BIENNIAL REPORT
OF
H. E. MULNIX
AUDITOR OF STATE
OF
COLORADO
1921-1922

To His Excellency,
OLIVER H. SHOUP,
Governor of the State of Colorado.

Sir: Acting under the provision of the law requiring reports from various officers of the executive departments of the State Government, I have the honor to submit herewith a report of the transactions of the Auditor's Department for the fiscal years 1921 and 1922.

A careful perusal of this report will evidence the fact that the state is in a splendid financial condition, with all appropriations having been paid in full except such as had unexpended balances.

As an evidence of the growth of the state's finances, it will be noticed that the balance in the Treasury at the close of business November 30, 1920, was \$10,365,331.05, and that of November 30, 1922, is \$14,760,613.20, a gain of \$4,395,282.15, the following condensed statement showing these results:

Cash			
Balance Dec. 1, 1920	Receipts	Disbursements	Balance Nov. 30, 1922
\$2,121,493.25	\$33,981,515.99	\$30,643,677.75	\$ 5,459,331.49

Investments			
Nov. 30, 1920	Purchased	Redeemed	Balance Nov. 30, 1922
\$8,243,837.80	\$3,494,992.34	\$2,437,548.43	\$9,301,281.71
Balance in Treasury November 30, 1922			\$14,760,613.20

On account of the large sums voted by the citizens of Colorado for the construction of highways, and the very generous provisions made by the last legislature for the building of armories and support of the National Guard, the financial transactions of the last biennial period have been very much greater than in any other two years of the state's history. The total receipts from all sources have been \$33,981,515.99, and the disbursements have been \$30,643,677.75. Among the receipts are the proceeds of \$5,000,000 of bonds sold for highway construction, bonds to the amount of \$500,000 for the construction of armories, \$290,000 for the support of the Rangers, \$161,000 for

emergency and dependency caused by various labor strikes, the Pueblo flood, etc., and \$200.00 to take up certificates of indebtedness issued in connection with the insurrection of 1914. These various issues have increased the bonded indebtedness of the state by \$5,951,200. To partially offset this there have been redeemed the balance of the outstanding 1897 bonds amounting to \$17,000. Funding bonds of the series of 1910, amounting to \$95,000.00, and National Defense bonds, series of 1917, amounting to \$300,000.00. This makes the net increase of the bonded indebtedness \$5,539,200.00.

The surplus general revenue for the biennial period over and above all disbursements from this fund amounts to \$363,112.08. This is a splendid showing, considering that the Twenty-third General Assembly appropriated approximately \$550,000.00 in excess of the estimated revenues for the term, I might say, however, that there is \$250,000.00 unexpended from the \$350,000.00 voted by the people for a psychopathic hospital. This is a continuous appropriation and can be paid at any time.

INVENTORY OF STATE PROPERTY

I am including in this report, a statement of a complete inventory of the state's property, a recapitulation of which shows the total to be \$176,233,277.73. This includes each and every department and institution of the state.

CERTIFICATES OF INDEBTEDNESS

Three institutions found themselves unable to get through the biennial period on the appropriations made by the last legislature and have been obliged to issue certificates of indebtedness to cover balances due for salaries and expenses up to November 30, 1922.

These amounts are as follows:

State Penitentiary	\$36,691.77
State Reform School	5,748.76
Soldiers' and Sailors' Home.....	15,000.42

I recommend that an appropriation be made early in the session to cover these amounts.

I also would recommend that the Twenty-fourth General Assembly make sufficient appropriations for the fiscal years 1923 and 1924 to cover expenses of those institutions, in which event they should be required to live within their appropriations.

COLORADO STATE WARRANTS

It is unfortunate that warrants of the state have gone out on the market selling at a discount. This should be stopped. Where warrants are issued to firms or individuals and they are compelled to dispose of them at less than par, it is cause for them to add on to the price of supplies, etc., enough or more, to cover the discount. This is far reaching, is expensive to the state and ruinous to its credit. The Treasurer of the state has the power to remedy this condition and should do so.

LEGISLATIVE EXAMINING COMMITTEE

By an act of the legislature passed many years ago, previous to each regular session of the General Assembly, the Secretary of State is required to select and notify by giving ten days' notice to one member elected to the Senate and two members elected to the House of Representatives, to attend at the seat of government six days before the commencement of the session, for the purpose of examining and verifying the accounts of the Auditor and Treasurer.

