Please note these figures are preliminary. They reflect the number of offenders added to the backlog compiled in the first few days of the following month. These figures change as offenders are removed from the backlog due to a court action such as an expungement order, stay order, set aside order, detainer, U.S. Marshal hold, future court date, awaiting sentencing on an additional case, completing misdemeanor sentence to a county jail, invalid mittimus, or an incorrect release from county jail. Conversely inmates are admitted retroactively via nunc pro tunc provisions. Therefore net admissions minus releases do not equal total inmate population change.

<sup>a</sup> Fiscal year 2015 figures are preliminary until September 30th of the following year.

<sup>b</sup> Fiscal year 2016 figures are actual through current month.

<sup>c</sup> Projected change is a calculation determined by using a full year projection based on actual year-to-date date. In this calculation, a monthly rate is computed for each category (new court commitments, technical parole returns, etc.), and then the monthly rate is annualized by multiplying by 12; the annualized rate is used to calculate a change rate from last fiscal year to current fiscal year.

<sup>d</sup> Other admissions include returns from a prior release to probation, court order discharge or appeal bond; interstate compact; and YOS terminations.

<sup>e</sup> Includes mandatory parole releases and those released to parole under the earn time provisions of H.B. 09-135

<sup>f</sup> Offenders revoked by the Parole Board reparole on a set date established by the Board.

<sup>g</sup> All discharges including the Colorado Supreme Court decision on July 2001 resulted in the discharge of sex offenders who would have released to parole previously.

<sup>h</sup> Other releases include releases to probation, court order discharge, appeal bond, and deceased.
