Current Procedural Terminology (CPT®) procedure codes, descriptors and other data are copyright 2016 American Medical Association (AMA). All Rights Reserved. The AMA assumes no liability for the data contained herein. Applicable Federal Acquisition Regulation System (FARS)/Defense Federal Acquisition Regulation Supplement (DFARS) apply.

# I. Introduction

The Colorado Department of Health Care Policy and Financing (HCPF) is the single state agency (SSA) responsible for the administration of the Colorado Medical Assistance Program (MAP). HCPF has developed a comprehensive array of covered mental health (MH) and substance abuse (SA) treatment services to assure that medically necessary, appropriate and cost effective behavioral health (BH) care is provided to eligible Medicaid Members through the Colorado Medicaid Community Behavioral Health Services Program.

The Colorado Department of Human Services (CDHS), Office of Behavioral Health (OBH), is responsible for the administration of service contracts that provide for mental health and substance abuse treatment provided to the non-Medicaid population.

In the most basic sense, coding is the numeric or alphanumeric depiction of written service or procedure descriptions. Coding allows standardized, efficient data gathering for a variety of purposes, from providing detailed clinical representations of patient populations, managing population health, predicting service demands, evaluating quality outcomes and standards of care, supervising business functions, and ensuring service reimbursements.<sup>1</sup>

## a. Purpose

The purpose of this *Uniform Service Coding Standards (USCS) Manual* is to achieve uniform documenting and reporting of covered Colorado Medicaid State Plan (required services), Behavioral Health Program 1915(b)(3) Waiver services (alternative or (b)(3) services) and OBH services. Standardizing the documentation and reporting of behavioral health (BH) encounters contributes to the accurate estimation of service costs, development of actuarially sound capitation rates, and compliance with federal regulations for managed care utilization oversight.

HCPF and OBH have established this *USCS Manual* to provide common definitions of the program service categories covered under the Colorado Community Behavioral Health Services Program. The *USCS Manual* also provides guidance in documenting and reporting covered services in coding formats that are in compliance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

The clinical coding systems currently used in the United States are the:

- *International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM)*<sup>2</sup>
- *Current Procedural Terminology (CPT®), Professional Edition*<sup>3</sup>
- *Healthcare Common Procedure Coding System (HCPCS)*<sup>4</sup>

These clinical coding systems are used by HCPF and OBH for the Colorado Community Behavioral Health Services Program

The *USCS manual* is a living document that is updated each fiscal year to maintain consistency between the BHO contract, the OBH contract, the State Plan Amendments, the (b)(3) waiver, and coding guidelines. Unless otherwise noted, the State (HCPF and OBH) has agreed that it will accept coding provided under the previous edition through October 31, 2016.

Providers must implement the October 2016 edition by November 1, 2016.

## b. Manual Format

Service categories are listed to promote clarity of understanding through the consistent use of common terms, followed by individual HCPF and/or OBH procedure code pages in numeric and alphanumeric order. Service categories include primary, secondary, and tertiary groupings, with primary categories listed as follows (see Appendix D for complete list):

- Screening
- Crisis
- Assessment
- Prevention/Early Intervention Services
- Peer Support/Recovery Services
- Treatment Services
- Evaluation and Management (E&M)
- Respite Care Services
- Residential Services
- Support Services

Each procedure code page is outlined as follows:

- CPT®/HCPCS Procedure Code
- Usage
- Service Description
- Notes
- Applicable Population(s)
- Allowed Mode(s) of Delivery
- Place of Service (POS)
- Procedure Code Description
- Minimum Documentation Requirements
- Example Activities
- Unit and Duration
- Program Service Category(ies)<sup>5</sup>
- Staff Requirements

This format assists providers to conceptualize behavioral health (BH) services rendered in terms of 10 key data elements and ensure the appropriate procedure code is assigned to services rendered:

- **Core Services** are the basic services rendered, such as assessment, treatment, case management, peer support/recovery, prevention/early intervention, residential, respite, and crisis services.
- **Modality** gives more detail about the core service rendered (e.g., individual therapy, group therapy, family therapy, medication administration, etc.).
- **Program** may be different for each community mental health center (CMHC) or provider (e.g., outpatient, residential, day treatment, etc.); this information provides further detail about the specific core service rendered and is useful in pricing those specific services.
- **Location**, or place of service (POS), is where the service is rendered (e.g., CMHC, patient’s home, community, etc.).
- **Framework Data** is basic descriptive information about the patient and the service rendered, including:
  - Patient’s Medicaid identification number (ID)
  - Patient’s date of birth (DOB)
  - Start and end time/duration of the service
  - Date of service
  - Emergency status
  - Staff/peer credentials

These key data elements are drawn from Colorado Health Network’s (CHN) encounter design matrix, which is described in Appendix A, and provided herein as an optional reference and training tool.

## II. Colorado Community Behavioral Health Services Program

The Colorado Department of Health Care Policy and Financing (HCPF) contracts with managed care organizations (MCOs), known as behavioral health organizations (BHOs), to administer, manage and operate the Colorado Community Behavioral Health Services Program by providing medically necessary covered behavioral health (BH) services.

## a. Program Service Categories

The Colorado Community Behavioral Health Services Program covered service categories are defined according to the Colorado Medicaid State Plan (required services) and Behavioral Health Program 1915(b)(3) Waiver (alternative or (b)(3) services). All Colorado Community Behavioral Health Services Program covered procedure codes are categorized as either State Plan (SP), (b)(3), or both.

### i. Medicaid State Plan Services

The Medicaid State Plan is the document by which the State of Colorado certifies that it will comply with all Federal requirements for Medicaid. Some of the requirements are identical for all states, and some permit the State to choose certain options. In order to be eligible to receive federal matching funds (Federal Financial Participation or FFP) to operate its Medicaid program, the State must agree to comply with all parts of the Medicaid State Plan on file with the Centers for Medicare and Medicaid Services (CMS). The following table describes the Colorado Medicaid State Plan program service categories.<sup>6,7</sup>

Medicaid State Plan Program Service Categories	
Category	Description
<b>Inpatient</b>	<p>A. <b>Inpatient Hospital – Adult 21-64:</b> A program of psychiatric care in which the Member remains twenty-four (24) hours a day in a facility licensed as a hospital by the State, excluding State Institutions for Mental Disease (IMDs).</p> <p>B. <b>Inpatient Hospital – Under 21:</b> A program of care for Members under age twenty-one (21) in which the Member remains twenty-four (24) hours a day in a psychiatric hospital, or other facility licensed as a hospital by the State. Members who are inpatient on their twenty-first birthday are entitled to receive inpatient benefits until discharged from the facility or until their twenty-second (22) birthday, whichever is earlier, as outlined in 42 CFR 441.151.</p> <p>C. <b>Inpatient Hospital – 65 and Over:</b> A program of care for Members age sixty-five (65) and over in which the Member remains twenty-four (24) hours a day in Institutions for Mental Diseases (IMD) or other facility licensed as a hospital by the State.</p>
<b>Outpatient</b>	<p>A program of care in which the Member receives services in a hospital or other health care facility/office, but does not remain in the facility twenty-four (24) hours a day, including:</p> <p>A. <b>Physician Services, including psychiatric care:</b> Behavioral health services provided within the scope of practice of medicine as defined by State law.</p> <p>B. <b>Rehabilitative Services:</b> Any remedial services recommended by a physician or other licensed practitioner of the healing arts, within the scope of his/her practice under State law, for maximum reduction of behavioral/emotional disability and restoration of a patient to his/her best possible functional level, including:</p> <ol style="list-style-type: none"> <li>1. <b>Individual Behavioral Health Therapy:</b> Therapeutic contact with one patient.</li> <li>2. <b>Individual Brief Behavioral Health Therapy:</b> Therapeutic contact with one patient.</li> <li>3. <b>Group Behavioral Health Therapy:</b> Therapeutic contact with more than one patient.</li> <li>4. <b>Family Behavioral Health Therapy:</b> Face to face therapeutic contact with a patient and family member(s), or other persons significant to the patient, for improving patient-family functioning. Family behavioral health therapy is appropriate when intervention in the family interactions is expected to improve the patient’s emotional/behavioral health. The primary purpose of family behavioral health therapy is treatment of the patient.</li> <li>5. <b>Behavioral Health Assessment:</b> Face to face clinical assessment of a patient by a behavioral health professional that determines the nature of the patient’s problem(s), factors contributing to the problem(s), a patient’s strengths, abilities and resources to help solve the problem(s), and any existing diagnoses.</li> </ol>

## Medicaid State Plan Program Service Categories

Category	Description
<b>Outpatient Cont...</b>	<p>C. <b>Pharmacologic Management:</b> Monitoring of medications prescribed and consultation provided to patients by a physician or other medical practitioner authorized to prescribe medications as defined by State law, including associated laboratory services, as indicated.</p> <p>D. <b>Outpatient Day Treatment:</b> Therapeutic contact with a patient in a structured, non-residential program of therapeutic activities. Services include assessment and monitoring; individual/group/family therapy; medical/nursing support; psychosocial education; skill development and socialization training focused on improving functional and behavioral deficits; medication management; expressive and activity therapies; and coordination of needed services with other agencies. When provided in an outpatient hospital program, may be called "partial hospitalization."</p> <p>E. <b>Emergency/Crisis Services:</b> Services provided during a behavioral health emergency which involve unscheduled, immediate, or special interventions in response to crisis situation with a patient/family, including associated laboratory services, as indicated.</p> <p>F. <b>Pharmacy Services:</b> Prescribed drugs when used in accordance with 10 CCR 2505-10 Section 8.800, Pharmaceuticals.</p> <p>G. <b>Targeted Case Management:</b> Case management services furnished to assist individuals, eligible under the State Plan, in gaining access to needed medical, social, educational and other services.</p> <p>H. <b>School-Based Behavioral Health Services:</b> Behavioral health services provided to school-aged children and adolescents on-site in their schools, with the cooperation of the schools.</p> <p>I. <b>Drug Screening and Monitoring:</b> Substance use disorder counseling services provided along with screening results to be discussed with patient.</p> <p>J. <b>Detoxification Services:</b> Services relating to detoxification including all of the following: Physical assessment of detox progression including vital signs monitoring; level of motivation assessment for treatment evaluation; provision of daily living needs (includes hydration, nutrition, cleanliness and toiletry); safety assessment, including assessment of suicidal ideation and other behavioral health issues.</p> <p>K. <b>Medication-Assisted Treatment:</b> Administration of Methadone or another approved controlled substance to an opiate-dependent person for the purpose of decreasing or eliminating dependence on opiate substances.</p>

### *ii. Behavioral Health Program 1915(b)(3) Waiver Services*

The Social Security Act authorizes multiple waiver and demonstration authorities to allow states flexibility in operating Medicaid programs. Each authority has a distinct purpose, and distinct requirements. Section 1915(b), Managed Care/Freedom of Choice Waivers, provides the Secretary of the US Department of Health and Human Services (HHS) with the authority to grant waivers that allow states to implement managed care delivery systems, or otherwise limit individuals' choice of provider under Medicaid. To execute these programs, the Secretary may waive certain Medicaid requirements (state-wideness, comparability of services, and freedom of choice of provider). Under Section 1915(b), there are four types of authorities that states may request:

- (b)(1) mandates Medicaid enrollment into managed care
- (b)(2) utilizes a "central broker"
- (b)(3) uses cost savings to provide additional services
- (b)(4) limits the number of providers for services<sup>8</sup>

1915(b)(3) waiver services must be for medical or health-related care, or other services as described in 42 Code of Federal Regulations (CFR) Part 440. These services are subject to approval by the Centers for Medicare and Medicaid Services (CMS). The following table describes the 1915(b)(3) Waiver Program service categories in Colorado, including a description of the eligible populations, provider type, geographic availability, and reimbursement method.<sup>9,10</sup>

### 1915(b)(3) Waiver Program Service Categories

Mandatory services to Members in at least the scope, amount and duration proposed in contract Exhibit G. Effective July 1, 2011, all 1915(b)(3) services provided to children/youth from age 0 to 21, except for respite and vocational rehabilitation, are included in the State Plan as Expanded EPSDT services. These services will not be listed individually in the State Plan, but may be provided to children/youth with a covered behavioral health diagnosis based on medical necessity.

Category	Description
<b>Vocational Services</b>	Services designed to help adult and adolescent patients who are ineligible for state vocational rehabilitation services to gain employment skills and employment. Services are skill and support development interventions, educational services, vocational assessment, and job coaching.
<b>Intensive Case Management</b>	Community-based services averaging more than one hour per week, provided to adults with serious behavioral health disorders who are at risk of a more intensive 24-hour placement and who need extra support to live in the community. Services are assessment, care plan development, multi-system referrals, and assistance with wraparound and supportive living services, monitoring and follow-up. Intensive case management may be provided to children/youth under the <i>Early Periodic Screening, Diagnosis, and Treatment (EPSDT)</i> program.
<b>Prevention/Early Intervention Activities</b>	Proactive efforts to educate and empower individuals to choose and maintain healthy life behaviors and lifestyles that promote positive behavioral health. Services include behavioral health screenings; educational programs promoting safe and stable families; senior workshops related to aging disorders; and parenting skills classes.
<b>Clubhouse and Drop-in Centers</b>	Peer support services for people who have behavioral health disorders, provided in a Clubhouse or Drop-In Center setting. Clubhouse participants may use their skills for clerical work, data input, meal preparation, providing resource information and outreach to patients. Drop-in Centers offer planned activities and opportunities for individuals to interact socially, promoting and supporting recovery.
<b>Residential Services</b>	Twenty-four (24) hour care, excluding room and board, provided in a non-hospital, non-nursing home setting, appropriate for adults whose mental health issues and symptoms are severe enough to require a 24-hour structured program but do not require hospitalization. Services are provided in the setting where the patient is living, in real-time, with immediate interventions available as needed. Clinical interventions are assessment and monitoring of mental and physical health status; assessment and monitoring of safety; assessment of/support for motivation for treatment; assessment of ability to provide for daily living needs; observation and assessment of group interactions; individual, group and/or family therapy; medication management; and behavioral interventions. Residential services may be provided to children/youth under EPSDT.
<b>Assertive Community Treatment (ACT)</b>	Comprehensive, locally-based, individualized treatment for adults with serious behavioral health disorders that is available 24 hours a day, 365 days a year. Services include case management, initial and ongoing behavioral health assessment, psychiatric services, employment and housing assistance, family support and education, and substance use disorders services.
<b>Recovery Services</b>	Community-based services that promote self-management of behavioral health symptoms, relapse prevention, treatment choices, mutual support, enrichment, rights protection, social supports. Services are peer counseling and support services, peer-run drop-in centers, peer-run employment services, peer mentoring, consumer and family support groups, warm lines, and advocacy services.
<b>Respite Services</b>	Temporary or short-term care of a child, youth or adult patient provided by adults other than the birth parents, foster/adoptive parents, family members patient. Respite is designed to give the caregivers some time away from the patient to allow them to emotionally recharge and become better prepared to handle normal day-to-day challenges. Respite care providers are specially trained to serve individuals with behavioral health issues.

