## INTRODUCTION

---

In calendar year (CY) 2022, Colorado Revised Statutes (CRS), 17-1-113.7 section 6 (2)(b) was amended through senate bill (SB) 21-193 to state:

The correctional facility, private contract prison, or medical facility staff authorizing the use of restraints on a pregnant inmate during labor or delivery of the child shall make a written record of the use of the restraints, which record shall include, at a minimum, the type of restraint used, the circumstances that necessitated the use of the restraint, and the length of time the restraint was used. The staff of the correctional facility or private contract prison shall retain the record for a minimum of five years and shall make the record available for public inspection with individually identifying information redacted from the record unless the inmate who is the subject of the record gives prior written consent for the public release of the record. The written record of the use of restraint shall not constitute a medical record under state or federal law.

This annual report outlines the occurrences of births in custody, as well as the use of restraints on pregnant inmates within the Colorado Department of Corrections (CDOC), pursuant to SB 21-193, which stipulates:

NOTWITHSTANDING SECTION 24-1-136 (11)(a)(I), NO LATER THAN FEBRUARY 15, 2022, AND EACH FEBRUARY 15 THEREAFTER, THE WARDEN OF THE PRIVATE CONTRACT PRISON AND THE EXECUTIVE DIRECTOR OR THE EXECUTIVE DIRECTOR'S DESIGNEE SHALL SUBMIT THE RECORDS CREATED PURSUANT TO THIS SUBSECTION (2)(b) IN THE PRIOR CALENDAR YEAR TO THE JUDICIARY COMMITTEES OF THE SENATE AND HOUSE OF REPRESENTATIVES, OR THEIR SUCCESSOR COMMITTEES. ... BY FEBRUARY 15, 2022, AND BY FEBRUARY 15 EACH YEAR THEREAFTER, REPORT TO THE JUDICIARY COMMITTEES OF THE SENATE AND HOUSE OF REPRESENTATIVES, OR THEIR SUCCESSOR COMMITTEES, ON THE NUMBER OF BIRTHS BY PREGNANT PEOPLE WHO ARE IN THE CUSTODY OF THE FACILITY, INCLUDING THE LOCATION OF THE BIRTHS, THAT OCCURRED IN THE PRIOR CALENDAR YEAR.

### BIRTHS

In CY 2022, 14 inmates in the custody of CDOC gave birth. Of these 14 births, 11 occurred at Denver Health Medical Center, two occurred at the University of Colorado Hospital, and one occurred at Denver Women’s Correctional Facility. All births occurred in the city of Denver (Figure 1).

### USE OF RESTRAINTS

In CY 2022, there were zero incidents where restraints were used on a pregnant inmate in the custody of the CDOC. All pregnant inmates are housed at the Denver Women’s Correctional Center.
