## Special Education Fiscal Advisory Committee Members for the 2020-21 School Year

---

**Paul Foster, Ed.D.**  
Executive Director  
Exceptional Student Services  
Colorado Department of Education

**Samantha Gallagher**  
Chief Financial Officer  
Durango Public Schools  
Small Rural Fiscal

**Jon Paul Burden**  
Director of Exceptional Student Services  
Weld RE-4  
North Central Region

**Vacant**  
Director of Special Education  
Vacant  
Southwest Region

**Sandy Malouff**  
Executive Director  
Santa Fe Trail BOCES  
Southeast Region

**Lynnette Steinhoff**  
Director of Special Education  
Douglas County School District  
Metro Region

**Tamara Durbin**  
Executive Director  
Northeast Colorado BOCES  
BOCES Fiscal

**Gina Lanier**  
Controller  
Aurora Public Schools  
Urban Fiscal

**Tammy Johnson**  
Director of Special Education  
Uncompahgre BOCES  
Northwest Region

**Sarah Belleau**  
Director of Integrated Services  
Poudre School District  
North Central Region

**Callan Ware**  
Executive Director of Student Services  
Englewood Schools  
Metro Region

**Carolena Steen, Ph.D.**  
Assistant Superintendent  
Cheyenne Mountain School District  
Pikes Peak Region

---

## Non-Voting Members

---

**Vicki Graham**  
Fiscal Supervisor,  
Exceptional Student Services,  
Colorado Department of Education

**Moira Blake**  
Fiscal Specialist,  
Exceptional Student Services,  
Colorado Department of Education

**Kim Boylan**  
Project Specialist,  
Exceptional Student Services,  
Colorado Department of Education

---

## Executive Summary

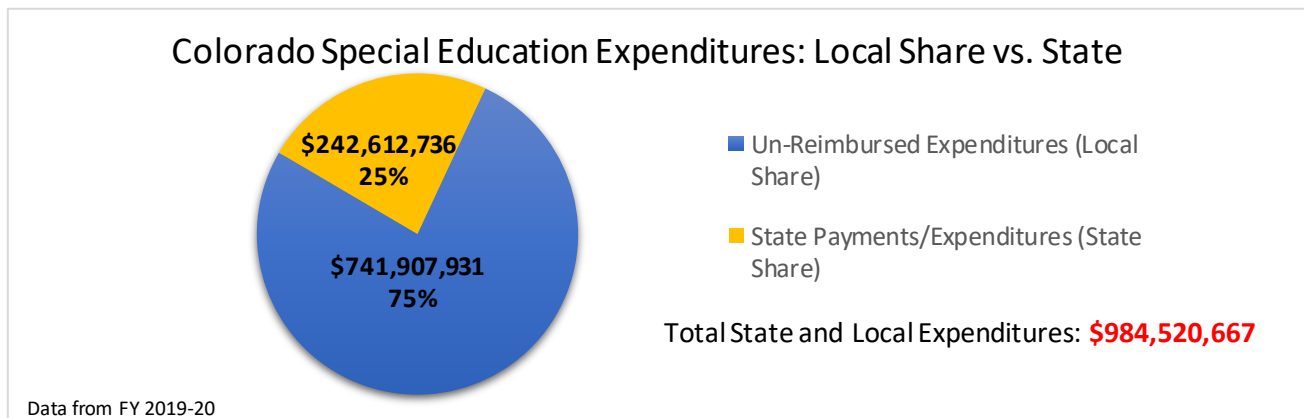

As context for this year’s annual Special Education Fiscal Advisory Committee (SEFAC) report, the 2019-20 school year was the beginning of the COVID-19 worldwide pandemic. The impact this had on education was extensive and resulted in a decrease in student enrollment (including students with disabilities), the need to provide additional technology to students, and the need to create remote programming in an extremely short amount of time. Much of the data in this report reflects the negative impact the COVID-19 pandemic continues to have on education and on students with disabilities whose needs require additional resources for learning.

Current Colorado law does not provide for full funding of the excess costs for students receiving special education services. In 2019-20, state funding covered only 25 percent of the costs for providing special education services (see Figure 1). SEFAC strongly recommends that Colorado implement legislation and secure additional funding to ensure that state and federal funding cover the excess costs of providing special education services.

