An Act

HOUSE BILL 10-1376

BY REPRESENTATIVE(S) Pommer, Ferrandino, Lambert;
also SENATOR(S) Keller, Tapia, White.

CONCERNING THE PROVISION FOR PAYMENT OF THE EXPENSES OF THE EXECUTIVE, LEGISLATIVE, AND JUDICIAL DEPARTMENTS OF THE STATE OF COLORADO, AND OF ITS AGENCIES AND INSTITUTIONS, FOR AND DURING THE FISCAL YEAR BEGINNING JULY 1, 2010, EXCEPT AS OTHERWISE NOTED.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Definitions - general provisions. As used in this act, the following definitions and general provisions shall apply:

(1) Section 24-75-112, C.R.S., provides definitions in order to specify the purpose of certain line items of appropriation.

(2) (a) For purposes of complying with the provisions of subsection (5) of section 20 of article X in the state constitution, and in accordance with the provisions of this subsection (2), the balance of funds in the funds specified in paragraph (b) of this subsection (2), or such portions thereof as are necessary to be in compliance with said constitutional provision, are hereby designated to constitute the state emergency reserve for the 2010-11

Capital letters indicate new material added to existing statutes; dashes through words indicate deletions from existing statutes and such material not part of act.

fiscal year. The designation of the balance of funds in said funds shall be in the same order of priority as said funds are set forth in paragraph (b) of this subsection (2) and shall be made in the manner such that all of the balance of funds in one fund, to the extent permitted in accordance with paragraph (b) of this subsection (2), shall constitute all or a portion of said state emergency reserve before any balance of funds in any other fund lower in the order of priority of said funds set forth in paragraph (b) of this subsection (2) shall constitute all or part of said state emergency reserve. To the extent that the balance of funds, or any portion thereof, in one or more of the funds set forth in paragraph (b) of this subsection (2) are not necessary to be in compliance with said constitutional provision, said balance of funds, or portion thereof, shall not be designated to constitute any portion of said emergency reserve.

(b) The funds designated to constitute the state emergency reserve for the 2010-11 fiscal year are:

(I) The major medical insurance fund, created in section 8-46-202 (1) (a), Colorado Revised Statutes, up to a maximum of \$94,000,000;

(II) The wildlife cash fund, created in section 33-1-112 (1) (a), Colorado Revised Statutes, up to a maximum of \$100,000,000; and

(III) Up to \$70,700,000 of state properties as designated by the Governor. The Governor shall designate specific state properties equaling \$70,700,000 and shall submit the list of specifically designated properties to the General Assembly by May 31, 2010.

SECTION 2. Appropriation. (1) The sums in this section hereinafter specified, or so much thereof as may be necessary for the purpose, are hereby appropriated out of any moneys in the general fund, the indicated cash funds, reappropriated funds, and federal funds, for the payment of the ordinary operating costs of the executive, legislative, and judicial departments of the state, and of its agencies and institutions, for and during the fiscal year beginning July 1, 2010, and:

(a) The figures in the column headed "item & subtotal" are the amounts made available by appropriation for expenditure within each line item, except for the figure beneath the line, which is the subtotal of the figures preceding. The figures in the "total" column are the amounts made

available by appropriation for expenditure by the department, division, institution, or program to which the totals relate.

(b) The figures in the "general fund", "general fund exempt", "cash funds", "reappropriated funds", and "federal funds" columns indicate the source of funds for the amounts authorized in the expenditure columns.

(c) The figures in the "general fund" and "general fund exempt" columns indicate the maximum amount that may be expended from the general fund for the purposes shown.

