THE HONORABLE STEVE McNICHOLS  
*Governor*

THE HONORABLE SAM N. BEERY  
*Commissioner of Insurance*

July 17, 1961

His Excellency  
The Honorable Stephen L. R. McNichols  
Governor of Colorado  
State Capitol  
Denver, Colorado

Dear Governor McNichols:

In accordance with the provisions of 72-1-8, Colorado Revised Statutes, 1953, I have the honor to submit the Seventy-Ninth Annual Report of the Commissioner of Insurance of Colorado.

Insurance companies set new records for premium income and claim payments during 1960:

Premium Income:	1960	1959
Life, Accident and Health	\$143,621,867.00	\$133,538,711.00
Fire	4,182,140.00	4,009,095.00
Casualty and Miscellaneous	32,965,757.00	32,109,693.00
Multiple Line	102,381,521.00	95,284,157.00
Total Premiums	\$283,151,285.00	\$264,941,656.00
Claims Paid	\$121,171,751.00	\$105,525,703.00
Insurance Department Receipts	\$ 6,141,877.02	\$ 5,143,180.23

Claims increased \$15,646,048.00 or 14.83% over the previous year. Insurance Department receipts increased \$998,696.79, or 19.42% more than for the previous fiscal year. This increase alone was more than four times the entire budget of the Insurance Department of Colorado as allowed by the Colorado legislature. Expenses for the fiscal year ending June 30, 1961, amounted to \$204,261.17, being 3.33% of the total receipts, one of the lowest expense ratios of the fifty Insurance Departments of the United States. This left a net "income" to the State of Colorado of \$5,937,615.85.

There are, as of this date, seven hundred seventy-three insurance companies licensed to operate in our State and of this number fifty-six are Colorado insurance companies; twenty-seven more than the State of New York with its six hundred sixty employees. During 1960, four Colorado insurance companies were organized and which commenced business in our State. There are twenty-one companies presently in various stages of organization. Thirty new foreign insurance companies were licensed to conduct an insurance business in the State of Colorado during 1960 and there are presently one hundred forty-two foreign insurance companies seeking admission. During 1960, the Department dealt with and approved eleven mergers; nine companies withdrew from the State of Colorado and no companies were placed in receivership during 1960.

The business of insurance is one of the largest and most far-reaching in our great State and the foregoing evidences its consistent growth in Colorado. We cannot stress too strongly the importance of the supervision of such a vast industry and how this supervision directly affects the citizens of our State. The Department's budget requests have constantly stressed the growth of this industry and the desperate need for favorable recognition of Department budget requests. According to the latest available statistical data, compiled by the Insurance Industry Committee of Ohio, the State of Illinois has one employee for every thirteen licensed insurance companies, Kansas

twelve, Illinois eight, Pennsylvania six, Texas five, California four, Massachusetts two and New York one, while Colorado presently has only one employee for every twenty-six licensed companies.

Our Department has recently made a study of the man hours required in the licensing of one foreign insurance company in the State of Colorado. It has been determined that seventy-one hours and thirty-one minutes are required for each admission. We have been admitting an average of forty additional insurance companies each year, requiring a total of 2,861 man hours each year for new companies alone. The average individual works 37½ hours per week for forty-nine weeks, or a total of 1,837 man hours per year; thus, 1.56 new employees are required each year in the admission of new companies alone. When you realize that we presently have one hundred forty-two additional companies now seeking a license to do an insurance business in our State, that we have twenty-one Colorado companies in various stages of organization, it must be evident that additional personnel and operating expenses must be allowed by the General Assemblies. In addition, as the legislatures enact new insurance laws, which impose additional duties on the Insurance Department, so must they be cognizant of the need for additional funds to administer such new laws, providing for this expense through enabling legislation. An example of this is the passage of House Bills No. 277 and 278 by the Forty-Third General Assembly with no additional funds provided for the administration of such Bills.

As we have previously advised, the Subcommittee on Antitrust and Monopoly, Committee on the Judiciary, United States Senate, has made the determination that the Insurance Departments throughout the United States are, for the most part, understaffed and underpaid and it is foreseeable that if this condition is not corrected by the various States, the threat of federal regulation may very well become a reality. Supervision of Insurance by the several States is the last vestige of interstate commerce which is still regulated by the States and it is, therefore, important that Colorado be heard on a national level to the end that we join with others in preserving the right to tax and to supervise the business of insurance in our respective States.

Again we stress that our travel budget requests must be considered to the end that this Department may dispatch key personnel for attendance at national conferences and national committee meetings, for through these conferences our State is kept abreast of the rapidly changing industry of insurance. Your Insurance Department, under 72-1-18 (5), C. R. S. 1953, is charged with giving insurance agents' examinations ". . . at not less frequent intervals than every four months, at such time and places as the commissioner shall designate reasonably accessible to the applicant." Travel funds for this purpose, as well as for the investigation of domestic insurance companies, have been included in our annual budget requests but no allowance made therefor by the General Assemblies.

To the end that the insurance industry in the State of Colorado may be more efficiently regulated, we recommend the following legislation as urgent:

1. Upward revision of capital, surplus and/or guaranty fund requirements for permission to do business in Colorado. (No changes have been made in basic categories for over fifty years.)
2. A law making it a felony to submit a false statement of condition to the Insurance Department.
3. The enactment of the National Association of Insur-

ance Commissioner's Model Law as it pertains to the regulation of Credit Life and Credit Accident and Health insurance.

The following legislation is also recommended:

1. All domestic title insurance companies should be brought under insurance laws rather than banking and/or corporation and/or insurance law as is the company's present option.

2. Consideration should be given to the establishment of the office of State Fire Marshal.

The Colorado Insurance Department continues to take an active part in the affairs of the National Association of Insurance Commissioners. The Commissioner of Insurance served as President of this Association during 1960-1961 and will continue as an active member. This organization is a voluntary association of insurance regulatory officials of each of the United States, formed to promote uniformity among the States in the regulation of insurance.

The Insurance Department of the State of Colorado commends you and your Office on the actions initiated for the betterment of career employees in the service of our State and particularly for the co-operation you have consistently shown our Department.

It is the constant goal of this Department to administer the insurance laws of the State of Colorado in such a manner as to provide maximum protection to the citizens of Colorado and to serve the people of this State to the best of its ability. We acknowledge, with appreciation, the services of all those who have co-operated with us to the end that our goal might be attained.

Respectfully submitted,

SAM N. BEERY  
Commissioner of Insurance