Funding under the Exceptional Children’s Education Act (ECEA) is allocated for all students with disabilities identified for special education under Tier A. Tier B funding is supplementary funding allocated for students who generally, but not always, will have more significant needs due to the severity of the disability. Tier A Funding (\$1,250 per special education student) has not increased since 2006. In 2019, S.B. 19-246 added an additional \$22 million in state funding. In the spring of 2021, the General Assembly appropriated an additional \$10 million from the State Education Fund through the 2021 Long Bill. This additional funding resulted in an increased Tier B (significant needs students) per pupil funding amount of \$3,387. This amount is well below the \$6,000 intent in statute (C.R.S. § 22-20-114).

Due to the requirement to fund all Tier A students at \$1,250 per student, an overall increase in the number of special education students directly impacts the funding available for Tier B students. Currently, Colorado school districts bear 75 percent of all special education costs from the local general fund, as represented in Figure 1.

**Figure 1: Special Education Funding According to State and Local Share, 2019-20**

Given this funding history, the SEFAC makes the following recommendations for the 2022 legislative session.

### **Tier A Funding Recommendation**

Add \$26.6 million to the total annual appropriation for Tier A without reducing the current Tier B appropriation. Based on the 2020 Special Education December Count<sup>1</sup>, this will increase Tier A funding by \$250 to \$1,500 per student. In future years, annually increase the Tier A per student funding by the Denver/Aurora/Lakewood Consumer Price Index.

### **Tier B Funding Recommendation**

Increase the level of Tier B appropriations by at least \$45 million to bring the per student allocation to approximately 75 percent of the statutory maximum of \$6,000. In subsequent years, annually increase funding by \$500 per student until the statutory maximum is reached. Based on expenditures, re-evaluate the statutory maximum of \$6,000 and develop a mechanism for annual adjustments to cover the possibility of increased costs which may occur over time.

## **Introduction**

Colorado House Bill 06-1375 established the Special Education Fiscal Advisory Committee (SEFAC) by amending Article 20 of Title 22 of the Colorado Revised Statutes. As specified in section 22-20-114.5, C.R.S., members of the SEFAC were first appointed by the State Board of Education (SBE) in September 2006. H.B. 11-1277 changed the composition of the SEFAC membership for the 2011-12 school year and all subsequent years. The SEFAC legislation was scheduled to repeal on September 1, 2021. Pursuant to section 2-3-1203(2)(b), C.R.S., the Department of Regulatory Agencies completed a review of the committee and submitted to the General Assembly a recommendation to extend the committee. S.B. 21-104 continued the SEFAC until Sept. 1, 2031.

The SEFAC consists of 12 members, specified in statute as follows:

- A representative from the unit in the department responsible for the administration of special education programs;
- A special education director with expertise in special education finance from a board of cooperative services (BOCES);
- A business official from a large urban or suburban administrative unit (AU);
- A business official from a small rural AU; and
- Eight special education specialists with appropriate statewide geographic representation.

The work of the SEFAC consists of:

- Determining the form and manner by which AUs document the high costs they have incurred and by

---

<sup>1</sup> The Special Education December Count collection is an annual count of students receiving Part B Special Education services as of December 1st. The information is used to determine state level ECEA funding.

which they may apply to the committee for a high-cost reimbursement grant for either out-of-district or in-district high-cost placements (section 22-20-114.5 (3)(a), C.R.S.);

- Using 50 percent of the total appropriation to award grants to AUs for out-of-district placements and the remaining 50 percent to award grants to AUs for in-district placements (section 22-20-114.5 (3)(a.5), C.R.S.);
- Determining whether to award a grant to an AU, considering for each AU's application/s the annual audited operating expenses for the preceding budget year and the percentage of those expenditures that represent the high costs incurred in the previous budget year (section 22-20-114.5 (3)(b)(I), C.R.S.);
- Awarding grants for out-of-district placements by first prioritizing the AUs that spent the highest percentages, based on the AU's annual audited operating expenses in the preceding budget year, on high costs incurred in the previous budget year in providing special education services to students in such placements (section 22-20-114.5 (3)(b)(II)(A), C.R.S.);
- Awarding grants for in-district placements by first prioritizing the AUs that spent the highest percentages, based on the AU's annual audited operating expenses in the preceding budget year, on high costs incurred in the previous budget year in providing special education services to students in such placements (section 22-20-114.5 (3)(b)(II)(B), C.R.S.);
- Disqualifying any applications for AUs that have failed to provide the department with the data collected concerning special education programs as required by section 22-20-114 (6), C.R.S., including the count of assessed students receiving special education services (section 22-20-114.5 (3)(d), C.R.S.);
- Determining, on an annual basis, the threshold amount of costs incurred in providing special education services to a child with disabilities above which an AU may request reimbursement in the form of a grant (section 22-20-114.5 (3)(e), C.R.S.);
- Reviewing AU high cost applications;
- Recommending allocations to the State Board of Education developed by the committee;
- Developing the statutorily required report (section 22-20-114.5 (5), C.R.S.); and
- Making recommendations on the future funding of special education (section 22-20-114.5 (5), C.R.S.).

