*Residence Hall Security:* The Trinidad campus has student housing facilities. All exterior doors to the residence halls are equipped with locks through which students who are residents and employees with authorization can gain access with their issued keys.

With your permission, Campus Security can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the College can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics contained in this report.

Campus advisors are not considered to be campus security authorities and are not required to report crimes for inclusion into the annual crime statistics. Advisors are encouraged; if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

### **Crime Prevention**

Campus Security and Student Services personnel discuss crime prevention during new student orientation, during the first week of each semester, at hall meetings and throughout the semester. Security and safety measures are part of the Residence Life staff training and are also discussed in the residence hall meetings at the beginning of each academic year. In addition, student activities that integrate prevention programming are offered to students throughout the academic year.

In addition to the visibility of Campus Security on campus, Trinidad State Junior College employees and students are encouraged to follow a few simple guidelines:

- Always lock your office, room or apartment when you are not present;
- Always lock your car;
- Make sure doors to residence halls close and latch behind you. If you notice doors that do not close and latch by themselves in general academic buildings, please report;
- Do not prop exterior doors to facilities;
- Never leave valuables (computers, phones, backpacks, money, etc.) unattended in your car; and
- Never leave valuables unattended in common areas: classrooms, cafeteria, etc.

TSJC's employees and students are to remember the whole campus community is affected by an individual's attention or inattention to these matters. They are urged to help us keep our campus as safe and secure as possible.

*Missing Students:* If a member of the Trinidad State Junior College community has reason to believe that a student is missing he or she should immediately notify the Director of Housing at (719) 846-5458 or the Dean of Students at 719-589-7050 or contact the Vice President of Student Services at 719-846-5643. At PPCC Centennial Campus contact PPCC Department of Public Safety at 719-502-2911. All missing student reports will be investigated.

In addition to registering a general emergency contact TSJC Trinidad Campus students residing in on-campus housing have the option to identify confidentially an individual to be contacted by TSJC in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, TSJC will notify that individual no later than 24 hours after the student is determined to be missing. A student who wished to identify a confidential contact can do so through the Office of Student Life. The student's confidential contact information will be accessible by authorized campus officials and law enforcement in the course of an investigation. After investigating a missing person report, should TSJC determine that the student has been missing for 24 hours, TSJC will notify the local police department and the student's emergency contact no later than 24 hours after the student is determined to be missing. If the student is under the age of 18 and is not an emancipated individual, college officials will notify the student's parent or legal guardian no later than 24 hours after the student is determined to be missing.

*Emergency Response and Evacuation Procedures:* TSJC will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system,

unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

*Emergency Notification:* Trinidad State Junior College uses the “Notify Me” notification system. In the event of an emergency or other situation for which immediate communication with the community is necessary, this system sends mass text messages and e-mails to those Trinidad State Junior College campus community members who have signed up for the service. The “Notify Me” system is also used to notify the community in the event of weather related school closures.

While it is an “opt in” system, students are strongly encouraged and led through the sign up process at registration and employees receive directions for sign up when hired. Periodic updates and reminders are sent out to encourage community members to keep their Notify Me account information (phone numbers and e-mail addresses) up to date. The system is tested each semester and a record of system use is available in the IT department.

PPCC utilizes the Connect-Ed emergency mass notification system to distribute emergency alerts to the College community. Connect-Ed messages are broadcast at the direction of any member of the Policy Group, the Director of Public Safety, or any of their respective representatives. Connect-Ed messages are published and distributed by the Executive Director of Marketing and Communication, or the ITSS Director or his/her representative. All PPCC staff, faculty, and students are automatically enrolled to receive emergency alerts via their college email accounts, home phone, and work phone as available through the Banner system.

*Timely Warning:* If campus security and administration determine that a situation or criminal activity presents a serious or continuing threat to the campus community a timely warning will be issued. Pre-developed messages have been produced and are can be pushed out quickly in the event a timely warning needs to be issued. Departments that can push out a timely warning include the IT, Marketing and local Police Department. The warning will be issued through any and all of the following campus systems: The college e-mail system, the Notify Me system and the campus phone system.

Every year staff and faculty are given a Crisis Management Guide in the event of a catastrophic event or crisis (Appendix A). The Crisis Management Guide is reviewed by the Safety Committee and reviewed and approved by the College Council in conjunction with the System Legal Department, on an annual basis. The Guide outlines the call list for notification and members of the crisis management team. When a serious incident occurs, a call to 911 should be made. After notifying law enforcement, a report should be made to the senior administrator identified on the Crisis Management Guide. When a report is made of a serious incident, the Crisis Management Team will connect immediately via telephone, with the senior person on each campus taking the lead role. Team members are identified on the Crisis Management Guide. TSJC follows the Standard Response Protocol. Students, staff and faculty are encouraged to follow the Lockout, Lockdown, Shelter and Evacuate procedures. Information on the Standard Response Protocol is located in every classroom and office throughout the institution.

At PPCC Centennial Campus timely warnings are issued through the college’s Emergency Notification System (ENS) at the discretion of the Director of Public Safety or his/her designee. Notifications may take the form of text messages, emails, scrolling messages, public address system announcements, etc. The Director of Public Safety will take into account the nature of the incident, the continuing danger to the campus community, as well as the possible risk of compromising law enforcement efforts to determine whether a timely warning is warranted.