### III. Diagnoses

The Colorado Community Behavioral Health Services Program identifies covered diagnoses using the *International Classification of Diseases, Tenth Revision, Clinical Modification* (ICD-10-CM).<sup>xi</sup> The ICD-10-CM is the official system of assigning codes to diagnoses and procedures used by all health care settings, including hospitals, physicians, nursing homes (NH), home health agencies and other providers. ICD-10-CM code selection follows the *Official ICD-10-CM Guidelines for Coding and Reporting*,<sup>xii</sup> developed cooperatively by the American Hospital Association (AHA), the American Health Information Management Association (AHIMA), the Centers for Medicare and Medicaid Services (CMS), and the National Center for Health Statistics (NCHS). These guidelines are a companion document to the ICD-10-CM, and while not exhaustive, assist the user in situations where the ICD-10-CM does not provide direction. The ICD-10-CM is updated annually, effective October 1<sup>st</sup>. The ICD-10-CM does not include diagnostic criteria, primarily because its principal function as an international system is to define categories that aid in the collection of basic health statistics.

The Diagnostic and Statistical Manual of Mental Disorders (DSM-5), on the other hand, is the universal authority in the United States for diagnosing psychiatric disorders. Clinicians are encouraged to base their diagnostic decisions on DSM-5 criteria, and reference tables in the DSM-5 for ICD-10-CM insurance billing information. DSM-5 and the ICD are compatible with one another, and the DSM-5 contains a crosswalk to both ICD-9 and ICD-10 codes. The ICD-10-CM was implemented October 1, 2015.

#### a. Non-Covered Diagnoses

A covered diagnosis is required for reimbursement, unless it falls in the Screening, Assessment (with the exception of Treatment Planning), Crisis (with the exception of Psychotherapy for Crisis), or Prevention/Early Intervention category. For these services, a non-covered diagnosis may be reported when these services have been rendered to a Medicaid enrollee for the purpose of evaluating and assessing to determine the presence of and/or diagnose a behavioral health (BH) disorder(s). When no other diagnosis has been determined, R69 or Z03.89 may be used. These codes are specifically intended for use when persons without a diagnosis are suspected of having an abnormal condition, without signs or symptoms, which requires study, but after examination and observation, is found not to exist.<sup>xiii</sup>

<b>Non-Covered Diagnosis Codes for use ONLY with Assessment (excluding Treatment Planning), Crisis (excluding Psychotherapy for Crisis), and Prevention/Early Intervention Services when no other diagnosis has been determined</b>	
<b>Code</b>	<b>Description</b>
R69	Illness, unspecified
Z03.89	Encounter for observation for other suspected diseases and conditions ruled out

## b. Covered Diagnoses

The table below lists the covered diagnoses under the Colorado Community Behavioral Health Services Program. OBH also covers the diagnosis codes listed below. Additionally, in an effort to provide early intervention services to the “non-targeted” children’s population (ages zero to eleven), OBH will allow for behavioral health codes not listed below. “Non-targeted” children are defined as those not meeting the Severe Emotional Disturbance definition as defined through the Colorado Client Assessment Record (CCAR) Manual. OBH is allowing for a broader range of diagnosis codes for “Non-targeted” children in an effort to provide services to children who are at risk of developing a severe diagnosis and/or who are difficult to diagnose as a result of their age.

### i. Mental Health Covered Diagnoses

#### ICD-10-CM Code Ranges

Start Value	End Value
F20.0	F48.1
F48.9	F51.03
F51.09	F51.12
F51.19	F51.9
F60.0	F63.9
F68.10	F69
F90.0	F99
R45.1	R45.2
R45.5	R45.82

#### Codes with Descriptions

ICD-10-CM Code	Description
<b>F20 - F29</b>	<b>Schizophrenia, Schizotypal, Delusional, and Other Non-Mood Psychotic Disorders</b>
	<b>Schizophrenia</b>
F20.0	Paranoid schizophrenia
F20.1	Disorganized schizophrenia
F20.2	Catatonic schizophrenia
F20.3	Undifferentiated schizophrenia
F20.5	Residual schizophrenia
F20.81	Schizophreniform disorder
F20.89	Other schizophrenia
F20.9	Schizophrenia, unspecified
	<b>Schizotypal Disorder</b>
F21	Schizotypal disorder
	<b>Delusional Disorders</b>
F22	Delusional disorders
	<b>Brief psychotic Disorder</b>
F23	Brief psychotic disorder
	<b>Shared psychotic Disorder</b>
F24	Shared psychotic disorder
	<b>Schizoaffective Disorders</b>

ICD-10-CM Code	Description
F25.0	Schizoaffective disorder, bipolar type
F25.1	Schizoaffective disorder, depressive type
F25.8	Other schizoaffective disorders
F25.9	Schizoaffective disorder, unspecified
	<b>Other Psychotic Disorder Not Due to a Substance or Known Physiological Condition</b>
F28	Other psychotic disorder not due to a substance or known physiological condition
	<b>Unspecified Psychosis Not Due to a Substance or Known Physiological Condition</b>
F29	Unspecified psychosis not due to a substance or known physiological condition
<b>F30 - F39</b>	<b>Mood [Affective] Disorders</b>
	<b>Manic Episode</b>
F30.10	Manic episode without psychotic symptoms, unspecified
F30.11	Manic episode without psychotic symptoms, mild
F30.12	Manic episode without psychotic symptoms, moderate
F30.13	Manic episode without psychotic symptoms, severe
F30.2	Manic episode, severe with psychotic symptoms
F30.3	Manic episode in partial remission
F30.4	Manic episode in full remission
F30.8	Other manic episodes
F30.9	Manic episode, unspecified
	<b>Bipolar Disorder</b>
F31.0	Bipolar disorder, current episode hypomanic
F31.10	Bipolar disorder, current episode manic without psychotic features, unspecified
F31.11	Bipolar disorder, current episode manic without psychotic features, mild
F31.12	Bipolar disorder, current episode manic without psychotic features, moderate
F31.13	Bipolar disorder, current episode manic without psychotic features, severe
F31.2	Bipolar disorder, current episode manic severe with psychotic features
F31.30	Bipolar disorder, current episode depressed, mild or moderate severity, unspecified
F31.31	Bipolar disorder, current episode depressed, mild
F31.32	Bipolar disorder, current episode depressed, moderate
F31.4	Bipolar disorder, current episode depressed, severe, without psychotic features
F31.5	Bipolar disorder, current episode depressed, severe, with psychotic features
F31.60	Bipolar disorder, current episode mixed, unspecified
F31.61	Bipolar disorder, current episode mixed, mild
F31.62	Bipolar disorder, current episode mixed, moderate
F31.63	Bipolar disorder, current episode mixed, severe without psychotic features
F31.64	Bipolar disorder, current episode mixed, severe with psychotic features
F31.70	Bipolar disorder, currently in remission, most recent episode unspecified
F31.71	Bipolar disorder, in partial remission, most recent episode hypomanic
F31.72	Bipolar disorder, in full remission, most recent episode hypomanic
F31.73	Bipolar disorder, in partial remission, most recent episode manic
F31.74	Bipolar disorder, in full remission, most recent episode manic
F31.75	Bipolar disorder, in partial remission, most recent episode depressed
F31.76	Bipolar disorder, in full remission, most recent episode depressed
F31.77	Bipolar disorder, in partial remission, most recent episode mixed
F31.78	Bipolar disorder, in full remission, most recent episode mixed
F31.81	Bipolar II disorder
F31.89	Other bipolar disorder
F31.9	Bipolar disorder, unspecified

ICD-10-CM Code	Description
	<b>Major Depressive Disorder, Single Episode</b>
F32.0	Major depressive disorder, single episode, mild
F32.1	Major depressive disorder, single episode, moderate
F32.2	Major depressive disorder, single episode, severe without psychotic features
F32.3	Major depressive disorder, single episode, severe with psychotic features
F32.4	Major depressive disorder, single episode, in partial remission
F32.5	Major depressive disorder, single episode, in full remission
F32.81	Premenstrual dysphoric disorder**
F32.89	Other specified depressive episodes**
F32.9	Major depressive disorder, single episode, unspecified
	<b>Major Depressive Disorder, Recurrent</b>
F33.0	Major depressive disorder, recurrent, mild
F33.1	Major depressive disorder, recurrent, moderate
F33.2	Major depressive disorder, recurrent severe without psychotic features
F33.3	Major depressive disorder, recurrent, severe with psychotic symptoms
F33.40	Major depressive disorder, recurrent, in remission, unspecified
F33.41	Major depressive disorder, recurrent, in partial remission
F33.42	Major depressive disorder, recurrent, in full remission
F33.8	Other recurrent depressive disorders
F33.9	Major depressive disorder, recurrent, unspecified
	<b>Persistent Mood [Affective] Disorders</b>
F34.0	Cyclothymic disorder
F34.1	Dysthymic disorder
F34.81	Disruptive mood dysregulation disorder**
F34.89	Other specified persistent mood disorders**
F34.9	Persistent mood [affective] disorder, unspecified
F34.9	Persistent mood [affective] disorder, unspecified
	<b>Unspecified Mood [Affective] Disorder</b>
F39	Unspecified mood [affective] disorder
<b>F40-F48</b>	<b>Anxiety, Dissociative, Stress-Related, Somatoform and Other Nonpsychotic Mental Disorders</b>
	<b>Phobic Anxiety Disorders</b>
F40.00	Agoraphobia, unspecified
F40.01	Agoraphobia with panic disorder
F40.02	Agoraphobia without panic disorder
F40.10	Social phobia, unspecified
F40.11	Social phobia, generalized
F40.210	Arachnophobia
F40.218	Other animal type phobia
F40.220	Fear of thunderstorms
F40.228	Other natural environment type phobia
F40.230	Fear of blood
F40.231	Fear of injections and transfusions
F40.232	Fear of other medical care
F40.233	Fear of injury
F40.240	Claustrophobia
F40.241	Acrophobia
F40.242	Fear of bridges
F40.243	Fear of flying

ICD-10-CM Code	Description
F40.248	Other situational type phobia
F40.290	Androphobia
F40.291	Gynephobia
F40.298	Other specified phobia
F40.8	Other phobic anxiety disorders
F40.9	Phobic anxiety disorder, unspecified
	<b>Other Anxiety Disorders</b>
F41.0	Panic disorder [episodic paroxysmal anxiety] without agoraphobia
F41.1	Generalized anxiety disorder
F41.3	Other mixed anxiety disorders
F41.8	Other specified anxiety disorders
F41.9	Anxiety disorder, unspecified
	<b>Obsessive-Compulsive Disorder</b>
F42.2	Mixed obsessional thoughts and acts**
F42.3	Hoarding disorder**
F42.8	Other obsessive-compulsive disorder**
F42.9	Obsessive-compulsive disorder, unspecified**
	<b>Reaction to Severe Stress, and Adjustment Disorders</b>
F43.0	Acute stress reaction
F43.10	Post-traumatic stress disorder, unspecified
F43.11	Post-traumatic stress disorder, acute
F43.12	Post-traumatic stress disorder, chronic
F43.20	Adjustment disorder, unspecified
F43.21	Adjustment disorder with depressed mood
F43.22	Adjustment disorder with anxiety
F43.23	Adjustment disorder with mixed anxiety and depressed mood
F43.24	Adjustment disorder with disturbance of conduct
F43.25	Adjustment disorder with mixed disturbance of emotions and conduct
F43.29	Adjustment disorder with other symptoms
F43.8	Other reactions to severe stress
F43.9	Reaction to severe stress, unspecified
	<b>Dissociative and Conversion Disorders</b>
F44.0	Dissociative amnesia
F44.1	Dissociative fugue
F44.2	Dissociative stupor
F44.4	Conversion disorder with motor symptom or deficit
F44.5	Conversion disorder with seizures or convulsions
F44.6	Conversion disorder with sensory symptom or deficit
F44.7	Conversion disorder with mixed symptom presentation
F44.81	Dissociative identity disorder
F44.89	Other dissociative and conversion disorders
F44.9	Dissociative and conversion disorder, unspecified
	<b>Somatoform Disorders</b>
F45.0	Somatization disorder
F45.1	Undifferentiated somatoform disorder
F45.20	Hypochondriacal disorder, unspecified
F45.21	Hypochondriasis
F45.22	Body dysmorphic disorder

ICD-10-CM Code	Description
F45.29	Other hypochondriacal disorders
F45.41	Pain disorder exclusively related to psychological factors
F45.42	Pain disorder with related psychological factors
F45.8	Other somatoform disorders
F45.9	Somatoform disorder, unspecified
	<b>Other Nonpsychotic Mental Disorders</b>
F48.1	Depersonalization-derealization syndrome
F48.9	Nonpsychotic mental disorder, unspecified
<b>F50 - F59</b>	<b>Behavioral Syndromes Associated with Physiological Disturbances and Physical Factors</b>
	<b>Eating Disorders</b>
F50.00	Anorexia nervosa, unspecified
F50.01	Anorexia nervosa, restricting type
F50.02	Anorexia nervosa, binge eating/purging type
F50.2	Bulimia nervosa
F50.81	Binge eating disorder**
F50.89	Other specified eating disorder**
F50.9	Eating disorder, unspecified
	<b>Sleep Disorders Not Due to a Substance or Known Physiological Condition</b>
F51.01	Primary insomnia
F51.02	Adjustment insomnia
F51.03	Paradoxical insomnia
F51.09	Other insomnia not due to a substance or known physiological condition
F51.11	Primary hypersomnia
F51.12	Insufficient sleep syndrome
F51.19	Other hypersomnia not due to a substance or known physiological condition
F51.3	Sleepwalking [somnambulism]
F51.4	Sleep terrors [night terrors]
F51.5	Nightmare disorder
F51.8	Other sleep disorders not due to a substance or known physiological condition
F51.9	Sleep disorder not due to a substance or known physiological condition, unspecified
<b>F60 - F69</b>	<b>Disorders of Adult Personality and Behavior</b>
	<b>Specific Personality Disorders</b>
F60.0	Paranoid personality disorder
F60.1	Schizoid personality disorder
F60.2	Antisocial personality disorder
F60.3	Borderline personality disorder
F60.4	Histrionic personality disorder
F60.5	Obsessive-compulsive personality disorder
F60.6	Avoidant personality disorder
F60.7	Dependent personality disorder
F60.81	Narcissistic personality disorder
F60.89	Other specific personality disorders
F60.9	Personality disorder, unspecified
	<b>Impulse Disorders</b>
F63.0	Pathological gambling
F63.1	Pyromania
F63.2	Kleptomania
F63.3	Trichotillomania