The experience I have acquired in the past constrains me to advise the repeal of this law. Instead of the investigation being done by members elected to the legislature, it is done by clerks appointed by them, generally as a reward for political services, and frequently without any experience in this line of work. They seldom complete their work and make their report until the last day of the session, when it is too late for consideration by members of that body. The salaries of the investigators last time amounted to \$2,910.00, being 97 days for 5 men at \$6.00 a day. The public examiners make a complete check of these offices at least once a year, and the Governor has the power to order an examination any time he so desires. I therefore regard the public interests as amply protected and the legislative examination as a needless expense.

APPROPRIATION TO PAY SCALP BOUNTIES

A number of years ago a law was passed providing for the payment of a bounty for the scalps of coyotes, wolves and other predatory animals, but for many years no appropriation has been made by the legislature to provide for this payment. In the vaults of the Auditor's office there are now something over \$30,000.00 worth of these scalp certificates.

I recommend that an appropriation be made covering this amount, and that, on account of the very satisfactory arrangement now existing between the state and the Federal government for the destruction of these animals, the law be repealed.

NATIONAL GUARD EXPENSES

The expenses of the National Guard for the past two years having been very much larger than for any other two years, in the recent history of the state, I have, as a matter of very general interest, included in this report an itemized account of their receipts and expenditures.

It will be noted that over \$90,000.00 of their expenditures was used in supplementing the \$500,000.00 appropriated by the last legislature for the construction of armories, which sum was realized from the sale of National Defense bonds. The balance to the credit of this fund, November 30, 1922, was \$36,409.64, as against \$131,299.19, on November 30, 1920.

NEW OFFICE BUILDING

The beautiful new office building, on the corner of Colfax and Sherman, has been completed during this biennial period. It is constructed almost entirely of Colorado material and is a building of which every citizen of the state may well be proud. The cost of the building and furnishings was \$1,494,374.84. The mill levy already provided for will pay all warrants outstanding against the building between now and the year 1926.

COMMISSION FOR RELIEF OF ADULT BLIND

The Commission for the Relief of the Adult Blind granted relief to 200 blind and partially blind persons in 1921 and to 265 in 1922. The amount of money disbursed for this purpose in the two years was \$119,157.61. The different counties have disbursed a like amount. The distress and suffering that has been partially relieved by these appropriations it is impossible to adequately place on record. I wish to express my appreciation of the sympathetic and tireless labor of Mrs. Wilcox, the secretary of this commission. It has been with her a work of love, her salary being only a nominal one. Her report will be found full of interest.

PUBLIC EXAMINER'S DEPARTMENT

A detailed report of the operations of this department will be found in another part of this report. Every county, state institution, bureau and department has had its books audited at least twice, as has also the school district of the city and county of Denver. Numerous irregularities have been found and corrected, and in a number of cases funds illegally expended have been replaced. There is a law on the statute books providing for a uniform system of bookkeeping in all of the counties of the state. The examiners are prepared to install such a system, but occasionally find an official unwilling to comply with their instructions. This law should be strengthened by a penalty attachment.

INTEREST ON DEPOSITS

There has been received in the past two years by the State Treasurer the sum of \$191,778.28 as interest on bank deposits. This is very much more than was received in any previous period, but it has been offset by interest amounting to \$114,486.70 paid on Highway bonds that were sold and delivered before the money was needed by the Highway department. This money was deposited by the Treasurer in banks throughout the state.

STATE RANGERS

The last legislature authorized the sale of National Defense bonds to the amount of \$290,000 with the proceeds of which to pay the expense of maintaining the Rangers up to December 31, 1922. Of this amount there was used \$288,702.24. A considerable amount of this was spent for equipment, much of which is still on hand.

The same legislature also authorized the sale of National Defense bonds to the amount of \$200,000, the proceeds to be available for the use of the Governor in case of any unforeseen emergency. Bonds to the amount of \$160,000 were actually sold with which bills amounting to \$141,304.06 were paid, leaving \$18,695.94 to be transferred to the sinking fund.

INSURANCE FUND

The balance on hand November 30, 1920, was \$5,855.74, and the receipts for the period were \$1,054,499.32, a total of \$1,060,355.06. The expenses of the department for the two years were \$76,483.02. There was transferred to the Firemen's Pension fund \$132,509.23, to the General Revenue fund \$845,000.00, and there is a balance on hand of \$6,362.81.

UNIVERSITY MEDICAL SCHOOL

The receipts of this institution were \$275,921.60, and disbursements \$260,000.00. The appropriation to Psychopathic Hospital was \$350,000.00, and on this there have been drawn warrants amounting to \$101,238.35.