2015: No Hate Crimes reported.  
 2014: No Hate Crimes reported.  
 2013: No Hate Crimes reported.

Unfounded Crimes:

There was 1 unfounded crime for the year 2014 and 2 unfounded crimes for the year 2015.

Campus crime, arrest and referral statistics include those reported to Campus Security, designated campus officials (including but not limited to directors, deans and designated staff) and local law enforcement agencies at the Trinidad and Valley Campuses. Each year, an email notification is made to all enrolled students that provides the web site to access this report. Faculty and staff receive similar notification. Copies of the report may also be obtained at the TSJC Office of Student Services. All prospective employees may obtain a copy from Human Resources or by calling (719) 846-5643.

At PPCC, Centennial Campus, each year a notification of availability email is sent out to all current students and employees, which provides a link for the current year's ASR, a summary of its contents, and how to obtain a copy. Prospective students who visit one of our campuses are given a notification of availability form by Enrollment Services. Human Resource Services posts the notification of availability on its bulletin board. In addition, the notification of availability is attached to job announcements. The notification of availability is also posted on the Human Resource Services website employment page for those potential employees who wish to apply online.

### **TSJC Polices on Alcohol, Drugs and Sexual Misconduct**

*Drug and Alcohol Policy:* Trinidad State Junior College is a state system community college governed by the State Board for Community Colleges and Occupational Education ("Board"). Board Policy (BP 3-24) requires TSJC to comply with the Drug Free Schools and Communities Amendments of 1989 (PL 101-226 in federal law) and the Higher Education Opportunities Act (HEOA) of 2008. PPCC, Centennial Campus is also governed by these same policies. A copy of this policy is available in the Vice President of Student Services Office in Trinidad or the Dean of Students Office in Alamosa and the Dean of Students Office at PPCC.

Students and employees shall not engage in the unauthorized or unlawful manufacture, distribution, dispensation, possession, use/abuse of alcohol and/or illicit drugs on college property or as a part of any college activity.

*Laws and Statutes:* Federal and state laws govern the use and possession of controlled substances. Excerpts from Colorado Revised Statue (CRS) 18-18-405:

Except as is otherwise provided for offenses concerning marijuana and marijuana concentrate in and for offenses involving minors, any person who violates the foregoing prohibition commits a Felony Offense.

All drug possession charges and penalties are classified by Schedule, except for Marijuana possession.

*Alcohol:* The sale of alcoholic beverages is prohibited except in designated areas, at times and dates approved by the TSJC President and licensed by the Colorado State Department of Revenue. No person under legal drinking age or any obviously intoxicated person shall be furnished, served or given an alcoholic beverage. In the event, if alcohol is served, non-alcoholic beverages must also be made available.

*Other Drugs:* The sale, manufacture, distribution, use, and/or possession of illegal drugs are prohibited.

Although possession and use of marijuana consistent with the requirements of the Colorado Constitution is no longer a crime in the State of Colorado, the possession and use of marijuana remains illegal under federal law. Consistent with federal law, including the Controlled Substances Act and the Drug Free Schools and Communities Act, the use and/or possession of marijuana continues to be prohibited while a student is on college owned or college controlled property, and/or any function authorized or supervised by Trinidad State Junior College and/or in state owned or leased vehicles.

This prohibition applies even if the Colorado Department of Public Health and Environment (CDPHE) has issued a Medical Marijuana Registry identification card to an individual, permitting that individual to possess a limited amount of marijuana for medicinal purposes. Those with medical marijuana cards are not permitted to use medical marijuana on campus.

*Standard of Conduct:* Federal and state laws control alcohol and illegal drugs. TSJC reports violations to local police departments and college administration. Trinidad State Junior College strictly prohibits the unauthorized or unlawful manufacture, distribution, dispensation, possession, use/abuse of alcohol and/or illicit drugs on College property or use as a part of College activities.

*Violation of the Standards of Conduct, Legal Sanctions:* Any student or employee who is convicted of the unlawful manufacture, distribution, dispensation, possession, use/abuse of illicit drugs or alcohol is subject to criminal penalties under local, state and federal law. There are legal sanctions for violations of the Standard of Conduct. These penalties range in severity from a fine of \$100 up to \$8,000,000 and/or life imprisonment. The exact penalty assessed depends upon the nature and the severity of the individual offense.

*Violation of the Standards of Conduct, Imposed by TSJC and PPCC:* Students and/or employees who violate the Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226) will be subject to disciplinary action under employee and student disciplinary policies. The sanctions may include, but are not limited to, a requirement to complete an appropriate rehabilitation or re-entry

program, a requirement to perform hours of community service, loss of residence hall privileges, probation, suspension or expulsion from the College or termination of employment and/or referral to authorities for prosecution.

Compliance with drug and alcohol policies is a condition of employment for all TSJC and PPCC employees. Employees may be subject to corrective and/or disciplinary action as per State Personnel Rules and Regulations, up to and including termination. The Executive Director of Human Resource Services sends a campus-wide E-memo each year to inform staff of the college's policy on alcohol and other drugs.

*Drug and Alcohol Policy Distributed to Students, Staff, and Faculty:* TSJC and PPCC's policies on use, possession, and abuse of alcohol or other drugs are distributed as required under the Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226) to all students, staff, and faculty at new student orientations, new hire information packets, and via email. These policies are also made available to the College community on the TJSC and PPCC website.

