Page 5

²⁾ SB 07-097 expanded eligibility in the Children's Basic Health Plan to 205% of the federal poverty level. Appropriated resources for this expansion population are based on the following caseloads: 109 Children; 8 Prenatal, and; 86 Children Dental. This expansion began March 1, 2008, and caseload and expenditures for this new category are now being included in this report.

3) All children's caseload reporting includes the CHP+ at Work program.

⁴⁾ Caseload for January 2008 was restated in the report dated March 17, 2008 due to a misclassification of clients among income groups. While the total caseload for January 2008 was accurate, this misclassification caused the expansion caseload to be understated relative to the traditional caseload.
