present.

ABM 142 - Advanced Business Management II

9 Credits

Focuses on revision of the business plan on a periodic basis and strengthening of management skills by focusing on the five main sources of risk. The student will be exposed to various methods of finding resource materials needed to keep the business plan current and to manage for the future. The maintenance of accurate accrual records and historical data provides the foundation needed for analysis.

ABM 143 Integrated Management I

9 Credits

Focuses on the research and identification of data and software technology used in the business and industry. In addition to software applications and data use, research will include areas in online opportunities, credit resources and reduction, and managing risks.

ABM 144 Integrated Management II

9 Credits

Focuses on the analysis and evaluation of data and software currently used in the business. The primary focus will be the development of a management plan that incorporates improved use of software and data through the integration of current and/or new software applications.

— (ABM) AGRI-BUSINESS MANAGEMENT —

ABM 151 Rural Business Entrepreneurship I

9 Credits

Guides the student in collection of data necessary for a new venture business plan. Focuses on identifying the components of a business plan, defining the business and markets, identifying customer wants and needs, and analyzing the competition. A technological emphasis in the development of a plan is used.

ABM 152 Rural Business Entrepreneurship II

9 Credits

Focuses on the financial component of the business plan. Emphasizes the development of financial statements, creation of financial projections with support documentation, and identification of finance issues. A technological approach is used.

ABM 153 Leadership/Human Resource Management I

9 Credits

Explores concepts and skills associated with effective leadership and ethics in the business environment. Focus is on concepts relating to leadership management, characteristics of functional teams, stress management, and identification of human resource tools.

ABM 154 Leadership/Human Resource Management II

9 Credits

Focus of this course is the evaluation and analysis of management practices in the current business environment. Concepts in the development of a leadership and evaluation plan will be looked at.

ABM 175 - Young Farmers

4 Credits

Provides students with a vehicle to pursue in depth exploration of special topics of interest.

— (ACC) ACCOUNTING —

ACC 101 - Fundamentals of Accounting

3 Credits

Presents the basic elements and concepts of accounting, with emphasis on the procedures used for maintaining journals, ledgers, and other related records, and for the completion of end-of-period reports for small service and merchandising businesses.

ACC 115 - Payroll Accounting

3 Credits

Studies federal and state employment laws and their effects on personnel and payroll records. The course is non-technical and is intended to give students a practical working knowledge of the current payroll laws and actual experience in applying regulations. Students are exposed to computerized payroll procedures.

ACC 121 - Accounting Principles I

4 Credits

Introduces the study of accounting principles for understanding of the theory and logic that underlie procedures and practices. Major topics include the accounting cycle for service and merchandising companies, special journals and subsidiary ledgers, internal control principles and practices, notes and interest, inventory systems and costing, plant assets and intangible asset accounting, and depreciation methods and practices.

ACC 122 - Accounting Principles II

4 Credits

Continues the study of accounting principles as they apply to partnerships and corporations. Major topics include stocks and bonds, investments, cash flow statements, financial analysis, budgeting, and cost and managerial accounting.
Prerequisite: ACC 121 or equivalent

ACC 125 - Computerized Accounting

3 Credits

Introduces the capabilities of computer applications in accounting. Includes solving accounting problems of a financial nature and hardware and software controls.

ACC 132 – Tax Help Colorado

2 Credits

This course prepares the students for preparation of federal and state income tax returns for individuals. Emphasis is placed on form preparation with the use of tax software.

ACC 133 – Individual Income Tax Site Lab

1 Credit

This course allows students to prepare actual federal and state income tax returns for individuals in a real time environment.

— (AGB) AGRICULTURE BUSINESS —

AGB 228 – Agri-Business Management

3 Credits

Provides the student with basic management principles and practical experience in applying principles of economics, business, marketing, and finance to the management of an agri-business operation.

— (AGE) AGRICULTURE ECONOMICS —

AGE 102 Agriculture Economics:GT-SS1

3 Credits

Focuses on economic principles as applied to agriculture through price discovery with producer supply and consumer demand, governmental policies, rural development, and resource management.

AGE 205 Farm and Ranch Management

3 Credits

Provide students with practical experience in applying principles of economics, business, marketing and finance to the management of a farm/ranch operation.

AGE 208 Agricultural Finance

3 Credits

Emphasizes principles of finance and their application to agriculture and agribusiness, including the time value of money, net present value analysis, interest, credit lending institutions, financial statements and financial ratios.

Prerequisite: AGE 205 or permission from instructor

AGE 210 - Agriculture Marketing

3 Credits

Studies the agricultural marketing system and methods of marketing crops and livestock. Emphasizes hedging with futures options. Explores the vocabulary, operations and applications of fractions, mixed numbers, ratios, proportions, percentages, measurements, integers, introduction to algebraic expressions and the solution of basic first degree equations. Designed for students with an Elementary Algebra score of less than 45 and an Arithmetic ACCUPLACER score of 57-120.

— (AGP) AGRICULTURE PRODUCTION—

AGP 106 - Crop Scouting & Pest Control

3 Credits

Teaches recognition of pests commonly found on major crops in Colorado, their life cycles and integrated pest control measures for these weeds, insects, and diseases.

AGP 107 - Practical Irrigation Mgmt

2 Credits

Introduces the student to irrigation methods, scheduling, limited irrigation concepts, hydrology, safety, water quality, chemigation, and interrelationships between irrigation, soil fertility, and crops. A limited amount of water law is also covered.

AGP 110 - Integrated Pest Mgmt

3 Credits

Identification and control of economically important weeds, insects and diseases through systems approach management concepts including cultivation, chemical and biological control mechanisms.

AGP 146 - Artificial Insemination Mgmt

2 Credits

Provides a study of applied fundamentals of anatomy and reproduction as they pertain to artificial insemination. Emphasizes the handling of frozen semen, heat detection and nutritional management for AI. Individualized training is given in developing and perfecting insemination techniques in live cattle.

AGP 147 - Practical Cattle Reproduction

2 Credits

Studies the fundamentals of cattle reproduction. Principles covered include: nutrition, breeding, system management, physiology of the reproductive tract, hormone function, fertilization, stages of pregnancy, and overall reproductive management of the cow herd. Emphasizes economic decision making and practical experience. Covers practical applications in reproductive management that may include: reproductive tract scoring, pelvic measuring, body condition scoring, artificial insemination and palpating cows.

— (AGP) AGRICULTURE PRODUCTION—

AGP 148 - Cattle Reproduction Lab

1 Credit

Development of skills necessary for reproductive management of cattle in Beef/Dairy operations. Covers the practical application of reproductive management techniques and practices utilized in the cattle industry.

AGP 204 - Soil Fertility and Fertilizers

4 Credits

Emphasizes soil fertility and plant nutrition in crop production, soil-plant relations, diagnostic techniques and methods of evaluating soil fertility. Includes composition, manufacture, marketing and use of fertilizer materials and their reactions with soils and plants.

AGP 208 - Commercial Pesticide License Training

3 Credits

Focuses on the requirements for the qualified supervisor license as outlined by the Colorado Department of Agriculture. Students may elect to take the certified operator tests if they do not meet the experience requirements for the qualified supervisors license. Emphasizes study for the general, weeds, agricultural insect, plant disease, and industrial right-of-way tests administered by the Colorado Department of Agriculture. Students may elect to take any other test available.

AGP 215 - Animal Health

3 Credits

Introduces the student to methods of prevention, recognition, and treatment of common livestock diseases.

AGP 247 - Production Cattle Feeding

3 Credits

Continues ASC212 with emphasis on production cattle feeding in large and medium size operations. The mechanics and management of feeding operations in Logan County are observed and studied. Three major areas are emphasized: 1) Feedlot layout and design, 2) Nutrition, and 3) Health.

AGP 280 - Production Ag. Internship

1-2 Credits

May be waived if the student exhibits substantial knowledge and understanding of production agriculture in their first term of OJT and through written documentation of work experience at the time of waiver application.

— (AGR) AGRICULTURE —

AGR 224 - Integrated Ranch Management

3 Credits

Provides training in management pertaining to the economics of a ranching enterprise. Topics include principles of system management, resource inventory and management, ranch decision making, nutrition, selection, record keeping, financial management, and marketing.

AGR 260 World Interdependence - Population and Food: GT-SS3

3 Credits

Covers the study of world population and food production and distribution. Problems and opportunities concerning population and food are discussed in a global context.

— (AGY) AGRICULTURE CROPS & SOILS —

AGY 100 General Crop Production

4 Credits

Focuses on production and adaptation of cultivated crops, principles affecting growth, development, management, and utilization.

AGY 240 Introductory Soil Science: GT-SC1

4 Credits

Focuses on formation, physical properties, chemical properties and management of soils emphasizing conditions that affect plant growth. This course is one of the Statewide Guaranteed Transfer courses. GT-SC1.

— (ANT) ANTHROPOLOGY —

ANT 101 - Cultural Anthropology

3 Credits

Studies human cultural patterns and learned behavior. Includes linguistics, social and political organization, religion, culture and personality, culture change, and applied anthropology.

ANT 107 - Introduction to Archeology

3 Credits

Introduces the science of recovering the human prehistoric and historic past through excavation, analysis, and interpretation of material remains. Includes a survey of the archaeology of different areas of the Old and New Worlds. Also includes the works of selected archaeologists and discussions of major archaeological theories.

ANT 111 - Physical Anthropology

3 Credits

Studies human biology and its effects on behavior. Includes principles of genetics and evolution, vertebrates and primates, human origins, human variation, and ecology.

— (ART) ART —

ART 107 - Art Education Methods

3 Credits

Focuses on a multimedia approach to teaching art. Emphasizes strong creative presence, philosophy and techniques in drawing, painting, printmaking, and other media.

ART 110 - Art Appreciation

3 Credits

Introduces the cultural significance of the visual arts, including media, processes, techniques, traditions, and terminology.

ART 111 - Art History: Ancient to Medieval

3 Credits

Provides the knowledge base to understand the visual arts, especially as related to Western culture. Surveys the visual arts from the Ancient through the Medieval periods.

ART 112 - Art History: Renaissance to Modern

3 Credits

Provides the knowledge base to understand the visual arts, especially as related to Western culture. Surveys the visual arts from the Renaissance through the Modern periods.

— (ART) ART —

ART 121 - Drawing I

3 Credits

Investigates the various approaches and media that students need to develop drawing skills and visual perception.

ART 221 - Drawing II

3 Credits

Explores expressive drawing techniques with an emphasis on formal composition, color media and content or thematic development.

Prerequisite: ART 121

ART 124 - Watercolor I

3 Credits

Explores the study of watercolor techniques, emphasizing original compositions and experimentation with materials. Color theory is included.

ART 131 - Visual Concepts 2-D Design

3 Credits

Examines the basic elements of design, visual perception, and artistic form and composition as they relate to two-dimensional media.

ART 150 - Digital Art Foundations I

3 Credits

Explores visual problem solving using digital tools for fine art. Students will learn to draw and paint in a variety of artistic modalities using color and grayscale. Two-dimensional to three-dimensional observation exercises in composition will be explored.

ART 151 - Painting I

3 Credits

Explores basic techniques, materials, and concepts used in opaque painting processes in oil or acrylic painting to depict form and space on a two-dimensional surface.

ART 161 - Ceramics I

3 Credits

Introduces traditional and contemporary ceramic forms and processes including handbuilding and throwing on the potter's wheel.

— (ART) ART —

ART 175 - Special Topics

3 Credits

Provides students with a vehicle to pursue in depth exploration of special topics of interest.

ART 207 - Art History 1900 to Present

3 Credits

Provides students with the knowledge base to understand the visual arts as related to Modern and Contemporary visual art. Surveys world art of the twentieth century, including Modernism to Post-Modernism.

ART 208 - Culture Studies

3 Credits

Studies the arts and history of a particular culture at the location of that culture. Students view the arts and architecture of the culture in the historical and spatial contexts for which they were designed and in galleries and museums.

ART 209 - Studio Art

3 Credits

Designed for advanced students interested in further exploring an art discipline to develop a more comprehensive portfolio.

ART 251- Painting II

3 Credits

Further explores techniques, materials, and concepts used in opaque painting processes in oil or acrylic painting, with emphasis on composition and content development.
Prerequisite: ART 151

ART 275 - Special Topics

3 Credits

Provides the student with a vehicle to pursue in depth exploration of special topics of interest.

ART 289 - Capstone

3 Credits

Provides a demonstrated culmination of learning within a given program of study.

— (ASC) ANIMAL SCIENCE —

ASC 100 Animal Sciences

3 Credits

Studies the basic fundamentals of livestock production pertaining to principles of breeding, genetics, nutrition, health, and physiology of beef, sheep, swine, dairy, and horses. Focuses on the Animal Science Industry in general and each species industry in regard to history, current situation, and future direction.

ASC 230 Farm Animal Anatomy & Physiology

3 Credits

Introduces students to the basic concepts of farm animal anatomy and physiology with emphasis on concepts relating to nutrition, reproduction, Immunology, and growth of the basic farm species. ~Anatomy and Physiology is taught in the context of applying basic principles to production practices in the industry including reproductive management, livestock nutrition management, and animal health practices.

Prerequisite: ASC 100 or permission of instructor

ASC 225 Feeds and Feeding

4 Credits

Focuses on the basic nutrients, common feeds and feed additives, anatomy of digestive systems, and basic feeding practices for beef, sheep, and dairy. The lab portion of the class is devoted to calculating and balancing rations to fulfill nutrient requirement for farm animals for growth, finishing, reproduction, lactation, work, and wool production.

Explores least cost ration balancing on the computer.

Prerequisite: ASC 100 or permission of instructor

ASC 250 Live Animal and Carcass Evaluation

3 Credits

Explores meat carcass evaluation and the related yield and quality grading system.

Emphasizes selection of breeding stock based on performance data. Covers comparative selection, grading, and judging of market and breeding classes of livestock based on knowledge of phenotype, performance, information, and/or carcass merit.

Prerequisite: ASC 100 or permission of instructor

ASC 288 Livestock Practicum

2 Credits

Provides experiential learning with beef cattle, dairy cattle, swine and sheep.

Prerequisite: ASC 100 or permission of instructor

— (ASE) AUTOMOTIVE TECHNOLOGY —

ASE 110 - Brakes I

3 Credits

Covers basic operation of automotive braking systems. Includes operation, diagnosis, and basic repair of disc brakes, drum brakes, and basic hydraulic systems.

Corequisite: ASE 210

ASE 120 - Basic Automotive Electricity

2 Credits

Introduces automotive electricity and includes basic electrical theory, circuit designs, and wiring methods. Focuses on multi-meter usage and wiring diagrams.

Prerequisite: ASE 160, ASE 161

Corequisite: ASE 123, ASE 220, ASE 221, ASE 231

ASE 123 - Automotive Battery, Starting, and Charging Systems

2 Credits

Covers the operation, testing, and servicing of automotive battery, starting, and charging systems. Includes voltage and amperage testing of starter and generator, load testing and maintenance of a battery, and starter and generator overhaul.

Prerequisite: ASE 160, ASE 161

Corequisite: ASE 120, ASE 220, ASE 221, ASE 231

ASE 130 - General Engine Diagnosis

2 Credits

Focuses on lecture and related laboratory experiences in the diagnosis and necessary corrective actions of automotive engine performance factors.