**Student Code of Conduct, Section 9:** Listed below are the TSJC and PPCC Student Code of Conduct specific to the use of alcohol and drugs on campus that could warrant disciplinary action. Available at <http://trinidadstate.edu/pdf/students/documents/StudentHandbook.pdf> for Trinidad State Junior College and <http://www.ppcc.edu/student-conduct> for Pikes Peak Community College. For a complete list of the Student Code of Conduct and specific sanctions, please refer to the Student Code of Conduct section listed in the TSJC and PCC Student Handbooks.

Note: Although possession and use of marijuana consistent with the requirements of the Colorado Constitution is no longer a crime in the State of Colorado, the possession and use of marijuana remains illegal under federal law. Consistent with federal law, including the Controlled Substances Act and the Drug Free Schools and Communities Act, the use and/or possession of marijuana continues to be prohibited while a student is on college owned or college controlled property, and/or any function authorized or supervised by the college and/or in state owned or leased vehicles.

*Health Risks Associated with Use of Illicit Drugs and Alcohol Abuse:* Health risks associated with drug and alcohol abuse include, but are not limited to: malnutrition, brain damage, heart disease, pancreatitis, cirrhosis of the liver, mental illness, death, low birth weight babies, and babies with drug addictions. Further information on health risks is available in the Human Resource Services and educational programs presented throughout the year.

*Available Counseling, Treatment, Rehabilitation or Re-entry Programs:* Information on available counseling, treatment, and rehabilitation or re-entry programs are available in the Student Services Office or Student Success Centers on both campuses, and the Colorado Department of Health. At PPCC information can be located at the Human Resources Office, room B-200, 719-502-2600.

*Marijuana Policy:* Although possession and use of marijuana for medical and recreational use is no longer a crime in the State of Colorado, the possession and use of marijuana of any type remains illegal under federal law. Consistent with federal law, including the Controlled Substances Act and the Drug-Free Schools and Communities Act, the use and/or possession of marijuana continues to be prohibited while a student is on campus, including while in campus housing.

Students enrolled in Athletic and Career and Technical Education (CTE) programs that have additional accrediting bodies must abide by the standards set forth by those programs. If drug screening is required and a student tests positive, disciplinary procedures will be taken according to the specific CTE program handbook or accrediting guidelines, and this TSJC Student Handbook. Students with a medical marijuana license are not exempt, regardless of where the student lives (on or off campus).

*Tobacco Free Buildings:* The use of tobacco products including smokeless tobacco, snuff, and chewing tobacco is allowed only in designated areas, and is prohibited in all College buildings and College facilities.

*Sexual Misconduct Policy:* Colorado Community College System President Procedure (SP4-120a) outlines the Trinidad State Junior College and Pikes Peak Community College Student Sexual Misconduct Procedure. The Procedure is intended to allow students an opportunity to present an issue which they feel warrants action with respect to the right to secure educational benefits and services without regard to sex.

If a student has in any way experienced a sexual assault on a TSJC campus, the student should immediately report this to either TSJC Campus Security or to the local law enforcement agency. If the student reports it to Security first, then the College will take steps to assure that the report has been filed with the local law enforcement agency. A victim's on campus living situation may be modified to insure victim safety. If a student is a victim of a sexual assault that occurs off campus, the student should immediately report it to their local law enforcement agency.

If you are a victim of a sexual assault, you may request a medical forensic exam. This is important if you think you want to seek legal action. It is vital that a victim obtains medical treatment as soon as possible and does not bathe, shower, douche, or change clothes until given permission by medical personnel. You can have the exam without having to report the assault to law enforcement. You will not be charged for the cost of the exam.

Trinidad State Junior College does not discriminate on the basis of sex in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Other acts can also be forms of sex-based discrimination and are also prohibited whether sexually based or not and include dating violence, domestic violence, and stalking. As a result, Trinidad State Junior College issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a College official. In this context, Trinidad State Junior College prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the College community.

Trinidad State Junior College and Pikes Peak Community College are both a part of the Colorado Community College System (CCCS) and is governed by the State Board for Community Colleges and Occupational Education (SBCCOE). #### **A. Definitions**

**Consent, Unlawful Sexual Behavior**-Colorado Revised Statutes (C.R.S.) 18-3-401, means cooperation in act or attitude pursuant to an exercise of free will and with knowledge of the nature of the act. A current or previous relationship shall not be sufficient to constitute consent. Submission under the influence of fear shall not constitute consent.

**Sexual Assault**-C.R.S. 18-3-402, Colorado law defines sexual assault as any actor who knowingly inflicts sexual intrusion or sexual penetration on a victim commits sexual assault if:

- The actor causes submission of the victim by means of sufficient consequence reasonably calculated to cause submission against the victim's will; or
- The actor knows that the victim is incapable of appraising the nature of the victim's conduct; or
- The actor knows that the victim submits erroneously, believing the actor to be the victim's spouse; or
- At the time of the commission of the act, the victim is less than fifteen years of age and the actor is at least four years older than the victim and is not the spouse of the victim; or
- At the time of the commission of the act, the victim is at least fifteen years of age but less than seventeen years of age and the actor is at least ten years older than the victim and is not the spouse of the victim; or
- The victim is in custody of law or detained in a hospital or other institution and the actor has supervisory or disciplinary authority over the victim and uses this position of authority to coerce the victim to submit, unless the act is incident to a lawful search; or
- The actor, while purporting to offer a medical service, engages in treatment or examination of a victim for other than a bona fide medical purpose or in a manner substantially inconsistent with reasonable medical practices; or
- The victim is physically helpless and the actor knows the victim is physically helpless and the victim has not consented.