The content of this report fulfills the responsibility of the SEFAC to provide recommendations regarding the future funding of special education. This report represents actual audited expenses incurred by AUs during the 2019-20 school year with reimbursement payments to AUs made in the fiscal year 2020-21.

## Analysis of Special Education Funding Data

Pursuant to section 22-20-114.5 (4) C.R.S. the Department of Education is required to gather and provide to the SEFAC data that includes but need not be limited to the following:

- The extent to which the amount of special education funding appropriated pursuant to section 22-20-114(1), C.R.S., is distributed based on the needs of children with disabilities and the severity of the needs of such children (see Appendix A);
- The number of children with disabilities who receive special education services from each AU and the nature of the disability of each child who receives special education services from each AU (see Appendix B);

- Patterns of identifying children with disabilities that include but need not be limited to recognized incidence rates of over- and under-identification of children with disabilities at the AU, state, and national levels;
- The number of hours of special education services that each AU provides, disaggregated by disability; and
- The percentage of the school day during which children with disabilities receive special education services from the AU, disaggregated by disability.

Based on analysis of the 2019-20 school year, the committee made the following observations regarding Tier A and Tier B funding:

### **Tier A and Tier B Funding**

Funding under ECEA is allocated for all students with disabilities eligible for special education services through Tier A. Tier B funding is allocated for students who typically have more significant needs due to the severity of the disability. Tier B consists of students identified with one or more of the following disabilities: visual impairment, including blindness; hearing impairment, including deafness; deaf-blindness; serious emotional disability; autism spectrum disorders; traumatic brain injury; multiple disabilities; and intellectual disability.

