**SECTION 2. Appropriation.** (1) The sums in this section

hereinafter specified, or so much thereof as may be necessary for the purposes shown, are hereby appropriated out of any moneys in the general fund, the indicated cash funds, reappropriated funds, and federal funds, for the payment of the ordinary operating costs of the executive, legislative, and judicial departments of the state, and of its agencies and institutions, for and during the fiscal year beginning July 1, 2013, and:

(a) The figures in the column headed "item & subtotal" are the amounts made available by appropriation for expenditure within each line item, except for the figures that appear directly beneath a line, which figures are subtotals of the preceding line item appropriation amounts. The figures in the "total" column are the amounts made available by appropriation for expenditure by the department, division, institution, or program to which the totals relate.

(b) The figures in the "general fund", "general fund exempt", "cash funds", "reappropriated funds", and "federal funds" columns indicate the source of funds for the amounts authorized in the expenditure columns.

(c) The figures in the "general fund" and "general fund exempt" columns indicate the maximum amount that may be expended from the general fund for the purposes shown.

(d) Where the letter "(M)" appears directly to the right of a general fund or general fund exempt figure, that general fund or general fund exempt appropriation, when combined with the related general fund or general fund exempt transfers from the centralized appropriations to the office of the executive director, is used to support a federally supported program and is the maximum amount of general fund or general fund exempt moneys that may be expended in that program, except where otherwise provided. In the event that additional federal funds are available for the program, the combined general fund or general fund exempt amount noted as "(M)" shall be reduced by the amount of federal funds earned or received in excess of the figure shown in the "federal funds" column for that program. In the event that the federal funds earned or received are less than the amount shown in the "federal funds" column, the combined general fund or general fund exempt amount noted as "(M)" shall be reduced proportionately. Where general fund or general fund exempt support is required as a condition for the acceptance of federal funds and the state matching requirements are reduced, the combined general fund or general

fund exempt amount noted as "(M)" shall be reduced proportionately. These provisions shall apply only to the general fund or general fund exempt amount which remains unexpended at the time of the change in federal requirements or funding. It is intended that the general fund or general fund exempt amount and the federal funds amount shall be expended in equally proportioned amounts throughout the year.

(e) (I) The figures in the "cash funds" or "reappropriated funds" columns, including the figures in any related lettered notes, indicate all non-general fund and non-general fund exempt sources and all nondirect federal fund sources and may be cash funds established by statute, nonstatutory cash accounts, tuitions, overhead reimbursements, certain fees, governmental and nongovernmental "third-party" payments, payments for services, and interagency transfers. Such figures indicate the maximum amount that may be expended from cash funds or the specified cash fund sources for the purposes shown. The amount of each cash funds or reappropriated funds appropriation is expressly declared to be nonseverable from the agency, source, and purpose of such appropriation, and such amount shall not be used for any other agency, source, or purpose.

(II) The provisions of this paragraph (e) shall not apply where this act specifically provides otherwise or where cash funds are marked with an "(L)". The "(L)" designation refers to the funds of local governments or to the funds of service organizations from which the state purchases services, the amounts of which are not appropriated in this act and the inclusion of which is informational only.

(III) Whenever a state agency receives cash funds or reappropriated funds from a centralized appropriation made to the office of the executive director of such agency's department and this act does not set forth such funds as a duplicate appropriation to said receiving agency, the provisions of this paragraph (e) shall not apply to the receipt of such funds.

(IV) Whenever the controller creates an account solely for the purpose of establishing the obligation of a state agency to generate cash funds or reappropriated funds for distribution to another state agency to which such funds are appropriated by this act, the provisions of this paragraph (e) shall not apply to the account created or to such distribution.