Prerequisite: ASE 160, ASE 161

Corequisite: ASE 132, ASE 134, ASE 233, ASE 235

ASE 132 - Ignition System Diagnosis and Repair

2 Credits

Focuses on lecture and related laboratory experiences in the diagnosis, service, adjustments and repair of various automotive ignition systems.

Prerequisite: ASE 160, ASE 161

Corequisite: ASE 130, ASE 134, ASE 233, ASE 235

ASE 134 - Automotive Emissions

2 Credits

Focuses on lecture and laboratory experiences in the diagnosis and repair of automotive emission control systems.

Prerequisite: ASE 160, ASE 161

Corequisite: ASE 130, ASE 132, ASE 233, ASE 235

— (ASE) AUTOMOTIVE TECHNOLOGY —

ASE 140 - Suspension and Steering I

3 Credits

Focuses on lecture and related experiences in the diagnosis and service of suspensions and steering systems and their components.

Corequisite: ASE 240

ASE 150 - U-joint & Axle Shaft Services

2 Credits

Studies the operating principles and repair procedures relating to axle-shaft and universal joints.

Corequisite: ASE 151, ASE 152

ASE 151 - Automotive Manual Transmission/Transaxles & Clutches

2 Credits

Focuses on lecture and related laboratory experiences in the diagnosis and repair of automotive manual transmissions, transaxles and clutches and related components.

Corequisite: ASE 150, ASE 152

ASE 152 - Differentials & 4WD/AWD Service

2 Credits

Focuses on lecture and related laboratory experiences in the diagnosis and repair of automotive differentials, four wheel and all wheel drive units.

Corequisite: ASE 150, ASE 151

ASE 160 - Automotive Engine Removal & Installation

1 Credit

Focuses on lecture and laboratory experiences in the removal and installation procedures of the automotive engine from and into front wheel and rear wheel drive vehicles.

Corequisite: ASE 161

ASE 161 - Engine, Disassembly Diagnosis & Assembly

5 Credits

Focuses on lecture and laboratory experiences in the disassembly, diagnosis and reassembly of the automotive engine. Topics include the diagnostic and repair procedures for the engine block and head assemblies.

Corequisite: ASE 160

— (ASE) AUTOMOTIVE TECHNOLOGY —

ASE 210 - Brakes II

3 Credits

Covers the operation and theory of the modern automotive braking systems. Includes operation, diagnosis, service, and repair of the anti-lock braking systems, power assist units and machine operations of today's automobile.

Corequisite: ASE 110

ASE 220 - Specialized Electronics Training

2 Credits

Provides a systematic approach to automotive electrical systems. Builds from the basic electrical principles and concepts through semiconductors and microprocessors.

Features on-bench exercises. Students practice diagnostic procedures that have applications to present and future automotive electronics and electrical systems.

Prerequisite: ASE 160, ASE 161

Corequisite: ASE 120, ASE 123, ASE 221, ASE 231

ASE 221 - Automotive Body Electrical

4 Credits

Provides a comprehensive study of the theory, operation, diagnosis, and repair of vehicle accessories.

Prerequisite: ASE 160, ASE 161

Corequisite: ASE 120, ASE 123, ASE 220, ASE 231

ASE 231 - Automotive Computers

2 Credits

Focuses on lecture and laboratory experiences in the inspection and testing of typical computerized engine control systems.

Prerequisite: ASE 160, ASE 161

Corequisite: ASE 120, ASE 123, ASE 220, ASE 221

ASE 233 - Fuel Injection and Exhaust Systems

4 Credits

Focuses on lecture and related laboratory experiences in the diagnosis and repair of electronic fuel injection systems and modern exhaust systems.

Prerequisite: ASE 160, ASE 161

Corequisite: ASE 130, ASE 132, ASE 134, ASE 235

— (ASE) AUTOMOTIVE TECHNOLOGY —

ASE 235 - Driveability Diagnosis

1 Credit

Emphasizes lecture and related laboratory experience in diagnostic techniques and the use of diagnostic scan tools, oscilloscopes, lab scopes, multi-meters and gas analyzers. Students diagnose live vehicle driveability problems.

Prerequisite: ASE 160, ASE 161

Corequisite: ASE 130, ASE 132, ASE 134, ASE 233

ASE 240 - Suspension and Steering II

3 Credit

Emphasizes lecture and related laboratory experience in diagnosis of service of electronic suspensions and steering systems and their components.

Corequisite: ASE 140

ASE 250 - Automatic Transmission/Transaxle Service

1 Credit

Focuses on practical methods of maintaining, servicing, and performing minor adjustments on an automatic transmission and transaxle.

Corequisite: ASE 251

ASE 251 - Automatic Transmission/Transaxle Diagnosis and Assemblies

5 Credits

Covers diagnosis, principles of hydraulics, principles of electronic components, power flow, theory of operation, removal of transmission/transaxle, tear down, replacement of components, measurement and subsequent adjustment of components and replacement of transmission/transaxle.

Corequisite: ASE 250

ASE 265 - Automotive Heating and Air Conditioning

5 Credits

Emphasizes lecture and related laboratory experiences in the diagnosis and service of automotive heating and air conditioning systems and their components.

— (ASL) AMERICAN SIGN LANGUAGE —

ASL 101 - Basic Sign Language I

3 Credits

Provides students with the basic knowledge of communicating with the deaf community. Students will develop basic vocabulary and conversational skills and will be introduced to aspects for the deaf culture and community.

ASL 102 - Basic Sign Language II

3 Credits

Continues the sequence for students who want to learn basic conversational patterns to communicate with the deaf community. The material covers basic vocabulary and conversational skills, and aspects of the deaf culture and community.

Prerequisite: ASL 101 or permission of instructor.

— (AST) ASTRONOMY —

AST 101 - Astronomy I w/Lab

4 Credits

Focuses on the history of astronomy, the tools of the astronomer and the contents of the solar system including the planets, moons, asteroids, comets, and meteoroids. Incorporates laboratory experience.

AST 102 - Astronomy II w/Lab

4 Credits

Emphasizes the structure and life cycle of the stars, the sun, galaxies, and the universe as a whole, including cosmology and relativity. Incorporates laboratory experience.

— (BIO) BIOLOGY —

BIO 105 - Science of Biology

4 Credits

Examines the basis of biology in the modern world and surveys the current knowledge and conceptual framework of the discipline. Explores biology as a science - a process of gaining new knowledge - as is the impact of biological science on society. Includes laboratory experiences. Designed for non-science majors.

BIO 106 - Basic Anatomy And Physiology

4 Credits

Focuses on basic knowledge of body structures and function, and provides a foundation for understanding deviations from normal and disease conditions. This course is designed for individuals interested in health care and is directly applicable to the Practical Nursing Program, Paramedic Program and the Medical Office Technology program.

— (BIO) BIOLOGY —

BIO 111 - General College Biology with Lab

5 Credits

Examines the fundamental molecular, cellular and genetic principles characterizing plants and animals. Includes cell structure and function, and the metabolic processes of respiration, and photosynthesis, as well as cell reproduction and basic concepts of heredity. The course includes laboratory experience.

BIO 112 - General College Biology II with Lab

5 Credits

Continues Biology I. Includes ecology, evolution, classification, structure, and function in plants and animals. This course includes laboratory experience.

BIO 148 - Basic Ecology

4 Credits

Studies the interrelationships between organisms and their environment. Includes population dynamics and the diversity of ecosystems. Laboratory includes field experience.

BIO 154 - Biology of Plants

4 Credits

Focuses on the diversity of plants, the structure and function of plants, the ecology of plants, and human use of plants. Emphasizes seed-producing vascular plants, especially flowering plants. Laboratory and field experience is included.

BIO 201 - Human Anatomy and Physiology I

4 Credits

Focuses on an integrated study of the human body including the histology, anatomy, and physiology of each system. Examines molecular, cellular, and tissue levels of organization plus integuments, skeletal, articulations, muscular, and nervous systems. Includes a mandatory hands-on laboratory experience covering experimentation, microscopy, observations, and dissection. This is the first semester of a two-semester sequence. Prerequisite: BIO 111 or pass a placement test.

— (BIO) BIOLOGY —

BIO 202 - Human Anatomy and Physiology II

4 Credits

Focuses on the integrated study of the human body and the histology, anatomy, and physiology of the following systems and topics: endocrine, cardiovascular, hematology, lymphatic and immune, urinary, fluid and electrolyte control, digestive, nutrition, respiratory, reproductive, and development. Includes a mandatory hands-on laboratory experience involving experimentation, microscopy, observations, and dissection. This is the second semester of a two-semester sequence.

Prerequisite: BIO 201 or equivalent or permission of instructor.

BIO 204 - Microbiology

4 Credits

Designed for health science majors. Examines microorganisms with an emphasis on their structure, development, physiology, classification, and identification. The laboratory experience includes culturing, identifying, and controlling microorganisms with an emphasis on their role in infectious disease.

Prerequisite: BIO 111 or BIO 201

BIO 211 - Cell Biology

4 Credits

This course is an intensive study of the cell and its organelles. Emphasis will be on the molecular mechanisms involved in cell communication, metabolism, motility, genetics, growth, and reproduction. This course requires hands-on laboratory experience.

BIO 216 - Human Pathophysiology

4 Credits

Focuses on the alterations in physiological, cellular, and biochemical processes, the associated homeostatic responses, and the manifestations of disease. Prior knowledge of cellular biology, anatomy, and physiology is essential for the study of pathophysiology.

Prerequisite: BIO 201, BIO 202 or permission of instructor

BIO 220 - General Zoology w/Lab

5 Credits

Focuses on the study of invertebrate and vertebrate animals and examines structure, evolutionary development, ecology, classification, physiology, reproduction, and zoogeography. A survey of zoological diversity emphasizing the characteristics, zoological contributions, and classification of animal phyla and major classes, this course requires hands-on laboratory and field experience. This course is designed for biology majors.

— (BIO) BIOLOGY —

BIO 221 - Botany w/Lab

5 Credits

Studies nonvascular and vascular plants, emphasizing photosynthetic pathways, form and function, reproduction, physiology, genetics, diversity, evolution, and ecology. This course requires mandatory hands-on laboratory and field experience. This course is designed for biology majors.

— (BTE) BUSINESS TECHNOLOGY —

BTE 100 - Computer Keyboarding

1 Credit

Designed for students who have minimal or no keyboarding skills. Introduces the touch method of keyboarding, as well as the basic operation and functions of the equipment. Emphasizes learning the alphanumeric keyboard, proper technique, and speed control.

BTE 108 - Ten-Key by Touch

1 Credit

Introduces touch control of the ten-key pad. Emphasizes the development of speed and accuracy using proper technique.

BTE 225 - Office Management

3 Credits

Emphasis is placed on functions of the office. Includes office organization, work in the office, office layout, equipment and supplies, procurement and control, work flow, forms design, record storage and retrieval systems, personnel administration and problems, and government control.

BTE 287 - Cooperative Education/Internship

1 Credits

Provides students with the opportunity to supplement course work with practical work experience related to their educational program and occupational objectives. Students are placed at approved work sites that are related to their program of study. They work under the immediate supervision of experienced personnel at the business location and with the direct guidance of the instructor/coordinator.

— (BUS) BUSINESS —

BUS 115 - Introduction to Business

3 Credits

Focuses on the operation of the American business system. Covers fundamentals of the economy, careers and opportunities, marketing, management, production, governmental regulations, tools of business and social responsibilities.

BUS 120 - Introduction to E-Commerce

3 Credits

Provides an introduction to electronic commerce-the business trend of the future. Covers definition of e-commerce, technology and software requirements, security issues, electronic payment and marketing strategies. Focuses on what to expect when creating a dot com as well as the business-to-business use of e-commerce.

BUS 216 - Legal Environment of Business

3 Credits

Emphasizes public law, regulation of business, ethical considerations, and various relationships existing within society, government, and business. Specific attention is devoted to economic regulation, social regulation, regulation and laws impacting labor-management issues, and environmental concerns. Students develop an understanding of the role of law in social, political, and economic change.

BUS 217 - Business Communication & Report Writing

3 Credits

Emphasizes effective business writing and covers letters, memoranda, reports, application letters, and resumes. Includes the fundamentals of business communication and an introduction to international communication.

Prerequisite: ENG 090

BUS 226 - Business Statistics

3 Credits

Focuses on statistical study, descriptive statistics, probability, and the binomial distribution, index numbers, time series, decision theory, confidence intervals, linear regression, and correlation. Intended for the business major.

Prerequisite: MAT 120

— (CAD) COMPUTER ASSISTED DRAFTING —

CAD 240 - Inventor I/AutoDesk

3 credits

Introduces basic Inventor applications of non-parametric modeling, three-dimensional parametric modeling and visualization & animation of 3D modeling. The student learns to construct, modify, and manage complex models in 3D space. Produces 2D drawing assemblies from 3D models.

Prerequisite: CAD 257 or permission of instructor

CAD 256 - SolidWorks Basics

6 credits

Provides students with the fundamental skills and concepts of SolidWorks software. This course emphasizes the design process and task-based approach to training. By utilizing case studies to illustrate these processes students apply commands, options and menus that are necessary to complete a design task.

CAD 257 - SolidWorks Intermediate

6 credits

Focuses on combining SolidWorks part designs into SolidWorks assemblies. Students will identify the interference between components before they are manufactured by studying the motion and behavior of the entire machine in the operational stage. The course is based on the advanced techniques of surfaces modeling using a process or task based approach.

Prerequisite: CAD 256, MAT 107

CAD 259 - Advanced SolidWorks

3 credits

This course focuses on the advanced applications of the parametric software SolidWorks. Includes management of design data, advanced assembly and analysis of model creations and constraints, documentation of bill of materials and parts lists, rendering and animation and testing a model assembly.

Prerequisite: CAD 257

— (CCR) COLLEGE COMPOSITION & READING —

CCR 091 - Reading & Composition Lab

1 Credit

Supports skill development for students registered in CRC 092 College Reading and Composition who score below RC 40 or SS 50. Topics covered in the course include those defined in CRC 092 and/or any foundational skills needed by the student. Any student enrolled in CRC 091 is required to co-enroll in CRC 092.

CCR 092 - Reading & Composition

5 Credits

Integrates and contextualizes college level reading and writing. Students will read and understand complex materials and respond to ideas and information through writing informative and/or persuasive texts.

CCR 093 - Studio D

3 Credits

Integrates and contextualizes reading and writing strategies tailored to a co-requisite 100-level course within one or more of the four discipline strands. The four discipline strands are defined as: Communications, Science, Social Science, and Arts and Humanities. Non-GT courses are not eligible for this consideration. Students will read and understand complex discipline-specific materials, and respond to ideas and information through writing informative and/or persuasive texts.

CCR 094 - Studio 121

3 Credits

Integrates and contextualizes reading and writing strategies tailored to co-requisite ENG 121 coursework. Students will read and understand complex materials, and respond to ideas and information through writing informative and/or persuasive texts.

— (CHE) CHEMISTRY —**CHE 101 - Introduction to Chemistry I with Lab**

5 Credits

Includes the study of measurements, atomic theory, chemical bonding, nomenclature, stoichiometry, solutions, acid and base, gas laws, and condensed states. Laboratory experiments demonstrate the above concepts qualitatively and quantitatively. Designed for non-science majors, students in occupational and health programs, or students with no chemistry background. --This course is one of the Statewide Guaranteed Transfer courses. GT-SC1--This course is one of the Statewide Guaranteed Transfer courses. GT-SC1

Prerequisite: MAT 050 or Corequisite: MAT 050

CHE 102 - Introduction to Chemistry II with Lab

5 Credits

Focuses on introductory organic and biochemistry (sequel to Introduction to Chemistry I). This course includes the study of hybridization of atomic orbitals for carbon, nomenclature of both organic and biochemical compounds, physical and chemical properties of various functional groups of organic chemistry, and physical and chemical properties of biochemical compounds along with their biochemical pathways. Laboratory experiments are included.