STATE HIGHWAY

The Highway Department spends very much more money than any other branch of the State Government. During the past two years their receipts have been \$13,452,374.87, and they have expended \$10,543,432.41, leaving on hand a balance (including a small balance on hand at the beginning of the period) of \$2,923,065.92.

Of these huge receipts, \$5,151,257.00 were realized from sale of bonds authorized by voters of the state, \$2,967,522.11 from the tax levy, \$2,458,612.25 from the Federal Government, \$858,443.93 from the Motor Vehicle Tax, \$638,396.11 from the Gasoline Tax, \$240,500.00 from the Internal Improvement funds, and \$1,137,343.47 from miscellaneous sources, mostly from counties. From the proceeds of the bond sale there is still in possession of the State Treasurer a balance of \$2,177,053.52 on which he is paying 5 per cent interest.

INHERITANCE TAX

The Inheritance Tax continues a most important source of revenue. From this source there was received in the last two years \$1,054,499.32. This largely exceeded the estimate and helped very materially in enabling us to pay in full every appropriation made by the last legislature.

In 1916, I suggested that the Inheritance tax be placed in a sinking fund for the purpose of ultimately placing the state on a cash basis, in which event the legislature should make provision for an increased tax levy to meet the obligations of the state until the Inheritance tax fund would be sufficient to reach that point. At this time this would be impracticable, owing to the fact that the constitutional limit of authorized levy for state purposes is now almost reached.

BUREAU OF BUILDING AND LOAN ASSOCIATIONS

During the last two years persistent and continued efforts have been made by a number of foreign loan companies who give their subscribers assurances of being able to loan them money at 3 per cent interest, to do business in the state with the approval of this office. Their applications have all been denied.

The report of the Deputy Building and Loan Inspector has been printed in a separate pamphlet in the interest of economy. It shows the different associations in a healthy condition. During the biennial period one association filed its dissolution papers and eight new associations were organized.

In connection with this department, it is my opinion that the Bureau should be transferred from the Auditor's office to that of the Bank Commissioner. During the past two years, the business of the Bureau has required much time of the Auditor, which could not well be spared from his official duties as Auditor.

SHORTAGE IN STATE TREASURER'S OFFICE

In the year 1915 a shortage was discovered in the State Treasurer's office amounting to \$41,186.50. It was caused by an abstraction of state funds that took place between January 9, 1901, and January 9, 1911. The administration of five State Treasurers was involved. During the present administration a test suit was brought against ex-Treasurer Galligan. It resulted in a jury disagreement. The case is set for re-trial in January, 1923.

STATE SUPPLIES

I wish to renew the suggestion I made at the close of my administration of this office in 1916, viz.—that a department should be established to be known as "Commissioner of Supplies," and that every thing that is needed by the state in the way of books, stationery, etc., should be purchased through that department.

IN CONCLUSION

I desire to express my appreciation of the splendid service and the loyal support my Deputy, Mr. J. S. Temple, and all employes of the department have rendered during my administration of this office, and the uniform courtesy we have met with from all departments.

H. E. MULNIX,
Auditor of State.

REPORT
OF
PUBLIC EXAMINER

December 31, 1922.

Hon. Harry E. Mulnix,
Auditor of State.

Sir: I have the honor to submit, herewith, the report of the office of the Public Examiner's department for the biennial period ending November 30, 1922.

The department has audited all county and state offices numbering 445, which received cash in any form, once each year during the above period, as well as having made extra audits on some of them in cases where the official in charge died or resigned. Page one of the report shows that the cash totals in all offices amounted to \$263,638,162.81.

Included in the report I have shown the combined figures on county offices for the years 1919-1920 for comparison with the years 1920 and 1921.

For the benefit of county officials I have shown throughout the report various percentage tables relating to each office in each county and also for all institutions in the state.

The audit of the county offices has shown numerous irregularities, such as overpayment of salaries, fees being held by officials, no collections on delinquent taxes, issuing warrants over appropriations, etc., all of which have been reported to the proper county official.

Interest on delinquent taxes amounting to \$25,914.26 was due the state on November 30, 1921, but the proper apportionment is made at the end of the year and is now being paid regularly to the state.

My Examiner's have rendered valuable service to all county officials and also to the officers of the various state institutions. They report that the majority of the offices are very efficient, except in cases where an election has placed a new incumbent in charge, and then it is necessary to introduce the uniform system once more.

Respectfully submitted,

J. M. WOOD,
Public Examiner.

RECAPITULATION OF RECEIPTS AND DISBURSEMENTS IN ALL
COUNTY AND STATE OFFICES FOR THE YEARS 1920 AND 1921
ALONG WITH THE YEAR 1919 FOR COMPARISON