(f) Where the letter "(H)" appears directly to the right of a cash

funds or reappropriated funds figure, that appropriation, when combined with the related cash funds or reappropriated funds transfers from the centralized appropriations to the office of the executive director, is used to support a federally supported program and is the maximum amount of cash funds or reappropriated moneys that may be expended in that program, except where otherwise provided. In the event that additional federal funds are available for the program, the combined cash funds or reappropriated funds amount noted as "(H)" shall be reduced by the amount of federal funds earned or received in excess of the figure shown in the "federal funds" column for that program. In the event that the federal funds earned or received are less than the amount shown in the "federal funds" column, the combined cash funds or reappropriated funds amount noted as "(H)" shall be reduced proportionately. Where cash funds or reappropriated funds support is required as a condition for the acceptance of federal funds and the state matching requirements are reduced, the combined cash funds or reappropriated funds amount noted as "(H)" shall be reduced proportionately. These provisions shall apply only to the cash funds or reappropriated funds amount which remains unexpended at the time of the change in federal requirements or funding. It is intended that the cash funds or reappropriated funds amount and the federal funds amount shall be expended in equally proportioned amounts throughout the year.

(g) Reappropriated funds means moneys appropriated again subsequent to an initial appropriation in the same fiscal year. The designation of moneys as reappropriated funds has no bearing on whether the moneys constitute a grant from the state of Colorado pursuant to section 20 (2) (d) of article X of the state constitution.

(h) (I) The figures in the "federal funds" column earned or received under the following federal programs which are subject to a state match or which are subject to transfer to other block grants shall be limits on the amount of expenditures of such funds, and such funds shall be expended in accordance with applicable state and federal statutes, including all provisions of this act:

Title XX Social Services Block Grant

Maternal and Child Health Block Grant

(II) The figures in the "federal funds" column earned or received

under the following federal programs shall be limits on the amount of expenditures of such funds, and such funds shall be expended in accordance with applicable state and federal statutes, including all provisions of this act:

Child Care Development Funds

Temporary Assistance for Needy Families Block Grant

(III) The figures in the "federal funds" column for all other programs are anticipated federal funds, and, although these funds are not appropriated in this act, they are noted for the purpose of indicating the assumption used relative to those funds in developing the basic appropriations amounts.

(i) The general assembly accepts no obligation directly or indirectly for support or continuation of non-state-funded programs or grants where no direct or indirect state contribution is required. Furthermore, the general assembly accepts no obligation for costs incurred by or claimed against nonappropriated federally funded programs.

(j) No moneys appropriated by this act shall knowingly be paid to any organization, business firm, person, agency, or club which places restrictions on employment or membership based on sex, sexual orientation, race, age, marital status, creed, color, religion, national origin, ancestry, or physical handicap.

(k) Pursuant to section 24-30-202 (2), Colorado Revised Statutes, the controller shall examine all state contracts entered into during the fiscal year commencing July 1, 2013, to determine whether such contracts are authorized by an appropriation within this act, and, pursuant to section 24-30-202 (3), Colorado Revised Statutes, no agency shall incur obligations by contract in excess of the amounts appropriated by this act.

(l) (I) Where the letter "(I)" appears directly to the right of a figure or in a letternote referencing a figure, that amount is not an appropriation, nor does it limit the expenditure of such moneys. The figure is included for informational purposes only. It provides a record of funds anticipated to be expended and, in some instances, may indicate assumptions used relative to those funds in developing appropriated amounts.

(II) The (I) notation applies to a general fund, general fund exempt, or cash funds figure when the amount is continuously appropriated to, or otherwise authorized by law to be spent by, a department or agency of state government pursuant to a provision of state statute or the state constitution.

(III) The (I) notation applies to a reappropriated funds figure when the amount is continuously appropriated to, or otherwise authorized by law to be spent by, a department or agency of state government pursuant to a provision of state statute or the state constitution or, in some instances, when the underlying federal funds source from which the amount is reappropriated is subject to the (I) notation.

(IV) The (I) notation applies to all federal funds except when the federal funds represent a limit on expenditures as specified in paragraph (h) of this section, when the letter (M) or (H) appears to the right of a general fund, cash funds, or reappropriated funds figure in the same line item, or when the general assembly has the authority to appropriate the federal funds.