ICD-10-CM Code	Description
F63.81	Intermittent explosive disorder
F63.89	Other impulse disorders
F63.9	Impulse disorder, unspecified
	<b>Other Disorders of Adult Personality and Behavior</b>
F68.10	Factitious disorder, unspecified
F68.11	Factitious disorder with predominantly psychological signs and symptoms
F68.12	Factitious disorder with predominantly physical signs and symptoms
F68.13	Factitious disorder with combined psychological and physical signs and symptoms
F68.8	Other specified disorders of adult personality and behavior
	<b>Unspecified Disorder of Adult Personality and Behavior</b>
F69	Unspecified disorder of adult personality and behavior
<b>F90 - F98</b>	<b>Behavioral and Emotional Disorders with Onset Usually Occurring in Childhood and Adolescence</b>
	<b>Attention-Deficit Hyperactivity Disorders</b>
F90.0	Attention-deficit hyperactivity disorder, predominantly inattentive type
F90.1	Attention-deficit hyperactivity disorder, predominantly hyperactive type
F90.2	Attention-deficit hyperactivity disorder, combined type
F90.8	Attention-deficit hyperactivity disorder, other type
F90.9	Attention-deficit hyperactivity disorder, unspecified type
	<b>Conduct Disorders</b>
F91.0	Conduct disorder confined to family context
F91.1	Conduct disorder, childhood-onset type
F91.2	Conduct disorder, adolescent-onset type
F91.3	Oppositional defiant disorder
F91.8	Other conduct disorders
F91.9	Conduct disorder, unspecified
	<b>Emotional Disorders with Onset Specific to Childhood</b>
F93.0	Separation anxiety disorder of childhood
F93.8	Other childhood emotional disorders
F93.9	Childhood emotional disorder, unspecified
	<b>Disorders of Social Functioning with Onset Specific to Childhood and Adolescence</b>
F94.0	Selective mutism
F94.1	Reactive attachment disorder of childhood
F94.2	Disinhibited attachment disorder of childhood
F94.8	Other childhood disorders of social functioning
F94.9	Childhood disorder of social functioning, unspecified
	<b>Tic Disorders</b>
F95.0	Transient tic disorder
F95.1	Chronic motor or vocal tic disorder
F95.2	Tourette's disorder
F95.8	Other tic disorders
F95.9	Tic disorder, unspecified
	<b>Other Behavioral and Emotional Disorders with Onset Usually Occurring in Childhood and Adolescence</b>
F98.0	Enuresis not due to a substance or known physiological condition
F98.1	Encopresis not due to a substance or known physiological condition
F98.21	Rumination disorder of infancy
F98.29	Other feeding disorders of infancy and early childhood
F98.3	Pica of infancy and childhood

ICD-10-CM Code	Description
F98.4	Stereotyped movement disorders
F98.5	Adult onset fluency disorder
F98.8	Other specified behavioral and emotional disorders with onset usually occurring in childhood and adolescence
F98.9	Unspecified behavioral and emotional disorders with onset usually occurring in childhood and adolescence
<b>F99</b>	<b>Unspecified Mental Disorder</b>
	<b>Mental Disorder, Not Otherwise Specified</b>
F99	Mental disorder, not otherwise specified
<b>R40 - R46</b>	<b>Symptoms and Signs Involving Cognition, Perception, Emotional State and Behavior</b>
	<b>Symptoms and Signs Involving Emotional State</b>
R45.1	Restlessness and agitation
R45.2	Unhappiness
R45.5	Hostility
R45.6	Violent behavior
R45.7	State of emotional shock and stress, unspecified
R45.81	Low self-esteem
R45.82	Worries

\*These diagnosis codes are covered only until September 30, 2016.

\*\*These diagnosis codes are covered only starting October 1, 2016.

F10.282	Alcohol dependence with alcohol-induced sleep disorder
F10.288	Alcohol dependence with other alcohol-induced disorder
F10.29	Alcohol dependence with unspecified alcohol-induced disorder
F10.920	Alcohol use unspecified with intoxication, uncomplicated
F10.921	Alcohol use, unspecified with intoxication delirium
F10.929	Alcohol use, unspecified with intoxication, unspecified
F10.94	Alcohol use, unspecified with alcohol-induced mood disorder
F10.950	Alcohol use, unspecified with alcohol-induced psychotic disorder with delusions
F10.951	Alcohol use, unspecified with alcohol-induced psychotic disorder with hallucinations
F10.959	Alcohol use, unspecified with alcohol-induced psychotic disorder, unspecified
F10.96	Alcohol use, unspecified with alcohol-induced persisting amnestic disorder
F10.980	Alcohol use, unspecified with alcohol-induced anxiety disorder
F10.981	Alcohol use, unspecified with alcohol-induced sexual dysfunction
F10.982	Alcohol use, unspecified with alcohol-induced sleep disorder
F10.988	Alcohol use, unspecified with other alcohol-induced disorder

ICD-10-CM Code	Description
F10.99	Alcohol use, unspecified with unspecified alcohol-induced disorder
	<b>Opioid Related Disorders</b>
F11.10	Opioid abuse, uncomplicated
F11.120	Opioid abuse with intoxication, uncomplicated
F11.121	Opioid abuse with intoxication delirium
F11.122	Opioid abuse with intoxication with perceptual disturbance
F11.129	Opioid abuse with intoxication, unspecified
F11.14	Opioid abuse with opioid-induced mood disorder
F11.150	Opioid abuse with opioid-induced psychotic disorder with delusions
F11.151	Opioid abuse with opioid-induced psychotic disorder with hallucinations
F11.159	Opioid abuse with opioid-induced psychotic disorder, unspecified
F11.181	Opioid abuse with opioid-induced sexual dysfunction
F11.182	Opioid abuse with opioid-induced sleep disorder
F11.188	Opioid abuse with other opioid-induced disorder
F11.19	Opioid abuse with unspecified opioid-induced disorder
F11.20	Opioid dependence, uncomplicated
F11.21	Opioid dependence, in remission
F11.220	Opioid dependence with intoxication, uncomplicated
F11.221	Opioid dependence with intoxication delirium
F11.222	Opioid dependence with intoxication with perceptual disturbance
F11.229	Opioid dependence with intoxication, unspecified
F11.23	Opioid dependence with withdrawal
F11.24	Opioid dependence with opioid-induced mood disorder
F11.250	Opioid dependence with opioid-induced psychotic disorder with delusions
F11.251	Opioid dependence with opioid-induced psychotic disorder with hallucinations
F11.259	Opioid dependence with opioid-induced psychotic disorder, unspecified
F11.281	Opioid dependence with opioid-induced sexual dysfunction
F11.282	Opioid dependence with opioid-induced sleep disorder
F11.288	Opioid dependence with other opioid-induced disorder
F11.29	Opioid dependence with unspecified opioid-induced disorder
F11.90	Opioid use, unspecified, uncomplicated
F11.920	Opioid use, unspecified with intoxication, uncomplicated
F11.921	Opioid use, unspecified with intoxication delirium
F11.922	Opioid use, unspecified with intoxication with perceptual disturbance
F11.929	Opioid use, unspecified with intoxication, unspecified
F11.93	Opioid use, unspecified with withdrawal
F11.94	Opioid use, unspecified with opioid-induced mood disorder
F11.950	Opioid use, unspecified with opioid-induced psychotic disorder with delusions
F11.951	Opioid use, unspecified with opioid-induced psychotic disorder with hallucinations
F11.959	Opioid use, unspecified with opioid-induced psychotic disorder, unspecified
F11.981	Opioid use, unspecified with opioid-induced sexual dysfunction
F11.982	Opioid use, unspecified with opioid-induced sleep disorder
F11.988	Opioid use, unspecified with other opioid-induced disorder
F11.99	Opioid use, unspecified with unspecified opioid-induced disorder
	<b>Cannabis Related Disorders</b>
F12.10	Cannabis abuse, uncomplicated
F12.120	Cannabis abuse with intoxication, uncomplicated
F12.121	Cannabis abuse with intoxication delirium

ICD-10-CM Code	Description
F12.122	Cannabis abuse with intoxication with perceptual disturbance
F12.129	Cannabis abuse with intoxication, unspecified
F12.150	Cannabis abuse with psychotic disorder with delusions
F12.151	Cannabis abuse with psychotic disorder with hallucinations
F12.159	Cannabis abuse with psychotic disorder, unspecified
F12.180	Cannabis abuse with cannabis-induced anxiety disorder
F12.188	Cannabis abuse with other cannabis-induced disorder
F12.19	Cannabis abuse with unspecified cannabis-induced disorder
F12.20	Cannabis dependence, uncomplicated
F12.21	Cannabis dependence, in remission
F12.220	Cannabis dependence with intoxication, uncomplicated
F12.221	Cannabis dependence with intoxication delirium
F12.222	Cannabis dependence with intoxication with perceptual disturbance
F12.229	Cannabis dependence with intoxication, unspecified
F12.250	Cannabis dependence with psychotic disorder with delusions
F12.251	Cannabis dependence with psychotic disorder with hallucinations
F12.259	Cannabis dependence with psychotic disorder, unspecified
F12.280	Cannabis dependence with cannabis-induced anxiety disorder
F12.288	Cannabis dependence with other cannabis-induced disorder
F12.29	Cannabis dependence with unspecified cannabis-induced disorder
F12.90	Cannabis use, unspecified, uncomplicated
F12.920	Cannabis use, unspecified with intoxication, uncomplicated
F12.921	Cannabis use, unspecified with intoxication delirium
F12.922	Cannabis use, unspecified with intoxication with perceptual disturbance
F12.929	Cannabis use, unspecified with intoxication, unspecified
F12.950	Cannabis use, unspecified with psychotic disorder with delusions
F12.951	Cannabis use, unspecified with psychotic disorder with hallucinations
F12.959	Cannabis use, unspecified with psychotic disorder, unspecified
F12.980	Cannabis use, unspecified with anxiety disorder
F12.988	Cannabis use, unspecified with other cannabis-induced disorder
F12.99	Cannabis use, unspecified with unspecified cannabis-induced disorder
	<b>Sedative, Hypnotic or Anxiolytic Related Disorders</b>
F13.10	Sedative, hypnotic or anxiolytic abuse, uncomplicated
F13.120	Sedative, hypnotic or anxiolytic abuse with intoxication, uncomplicated
F13.121	Sedative, hypnotic, or anxiolytic abuse with intoxication delirium
F13.129	Sedative, hypnotic or anxiolytic abuse with intoxication, unspecified
F13.14	Sedative, hypnotic, or anxiolytic abuse with sedative-, hypnotic-, or anxiolytic-induced mood disorder
F13.150	Sedative, hypnotic, or anxiolytic abuse with sedative-, hypnotic-, or anxiolytic-induced psychotic disorder with delusions
F13.151	Sedative, hypnotic, or anxiolytic abuse with sedative-, hypnotic-, or anxiolytic-induced psychotic disorder with hallucinations
F13.159	Sedative, hypnotic, or anxiolytic abuse with sedative-, hypnotic-, or anxiolytic-induced psychotic disorder, unspecified
F13.180	Sedative, hypnotic, or anxiolytic abuse with sedative-, hypnotic-, or anxiolytic-induced anxiety disorder
F13.181	Sedative, hypnotic, or anxiolytic abuse with sedative-, hypnotic-, or anxiolytic-induced sexual dysfunction

ICD-10-CM Code	Description
F13.182	Sedative, hypnotic, or anxiolytic abuse with sedative-, hypnotic-, or anxiolytic-induced sleep disorder
F13.188	Sedative, hypnotic, or anxiolytic abuse with other sedative, hypnotic, or anxiolytic-induced disorder
F13.19	Sedative, hypnotic, or anxiolytic abuse with unspecified sedative, hypnotic, or anxiolytic-induced disorder
F13.20	Sedative, hypnotic or anxiolytic dependence, uncomplicated
F13.21	Sedative, hypnotic or anxiolytic dependence, in remission
F13.220	Sedative, hypnotic or anxiolytic dependence with intoxication, uncomplicated
F13.221	Sedative, hypnotic, or anxiolytic dependence with intoxication delirium
F13.229	Sedative, hypnotic or anxiolytic dependence with intoxication, unspecified
F13.230	Sedative, hypnotic or anxiolytic dependence with withdrawal, uncomplicated
F13.231	Sedative, hypnotic, or anxiolytic dependence with withdrawal delirium
F13.232	Sedative, hypnotic or anxiolytic dependence with withdrawal with perceptual disturbance
F13.239	Sedative, hypnotic or anxiolytic dependence with withdrawal, unspecified
F13.24	Sedative, hypnotic, or anxiolytic dependence with sedative-, hypnotic-, or anxiolytic-induced mood disorder
F13.250	Sedative, hypnotic, or anxiolytic dependence with sedative-, hypnotic-, or anxiolytic-induced psychotic disorder with delusions
F13.251	Sedative, hypnotic, or anxiolytic dependence with sedative-, hypnotic-, or anxiolytic-induced psychotic disorder with hallucinations
F13.259	Sedative, hypnotic, or anxiolytic dependence with sedative-, hypnotic-, or anxiolytic-induced psychotic disorder, unspecified
F13.26	Sedative, hypnotic, or anxiolytic dependence with sedative-, hypnotic-, or anxiolytic-induced persisting amnesic disorder
F13.280	Sedative, hypnotic, or anxiolytic dependence with sedative-, hypnotic-, or anxiolytic-induced anxiety disorder
F13.281	Sedative, hypnotic, or anxiolytic dependence with sedative-, hypnotic-, or anxiolytic-induced sexual dysfunction
F13.282	Sedative, hypnotic, or anxiolytic dependence with sedative-, hypnotic-, or anxiolytic-induced sleep disorder
F13.288	Sedative, hypnotic, or anxiolytic dependence with other sedative-, hypnotic-, or anxiolytic-induced disorder
F13.29	Sedative, hypnotic, or anxiolytic dependence with unspecified sedative, hypnotic, or anxiolytic-induced disorder
F13.90	Sedative, hypnotic or anxiolytic use, unspecified, uncomplicated
F13.920	Sedative, hypnotic or anxiolytic use, unspecified with intoxication, uncomplicated
F13.921	Sedative, hypnotic, or anxiolytic use, unspecified with intoxication delirium
F13.929	Sedative, hypnotic or anxiolytic use, unspecified with intoxication, unspecified
F13.930	Sedative, hypnotic or anxiolytic use, unspecified with withdrawal, uncomplicated
F13.931	Sedative, hypnotic, or anxiolytic use, unspecified with withdrawal delirium
F13.932	Sedative, hypnotic or anxiolytic use, unspecified with withdrawal with perceptual disturbance
F13.939	Sedative, hypnotic or anxiolytic use, unspecified with withdrawal, unspecified
F13.94	Sedative, hypnotic, or anxiolytic use, unspecified with sedative-, hypnotic-, or anxiolytic-induced mood disorder
F13.950	Sedative, hypnotic, or anxiolytic use, unspecified with sedative-, hypnotic-, or anxiolytic-induced psychotic disorder with delusions

ICD-10-CM Code	Description
F13.951	Sedative, hypnotic, or anxiolytic use, unspecified with sedative-, hypnotic-, or anxiolytic-induced psychotic disorder with hallucinations
F13.959	Sedative, hypnotic, or anxiolytic use, unspecified with sedative-, hypnotic-, or anxiolytic-induced psychotic disorder, unspecified
F13.96	Sedative, hypnotic, or anxiolytic use, unspecified with sedative-, hypnotic-, or anxiolytic-induced persisting amnesic disorder
F13.980	Sedative, hypnotic, or anxiolytic use, unspecified with sedative-, hypnotic-, or anxiolytic-induced anxiety disorder
F13.981	Sedative, hypnotic, or anxiolytic use, unspecified with sedative-, hypnotic-, or anxiolytic-induced sexual dysfunction
F13.982	Sedative, hypnotic, or anxiolytic use, unspecified with sedative-, hypnotic-, or anxiolytic-induced sleep disorder
F13.988	Sedative, hypnotic, or anxiolytic use, unspecified with other sedative-, hypnotic-, or anxiolytic-induced disorder
F13.99	Sedative, hypnotic or anxiolytic use, unspecified with unspecified sedative, hypnotic or anxiolytic-induced disorder
	<b>Cocaine Related Disorders</b>
F14.10	Cocaine abuse, uncomplicated
F14.120	Cocaine abuse with intoxication, uncomplicated
F14.121	Cocaine abuse with intoxication with delirium
F14.122	Cocaine abuse with intoxication with perceptual disturbance
F14.129	Cocaine abuse with intoxication, unspecified
F14.14	Cocaine abuse with cocaine-induced mood disorder

<sup>iii</sup> US Department of Health & Human Services (HHS), Centers for Disease Control & Prevention (CDC) and Centers for Medicare & Medicaid Services (CMS) (2015). *International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM)*. Washington, DC: US Government Printing Office (GPO).