Prerequisite: CHE 101 or permission of instructor.

CHE 105 - Chemistry In Context

5 Credits

Covers the study of measurements, matter, molecules, atoms, chemical bonding, nomenclature, energy, acids, bases, and nutrition. Course work examines chemistry in the modern world and surveys the current knowledge as well as the conceptual framework of the discipline. Chemistry as a science is explored, as is the impact of chemistry on society. This course includes laboratory experience and is designed for non-science majors.

— (CHE) CHEMISTRY —

CHE 111 - General College Chemistry I with Lab

5 Credits

Focuses on basic chemistry and measurement, matter, chemical formulas, reactions and equations, stoichiometry and thermochemistry. This course covers the development of atomic theory culminating in the use of quantum numbers to determine electron configurations of atoms, and the relationship of electron configuration to chemical bond theory and molecular orbital theory. The course includes gases, liquids, and solids and problem-solving skills are emphasized through laboratory experiments.~~This course is one of the Statewide Guaranteed Transfer courses. GT-SC1.

Prerequisite: MAT 121 or Corequisite MAT 121

CHE 112 - General College Chemistry II with Lab

5 Credits

Presents concepts in the areas of solution properties, chemical kinetics, chemical equilibrium, acid-base and ionic equilibrium, thermodynamics, electrochemistry, nuclear chemistry, and organic chemistry. This course emphasizes problem solving skills and descriptive contents for these topics. Laboratory experiments demonstrate qualitative and quantitative analytical techniques.~~This course is one of the Statewide Guaranteed Transfer courses. GT-SC1.

Prerequisite: CHE 111

CHE 211 - Organic Chemistry I with Lab

5 Credits

Focuses on compounds associated with the element carbon. Includes structure and reactions of aliphatic hydrocarbons and selected functional group families. Covers nomenclature of organic compounds, stereochemistry, reaction mechanisms such as SN1, SN2, E1 and E2. Laboratory experiments demonstrate the above concepts plus the laboratory techniques associated with organic chemistry. Prerequisite: CHE 112

CHE 212 - Organic Chemistry II with Lab

5 Credits

Explores the chemistry of carbon-based compounds, their reactions and synthesis including the structure, physical properties, reactivities, and synthesis of organic functional groups not covered in Organic Chemistry I. The course explores functional groups including alcohols, ethers, aromatics, aldehydes, ketones, amines, amides, esters, and carboxylic acids and the reactions and reaction mechanisms of aromatic compounds. An introduction to biochemical topics may be included if time permits. Laboratory experiences demonstrate the above concepts and the laboratory techniques associated with organic chemistry.

Prerequisite: CHE 211

— (CHW) COMMUNITY HEALTH WORK —

CHW 100 - Intro to Community Health Work

2 Credits

Introduces students to the basic concepts of community health work, to the roles of community health workers, and to basic practical skills necessary to the occupation.

CHW 120 - Community Health Issues

3 Credits

Introduces students to the multiple health issues for community health workers. Develops core competencies necessary to function as a Community Health Worker.

CHW 130 - Community Health Resources

3 Credits

Introduces students to the skills and resources necessary for community health work with clients in the community.

CHW 135 - Basics of Chronic Disease

1.5 Credits

Develop skills and resources necessary to understand medical information to be able to effectively communicate with patients and healthcare team members about the etiology, diagnosis, and treatment of chronic diseases [cancer, diabetes, heart disease, and pulmonary disease].

CHW 136 - Psych Impact Chronic Disease

1 Credit

Acquire knowledge regarding the psychosocial aspects of chronic disease. Differentiate between normal responses and problematic responses in order to identify resources, make appropriate referrals, and assist with patient decision-making.

CHW 137 - End-of-Life/Palliative Care

0.5 Credits

Explore end-of-life concepts such as advance planning, legal considerations, end-of-life choices, and palliative care, including physical, emotional, and spiritual aspects. Learn to facilitate discussion regarding end-of-life choices, including hospice care.

CHW 138 - Patient Navigation

3 Credits

Develop skills necessary to effectively communicate and build relationships with patients, locate health resources, solve problems, and manage information and records.

CHW 175 - Special Topics: Internship

2 Credits

Provides students with a vehicle to pursue in depth exploration of special topics of interest. Prerequisite: Completion of CHW 100-138

— (CIS) COMPUTER INFORMATION SYSTEM —

CIS 118 - Intro PC Applications

3 Credits

Introduces basic computer terminology, file management, and PC system components. Provides an overview of office application software including word processing, spreadsheets, databases, and presentation graphics. Includes the use of a web browser to access the Internet.

CIS 135 - Complete PC Word Processing

3 Credits

Explores a complete array of word processing skills. The skills needed to create, edit, format, and printing documents are covered. Other topics include character, paragraph, and page formats, the use of spelling checkers and thesaurus, hyphenation, tables, mail merge, document design, and graphics.
Prerequisite: CIS 118 or permission of instructor.

CIS 145 - Complete PC Database

3 Credits

Explores a complete array of database skills. Includes table, query, form, and report creation and modification. Other topics include application integration and automation of database tasks within the database.
PreRequisite: CIS 118 or permission of instructor.

CIS 155 - PC Spreadsheet Concepts: Excel

3 Credits

Exposes the student to a wide range of uses of the electronic spreadsheet with special emphasis on using it as a business tool. Includes fundamentals and terms, creating and saving workbooks, entering and using formulas, formatting, printing, multiple-page workbooks, creating charts, entering and using functions, managing lists, and simple macros.
Prerequisite: CIS 118 or permission of instructor.

— (CNG) COMPUTER & NETWORKING TECHNOLOGY —

CNG 101 - Intro to Networking

3 credits

Focuses on underlying concepts of data communications, telecommunications and networking. Emphasizes the terminology and technologies in current networking environments and provides a general overview of the field of networking as a basis for continued study in the field.

CNG 109 – Basic Computer Networking

3 credits

Demonstrates problem-solving skills in data communications, telecommunications and networking. Covers workstation operation, wiring and cabling, network construction using a variety of network/internet devices, and configuring and managing Novell and Windows 2000 operating systems.

CNG 116 - Microcomputer Hardware

3 credits

Introduces computer hardware. Since hardware depends upon specific software to make it work properly, the course also explores relevant software topics. The course covers taking computers apart, diagnosing and fixing minor problems, and upgrading PCs with new components.

CNG 131 - Network Security Fundamentals

3 credits

Delivers a comprehensive overview of network security, including general security concepts. Communication Security is studied, including remote access, e-mail, the Web, directory and file transfer, and wireless data. Common network attacks are introduced. Cryptography basics are incorporated, and operational/organizational security is discussed as it relates to physical security, disaster recovery, and business continuity. Computer forensics is introduced.

CNG 289 - Capstone

9 credits

Provides a demonstrated culmination of learning within a given program of study.
Prerequisite: CNG 101, CNG 116, CNG 131, CNG 109

CNG 280 - Internship

1 Credit

Provides students with the opportunity to supplement coursework with practical work experience related to their educational program. Students work under the immediate supervision of experienced personnel at the business location and with the direct guidance of the instructor.

— (CSC) COMPUTER SCIENCE —

CSC 160 - Computer Science I: (Java)

4 Credits

Introduces students to the discipline of computer science and programming. Algorithm development, data representation, logical expressions, sub-programs and input/output operations using a high-level programming language are covered. Intensive lab work outside of class time is required.

CSC 161 - Computer Science II: (Java)

4 Credits

Continues the structured algorithm development and problem solving techniques begun in Computer Science I. Enables students to gain experience in the use of data structures and design of larger software projects. Requires intensive computer laboratory experience.

Prerequisite: CSC 160

— (COM) COMMUNICATIONS —

COM 115 - Public Speaking

3 Credits

Combines the basic theories of communication with public speech performance skills. Emphasis is on speech preparation, organization, support, audience analysis, and delivery.

COM 125 - Interpersonal Communication

3 Credits

Examines the communication involved in interpersonal relationships occurring in family, social, and career situations. Relevant concepts include self-concept, perception, listening, nonverbal communication, and conflict.

— (COS) COSMETOLOGY —

COS 103 - Shampoo/Rinses/Conditioners

1 Credit

Introduces various types of scalp treatments and shampoos. Enables student to recognize and treat disorders of hair and scalp. Covers product knowledge and proper massage techniques to help control disorders and to cleanse the hair and scalp. Includes terminology dealing with hair structure, scalp, and hair disorders. Provides training in a lab or classroom setting.

COS 110 - Introduction to Hair Coloring

2 Credits

Provides theory pertaining to the law of color, theory of color, chemistry of color, product knowledge, and analysis of hair and scalp. Covers basic techniques and procedures for the application of hair coloring.

COS 111 - Intermediate I: Hair Coloring

2 Credits

Focuses on theory and practical application of color products, formulations of color, level and shades of color. Examines techniques in a specialized class or in a supervised salon setting.

COS 120 - Introduction to Hair Cutting

2 Credits

Introduction to the theory relevant to patron protection, angles, elevations, and the analysis of hair textures as related to hair cutting. Covers the proper use and care of hair cutting implements. Focuses on basic hair cutting techniques using all cutting implements. Disinfection, sanitation procedures as they relate to cutting hair.

COS 121 - Intermediate I: Hair Cutting

2 Credits

Focuses on the related facial shapes, head and body forms to determine the clients appropriate haircut. Incorporates practical applications of hair cutting techniques in specialized classes or in the supervised salon (clinical setting).

COS 130 - Introduction to Hair Styling

2 Credits

Combines theory with the practical application of roller placement, shaping, pincurls, finger waves, air forming iron curling, soft pressing and hard pressing.

COS 131 - Intermediate I: Hair Styling

2 Credits

Focuses on the accepted methods of styling hair, air forming roller sets, finger waves pin curls braiding and hair pressing.

— (COS) COSMETOLOGY —

COS 140 - Introduction to Chemical Texture

1 Credit

Introduces a combination of theory and practice focusing on the analysis of hair and scalp, proper equipment and product knowledge. Includes basic techniques in permanent waving and chemical relaxing. Provides training in a classroom or lab setting on mannequins or live models.

COS 141 - Intermediate I: Chemical Texture

1 Credit

Emphasizes theory and practical application of permanent waves and chemical relaxers in specialized classes or a supervised salon setting. Enables the student to practice different wrapping techniques required by trend styles.

COS 150 - Laws, Rules and Regulations

1 Credit

Provides instruction on the laws, rules and regulations and how they govern the cosmetology and barber industry. The affects these have on the student, licensed individual, salons and school owners.

COS 160 - Introduction to Disinfection, Sanitation & Safety

2 Credits

Introduces the various methods of disinfection, sanitation, and safety as used in the cosmetology industry. Includes classroom study of bacteriology and the terminology dealing with cosmetology.

COS 161 - Intermediate I: Disinfection, Sanitation & Safety

1 Credit

Focuses on the theory and daily practice of proper methods of disinfection, sanitation and safety procedures as related to all phases of cosmetology. Covers terminology and training of disinfection, sanitation and safety procedures. Also includes customer service in a supervised salon (clinical) setting or specialized class.

COS 203 - Shampoos/Rinses/Conditioners II

1 Credit

Provides theory and practical training in shampoos, rinses and conditioners. Examines advanced techniques to prepare the student for employment. Includes preparation for the State Board Licensing Examination in shampoos, rinses and conditioners.

— (COS) COSMETOLOGY —

COS 210 - Intermediate II: Hair Coloring

2 Credits

Provides continued instruction in the theory and practical application of color products, formulations of color, level and shades of color. Enables students to practice techniques in a specialized class or in a supervised salon setting.

COS 211 - Advanced Hair Coloring

2 Credits

Provides continued instruction on advanced theory and practical techniques in hair coloring. Focuses on the recognition of color problems and color correction procedures. Covers advanced techniques and product knowledge to prepare the student for employment. Prepares the student for the State Board Licensing Examination pertaining to hair coloring.

COS 220 - Intermediate II: Hair Cutting

2 Credits

Provides continued instruction in the theory related to facial shapes, head and body forms to determine the client's appropriate haircut. Incorporates practical applications of hair cutting techniques.

COS 221 - Advanced Hair Cutting

2 Credits

Focuses on advanced cutting techniques using all the cutting tools. Emphasizes current fashion trends. Includes student preparation for the State Licensure examination.

COS 230 - Intermediate II: Hair Styling

2 Credits

Provides continued instruction on accepted methods of styling hair, air forming, roll set, finger waves and hair pressing. Examines techniques in specialized classes or in a supervised salon setting.

COS 231 - Advanced Hair Styling

1 Credit

Focuses on theory and advanced techniques in all phases of hair styling to prepare the student for employment. Training is a combination of supervised salon (clinical) work and specialized classes. Includes student preparation for the State Board Licensing Examination relating to hairstyling.

— (COS) COSMETOLOGY —

COS 240 - Intermediate II: Chemical Texture

1 Credit

Provides continued instruction in the theory and practical application of permanent waves and chemical relaxers in specialized classes or a supervised salon setting. Enables students to practice different wrapping techniques required by trend styles.

COS 241 - Advanced Chemical Texture

1 Credit

Focuses on advanced techniques to prepare the student for employment and the changes in current industry standards. Instruction is provided in specialized classes or supervised salon (clinical) setting. Includes student preparation for the State Board Licensing Examination pertaining to permanent waves and chemical relaxers.

COS 250 - Management, Ethics, Interpersonal Skills & Salesmanship

1 Credit

Emphasizes the importance of salon management and the knowledge and skills necessary to build a successful business. Focuses on the importance of interpersonal skills and basic techniques in salesmanship and customer services. Integrates job readiness skills and professional ethics.

COS 260 - Intermediate II: Disinfection, Sanitation & Safety

2 Credits

Provides continued study of theory and practice of proper methods of sterilization, disinfection, sanitation and safety procedures as related to all phases of the industry. Covers terminology and training of disinfection, sanitation and safety procedures. The individual responsibility to provide a safe work environment is practiced.

COS 261 - Advanced Disinfection, Sanitation & Safety

1 Credit

Provides advanced training on decontamination and safety practices in a supervised salon and/or classroom setting. Examines advanced techniques that prepare the student for employment. Includes student preparation for the State Board Licensing Examination in decontamination and safety for all aspects of the industry. Study of OSHA requirements for schools and salon are done in a theory or practical setting.

— (COS) COSMETOLOGY —

COS 262 - Advanced II: Disinfection, Sanitation & Safety

3 Credits

This course is the extra hours/credits required for the hairstylist program, per State Board of Colorado Barber/Cosmetology Board. Provides advanced training on decontamination and safety practices in a supervised salon and/or classroom setting. Examines advanced techniques that prepare the student for employment. Includes student preparation for the State Board Licensing Examination in decontamination and safety for all aspects of the industry. Study of OSHA requirements for schools and salon are done in a theory or practical setting.

COS 289 - Special Topics: Cosmetology Preparation for State Board

3 Credits

Provides students with a vehicle to pursue in-depth exploration of special topics of interest.

COS 279 - Seminar/Workshop: Cosmetology Occupation

1 Credit

This course provides students with an experiential learning opportunity.