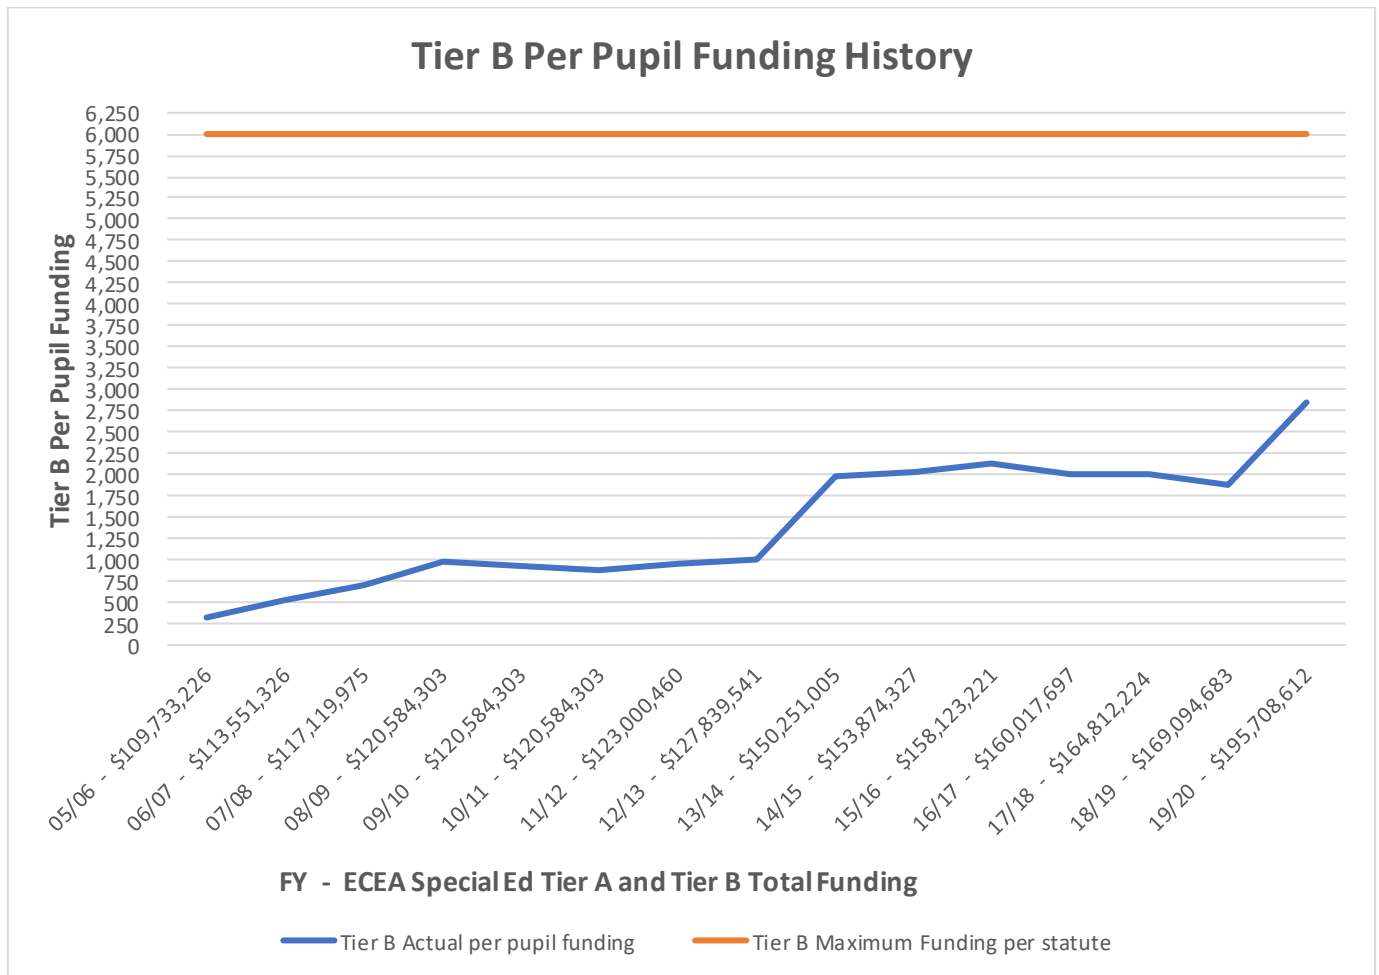

#### **Tier A Funding**

- Each AU receives \$1,250 for each student identified for special education services from the prior-year Special Education December Count. This amount has remained unchanged since 2006; no adjustment has been made for inflation.
- 108,618 students were identified for special education services in the 2019-20 school year. This equaled 11.64 percent of the total public-school population in Colorado.
- The number of students eligible for special education services in the 2020-21 school year decreased by 2.1 percent, while the total student population of Colorado decreased by 3.3 percent.
- When there is an increase in the number of special education students in an AU from one year to the next, the AU provides services with no additional revenue to support increased numbers for a full year.
- In 2017-18 the total number of students identified as eligible for special education services was 101,682. In 2020-21 the total number of students eligible for special education services was 106,299. This increase of 4,617 students marks a 4.54 percent increase in total students served over a four-year period (see Appendix B).
- Funding of Tier A students increased proportionately, consistent with the total number of students with disabilities, but there was no per pupil increase in funding.

#### **Tier B Funding**

- Statute allows up to \$6,000 per pupil for Tier B students.
- During the 2020-21 school year, Tier B funding was \$2,637 per student, but in 2021-22 preliminary funding increased to \$3,387 per student. This reflects a 28.4 percent increase in Tier B funding overall, and a 12.5 percent increase toward the current statutory maximum of \$6,000.

- Students funded in Tier B represent approximately 2.69 percent of the total Colorado student population and 22.31 percent of all special education students based on the December 1, 2020, count (including students with disabilities from state operated programs).
- In school year 2017-18, AUs served a total of 22,253 students identified as Tier B. In school year 2020-21, a total of 23,578 students were identified as Tier B. This increase of 1,325 students marks a 5.95 percent increase in total students identified as Tier B and served over a four-year period (see Appendix B).
- In 2021-22, preliminary Tier B funding was \$3,387 per eligible student, which is 56.45 percent of the \$6,000 per pupil maximum for Tier B students (see Appendix C).

