#### EXECUTIVE ORDER

# Declaring a Disaster Emergency Due to the Duckett Fire in Custer and Fremont Counties

Pursuant to the authority vested in the Governor of the State of Colorado and, in particular, pursuant to relevant portions of the Colorado Disaster Emergency Act of 1992, C.R.S. § 24-32-2100, et seq., John W. Hickenlooper, Governor of the State of Colorado, hereby issues this Executive Order declaring a state of disaster emergency due to the wildfire in Custer and Fremont Counties, Colorado.

#### I. Background and Purpose

On Sunday, June 12, 2011, a wildfire ("Duckett Fire") was reported in Custer County. As of the evening of June 12, the fire spread into Fremont County and was approximately 500 acres in size, burning on both federal and private land. Immediate threat is to Rainbow Lutheran Church Camp and Eagle Park Subdivision necessitating the evacuation of 259 people. As of June 13 the Duckett Fire had grown to 1,800 acres being driven by gusty winds and fed by dry fuels and threatening the Brush Creek, Maytag Ranch, and Garratt Subdivisions. Predicted hot weather and strong gusty erratic winds coupled with abundant dry fuels indicate an aggressive response is essential. Custer and Fremont County resources have been fully engaged in fighting the wildfire which have now exceeded their management capacity. Approximately eight federal and state agencies, including the Colorado State Forest Service, Bureau of Land Management, the U.S. Forest Service, Division of Emergency Management, Department of Corrections, and county and local emergency resources have responded to the wildfire by deploying a variety of resources, including over 195 firefighters, 24 engines, five bulldozers, and three helicopters.

The Governor is responsible for meeting the dangers to the state and people presented by disasters. The Colorado Disaster Emergency Act of 1992 defines a disaster as "the occurrence or imminent threat of widespread or severe damages, injury or loss of life or property resulting from any natural cause or cause of human origin, including but not limited to . . . fire." C.R.S. § 24-32-2103(1.5). The Duckett Fire's proximity to subdivisions poses an imminent danger to life and property and, therefore, constitutes a disaster for the purposes of the Act. In response to this disaster, on June 13, 2011, I declared a disaster emergency.

### II. <u>Declaration and Directives</u>

- A. The Duckett Fire hereby constitutes a disaster emergency for purposes of C.R.S. § 24-32-2103. GIVEN under my hand and the Executive Seal of the State of Colorado this nineteenth day of July, 2011.