**Sexual Assault on a Child**-C.R.S. 18-3-405, means any actor who knowingly subjects another not his or her spouse to any sexual contact commits sexual assault on a child if the victim is less than fifteen years of age and the actor is at least four years older than the victim.

**Domestic Violence**-C.R.S. 18-6-800.3 means an act or threatened act of violence upon a person with whom the actor is or has been involved in an intimate relationship. Domestic Violence also includes any other crime against a person, or against property, including an animal or any municipal ordinance violation against a person, or against property, including an animal, when used as a method of coercion, control, punishment, intimidation, or revenge directed against a person with whom the actor is or has been involved in an intimate relationship.

**Dating Violence**-*There is no Colorado state law on dating violence; therefore the college abides by the definition used in the Violence Against Women Reauthorization Act (VAWA) of 2013.*

**Dating Violence** means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

For purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

**Stalking**-C.R.S. 18-3-602, means a person commits stalking if directly, or indirectly through another person, the person knowingly:

- Makes a credible threat to another person and, in connection with the threat, repeatedly follows, approaches, contacts, or places under surveillance that person, a member of that person's immediate family, or someone with whom that person has or has had a continuing relationship; or
- Makes a credible threat to another person and, in connection with the threat, repeatedly makes any form of communication with that person, a member of that person's immediate family, or someone with whom that person has or has had a continuing relationship, regardless of whether a conversation ensues; or
- Repeatedly follows, approaches, contacts, places under surveillance, or makes any form of communication with another person, a member of that person's immediate family, or someone with whom that person has or has had a continuing relationship in a manner that would cause a reasonable person to suffer serious emotional distress and does cause that person, a member of that person's immediate family, or someone with whom that person has or has had a continuing relationship to suffer serious emotional distress. For purposes of this paragraph (c), a victim need not show that he or she received professional treatment or counseling to show that he or she suffered serious emotional distress.

Additional definitions as it relates to "Stalking" under Colorado law:

- Conduct "in connection with" a credible threat means acts that further, advance, promote, or have a continuity of purpose, and may occur before, during, or after the credible threat.

- "Credible threat" means a threat, physical action, or repeated conduct that would cause a reasonable person to be in fear for the person's safety or the safety of his or her immediate family or of someone with whom the person has or has had a continuing relationship. The threat need not be directly expressed if the totality of the conduct would cause a reasonable person such fear.
- "Immediate family" includes the person's spouse and the person's parent, grandparent, sibling, or child.
- "Repeated" or "repeatedly" means on more than one occasion.

## **B. Education and Prevention Programs**

The College engages in comprehensive educational programming to prevent domestic violence, dating violence, sexual assault and stalking. Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and faculty that:

- Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct;
- Defines what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;
- Defines what behavior and actions constitute consent to sexual activity in the State of Colorado;
- Provides safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault, or stalking against a person other than the bystander.
- Provides information on risk reduction so that students and employees may recognize warning signs of abusive behavior and how to avoid potential attacks.
- Provides an overview of information contained in the Annual Security Report (ASR) in compliance with the Clery Act.

Educational programs are offered to raise awareness for all incoming students and employees, and are often conducted during new student and new employee orientation and throughout an incoming student's first semester. These programs and others offered throughout the year include strong messages regarding not just awareness, but also primary prevention Bystander engagement is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention such as calling for help, using intervention-based apps, identifying allies and/or creating distractions.

Programs also offer information on risk reduction that strives to empower victims, how to recognize warning signals and how to avoid potential attacks, and do so without victim-blaming approaches. Throughout the year, ongoing awareness and prevention campaigns are directed to students and employees, including faculty, often taking the form of campaigns, emails, guest speakers and events.

The College has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students; TSJC presents information on "Safe Spring Break" annually the week before spring break; prevention strategies are discussed at residence hall meetings the first week of each semester and prevention information is posted in residence halls to promote awareness and resources for students. Passive programming through postings throughout campus also provide information for students and staff.

The College offered the following **primary prevention and awareness programs and communication for all incoming and all students** in 2015:

## **Procedures for Reporting a Complaint**

The College has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of medical, counseling and support services, and additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably

After an incident of sexual assault and domestic violence, the victim should consider seeking medical attention as soon as possible at Mount San Rafael Hospital on the Trinidad Campus, the San Luis Valley Regional Medical Center on the Valley Campus and Memorial Hospital in Colorado Springs for the PPCC Centennial Campus. In Colorado, evidence may be collected even if you choose not to make a report to law enforcement. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence as may be necessary to the proof of criminal activity may be preserved. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to College hearing boards/investigators or police. Although the College strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether or not to make such a report and victims have the right to decline involvement with the police. TSJC staff will assist any victim with notifying local police if they so desire. On the Trinidad Campus, contact David Hardman, Director of Housing, 719-846-5458. On the Valley Campus, contact Robert Martinez, Dean of Students, 719-589-7050.