Flat per pupil funding since 2006-07 for Tier A at \$1,250 per student has not kept up with the increase in the cost of services. There is fluctuating funding for Tier B, ranging from 35.5 percent of the \$6,000 maximum in 2015-16 to the highest-funded level of 56 percent of \$6,000 in 2021-22.

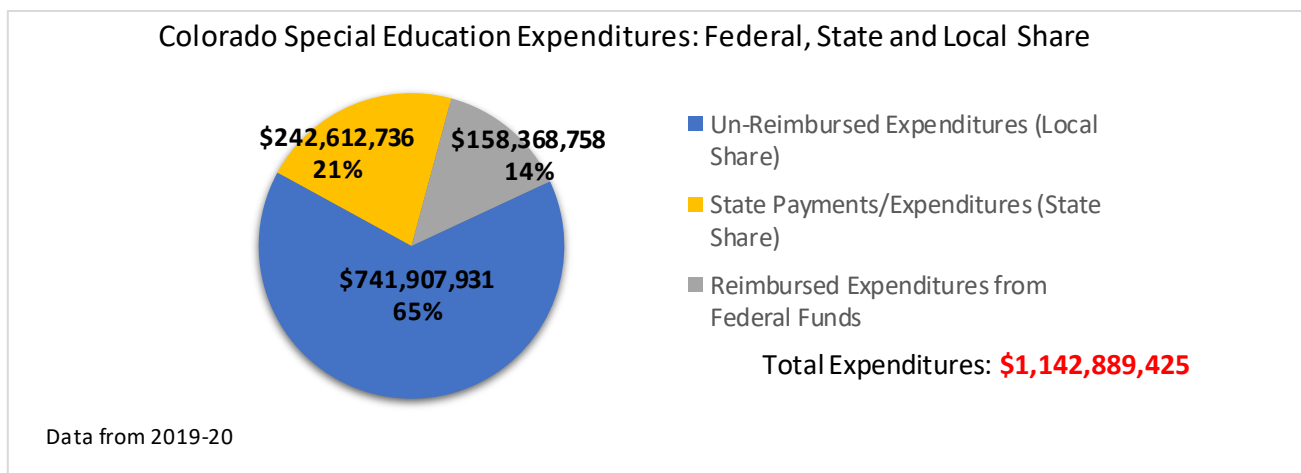

The funding level in fiscal year 2021-22 of \$3,387 per student identified as Tier B falls far short of the statutory maximum of \$6,000 per student and the costs for educating Tier B students.

The Gap Analysis (see Appendix E) based on the December 1, 2019 funded count identifies that the average cost for a special education student in fiscal year 2019-20 was \$10,535. Comparing this average with the state and federal funds allocated to AUs during 2019-20, there is 65 percent gap between available funding and costs to educate students with disabilities in Colorado. Excluding federal funding and the expenditures offset by those funds, there is a 75 percent gap in funding in Colorado.

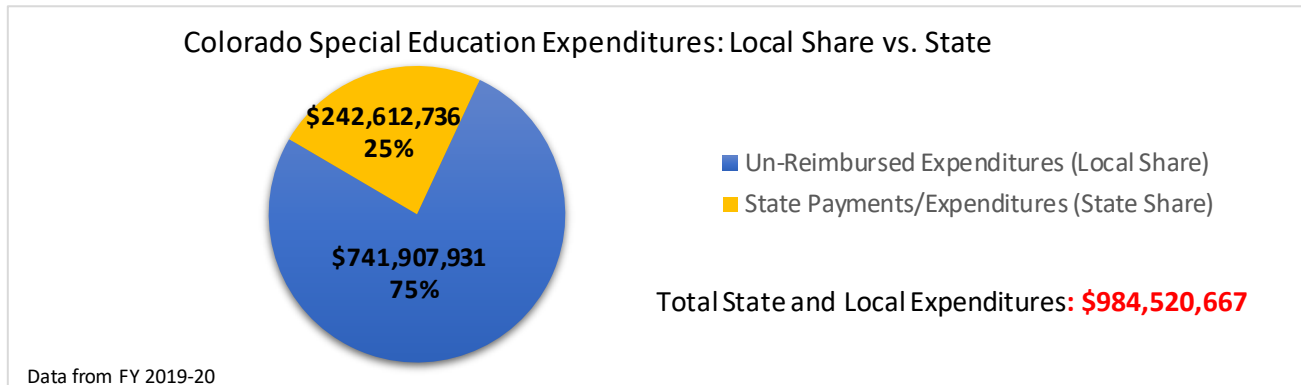

As of 2019-20, Colorado school districts were paying \$741,907,931 in unreimbursed special education costs for students with disabilities. Figure 2 illustrates the federal, state, and local share of special education funding allotted to Colorado schools.