COS 288 - Cosmetology Practicum

4 Credits

Provides students with the opportunity to supplement coursework with practical work experience related to their educational program. Students work under the immediate supervision of experienced personnel at the business location and with the direct guidance of the instructor.

— (CRJ) CRIMINAL JUSTICE —

CRJ 230 - Criminology

3 Credits

Exploration of the question of crime causation from legal, social, political, psychological and theoretical perspectives. Understanding of the history and development of criminology.

— (CWB) COMPUTER WEB-BASED —

CWB 110 - Complete Web Authoring

3 Credits

Explores the complete set of web authoring skills using HTML and/or other scripting languages. Includes links, backgrounds, controlling text and graphic placement, tables, image maps, frames and forms.

CWB 130 - Web Editing Tools

3 Credits

Provides tools used for designing and building Web pages that are easy to use and have a pleasing look. The student will develop Web pages using a web page development program. Use of images, forms, frames, tables, templates and layers will be covered.

— (ECE) EARLY CHILDHOOD EDUCATION —

ECE 101 - Introduction to Early Childhood Education

3 Credits

Provides an introduction to Early Childhood Education. Includes the eight key areas of professional knowledge: Child Growth and Development; Health, Nutrition and Safety; Developmentally Appropriate Practices; Guidance; Family and Community Relationships; Diversity; Professionalism; Administration and Supervision. Focuses on ages birth through age 8.

Corequisite: ECE 102

— (ECE) EARLY CHILDHOOD EDUCATION —

ECE 102 - Introduction to Early Childhood Lab Techniques

3 Credits

Focuses on a classroom seminar and placement in a child care setting. The supervised placement provides the student with the opportunity to observe children, to practice appropriate interactions, and to develop effective guidance and management techniques. Addresses ages birth through age 8.

Corequisite: ECE 101

ECE 103 - Guidance Strategies for Children

3 Credits

Explores guidance theories, applications, goals, techniques and factors that influence expectations, classroom management issues, and prosocial skills. Addresses ages birth through age 8.

ECE 111 - Infant and Toddler Theory and Practice

3 Credits

Presents an overview of theories, applications (including observations), and issues pertinent to infant and toddler development in group and/or family settings. Includes state requirements for licensing, health, safety and nutrition. Focuses on birth through age three. Corequisite: ECE 112

ECE 112 - Intro to Infant/Toddler Lab Techniques

3 Credits

Includes a classroom seminar and placement in an infant and/or toddler setting. The supervised placement provides the student with the opportunity to observe, to practice appropriate interactions and to develop effective guidance and nurturing techniques with infants and/or toddlers. Addresses ages prenatal through age 2.

Corequisite: ECE 111

ECE 205 - Nutrition, Health and Safety

3 Credits

Focuses on nutrition, health and safety as a key factor for optimal growth and development of young children. Includes nutrient knowledge, menu planning, food program participation, health practices, management and safety, appropriate activities and communication with families. Addresses ages from prenatal through age 8.

— (ECE) EARLY CHILDHOOD EDUCATION —

ECE 220 - Curriculum Development: Methods and Techniques

3 Credits

Provides an overview of early childhood curriculum development. Includes processes for planning and implementing developmentally appropriate environments, materials and experiences, and quality in early childhood programs. Focuses on ages birth through age 8. Prerequisite and Corequisite: ECE 101 or permission of instructor

ECE 225 - Language and Cognition for the Young Child

3 Credits

Examines theories of cognitive and language development as a framework for conceptualizing the way children acquire thinking skills. Includes observing, planning, facilitating, creative representation, and evaluating strategies within the context of play. Focuses on language, science, math, problem solving and logical thinking. Addresses ages birth through age 8.

ECE 226 - Creativity and the Young Child

3 Credits

Provides an emphasis on encouraging and supporting creative self expression and problem solving skills in children. Explores creative learning theories and research. Focuses on developmentally appropriate curriculum strategies in all developmental domains. Addresses ages birth through age 8.

ECE 228 - Language and Literacy

3 Credits

Presents strategies for optimum language development, literacy, social and emotional development. Supports children's language and literacy in home, classroom, and community settings. Provides appropriate teacher/child verbal interactions, classroom environments, and activities. Addresses ages birth through age 8.

ECE 238 - Child Growth and Development

3 credits

Covers the growth and development of the child from conception through the elementary school years. Emphasizes physical, cognitive, language, social and emotional domains and the concept of the whole child as well as how adults can provide a supportive environment. Ages addressed: prenatal through age 12.

ECE 240 - Administration of Early Childhood Care and Education Programs

3 Credits

Examines Colorado's licensing requirements, as well as quality standards pertaining to the operation of programs for young children. Focuses on the director's administrative skills and role as a community advocate for young children. Addresses ages birth through age 12.

— (ECE) EARLY CHILDHOOD EDUCATION —

ECE 241 - Administration: Human Relations for Early Childhood Education

3 Credits

Focuses on the human relations component of an early childhood professional's responsibilities. Includes director-staff relationships, staff development, leadership strategies, parent-professional partnerships, and community interaction.

ECE 260 - Exceptional Child

3 Credits

Presents an overview of critical elements related to educating young children with disabilities in the early childhood setting. Topics include the following: typical and atypical development, legal requirements, research based practices related to inclusion, and accommodations and adaptations. Student will learn how a disability will impact a young child's learning process. Focus of the course is on birth through age 8.

ECE 288 - Practicum: Early Childhood Education

3 Credits

Provides students with advanced field experience opportunities in early childhood education programs.

ECE 289 - Capstone: Early Childhood Education

3 Credits

Incorporates a demonstrated culmination of learning within a given program of study. Prerequisite: Permission of instructor.

— (ECO) ECONOMICS —

ECO 201 - Principles of Macroeconomics

3 Credits

Focuses on the study of the American economy, stressing the interrelationships among household, business, and government sectors. Explores saving and investment decisions, unemployment, inflation, national income accounting, taxing and spending policies, the limits of the market and government, public choice theory, the Federal Reserve System, money and banking, and international trade.

This course is one of the Statewide Guaranteed Transfer courses. GT-SS1

— (ECO) ECONOMICS —

ECO 202 - Principles of Microeconomics

3 Credits

Focuses on the consumer, the firm, the nature of cost, and how these relate to the economy as a whole. Analyzes economic models of the consumer, perfect competition, monopoly, oligopoly and monopolistic competition. Explores economic issues including market power, population growth, positive and negative externalities, income distribution, poverty and welfare, discrimination, and international economic interdependence.

— (EDU) EDUCATION —

EDU 221 - Introduction to Education

3 Credits

Focuses on the historical, social, political, philosophical, cultural and economic forces that shape the United States public school system. Includes current issues of educational reform, technology as it relates to education and considerations related to becoming a teacher in the state of Colorado. Special interest will be paid to the topic of diversity in the K-12 school system.

— (EGG) ENGINEERING —

EGG 140 - Engineering Projects

3 Credits

Provides undergraduate engineering students with an opportunity to apply mathematical and scientific skills in engineering projects. Students work in teams on engineering projects under guidance of faculty.

— (EMS) EMERGENCY MEDICAL SERVICES —

EMS 121 - EMT Fundamentals

3 Credits

Introduces the Emergency Medical Technician (EMT) student to prehospital emergency care. The topics included in this course are Emergency Medical Services (EMS) systems, well-being of the EMT, communications, documentation, anatomy, airway management and patient assessment.

EMS 122 - EMT Medical Emergencies

4 Credits

Provides the Emergency Medical Technician (EMT) student with the knowledge and skills to effectively provide emergency care and transportation to a patient experiencing a medical emergency. This course focuses on the integration of the physical exam, medical history, and pathophysiology when assessing and treating the medical patient.

Prerequisite/Corequisite: EMS 121

EMS 123 - EMT Trauma Emergencies

2 Credits

Provides the Emergency Medical Technician (EMT) student with the knowledge and skills to provide appropriate emergency care and transportation of a patient who has suffered a traumatic injury. The concepts of kinematics and the biomechanics of trauma, along with pathophysiology and injury patterns will provide the student with the ability to assess and manage the trauma patient.

Prerequisite/Corequisite: EMS 122

EMS 170 - EMT Basic Clinical

Provides the EMT student with the clinical experience required of initial and some renewal processes.

Prerequisite: EMS 121 Corequisite: EMS 122 & 123

EMS 203 - EMT Intermediate I

6 Credits

Course provides preparatory information and is the first part of the EMT Intermediate program.

Prerequisite: EMS 125

— (EMS) EMERGENCY MEDICAL SERVICES —

EMS 205 - EMT Intermediate II

6 Credits

Serves as the second course for EMT Intermediate certification.

Prerequisite: EMS 203

EMS 270 - Clinical: EMS Intermediate

3 credits

Provides the EMT-I student with the required field experiences as required by the Colorado Department of Health.

Corequisite: EMS 205 Prerequisite: EMS 203

EMS 282 - EMT Intermediate Internship

2 credits

Provides the EMT- Intermediate with a supervised clinical learning experience that meets or exceeds the requirements for the State of Colorado Department of Public Health and Environment. Enables the student to work with a preceptor for clinical and internship experience to develop an understanding of advanced life support patient care and assessment. Prerequisite: EMS 205, EMS 270

— (ENG) ENGLISH —

ENG 115 - Technical English and Communication

3 Credits

Focuses on the written and oral communication needs of students in vocational and technical fields. Enables the student to practice written, oral, reading, reasoning, and interpersonal communication skills in order to become successful (or to remain successful) in the workplace.

ENG 121 - English Composition I

3 Credits

Emphasizes the planning, writing, and revising of compositions, including the development of critical and logical thinking skills. Includes a minimum of five compositions that stress analytical, evaluative, and persuasive/argumentative writing. This course is one of the Statewide Guaranteed Transfer courses. GT-CO1
Co-Requisite: CRC 094 or appropriate placement score.

ENG 122 - English Composition II

3 Credits

Expands and refines the objectives of English Composition I. Emphasizes critical/logical thinking and reading, problem definition, research strategies, and writing analytical, evaluative, and/or persuasive papers that incorporate research. This course is one of the Statewide Guaranteed Transfer courses. GT-CO2
Prerequisite: ENG 121

ENG 288 - Practicum

3 Credits

Provides students with the opportunity to supplement coursework with practical work experience related to their educational program. Students work under the immediate supervision of experienced personnel at the business location and with the direct guidance of the instructor.

— (ENT) ENGINEERING TECHNOLOGY —

ENT 134 - Geometric Dimension/Tolerance

2 credits

Enables the student to study and apply principles involving tolerance fits between mating parts and techniques involving precision.

Prerequisite: MAT 107, CAD 256

ENT 233 - Mechanical Design I

3 credits

Focuses on the industrial design process from layout to production drawings, jig and fixture design standard part selection from handbooks and catalogs, specification writing, and part ordering.

Prerequisite: MAT 107, CAD 256

ENT 256 - Rapid Product Development

4 credits

Enables the student to develop 3D solid models for prototype products using CAD technology. Covers various types of prototyping including stereolithography, selective laser sintering, laminated object manufacturing and CNC.

Prerequisite: CAD 256, MAT 107, CAD 257, EIC 105, PHY 105, ENT 133, EGT 230

— (ENV) ENVIRONMENTAL SCIENCE —

ENV 101 - Introduction to Environmental Science

4 credits

Provides an introduction to the basic concepts of ecology and the relationship between environmental problems and biological systems. Includes interdisciplinary discussions on biology, chemistry, geology, energy, natural resources, pollution, and environmental protection. Using a holistic approach, students will study how the foundations of natural sciences interconnect with the environment. This course includes laboratory experience.

Prerequisite: MAT 055

— (EST) ESTHETICS —

EST 110 - Introduction to Facials and Skin Care

3 Credits

Provides a basic understanding of massage manipulations when providing facials and the study of skin in both theory and practical applications. Benefits derived from proper facial and good skin care routines. Training is conducted in a classroom or lab setting using mannequins or models.

EST 111 - Intermediate Facials & Skin Care

2 Credits

Covers theory and practical application pertaining to anatomy, skin disorders, skin types and facial shapes. Students help patrons to select the proper skin care treatment. Practical and theory application can be done in specialized classes or supervised salon (clinical) setting using models or customer service.

EST 210 - Advanced Massage & Skin Care

2 Credits

Provides the student with advanced techniques in massage, skin care, and lash/brow tinting. Theory and practical procedures ready the student for employment. Instruction is provided in specialized classes or in a supervised salon (clinical) setting. Student preparation for State Board Licensing Examination.

EST 211 - Facial Make-up

1 Credit

Provides instruction on cosmetics and their functions. The importance of color theory, facial types, and skin tones as they relate to facial makeup. Instruction from the basic makeup application to the corrective makeup procedure is taught. Disinfection and sanitation is taught as it pertains to all aspects of makeup.

EST 212 - Hair Removal

3 Credits

Provides in-depth study and practice of hair removal and the practice of patron protection and safety. Training for general waxing and body waxing procedures are provided. Demonstration of disinfection and sanitation as it pertains to Colorado rules and regulations will be practiced.

EST 230 - Esthetician Preparation for State Board

2 Credits

Provides preparation for State Boards. Allows the student the opportunity to gain knowledge in the practical and/or written examination required by the Colorado Board of Barber/Cosmetology.

— (EST) *ESTHETICS* —

EST 290 - Professional Development/Continuing Education

3 Credits

Provides students with a vehicle to pursue in-depth exploration of special topics of interest.

— (GEO) *GEOGRAPHY* —

GEO 105 - World Regional Geography

3 Credits

Facilitates an understanding of spatial relationships between and among the geographic regions of the world. Includes demographic and cultural (political, economic, and historic) forces related to the physical environments of selected regions. Focuses on analysis of interrelationships between developed and developing regions, and the interactions between human societies and natural environments. This course is one of the Statewide Guaranteed Transfer courses. GT-SS2.

— (GEY) *GEOLOGY* —

GEY 111 - Physical Geology w/Lab

4 Credits

Studies the materials of the earth, its structure, surface features and the geologic processes involved in its development. This course includes laboratory experience. This course is one of the Statewide Guaranteed Transfer courses. GT-SC1

Prerequisite: MAT 055

GEY 121 - Historical Geology w/Lab

4 Credits

Studies the physical and biological development of the earth through the vast span of geologic time. Emphasizes the investigation and interpretation of sedimentary rocks, the record of ancient environments, fossil life-forms, and physical events, all within the framework of shifting crustal plates. Course includes laboratory experience. This course is one of the Statewide Guaranteed Transfer courses. GT-SC1.

Prerequisite: GEY 111 or permission of instructor.

