S. R. No. 1, by Senator Slattery January 3.

On the subject of the question of opinion from the Attorney General of the State concerning the situation confronting the Senate through the election of Senator Rockwell as Lieutenant Governor of the State of Colorado.

Whereas, an unprecedented condition now exists through the apparent election of Senator Robert E. Rockwell during his term of office as such Senator to the office of Lieutenant Governor of the State of Colorado at the recent election; and

Be It Resolved, that the President of the Senate appoint a committee of three Senators who shall confer with the Attorney General of the State of Colorado upon this circumstance and request that he give an opinion as to the proper procedure to be followed under these circumstances at a convenient time that the said committee may report his opinion to this body, not later than Monday, January 8, 1923.

Be It Resolved by the Senate and the House of Representatives of the Twenty-fourth General Assembly:

That, Whereas, by Section 19a of the Interstate Commerce Act, providing for the valuation by the Interstate Commerce Commission of the properties of common carrier, it is provided that "such investigation shall show the value of its property in each of the several states and territories and the District of Columbia, classified and in detail as herein required"; and,

Whereas, the Commission in its valuation reports thus far made has shown the values of properties covered by such reports in each case as a whole only, and has failed to show the values thereof "in each of the several states and territories and the District of Columbia"; and,

Whereas, the Bureau of Valuation of said Commission has recommended to the Commission that it request Congress to relieve it from showing the values of said properties by states; and,

S. C. R. No. 6, by Senator Renshaw. January 17.

To the Senate and House of Representatives of the United States in Congress Assembled:

Your memorialists, the Governor and Legislature of the State of Colorado, respectfully represent that:

Whereas, the production of silver is an important industry of the United State, and affords employment directly to many thousands of persons and indirectly to thousands of others; and

Whereas, on account of its association with other metals, especially lead and zinc, in ores, an inadequate price for silver increases the cost of production of lead and zinc, and thereby adds to the cost of materials essential to many construction activities; and

Whereas, it is also desirable to maintain silver mining operations in the United States, so as to meet the coinage requirements of various countries in which commerce and industry are

in process of rehabilitation and cannot be fully re-established without additional supplies of metallic money; and

Whereas, the prospective early completion of silver repurchases under the provisions of the Pittman Act is liable to disrupt the silver mining industry of the United States and in part suspend silver production unless measures be taken to preserve the industry;

Now, Therefore, Be and It Is Resolved, That the Governor and Legislature of the State of Colorado, respectfully petition the Congress of the United States to give sympathetic and early consideration to this phase of the silver mining industry and enact such legislation as may be necessary in the premises.
