AU Code: **64213**

The State Performance Plan (SPP) Indicator Profile is intended to provide Administrative Units with a tool for use in planning for systemic improvement in special education programs. The profile contains a series of SPP indicators that describe Administrative Units' performance as compared to state level target in Colorado's SPP. Required under the Individuals with Disabilities Education Act (IDEA), the SPP contains targets for 16 indicators along with a State Systemic Improvement Plan. This profile contains the first 14 indicators.
