S. J. R. No. 5, by Senators Warren and Callen—Whereas, There is pending in the present Congress a measure known as the "Truth in Fabric Bill," which is designed to compel textile manufacturers to stamp their cloth with its content of virgin (new) wool, and of shoddy;

Whereas, It is generally known that old rags are re-worked in some cases as often as eight times, and sold as new wool under the misunderstood popular term, "all wool";

Whereas, The actual and normal market for wool is depressed to the disadvantage of both wool producer and consuming public by this repeated and unwarranted use of shoddy represented and advertised as wool;

Whereas, The farmers are still burdened with their wool clip of last spring, with the store houses of the world choked with four billion pounds of unused virgin wool;

Therefore, Be It Resolved, By the Senate of the Twenty-third General Assembly of the State of Colorado, the House of Representatives concurring, That it is believed essential for the protection of the wool growers and the consuming public, that the "Truth in Fabric Bill" now pending Congress be enacted into a law as soon as possible;

Be It Further Resolved, That our Senators and Representatives in Congress now assembled, be and they are hereby urged to support and use their influence to procure the enactment of said bill;

And Be It Further Resolved, That a copy of this resolution be forwarded to each Senator and Representative in Congress from the State of Colorado.

Senator Warren asked unanimous consent to consider S. J. R. No. 5 at this time.

Consent given.

Senator Warren moved that S. J. R. No. 5 be adopted.

Motion seconded by Senator Renshaw and carried by *viva voce* vote.

S. J. R. No. 6, by Senator Girard—Whereas, During the year 1921 research work in connection with the production of oil from oil shales has been conducted at the University of Colorado in connection with the United States Bureau of Mines, which work has resulted in the preparation and publication of the following:

“Fundamental Studies in Oil Shale Retorting,” and published in the August, 1920, monthly report of investigations of the Bureau of Mines.

“Some Physical and Chemical Data on Colorado Oil Shales,” published in the September, 1920, monthly report of investigations of the Bureau of Mines.

The following bulletins have been prepared and are now ready for publication:

“Some Items of Investigation, Expense and Profit in Commercial Shale Oil Production”,

“Some Observations on Shale Gas”,

“Fuel Values of Shales and Shale Products”,

“Some Production Curves and Tables for Shale Oil.”

And the following bulletins are now being prepared:

“The Analytical and Distillation of Shale Oil”,

“Thermal Calculation on Retorting of Oil Shale.”

All of which have been prepared under the supervision and direction of Martin J. Gavin, B.S., Refining Engineer of the United States Bureau of Mines, who is the engineer in charge of oil shale investigation for the bureau, and Leslie H. Sharp, A.B. and A.M., who is the chemical engineer doing work at the University of Colorado, under the direction of the Bureau of Mines for experimenting on the oil shales of Colorado; and

Whereas, The total expenditure for the year by the State of Colorado was about \$10,000.00, which amount is similar to the amount expended by the State of Utah; Colorado and Utah being the only states in which the research work in connection with oil shales is now being done;

Now Therefore Be It, Resolved, By the Senate, the House of Representatives concurring with the plan and arrangement concurred in by the State of Colorado with the United States Bureau of Mines for investigations and research on the subject of oil shale, be and the same is hereby heartily commended and approved; and

Be it Further Resolved, That this work be continued during the succeeding biennial period, and that the Governor be, and he hereby is requested to enter into and close negotiations with the United States Bureau of Mines and its representatives to the end that this work may be so continued.

Senator Girard asked unanimous consent to consider S. J. R. No. 7 at this time.

Objection made and consent not given.

S. J. R. No. 7 went over one day under the rules.

The following resolution was then introduced:

S. J. R. No. 7, by Senator Girard—Whereas, For the past several years the domestic production of petroleum has been insufficient to satisfy the domestic requirements of the United States; and

Whereas, The deficit between domestic production and consumption of petroleum is estimated to be more than 100 million barrels for the year 1920, making it necessary to import enormous quantities of oil from Mexico and to draw continually on our rapidly waning stocks of petroleum; and

Whereas, The present rate of increase of consumption of petroleum in the United States makes it appear that in the near future the nation will be largely dependent on foreign sources for its petroleum supplies, a condition which will place the nation in a dangerous position in time of war and tend to a loss of commercial supremacy in time of peace; and