**FIGURE 2: Colorado Special Education Expenditures: Federal, State and Local Share**

In 2019-20, local district funds covered \$741,907,931 of the special education program costs; up from \$691,982,183 in the prior year. These costs represent \$49,925,748 more than the 2018-19 school year. This represents an increase of 7.2 percent to special education expenditures. While adding \$22 million dollars to the ECEA budget for the same year was greatly appreciated, this amounted to only 44 percent of the newly increased gap of \$49,925,748 that developed between the 2018-19 school year and the 2019-20 school year. In short, the expenditure gap is greatly outpacing the additional funding. In comparison, the state paid 21 percent of the cost for educating special education students, or .21 cents of each dollar of a local district’s special education expenditures.

**FIGURE 3: Special Education Funding According to State and Local Share, 2019-20**

## Educational Orphans Funding

The ECEA allocates \$500,000 for educational orphans. An educational orphan is defined as a child with a disability for whom parental rights have been relinquished by the parents or have been terminated by the court; the parents of whom are incarcerated; the parents of whom cannot be located; or the parents of whom reside out of state, but the Department of Human Services has placed the child within the AU; or who is legally emancipated (section 22-20-114 (1)(a)(I)(B), C.R.S.).

The most current data available on educational orphans is for the 2020-21 school year. Four AUs received funding for 27 children reported in the 2020-21 December count at a rate of \$11,003 per pupil. The actual cost for educational orphans in this year did not equal the \$500,000 allocation, and the balance of \$202,925 was distributed as Tier B funds (see Appendix A).

In addition to the educational orphans funding, the AUs serving these students also received \$1,250 per child for Tier A funding. Most of these children were eligible for Tier B funding; therefore, the AUs may have also received additional funding under Tier B.

## Birth to Age Three Evaluations Funding (IDEA Part C)

State funding is provided under the ECEA for evaluations of children, birth to age three. For 2020-21, \$2,829,694 was appropriated to offset costs incurred by AUs in conducting Child Find activities for children who are less than three years of age for eligibility in Part C services under the Individuals with Disabilities Education Act (IDEA). This activity is required under section 22-20-118, C.R.S. The payment for 2020-21 is based on evaluations of 5,738 children in the school year 2019-20 at a reimbursement rate of \$493.15 per child (see Appendix A). Senate Bill 21-275 transfers the responsibility of performing Part C Child Find from the Colorado Department of Education to the Colorado Department of Human Services on July 1, 2022.

## High-Cost Out-of-District and In-District Reimbursement

Section 22-20-114.5 (5), C.R.S., requires the SEFAC to submit an annual report to the House and Senate education committees of the Colorado legislature that includes, at a minimum, a list of the AUs that applied for and received high-cost reimbursement during the preceding budget year. This report covers costs from 2019-20, paid in June 2021.

Because the SEFAC's work largely reflects the data obtained from a voluntary application process, this report does not fully reflect the additional funding needed to support the costs of educating special education students in high-cost out-of-district and in-district placements or programs in Colorado.

A total of \$4 million was appropriated under ECEA to reimburse AUs for students in high-cost placements or programs. The total appropriation consists of \$2 million for students in high-cost out-of-district placements or program and \$2 million for students in high-cost in-district placements or programs. This report represents the 14<sup>th</sup> year of high-cost reimbursements and the 12<sup>th</sup> year that a total of \$4 million was appropriated to reimburse AUs for students identified as high-cost. The SEFAC maintained the eligibility threshold for reimbursement at \$40,000 per student for high-cost out-of-district placements and at \$25,000 per student for high-cost in-district placements.