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator, Lorrie Velasquez, 600 Prospect Street, Berg Building, Room 108, Trinidad, Colorado, 81082. Telephone (719) 846-5534 or Title IX Coordinator, Rachel Doyle, 1101 Main Street, Office 112, Alamosa, CO 81101; Phone (719) 589-7022 or Executive Director of Human Resource Services, Carlton Brooks, 5675 South Academy Blvd., Colorado Springs, CO 80906; phone 719-502-2600 and campus security or the Police Department (if the victim so desires).

The Title IX Coordinator is ultimately responsible to assure in all cases that the behavior is brought to an end, Trinidad State Junior College acts to reasonably prevent its recurrence and the effects on the victim and the community are remedied. The Coordinator is also responsible to assure that training is conducted annually for all advocates, investigators, hearing officers, panelists and appeals officers that encompasses a hearing process that protects the safety of victims and promotes accountability. Training will focus on sexual misconduct, domestic violence, dating violence, sexual assault, stalking, sexual harassment, retaliation and other behaviors that can be forms of sex or gender discrimination covered by Title IX and Clery Act. Training will help those decision-makers in the process to protect the safety of victims and to promote accountability for those who commit offenses.

The College will provide resources to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Title IX Coordinator to preserve evidence in the event that the victim changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the College, the below are the procedures that the College will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report:

**C. Assistance for Victims: Rights & Options**

Regardless of whether a victim elects to pursue a criminal complaint, the College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights. In Colorado, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights:

**Rights Afforded to Victims-C.R.S. 24-4.1-302.5**

In order to preserve and protect a victim's rights to justice and due process, each victim of a crime shall have the following rights:

- The right to be treated with fairness, respect, and dignity, and to be free from intimidation, harassment, or abuse, throughout the criminal justice process;
- The right to be informed of, be present or not present, and without submitting a written request for notification, for all critical stages of the criminal justice process as specified in state statute (C.R.S. 24-4.1-302(2));
- The right to be informed of the filing of a petition by a perpetrator of the offense to terminate sex offender registration pursuant to section 16-22-113(2)(c), C.R.S.;
- The right to be informed, upon request by the victim, when a person who is accused or convicted of a crime against the victim is released or discharged from county jail; and
- The right to be informed, upon written request by the victim, when a person who is accused or convicted of a crime against the victim is released or discharged from custody other than county jail, is paroled, escapes from a secure or nonsecure correctional facility or program, or absconds from probation or parole.

Further, Trinidad State Junior College complies with Colorado law in recognizing orders of protection by: informing security, faculty and appropriate staff who may need to support protection order compliance. The Student Life Director on the Trinidad Campus, Dean of Students on the Valley Campus and PPCC Department of Public Safety on the PPCC, Centennial Campus, maintain a database of all protective orders for current students.

Any person who obtains an order of protection from Colorado or any reciprocal state should provide a copy to the Director of Housing, David Hardman on the Trinidad Campus, the Dean of Students, Robert Martinez on the Valley Campus, the PPCC Department of Public Safety on the PPCC, Centennial Campus, and the Office of the Title IX Coordinator. A complainant may then meet with student services staff to develop a Safety Action Plan, which is a plan for campus security and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: escorts, special parking arrangements, allowing a student to complete assignments from home, relocating a residence hall assignment etc.)

Protection from abuse orders may be available through an **Emergency Protection Orders**, C.R.S. 13-14-103. Any county or district court shall have the authority to enter an emergency protection order, which may include:

- Restraining a party from contacting, harassing, injuring, intimidating, threatening, molesting, touching, stalking, sexually assaulting or abusing any other party, a minor child of either of the parties, or a minor child who is in danger in the reasonably foreseeable future of being a victim of an unlawful sexual offense or domestic abuse;
- Excluding a party from the family home or from the home of another party upon a showing that physical or emotional harm would otherwise result;
- Awarding temporary care and control of any minor child of a party involved;
- Enjoining an individual from contacting a minor child at school, at work, or wherever he or she may be found;

- Restraining a party from molesting, injuring, killing, taking, transferring, encumbering, concealing, disposing of or threatening harm to an animal owned, possessed, leased, kept, or held by any other party, a minor child of either of the parties, or an elderly or at-risk adult; or
- Specifying arrangements for possession and care of an animal owned, possessed, leased, kept, or held by any other party, a minor child of either of the parties, or an elderly or at-risk adult.

In cases involving a minor child, the juvenile court and the district court shall have the authority to issue emergency protection orders to prevent an unlawful sexual offense, or to prevent domestic abuse, when requested by the local law enforcement agency, the county department of social services, or a responsible person who asserts, in a verified petition supported by affidavit, that there are reasonable grounds to believe that a minor child is in danger in the reasonably foreseeable future of being the victim of an unlawful sexual offense or domestic abuse, based upon an allegation of a recent actual unlawful sexual offense or domestic abuse or threat of the same. Any emergency protection order issued shall be on a standardized form prescribed by the judicial department and a copy shall be provided to the protected person.

A verbal emergency protection order may be issued only if the issuing judge finds that an imminent danger in close proximity exists to the life or health of one or more persons or that a danger exists to the life or health of the minor child in the reasonably foreseeable future.