Whereas, The nation's enormous deposits of oil shales represent a resource which, when properly developed, will give the nation a practically inexhaustible domestic source of petroleum; and

Whereas, The commercial development of these oil shales can be immeasurably facilitated by properly conducted scientific research; and

Whereas, The United States Bureau of Mines, a federal agency properly qualified to conduct such investigations, has requested of the Congress of the United States an appropriation for the construction, equipment and operation of an experimental station for such investigations;

Now, Therefore, Be It Resolved, By the Senate, the House of Representatives concurring, That the plans of the U. S. Bureau of Mines for investigations on oil shale are approved and that the Congress of the United States be requested to consider favorably the appropriation requested.

Be It Further Resolved, That a copy of these resolutions be forwarded to the President of the Senate of the United States, to the Speaker of the House of Representatives of the United States, and to each of the Colorado Senators and Representatives in the Congress of the United States.

Senate Concurrent Resolutions.

S. C. R. No. 1, by Senator Rockwell—Concerning the emergency tariff bill pending in Congress.

S. C. R. No. 2, by Senator Tobin—Concerning action of National Congress with regard to appropriations for highway construction.

S. C. R. No. 3, by Senator Steele—Concerning dead letter tax.

S. C. R. No. 4, by Senators Girard and Knauss—Concerning the holding of a convention to revise, alter and amend the Constitution of the State of Colorado.

S. C. R. No. 1, by Senator Rockwell—Whereas, The present abnormally low prices that farmers and stockmen are receiving for their products are proving ruinous to their business and financial interests; and

Whereas, We believe that the present condition relative thereto is due, in large measure, to the importation of livestock and farm products from foreign countries, and the lack of adequate facilities for the exportation and marketing of our said products;

Therefore, Be it Resolved, By the Senate of the Twenty-third General Assembly of the State of Colorado, the House of Representatives thereof concurring:

That our Senators and Representatives in Congress now assembled, be and they are hereby urged to support and use their influence to procure the enactment of the Emergency Tariff Bill pending in the Congress of the United States.

And, Be It Further Resolved, That a copy of this Resolution be forwarded to each Senator and Representative in Congress from the State of Colorado.

Senator Rockwell asked unanimous consent to consider S. C. R. No. 1 at this time. Consent given.

Senator Rockwell moved that S. C. R. No. 1 be adopted.

Motion seconded by Senator Colgate and carried by *viva voce* vote.

S. C. R. No. 2, by Senator Tobin—Whereas, It appears doubtful whether the National Congress will make the necessary appropriations during this Session or possibly this year for the continuation of highway construction, under the Federal Aid Act, during the years 1922 and 1923; and

Whereas, The highway departments of the several states have organized efficient engineering forces for the preparation of the necessary plans for highway construction and contractors have equipped themselves, at large expenditure, for economic construction work. And many states have provided for meeting Federal Aid by bond issues. And the highest local taxation levies having been made. And the whole country being favorable to a continuation of road improvement.

And the fact that labor and business conditions now indicate that one of the big problems for the next few years will be employment.

It is urged that the government can extend no wiser or more far-reaching help than by appropriating liberally to augment local road funds for highway improvement. The joint expendi-

ture for this purpose will extend into every county in the United States and into every business channel and the results will repay every class of citizenship immediately, by providing more economic transportation facilities.

Now, Therefore, Be It Resolved, That the Twenty-third General Assembly of the State of Colorado does urge upon the Congress of the United States the necessity of making liberal appropriations, under the Federal Aid Act, at this Session, to be available for the years 1922 and 1923, that there may be no interruption in highway construction work throughout the nation.

Consideration of S. C. R. No. 2 went over one day under the rules.

Senator Dodge introduced the following resolution:

Be It Resolved, That the following committees constitute the standing committees of the Senate of the Twenty-third General Assembly.