The SEFAC has adopted the following values to guide the decision-making process:

- It is essential to communicate to the AUs that high-cost reimbursements are awarded on an annual basis and fluctuate depending on the relative fiscal impact per district and the total dollar amount represented in the applications received for that year;
- Allowable costs should include only those incurred for the individual child, related to special education services, and not general education and/or special education overhead costs that would otherwise already be incurred by the AU; and
- Applications should be reimbursed at 100 percent of expenditures minus revenues until money runs out to honor the legislative intent of meaningful reimbursement.

Colorado statute defines high costs as the costs incurred by an AU above the threshold amount of \$40,000 for out-of-district students and \$25,000 for in-district students and their fiscal impact on the total district expenditures. The costs must differ significantly in the costs for other children receiving special education services in that AU.

Using the same uniform process annually since 2006, the SEFAC reviewed applications from AUs and determined which grant applications to approve and the amounts to be awarded after applicable revenues were deducted from the costs submitted for reimbursement. In making these decisions, the SEFAC considered each district's annual expenditures for special education and the percentage those expenditures represented of the districts' total audited expenditures.

The following is a summary of the applications received for 2019-20 expenditures and paid in June 2021.

### Number of Applications Funded

- The \$2 million appropriated for in-district applications funded 77 of 256 applications (30 percent).
- The \$2 million appropriated for out-of-district applications funded 29 of 90 applications (32 percent).

### Number of AUs Receiving Funding

- **In-District:**
  - 24 of 68 AUs submitted high-cost applications.
  - 14 AUs received funding for all or some of the applications submitted.
- **Out-of-District:**
  - 20 of 68 AUs submitted high-cost applications.
  - 19 AUs received funding for all or some of the applications submitted.

Table 1 shows the high-cost applications received for in-district placements in the 2020-21 fiscal year including the total amount requested, the amount not funded, and the amount funded.

**TABLE 3: Additional Funding Needed to Fully Fund Colorado Special Education High-Cost Applications: 2019-20 Costs for 2020-21 Funding Year**

	In-District High-Cost Applications 2019-20	Out-of-District High-Cost Applications 2019-20
<b>Total Amount Requested by AUs</b>	<b>\$9,613,679</b>	<b>\$6,121,156</b>
<b>Funded</b>	<b>\$2,000,000</b>	<b>\$2,000,000</b>
<b>Amount Not Funded</b>	<b>\$7,613,679</b>	<b>\$4,121,156</b>
<b>Revenues Deducted from Claims</b>	<b>\$1,068,207</b>	<b>\$2,496,824</b>
<b>Additional Amount Needed to Fully Fund Claims*</b>	<b>\$6,545,472</b>	<b>\$1,624,332</b>

\*NOTE: Due to the voluntary and time-intensive nature of the application process, the data represents less than half of the Colorado AUs. The actual additional funding needed would be greater than this amount if all high-cost students were included.

## Recommendations of the SEFAC

Tier A (all special education students) per student funding of \$1,250 has not increased since 2006. Tier B (significant needs students) per student funding in 2020-21 is approximately 43.8 percent of the statutory maximum of \$6,000. Colorado statute authorizes funding for each Tier B eligible student at an additional \$6,000, supplementary to the \$1,250 for all special education students (Tier A). The allocation for Tier B in 2020-21 is \$2,637. In 2019 an additional \$22 million was added in state funding. Additionally in the spring of 2021, an additional \$10 million was added for the 2021-22 school year. This additional funding resulted in a Tier B per pupil funding amount of \$3,387 for the 2021-22 school year. This is still well below the \$6,000 intent of the statutory maximum. Tier B funding is supplementary to Tier A funding.

As a result of a statewide decrease in overall students reported as eligible for Tier A funding by 2,181 total students (the first time the state has had a drop in this category since the report has been provided), a greater proportion of the overall ECEA funds were thus available to fund the Tier B needs. For the 2021-22 school year, this Tier B funding increased to \$3,387 because of several factors: a) an increase of \$10 million to the total state special education funding; b) a reduction of 487 Tier B students; and, c) a reduction in the number of students eligible for Tier A funding. Without additional dollars allocated to ECEA, Tier B will decrease proportionate to the increase of Tier A. Therefore, an overall increase in special education funding is necessary so that the increase in Tier A funding does not diminish available funds for Tier B.

