Executive Summary

According to 22-54-124(3)(a)(III)(C)(b) C.R.S.:

No later than February 1 of each budget year, the department of education shall certify to the education committees of the senate and the house of representatives and the joint budget committee of the general assembly the total number of pupils expected to be enrolled in all qualified charter schools in the state during the next budget year, as derived from reports provided to the department by districts pursuant to section 22-30.5-112 (1) and by institute charter schools pursuant to section 22-30.5-513 (3) (a). For the purposes of any certification made during the 2003-04 budget year and budget years thereafter, a pupil expected to be enrolled in a qualified charter school as defined in sub-subparagraph (B) of subparagraph (I) of paragraph (f.6) of subsection (1) of this section shall be counted as one-half of one pupil.

Below is a report showing the total number of pupils expected to be enrolled in all qualified charter schools in the next budget year as reported by school districts and the Charter School Institute.

The responses to the questions below determine the amount of funding the charter school is eligible to receive. Explanations are as follows:

- The charter school must have capital construction needs to be eligible for funding;
- If the charter school is located in a district owned facility that has capital construction needs they are only eligible for half funding. If they are not in a district owned facility they are eligible for full funding;
- If the charter school is in a State owned facility or one that is being maintained by the department of personnel they are not eligible for funding unless they are making lease payments.;
