Honorable Edwin C. Johnson

Governor of Colorado

Denver 2, Colorado

Dear Governor:

We are enclosing the 74th Annual Report of the Colorado Insurance Department.

Departmental receipts, which are allocated to the General Fund, reached an all-time high with the amount for the fiscal year being \$3,594,145.31, an increase of over \$400,000.00 above 1954; receipts for 1954 being \$3,192,381.00, and for 1953, \$3,002,602.00. Total premiums paid in 1955 by Colorado policyholders amounted to \$183,684,308.00 as compared with \$168,677,483.00 in 1954, and \$160,110,603.00 in 1953.

There were 711 insurance companies licensed to operate in Colorado and of this number 52 are domestic companies. Total premiums paid to all of these companies are as follows:

	1955	1954
Life, Accident and Health.....	\$94,700,073.00	\$84,159,175.00
Fire .....	6,484,501.00	6,730,242.00
Casualty, Miscellaneous .....	26,184,222.00	27,323,673.00
Multiple Line .....	56,315,512.00	50,464,393.00

The total expenses of the Colorado Insurance Department for the fiscal year 1955 were \$109,262.52, the percentage of expenses to receipts being 3.04%, one of the lowest amongst the Insurance Departments of the United States, and represents a decrease of 0.33% over the previous year. We would emphasize the urgent need for legislation or recognition of governing bodies for the immediate upgrading of pay grades within the Insurance Department. The Department is faced with the problem of losing trained people to industry, and we are handicapped with the inability to recruit at present pay grade levels.

Under recommended legislation, we would point out that with certain classes of company licenses, the minimum capital and surplus and/or guaranty fund for Colorado companies are presently amongst the lowest of any other state. This represents a condition which might well be hazardous to the People of the State of Colorado and should be remedied by immediate legislation. The present situation governing the regulation of domestic Title Guaranty insurance companies, or organizations, should be clarified through legislation and the responsibility for regulation should be definitely delegated to the Colorado Insurance Department. Certain types of insurance companies heretofore and presently exempt from the General Articles dealing with regulation of insurance should be

brought under the General Regulations through the medium of repeal and additions to the offending sections or articles.

We would report that the Agents' Qualification Law which became effective January 1, 1956, is proving a valuable piece of legislation for the protection of Colorado policyholders. On the agents' level, the people identified with the insurance business are now enjoying a degree of professionalism heretofore denied the industry.

Your sincere cooperation and that of your excellent staff is gratefully acknowledged.

Very truly yours,

SAM N. BEERY
