**Colorado Legislative Council Staff  
January 2002**

This directory has been prepared as a service to members of the General Assembly. It is intended to be a quick reference guide to Colorado State Government. It provides information regarding the major offices of the legislative, executive, and judicial branches. Included are telephone and facsimile numbers, locations, and contact names for the listed state agencies.

The Legislative Council Staff thanks Debbie Grunlien for assembling the directory and the department legislative liaisons for providing the information contained in the directory.

About the Cover . . . This photograph of the Capitol is from the Western History Collection at the Denver Public Library. The photograph is a view of the State Capitol Building in 1910 with snow covered trees, lawn, and benches.