## IV Provider Types

Within community behavioral health (BH), a variety of licensed and non-licensed staff renders behavioral health (BH) services to patients and families. This section defines the various types of providers and their scope(s) of practice. A Mental Health Professional (MHP) is defined by the State of Colorado as:

- “A person licensed to practice medicine or psychology in the State of Colorado, or any person on the staff of a facility designated by the Executive Director of the Colorado Department of Human Services (DHS) for 72-hour treatment and evaluation who is authorized by the facility to do mental health hospital placement pre-screenings under the supervision of a person licensed to practice medicine or psychology in the State of Colorado.”<sup>14</sup>
- Specific to services rendered to patients in psychiatric residential treatment facilities (PRTFs) or therapeutic residential child care facilities (RCCFs), a Licensed Mental Health Professional (LMHP) is a Psychologist, Psychiatrist, Clinical Social Worker (CSW), Marriage and Family Therapist (MFT), or Professional counselor (LPC) who is licensed to practice in the State of Colorado, or a Social Worker (SW) licensed by the State of Colorado who is supervised by a Licensed Clinical Social Worker (LCSW).<sup>15</sup>

Scope of practice “means the extent of the authorization to provide health services granted to a health practitioner by a license issued to the practitioner in the State in which the principal part of the practitioner’s services are rendered, including any conditions imposed by the licensing authority.”<sup>16</sup> When considering service provision, documentation, reporting and billing, note that under the Colorado Mental Health Practice Act, “no licensee, [psychological candidate] registrant, certificate holder, or unlicensed psychotherapist is authorized to practice outside of or beyond his/her area of training, experience or competence.”<sup>17</sup> According to the American Medical Association (AMA) Current Procedural Terminology (CPT®), “the qualifications of the non-physician healthcare practitioner must be consistent with guidelines or standards established or recognized by a physician society, a non-physician healthcare professional society/association, or other appropriate source.”<sup>18</sup> Refer to Appendix B for a scope of practice algorithm.

In instances where codes are open to both Medicaid and the Office of Behavioral Health (OBH), staff requirements listed on the code page directly relate to credentials required for Medicaid. The Office of Behavioral Health (OBH) may have different credentialing requirements for staff to provide services under their authority.

**Medicaid services provided in community mental health centers, substance use disorder clinics, or other facilities by practitioners not enrolled in Medicaid must be supervised by and billed under a Medicaid enrolled practitioner who is documented as overseeing the member’s course of treatment.**

In order to comply with Medicaid policy, “Less than Bachelor’s” has been removed from the provider type template. Less than Bachelor’s staff may contribute to the therapeutic milieu of residential programs, however, services are only Medicaid compensable when they are performed by a practitioner defined in this section. Residential programs who continue to incorporate and document the activities of less than bachelor’s level staff, must also show documentation to support services provided by Medicaid allowed practitioners during the same per diem billing period.

### **a. Bachelor’s Degree**

A Bachelor’s Degree provider has a Bachelor’s Degree in social work, counseling, psychology or a related health care field, from an accredited institution. Providers with a Bachelor’s Degree in a non-related field may perform the functions of a Bachelor’s Degree level staff person if they have one year experience in the behavioral health field.

### **b. Certified Addiction Counselor (CAC)**

A Certified Addiction Counselor (CAC) is a person who has a certificate to practice addiction counseling pursuant to the Colorado Mental Health Practice Act. **For the purposes of Medicaid, CACs must practice in a facility licensed by the OBH and under the supervision of a licensed physician or other licensed practitioner with additional addictions treatment credentials. CACs may only perform services for the treatment of a primary SUD diagnosis.** CAC’s are certified in Colorado at three levels in ascending order of responsibility and requirements:

#### ***i. Certified Addiction Counselor (CAC I)***

A CAC I is an entry-level counselor who may co-facilitate individual or group counseling sessions with a CAC II, CAC III, or LAC; make treatment chart notations co-signed by a CAC II, CAC III, or LAC; and document vital signs in licensed treatment programs. CAC I staff can only account for a maximum of one quarter or 25% of the counseling staff for all licensed programs.

#### ***ii. Certified Addiction Counselor (CAC II)***

A CAC II is a primary counselor who may independently conduct individual and group counseling sessions and engage in the complete range of therapeutic duties, with the exception of clinical supervision.

#### ***iii. Certified Addiction Counselor (CAC III)***

A CAC III is a senior counselor who may perform any of the lower-level functions, as well as provide clinical supervision after successful completion of the required clinical supervision training.

### c. **Certified Prevention Specialist**

Certified Prevention Specialist is credentialed by the Colorado Prevention Certification Board, working under strict guidelines set by the International Certification & Reciprocity Consortium (IC&RC). Certified Prevention Specialist must receive the certification and this program is deal for therapists, social workers, counselors, HR staff, educators, youth service providers, law enforcement, military officers, community advocates, faith based leaders, and prevention specialists for nonprofit organizations

### d. **Intern**

An intern must be from the clinical program of study that meets minimum credentials for service provided or code billed. Clinical programs of study are Masters, Doctoral, or Prescriber programs. Prescriber programs for APNs include preceptorships and mentorships. Bachelors-level programs are not clinical programs of study, and students in a bachelors-level program will not be classified as interns under this definition. The intern will perform duties under the direct supervision of appropriate staff, such as a licensed Master’s clinician, licensed psychologist, or licensed MD.

- Psychotherapy
- Patient education
- Consultation
- Supervision<sup>19</sup>

### e. **Licensed Addiction Counselor (LAC)**

A Licensed Addiction Counselor (LAC) is a senior counselor who holds a Master’s degree in a behavioral healthcare discipline and is licensed in addiction counseling by the Colorado Department of Regulatory Agencies (DORA). An LAC is able to operate independently in treating substance use and addiction disorders and provide clinical supervision for CAC I, CAC II, CAC III, and other LACs. In addition, an LAC may supervise other licensed and unlicensed behavioral health professionals in the area of substance use and addiction. The LAC offers a fourth level of credentialing for addiction professionals. For the purposes of Medicaid, LACs may only perform services for the treatment of a primary SUD diagnosis.

### f. **Licensed Clinical Social Worker (LCSW)**

A Licensed Clinical Social Worker (LCSW) is a person with a Master’s or Doctoral degree from an accredited program offering full-time course work approved by the CSWE, who is licensed by the Colorado Board of Social Work Examiners.<sup>20</sup> Clinical social work practice includes “the professional application of social work theory and methods” “for the purpose of prevention, assessment, diagnosis and intervention with individual, family, group, organizational and societal problems, including alcohol and substance abuse and domestic violence, based on the promotion of bio-psychosocial developmental processes, person-in-environment transactions and empowerment of the consumer system.”<sup>21</sup>

**Scope of Practice:** Professional social work practice takes place in public or private agencies or institutional, educational or independent settings and may include, but is not limited to:

- Assessment
- Differential diagnosis
- Treatment planning and evaluation
- Measurement of psychosocial functioning
- Crisis intervention, outreach, short- and long-term treatment
- Therapeutic individual, marital and family interventions
- Patient education
- Case management
- Mediation
- Advocacy
- Discharge, referral and continuity of care planning and implementation
- Consultation
- Supervision
- Research
- Management and administration
- Program evaluation and education
- Social group work
- Community organization and development
- Psychotherapy<sup>22</sup>
- Consultation, supervision and teaching in higher education<sup>23</sup>

### **g. Licensed Marriage and Family Therapist (LMFT)**

A Licensed Marriage and Family Therapist (LMFT) is a person who possesses a Master’s degree or higher from a graduate program with course study accredited by the Commission on Accreditation for Marriage and Family Therapy Education (CAMFTE), and who is licensed by the Colorado Board of Marriage and Family Therapist Examiners.<sup>24</sup>

**Scope of Practice:** The LMFT’s scope of practice involves “the rendering of professional marriage and family therapy services to individuals, couples and families, singly or in groups,” utilizing “established principles that recognize the interrelated nature of individual problems and dysfunctions to assess, understand, diagnose and treat emotional and mental problems, alcohol and substance abuse, and domestic violence, and modify intrapersonal and interpersonal dysfunctions.” Professional marriage and family therapy practice includes, but is not limited to:

- Assessment and testing
- Diagnosis
- Treatment planning and evaluation
- Therapeutic individual, marital, family, group or organizational interventions

### **h. Licensed Professional Counselor (LPC)**

A Licensed Professional Counselor (LPC) is a person who possesses a Master’s degree or higher in professional counseling from an accredited college or university, and who is licensed by the Colorado Board of Licensed Professional Counselor Examiners to practice professional counseling or mental health counseling.<sup>25</sup>

**Scope of Practice:** With regard to professional counseling, the LPC’s scope of practice includes:

Activities that assist the patient in developing an understanding of personal, emotional, social, educational, alcohol and substance abuse, domestic violence and vocational issues, and in planning and effecting actions to increase functioning or gain control of his/her behavior in such areas, including, but not limited to:

- Skill-building in communications, decision-making, and problem-solving
- Clarifying values
- Promoting adaptation to loss and other life changes

- Developing social skills
- Restructuring cognitive patterns
- Defining educational and career goals
- Facilitating adjustment to personal crises and conflict

An LPC has a voluntary relationship between the his/herself and the patient in which the LPC staff assists the patient, group or organization to cope with relationships, conflicts, problem-solving, decision-making and competencies by interpreting, reporting on, or applying counseling theory. The LPC staff is able to render, or offer to render, counseling services that facilitate effective personal, emotional, social, education and vocational development in individuals, couples, groups and organizations, with an emphasis on the natural aspects of human development and with an educational orientation. The LPC staff follows a planned procedure of interventions that take place on a regular basis, over time, or in the cases of assessment and brief professional counseling, as a single intervention.

With regard to clinical mental health counseling the LPC's scope of practice includes:

- Assessment, counseling activities, consultation, and referral.

Treatment, diagnosis, assessment, psychotherapy, or counseling in a professional relationship to assist individuals or groups to alleviate mental and emotional disorders, understand unconscious or conscious motivation, resolve emotional, relationship, or attitudinal conflicts, or modify behaviors that interfere with effective emotional, social, or intellectual functioning.<sup>26</sup>

## **i. Licensed Psychologist**

A Licensed Psychologist is a person with a Doctoral degree (PhD, PsyD, EdD) in clinical or counseling psychology from an accredited program offering psychology courses approved by the American Psychological Association (APA), and who is licensed by the Colorado Board of Psychologist Examiners.<sup>27</sup> Psychologists have met the educational requirements and at least one year of postdoctoral experience practicing psychology under approved supervision and have demonstrated professional competence by passing a single, written examination in psychology as prescribed by the board and a jurisprudence examination administered by the division *prior* to receiving their licensure.

**Scope of Practice:** The Licensed Psychologist's scope of practice entails "the observation, description, evaluation, interpretation, treatment or modification of behavior, cognitions or emotions by the application of psychological, behavioral and physical principles, methods or procedures, for the purpose of preventing or eliminating symptomatic, maladaptive or undesired behavior, cognitions or emotions, and of enhancing interpersonal relationships, work and life adjustment, personal effectiveness, behavioral health and mental health. Psychologists use any and all psychological principles, methods and devices to consider the full range of possible causes of patients' illnesses, and then select and apply the appropriate treatment methods." Psychological services may be rendered to individuals, families, groups, organizations, institutions, the public, and/or the courts. The practice of psychology includes, but is not limited to:

- "Psychological testing and evaluation or assessment of personal characteristics, such as intelligence, personality, abilities, interests and aptitudes"
- "Neuropsychological tests, assessments, diagnoses and treatment of neuropsychological and brain disorders"

- “Psychotherapy, including psychoanalytic, existential, cognitive and behavioral therapies, hypnosis and biofeedback”
- “Clinical and counseling psychology, including the diagnosis and treatment of mental, neurological, psychophysiological and emotional disorder(s) or disability(ies), alcoholism and substance abuse, behavioral abuse (including dangerousness to self or others) and disorders of habit or conduct”
- “Rehabilitation psychology, dealing with the psychological aspects of physical illness, accident, injury or disability and rehabilitation”
- “Health psychology, dealing with the role of psychological factors in health and illness”
- “Forensic psychology, dealing with the relation and application of psychological research and knowledge to legal issues, including but not limited to, assessments of competency in civil or criminal matters, legal questions of sanity, or civil commitment proceedings”
- “Organizational psychology, including assessment and intervention by an employee within his/her organization or by a consultant retained by the organization”
- “Community psychology, emphasizing prevention and early discovery of potential difficulties, rather than awaiting initiation of therapy by affected individual or groups, which is generally practiced outside of an office setting”
- “Psychological evaluation, therapy, remediation, and consultation”
- “Research psychology, applying research methodologies, statistics and experimental design to psychological data”<sup>28</sup>

## **j. Peer Specialist (PS)**

A peer specialist may also be referred to as a peer support specialist, recovery coach, peer and family recovery support specialist, peer mentor, family advocate or family systems navigator. A peer specialist “is a person who uses his or her lived experience of recovery from mental illness and/or addiction, plus skills learned in formal training, to deliver services in behavioral health settings to promote mind-body recovery and resiliency.” A family advocate is a person whose “lived experience” is defined as having a family member who has mental illness or substance use disorder and the knowledge of the behavioral health care system gained through navigation and support of their family member. Peer Specialists perform a wide variety of non-clinical tasks to assist patients “in regaining control over their own lives and recovery process.”<sup>vi</sup> The following is a useful overview of the four major types of recovery support services: (1) peer mentoring or coaching, (2) recovery resource connecting, (3) facilitating and leading recovery groups, and (4) building community.<sup>viii</sup> Peer specialists assist patients in navigating treatment systems for mental health and substance use disorders. Peer Specialists “promote self-determination, personal responsibility and the empowerment inherent in self-directed recovery.”

