Statistical Bulletin

June 1, 2009

### Office of Planning and Analysis

The Office of Planning and Analysis exists within the Department of Corrections to provide research, information and data analysis services. The office also monitors population projections, analyzes legislative impact studies, oversees the administrative regulations, and conducts program and system evaluations as directed by statute or executive priority.

### General Statistics and Reporting

The General Statistics and Reporting within the Office of Planning and Analysis analyzes data and conducts research for internal management and external criminal justice use. This unit gathers, compiles and analyzes data for a multitude of agencies and purposes.

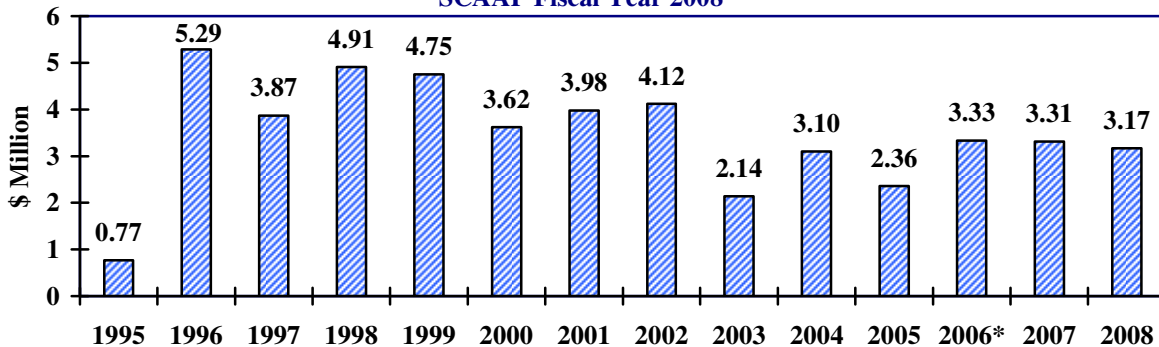

### About this Bulletin

This publication is intended to provide an overview of statistical information and findings generated by this unit. Dissemination of this information to staff and other interested individuals will be provided through this periodical publication.

## \* THE COLORADO DEPARTMENT OF CORRECTIONS RECEIVES \* \$3,172,006 FOR FISCAL YEAR 2008 SCAAP PAYMENT \*

The Colorado Department of Corrections recently received notification that the department was awarded \$3.2 million for the fiscal year 2008 SCAAP payment. The State Criminal Alien Assistance Program (SCAAP) is a payment program designed to provide federal assistance to states and localities for the costs of incarcerating certain criminal aliens who are being held as a result of state and/or local charges or convictions. The Bureau of Justice Assistance (BJA) distributes payments to many jurisdictions including city and county jails and state prisons. A total of 875 applications were submitted and approved for FY2008 with a total of \$386,215,610 distributed to eligible states and local jurisdictions.

## \*GENERAL RESEARCH AND STATISTICS\*

In order to participate in the SCAAP Program, the Office of Planning and Analysis has established databases and criteria needed to submit all required information to the BJA for payment. The General Statistics and Research Evaluation Unit (GSRE) provides resources to track and extensively monitor offender data with special emphasis on key identity tracking fields. The tracking ensures the highest level of matching with federal and homeland security databases used in the SCAAP data verification process. Aggregate correctional officer salary and employment numbers obtained from the Business Office are also key elements submitted by the Department of Corrections each year. The Colorado Department of Corrections has participated and benefited from the SCAAP since 1995, receiving a total of \$48,721,104 in funds over the past 14 year period though the true cost of incarcerating these offenders is drastically higher than the reimbursements received.

<sup>a</sup>Funds are not always received in the same fiscal year shown due to varying application and processing dates at the federal level.

<sup>b</sup>Reporting periods and procedures have been revised over the years varying from one-day counts to fiscal year inmate data.

<sup>c</sup>Fiscal Year 2006 includes additional supplemental payment during the year.

- ◆ The 2008 award showed a 4.1% decrease with SCAAP applications increasing from 808 in fiscal year 2007 to 875 for fiscal year 2008.
- ◆ The number of inmates included in the submission rose 7.3% in 2008.
- ◆ Funding received in 2008 was over 4 times the amount received in 1995 (\$773,343).

## \*STATE DOC PAYMENT COMPARISONS \*

BJA is continually enhancing and updating their review and verification process. Some highlights in the comparison of the state jurisdictional funding, excluding counties and cities, are listed below with a chart breakdown for the top 12 states who received funding.

- ◆ A total of 49 state DOC's received SCAAP funding in 2008. Only one state, West Virginia, did not receive reimbursement funds under the program.
- ◆ The State of Colorado ranked 11<sup>th</sup> in fiscal year 2007 and 12<sup>th</sup> in fiscal year 2008 showing a disproportionately high SCAAP payment when compared to other states of comparable size and geographic location.
- ◆ Of the top 12 states, New York (14.7%) and Massachusetts (15.5%) had the largest decreases for fiscal year 2008.