(d) Where the letter "(M)" appears directly to the right of the general fund or general fund exempt figure, that general fund or general fund exempt appropriation, when combined with the related general fund or general fund exempt transfers from the centralized appropriations to the office of the executive director, is used to support a federally supported program and is the maximum amount of general fund or general fund exempt moneys that may be expended in that program, except where otherwise provided. In the event that additional federal funds are available for the program, the combined general fund or general fund exempt amount noted as "(M)" shall be reduced by the amount of federal funds earned or received in excess of the figure shown in the "federal funds" column for that program. In the event that the federal funds earned or received are less than the amount shown in the "federal funds" column, the combined general fund or general fund exempt amount noted as "(M)" shall be reduced proportionately. Where general fund or general fund exempt support is required as a condition for the acceptance of federal funds and the state matching requirements are reduced, the combined general fund or general fund exempt amount noted as "(M)" shall be reduced proportionately. These provisions shall apply only to the general fund or general fund exempt amount which remains unexpended at the time of the change in federal requirements or funding. It is intended that the general fund or general fund exempt amount and the federal funds amount shall be expended in equally proportioned amounts throughout the year.

(e) (I) The figures in the "cash funds" or "reappropriated funds" columns, including the figures in any related lettered notes, indicate all non-general fund and non-general fund exempt sources and all nondirect federal fund sources and may be cash funds established by statute, nonstatutory cash accounts, tuitions, overhead reimbursements, certain fees,

governmental and nongovernmental "third-party" payments, payments for services, and interagency transfers. Such figures indicate the maximum amount that may be expended from cash funds or the specified cash fund sources for the purposes shown. The amount of each cash funds or reappropriated funds appropriation is expressly declared to be nonseverable from the agency, source, and purpose of such appropriation, and such amount shall not be used for any other agency, source, or purpose.

(II) The provisions of this paragraph (e) shall not apply where this act specifically provides otherwise or where cash funds are marked with an "(L)". The "(L)" designation refers to the funds of local governments or to the funds of service organizations from which the state purchases services, the amounts of which are not appropriated in this act and the inclusion of which is informational only.

(III) Whenever a state agency receives cash funds or reappropriated funds from a centralized appropriation made to the office of the executive director of such agency's department and this act does not set forth such funds as a duplicate appropriation to said receiving agency, the provisions of this paragraph (e) shall not apply to the receipt of such funds.

(IV) Whenever the controller creates an account solely for the purpose of establishing the obligation of a state agency to generate cash funds or reappropriated funds for distribution to another state agency to which such funds are appropriated by this act, the provisions of this paragraph (e) shall not apply to the account created or to such distribution.

(f) Where the letter "(H)" appears directly to the right of a cash funds or reappropriated funds figure, that appropriation, when combined with the related cash funds or reappropriated funds transfers from the centralized appropriations to the office of the executive director, is used to support a federally supported program and is the maximum amount of cash funds or reappropriated moneys that may be expended in that program, except where otherwise provided. In the event that additional federal funds are available for the program, the combined cash funds or reappropriated funds amount noted as "(H)" shall be reduced by the amount of federal funds earned or received in excess of the figure shown in the "federal funds" column for that program. In the event that the federal funds earned or received are less than the amount shown in the "federal funds" column, the combined cash funds or reappropriated funds amount noted as "(H)"

shall be reduced proportionately. Where cash funds or reappropriated funds support is required as a condition for the acceptance of federal funds and the state matching requirements are reduced, the combined cash funds or reappropriated funds amount noted as "(H)" shall be reduced proportionately. These provisions shall apply only to the cash funds or reappropriated funds amount which remains unexpended at the time of the change in federal requirements or funding. It is intended that the cash funds or reappropriated funds amount and the federal funds amount shall be expended in equally proportioned amounts throughout the year.

(g) Reappropriated funds means moneys appropriated again subsequent to an initial appropriation in the same fiscal year. The designation of moneys as reappropriated funds has no bearing on whether the moneys constitute a grant from the state of Colorado pursuant to section 20 (2) (d) of article X of the state constitution.