Colorado does not require a peer specialist to be certified or licensed by the Colorado Department of Regulatory Agencies but to have formal training in specific content areas as outlined in “Combined Core Competencies for Colorado’s Peer Specialists / Recovery Coaches and Family Advocates / Family Systems Navigators - Updated and Approved by Behavioral Health Transformation Council 01-25-2013) (Attachment - Appendix E,)

## **k. Physician Assistant (PA)**

A Physician Assistant (PA) is a person who has successfully completed an education program for PAs and the national certifying examination for PAs, and is licensed by the Colorado Board of Medical Examiners.<sup>29</sup>

**Scope of Practice:** The PA renders delegated medical functions under the direction and supervision of a Physician licensed and practicing in the State of Colorado.<sup>30</sup>

## **I. Professional Nurses**

### ***i. Medical Assistant (documented via education, training, experience)***

Colorado does not currently have licensure for a Medical Assistant, although a Certification can be obtained through an accredited school. The U.S. Bureau of Labor identifies a medical assistant as an individual who completes administrative and clinical tasks in the offices of physicians, hospitals, and other healthcare facilities. Tasks may include the following:

- Perform nursing procedures under supervision of physician or physician assistant
- Assist physician in exam rooms
- Escort patients to exam rooms, interviews patients, measure vital signs, including weight, blood pressure, pulse, temperature, and document all information in patient's chart
- Give instructions to patients as instructed by physician  
Ensure all related reports, labs and information is filed is available in patients' medical records prior to their appointment
- Keep exam rooms stocked with adequate medical supplies, maintain instruments, prepare sterilization as required
- Take telephone messages and provide feedback and answers to patient/physician/pharmacy calls

Their duties vary with the location, specialty, and size of the practice. Under § 12-36-106(3)(I), C.R.S. delegation of routine, technical services that do not require the specialized skills of a physician may occur through delegation. Delegated services under § 12-36-106(3)(I), C.R.S. cannot include the prescribing of drugs. The prescribing of drugs does not include the ordering a prescription refill by a delegate pursuant to a written protocol-driven refill procedure developed by one or more supervising physician(s).

Delegated services must be the type that a reasonable and prudent physician would find within the scope of sound medical judgment to delegate; therefore, delegated services should be routine, technical services not requiring the special skills of a licensed physician.

It is the responsibility of the physician to ensure that the delegate has the necessary education, training or experience to perform the delegated services. The delegate's qualifications shall be documented in writing and may include, but not be limited to, copies of diplomas, certificates or professional degrees from bona fide training program(s) appropriate to the specific services delegated and/or documentation of direct observation of the repeated and successful performance of the delegated services and/or appropriate credentialing by a bona fide agency or institution. Generally, personal and responsible direction and supervision requires that a delegating physician should be on the premises and readily available.

## **ii. Licensed Practical Nurse (LPN)/Licensed Vocational Nurse (LVN)**

A Licensed Practical Nurse (LPN) or Licensed Vocational Nurse (LVN) is a person who has graduated from an approved program of practical nursing, and holds a license as a Practical Nurse from the Colorado Board of Nursing.<sup>31</sup>

**Scope of Practice:** The LPN/LVN's scope of practice is the performance, under the supervision of a Physician or Professional Nurse licensed by the State, "of those services requiring the education, training and experience, as evidenced by the knowledge, abilities and skills" required for licensure, "in caring for the ill, injured or infirm, in teaching and promoting preventive health measures, in acting to safeguard life and health, or in administering treatments and medications" prescribed by a legally authorized Physician or Physician Assistant (PA) implementing a medical plan of care.<sup>32</sup>

## **iii. Registered Nurse/Registered Professional Nurse (RN)**

A Registered Nurse (RN) or Registered Professional Nurse (RPN) is a person who has graduated from an approved program of professional nursing, and is licensed as a Professional Nurse by the Colorado Board of Nursing.<sup>33</sup>

**Scope of Practice:** The RN's scope of practice entails "the performance of both independent nursing functions and delegated medical functions in accordance with accepted practice standards."<sup>34</sup>

- Functions include:
  - "Initiation and performance of nursing care through health promotion"
  - "Supportive or restorative care"
  - "Disease prevention"
  - "Diagnosis and treatment of disease, ailment, pain, injury, deformity and physical or mental condition using specialized knowledge, judgment and skill involving the application of biological, physical, social and behavioral science principles"<sup>35</sup>
- Services include:
  - "Evaluating health status through collection and assessment of health data"
  - "Health teaching and health counseling"
  - "Providing therapy and treatment that is supportive and restorative to life and well-being, either directly to the patient or indirectly through consultation with, delegation to, supervision of, or teaching of others"
  - "Executing delegated medical functions"
  - "Referring to medical or community agencies those patients who need further evaluation and/or treatment"
  - "Reviewing and monitoring therapy and treatment plans"<sup>36</sup>

## **iv. Advanced Practice Nurse (APN)**

An Advanced Practice Registered Nurse (APN) is a Professional Nurse licensed by the Colorado Board of Nursing, "who obtains specialized education and/or training," and who been recognized and included on the Advanced Practice Registry (APR) by the Colorado Board of Nursing. APN roles recognized by the Colorado Board of Nursing include:

- Nurse Practitioner (NP)
- Certified Nurse Midwife (CNM)
- Certified Registered Nurse Anesthetist (CRNA)
- Clinical Nurse Specialist (CNS)<sup>37, 38</sup>

**Scope of Practice:** The APN's scope of practice "is founded on the specialized education or training acquired by the Professional Nurse in preparation for advanced practice." "It is within the independent scope of advanced practice nursing to order diagnostic testing, treatment and other nursing services."<sup>39, 40</sup>

#### **v. Advanced Practice Nurse with Prescriptive Authority (RxN)**

An Advanced Practice Nurse with Prescriptive Authority (RxN) is a Professional Nurse licensed by the Colorado Board of Nursing, who has been granted recognition on the Advanced Practice Registry (APR) in at least one (1) role and specialty, and who has been granted Prescriptive Authority by the Colorado Board of Nursing.<sup>41</sup>

**Scope of Practice:** The RxN's scope of practice is determined by the Colorado Board of Nursing, and "is limited to prescribing only those prescription medications and controlled substances that are appropriate for treating patients within the RxN's area of practice." The RxN works under "a written collaborative agreement with a Physician licensed by the State whose medical education, training, experience and active practice correspond with that of the RxN." The RxN may accept, possess, administer and dispense medication, including samples, "for routine health maintenance, routine preventive care, an acute self-limiting condition, the care of a chronic condition that has stabilized, or terminal comfort care," within the limits of his/her prescriptive authority.<sup>42, 43</sup>

#### **m. Psychiatrist**

A Psychiatrist is a Doctor of Medicine (MD) or Doctor of Osteopathy (DO) who is licensed by the Colorado Board of Medical Examiners and renders services within the scope of practice of medicine as defined by State law.<sup>44</sup>

**Scope of Practice:** The Psychiatrist's scope of practice includes "diagnosing, treating, prescribing for, palliating or preventing any disease, ailment, pain, injury, deformity, or physical or mental condition, by the use of medications, surgery, manipulation, electricity, telemedicine, interpretation of tests, images or photographs, or any physical, mechanical or other means."<sup>45</sup>

#### **n. Qualified Medication Administration Person (QMAP)**

A Qualified Medication Administration Person (QMAP) is a person who has successfully completed a State-approved medication administration training course. A QMAP is employed by a licensed facility on a contractual, full- or part-time basis to provide direct care services, including medication administration to residents upon written order of a licensed physician or other licensed authorized practitioner. A QMAP may also be a person employed by a home health agency who functions as permanent direct care staff to licensed facilities, who is trained in medication administration, and who administers medication only to the residents of the licensed facility.<sup>46</sup>

**Scope of Practice:** Successful completion of a State-approved medication administration course qualifies a QMAP to administer medications in settings authorized by law. Such settings include:

- Correctional facilities under the supervision of the Executive Director of the Department of Corrections (DOC), including but not limited to:
  - Minimum security facilities
  - Jails
  - Community correctional facilities and programs
  - Regimented inmate discipline and treatment program
  - Denver Regional Diagnostic Center (DRDC)
- Institutions for juveniles
- Assisted living residences
- Adult foster care facilities
- Alternative care facilities
- Residential childcare facilities
- Secure residential treatment centers
- Residential facilities providing treatment for persons with mental illnesses, except for facilities that are publicly or privately licensed hospitals
- Services for persons with developmental disabilities (DD) funded and regulated by the Department of Human Services (DHS)
- State certified adult day programs<sup>47</sup>

Successful completion of a State-approved medication course does not lead to certification or licensure,” nor does it “allow the person to make any type of judgment, assessment or evaluation of a patient.” QMAPs may not “administer medication by injection or tube,” or “draw insulin or other medication into syringes.”<sup>48</sup> A QMAP may administer medications by the following routes of administration:

- |              |                             |
|--------------|-----------------------------|
| ● Oral       | ● Rectal                    |
| ● Sublingual | ● Vaginal                   |
| ● Topical    | ● Inhalant                  |
| ● Eye        | ● Transdermal <sup>49</sup> |
| ● Ear        |                             |

## **o. Treatment Facility**

Treatment facilities are licensed by the Colorado Department of Human Services (CDHS), Office of Behavioral Health (OBH) based on Substance Use Disorder Treatment Rules (2015). These treatment rules govern the provision of treatment to persons with substance-related disorders.

## **p. Unlicensed Doctorate (PhD, PsyD, EdD)**

A provider in this category possess a Ph.D., Psy.D. or Ed.D degree, all of which are doctoral level credentials, but may not call themselves a Psychologist (Article 43, Mental Health Practice Act, 12-43-306(3)). Providers in this category have received extensive training in research and/or in clinical psychology but have not attained licensure by the Colorado Board of Psychologist Examiners.

## **q. Unlicensed Master's Degree**

An unlicensed Master's Degree provider has a Master's degree in a mental health field (including, but not restricted to, counseling, family therapy, social work, psychology, etc.) from an accredited college or university. This provider must be supervised in the provision of services by a Licensed Provider. *\*\*LSW and Registered Psychotherapist (previously known as Unlicensed Psychotherapist) falls in the Unlicensed Master's level category\*\**

### **Registered Psychotherapist**

Any person not otherwise licensed, registered, or certified pursuant to this article who is practicing psychotherapy in this state shall register with the board. An unlicensed person whose primary practice is psychotherapy or who holds himself or herself out to the public as able to practice psychotherapy for compensation shall not practice psychotherapy unless the person is registered with the board and included in the database required by this section. Notwithstanding the requirements of this section, a registered psychotherapist shall not use the term "licensed", "certified", "clinical", "state-approved", or any other term or abbreviation that would falsely give the impression that the psychotherapist or the service that is being provided is recommended by the state, based solely on inclusion in the database. However, Unlicensed Psychotherapists who are employees of community mental health centers (CMHCs) are not required to be registered in the State database.

## **V. Place of Service (POS)**

Place of service (POS) codes are two-digit codes used on health care professional claims to specify where a service was rendered. The Centers for Medicare & Medicaid Services (CMS) maintain the POS codes used throughout the health care industry. This code set is required for use in the implementation guide adopted as the national standard for electronic transmission of professional health care claims under the Health Insurance Portability and Accountability Act of 1996 (HIPAA).<sup>50</sup> POS information is often needed to determine the acceptability of direct billing of Medicare, Medicaid and private insurance services rendered by a given provider. The POS codes most commonly used in behavioral health are listed in the table below.<sup>51</sup>

Place of Service (POS) Codes		
Code	Name	Description
01	Pharmacy	A facility or location where drugs and other medically related items and services are sold, dispensed, or otherwise provided directly to patients.
02	Unassigned	Not Applicable (N/A)
03	School	A facility whose primary purpose is education.
04	Homeless Shelter	A facility or location whose primary purpose is to provide temporary housing to homeless individuals (e.g., emergency shelters, individual or family shelters).
05	Indian Health Service Free-Standing Facility	A facility or location, owned and operated by the Indian Health Service (IHS), which provides diagnostic, therapeutic (surgical and non-surgical), and rehabilitation services to American Indians and Alaska Natives who do not require hospitalization.
06	Indian Health Service Provider-Based Facility	A facility or location, owned and operated by the IHS, which provides diagnostic, therapeutic (surgical and non-surgical), and rehabilitation services rendered by, or under the supervision of, physicians to American Indians and Alaska Natives admitted as inpatients or outpatients.
07	Tribal 638 Free-Standing Facility	A facility or location, owned and operated by a federally recognized American Indian or Alaska Native tribe or tribal organization under a 638 agreement, which provides diagnostic, therapeutic (surgical and non-surgical), and rehabilitation services to tribal members who do not require hospitalization.
08	Tribal 638 Provider-Based Facility	A facility or location, owned and operated by a federally recognized American Indian or Alaska Native tribe or tribal organization under a 638 agreement, which provides diagnostic, therapeutic (surgical and non-surgical), and rehabilitation services to tribal members admitted as inpatients or outpatients.
09	Prison/Correctional Facility	A prison, jail, reformatory, work farm, detention center, or any other similar facility maintained by either federal, State or local authorities for the purpose of confinement or rehabilitation of adult or juvenile criminal offenders. <i>Medicaid will not reimburse for services provided to a person living in a public institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control (42 CFR 435.1010). Public institutions include correctional institutions.</i> <i>Additional information on <a href="#">Medicaid and Criminal Justice Involved Populations</a> can be located on the Department's website.</i>
10	Unassigned	N/A
11	Office	Location, other than a hospital, skilled nursing facility (SNF), military treatment facility, community health center, State or local public health clinic, or intermediate care facility (ICF), where the health professional routinely provides health examinations, diagnosis, and treatment of illness or injury on an ambulatory basis.
12	Home	Location, other than a hospital or other facility, where the patient receives care in a private residence.
13	Assisted Living Facility	Congregate residential facility with self-contained living units providing assessment of each resident's needs and on-site support 24-hours a day, 7 days a week, with the capacity to deliver or arrange for services, including some health care and other services.
14	Group Home	A residence, with shared living areas, where patients receive supervision and other services, such as social and/or behavioral services, custodial service, and minimal services (e.g., medication administration).
15	Mobile Unit	A facility/unit that moves from place-to-place equipped to provide preventive, screening, diagnostic, and/or treatment services.
17-19	Unassigned	N/A
20	Urgent Care Facility	A location, distinct from a hospital emergency room, an office or a clinic, whose purpose is to diagnose and treat illness or injury for unscheduled, ambulatory patients seeking immediate medical attention.
21	Inpatient Hospital	A facility, other than psychiatric, which primarily provides diagnostic, therapeutic (both surgical and non-surgical), and rehabilitation services by, or under the supervision of physicians to patients admitted for a variety of medical conditions.
22	Outpatient Hospital	A portion of a hospital which provides diagnostic, therapeutic (both surgical and non-surgical), and rehabilitation services to sick or injured persons who do not require hospitalization or institutionalization.