To the extent of the victim’s cooperation and consent, College offices, including the TSJC Behavioral Intervention Team (BIT). Team members include staff and faculty representatives throughout both campuses. Team members work cooperatively to ensure that the complainant's health, physical safety, work and academic status are protected, pending the outcome of a formal College investigation of the complaint. For example, if reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to counseling, health services and assistance in notifying appropriate local law enforcement. Support for victim accommodations are coordinated through the Title IX Coordinator on each campus.

Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant. The College does not publish the name of crime victims nor house identifiable information regarding victims in the Daily Crime Log or online. Victims may request that directory information on file be removed from public sources by request. A change in directory information should be made to the Office of the Registrar at 719-846-5550 for the Trinidad and Valley Campuses and at Enrollment Services, 5675 South Academy Blvd., Room A-107, Colorado Springs, CO 80906 for PPCC, Centennial Campus.

**D. Adjudication of Violations**

Whether or not criminal charges are filed, the College or a person may file a complaint under the Civil Rights Grievance and Investigation Process. If the respondent to a complaint is a CCCS employee, authorized volunteer(s), guest(s), or visitor(s), SP 3-50b will apply. If the respondent is a student, SP 4-31a applies. The procedures can be located at: SP 3-50b <https://www.cccs.edu/wp-content/uploads/documents/SP3-50b.pdf> or SP 4-31a <https://www.cccs.edu/wp-content/uploads/documents/SP4-31a.pdf>. Reports of all domestic violence, dating violence, sexual

assault and stalking made are automatically be referred to the Title IX Coordinator for investigation regardless if the complainant chooses to pursue criminal charges.

The College's civil rights grievance and investigation process, as well as the discipline process, will provide prompt, fair, and impartial investigation and resolution that is:

- Completed within reasonably prompt timeframes which, pursuant to our procedure, is sixty (60) days. If the college finds it necessary to extend this timeline, they may do so for good cause. The college will provide written notice to the accuser and the accused of the delay and the reason for the delay;
- The processes shall be conducted in a manner that is transparent to the accuser and accused;
- The processes allow for timely notice of meetings at which the accuser or accused, or both, may be present;
- Provides timely access to the accuser, the accused, and appropriate officials to any information that will be used after the fact-finding investigation but during the disciplinary meetings and hearings; and
- Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.

All college officials involved with the investigation and discipline process are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking. These employees are taught how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability.

After the civil rights grievance and investigation process is concluded, the findings are shared with the disciplinary authority to begin the college's discipline process.

If the accused is an employee, sanction decisions are outlined in:

- For faculty, disciplinary action will be in compliance with BP 3-20: <https://www.cccs.edu/wp-content/uploads/2012/08/BP3-20.pdf>
- For classified employees, disciplinary action will be taken pursuant to the State Personnel Rules and Regulations: <https://www.colorado.gov/spb/rules-0>
- For administrative and professional/technical employees, there is no specific procedure outlined on discipline; therefore the appointing authority will conduct a discipline process as outlined above.
- For authorized volunteers, guests and visitors, there is no specific applicable procedure; therefore the appointing authority will conduct a discipline process as outlined above.

If the accused is a student, SP 4-30, Student Disciplinary Procedure, applies. The procedure can be located at <https://www.cccs.edu/sp-4-30-student-disciplinary-procedure/>.

The discipline process, in all cases, provides that:

The CSSO or designee shall receive all allegations of student misconduct, investigate the complaints, which includes meeting with the student to give him/her the opportunity to respond to the allegations of misconduct. If the allegations of misconduct are discrimination and/or harassment based on federal or state civil rights laws, the College will investigate those incidents through the Civil Rights Grievance

and Investigation Process, System President's Procedures (SP) 3-50b and (SP) 4-31a via the following link: <https://www.cccs.edu/about-cccs/state-board/policies-procedures/>.

Once the investigation is complete, either through this process or the Civil Rights Grievance and Investigation Process, the CSSO or designee shall render a sanction decision.

1. The CSSO or designee may decide that the charges can be disposed of administratively by mutual consent of the parties involved on a basis acceptable to them. If an administrative resolution is not achieved, the CSSO or designee shall issue a decision which determines whether the alleged conduct occurred; whether the conduct violated the Code of Conduct or College procedures; and impose a sanction(s) if appropriate.

In cases of domestic violence, dating violence, sexual assault and stalking, the complainant and the respondent will be notified simultaneously in writing of the outcome of any disciplinary proceeding, as well as any changes to those results or disciplinary actions prior to the time that such results become final and shall be given the rationale for the discipline decision.

The student shall receive written notice of the decision and be advised of her/his right to appeal the decision, subject to the grounds below, by filing a written appeal with the CSSO or designee within seven (7) days of service of the decision.

### **Appeal**

In the event of an appeal, the CSSO or designee shall give written notice to the other party (e.g., if the accused student appeals, the appeal is shared with the complainant who may also wish to file a response), and then the CSSO or designee will draft a response memorandum (also shared with all parties). All appeals and responses are then forwarded to the Appeals Officer or committee for initial review to determine if the appeal meets the limited grounds and is timely. The original finding(s) and sanction(s) will stand if the appeal is not timely or substantively eligible, and the decision is final.