(h) (I) The figures in the "federal funds" column earned or received under the following federal programs which are subject to a state match or which are subject to transfer to other block grants shall be limits on the amount of expenditures of such funds, and such funds shall be expended in accordance with applicable state and federal statutes, including all provisions of this act:

Title XX Social Services Block Grant
Preventive Health Services Block Grant
Maternal and Child Health Block Grant

(II) The figures in the "federal funds" column earned or received under the following federal programs shall be limits on the amount of expenditures of such funds, and such funds shall be expended in accordance with applicable state and federal statutes, including all provisions of this act:

Child Care Development Funds
Temporary Assistance to Needy Families Block Grant
Welfare-to-Work Block Grant

(III) The figures in the "federal funds" column for all other programs are anticipated federal funds, and, although these funds are not appropriated in this act, they are noted for the purpose of indicating the

assumption used relative to those funds in developing the basic appropriations amounts.

(i) The general assembly accepts no obligation directly or indirectly for support or continuation of non-state-funded programs or grants where no direct or indirect state contribution is required. Furthermore, the general assembly accepts no obligation for costs incurred by or claimed against nonappropriated federally funded programs.

(j) No moneys appropriated by this act shall knowingly be paid to any organization, business firm, person, agency, or club which places restrictions on employment or membership based on sex, sexual orientation, race, age, marital status, creed, color, religion, national origin, ancestry, or physical handicap.

(k) Pursuant to section 24-30-202 (2), Colorado Revised Statutes, the controller shall examine all state contracts entered into during the fiscal year commencing July 1, 2010, to determine whether such contracts are authorized by an appropriation within this act, and, pursuant to section 24-30-202 (3), Colorado Revised Statutes, no agency shall incur obligations by contract in excess of the amounts appropriated by this act.

FOOTNOTES -- The following statements are referenced to the numbered footnotes throughout section 2.

- 1 Department of Corrections, Management, Executive Director's Office Subprogram; Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, Alcohol and Drug Abuse Division; and Division of Youth Corrections; Judicial Department, Probation and Related Services; and Department of Public Safety, Division of Criminal Justice; and Colorado Bureau of Investigation -- State agencies involved in multi-agency programs requiring separate appropriations to each agency are requested to designate one lead agency to be responsible for submitting a comprehensive annual budget request for such programs to the Joint Budget Committee, including prior year, request year, and three year forecasts for revenues into the fund and expenditures from the fund by agency. The requests should be sustainable for the length of the forecast based on anticipated revenues. Each agency is still requested to submit its portion of such request with its own budget document. This applies to requests for appropriation from the Drug Offender Surcharge Fund, the Offender Identification Fund, the Sex Offender Surcharge Fund, the Persistent Drunk Driver Cash Fund, and the Alcohol and Drug Driving Safety Program Fund, among other programs.
- 2 Department of Corrections, Management, External Capacity Subprogram, Payments to House State Prisoners -- It is the intent of the General Assembly that the Department of Corrections be authorized to transfer 5.0 percent of the total appropriation for external capacity subprogram between line items in the external capacity subprogram for purposes of reimbursing local jails, private prison providers, and community corrections providers.
- 3 Department of Corrections, Management, External Capacity Subprogram, Payments to House State Prisoners -- It is the intent of the General Assembly that the appropriations made for payments to private facilities housing state inmates be used exclusively for the purpose of per diem payments. It is the intent of the General Assembly that the department not withhold funds from the per diem payments to cover major medical expenses incurred by state inmates assigned to private facilities. It is the intent of the General Assembly that appropriations made in the medical services subprogram are sufficient to cover major medical expenses incurred by state inmates held in both state and private facilities.
- 4 Department of Corrections, Management, External Capacity Subprogram, Payments to House State Prisoners, Payments to in-state private prisons at a rate of \$54.93 per inmate per day, and Payments to pre-release parole revocation facilities at a rate of \$54.93 per inmate per day -- Due to current fiscal restraints, it is the intent of the General Assembly not to fund any supplemental requests from the Department of Corrections that are requested as a result of the Department of Corrections paying a higher per diem rate to private prisons than \$52.69. If caseload changes would result in a negative supplemental from the Department of Corrections given a private prison per diem rate of \$52.69, it is further the intent of the General Assembly to reduce the appropriation to the Department of Corrections accordingly.