Place of Service (POS) Codes		
Code	Name	Description
23	Emergency Room - Hospital	A portion of a hospital where emergency diagnosis and treatment of illness or injury is provided.
24	Ambulatory Surgical Center	A free-standing facility, other than a physician's office, where surgical and diagnostic services are provided on an ambulatory basis.
25	Birthing Center	A facility, other than a hospital's maternity facilities or a physician's office, which provides a setting for labor, delivery, and immediate post-partum care, as well as immediate care of newborn infants.
26	Military Treatment Facility (MTF)	A medical facility operated by one or more of the Uniformed Services. MTF also refers to certain former US Public Health Service (USPHS) facilities now designated as Uniformed Service Treatment Facilities (USTF).
27-30	Unassigned	N/A
31	Skilled Nursing Facility (SNF)	A facility which primarily provides inpatient skilled nursing care and related services to patients who require medical, nursing or rehabilitative services, but does not provide the level of care or treatment available in a hospital.
32	Nursing Facility	A facility which primarily provides to residents skilled nursing care and related services for the rehabilitation of injured, disabled or sick persons, or on a regular basis health-related care services above the level of custodial care to other than individuals with mental retardation (MR).
33	Custodial Care Facility	A facility which provides room, board and other personal assistance services, generally on a long-term basis, and which does not include a medical component.
34	Hospice <sup>52</sup>	A facility, other than a patient's home, in which palliative and supportive care for terminally ill patients and their families are provided.
35-40	Unassigned	N/A
41	Ambulance – Land	A land vehicle specifically designed, equipped and staffed for lifesaving and transporting the sick or injured.
42	Ambulance – Air or Water	An air or water vehicle specifically designed, equipped and staffed for lifesaving and transporting the sick or injured.
43-48	Unassigned	N/A
49	Independent Clinic	A location, not part of a hospital and not described by any other POS code, that is organized and operated to provide preventive, diagnostic, therapeutic, rehabilitative, or palliative services to outpatients only.
50	Federally Qualified Health Center (FQHC)	A facility located in a medically underserved area that provides Medicare beneficiaries preventive primary medical care under the general direction of a physician.
51	Inpatient Psychiatric Facility	A facility that provides inpatient psychiatric services for the diagnosis and treatment of mental illness on a 24-hour basis, by or under the supervision of a physician.
52	Psychiatric Facility – Partial Hospitalization	A facility for the diagnosis and treatment of mental illness that provides a planned therapeutic program for patients who do not require full-time hospitalization, but who need broader programs than are possible from outpatient visits to a hospital-based or hospital-affiliated facility.
53	Community Mental Health Center (CMHC) <sup>53</sup>	A facility that provides the following services: outpatient services, including specialized outpatient services for children, the elderly, individuals who are chronically ill, and residents of the CMHC's mental health services area who have been discharged from inpatient treatment at a mental health facility; 24-hours a day emergency care services; day treatment, other partial hospitalization services, or psychosocial rehabilitation services; screening for patients being considered for admission to State mental health facilities to determine the appropriateness of such admission; and consultation and education services.
54	Intermediate Care Facility – Mentally Retarded (ICF-MR) <sup>54</sup>	A facility which primarily provides health-related care and services above the level of custodial care to individuals with MR, but does not provide the level of care or treatment available in a hospital or SNF.
55	Residential Substance Abuse Treatment Facility	A facility which provides treatment for substance (alcohol and drug) abuse to live-in residents who do not require acute medical care. Services include individual and group therapy and counseling, family counseling, laboratory tests, medications and supplies, psychological testing, and room and board.
56	Psychiatric Residential Treatment Center	A facility or distinct part of a facility for psychiatric care which provides a total 24-hour therapeutically planned and professionally staffed group living and learning environment.

Place of Service (POS) Codes		
Code	Name	Description
57	Non-Residential Substance Abuse Treatment Center	A location which provides treatment for substance (alcohol and drug) abuse on an ambulatory basis. Services include individual and group therapy and counseling, family counseling, laboratory tests, medications and supplies, and psychological testing.
58-59	Unassigned	N/A
60	Mass Immunization Center	A location where providers administer pneumococcal pneumonia influenza virus vaccinations and submit these services as electronic media claims, paper claims, or using the roster billing method. This generally takes place in a mass immunization setting, such as a public health center, pharmacy or mall, but may include a physician office setting.
61	Comprehensive Inpatient Rehabilitation Facility	A facility that provides comprehensive rehabilitation services under the supervision of a physician to inpatients with physical disabilities. Services include physical therapy, occupational therapy, speech pathology, social or psychological services, and orthotics and prosthetics services.
62	Comprehensive Outpatient Rehabilitation Facility	A facility that provides comprehensive rehabilitation services under the supervision of a physician to outpatients with physical disabilities. Services include physical therapy, occupational therapy, and speech pathology services.
63-64	Unassigned	N/A
65	End-Stage Renal Disease Treatment Facility	A facility, other than a hospital, which provides dialysis treatment, maintenance, and/or training to patients or caregivers on an ambulatory or home-care basis.
66-70	Unassigned	N/A
71	Public Health Clinic	A facility maintained by either State or local health departments that provides ambulatory primary medical care under the general direction of a physician.
72	Rural Health Clinic	A certified facility which is located in a rural medically under-served area that provides ambulatory primary medical care under the general direction of a physician.
73-80	Unassigned	N/A
81	Independent Laboratory	A laboratory certified to perform diagnostic and/or clinical tests independent of an institution or a physician's office.
82-98	Unassigned	N/A
99	Other Place of Service	Other place of service (POS) not identified above.

## VI. Procedure Code Modifiers

Procedure code modifiers, when used correctly, allow providers to more accurately document and report the services rendered. The two-digit modifiers are appended to the Current Procedural Terminology (CPT®) or Healthcare Common Procedure Coding System (HCPCS) procedure codes to indicate that a rendered service or procedure has been altered in its delivery by some specific circumstance, but has not changed in its definition or procedure code.<sup>55</sup> Modifiers are used when the information provided by a CPT® or HCPCS procedure code descriptor needs to be supplemented to identify specific circumstances, or to provide additional information, that may apply to a service or item, including but not limited to:

- Service/procedure was increased/ reduced
- Mandated service/procedure
- Credentials/training of the provider
- Unusual event(s) occurred

Modifiers may be classified as payment modifiers (e.g., increased procedural services, mandated services, reduced services, repeat procedure or service, etc.), which may affect reimbursement, and informational modifiers (e.g., Clinical Psychologist, Master's degree level, Intern, etc.), which do not affect reimbursement. Up to four (4) modifiers may be used for each procedure code; however, in the behavioral health organization (BHO) encounter data reporting to the Department of

Health Care Policy and Financing (HCPF), the first modifier is reserved for the Colorado Community Mental Health Services Program category identifier. CPT® and HCPCS modifiers may be appended to either CPT® or HCPCS procedure codes. As a rule, when there are payment modifiers and information modifiers, the payment modifiers are sequenced first, in order of importance. All payment modifiers are listed before any and all information modifiers.<sup>56</sup>

**BHOs and providers are encouraged, but not required, to use procedure code modifiers, with the following exceptions:**

- ☒ To identify the level of care (LOC) for residential procedure codes, use modifier TF (Intermediate Level of Care) or TG (Complex/High-Tech LOC).
- ☒ To identify telemedicine (telehealth) services, use modifier GT (via Interactive Audio & Video Telecommunication Systems).
- ☒ When certain services such as 90853 are rendered more than once per day and billed on separate lines, use modifier 76 (Repeat procedure or service by same physician or other qualified health care professional on the same date), or modifier 77 (Repeat procedure or service by another physician or other qualified health care professional on the same date) to indicate this is a repeat procedure and not a duplicate.

### a. CPT® Modifiers

CPT® modifiers are two-digit numeric codes listed after a procedure code and separated from the procedure code by a hyphen (e.g., 90832-76). Not all of the 31 total CPT® modifiers are applicable to behavioral health (BH) services, so only the modifiers that are potentially useful to providers are included in the table below. The appropriate CPT® modifier(s) for each procedure code are identified, as applicable.

Common Behavioral Health CPT® Modifiers		
Modifier	Description	Definition <sup>57</sup>
76	Repeat Services	Repeat procedure or service by same physician or other qualified health care professional on the same date. The modifier should be placed in modifier places 2-4.
77	Repeat Services	Repeat procedure or service by another physician or other qualified health care professional on the same date. The modifier should be placed in modifier places 2-4.

### b. HCPCS Level II Modifiers

HCPCS Level II modifiers are two-digit alpha or alphanumeric codes listed after a procedure code and separated from the procedure code by a hyphen (e.g., 90832-AH). For example, a TF (Intermediate Level of Care) modifier is used when a service requires an intermediate level of care (LOC), which is not adequately described by the procedure code; a TG (Complex/High-Tech LOC) modifier is used to indicate the service requires a complex LOC, which is not adequately described by the procedure code. Thus, behavioral health, short-term residential (non-hospital residential treatment program), without room and board, per diem (H0018) rendered at an intermediate LOC is documented and reported as H0018-TF. However, the same service or procedure rendered at a complex LOC – for example, a short-term residential facility identified as a hospital alternative or step-down facility, which is not licensed as an acute treatment unit (ATU), but has 24-hour MHP staffing – is documented and reported as H0018-TG. Not all of the 394 total HCPCS Level II modifiers are applicable to

behavioral health (BH) services, so only the modifiers that are potentially useful to providers are included in the table below. The appropriate HCPCS modifier(s) for each procedure code are identified, as applicable.

<b>Common Behavioral Health HCPCS Level II Modifiers</b>		
<b>Modifier</b>	<b>Description</b>	<b>Definition</b>
<b>Specialized Programs</b>		
EP	Service Provided as Part of Medicaid Early Periodic Screening Diagnosis & Treatment (EPSDT) Program	Designates a service/procedure rendered as part of an EPSDT program.
HA	Child/Adolescent (C/A) Program	Designates a service/procedure associated with a program specifically designed for children and/or adolescents; specific age boundaries are not identified to allow for variation among the states.
HB	Adult Program, <i>Non-Geriatric</i>	Designates a service/procedure designed for non-geriatric adults; specific age boundaries are not identified to allow for variation among the states.
HC	Adult Program, <i>Geriatric</i>	Designates a service/procedure designed for older (geriatric) adults; specific age boundaries are not identified to allow for variation among the states.
HD	Pregnant/Parenting Women's Program	Designates a service/procedure associated with a program specifically designed for pregnant women/women with dependent children as a unit in a comprehensive treatment setting.
HE	Mental Health (MH) Program	Designates a service/procedure associated with a program specifically designed to provide MH treatment services.
HF	Substance Abuse (SA) Program	Designates a service/procedure associated with a program specifically designed to provide SA treatment services.
HH	Integrated Mental Health/Substance Abuse (MH/SA) Program	Designates a service/procedure associated with a program specifically designed to provide integrated MH/SA treatment services.
HI	Integrated Mental Health & Mental Retardation/ Developmental Disabilities (MH/MR/DD) Program	Designates a service/procedure associated with a program specifically designed to provide integrated MH/MR/DD treatment services.
HK	Specialized Mental Health (MH) Programs for High-Risk Populations	Designates a service/procedure associated with a program specifically designed to address the MH needs of a high-risk population.
<b>Education Level of Treatment Staff</b>		
AF	Specialty Physician	Designates the person rendering a service/procedure is a physician with a specialty (e.g., psychiatry).
AH	Clinical Psychologist (CP)	Designates the person rendering a service/procedure is a Licensed Clinical Psychologist.
AJ	Clinical Social Worker (LCSW)	Designates the person rendering a service/procedure a Licensed Clinical Social Worker (LCSW).
HM	Less Than Bachelor's Degree Level	Indicates the rendering provider's educational attainment is less than a bachelor's degree.
HN	Bachelor's Degree Level	Indicates the rendering provider's highest educational attainment is a bachelor's degree.
HO	Master's Degree Level	Indicates the rendering provider's highest educational attainment is a master's degree.
HP	Doctoral Level	Indicates the rendering provider's highest educational attainment is a doctoral degree.
PA	Physician Assistant (PA)	Designates the person rendering a service/procedure is a Physician Assistant (PA).
SA	Nurse Practitioner (APN/RxN) Rendering Service in Collaboration with a Physician (MD/DO)	Designates the person rendering a service/procedure is a Nurse Practitioner (APN/RxN) collaborating with a physician (MD/DO).
TD	Registered Nurse (RN)	Designates the person rendering a service/procedure is a Registered Nurse (RN).
TE	Licensed Practical Nurse/Licensed Vocational Nurse (LPN/LVN)	Designates the person rendering a service/procedure is a Licensed Practical Nurse/Licensed Vocational Nurse (LPN/LVN).
<b>Treatment Context</b>		
HQ	Group Setting	Designates a service/procedure rendered to more than one (1) patient during a single treatment encounter/session, such that the patients have no particular relationship during a single treatment encounter.
HR	Family/Couple <i>with Patient Present</i>	Designates a service/procedure rendered to more than one (1) patient during a single treatment encounter/session, such that the persons served share a familial/significant other relationship.

Common Behavioral Health HCPCS Level II Modifiers		
Modifier	Description	Definition
<b>Treatment Context Cont...</b>		
HS	Family/Couple <b>without Patient Present</b>	Designates a service/procedure rendered to more than one (1) patient during a single treatment encounter/session, such that the persons served share a familial/significant other relationship.
UK	Services Provided on Behalf of the Patient to Someone Other Than the Patient (Collateral Relationship)	Designates a service/procedure rendered to collateral of a patient (i.e., spouse, child, parent/other person) who is adversely affected by the patient's behavioral health (BH) problem(s).
<b>Court-Ordered Treatment</b>		
H9	Court-Ordered	Indicates a court, probation/parole officer ordered a service/ procedure.
<b>Multi-Disciplinary</b>		
AM	Physician, Team Member Service	Designates the person rendering a service/procedure is a medical doctor (MD/DO) acting as part of a team service.
HT	Multi-Disciplinary Team	Designates a service/procedure rendered by multiple providers of different disciplines.
<b>Service Funding/Financing Arrangement</b>		
HU	Funded by Child Welfare Agency	Indicates a service/procedure funded by money appropriated by a child welfare agency.
HX	Funded by County/Local Agency	Indicates a service/procedure funded by money appropriated by a county/local agency.
M2	Medicare Secondary Payer (MSP)	Indicates Medicare is the secondary payer for a service/procedure.
SE	State &/or Federally-Funded Programs/Services	Indicates a service/procedure, or an associated program, funded by money appropriated by a State and/or federal agency.
<b>Level of Care</b>		
TF	Intermediate Level of Care (LOC)	Indicates a service/procedure requiring an intermediate LOC.
TG	Complex/High-Tech Level of Care (LOC)	Indicates a service/procedure requiring a complex/high-tech LOC.
<b>Other Modifiers</b>		
CR	Catastrophe/Disaster-Related	Indicates a service/procedure rendered to a victim of a catastrophe/disaster (e.g., Hurricane Katrina).
ET	Emergency Services	Indicates a rendered emergency service/procedure. Services provided through Colorado Crisis Services should include the ET modifier in fields 2 through 4. <b>For Medicaid, providers should refer to their BHO contracts to determine which crisis codes they can provide.</b>
GQ	Via Asynchronous Telecommunications System	Indicates the distant site physician (MD/DO)/Mental Health Professional (MHP) certifies that the asynchronous medical file was collected and transmitted to him/her at his/her distant site from an eligible originating site when the <i>telemedicine (telehealth)</i> service/procedure was rendered.
GT	Via Interactive Audio & Video Telecommunication Systems	Indicates real-time communication between the distant-site physician (MD/DO)/Mental Health Professional (MHP) has taken place with the patient present and participating in the <i>telemedicine (telehealth)</i> service/procedure.