If the appeal has standing, the documentation is reviewed. Because the original finding(s) and sanction(s) are presumed to have been decided reasonably and appropriately, the party appealing the decision must specifically cite the error(s) in the original determination on which the appeal is based. The only grounds for appeal are as follows:

1. A material procedural or substantive error occurred that significantly impacted the outcome of the hearing (e.g. substantiated bias, material deviation from established procedures); which must be explained in the written appeal; or
2. To consider new evidence, unavailable during the investigation or hearing that could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included in the written appeal, as well as the reasons the new evidence was not available during the original proceeding. Failure to participate in the initial process does not constitute as new information for the appeal process

If the Appeals Officer or committee determines that a material procedural or substantive error occurred, it may return the complaint to the CSSO or designee with instructions to reconvene, in order to cure the error. In rare cases of bias, where the procedural or substantive error cannot be cured by the CSSO or designee, the Appeals Officer or committee may order that a new hearing be held by a different individual acting in the place of the designated CSSO or designee. The results of a reconvened hearing

cannot be appealed. The results of a new hearing can be appealed once on (either or both of) the two applicable grounds for appeals.

If the Appeals Officer or committee determines that new evidence should be considered, it will return the complaint to the CSSO or designee to reconsider in light of the new evidence, only. If the subject matter pertains to civil rights violations pursuant to SP 4-31a, the Appeals Officer or committee will return the complaint to the Title IX/EO Coordinator to reconsider in light of the new evidence, only. The reconsideration of the CSSO, designee, or Title IX/EO Coordinator is not appealable.

The procedures governing the hearing of appeals include the following:

- All parties should be timely informed of the status of requests for appeal, the status of the appeal consideration, and the results of the appeal decision.
- If the Appeals Officer or committee determines there is new evidence or error in the original proceeding, every opportunity to return the appeal to the CSSO or designee for reconsideration (remand) should be pursued.
- Appeals are not intended to be a full rehearing of the complaint (de novo). In most cases, appeals are confined to a review of the written documentation or record of the original hearing, and pertinent documentation regarding the grounds for appeal.
- An appeal is not an opportunity for an Appeals Officer or committee to substitute their judgment for that of the CSSO or designee, merely because they disagree with her/his finding and/or sanctions.
- Appeals decisions are to be deferential to the original decision, making changes to the findings only where there is clear error and a compelling justification to do so.
- Sanctions imposed are implemented immediately, unless the CSSO or designee stays their implementation in extraordinary circumstances, pending the outcome of the appeal.
- The Appeals Officer or committee will render a written decision on the appeal to all parties within seven (7) days of receiving the appeal request. The committee's decision to deny appeal requests is final.

#### **Additional Process Provisions**

- The student may have the opportunity to be advised by a personal advisor of their choice, at their expense, at any stage of the process and to be accompanied by that advisor at any meeting or hearing. An advisor may only consult and advise her/his advisee, but not speak for the advisee at any meeting or hearing. These procedures are entirely administrative in nature and are not considered legal proceedings. The CSSO may remove or dismiss an advisor who becomes disruptive or who does not abide by the restrictions on their participation.
- The student is responsible for presenting her/his own case and, therefore, advisors are not permitted to speak or to participate directly in any hearing, except when the student is under the age of eighteen (18) or incapacitated.
- Student shall have the right to identify documents, witnesses and other material he/she would like the CSSO or designee to review before making a final decision.
- Any hearing held shall be conducted in private unless all parties agree otherwise.
- A record of the hearing should be maintained by the CSSO or designee.
- Audio and/or Video Recording – the College, at its discretion, may audio or video record any meeting throughout the process. Should a recording exist, the student may request a copy at the end of the process. No other audio or video recording will be allowed.

- If student has a disability and would like to request an accommodation to assist her/him through the discipline process, he/she may do so by informing the CSSO or designee. The CSSO or designee will then work with disability support services to accommodate the request.
- Proceedings under this procedure may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-campus.
- Standard of proof – the College will use the preponderance of evidence standard in the disciplinary proceedings, meaning, the College will determine whether it is more likely than not that a conduct code was violated.
- All sanctions imposed by the original decision maker will be in effect during the appeal. A request may be made to the CSSO or designee for special consideration in exigent circumstances, but the presumptive stance of the College is that the sanctions will stand. Graduation, study abroad, internships/externships, clinical placements, extra-curricular activities, etc. do not (in and of themselves) constitute exigent circumstances, and students may not be able to participate in those activities during their appeal. In cases where the appeal results in reinstatement to the College or of privileges, all reasonable attempts will be made to restore the student to their prior status, recognizing that some opportunities lost may be irretrievable in the short term.
- The procedural rights afforded to students above may be waived by the student.
- All timelines may be extended as agreed upon by both parties.

When a complainant does not consent to the disclosure of his or her name or other identifiable information to the alleged perpetrator, the College’s ability to respond to the complaint may be limited.

*Confidentiality:* Certain campus officials have a duty to report criminal misconduct, including sexual misconduct, for federal statistical reporting purposes (Clery Act). All personally identifiable information is kept confidential, but statistical information must be passed along to campus law enforcement regarding the type of incident and its general location. Victims of sexual misconduct should also be aware that college administrators must issue immediate timely warnings for incidents reported to them that are confirmed to pose a substantial threat of bodily harm or danger to members of the community. The college will make every effort to ensure that a victim’s name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the danger.