<u>4a</u>	Department of Corrections, Institutions, Mental Health Subprogram -- It is the intent of the General Assembly that the funds being appropriated to convert beds at Colorado State Penitentiary (CSP) for use by offenders with mental illness (OMIs) are being appropriated to create an appropriate, secure, therapeutic environment for OMIs within CSP and that the beds shall not be occupied or managed solely for disciplinary purposes.						
4b	Department of Corrections, Institutions, Mental Health Subprogram -- It is the intent of the General Assembly that the Department of Corrections work with the Mentally Ill Task Force to develop a plan for the implementation and ongoing evaluation of the mental health unit at Colorado State Penitentiary (CSP). It is further the intent of the General Assembly that the Department of Corrections submit a report to the House Judiciary Committee and the Senate Judiciary Committee by January 31, 2011, detailing the progress related to the mental health unit at CSP.						
<u>4c</u>	Department of Corrections, Institutions, Mental Health Subprogram -- It is the intent of the General Assembly that the Department of Corrections submit a plan to the House Judiciary Committee and the Senate Judiciary Committee before offenders with mental illness (OMIs) are placed in the beds at Colorado State Penitentiary (CSP) being converted for use by OMIs. Without limiting the scope of the report, the report shall include, at a minimum, plans in the following areas: (1) the basic purpose of the OMI beds at CSP in terms of the role those beds serve relative to the offender's mental health status; (2) the criteria the DOC will use to place offenders in the beds; (3) the services that will be provided to the offenders; (4) the classification levels that will be used and an explanation of the characteristics of those levels; (5) whether and, if so, how offenders will transition from CSP to the general population; and (6) a description of the conditions of confinement, such as the amount of time offenders will be out of their cells, the amount of time in solitary confinement, the availability of recreational, visitation, educational, therapeutic and other programming opportunities and conditions for participating in those opportunities.

FOOTNOTES -- The following statements are referenced to the numbered footnotes throughout section 2.

- 1 Department of Corrections, Management, Executive Director's Office Subprogram; Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, Alcohol and Drug Abuse Division; and Division of Youth Corrections; Judicial Department, Probation and Related Services; and Department of Public Safety, Division of Criminal Justice; and Colorado Bureau of Investigation -- State agencies involved in multi-agency programs requiring separate appropriations to each agency are requested to designate one lead agency to be responsible for submitting a comprehensive annual budget request for such programs to the Joint Budget Committee, including prior year, request year, and three year forecasts for revenues into the fund and expenditures from the fund by agency. The requests should be sustainable for the length of the forecast based on anticipated revenues. Each agency is still requested to submit its portion of such request with its own budget document. This applies to requests for appropriation from the Drug Offender Surcharge Fund, the Offender Identification Fund, the Sex Offender Surcharge Fund, the Persistent Drunk Driver Cash Fund, and the Alcohol and Drug Driving Safety Program Fund, among other programs.
- 18 Department of Human Services, Office of Information Technology Services, Child Care Automated Tracking System; and Division of Child Care -- It is the intent of the General Assembly that this project: 1) have a steering committee that includes a county commissioner, a county human services director, and a user of the system; 2) that the Department pilot the program before rolling it out; 3) that the steering committee, including the county representatives, should decide whether the system is "go" or "no go" at the roll out stages; and 4) that ongoing costs for maintenance and administration of this system be covered through savings in or reductions to the Colorado Child Care Assistance Program and remaining Child Care Development Fund reserves. The new system will not drive additional costs to the state General Fund.
- 19 Department of Human Services, County Administration, County Share of Offsetting Revenues -- It is the intent of the General Assembly that, pursuant to Section 26-13-108, C.R.S., the Department utilize recoveries to offset the costs of providing public assistance. This appropriation represents an estimate of the county share of such recoveries and, if the amount of the county share of such recoveries is greater than the amount reflected in this appropriation, the Department is authorized to disburse an amount in excess of this appropriation to reflect the actual county share of such recoveries.

