

ASSESSMENT DATA

The Colorado State Assessment Program (CSAP)

The Colorado School for the Deaf and the Blind (CSDB) participated in the CSAP with 111 students in grades 3-10 taking the CSAP or the CSAP-A in one or more of the areas of reading, writing, math, and science. CSDB reading scores remained consistent within 2-3% from previous years. CSDB reduced the “unsatisfactory” scores in writing by 6%, reduced the “no scores” in math by 24% and increased the “partially proficient” in writing by 5% and in math by 6%. Forty-one students took the CSAP Alternate (CSAP-A) assessment. CSDB does not receive a CSAP state report card since the total number of students tested in each content area is less than the number required for valid statistical comparison. CSDB has adopted a standards-based curriculum and is striving to create meaningful, longitudinal data collections systems to show the continued progress of students over time.

CSDB CSAP Trend Data 2003-2004, 2004-2005 and 2005-2006 in percentages

This graph shows the proficiency levels of CSDB students on the CSAP over a three-year period by grade level and subject area.

A zero (0) indicates no student scores within that proficiency level.

CSDB		Grade 3			Grade 4			Grade 5			Grade 6			Grade 7			Grade 8			Grade 9			Grade 10			District
