

D 2022 017

EXECUTIVE ORDER

Colorado COVID-19 Disaster Recovery Order

Extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, D 2021 132, D 2021 136, D 2021 139, D 2021 141, D 2022 003, D 2022 010, and D 2022 013

Pursuant to the authority vested in the Governor of the State of Colorado and, in particular, pursuant to Article IV, Section 2 of the Colorado Constitution and the relevant portions of the Colorado Disaster Emergency Act, C.R.S. § 24-33.5-701 *et seq.*, I, Jared Polis, Governor of the State of Colorado, issue this coronavirus disease 2019 (COVID-19) Executive Order extending Executive Order D 2021 122, as amended and extended by D 2021 124, D 2021 125, D 2021 129, D 2021 132, D 2021 136, D 2021 139, D 2021 141, D 2022 003, D 2022 010, and D 2022 013, which refocus the State's efforts on recovery.

Further, pursuant to the authority vested in the Governor of the State of Colorado and, in particular, pursuant to Article IV, Section 5 of the Colorado Constitution and C.R.S. § 28-3-104, I hereby authorize the continued employment of the Colorado National Guard to support and provide planning resources to State and local authorities for the recovery.

I. Background and Purpose

The Governor is responsible for meeting the dangers to the State and people presented by disasters. C.R.S. § 24-33.5-704(1). The Colorado Disaster Emergency Act (Act) defines a disaster as "the occurrence or imminent threat of widespread or severe damage, injury, or loss of life or property resulting from any natural cause or cause of human origin, including but not limited to . . . epidemic." C.R.S. § 24-33.5-703(3). The threat posed by COVID-19, a respiratory illness that can spread from person to person, constitutes a disaster for purposes of the Act. The Governor has authority to take any action "in prevention of, preparation for, response to, and recovery from disasters." C.R.S. § 24-33.5-702(1)(d). For purposes of the Act, recovery is "the short, intermediate, and long-term actions taken to restore community functions, services, vital resources, facilities, programs, continuity of local government services and functions, and infrastructure to the affected area." C.R.S. § 24-33.5-703(7.3).

We have lost over 13,000 Coloradans to COVID-19. Hundreds of thousands of Coloradans have become ill, and our healthcare professionals continue to work tirelessly to ensure that COVID-19 patients are treated with the best medical care we can offer. This pandemic has required extraordinary sacrifices from each and every resident of our State. I thank all Coloradans for rising to meet this moment in world history. Every aspect of our lives has

changed, but despite the enormous challenges, we undertook these actions to protect ourselves, our friends, our families, and our community.

The State has made tremendous progress in terms of containing and treating infection and distributing the COVID-19 vaccine. More than eighty-two percent of Colorado's eligible population (5 years old and older) has now received at least one dose of the lifesaving COVID-19 vaccine.

On July 8, 2021, I rescinded all previous Executive Orders issued due to COVID-19 and amended Executive Order D 2021 122 to focus only on those measures related to the State's recovery from the COVID-19 pandemic emergency. Executive Order D 2021 122, as amended and extended, serves to reduce paperwork and to further refocus our efforts on recovery, facilitate administration of the lifesaving COVID-19 vaccine, ensure that our healthcare facilities have sufficient resources to treat COVID-19 patients, improve our economic recovery, maintain access to additional federal funding, and continue the State's disaster declaration and essential directives for response and continuity of State government. Together, these directives ensure agency access to State and federal funding, enable the State to continue COVID-19 response and recovery activities, and ensure the State can execute rapid procurement processes when needed to respond to the changing COVID-19 environment due to variants and stressors on our health care system.

This Executive Order extends Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, D 2021 132, D 2021 136, D 2021 139, D 2021 141, D 2022 003, D 2022 010, and D 2022 013.

II. Duration

Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, D 2021 136, D 2021 139, D 2021 141, D 2022 003, D 2022 010, D 2022 013, and this Executive Order, shall expire thirty (30) days from April 23, 2022, unless extended further by Executive Order, except that the funds described in subsection II.iv.C. of Executive Order D 2021 122, as amended and extended, shall remain available for the described purposes and the described time period stated in subsection II.iv.C. In all other respects, Executive Order D 2021 122, as amended and extended, shall remain in full force and effect as originally promulgated.

GIVEN under my hand and
the Executive Seal of the
State of Colorado, this
twenty-third day of April
2022.

A handwritten signature in blue ink that reads "Jared Polis".