20	Department of Human Services, County Administration, County Incentive Payments; Office of Self Sufficiency, Colorado Works Program, County Block Grants and Child Support Enforcement, Child Support Enforcement -- It is the intent of the General Assembly that, pursuant to Sections 26-13-108 and 26-13-112.5 (2), C.R.S., the Department distribute child support incentive payments to counties. It is the intent of the General Assembly that at least one-half of the State share of recoveries of amounts of support for public assistance recipients be distributed to counties, as described in Section 26-13-108, C.R.S. If the total amount of the State share of recoveries is greater than the total annual appropriations from this fund source, including appropriations for operating and capital construction purposes, the Department is authorized to distribute to counties, for county incentive payments, one-half of the actual State share of any additional recoveries.					
21	Department of Human Services, Division of Child Welfare -- It is the intent of the General Assembly to encourage counties to serve children in the most appropriate and least restrictive manner. For this purpose, the Department may transfer funds among all line items in this long bill group total for the Division of Child Welfare, except that the Department may not transfer funds from non-custodial line items to the Child Welfare Administration line item to increase funding for personal services.					
<u>21a</u>	Department of Human Services, Division of Child Welfare, Child Welfare Services -- Pursuant to Section 26-5-104 (6), C.R.S., subject to Department rules, counties are authorized to negotiate rates, services, and outcomes with child welfare services providers and are thus not required to provide a specific rate decrease for any individual provider. This provision does not apply, however, to Medicaid treatment rates. The funding appropriated for this line item includes a decrease of \$6,635,156 based on a 2.0 percent decrease in funding for county staff salaries and benefits, community provider rates including subsidized adoption rates, and Medicaid treatment rates.					
<u>21b</u>	Department of Human Services, Division of Child Welfare, Family and Children's Programs -- Pursuant to Section 26-5-104 (6), C.R.S., subject to Department rules, counties are authorized to negotiate rates, services, and outcomes with child welfare services providers and are thus not required to provide a specific rate decrease for any individual provider. The funding appropriated for this line item includes a decrease of \$913,797 based on a 2.0 percent decrease in funding for community provider rates.					
21c	Department of Human Services, Division of Child Welfare, Family and Children's Programs -- It is the intent of the General Assembly that \$4,006,949 of the funds appropriated for this line item be used to assist county departments of social services in implementing and expanding family- and community-based services for adolescents. It is the intent of the General Assembly that such services be based on a program or programs that have been demonstrated to be effective in reducing the need for higher cost residential services.					
21d	Department of Human Services, Division of Child Welfare, Performance-based Collaborative Management Incentives -- The total appropriation in this line item exceeds the projected ongoing revenue stream for the Collaborative Management Incentives Cash Fund. Therefore, appropriations at the current level may not be available when reserves are exhausted.