- 20 Department of Human Services, County Administration, County Administration; and Adult Assistance Programs, Adult Protective Services, Adult Protective Services -- It is the intent of the General Assembly that any amount in the Adult Protective Services line item that is not required for the provision of adult protective services may be transferred to the County Administration line item and used to provide additional benefits under that program. It is further the intent of the General Assembly that if county spending exceeds the total appropriations from the Adult Protective Services line item, any amount in the County Administration line item that is not required for the provision of services under that program may be transferred to the Adult Protective Services line item and used to provide adult protective services.
- 21 Department of Human Services, County Administration, County Share of Offsetting Revenues -- It is the intent of the General Assembly that, pursuant to Section 26-13-108, C.R.S., the Department utilize recoveries to offset the costs of providing public assistance. This appropriation represents an estimate of the county share of such recoveries and, if the amount of the county share of such recoveries is greater than the amount reflected in this appropriation, the Department is authorized to disburse an amount in excess of this appropriation to reflect the actual county share of such recoveries.
- 22 Department of Human Services, County Administration, County Incentive Payments; Office of Self Sufficiency, Colorado Works Program, County Block Grants; Child Support Enforcement, Child Support Enforcement -- It is the intent of the General Assembly that, pursuant to Sections 26-13-108 and 26-13-112.5 (2), C.R.S., the Department distribute child support incentive payments to counties. It is further the intent of the General Assembly that all of the State share of recoveries of amounts of support for public assistance recipients, less annual appropriations from this fund source for state child support enforcement operations, be distributed to counties, as described in Section 26-13-108, C.R.S. If the total amount of the State share of recoveries is greater than the total annual appropriations from this fund source, the Department is authorized to distribute to counties, for county incentive payments, the actual State share of any additional recoveries.
- 23 Department of Human Services, Division of Child Welfare -- It is the intent of the General Assembly to encourage counties to serve children in the most appropriate and least restrictive manner. For this purpose, the Department may transfer funds among all line items in this long bill group total for the Division of Child Welfare, except that the Department may not transfer funds from non-custodial line items to the Child Welfare Administration line item to increase funding for personal services.

24	Department of Human Services, Division of Child Welfare, Child Welfare Services -- It is the intent of the General Assembly that the Department may hold out up to \$1,000,000 total funds in this line item for activities designed to maximize Colorado's receipt of federal funds under Title IV-E of the Social Security Act. Expenditures may include, but need not be limited to, distributions to counties for Title-IV-E-related administrative costs, incentive payments to counties for improved Title IV-E claiming, automated system changes, and/or purchase of contract services designed to help the State in maximizing Title IV-E receipts. Funds held out pursuant to this footnote shall be in addition to other amounts authorized to be held out from county child welfare services allocations.					
25	Department of Human Services, Division of Child Welfare, Family and Children's Programs -- It is the intent of the General Assembly that \$4,006,949 of the funds appropriated for this line item be used to assist county departments of social services in implementing and expanding family- and community-based services for adolescents. It is the intent of the General Assembly that such services be based on a program or programs that have been demonstrated to be effective in reducing the need for higher cost residential services.					
26	Department of Human Services, Office of Self Sufficiency, Colorado Works Program, County Block Grants -- Pursuant to Sections 26-2-714 (7) and 26-2-714 (9), C.R.S., under certain conditions, a county may transfer federal Temporary Assistance for Needy Families (TANF) funds within its Colorado Works Program Block Grant to the federal child care development fund or to programs funded by Title XX of the federal Social Security Act. One of the conditions specified is that the amount a county transfers must be specified by the Department of Human Services as being available for transfer within the limitation imposed by federal law. It is the intent of the General Assembly that the Department allow individual counties to transfer a greater percent of federal TANF funds than the state is allowed under federal law as long as: (a) Each county has had an opportunity to transfer an amount up to the federal maximum allowed; and, (b) the total amount transferred statewide does not exceed the federal maximum.					
27	Department of Human Services, Office of Self Sufficiency, Colorado Works Program, County Block Grants -- It is the intent of the General Assembly that the appropriation of local funds for Colorado Works program county block grants may be decreased by a maximum of \$100,000 to reduce one or more small counties' fiscal year 2013-14 targeted or actual spending level pursuant to Section 26-2-714 (8), C.R.S.					
28	Department of Human Services, Office of Self Sufficiency, Colorado Works Program, County Block Grants -- It is the intent of the General Assembly that the Department comply with the provisions of Section 26-2-714 (10), C.R.S., by reducing required county Temporary Assistance for Needy Families (TANF) maintenance of effort expenditures in the fiscal year after the State is notified that it has met federal work participation rates and qualifies for a percent reduction in the state's maintenance of effort. If the State is notified during state FY 2012-13 that it has met federal work participation rates for a prior year and therefore qualifies for a percent reduction in the state's maintenance of effort, local cash funds expenditure obligations that are established in this line item pursuant to Section 26-2-714 (6) (c) (I), C.R.S., shall be reduced by \$5,524,726.					
<u>29</u>	Department of Human Services, Behavioral Health Services, Co-occurring Behavioral Health Services -- It is the intent of the General Assembly this appropriation be used for the purpose of providing a full continuum of co-occurring behavioral health treatment services in southern Colorado and the Arkansas Valley.