The percentage of reimbursed expenditures for Educational Orphans is larger than the percentage of funding for both Tier A and Tier B. Subsequently, the SEFAC is making the following recommendations for the 2022 legislative session:

### Tier A Funding Recommendation

- Increase the total annual appropriation for Tier A by \$27.1 million without reducing the current Tier B appropriation. Based on the December 1, 2020, pupil count, this will increase Tier A per student funding by \$250, to \$1,500 per student. In future years, annually increase the Tier A per student funding amount of \$1,500 by the Denver/Aurora/Lakewood Consumer Price Index.

### Tier B Funding Recommendation

- Increase the level of Tier B appropriations by \$45 million to bring the per student allocation to approximately 75 percent of the statutory maximum. In subsequent years, annually increase funding by \$500 per student until the statutory maximum of \$6,000 is reached.
- Re-evaluate the \$6,000 maximum based on current expenditures and develop a mechanism for annual increases in Tier B.

## Educational Orphans Funding Recommendation

- No changes are recommended for the \$500,000 appropriation or the distribution of the allocations.

## Part C Funding Recommendation

- Since S.B. 21-275 transfers the responsibility of performing Part C Child Find from the Colorado Department of Education to the Colorado Department of Human Services on July 1, 2022, SEFAC recommends ECEA funds dedicated to Part C evaluations remain in the ECEA categorical appropriation and be applied to Tier B.

Current state law does not provide for full funding of the excess costs of the special education programming and services for students with a disability under IDEA or ECEA. The SEFAC strongly recommends that Colorado implement legislation and secure additional funding to ensure that state and federal funding cover the excess costs of providing special education services.

## Conclusion

The SEFAC appreciates the opportunity to assist with this important funding issue specific to serving special education students. The committee believes that the high-cost appropriation is a critical step toward meeting the needs of districts that are financially impacted by serving children identified with high-cost special education programming. We ask the Colorado General Assembly for leadership in recognizing this critical need.

### Overview of Colorado Special Education State Share

Fiscal Years:

2019-20

2020-21

### Colorado Special Education State Share FY 2019-20

ECEA	\$195,708,612
High-Cost	\$4,000,000
Child Find	\$2,776,932
Educational Orphans*	\$174,748
Preschool Sped from School Finance Act**	\$38,802,677
	\$241,462,969

\* Actual cost for Educational Orphans in this year did not equal the \$500,000 allocation and the balance of \$325,252 was distributed as Tier B ECEA funds.

\*\*Source data from school finance now reports this amount after applying the Budget Stabilization Factor.

### Colorado Special Education State Share FY 2020-21

ECEA	\$199,071,981
High-Cost	\$4,000,000
Child Find	\$2,829,694
Educational Orphans*	\$297,076
Preschool Sped from School Finance Act**	\$30,308,949
	\$236,507,700

\* Actual cost for Educational Orphans in this year did not equal the \$500,001 allocation and the balance of \$202,925 was distributed as Tier B ECEA funds.

\*\*Source data from school finance now reports this amount after applying the Budget Stabilization Factor.

## Special Education Payments of the ECEA

				(1)	(2)	(3)	(4)
AU #	AU Name	12/1/20xx SpEd Funded Pupil Count	12/1/20xx Tier B Funded Pupil count	Total Tier A Special Ed Per Pupil Funding \$1,250	\$2,629/ Tier B Student Additional Tier B Funding (\$6000 max per student)	ECEA Final Total Allocation FY 20-21	\$8.00/ Tier B student Additional Discretionary Tier B Funding FY 20-21

### Column 1

Under the Special Education funding formula, AUs receive \$1,250 for each child with disabilities who was reported on the prior year December 1<sup>st</sup> special education count.

### Column 2

Tier B per student amounts are calculated using the ECEA state funds remaining after the \$1,250 from **Column 1** above is calculated (up to a maximum \$6,000 per student) and will be distributed to the AUs for a percentage of the children reported on the prior year December 1<sup>st</sup> count with the following disabilities:

- Visual Impairment, including blindness
- Hearing Impairment, including deafness
- Deaf-blindness
- Serious Emotional Disability
- Autism Spectrum Disorders
- Traumatic Brain Injury
- Multiple Disabilities
- Intellectual Disability

Note: This percentage is determined by the amount of funding appropriated.

### Column 3

Final total ECEA allocation.

### Column 4

Additional Tier B funding calculated from remaining unallocated ECEA funding for FY 20-21.