S. C. R. No. 3, by Senator Steele—Whereas, Millions of letters are annually sent through the mails of the United States, that are never delivered, owing to defective address, and finally reach the Dead Letter Office in Washington because there is no return card thereon, giving the name and address of the sender thereof; and

Whereas, It becomes necessary for each of such letters to be opened in the Dead Letter Office in order, if possible, to ascertain the name and address of the writer so that the same may be returned; and

Whereas, The government has imposed a tax of three cents upon the sender for each letter so returned, thus requiring two cents to mail and three cents additional for the return of such letter, although there has been no delivery thereof; and

Whereas, There is annually expended hundreds of thousands of dollars in maintaining and operating a Dead Letter Department, and in providing a sufficient force of employees to handle such dead letter mail; and

Whereas, It is desirable that some system should be inaugurated which will lessen the burden of taxes placed upon the people and also reduce the expenses of the government; and

Whereas, A citizen of Denver and State of Colorado, who has been a postal employee for more than thirty years, has devised a plan, which appears to possess merit, and which, if adopted, it is thought, will greatly improve the postal service by lessening the labor and expense of the Post Office Department, result in a considerable saving to the masses of the people, and insure prompt and proper delivery of mail; and

Whereas, Said plan substitutes for the present return envelope now in use, what is called an "Educational Envelope,"

to be used by the United States Post Office Department in returning dead letter mail to the senders thereof, upon which envelope there shall appear certain printed matter, intended to inform and impress upon the public the importance and necessity of having all mail properly addressed, and which is in the following form:

Post Office Department
Washington, D. C.
Dead Letter Branch.

S. C. R. No. 4, by Senators Girard and Knauss—Submitting to the qualified electors of the State of Colorado the question of holding a convention to revise, alter and amend the Constitution of the State of Colorado.

Be It Resolved, by the Senate of the Twenty-third General Assembly, the House of Representatives concurring:

Section 1. That there be submitted to the qualified electors of the State of Colorado at the next general election, for members of the next General Assembly, for their approval or rejection, the question of holding a convention to revise, alter and amend the present Constitution of the State of Colorado, which, when ratified and approved by a majority of those voting thereon, shall authorize the General Assembly at its next session to provide for the calling of a constitutional convention, as provided in Section 1 of Article XIX of the Constitution.

Section 2. The submission of said question shall be duly advertised and certified and placed on the official ballots at the next annual election for the election of members to the General Assembly in like manner as amendments to the Constitution.

Section 3. Each elector voting at said election and desiring to vote for holding a convention to revise, alter and amend the Constitution of Colorado shall place in the ballot box his or her ticket, whereon shall be printed the words: "For Holding a Convention to Revise, Alter and Amend the Constitution of Colorado," and "Against Holding a Convention to Revise, Alter and Amend the Constitution of Colorado," and shall indicate his or her choice by placing a cross opposite one or the other of said groups of words.

Section 4. The votes cast for the adoption or rejection of said question shall be canvassed and the result determined by the laws of the State for the canvass of votes for Representatives in Congress.

S. J. R. No. 7, by Senator Girard—Endorsing request of the U. S. Bureau of Mines for an appropriation to carry on the investigation of the Oil Shales.

S. R. No. 1, by Senator Knauss—Whereas, Since our last session the Creator has called from their labors here on earth our former associates, Leon M. Hattenbach, Casimiro Barela, Charles J. Christian and Dexter Sapp.

Therefore, Be It Resolved, By the Senate of the Twenty-third General Assembly, That the President of the Senate appoint four committees to draft and present to the Senate suitable resolutions and memorials concerning these departed members.

Senator Knauss asked unanimous consent to consider S. R. No. 1 at this time.

Consent given.

S. R. No. 2, by Senator Knauss—Whereas, It has pleased God, in His infinite wisdom, to call unto Himself our dearly-beloved friend and former associate,

SENATOR LEON M. HATTENBACH,

and

Whereas, It has become our said duty to record his death; and

Whereas, Colorado has lost a loyal and faithful citizen and public servant, who was at all times devoted to the best interests of this State and Nation, and who always acted as a trustworthy

custodian of the good name of America and of Colorado, a man who was always courteous and faithful;

Therefore, Be It Resolved, By the Senate of the Twenty-third General Assembly of Colorado, That we extend to the bereaved family of the late Senator Hattenbach our sincere sympathy in the loss which we have all sustained, assuring the family that we shall ever cherish the memory of our departed friend; and be it

Further Resolved, That the Senate do adjourn at 12 o'clock today out of respect to the memory of the late Senator Hattenbach, and that a copy of this resolution, signed by the President and Secretary of the Senate, be forwarded to the family of Senator Hattenbach.