GEY 135 - Environmental Geo w/Lab

4 Credits

Introduces the subject of geology as it relates to human activities. Geologic hazards such as floods, landslides, earthquakes, and volcanoes are investigated. Mineral, energy, soil, and water resources are discussed in terms of their geologic formation and identification, usage by society, and associated environmental impacts. Land use issues, waste, and pollution are also examined. ~~This course is part of the Statewide Guaranteed Transfer courses. GT-SC1

— (HIS) HISTORY —

HIS 101 - Western Civilization: Antiquity-1650

3 Credits

Explores a number of events, peoples, groups, ideas, institutions, and trends that have shaped Western Civilization from the prehistoric era to 1650. Reflects the multiple perspectives of gender, class, religion, and ethnic groups. Focuses on developing, practicing, and strengthening the skills historians use while constructing knowledge in this discipline. This course is one of the Statewide Guaranteed Transfer courses. GT-HI1

HIS 102 - Western Civilization: 1650-Present History

3 Credits

Explores a number of events, peoples, groups, ideas, institutions, and trends that have shaped Western Civilization from 1650 to the present. Reflects the multiple perspectives of gender, class, religion, and ethnic groups. Focuses on developing, practicing, and strengthening the skills historians use while constructing knowledge in this discipline. This course is one of the Statewide Guaranteed Transfer courses. GT-HI1

HIS 201 - US History to Reconstruction

3 Credits

Explores events, trends, peoples, groups, cultures, ideas, and institutions in North America and United States history, including the multiple perspectives of gender, class, and ethnicity, between the period when Native American Indians were the sole inhabitants of North America, and the American Civil War. Focuses on developing, practicing, and strengthening the skills historians use while constructing knowledge in the discipline. This course is one of the Statewide Guaranteed Transfer courses. GT-HI1

HIS 202 - US History since Civil War

3 Credits

Explores events, trends, peoples, groups, cultures, ideas, and institutions in United States History, including the multiple perspectives of gender, class, and ethnicity, between the period of the American Civil War and the present. Focuses on developing, practicing, and strengthening the skills historians use while constructing knowledge in the discipline. This course is one of the Statewide Guaranteed Transfer courses. GT-HI1

HIS 225 - Colorado History

3 Credits

Presents the story of the people, society, and cultures of Colorado from its earliest Native Americans, through the Spanish influx, the explorers, the fur traders and mountain men, the gold rush, railroad builders, the cattlemen and farmers, the silver boom, the tourists, and the modern state. This course is one of the Statewide Guaranteed Transfer courses. GT-HI1

— (HPE) HUMAN PERFORMANCE AND EXERCISE —

HPE 101- Introduction to Coaching

2 Credits

Acquaints the learner with the knowledge, requirements and responsibilities of coaching, including sport philosophy, sport medicine, and sport management. Fulfills requirements for ACEP Leader Level I.

HPE 200 - Perspectives in PE & Sport

3 Credits

This course discusses the breadth, scope, and nature of the profession. It is an orientation to the history and philosophy of human performance and the factors that influence its evolution. Special consideration is given to the history of sport from antiquity to the present, particularly the Olympic Games.

— (HPR) HEALTH PROFESSIONAL —

HPR 102 - CPR for Professionals

0.5 Credits

Meets the requirements for American Red Cross Professional Rescuer CPR or American Heart Association Basic Life Support for those who work in Emergency Services, Health Care and other professional areas. Material presented in this course is basic patient assessment, basic airway management, rescue breathing, AED use and CPR for infant, children and adult patients.

HPR 106-Law & Ethics for Health Professionals

2 Credits

Introduces student to the study and application medico-legal concepts in medical careers. This course seeks to establish a foundation for ethical behavior and decision making in health professions.

HPR 112 - Phlebotomy

4 Credits

Teaches the duties associated with the practice of venipuncture, capillary puncture, and special collection procedures. Students will have experience with quality control, infection control and safety procedures as well as laboratory computer systems. Students successfully completing this course may apply for a National Phlebotomy Registry Examination.

Prerequisite/Corequisite: MLT 131

— (HPR) HEALTH PROFESSIONAL —

HPR 178 - Medical Terminology

2 Credits

Introduces the student to the structure of medical terms with emphasis on combining and using the most common prefixes, roots and suffixes. Includes terms related to clinical laboratory, diagnostic imaging, nuclear medicine and oncology, as well as major body systems. Classroom structure provides accepted pronunciation of terms and relative use in the healthcare setting.

— (HUM) HUMANITIES —

HUM 115 - World Mythology

3 Credits

Introduces students to the mythologies of various cultures. Common themes are illustrated and an interdisciplinary approach is used incorporating some of the following: religion, philosophy, art history, theater, literature, music, cultural studies, and history.

HUM 121 - Humanities: Early Civilizations

3 Credits

Introduces students to the history of ideas that have defined cultures through a study of the visual arts, literature, drama, music, and philosophy. It emphasizes connections among the arts, values, and diverse cultures, including European and non-European, from the Ancient world to 1000 C.E.

HUM 122 - Humanities: Medieval to Modern

3 Credits

Examines written texts, visual arts and musical compositions to analyze and reflect the evolution and confluence of cultures in Europe, Asia and the Americas from 800 C.E. to 1750 C.E. Any two of the three Survey of Humanities courses equal a sequence.~~This course is one of the Statewide Guaranteed Transfer courses. GT-AH2

HUM 123 - Humanities: Modern World

3 Credits

Examines the cultures of the 17th through the 20th centuries by focusing on the interrelationships of the arts, ideas, and history. Considers the influences of industrialism, scientific development and non-European peoples.

— (HWE) HEALTH & WELLNESS —

HWE 100 - Human Nutrition

3 Credits

Introduces basic principles of nutrition with emphasis on personal nutrition. Satisfies nutrition requirement of students entering health care professions.

— (LEA) LAW ENFORCEMENT ACADEMY—

LEA 101 - Basic Police Academy I

6 Credits

Conforms to POST standards and state certification requirements as well as the basic skills and knowledge necessary to perform the entry level duties of a peace officer. Emphasis will be on simulating actual situations utilizing a lecture and laboratory mode of learning.

Prerequisite: Permission of Academy Director

LEA 102 - Basic Police Academy II

12 Credits

Conforms to POST standards and state certification requirements as well as the basic skills and knowledge necessary to perform the entry level duties of a peace officer. Emphasis will be on simulating actual situations utilizing a lecture and laboratory mode of learning.

Prerequisite: Permission of Academy Director

LEA 105 - Basic Law

8 Credits

Conforms to POST standards and state certification requirements as well as the basic skills and knowledge necessary to perform the entry level duties of a peace officer. Emphasis will be on United States Constitution, arrest, search and seizure, interrogation and confessions, rules of evidence, Colorado Criminal Code, Colorado Traffic Code, Colorado Children's Code, Liquor Code and controlled substances.

Prerequisite: Permission of Academy Director

— (LEA) LAW ENFORCEMENT ACADEMY—

LEA 106 - Arrest Control Techniques

3 Credits

Cover the skills, knowledge and abilities necessary to effectively maintain control of a suspect when making an arrest. Emphasizes the continuum of force and de-escalation of force.

Prerequisite: Permission of Academy Director

LEA 107 - Law Enforcement Driving

3 Credits

Covers the skills, knowledge and abilities required for operation of a law enforcement vehicle. Emphasizes defensive driving. Enables students to demonstrate skills by driving a vehicle under simulated conditions.

Prerequisite: Permission of Academy Director

LEA 108 - Firearms

3 Credits

Discusses the skills, knowledge and abilities necessary to safely use police firearms. Students will demonstrate skills by firing weapons on a firing range. The student will demonstrate basic safety techniques and will explain the firearms role within the continuum of force.

Prerequisite: Permission of Academy Director.

LEA 175-001 - Heartsmart First Aid/CPR

0.5 Credits

This is an eight-hour basic first aid, cardio pulmonary resuscitation (CPR) and biological contamination certification course. Heartsmart First Aid/CPR is an OJC Law Academy curriculum class open to currently employed peace officers and public individuals.

Prerequisite: Permission of the Academy Director.

LEA 175-002 - Command Spanish

1 Credit

This is a 24-hour certification course limited to learning the basic Spanish phrases and questions necessary to communicate certain specific law enforcement protocols. Instruction includes cross-cultural issues pertaining to relationships between non-Spanish-officers and the Latino/Spanish speaking community. Command Spanish for Law Enforcement Officers is an OJC Law Academy curriculum class with outside enrollment limited to currently employed peace officers.

Prerequisite: Permission of the Academy Director.

— (LEA) LAW ENFORCEMENT ACADEMY—

LEA 175-003 - Oleoresin Capsicum (OC) Pepper Spray

0.5 Credits

This is an eight-hour certification course in the proper use of oleoresin capsicum (OC) defensive spray. OC is an OJC Law Academy curriculum class with outside enrollment limited to currently employed peace officers.

Prerequisite: Permission of the Academy Director.

LEA 175-004 - TASER

0.5 Credits

This is an eight-hour certification course in the proper use of TASER arrest control weapons. TASER training is an OJC Law Academy curriculum class with outside enrollment limited to currently employed peace officers.

Prerequisite: Permission of the Academy Director.

LEA 175-005 - Anti-Bias Policing

0.5 Credits

This is an eight-hour certification course in preventing the patterns and practices of racial profiling and biased based policing. Anti-Bias Policing is an OJC Law Academy curriculum class with outside enrollment limited to currently employed peace officers.

Prerequisite: Permission of the Academy Director.

LEA 175-006 - Roadside Sobriety (SFST)

1 Credit

This is a 24-hour certification course presenting the requirements for stopping, approaching, conducting roadside sobriety tests, and the follow-up procedures necessary for adjudication of D.U.I. charges and revocation requirements. SFST is an OJC Law Academy curriculum class with outside enrollment limited to currently employed peace officers.

Prerequisite: Permission of the Academy Director.

LEA 175-007 - Career Management

1 Credit

This is a 21-hour course involving methods for finding, securing and maintaining law enforcement employment. Career Management is an OJC Law Academy curriculum class with limited outside enrollment.

Prerequisite: Permission of the Academy Director.

— (LIT) LITERATURE —

LIT 115 - Introduction to Literature I

3 Credits

Introduces students to fiction, poetry, and drama. Emphasizes active and responsive reading. This course is one of the Statewide Guaranteed Transfer courses. GT-AH2

LIT 225 - Intro to Shakespeare

3 credits

Explores a selection of works by William Shakespeare. It focuses on careful reading and interpretation of the plays and poems, includes pertinent information about Elizabethan England, and examines formal as well as thematic elements of the selected works. This course is one of the Statewide Guaranteed Transfer courses. GT-AH2

LIT 230 - Comics/Graphic Novels

3 Credits

Serves as an introduction to critical methods in popular culture studies, with a focus on the graphic novel as cultural product and practice.

LIT 255 - Children`s Literature

3 Credits

Evaluates the criteria for selecting appropriate literature for children through exploration of genres, age levels, values taught through literature, and the literary and artistic quality of various texts.

— (MAN) MANAGEMENT —

MAN 102 - Business Ethics and Values

1 Credit

Discusses behavior and identifies what is ethical and appropriate behavior and what is not. This course will identify the role of integrity, character, honesty, self-control, self-sacrifice, and core values in developing ethical and effective behavior in the workplace.

MAN 128 - Human Relations in Organizations

3 Credits

Explores the importance of effective communication in our personal lives as well as in the world of business. Practical business applications such as employee motivation, handling customer complaints, and effectively resolving conflict in the workplace will be a major part of the curriculum.

— (MAN) MANAGEMENT —

MAN 216 - Small Business Management

3 Credits

Examines the elements necessary for the successful formation of a new small business. It is also designed to enhance the skills of those already involved in the operation of a small business. The course includes the development of a complete small business plan.

MAN 226 - Principles of Management

3 Credits

Presents a survey of the principles of management. Emphasis is on the primary functions of planning, organizing, leading and controlling with a balance between the behavioral and operational approach.

— (MAR) MARKETING —

MAR 160 - Customer Service

3 Credits

Enables students to learn the relationship of self to customers, problem solve and understand the importance of communicating with customers. Specific emphasis is given to managing customer expectations by building customer rapport and creating positive outcomes.

— (MAT) MATHEMATICS —

MAT 025 - Stem Preparation w/ Lab

1 Credit

Supports skill development for students registered in MAT 055 STEM Prep. Topics covered in this course include those defined in MAT 055 and/or any pre-requisite skills needed by the student. For students with Accuplacer score EA 45-59, this course is a required co-requisite with MAT 055 STEM Prep.

— (MAT) MATHEMATICS —

MAT 050 – Quantitative Literacy

4 Credits

Develops number sense and critical thinking strategies, introduces algebraic thinking, and connects mathematics to real world applications. Topics in the course include ratios, proportions, percents, measurement, linear relationships, properties of exponents, polynomials, factoring, and math learning strategies. Required Accuplacer scores are EA 30-84 or AR > 40.

MAT 055 – STEM Preparation

4 Credits

Develops skills necessary for manipulating algebraic expressions and solving algebraic equations. Topics in the course include radicals, complex numbers, polynomials, factoring, rational expressions, quadratic equations, absolute value equations and inequalities, systems of linear equations, related applications, and math learning strategies. Prerequisites: MAT 050 or Accuplacer scores of EA 60-84. Students with EA scores of 45-59 may be advised into MAT 055 but must co-enroll in MAT 025.

MAT 103 - Math for Clinical Calculations

3 Credits

This course provides a review of general mathematics, introductory algebra and an opportunity to learn systems of measurement and methods of solving problems related to drug dosage and intravenous fluid administration. It is designed for students in the health disciplines. Topics may include algebra, graphs, measurement and conversion between various systems of measurement.

Prerequisite: MAT 050 or appropriate placement score

MAT 107 - Career Math

3 Credits

This course covers material designed for career technical or general studies students who need to study particular mathematical topics. Topics may include measurement, algebra, geometry, trigonometry, graphs, and/or finance. These are presented on an introductory level and the emphasis is on applications.

Prerequisite: MAT 050 or appropriate placement score

— (MAT) MATHEMATICS —

MAT 120 - Math for Liberal Arts

4 Credits

This course develops mathematical and problem-solving skills. Appropriate technological skills are included. Content is selected to highlight connections between mathematics and the society in which we live. Topics include set theory and logic, mathematical modeling, probability and statistical methods, and consumer mathematics. Additional content will include one topic in geometry, numeration systems, decision theory, or management science.

Prerequisite: MAT 050 or appropriate placement score

MAT 121 - College Algebra

4 Credits

This course explores topics including intermediate algebra, equations, and inequalities, functions and their graphs, exponential and logarithmic functions, linear and non-linear systems, selection of topics from among graphing of the conic sections, introduction to sequences and series permutations and combinations, the binomial theorem and theory of equations. This course is one of the Statewide Guaranteed Transfer courses, GT-MA1

Prerequisite: MAT 055 or Accuplacer score greater than 84.

MAT 122 - College Trigonometry

3 Credits

This course covers topics including trigonometric functions (with graphs and inverse functions), identities and equations, solutions of triangles, complex numbers, and other topics as time permits. This is a traditional prerequisite course to the calculus sequence.

Prerequisite: MAT 121 or equivalent

MAT 123 - Finite Mathematics

4 Credits

This course covers topics including functions, matrix algebra, linear programming, and an introduction to probability and counting techniques. Emphasis is on applications. This course may include other topics such as statistics when time permits. This course is primarily intended for business, life science, or social science majors.

