## 2016-17 Annual Colorado School Library Survey Highlights

The Colorado School Library Survey is administered each year by the Library Research Service, an office of the Colorado State Library. All traditional K-12 public educational institutions in Colorado are invited to participate. This report highlights results from the 2016-17 Colorado School Library Survey, which had a 29% response rate.

## LIBRARY USE & RESOURCES

| ME         | DIAN N | UMBER O | FITEMS   |
|------------|--------|---------|--|
| Elementary | 9,000  | 96      | 202  |
| Middle     | 9,705  | 50      | 316  |
| High       | 9,565  | 169     | 502  |
| Combined   | 9,447  | 17      | 123  |
|            |        |         |  |
|            | Books  | E-Books | Computers with<br>access to library<br>resources |

## **INSTRUCTIONAL ENVIRONMENT & VIRTUAL PRESENCE**

PROFESSIONAL ENVIRONMENT of school libraries staffed by an endorsed librarian

95% librarians participate in school committees

91% librarians meet regularly with principal

83% librarians provide in-service training