### c. Colorado Community Behavioral Health Program/Service Modifiers

The Colorado Department of Health Care Policy and Financing (HCPF) has defined modifiers for the Medicaid State Plan and Mental Health Program 1915(b)(3) Waiver program service categories (Refer to Section II.a.). These modifiers are listed below.

Colorado Community Behavioral Health Program/ Service Modifiers		
Identifier	Category	Description
HE	State Plan (SP) Services	State Plan (SP) behavioral health (BH) services include inpatient psychiatric hospital services, outpatient services such as psychiatrist, psychosocial rehabilitation, case management (CM), medication management, and emergency services.
HF	Substance Abuse (SA) Program	Substance Abuse services, as determined by the provider. This modifier should be in the <b>second modifier field</b> .
TG	Other State Plan (SP) Services	Other State Plan (SP) services not identified by HE above.

Colorado Community Behavioral Health Program/ Service Modifiers		
Identifier	Category	Description
HK**	Residential Services	Twenty-four (24) hour care, excluding room and board, provided in a non-hospital, non-nursing home setting, appropriate for adults whose mental health issues and symptoms are severe enough to require a 24-hour structured program but do not require hospitalization. Services are provided in the setting where the patient is living, in real-time, with immediate interventions available as needed. Clinical interventions are assessment and monitoring of mental and physical health status; assessment and monitoring of safety; assessment of/support for motivation for treatment; assessment of ability to provide for daily living needs; observation and assessment of group interactions; individual, group and family therapy; medication management; and behavioral interventions **
U4**	Intensive Case Management (ICM)	Community-based services averaging more than one hour per week, provided to adults with serious behavioral health disorders who are at risk of a more intensive 24 hour placement and who need extra support to live in the community. Services are assessment, care plan development, multi-system referrals, and assistance with wraparound and supportive living services, monitoring and follow-up. **
TM	Assertive Community Treatment (ACT)	Comprehensive, locally-based, individualized treatment for adults with serious behavioral health disorders that is available 24 hours a day, 365 days a year. Services include case management, initial and ongoing behavioral health assessment, psychiatric services, employment and housing assistance, family support and education, and substance use disorders services.
HM	Respite Services	Temporary or short-term care of a child, youth or adult patient provided by adults other than the birth parents, foster/adoptive parents, family members or caregivers that the patient normally resides with. Respite is designed to give the caregivers some time away from the patient to allow them to emotionally recharge and become better prepared to handle normal day-to-day challenges. Respite care providers are specially trained to serve individuals with behavioral health issues.
HJ	Vocational (Voc) Services	Services designed to help adult and adolescent patients who are ineligible for state vocational rehabilitation services to gain employment skills and employment. Services are skill and support development interventions, educational services, vocational assessment, and job coaching.
HQ**	Clubhouses & Drop-In Centers	Peer support services for people who have behavioral health disorders, provided in a Clubhouse or Drop-In Center setting. Clubhouse participants may use their skills for clerical work, data input, meal preparation, providing resource information, and outreach to patients. Drop-in Centers offer planned activities and opportunities for individuals to interact socially, promoting, and supporting recovery. **
TT**	Recovery Services	Community-based services that promote self-management of behavioral health symptoms, relapse prevention, treatment choices, mutual support, enrichment, rights protection, social supports. Services are peer counseling and support services, peer-run drop-in centers, peer-run employment services, peer mentoring, consumer and family support groups, warm lines, and advocacy services.**
HT**	Prevention/Early Intervention Activities (Prev/EI)	Proactive efforts to educate and empower individuals to choose and maintain healthy life behaviors and lifestyles that promote positive behavioral health. Services include behavioral health screenings; educational programs promoting safe and stable families; senior workshops related to aging disorders; and parenting skills classes.**

\*\*Effective July 1, 2011 (HT) is no longer a valid Program Service Category for children/youth age 0 to 21. Covered services to children/youth should be identified with the HE program service modifier for State Plan services.

## VII. Procedure Categories

This section details the procedure codes that are covered under the Colorado Community Behavioral Health Services Program by HCPF and/or OBH. Category service descriptions are presented first and can also be found in [Appendix D](#).

### a. Prevention/Early Intervention Services

Prevention and Early Intervention Services include “screening and outreach to identify at-risk populations, proactive efforts to educate and empower Members to choose and maintain healthy life behaviors and lifestyles that promote mental and behavioral health (BH). Services can be population-based, including proven media, written, peer, and group interventions, and are not restricted to face-to-face interventions.”<sup>58</sup> Prevention and Early Intervention Services include:

- Mental health (MH) screenings
- Nurturing Parent Program
- Educational programs (safe and stable families)

- Senior workshops ( common aging disorders)
- “Love and Logic” ( healthy parenting skills)
- CASASTART (children at high risk for substance abuse (SA), delinquency, and academic failure)

### ***i. Substance Use Prevention Services***

Substance use prevention services are targeted towards individuals before they develop an alcohol and/or drug use disorder. Prevention programs promote constructive lifestyles and norms that discourage alcohol and/or drug usage.

### ***ii. Substance Use Intervention Services***

Substance use intervention services provide advice or counseling to individuals with minor or risky substance use disorders, and are also used to encourage individuals with a serious dependence problem to seek or accept a more intensive treatment regimen. Brief interventions can be provided within a primary care setting or screeners can refer someone to a specialized alcohol and / or drug treatment program. An intervention is an activity used to assist patients with recognizing that substance use is putting them at risk and to encourage them to change their behavior in order to reduce or discontinue their substance use.

## **b. Crisis Services**

Crisis/Emergency Services are “provided during a mental health (MH) emergency, which involves unscheduled, immediate, or special interventions in response to a crisis with a patient, including associated laboratory services, as indicated.”<sup>59</sup>

Services are designed to:

- Improve or minimize an acute crisis episode
- Assist the patient in maintaining or recovering his/her level of functioning (LOF) by providing immediate intervention and/or treatment in a location most appropriate to the needs of the patient and in the least restrictive environment available
- Prevent further exacerbation or deterioration and/or inpatient hospitalization, where possible
- Prevent injury to the patient and/or others

Stabilization is emphasized so that the patient can actively participate in needs assessment and treatment/service planning.

Services are characterized by the need for highly coordinated services across a range of service systems. Crisis/Emergency

Services are available on a 24-hour, 7-day a week basis.

### ***i. Psychotherapy for Crisis***

Psychotherapy for crisis is an urgent assessment and history of a crisis state, a mental status exam, and a disposition. The treatment includes psychotherapy, mobilization of resources to defuse the crisis and restore safety, and implementation of psychotherapeutic interventions to minimize the potential for psychological trauma. The presenting problem is typically life threatening or complex and requires immediate attention to a patient in high stress. 90839 and 90840 are used to report the total duration of face-to-face with the patient and/or family spent by the physician or other qualified healthcare professional providing psychotherapy for crisis, even if the time spent on that date is not continuous. For any period of time spent providing psychotherapy for crisis state, the provider must devote his or her full, attention to the

patient and therefore, cannot provide services to another patient during the same time period. The patient must be present for all or some of the services.

## **c. Screening Services**

### ***i. Behavioral Health Screening***

Behavioral health screening is provided to address the needs of those seeking behavioral health (BH) treatment services (typically via telephone) in a timely manner. This brief assessment involves an initial appraisal of an individual's need for services. If there are sufficient indications of a mental illness (MI) and/or substance-related disorder, further diagnostic assessment is warranted to determine the individual's eligibility for admission to behavioral health (BH) treatment services, as well as appropriate referrals and preliminary recommendations.

### ***ii. Substance Use Screening***

Substance use screening can consist of two separate activities, depending upon its purpose. When used as a part of treatment, screening services are often performed through specimen collection to test for the presence of alcohol and/or drugs. Results are discussed with the patient during a substance abuse counseling session. Screening is also used to identify individuals whose substance use may put them at increased risk for health problems or other substance use related problems. Providers use a screening tool to obtain information about a patient's substance use behaviors, which assists providers in identifying people who may need further assessment of their substance use and related issues. Screenings often provide patients with personal feedback about their increased risks due to substance use and may identify problems that can prompt individuals to change their substance use behavior.

## **d. Assessment Services**

Assessment Services are the process, both initial and ongoing, of collecting and evaluating information about a patient for developing a profile on which to base service planning and referral.<sup>60</sup> An Assessment may also use a diagnostic tool to gather the information necessary in the Assessment Services process.

### ***i. Diagnosis***

Codes with the *Diagnosis* subcategory refer to behavioral health (BH) assessments evaluating a patient's medical, psychological, psychiatric, and/or social condition to determine the presence of and/or diagnose a mental illness (MI) and/or substance-related disorder, and to establish a treatment/service plan for all medically necessary behavioral health (BH) treatment services.

### ***ii. Psychological Testing/Neuropsychological Testing***

Codes with the *Psychological Testing* subcategory refer to the assessment of a patient's cognitive and/or neuropsychological, intellectual, academic, behavioral, emotional and personality functioning for evaluation, diagnostic or therapeutic purposes, using standardized psychological tests and measures, including interpretation of results and report

preparation. A Licensed Psychologist, or a Technician under the supervision of a Licensed Psychologist, administers psychological and/or neuropsychological testing. Testing includes the use of a wide range of reliable and valid, standardized, projective and objective measures for the assessment of personality, psychopathology, affect, behavior, intelligence, abilities and disabilities, etc. Individuals licensed, registered or regulated by the State must meet minimum professional preparation standards (i.e., education and experience) set forth in the Colorado Mental Health Practice Act<sup>61</sup> to administer, score or interpret psychometric or electrodiagnostic testing:

- Standardized personnel selection, achievement, general aptitude or proficiency tests
- Tests of general intelligence, special aptitudes, temperament, values, interests and personality inventories
- Projective testing, neuropsychological testing, or a battery of three or more tests to determine the presence, nature, causation or extent of psychosis, dementia, amnesia, cognitive impairment, influence of deficits on competence, and ability to function adaptively; determine the etiology or causative factors contributing to psychological dysfunction, criminal behavior, vocational disability, neurocognitive dysfunction, or competence; or predict psychological response(s) to specific medical, surgical and behavioral interventions
- Staff performing the testing needs to meet the qualifications and training necessary to administer and interpret the results: generally, this includes licensed or unlicensed PhD/PsyD or interns in doctoral psychology programs.

### ***iii. Treatment/Service Planning***

Treatment/Service Planning is the formulation and implementation of an individualized, integrated, comprehensive written treatment/service plan designed with the purpose of promoting the patient's highest possible level of independent functioning and to reduce the likelihood of hospitalization/re-hospitalization or restrictive confinement.<sup>62</sup> The Treatment/Service Planning code (H0032) requires a covered diagnosis for reimbursement.

### **e. Peer Support/Recovery Services**

Peer Support/Recovery Services are “designed to provide choices and opportunities for adults with serious mental illnesses (SMIs), youth with serious emotional disturbances (SEDs), or individuals with substance use disorders. Recovery-oriented services promote self-management of psychiatric symptoms, relapse prevention, treatment choices, mutual support, enrichment, and rights protection. Peer Support/Recovery Services also provide social supports and a lifeline for individuals who have difficulties developing and maintaining relationships. These services can be provided at schools, churches or other community locations. Most recovery services are provided by behavioral health (BH) peers or family members, whose qualifications are having a diagnosis of mental illness (MI) or substance use or being a family member of a person with mental illness (MI) and/or substance use.”<sup>63</sup> Peer Support/Recovery Services include:

- Peer counseling and support services
- Peer-run drop-in centers
- Peer-run employment services
- Peer mentoring for children and adolescents
- Bipolar Education and Skills Training (BEST) courses
- National Alliance on Mental Illness (NAMI) courses
- Wellness Recovery Action Plan (WRAP) groups

- Patient and family support groups
- Warm lines
- Advocacy services

## **f. Respite Care Services**

Respite Care Services are Temporary or short-term care of a child, adolescent or adult provided by adults other than the birth parents, foster parents, adoptive parents, family members or caregivers with whom the Member normally resides, designed to give the usual caregivers some time away from the Member to allow them to emotionally recharge and become better prepared to handle the normal day-to-day challenges.”<sup>64</sup> This service acknowledges that, while the services of primary caregivers may keep a patient out of more intensive levels of care (i.e., inpatient hospital), there are occasional needs to substitute for these caregivers. Respite Care Services may be rendered when:

- The patient’s primary caregivers are unable to provide the necessary illness-management support and thus the patient is in need of additional support or relief
- The patient and his/her primary caregivers experience the need for therapeutic relief from the stresses of their mutual cohabitation
- The patient is experiencing a behavioral crisis and needs structured, short-term support
- Relief care giving is necessitated by unavoidable circumstances, such as a family emergency

## **g. Treatment Services**

Behavioral Health (BH) Treatment Services use a variety of methods for the treatment of mental disorders and behavioral disturbances, in an attempt to alleviate emotional disturbances, reverse, or change maladaptive patterns of behavior and encourage personality growth and development.

### ***i. Targeted Case Management (TCM) Services***

Targeted Case Management (TCM) Services are defined, per Colorado Medicaid State Plan Amendment, as services that assist individuals diagnosed with or being assessed for a mental health disorder in gaining access to medical, social, educational, and other services. TCM services may be provided through a licensed community mental health center (CMHC) or clinic by approved practitioners under the supervision of a physician (See [Appendix F](#) for more information on Targeted Case Management.)

### ***ii. Psychotherapy***

Psychotherapy is the treatment of a mental illness and behavioral disturbances in which the physician or other qualified healthcare professional, through definitive therapeutic communication, attempts to alleviate the emotional disturbances, reverse or change maladaptive patterns of behavior, and encourage personality growth and development. Psychotherapy codes 90832-90838 include ongoing assessment and adjustment of psychotherapeutic intervention, and may include involvement of family member(s) or others in the treatment process. To report or bill Psychotherapy only, the appropriate procedure code is selected based on the face-to-face time spent with the patient and/or family member.

When evaluation and management (E/M) services are included with Psychotherapy, the appropriate procedure code is selected based on E/M criteria in addition to the above criteria for Psychotherapy. E/M services rendered in addition to psychotherapy may include:

- Physical examinations, medical diagnostic evaluations, and evaluation of comorbid medical conditions
- Medication management and evaluation of drug interactions
- Physician orders, interpretation of laboratory studies, and other medical diagnostic studies and observations

**Individual Psychotherapy** procedure codes are separated into two (2) broad categories:

- Interactive psychotherapy
- Insight-oriented, behavior-modifying and/or supportive psychotherapy

☒ **CPT states - The psychotherapy codes 90832-90838 include ongoing assessment and adjustment of psychotherapeutic interventions, and may include involvement of family member(s) or other in the treatment process**

☒ **To report psychotherapy, choose the code closest to the actual time (i.e., 16-37 minutes for 90832, 38-52 minutes for 90834, and 53 or more minutes for 90837. Do not report psychotherapy for less than 16 minutes' duration.**

**Group Psychotherapy** is “therapeutic contact facilitated by a qualified mental health professional (MHP) in a group setting with two (2) or more patients who are typically not family members. The MHP facilitates structured group interactions in an effort to change individual behavior of each person in the group and assist group members in meeting individual recovery goals.”