Prerequisite: MAT 055 or equivalent

— (MAT) MATHEMATICS —

MAT 125 - Survey of Calculus

4 Credits

This course includes derivatives, integrals, and their applications, with attention restricted to algebraic, exponential, and logarithmic functions for business, life science and/or social science majors.~~This course is one of the Statewide Guaranteed Transfer courses. GT-AH1

Prerequisite: MAT 121 or equivalent or appropriate placement score

MAT 135 - Introduction to Statistics

3 Credits

Explores and applies data presentation and summarization, introduction to probability concepts and distributions, statistical inference --estimation, hypothesis testing, comparison of populations, correlation and regression.~~This course is one of the Statewide Guaranteed Transfer courses. GT-MA1

Prerequisite: MAT 120 or appropriate placement score

MAT 201 - Calculus I

5 Credits

This course introduces single variable calculus and analytic geometry. It includes limits, continuity, derivatives, and applications of derivatives as well as indefinite and definite integrals and some applications.~~This course is one of the Statewide Guaranteed Transfer courses. GT-MA1

Prerequisite: MAT 121 and MAT 122 or appropriate placement score

MAT 202 - Calculus II

5 Credits

This course continues the study of single variable calculus which will include techniques of integration, polar coordinates, analytic geometry, improper integrals, and infinite series. This course is one of the Statewide Guaranteed Transfer courses. GT-MA1

Prerequisite: MAT 201 or appropriate placement score

MAT 203 - Calculus III

4 Credits

Focuses on the traditional subject matter of Calculus. Topics include vectors, vector-valued functions, and multivariable calculus including partial derivatives, multiple integrals, line integrals and application.

Prerequisite: MAT 202 or appropriate placement score

— (MAT) MATHEMATICS —

MAT 255 - Linear Algebra

3 Credits

This course explores vector spaces, matrices, linear transformations, matrix representation, eigenvalues, and eigenvectors. Prerequisite: MAT 202

MAT 265 - Differential Equations

3 Credits

This course explores techniques of problem solving and applications. Topics include first, second, and higher order differential equations, series methods, approximations, systems of differential equations, and Laplace transforms. Prerequisite: MAT 202

— (MLT) MEDICAL LABORATORY TECHNOLOGY —

MLT 131 - Introduction to Hematology

2 Credits

Covers basic manual hematology test and basic instrumentation theory. OSHA safety and an introduction to phlebotomy is also included. MLT 131 is designed as an introduction course to hematology for MLT students and a complete hematology module for clinical assistant (CA) students.

MLT 132 - Hematology II

4 Credits

Covers advanced hematology theory and disease correlations. OSHA safety, phlebotomy and instrumentation are continued; differentials, other manual hematology testing and coagulation are also included. MLT 132 is the continued section of Hematology for the Medical Laboratory Technology students.

Prerequisite or Corequisite: MLT 131

MLT 141 - Immunology/Immunoematology

4 Credits

Covers the basic principles of antigens, antibodies and the immune system. Serological techniques practiced and observed in the clinical laboratory such as: Flocculation, agglutination, precipitation and elisa, complement fixation and hemagglutination are discussed. Also included are basic theories of genetics, blood group systems and antibodies, compatibility testing, antibody screening and identification, transfusion reactions, hemolytic disease of the newborn, component therapy and donor selection. Proficient performance of related laboratory testing is mandatory.

Prerequisite: MLT 131 & 132

— (MLT) MEDICAL LABORATORY TECHNOLOGY —**MLT 142 - Urinalysis**

2 Credits

Introduces kidney function and basic principles of urinalysis, complete urinalysis procedures including physical, chemical and microscopic examination of both normal and abnormal specimens are performed. Basic description and recognition of body fluids (i.e., CSF, Pleural, peritoneal and synovial fluids) are covered. MLT 142 is designed for both Medical Laboratory Technology (MLT) and Clinical Assistant (CA) students.

MLT 180 - Internship/ Blood Banking I

1 Credit

Presents the clinical internship rotation in one or two blood banking facilities or lab. Student attends for 40 hours per week for 2 weeks. Additional practice of blood bank principles and procedures, experience with automated instrumentation and exposure to clinical environment provided.

Prerequisite: MLT 141

MLT 182 - Intern-II Hemat/Coag/Urinalys

5 Credits

Presents the clinical internship rotation in a hematology laboratory. Student attends for 40 hours per week for 5 weeks. Additional practice of hematology principles and procedures, experience with automated instrumentation and exposure to clinical environment provided.

Prerequisite: MLT 131, 132, 142

MLT 231 - Clinical Microbiology

4 Credits

Provides a brief introduction to the field of microbiology to include the morphology, physiology and genetics of microorganisms. This will be followed by the more technical aspects of clinical microbiology. Then, infectious diseases will be discussed to include normal flora, portals of entry and pathogenicity of diverse groups of bacteria. Viruses will also be discussed. Specimen types from different anatomical sites will be covered for the culture of bacteria in the clinical laboratory. Use of media for isolation and differential staining and tests for identification of bacteria will be performed in the student laboratory.

Prerequisite: MLT 131 & 132

— (MLT) MEDICAL LABORATORY TECHNOLOGY —

MLT 232 - Parasitology/Mycology

2 Credits

Provides an introduction to protozoa, helminthes, and blood tissue parasites: epidemiology of parasites and diseases in man: special emphasis on microscopic morphology in the detection and correct identification of parasites. An introduction to fungi yeasts and molds to include cutaneous systemic infections and common contaminants and opportunistic fungi. Subcutaneous infections will also be discussed. Laboratory will emphasize microscopic and culture methods to include specimens, staining, media and identification tests. Prerequisite: All 100-level MLT courses

MLT 241 - Intro to Clinical Chemistry

2 Credits

Covers basic laboratory math, basic instrumentation, safety and quality control are discussed along with basic theory and result evaluation of electrolytes, kidney function and liver function test. MLT 241 is designed as an introduction course to clinical chemistry for MLT students and a complete chemistry module for Clinical Assistant (CA) students. Prerequisite: All 100-level MLT courses

MLT 242 - Clinical Chemistry II

4 Credits

Covers advanced Clinical Chemistry theory, organ functions and disease correlations are covered. Student lab manual chemistry testing is performed on the Gilford spectrophotometer. MLT 242 is the continued section of Clinical Chemistry for the Medical Laboratory Technology students. Prerequisite: MLT 241

MLT 253 - Seminar/Comprehensive Exams

1 Credit

Includes talks by guest speakers on current laboratory technology topics and employable skills such as resume writing or interviewing skills. The course grade also includes successful completion of 20 hours of community service and the three MLT Comprehensive Exams. Prerequisite/Corequisite: MLT 242

MLT 280 - Intern-III Clinical Chemistry

5 Credits

Provides a clinical internship rotation in a chemistry laboratory. Student attends for 40 hours per week for 5 weeks. Additional practice of clinical chemistry principles and procedures, experience with automated instrumentation and exposure to clinical environment provided. Prerequisite: MLT 242

— *(MLT) MEDICAL LABORATORY TECHNOLOGY* —

MLT 282 - Internship IV / Microbiology

2 Credits

Provides a clinical internship rotation in a microbiology laboratory. Student attends for 40 hours per week for 5 weeks. Additional practice of clinical chemistry principles and procedures, experience with automated instrumentation and exposure to clinical environment provided.

Prerequisite: MLT 231 & 232

— *(MOT) MEDICAL OFFICE TECHNOLOGY* —

MOT 139 - Medical Records

4 credits

Explores the development and content of the medical record for the hospital, ambulatory care, long-term care, and mental health. Management of record content, medical forms and filing methods are also presented.

MOT 208 - Introduction to CPT-4 Coding

2 Credits

Teaches basic coding concepts using the CPT-4 coding system for insurance claims. The course will introduce student to the HCFA 1500 form, HCPCS codes, and modifiers to be used for insurance claim filing.

MOT 209 - Introduction to ICD-9 Coding

2 Credits

Covers how to use the ICD-9-CM coding system for insurance claims. The course will introduce student to using the HCFA 1500 form generated from the physician's office.

— (MUS) *MUSIC* —

MUS 110 - Music Theory I

3 Credits

Presents music fundamentals, diatonic four-part harmony, analysis, ear training, and keyboard harmony. For music majors transferring to a 4-year program.

MUS 120 - Music Appreciation

3 Credits

Covers the basic materials of music, musical forms, media, genres and musical periods. Emphasizes the development of tools for intelligent listening and appreciation. --This course is one of the Statewide Guaranteed Transfer courses. GT-AH1

MUS 151 - Ensemble I: Choir

1 Credit

First year, first term. Rehearses and performs various types of musical literature.

MUS 152 - Ensemble II: Choir

1 Credit

Rehearses and performs various types of musical literature. First year, second term.

— (NAT) *NAIL TECHNICIAN* —

NAT 110 - Introduction to Manicures & Pedicures

3 Credits

Provides a basic introduction in the proper use of implements used in manicures and pedicures. Theory and practical application of proper set-up, safety, sanitation, nail shapes, anatomy, product knowledge and terminology dealing with manicures and pedicures is covered. Training is done in a classroom or lab setting using models or other techniques.

NAT 111 - Intermediate Manicures & Pedicures

2 Credits

Presents theory and practical application dealing with different types of manicures, pedicures, nail art and massage techniques. Theory and practical application of procedures, products, nail shapes and maintenance of natural nails is covered. Students learn to recognize different nail disorders and their proper treatment. Training is done in a specialized class or in supervised salon clinical setting, using models or customer service. Proper sanitation and sterilization as it pertains to all aspect of manicures, pedicures and nail art is taught.

— (NAT) NAIL TECHNICIAN —

NAT 210 - Advanced Manicures & Pedicures

2 Credits

Presents theory and practical application dealing with different types of manicures, pedicures massage techniques and nail art. Theory and practical application of procedures, products, nail shapes and maintenance of the natural nails is covered. Students learn to recognize different nail disorders and their proper treatment. Training is done in a specialized class or in supervised salon (clinical) setting, using models or customer service.

NAT 211 - Application of Artificial Nails

5 Credits

Provides advanced theory and practical application of nail wraps, tip overlays, acrylics and product knowledge to ready the student for employment. Theory and practical application of removal techniques for artificial nails is covered. Instruction is provided in specialized classes or in supervised salon (clinical) setting using models or customer service. Student preparation for state board licensing examination pertaining to artificial nails is covered.

NAT 230- Nail Technician Preparation for State Board

4 Credits

Provides preparation for State Boards. Allows the student the opportunity to gain knowledge in the practical and/or written examination required by the Colorado Board of Barber/Cosmetology.

NAT 290 - Advanced Nail Technician Studies

3 Credits

Provides students with a vehicle to pursue in-depth exploration of special topics of interest.

— (NRE) NATURAL RESOURCES —

NRE 251 - General Oceanography I

4 Credits

Provides a comprehensive introduction to modern geological and chemical oceanography. Includes earth history, plate tectonics, geophysics, geochemistry, marine sediments, the hydrosphere, physical properties of salt water, major and minor components of seawater, and ocean-atmosphere interactions. This course includes laboratory experience.

Prerequisite: MAT 055

— **NURSING ASSISTANT** —

NUA 101 - Certified Nurse Aide Health Care Skills

4 Credits

Prepares the student to perform the fundamental skills of the nurse aide. Basic nursing skills, communication skills, restorative services, personal care skills, safety and emergency care issues are covered. Includes knowledge and/or principles of asepsis, OSHA and HIPAA regulations. Ethical behaviors, cultural sensitivity and principles of mental health will be addressed, as well as patient/resident rights.

CoRequisite: NUA 170

NUA 170 - Nurse Assistant Clinical Experience

1 Credit

Applies knowledge and skill gained in NUA 101 to patient care.

Corequisite: NUA 101

— (NUR) NURSING —

The following Nursing Program courses include a combination of theory, laboratory practice and clinical practice for each course. Students must pass each of the theory, laboratory and clinical portions of each course to receive a passing grade in that course.

Most of the Nursing Program courses are sequential and must be completed successfully before proceeding into the next course.

Theory hours for each course are calculated on a 1:1 credit to contact ratio, laboratory and clinical hours are calculated on a 1:2 credit to contact ratio.

NUR 101 - Pharmacology Calculations

1 Credit

Introduces the nursing student to the concepts and techniques of dosage calculations and medication administration by a variety of routes. Learners will apply basic math concepts to complex conversion of dosages between and among various systems of weights and volumes. Learners will apply critical thinking skills to the calculation and administration of medications.

Prerequisite: Admission to the Nursing Program

NUR 106 - Medical and Surgical Nursing Concepts

9 Credits

NUR106 is the first medical/surgical nursing course. Building on NUR109, this course provides for the acquisition of basic medical/surgical nursing theory, as well as application of mental health concepts, communication, collaboration, caring, and critical thinking/clinical reasoning necessary for safe, patient-centered care to a developmentally and culturally diverse adult patient population experiencing various medical/surgical interventions. Incorporates evidence-based practice, quality improvement, professional standards, and legal and ethical responsibilities of the nurse. Application of knowledge and skills occurs in the nursing skills laboratory and a variety of clinical settings.

Prerequisite: Admission to the Nursing Program & NUR 109

— (NUR) NURSING —

NUR 109 - Fundamentals of Nursing

8 Credits

Nursing 109 introduces the fundamental concepts necessary for safe, patient-centered nursing care to a diverse patient population while integrating legal and ethical responsibilities of the nurse. Introduces caring, critical thinking, the nursing process, quality improvement, and communication used when interacting with patients and members of the interdisciplinary team, and relates evidence-based nursing practice. Application of knowledge and skills occurs in the nursing skills laboratory and a variety of clinical settings providing care to stable patients with common health alterations
Prerequisite: Admission to the Nursing Program

NUR 112 - Basic Concepts of Pharmacology

2 Credits

Overview of the basic principles of pharmacology including major drug classifications and prototypes of commonly used medications. Principles of medication administration include aspects of best practice for safe, quality, patient-centered care. Central points include safety, quality improvement factors in the administration of medications, patient teaching, and variations encountered when administering medications to diverse patient populations across the lifespan.
Prerequisite: Admission to the Nursing Program

NUR 150 - Nursing Care of Obstetric and Pediatric Clients

7 Credits

Nursing 150 provides for the acquisition of maternal/child nursing theory, as well as application of mental health concepts, communication, collaboration, caring, and critical thinking/clinical reasoning necessary for safe, family-centered nursing care to childbearing families and children that is developmentally and culturally appropriate. Incorporates evidence-based practice, standards of practice, quality improvement, and legal and ethical responsibilities of the nurse. Application of knowledge and skills occurs in the nursing skills laboratory and in a variety of maternal/child and pediatric clinical settings.
Prerequisite: Admission to the Nursing Program & NUR 109

NUR 169 - Transition to Practical Nursing

5 Credits

Provide the student with a transition into the role of the practical nurse. Emphasis will be placed on distinguishing the practical nurses defined scope of practice related to clinical practice, communication, nursing process, ethical/legal issues and leadership skills. The student practices in the role of the practical nurse in the associated clinical experience.
Prerequisite: NUR 109
Corequisite: 106, 112, 150

— (NUR) NURSING —

NUR 189 – Transition from LPN to ADN

4 credits

Focuses on assisting the LPN to transition into a new role as an Associate Degree Nursing Student. Emphasis will be placed on roles and responsibilities of the ADN, nursing process, critical thinking, legal and ethical issues and nursing practice issues related to specialized skills and the care of special populations. The clinical focus will be care of the pediatric and obstetric client.

Prerequisite: LPN Licensure or permission of Nursing Director

NUR 206 - Advanced Concepts of Medical Surgical Nursing I

8 Credits

NUR 206 builds on NUR106 focusing on advanced concepts of nursing applied to care of patients with high acuity medical/surgical conditions. Builds on medical/surgical nursing theory, mental health concepts, communication, collaboration, caring, and critical thinking/clinical reasoning necessary for safe, patient-centered nursing care to developmentally and culturally diverse adult patients. Incorporates evidence-based practice, quality improvement, professional standards, and legal and ethical responsibilities of the professional nurse as applied in a variety of healthcare settings. Application of knowledge and skills occurs in the nursing skills laboratory and in a variety of clinical settings.