Consequently, any moneys credited to the capital construction fund constitute a reserve increase and therefore constitute state fiscal year spending, as defined in section 24-77-102 (17) (a), Colorado Revised Statutes, and any moneys transferred or expended from the capital construction fund constitutes a reserve transfer or expenditure which is excluded from state fiscal year spending, as defined in section 24-77-102 (17) (b), Colorado Revised Statutes.

(c) Moneys appropriated in this section from the capital construction fund include:

(I) Sums transferred pursuant to section 24-75-302, Colorado Revised Statutes, which sums constitute state fiscal year spending as defined in section 24-77-102 (17) (a), Colorado Revised Statutes;

(II) Six hundred thousand dollars (\$600,000) in interest earnings for the 2012-13 fiscal year in the capital construction fund pursuant to section 24-75-302 (1), Colorado Revised Statutes, which sum does not

constitute state fiscal year spending as defined in section 24-77-102 (17) (a), Colorado Revised Statutes.

(d) Moneys appropriated in this section from cash funds shall constitute state fiscal year spending as defined in section 24-77-102 (17) (a), Colorado Revised Statutes.

(2) Except as otherwise specifically noted, appropriations from state funds shall be reduced by the amount of any funds received from federal, local, private, or other state sources and not appropriated in this act. This restriction shall not apply to any funds received by a state agency or institution of higher education or the Council on the Arts from any state or nonstate source for use in the Art in Public Places program.

(3) Operating and maintenance costs shall be a major consideration in the design and construction of any project involving renovation.

(4) A construction project for which the lowest bid is in excess of the appropriation shall be redesigned to conform to the appropriation and may be commenced if approved under the procedures set forth in this subsection (4). The agency shall submit the redesigned project to the state buildings division of the department of personnel or, for higher education projects, to the Colorado commission on higher education, which shall assure that the redesigned project meets the program needs of the agency and the necessary quality of the building. The state buildings division and the Colorado commission on higher education shall report all such analyses to the joint budget committee and to the capital development committee on a regular basis. If the redesigned project is approved by the state buildings division or the Colorado commission on higher education, the project may commence. If the redesigned project is not approved, it shall not be commenced until further action is taken by the general assembly to reauthorize the project.

(5) Expenditures of funds appropriated for capital construction shall be in accord with section 17-24-111, Colorado Revised Statutes, which requires institutions, agencies, and departments to purchase such goods and services as are produced by the division of correctional industries from said division.

(6) **Definitions.** As used in this section:

(a) "Physical planning" includes all fees for survey and site investigation and architectural and engineering services, but no contract for architectural/engineering services shall commit the state to physical planning expenses greater than those which are provided in the appropriation. No funds appropriated for any other purpose shall be expended for physical planning.

(b) "Program plan" or "program planning" relates to a specific project or facility and shall include, but is not limited to, an inventory of amounts and types of space currently available; an analysis of amounts, types, and relative locations of space required for current programs as determined by use of accepted state space standards; an analysis of projected programs and space required; and, if a change in facilities is justified based on analysis, recommendations for demolition, remodeling, or construction, including a detailed budget which relates to a realistic timetable for implementation.
