Statistical Bulletin

October 12, 2010

Office of Planning and Analysis

The Office of Planning and Analysis exists within the Department of Corrections to provide research, information and data analysis services. The office also monitors population projections, analyzes legislative impact studies, oversees the administrative regulations, and conducts program and system evaluations as directed by statute or executive priority.

General Statistics and Reporting

The General Statistics and Reporting within the Office of Planning and Analysis analyzes data and conducts research for internal management and external criminal justice use. This unit gathers, compiles and analyzes data for a multitude of agencies and purposes.

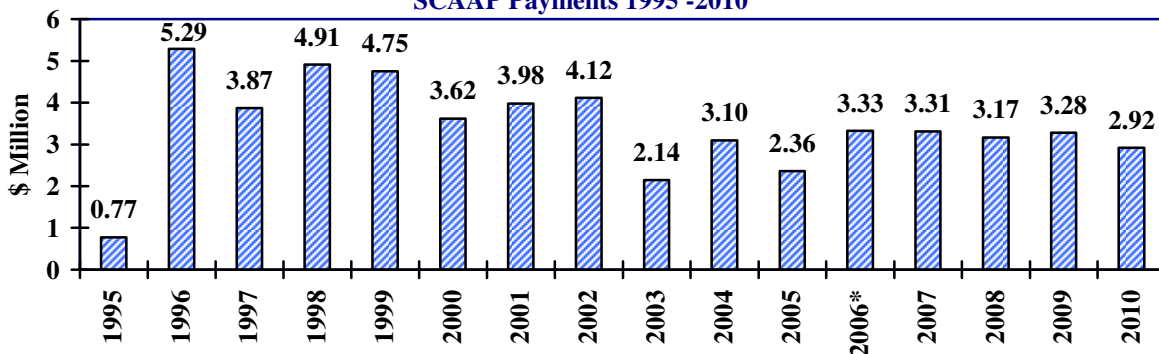

About this Bulletin

This publication is intended to provide an overview of statistical information and findings generated by this unit. Dissemination of this information to staff and other interested individuals will be provided through this periodical publication.

THE COLORADO DEPARTMENT OF CORRECTIONS RECEIVES \$2,916,474 FOR FISCAL YEAR 2010 SCAAP PAYMENT

The Colorado Department of Corrections recently received notification that the department was awarded \$2.9 million for the fiscal year 2010 SCAAP payment. The State Criminal Alien Assistance Program (SCAAP) is a payment program designed to provide federal assistance to states and localities for the costs of incarcerating certain criminal aliens who are being held as a result of state and/or local charges or convictions. The Bureau of Justice Assistance (BJA) distributes payments to many jurisdictions including city and county jails and state prisons. A total of 865 applications were submitted and approved for FY2010 with a total of \$324,023,789 distributed to eligible states and local jurisdictions.

GENERAL RESEARCH AND STATISTICS

In order to participate in the SCAAP Program, the Office of Planning and Analysis has established databases and criteria needed to submit all required information to the BJA for payment. The General Statistics and Reporting Unit provides resources to track and extensively monitor offender data with special emphasis on key identity tracking fields. The tracking ensures the highest level of matching with federal and homeland security databases used in the SCAAP data verification process. Aggregate correctional officer salary and employment numbers obtained from the Business Office are also key elements submitted by the Department of Corrections each year. The Colorado Department of Corrections has participated and benefited from the SCAAP since 1995, receiving a total of \$54,918,414 in funds over the past 15 year period though the true cost of incarcerating these offenders is drastically higher than the reimbursements received.

^aFunds are not always received in the same fiscal year shown due to varying application and processing dates at the federal level.

^bReporting periods and procedures have been revised over the years varying from one-day counts to fiscal year inmate data.

^cFiscal Year 2006 includes additional supplemental payment during the year.

- ◆ The Colorado 2010 award showed an 11.1% decrease in the SCAAP Payment.
- ◆ Overall, total jurisdictional applications decreased from 900 in fiscal year 2009 to 865 for fiscal year 2010.
- ◆ The number of inmates included in the Colorado submission rose 10.4% in 2010.
- ◆ Funding received in 2010 was over 3.5 times the amount received in 1995 (\$773,343).

STATE DOC PAYMENT COMPARISONS

BJA is continually enhancing and updating their review and verification process. Some highlights in the comparison of the state jurisdictional funding, excluding counties and cities, are listed below with a chart breakdown for the top 12 states who received funding.

- ◆ A total of 49 states DOC's received SCAAP funding in 2010. Only one state, West Virginia, did not receive reimbursement funds under the program.
- ◆ The State of Colorado ranked 11th in fiscal year 2010 compared to 12th in fiscal year 2009 showing a disproportionately high SCAAP payment when compared to other states of comparable size and geographic location.
- ◆ Of the top 12 states, New York (31.2%) and Arizona (23.7%) had the largest decreases for fiscal year 2010. Each of the states had significant decreases in their payments.