Prerequisite: Admission to the Nursing Program & Completion of all level-one NUR courses

NUR 211 - Nursing Care of Psychiatric Clients

4 Credits

Develops concepts of psychosocial integrity and emphasizes the function and responsibility of nursing in promoting and maintaining mental health of individuals and families. This course emphasizes communication and caring through the application of the therapeutic relationship and nursing process in the care and treatment of common psychiatric clinical conditions/disorders.

Prerequisite: Admission to the Nursing Program

Prerequisite/Corequisite: NUR 206

— (NUR) NURSING —

NUR 212 - Pharmacology II

2 Credits

Builds on previously introduced pharmacological concepts and applies that learning to pharmacologic therapy to provide safe, quality, evidence-based nursing care to patients with complex healthcare needs. Focuses on safety and quality improvement factors in the administration of medications within a variety of healthcare systems. Advanced dosage calculations included.

Prerequisite: Admission to the Nursing Program & NUR 112

NUR 216 - Advanced Concepts of Medical Surgical Nursing II

6 Credits

Nursing 216 is a continuation of Nursing 206, focusing on complex medical/surgical conditions of the high acuity patient. Builds on medical/surgical nursing theory, mental health concepts, communication, collaboration, caring, and critical thinking/clinical reasoning necessary for safe, patient-centered nursing care to developmentally and culturally diverse adult patients experiencing high acuity medical/surgical conditions. Incorporates evidence-based practice, quality improvement, professional standards, and legal and ethical responsibilities of the professional nurse as applied in the acute care and high acuity settings. Application of knowledge and skills occurs in a variety of clinical settings. Prerequisite: Admission to the Nursing Program & NUR 206

NUR 230 - Leadership, Management and Trends

5 Credits

Nursing 230 is a seminar and practice capstone course that provides an integrative experience applying all dimensions of the professional nurse in the care of diverse patient populations across a variety of healthcare settings. All major concepts of the nursing program are addressed. Leadership and the management of multiple patients are emphasized. Application of knowledge and skills occurs in the clinical setting to facilitate an effective transition from student to registered professional nurse.

Prerequisite: Admission to the Nursing Program & NUR 206, 211, 212

Corequisite: NUR 216

— (PED) PHYSICAL EDUCATION —

PED 101 - Conditioning Lab

1 Credit

Offers an independent self-paced format of conditioning exercises to meet individual needs. Emphasizes the value of lifetime fitness and its contribution to achieving personal health and wellness. Students utilize cardiorespiratory, muscular strength and endurance exercises to promote positive changes in health-related fitness components.

— (PED) *PHYSICAL EDUCATION* —

PED 102 - Weight Training I

1 Credit

Offers basic instruction and practice in weight training. Students utilize weight training equipment in accordance to their abilities and goals. Emphasizes weight training equipment orientation, correct lifting techniques, and basic program design for men and women. 30 Contact Hours

PED 103 - Weight Training II

2 Credits

Offers guided instruction and independent practice in weight training for men and women. Students practice various weight training techniques in accordance with their abilities. Emphasizes physiological considerations, equipment orientation, correct lifting techniques, program design, and nutrition.

PED 104 - Cross Training

1 Credit

Introduces basic cross-training techniques designed to improve physical work capacity of an individual. Enables the student to gain an understanding of the basic principles of cross training, the effects cross training has upon the body's energy systems and muscles, program design and terminology.

PED 110 - Fitness Center Activity I

1 Credit

Focuses on improving total fitness via an aerobic circuit training program. Includes an individual fitness evaluation, computerized analysis of results, and a prescribed exercise program. Covers the basic components of fitness including flexibility, muscular strength, muscular endurance, cardiovascular fitness, and body composition. Weight machines, stationary bicycles, and computerized cardiovascular equipment are incorporated to elicit improvements in fitness.

PED 111 - Fitness Center Activity II

1 Credit

Serves as an advanced course for individuals interested in reaching a higher level of total fitness via an aerobic circuit training program. Includes an individual fitness evaluation, computerized analysis of results, and a prescribed exercise program. Focuses on the basic components of fitness including flexibility, muscular strength, muscular endurance, cardiovascular fitness, and body composition. Weight machines, stationary bicycles, and computerized cardiovascular equipment are used to elicit improvements in fitness.

— (PED) *PHYSICAL EDUCATION* —

PED 112 - Fitness Center Activity III

1 Credit

Serves as an advanced exercise course designed for individuals interested in attaining a high level of total fitness. Includes an individual fitness evaluation, computerized analysis of results, and a prescribed exercise program. Focuses on the basic components of fitness including flexibility, muscular strength and endurance, cardiovascular fitness, and body composition. The primary mode of training is Aerobic Circuit Training. The circuit training is supplemented with additional work on specialized weight machines, dumbbells, treadmills, rowers, stair climbers, cross trainers, Nordic track, versa climbers, and running track available in the Fitness Center.

PED 113 - Fitness Center Activity IV

1 Credit

Focuses on advanced instruction designed for individuals interested in attaining a high level of total fitness. Includes an individual fitness evaluation, computerized analysis of results, and a prescribed exercise program. Focuses on the basic components of fitness including flexibility, muscular strength, muscular endurance, cardiovascular fitness, and body composition. The primary mode of training is Aerobic Circuit Training. The circuit training is supplemented with additional work on the specialized weight machines, dumbbells, treadmills, rowers, stair climbers, cross trainers, Nordic track, versa climbers, and running track found in the Fitness Center.

PED 176 - Special Topics

1 Credit

Provides students with a vehicle to pursue in depth exploration of special topics of interest.

PED 202 - Golf I

1 Credit

Introduces a basic course in golf designed for those who have had little or no formal instruction or for those with some experience who are interested in improving some aspect of their game. Includes driving range, putting green, and on-course play.

PED 203 - Golf II

1 Credit

Covers skills designed for individuals with an advanced level of golfing skills who are interested in improving their game. Driving range, putting green and on course instruction and play will be included. Use of woods, irons, wedges and putting will be stressed. All instruction will be by certified golf instructors.

— (PED) *PHYSICAL EDUCATION* —

PED 230 - Volleyball I

1 Credit

Introduces and improves student skill level in volleyball. The primary emphasis is on teaching the student the elements of volleyball including rules, offensive and defensive play, passing, serving, setting, attacking, team play and game strategies.

PED 231 - Volleyball II

1 Credit

Introduces and improves student's advanced skills in volleyball. The primary emphasis is on teaching students quick offensives and advanced defensive systems in order to play volleyball at a competitive level.

PED 232 - Baseball

1 Credit

Assesses the student's skill level in baseball. Emphasizes skill testing and game participation.

PED 233 - Softball

1 Credit

Introduces and improves skill level in softball. Emphasizes the elements of softball including rules of play, variations of play, equipment, skill technique, and offensive and defensive play and strategies.

PED 234 - Basketball

1 Credit

Introduces basketball and focuses on improving student skill level. Emphasizes teaching the student the elements of basketball rules, offensive and defensive footwork, shooting, passing, dribbling, rebounding, team play, and game strategies.

PED 235 - Soccer

1 Credit

Gives the student the opportunity to gain knowledge and skills in the subject of soccer, including history, governing organizations, laws of the game, skills techniques, offensive and defensive tactics and conditioning.

PED 237 - Varsity Sports

1 Credit

Allows the student-athletes an opportunity to participate in a competitive varsity sports program.

— (PHI) PHILOSOPHY —

PHI 111 - Introduction to Philosophy

3 Credits

Introduces significant human questions and emphasizes understanding the meaning and methods of philosophy. Includes human condition, knowledge, freedom, history, ethics, the future, and religion.~~This course is one of the Statewide Guaranteed Transfer courses. GT-AH3

PHI 112 - Ethics

3 Credits

Examines human life, experience, and thought in order to discover and develop the principles and values for pursuing a more fulfilled existence. Theories designed to justify ethical judgments are applied to a selection of contemporary personal and social issues.~~This course is one of the Statewide Guaranteed Transfer courses. GT-AH3.

PHI 113 - Logic

3 Credits

Studies effective thinking using language-oriented logic. Provides tools and develops skills for creative and critical thinking. Emphasizes the development of decision-making and problem-solving.~~This course is one of the Statewide Guaranteed Transfer courses. GT-AH3

— (PHY) PHYSICS —

PHY 105 - Conceptual Physics w/Lab

4 Credits

Focuses on mechanics, heat, properties of matter, electricity and magnetism, light and modern physics. Incorporates laboratory experience.

Prerequisite: MAT 055

PHY 111- Physics: Algebra-Based I w/ Lab

5 Credits

Explores the physical world through reasoning, mathematics and experimentation. Examines kinematics, force, circular motion, energy, momentum, torque, rotational dynamics, simple harmonic motion, temperature, heat and thermodynamics. The concepts and theories presented are explored through demonstrations and hands-on experiments. It is a general physics course that is recommended for all of the health sciences and all other interested students. Students entering engineering or one of the advanced sciences should register for PHY 211. --This course is one of the Statewide Guaranteed Transfer courses. GT-SC1

Prerequisite: MAT 121

PHY 112- Physics: Algebra-Based II with Lab

5 Credits

Expands upon PHY 111 and explores sound waves, electric fields, electric circuits, magnetic fields, light, optics, and modern physics. Explores the concepts and theories presented in class through demonstrations and hands-on experiments. --This course is one of the Statewide Guaranteed Transfer courses. GT-SC1

Prerequisite: PHY 111

PHY 211- Physics: Calculus-Based I with Lab

5 Credits

Explores the physical world through reasoning, mathematics and experimentation. Covers kinematics, force, gravity, energy, momentum, torque, rotational dynamics, and fluids, and may include thermodynamics. The concepts and theories presented in class are explored through demonstrations and hands-on experiments. This first semester calculus-based physics course is recommended for students entering engineering or one of the advanced sciences. --This course is one of the Statewide Guaranteed Transfer courses. GT-SC1

Prerequisite: MAT 201 or Corequisite: MAT 201

— (PHY) PHYSICS —

PHY 212- Physics: Calculus-Based II with Lab

5 Credits

Expands upon PHY 211 and examines waves, electric fields, electric circuits, magnetic fields, light and optics, and modern physics. The concepts and theories presented in class are explored through demonstrations and hands-on experiments.~~This course is one of the Statewide Guaranteed Transfer courses. GT-SC1
Prerequisite: PHY 211 or Corequisite: MAT 202

— (POS) POLITICAL SCIENCE —

POS 105 - Introduction to Political Science

3 Credits

Focuses on a survey of the discipline of political science, including political philosophy and ideology, democratic and non-democratic governments, and processes, and international relations.~~This course is one of the Statewide Guaranteed Transfer courses. GT-SS1

POS 111 - American Government

3 Credits

Includes the background of the U.S. Constitution, the philosophy of American government, general principles of the Constitution, federalism, and civil liberties. Examines public opinion and citizen participation, political parties, interest groups, and the electoral process, and the structure and functions of the national government.~~This course is one of the Statewide Guaranteed Transfer courses. GT-SS1

POS 125 - American State and Local Government

3 Credits

Emphasizes the structure and function of state, county, and municipal governments including their relations with each other and with national government. Includes a study of Colorado government and politics.

— (PSY) PSYCHOLOGY —

PSY 101 - General Psychology I

3 Credits

Focuses on the scientific study of behavior including motivation, emotion, physiological psychology, stress and coping, research methods, consciousness, sensation, perception, learning, and memory.~~This course is one of the Statewide Guaranteed Transfer courses. GT-SS3.

PSY 102 - General Psychology II

3 Credits

Focuses on the scientific study of behavior including cognition, language, intelligence, psychological assessment, personality, abnormal psychology, therapy, life span development, and social psychology.~~This course is one of the Statewide Guaranteed Transfer courses. GT-SS3.

PSY 235 - Human Growth and Development

3 Credits

Examines human development from conception through death, emphasizing physical, cognitive, emotional, and psychosocial factors.~~This course is one of the Statewide Guaranteed Transfer courses. GT-SS3

Prerequisite: Three hours of psychology or permission of instructor

PSY 238 - Child Development

3 Credits

Focuses on the growth and development of the individual from conception through childhood, emphasizing physical, cognitive, emotional, and psychosocial factors.

Prerequisite: Three hours of psychology or permission of instructor

PSY 239 - Adolescent and Adult Psychology

3 Credits

Examines the growth and development of the individual from adolescence to death, emphasizing physical, cognitive, emotional and psychosocial factors.

Prerequisite: Three hours of psychology or permission of instructor

— (RAM) RANGE MANAGEMENT —

RAM 205 - Range Management

3 Credits

Presents the historical and current status of the range livestock industry. Management principles for private and public rangelands, range plant identification and range plant communities are covered.

— (REA) READING —

REA 151 - College Reading

3 Credits

Covers information processing systems, analytical reasoning strategies, concept development and retention, and patterns of organization with emphasis on applying reading strategies to college expository text.

— (REC) RECREATION —

REC 120 - Intro to Sport Management

3 Credits

Provides the student with knowledge of management in the areas of facilities, professional organizations, educational institutions, promotions, as well as the different managerial styles that can be applied. This course will also provide the student with individual topics such as quality control, leadership, strategic planning, information systems, and sport research.

— (REE) REAL ESTATE —

REE 201 - Real Estate Brokers I

6 Credits

Enables the student, in conjunction with REE 202 - Real Estate Brokers II, to meet the educational requirements of the Colorado Real Estate Commission for a Colorado Real Estate Brokers` license. This course includes Real Estate Law and Practice, practical applications, and Current Legal Issues.

Corequisite: REE 202

REE 202 - Real Estate Brokers II

6 Credits

Enables the student, in conjunction with REE 201 - Real Estate Brokers I, to meet the educational requirements of the Colorado Real Estate Commission for a Colorado Real Estate Brokers` license. This course includes Colorado Contracts and Regulations, Closings, and Recordkeeping and Trust Accounts.

Corequisite: REE 201.

— (SBM) SMALL BUSINESS MANAGEMENT —

SBM 121 Small Business Planning I

9 Credits

Provides business owners systematic instruction to give them the tools to make sound business decisions based on the fields of study in Small Business Management. This course guides the student in the collection of necessary information to implement a computerized record keeping system, and to prepare a business plan. Discussions will include computer terminology, balance sheet concepts, accounting principles, computerized account reports, legal structures of a business, the basics of contract law, basic human resource management and the business plan components.

SBM 122 Small Business Planning II

9 Credits

Guides the student in the collection of necessary information to implement a computerized record keeping system, and to prepare a business plan. Discussions will include computer terminology, balance sheet concepts, accounting principles, computerized account reports, legal structures of a business, the basics of contract law, basic human resource management and the business plan components. Focuses on implementing a computerized record keeping system.

— (SBM) SMALL BUSINESS MANAGEMENT —

SBM 131 - Records and Computerization I

9 Credits

Guides the student in the collection of necessary information to implement a computerized record keeping system for the small business owner/operator. Discussion will include computer terminology, application software, balance sheet concepts, accounting principles, computerized accounting reports and business plan components.

SBM 132 - Records and Computerization II

9 Credits

Covers the implementation of a computerized record keeping system for the small business owner/operator. Emphasis will be placed on the application and maintenance of an accurate set of computerized financial records, use of a filing system, and compiling a business plan. This course is a continuation of SBM 131.

Prerequisite: SBM 131

SBM 141 - Financial Analysis and Planning I

9 Credits

Covers how actual enterprise cost analysis is calculated to facilitate the development of whole business projected cash flow statements. All facets of record keeping and updating of data will be emphasized, including refining and maintaining of a current accounting system. This course includes the review and revision of business planning goals and objectives.