22	Department of Human Services, Office of Self Sufficiency, Colorado Works Program, County Block Grants -- Pursuant to Sections 26-2-714 (7) and 26-2-714 (9), C.R.S., under certain conditions, a county may transfer federal Temporary Assistance for Needy Families (TANF) funds within its Colorado Works Program Block Grant to the federal child care development fund or to programs funded by Title XX of the federal Social Security Act. One of the conditions specified is that the amount a county transfers must be specified by the Department of Human Services as being available for transfer within the limitation imposed by federal law. It is the intent of the General Assembly that the Department allow individual counties to transfer a greater percent of federal TANF funds than the state is allowed under federal law as long as: (a) Each county has had an opportunity to transfer an amount up to the federal maximum allowed; and, (b) the total amount transferred statewide does not exceed the federal maximum.					
22a	Department of Human Services, Office of Self Sufficiency, Colorado Works Program, County Block Grants -- It is the intent of the General Assembly that the appropriation of local funds for Colorado Works program county block grants may be decreased by a maximum of \$500,000 to reduce one or more small counties' fiscal year 2010-11 targeted or actual spending level pursuant to Section 26-2-714 (8), C.R.S.					
23	Department of Human Services, Services for People with Disabilities, Community Services for People with Developmental Disabilities, Program Costs -- It is the intent of the General Assembly that expenditures for these services be recorded only against the Long Bill group total for Program Costs.					
<u>24</u>	Department of Human Services, Services for People with Disabilities, Community Services for People with Developmental Disabilities, Program Costs -- It is the intent of the General Assembly that all adults with developmental disabilities receiving Medicaid or State funding shall be offered all available day services, including supported employment, facility and community based activities, and pre-vocational services. Medicaid waivers for services for people with developmental disabilities shall be amended as soon as possible to include pre-vocational services as a program option. The waiver amendments shall indicate that the progress towards community employment of individuals receiving pre-vocational services will be reviewed every five years. If the review indicates, and the consumer and guardian agree, that a move to community employment is appropriate, then that change may be made. This does not preclude the individual continuing in pre-vocational services until a community job can be secured. Medicaid guidelines do not require, nor shall the waiver amendment include, a limit on the time an individual may receive pre-vocational services. Further, the Department shall provide non-integrated work services for consumers who are currently enrolled, or who choose to enroll, in programs offering facility-based work until the waivers for the provision of pre-vocational services are approved. The Department shall report back to the Joint Budget Committee and the Health and Human Services of the House and Senate by September 2010 on the status of the waiver amendments to include pre-vocational services, the pre-vocational rate, and any transition issues.					
25	Department of Human Services, Services for People with Disabilities, Community Services for People with Developmental Disabilities, Other Community Programs, Preventive Dental Hygiene -- The purpose of this appropriation is to assist the Colorado Foundation of Dentistry in providing special dental services for persons with developmental disabilities.

FOOTNOTES -- The following statements are referenced to the numbered footnotes throughout section 2.

- 32 Department of Law, Legal Services to State Agencies -- In making this appropriation, it is the intent of the General Assembly that hourly billing rates charged by the Department for legal services to state agencies not exceed \$76.36 per hour for attorneys and not exceed \$60.03 per hour for paralegals, which equates to a blended rate of \$73.37 per hour.
- 33 Department of Law, Special Purpose, Litigation Management and Technology Fund -- It is the intent of the General Assembly to grant the Department of Law additional flexibility by allowing the Department to use funds appropriated in this line item to address unanticipated state legal needs that arise during FY 2010-11, as well as information technology asset maintenance needs that would otherwise require General Fund appropriations during FY 2010-11. It is also the intent of the General Assembly that moneys spent from this fund shall not require the appropriation of additional FTE and will not be used for any type of salary increase, promotion, reclassification, or bonus related to any present or future FTE employed by the Department of Law. It is furthermore the intent of the General Assembly that moneys spent from this fund will not be used to offset present or future personal services deficits in any division in the Department. The Department is requested to submit a quarterly report to the Joint Budget Committee detailing the purpose for which moneys from this fund have been expended. Such a report is also requested with any supplemental requests for additional legal services funding within or outside of the Legal Services to State Agencies program.

^a Pursuant to Article X, Section 3.5 (3), of the State Constitution, this amount is not subject to the limitation on General Fund appropriations set forth in Section 24-75-201.1, C.R.S., because enactment of this constitutional provision by the people of Colorado constitutes voter approval of a weakening of such limitation.

In addition, pursuant to Section 24-77-102 (15) (b) (XII) and (16) (b) (II), C.R.S., CoverColorado is defined as a "special purpose authority" and thus is not considered part of the State for purposes of Section 20 of Article X of the State Constitution.