*Sanctions and Protective Measures:* In all cases, investigations that result in a finding of more likely than not that a violation(s) has occurred may lead to the initiation of disciplinary procedures against the accused individual. Examples of college sanctions may include, but are not limited to:

- For students-warning, probation, fines, restitution, denial of privileges, assignment to perform services for the benefit of the college or community, suspension, expulsion, or “No trespass” directive (PNG).
- For CCCS employees-warning, written warning, corrective actions, probation, restitution, denial of privileges, suspension, demotion, termination of employment, or “No trespass” directive (PNG).
- For authorized volunteers, guest(s), or visitors-warning, writing warning, denial of privileges, dismissal from college, or “No trespass” directive (PNG).

Additionally, the College may implement protective measures following the report of domestic violence, dating violence, sexual assault and/or stalking which may include some or all of the following actions:

- Relocation of residence hall assignments
- Encourage them to change their directory information status
- Campus escorts to classes
- Encourage participation in a personal protection/awareness class
- Refer student to Counseling services
- Refer student to online support and classes as appropriate

For students, sexual assault, domestic violence, dating violence, and stalking are violations of the Student Conduct Code. Employees who violate this policy will be subject to discipline, up to and including termination of employment. Sexual assault, domestic violence, dating violence, and stalking are criminal acts which also may subject the perpetrator to criminal and civil penalties under federal and state law.

The Title IX Coordinator will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: an order of no contact, residence hall relocation, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved. Violations of the Title IX Coordinator's directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Trinidad State Junior College or Pikes Peak Community College.

*Sex Offender Registration:* In accordance to the Campus Sex Crimes Prevention Act of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the College is providing a link to the Colorado State Sex Offender Registry. All sex offenders are required to register in the state of Colorado and to provide notice of each institution of higher education in Colorado at which the person is employed, carries a vocation or is a student.

In Colorado, convicted sex offenders must register with the Colorado Bureau of Investigation (CBI). The Colorado sex offender website is <https://www.colorado.gov/apps/cdps/sor/>. You can link to this information, which appears on CBI's website, by accessing <https://www.ccs.edu/sp-4-30-student-disciplinary-procedure/>.

*Prohibition on Retaliation:* An institution, or an officer, employee, or agent of an institution, may not retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising their rights or responsibilities under any provision in this policy.

## TSJC Fire Safety Policies

TSJC is a tobacco free campus. Smoking in all of its varieties is prohibited. Due to the limitations of electrical circuits and for a variety of safety reasons, electric appliance usage is limited in the residence hall rooms. Acceptable electric appliances with proper care and usage within student rooms include:

- Small refrigerator (up to 4.6 cubic feet)
- Microwave oven
- Coffee Pot
- Hot air popcorn popper
- Hairdryer
- Curling iron/curlers/flat iron
- Clothes iron
- Television
- Radio and stereo
- Computer
- Fan
- Blu-ray/DVD player/VCR

All heat producing electrical appliances must be plugged directly into a wall outlet and need to be U/L approved. Residence hall rooms are not equipped to support the use of cooking appliances with the exception of microwave ovens. The use of extension cords is prohibited although students may use power strips that contain surge protectors.

At no time may any flammables be stored in or around living areas including fireworks, candles and incense. Open flame or combustibles including, but not limited to, candles, incense, oil burning lamps and potpourri pots may not be burned in any residential unit. Fuel driven vehicles (e.g., motorcycles, mopeds, etc.) may not be stored in student housing.

Safety concerns prohibit live Christmas trees and large decorative Christmas lights in residence halls. Small, decorative, artificial Christmas trees are permitted. Fire safety concerns also prohibit posters, tapestries, etc. to be hung or placed on ceilings. Hallways, stairwells and exits must remain free of debris, personal items, and decorations.

Students or students' guests must not tamper with the heating system, college appliances, locks, entrance or hall doors, lights, smoke detectors or make any alterations of any kind to the premises.

Once each semester the Student Life and Residence Hall Staff, in cooperation with the Physical Plant staff, conduct Fire and Life Safety Inspections. The purpose of these inspections is to find fire hazards, maintenance issues and other facility related concerns and ensure compliance with the above guidelines.

*Reporting a Fire:* Residence Halls have central fire alarm systems. In the event of a fire, activate the nearest fire alarm pull station, close windows and doors and evacuate the building according to the posted evacuation routes. When you are a safe distance from the building, call 9-1-1 and then call or have someone else call Campus Security at (719) 845- 6042. Stay away from the building until you are informed by Residence Life or Campus Security personnel it is safe to return.

*Fire Drills:* Fire drills are held at least once within the first month of the Fall and Spring semesters. Additional drills are held as needed throughout the year. When the alarm is engaged, students must evacuate the building and meet in the following areas:

Huggins Hall – Field in front of Huggins Hall  
Johnson Hall – Tennis courts east of Johnson Hall  
O'Connor Hall – Grass area north of the Berg Building  
Romero Hall – Grass area north of the Berg Building

Residence Life and Housing personnel confirm that all students are out of the buildings at this time.

*Fire Safety Education:* Fire safety measures are a part of the Residence Life personnel training and are also discussed in the residence hall meetings at the beginning of each academic year.

*Fire Log:* A daily fire log is maintained by the Physical Plant Director and includes information for all campuses. Viewing is available by appointment between 8 a.m. and 5 p.m. Monday through Friday and can be scheduled by contacting the Physical Plant at (719) 846-5618.