Prerequisite: SBM 132 or instructor's approval

SBM 142 - Financial Analysis and Planning II

9 Credits

Covers business analysis through the development of accurate cost and market value accrual balance sheets for the beginning and ending period for the small business owner/operator. Emphasis will be on the measurement and analysis of changes between the two balance sheets. Analysis will include the preparation of an accrual income statement. Financial ratios will be generated to understand their importance to business analysis. Data generated from an established record keeping system will provide the basis for the development of these accrual financial statements.

Prerequisite: SBM 141

SBM 151 - Marketing and Risk Management I

9 Credits

Emphasizes the identification of the strengths and weaknesses of the business and applying them in the development of plans for the business. Includes the development of marketing goals and objectives. The development of budgets, including marketing, into the total operating budget and activities of the business. Provide a review of existing financial trends and activities for further analysis of the small business, measuring past and present performance, and developing risk management plans.

Prerequisite: SBM 142 or instructor's approval

— (SBM) SMALL BUSINESS MANAGEMENT —

SBM 152 - Marketing and Risk Management II

9 Credits

Continues from SBM 151 and provides more in-depth processes and planning to strengthen the operator's business through evaluation and planning based on the strengths and weaknesses of the business. The business operator will develop appropriate business, marketing, and risk management goals and objectives and be ready to initiate their implementation.

Prerequisite: SBM 151

SBM 153 - Marketing, Risk Management and E-Commerce I

9 Credits

Introduces the development of web pages using structured design to document layout. This course provides the student with hands on, practical application in creating and maintaining a web page for small business owners. May include such concepts as, web page layout, text manipulation hyperlinks, graphics, graphics formats, data tables and file downloading requirements, development of the basic marketing plan, defining your market, listing your page with search engines, and working with multimedia and the web site.

SBM 154 - Marketing, Risk Management and E-Commerce II

9 Credits

Introduces the development of web pages using structured design to document layout. This course is a continued study in e-commerce and marketing for small business owners. It provides the student with hands on, practical application in creating and maintaining a web page for small business owners.

— (SCI) SCIENCE —

SCI 105 - Science in Society

3 Credits

Examines issues relating to the way science affects society. Students will investigate issues in information technology, the environment, physics and astronomy, biology, medicine and the interaction of science with politics. The class will focus on gathering accurate scientific information and applying critical thinking skills and the scientific method to analyze how science plays both positive and negative roles in society. Emphasis will be on student research, inquiry and analysis of science related issues. This course is one of the guaranteed statewide transfer agreements: GT-SC2.

— (SOC) SOCIOLOGY —

SOC 101 - Introduction to Sociology I

3 Credits

Examines the basic concepts, theories, and principles of sociology as well as human culture, social groups, and the social issues of age, gender, class, and race.~~This course is one of the Statewide Guaranteed Transfer courses. GT-SS3.

SOC 102 - Introduction to Sociology II

3 Credits

Examines social institutions and organizations from the macro perspective. Emphasizes issues of social change, demography, social movements, and conflicts and trends within education, religion, family, political, and economic structures.~~This course is one of the Statewide Guaranteed Transfer courses. GT-SS3

SOC 215-Contemporary Social Problems

3 Credits

Explores current social issues that result in societal problems. It focuses on such issues as civil liberties, gender discrimination, substance abuse, crime, poverty, and social change.

Prerequisite: SOC 101 or PSY 101

SOC 231 Sociology-Deviant Behavior

3 Credits

Examines the nature, identification, and explanation of deviant categories. Theories, and philosophies as well as methods of treatment related to deviancy will also be considered. The course will study society's attempts to control, change, and institutionalize those acts, individuals or groups that a population may deem unacceptable.

Prerequisite: SOC 101 or PSY 101

— (SPA) SPANISH —

SPA 111 - Spanish Language I

5 Credits

Develops students' interpretive, interpersonal, and presentational communicative abilities in the language. Integrates these skills in the cultural contexts in which the language is used. Offers a foundation in the analysis of culture.

SPA 112 - Spanish Language II

5 Credits

Expands students' interpretive, interpersonal, and presentational communicative abilities in the language across the disciplines. Integrates these skills with the study of the cultures in which the language is used. Offers a foundation in the analysis of culture and develops intercultural communicative strategies.

Prerequisite: SPA 111 or permission of instructor

SPA 115 – Spanish for the Professional I

3 credits

Designed as an introduction to a working knowledge of the target language, cultural behaviors and values useful in various professional fields such as health care, law enforcement, bilingual education, business, and others.

SPA 211 - Spanish Language III

3 Credits

Continues Spanish Language I and II in the development of increased functional proficiency in listening, speaking, reading and writing the Spanish language. Note: The order of the topics and the methodology will vary according to individual texts and instructors.

Prerequisite: SPA 112 or permission of instructor

SPA 212 - Spanish Language IV

3 Credits

Continues Spanish Language I, II and III in the development of increased functional proficiency in listening, speaking, reading and writing the Spanish language. Note: The order of the topics and the methodology will vary according to individual texts and instructors.

Prerequisite: SPA 211 or permission of instructor

— (SLP) STUDENT LEADERSHIP PROGRAM —

SLP 106- Student Government I

1 Credit

Provides the academic vehicle to complement the work of and support students serving in a student government organization. Students will learn to work together in a governance environment overseeing the allocation of funding for campus events, and serving as a resource for other campus leadership teams (first year, first semester).

SLP 107 - Student Government II

1 Credit

Provides the academic vehicle to complement the work of and support students serving in a student government organization. Students will learn to work together in a governance environment overseeing the allocation of funding for campus events, and serving as a resource for other campus leadership teams (first year, second semester).

SLP 206 - Student Government III

1 Credit

Provides the academic vehicle to complement the work of and support students serving in a student government organization. Students will learn to work together in a governance environment overseeing the allocation of funding for campus events, and serving as a resource for other campus leadership teams (second year, first semester).

SLP 207 - Student Government IV

1 Credit

Provides the academic vehicle to complement the work of and support students serving in a student government organization. Students will learn to work together in a governance environment overseeing the allocation of funding for campus events, and serving as a resource for other campus leadership teams (second year, second semester).

— (THE) THEATRE —

THE 105 - Introduction to Theatre Arts

3 Credits

Includes discussions, workshops, and lectures designed to discover, analyze and evaluate all aspects of the theatre experience: scripts, acting, directing, staging, history, criticism and theory.~~This course is one of the Statewide Guaranteed Transfer courses. GT-AH1

THE 111 - Acting I

3 Credits

Covers basic acting techniques and approaches including scene study, improvisation, and script analysis. It includes practical application through classroom performance.

THE 112 – Acting II

3 credits

Continues to explore basic acting techniques and approaches including scene study, improvisation, and intermediate script analysis. It includes practical application through classroom performance.

THE 131 - Theatre Production I

3 Credits

Allows students to put into practice theories of theatre production. Participation in set construction, scenic artistry, costuming, lighting, sound, acting, stage managing, and administration is available. See instructor for registration information.

THE 132 – Theatre Production II

3 Credits

Allows students to put into practice theories of theatre production. Participation in set construction, scenic artistry, costuming, lighting, sound, acting, stage managing, and administration is available. See instructor for registration information.

THE 141 - Improvisation I

1 Credit

Helps students learn improvisation skills for performance and character development. Emphasis is placed on Second City style of improvisation.

THE 142 - Improvisation II

1 Credit

Helps students continue developing improvisation skills learned in THE 141. Exercises are more advanced and difficult. Level of instruction is appropriate for experienced and/or advanced actors.

— (THE) THEATRE —

THE 188 – Practicum

1-3 credits

Provides students an opportunity to gain practical experience in applying their skills and/or to develop specific skills in a practical work setting. The instructor will work with the student to select an appropriate work site, establish learning objectives and to coordinate learning activities with the practicum supervisor.

Prerequisite: Permission of the instructor.

THE 211 - Development of Theatre I

3 Credits

Surveys the history and evolution of drama from Ancient Greece to the Renaissance, emphasizing all aspects of the art from period values to analysis of dramatic literature and performance.~~This course is one of the Statewide Guaranteed Transfer courses. GT-AH1

THE 212 - Development of Theatre II

3 Credits

Surveys the history and evolution of drama from the Renaissance to the present, emphasizing all aspects of the art from period values to the analysis of dramatic literature and performance.~~This course is one of the Statewide Guaranteed Transfer courses. GT-AH1

THE 231 – Theatre Production III

3 Credits

Allows students to put into practice theories of theatre production. Participation in set construction, scenic artistry, costuming, lighting, sound, acting, stage managing, and administration is available. See instructor for registration information.

THE 232 – Theatre Production IV

3 Credits

Allows students to put into practice theories of theatre production. Participation in set construction, scenic artistry, costuming, lighting, sound, acting, stage managing, and administration is available. See instructor for registration information.

— (WQM) WATER QUALITY MANAGEMENT —

WQM 109 - Water Distribution

3 Credits

Covers the purpose, selection and location of water storage facilities and the operation and maintenance of related equipment. Topics include storage facilities and capabilities, booster pumps, water mains and appurtances, joints, pipe protection and installation, valves, fittings and hydrants. Water quality standards, contaminants and degradation inspection and monitoring, system troubleshooting, surveillance, cross connections, pressure main breaks, corrosion control, disinfection and emergency planning are also covered.

WQM 118 - Wastewater Collection Systems

3 Credits

Covers the purpose, components and design of collection systems. Topics include safety procedures, inspection and testing, pipeline cleaning and maintenance, underground repair, lift stations and sewer rehabilitation.

WQM 120 – Water Quality Equipment Maintenance

4 Credits

Provides an in-depth understanding of mechanical and electrical equipment maintenance. Topics include correct use of power and hand tools, preventive maintenance and repair maintenance of pumps, motors, chlorinators, motor control units and other treatment plant equipment and safety procedures.

WQM 124 - Water Certification Review for Class C and D

3 Credits

Helps prepare students for the operator's certification test in water at the C and D level. Topics include water principles, mathematics, hydraulics, water filtration, chemical treatment, source control, basic operations, Colorado Primary Drinking Water Regulations, housekeeping, and laboratory analysis.

WQM 125 - Wastewater Certification Review for Class C and D

3 Credits

Helps prepare students for the operator's certification test in wastewater at the C and D level. Topics include wastewater principles, mathematics, hydraulics, conventional treatment of wastewater, wastewater sedimentation, Colorado Water Quality Control Act, biological treatment of wastewater, effluent standards for wastewater, sludge handling and disposal, disinfection, pumps, safety, housekeeping, and laboratory analysis.

Tracy Pepper, Swink, Colorado

Otero Junior College Foundation Board

The Otero Junior College Foundation is a charitable, non-profit corporation dedicated to raising funds for Otero Junior College. The Foundation was formed to provide the College with the opportunity for long-term growth and financial strength by supporting needs that cannot be met by the State or other financial resources. The Foundation also partners with donors to support and strengthen the College's role in serving the educational needs of the community.

The Otero Junior College Foundation is a 501(c)3 Non-profit Organization:

84-1472517

Kevin Karney, Chairman; La Junta, Colorado

Candi Hill, Vice Chairman; Las Animas, Colorado

Gerry Oyen, Secretary/Treasurer; Las Animas, Colorado

Jonathan Fox, Fowler, Colorado

Curtis Helsel, Lafayette, Colorado

John Knapp, Rocky Ford, Colorado

Vicki Powell, Ordway, Colorado

2011-2012 Otero Junior College Administrative Organization

Full-Time Administrators, Faculty, and Staff

Year in parenthesis indicates first year of service at Otero Junior College

- Addington, Gary B., Jr. (1997) Athletic Director
B.S., Colorado State University; M.S., Adams State College
McDivitt Center Gym, Room 117, 719-384-6859
- Allen, Mark (1990)..... Computer Services Director
A.A., Otero Junior College
McBride Hall, Room 140, 719-384-6830
- Anderson, Melissa (2008)..... Head Volleyball Coach
A.A., Lamar Community College; B.S., and M.E., East Central University
McDivitt Center Gym, Room 203, 719-384-6927
- Autry, JJ (2013)..... Life Science/Physical Science Faculty
A.A., Lamar Community College; B.A., B.S., M.S., Western Governors University
Humanities Center, Room 145, 719-384-6845
- Bales, Erika (2012)..... Educational Resource Specialist
A.A., Palomar Community College; B.A., California State University, San Marcos
Learning Commons/Wheeler Hall, Room 102, 719-384-6983
- Bamber, Lisa (1997, 2010)..... English Faculty
B.A., M.A., Colorado State University-Fort Collins
Humanities Center, Room 150, 719-384-6820
- Barela, Melissa (2008)..... Tutor
A.A., Otero Junior College; B.S. Colorado State University-Pueblo
Student Success Center/Learning Commons, 719-384-6945
- Beadles, Wayne (2003)..... Math Faculty
B.S., Colorado State University; M.A., University of Northern Colorado
Humanities Center, Room 146, 719-384-6836

Full-time Administrators, Faculty, and Staff

- Benfatti, Angela (2011) Financial Aid Director
B.A., Colorado State University-Fort Collins
McBride Hall, Room 132, 719-384-6985
- Bielski, Mike (2011) Head Men's Soccer Coach
A.A., Online Junior College; B.A. California State University
McDivitt Center Gym, Room 113, 719-384-6808
- Blackford, Miner (1999) Law Academy Director
CLETA Certificate, Trinidad State Junior College, B.S., National University
East Otero School District East School, 719-384-6867
- Boettcher, Fred L. (1992) History/Political Science Faculty
B.S., Concordia Teachers College; M.S., Central Missouri State University
Humanities Center, Room 110, 719-384-6807
- Boettcher, Marlene F. (1991) Human Resources Director
B.S., University of Colorado; Certified Public Accountant
Macdonald Hall, Room 221, 719-384-6824
- Brown, Rana (2011) Registrar
A.A., Otero Junior College; B.A., M.A., Adams State College;
McBride Hall, Room 132, 719-384-6949
- Canaday, John (2012) Physical Plant Director
A.S., Otero Junior College; B.S., Colorado State University - Fort Collins
Physical Plant, 719-384-6819
- Carrillo, Chris (2003) Men's Baseball Head Coach
B.A., M.A., Adams State College
McDivitt Center Gym, Room 116, 719-384-6973
- Cockrell, David (2011) Associate Vice President of Instruction
B.A., M.S., University of Pennsylvania; M.S., Ph.D., University of Idaho.
Macdonald Hall, Room 112, 719-384-6886
- Collins, Tamra (2000) Business Faculty
B.S., Fort Hays State University; M.B.A., University of Phoenix
McBride Hall, Room 108, 719-384-6855

Full-time Administrators, Faculty, and Staff

- Correa, Lenel (2012) Tutor
A.A., Otero Junior College
Student Success Center/Learning Commons, 719-384-6840
- Cox, Tejana (2009) Nursing Faculty
A.D.N., Otero Junior College; B.S.N., M.S.N., Grand Canyon University
Humanities Center, Room 122, 719-384-6826
- Davidson, Ginger (2012).STEM Grant Transfer Specialist
B.S., Colorado State University - Fort Collins
McBride Hall, Room 129, 719-384-6975
- Davis, Albert (2011). Student Support Services Career and Financial Advisor
B.A., University of Northern Colorado
McBride Hall, Room 129, 719-384-6944