SECTION 3. Capital construction appropriation. (1) (a) The sums in this section, or so much thereof as may be necessary for the purposes specified, are hereby appropriated out of any funds accrued or accruing to the capital construction fund not otherwise appropriated and out of the cash funds and federal funds specified for construction projects at the respective institutions and agencies enumerated in this section. Except as otherwise provided in particular line items of appropriation, the appropriations made in this section shall become available upon passage and approval of this act and, if any appropriated project is initiated within the fiscal year, the appropriation therefor shall remain available until completion of the project or for a period of three years, whichever comes first, at which time unexpended and unencumbered balances shall revert to the funds from which they were appropriated.

(b) For purposes of section 20 of article X of the state constitution and pursuant to section 24-75-302 (1) (b), Colorado Revised Statutes, the unrestricted year-end balance of the capital construction fund for the 1991-92 fiscal year shall constitute a reserve. Consequently, any moneys credited to the capital construction fund constitute a reserve increase and therefore constitute state fiscal year spending, as defined in section 24-77-102 (17) (a), Colorado Revised Statutes, and any moneys transferred or expended from the capital construction fund constitutes a reserve transfer or expenditure which is excluded from state fiscal year spending, as defined in section 24-77-102 (17) (b), Colorado Revised Statutes.

(c) Moneys appropriated in this section from the capital construction fund include:

(I) Sums transferred pursuant to section 24-75-302, Colorado Revised Statutes, which sums constitute state fiscal year spending as defined in section 24-77-102 (17) (a), Colorado Revised Statutes;

(II) Two million five hundred thousand dollars (\$2,500,000) in interest earnings for the 2009-10 fiscal year in the capital construction fund pursuant to section 24-75-302 (1), Colorado Revised Statutes, which sum does not constitute state fiscal year spending as defined in section 24-77-102 (17) (a), Colorado Revised Statutes; and,

(III) Five million one hundred thirty-seven thousand dollars (\$5,137,000) in fund balance, which sum constitutes state fiscal year

spending as defined in section 24-77-102 (17) (a), Colorado Revised Statutes.

(d) Moneys appropriated in this section from cash funds shall constitute state fiscal year spending as defined in section 24-77-102 (17) (a), Colorado Revised Statutes.

(2) Except as otherwise specifically noted, appropriations from state funds shall be reduced by the amount of any funds received from federal, local, private, or other state sources and not appropriated in this act. This restriction shall not apply to any funds received by a state agency or institution of higher education or the Council on the Arts from any state or nonstate source for use in the Art in Public Places program.

(3) Operating and maintenance costs shall be a major consideration in the design and construction of any project involving renovation.

(4) A construction project for which the lowest bid is in excess of the appropriation shall be redesigned to conform to the appropriation and may be commenced if approved under the procedures set forth in this subsection (4). The agency shall submit the redesigned project to the state buildings division of the department of administration or, for higher education projects, to the Colorado commission on higher education, which shall assure that the redesigned project meets the program needs of the agency and the necessary quality of the building. The state buildings division and the Colorado commission on higher education shall report all such analyses to the joint budget committee and to the capital development committee on a regular basis. If the redesigned project is approved by the state buildings division or the Colorado commission on higher education, the project may commence. If the redesigned project is not approved, it shall not be commenced until further action is taken by the general assembly to reauthorize the project.

(5) Expenditures of funds appropriated for capital construction shall be in accord with section 17-24-111, Colorado Revised Statutes, which requires institutions, agencies, and departments to purchase such goods and services as are produced by the division of correctional industries from said division.

(6) **Definitions.** As used in this section:

(a) "Physical planning" includes all fees for survey and site investigation and architectural and engineering services, but no contract for architectural/engineering services shall commit the state to physical planning expenses greater than those which are provided in the appropriation. No funds appropriated for any other purpose shall be expended for physical planning.

(b) "Program plan" or "program planning" relates to a specific project or facility and shall include, but is not limited to, an inventory of amounts and types of space currently available; an analysis of amounts, types, and relative locations of space required for current programs as determined by use of accepted state space standards; an analysis of projected programs and space required; and, if a change in facilities is justified based on analysis, recommendations for demolition, remodeling, or construction, including a detailed budget which relates to a realistic timetable for implementation.
