Department of Health Care Policy & Financing
1570 Grant Street
Denver, CO 80203

January 4, 2021

The Honorable Dominick Moreno, Chair
Joint Budget Committee
200 East 14th Avenue, Third Floor
Denver, CO 80203

Dear Senator Moreno:

In accordance with C.R.S. § 25.5-6-409.3 (4), The Colorado Department of Health Care Policy & Financing (the Department) respectfully submits our quarterly status report on the redesign of a consolidated Home and Community-Based Services (HCBS) waiver for Adults with Intellectual and Developmental Disabilities (IDD).

Since the October 2020 update, the Department has held multiple stakeholder meetings where we have been incorporating work and recommendations completed with Waiver Redesign stakeholders to make necessary changes to our HCBS services due to the COVID-19 pandemic. These changes ensure needed HCBS services are designed to be flexible, individualized and cost effective. Furthermore, the Department has continued work to align service design, policies, and implementation across all HCBS waivers to serve all populations, including those who will access the IDD consolidated waiver. In doing so, the Department will advance the mutual aims of IDD waiver redesign and the larger effort to simplify and align across the state's system of HCBS Waivers.

In simplifying and aligning services, the Department will make accessing services more straightforward and effortless and will help build provider capacity creating a more stable workforce for the future. This quarter the Department was able to make significant strides on launching a supportive employment pilot program aimed at incentivizing waiver providers to increase quality outcomes for our members and at a cost savings for the Department, creating a new Telehealth service delivery option that provides flexibility and access to needed services for our members, and lastly, expanding and making improvements to Day Services that have led to a more customizable and streamlined approach benefiting both our providers and our members alike.

In addition, the Department has been building upon the work completed in the actuarial analysis conducted by Bolton Health Actuarial, (2019) “Intellectual and Developmental Disabilities Waiver Redesign Project Cost Modeling”. Specifically, the Department has been closely engaging stakeholders on the development of the Person-Centered Budget Algorithm, which is essential in order to implement a consolidated waiver. Stakeholders have attended two Technical Advisory Group meetings and two sets of Statewide Stakeholder Engagement Forums where the Department continues to benefit from ongoing input. Background information on the consolidated waiver is available on the Waiver Redesign Stakeholder Engagement [website](#).

If you require further information or have additional questions, please contact the Department’s Legislative Liaison, Jo Donlin, at Jo.Donlin@state.co.us.

Sincerely,

Kim Bimestefer
Executive Director