**Family Psychotherapy** is face-to-face therapeutic contact with a patient and family member(s), or other person(s) significant to the patient, for improving patient-family functioning. Family Psychotherapy is appropriate when intervention in the family interactions would be expected to improve the patient’s emotional/behavioral disturbance. The primary purpose of family psychotherapy is the treatment of the patient.

### ***iii. Medication Management***

Psychiatric Services are “provided within the scope of practice of psychiatric medicine as defined by State law.”<sup>65</sup>

Medication Management Services include the “monitoring of medications prescribed and consultation provided to Members by a Physician or other Medical Practitioner authorized to prescribe medications as defined by State law, including associated laboratory services, as indicated.”<sup>66</sup>

### ***iv. Substance Use Treatment Services***

Treatment services utilize a variety of methods to treat mental, behavioral, and substance use disorders. The goal is to alleviate emotional disturbances and reverse or change maladaptive patterns of behavior in order to encourage a patient’s personal growth and development. Treatment services often utilize assessments to formulate and implement an individualized comprehensive written treatment plan that is used to promote the patient’s highest possible level of

independent functioning. Treatment can include relapse planning, information about the process of addiction, and assist patients to understand some of the underlying issues that lead them to use substances.

#### **v. *Other Professional Services***

**Psychoeducational Services** are an adjunct treatment modality that focus on educating patients, families and significant others in subject areas that support the goals of treatment, recovery and rehabilitation, specific to the patients' behavioral health (BH) needs.

**Biofeedback Training** involves monitoring a patient's bodily functions (i.e., blood pressure, heart rate, skin temperature, breathing rate, sweat gland activity and muscle tension) through the use of surface electrodes (sensors), which convey information (i.e., "feedback") to the patient in real-time. The patient is taught how certain thought processes, stimuli, and actions affect these physiological responses. The patient learns to recognize and manipulate these responses to control maladapted physiological functions, through relaxation and awareness techniques. Biofeedback Training requires specialized training on the part of the mental health professional (MHP), and involves both assessment and treatment using biofeedback equipment.

**Community-Based Wrap-Around Services** for children and adolescents utilizes a treatment team consisting of members determined by the family, often representing multiple agencies and/or informal supports. The treatment team creates a highly individualized treatment/service plan for the child/adolescent that consists of behavioral health (BH) treatment services, as well as other services and supports that are secured from, and funded by, other community agencies. The wrap-around plan is the result of a collaborative team planning process that focuses on the identified strengths, values, preferences, needs, strategies and outcomes of the child/youth and family, and is developed in partnership with other community agencies. The individualized, community-based clinical interventions identified in the individualized treatment/service plan are delivered as an alternative or adjunct to traditional behavioral health (BH) treatment services.

**Multi-Systemic Therapy (MST)** is an intensive family- and community-based treatment targeting chronic, violent or substance abusing juvenile offenders at high risk of out-of-home placement and their families. MST strives to promote behavior change in the youth's natural environment, using the strengths of the systems with which the youth is involved (e.g., family, peers, school, neighborhood, indigenous support network) to facilitate change. Within a context of support and skill building, the mental health professional (MHP) places developmentally appropriate demands on the adolescent and family for responsible behavior. Intervention strategies include strategic/structural family therapy (SFT), behavioral parent training, and cognitive behavior therapies (CBTs). A home-based model of service delivery aids in overcoming barriers to service access, increasing family retention in treatment, allowing for the provision of intensive services (i.e., MHPs have low caseloads), and enhancing the maintenance of treatment gains. The primary goals of MST are to reduce anti-social behavior, reduce out-of-home placement, and empower families to resolve future difficulties. The usual duration of MST treatment is approximately four (4) months.

## *vi. Intensive Treatment Services*

**Behavioral Health (BH) Day Treatment** is a non-residential treatment program designed for children and adolescents under the age of 21 who have emotional, behavioral, and neurobiological/substance abuse (SA) problems and may be at high-risk for out-of-home placement. Day Treatment services include psychotherapy (family, group, individual); parent-patient education; skill and socialization training focused on improving functional and behavioral deficits, and intensive coordination with schools and/or other child service agencies.

**Intensive Outpatient Psychiatric (IOP) Services** for Behavioral Health and Substance Use Disorder (SUD) focus on maintaining and improving functional abilities for the patient through a time-limited, multi-faceted approach to treatment.

A multidisciplinary treatment team renders services consisting of, but not limited to

- Individual, group and family psychotherapy
- Medication management and education
- Psychological assessment
- Therapeutic psycho-education
- Crisis intervention

IOP Services are based on a comprehensive and coordinated individualized and recovery-oriented treatment/service plan, involving the use of multiple concurrent services and treatment modalities. Treatment focuses on symptom reduction, safety reinforcement, promoting stability and independent living in the community, relapse prevention, restoration to a higher level of functioning (LOF), and reducing the need for a more acute level of care (LOC).

**Partial Hospitalization (PHP)** is a non-residential, medically directed treatment program for patients who require intensive, highly coordinated, structured, multi-modal ambulatory treatment within a stable therapeutic milieu. The use of PHP as a setting of care presumes that the patient does not currently meet medical necessity criteria for inpatient psychiatric treatment; at the same time, it implies that routine outpatient treatment is of insufficient intensity to meet the patient's present treatment needs. The patient requires a minimum of 20 hours/week of therapeutic services as evidenced in his/her treatment/service plan. The patient is likely to benefit from a coordinated program of services and requires more than isolated sessions of outpatient treatment. The patient has an adequate support system while not actively engaged in the program. The patient has a covered mental health (MH) diagnosis, is not judged to be dangerous to self/others, has the cognitive and emotional capacity to participate in the active treatment process and can tolerate the intensity of the PHP.

PHP entails programmatically-linked (i.e., a separate and distinct, identifiable, organized program representing a significant component within the continuum of comprehensive behavioral health (BH) services) ambulatory treatment, which is prescribed, supervised and reviewed by a Psychiatrist, and provided at a properly licensed/certified facility by a multidisciplinary team of mental health professionals (MHPs) within their scope(s) of practice. PHP must be:

- Reasonable and necessary for the diagnosis and active treatment of a patient's mental health (MH) condition (i.e., SMI/SPMI and/or co-occurring Substance-Related Disorder)
- Reasonably expected to improve or maintain the patient's condition and level of functioning (LOF)
- Reasonably expected to prevent relapse or hospitalization

The treatment program of a PHP closely resembles that of a highly structured, short-term hospital inpatient program, with treatment at a more intensive level than outpatient day treatment or psychosocial rehabilitation. PHP services may include assessment; psychological testing; family, group and individual psychotherapy; medical and nursing support; medication management; skill development; psychosocial education and training; and expressive and activity therapies.<sup>67,68</sup>

### **vii. Inpatient Services**

Inpatient Services are rendered in an Inpatient Hospital or Inpatient Psychiatric Facility, which is a program of medically structured and supervised psychiatric care in which the patient remains 24-hours a day in a facility licensed as a hospital by the State.

- ⊗ **The procedure codes found in this section are also used for psychiatric services in Partial Hospital (PHP) settings.**
- ⊗ **Treatment in an inpatient hospital setting should be reported or billed using the evaluation and management (E/M) procedure codes (99221 – 99233).**

### **h. Evaluation and Management (E/M) Services**

Evaluation and management codes are covered by the BHOs when they are billed in conjunction with a psychotherapy add-on or when used for the purposes of medication management with minimal psychotherapy provided by a prescriber from the BHO network. The evaluation and management (E/M) codes were introduced in the 1992 update to the fourth edition of Physicians' Current Procedural Terminology (CPT). These codes cover a broad range of services for patients in both inpatient and outpatient settings. In 1995 and again in 1997, the Health Care Financing Administration (now the Centers for Medicare and Medicaid Services, or CMS) published documentation guidelines to support the selection of appropriate E/M codes for services provided to Medicare beneficiaries. **Please refer to the CMS website for the 1995 and 1997 versions.**

The major difference between the two sets of guidelines is that the 1997 set includes a single-system psychiatry examination (mental status examination) that can be fully substituted for the comprehensive, multisystem physical examination required by the 1995 guideline. Because of this, it clearly makes the most sense for mental health practitioners to use the 1997 guidelines. Clinicians currently have the option of using the 1995 or 1997 CMS documentation guidelines for E/M services, although for mental health providers the 1997 version is the obvious choice.

The E/M codes are generic in the sense that they are intended to be used by all physicians, nurse-practitioners, and physician assistants and to be used in primary and specialty care alike. The decision to use one set of codes over another should be based on which code most accurately describes the services provided to the patient.

## DEFINITIONS:

**New patient/patient:** A new patient/patient is defined as one who has not received any professional services from the prescriber or another prescriber of the exact same specialty and subspecialty who belongs to the same group within the past 3 years.

**Established patient/patient:** An established patient/patient is one who has received professional services from the prescriber or another prescriber of the exact same specialty and subspecialty who belongs to the same group within the past 3 years.

In the instance where a prescriber is on-call covering for another prescriber, the patient's/patient's service will be classified as it would have been by the prescriber who is not available. When advanced practice nurses and physician assistants are working with physicians, they are considered as working in the exact same specialty and exact same subspecialties as the physician.

**There is no distinction made between new and established patients in the emergency department.**

### *i. Consultation Services*

Consultation services are services rendered by a physician whose opinion or advice is requested by another appropriate practitioner (e.g., treating physician or other qualified health care professional) for the further evaluation and management (E/M) of the patient. A Consultation includes a report of findings, opinion and advice or recommendations that is provided to the referring provider for his/her use in the treatment of the patient. A consultant interviews and examines the patient, and may initiate diagnostic and/or therapeutic services. While the consultant has a wide degree of latitude in providing services, he/she does not typically assume care or provide treatment plans. When more than 50% of the consultant's time is spent in providing counseling,<sup>69</sup> coordination of care or both, the service is coded based upon the length of time spent with the patient and/or family.<sup>70</sup>

### *ii. Medical Team Conference*

Medical Team Conference is a face-to-face collaboration of at least three (3) qualified mental health professionals (MHPs) from different specialties/disciplines who are actively involved in the development, revision, coordination, and implementation of behavioral health (BH) services for the patient. Individuals do not report these procedure codes when their participation in the conference is part of a service that is contractually provide by the organizational or facility provider.<sup>71</sup>

See [Appendix I](#) for more information on E/M services.

### *i. Residential Services*

Residential Services are 24-hour care, excluding room and board, provided in a non-hospital, non-nursing home (NH) setting." Residential Services are "appropriate for children, youth, adults and older adults whose mental health (MH) issues

and symptoms are severe enough to require a 24-hour structured program, but do not require hospitalization.”<sup>72</sup> Clinical interventions provided in residential settings include:

- Assessment and monitoring of mental and physical health status
- Assessment and monitoring of safety, including suicidal ideation and other behavioral health (BH) issues
- Assessment of level and quality of social interactions
- Assessment of/support for motivation for treatment
- Assessment of ability to provide for daily living needs
- Observation and assessment of group interactions
- Behavioral interventions to build effective social behaviors and coping strategies
- Behavioral interventions to reduce social withdrawal and inappropriate behavior or thought processes
- Individual psychotherapy
- Group psychotherapy
- Family psychotherapy
- Medication management

OBH allows for all services identified above. In addition, OBH provides for room and board for the “indigent population.” In order for room and board services to be provided, all contractual indigent criteria must be met.

**To identify the level of care for residential services, the following HCPCS procedure code(s) and modifier(s) are required:**

Residential Procedure Codes & Modifiers				
Residential Service	HCPCS Modifier	LOC Modifier Description	Procedure Code	HCPCS Procedure Code Description
Acute Treatment Unit (ATU)	--	(Acute LOC)	H0017	Behavioral health; residential (hospital residential treatment program), without room and board, per diem
All Other Residential Facilities	--	--	H0018	Behavioral health; short-term residential (non-hospital residential treatment program), without room and board, per diem
	TF	Intermediate LOC	H0018	Behavioral health; short-term residential (non-hospital residential treatment program), without room and board, per diem
	TG	Complex/High-Tech LOC	H0018	Behavioral health; short-term residential (non-hospital residential treatment program), without room and board, per diem
	--	--	H0019	Behavioral health; long-term residential (non-medical, non-acute care in a residential treatment program where stay is typically longer than 30 days), without room and board, per diem
	TF	Intermediate LOC	H0019	Behavioral health; long-term residential (non-medical, non-acute care in a residential treatment program where stay is typically longer than 30 days), without room and board, per diem
	TG	Complex/High-Tech LOC	H0019	Behavioral health; long-term residential (non-medical, non-acute care in a residential treatment program where stay is typically longer than 30 days), without room and board, per diem

### ***i. Supported Housing***

Supported Housing is a specific program model in which a patient lives in a house, apartment, or similar setting, alone or with others, and has considerable responsibility for residential maintenance but receives periodic visits from behavioral health (BH) provider(s) or family for the purpose of monitoring and/or assisting with residential responsibilities. Criteria identified for supported housing include: affordability, right to tenure, service choice, individualization and availability, integration (with persons who do not have mental illness), and functional separation of housing from service provision.

## ***ii. Alternative Care Facility (ACF)***

Alternative care facility (ACF) is an assisted living residence (ALR) certified by the Colorado Department of Health Care Policy and Financing (HCPF) to receive Medicaid reimbursement for the services provided by the facility.<sup>73</sup>

## ***iii. Assisted Living Residence (ALR)***

Assisted Living Residence (ALR) is a residential facility that makes available to three (3) or more adults not related to the owner of such facility, either directly or indirectly through a resident agreement with the resident, room and board and at least the following services:

- Personal services
- Protective oversight
- Social care due to impaired capacity to live independently
- Regular supervision that is available on a 24-hour basis, but not to the extent that regular 24-hour medical or nursing care is required.<sup>74</sup>

## ***iv. Group Home***

Group Home is a 24-hour facility that provides behavioral health (BH) treatment for extended periods. Group Homes are licensed by the Colorado Department of Public Health and Environment (CDPHE) as personal care boarding homes, are associated with a community mental health center (CMHC), and are approved by the Colorado Department of Human Services, Office of Behavioral Health (DHS-OBH) as residential treatment facilities (RTF).

## ***v. Psychiatric Residential Treatment Facility (PRTF)***

Psychiatric Residential Treatment Facility (PRTF) is a licensed residential childcare facility (RCCF),<sup>75</sup> which is a facility other than a hospital that provides inpatient psychiatric services for patients under age 21, under the direction of a physician licensed by the State Board of Medical Examiners, in a residential setting. PRTFs must be accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), the Commission on Accreditation of Rehabilitation Facilities (CARF) or the Council on Accreditation of Services for Families and Children (COA), and have a current provider agreement with the Colorado Department of Health Care Policy and Financing (HCPF).<sup>76, 77, 78</sup>

## ***vi. Residential Treatment Facility (RTF)***

Residential Treatment Facility (RTF) is an assisted living residence (ALR) for adults with severe and persistent mental illness (SPMI) that is operated and maintained for no more than 16 residents, and provides treatment commensurate to the residents' psychiatric needs. Individuals are often admitted for medication management and the need for protective oversight and supervision. RTFs are operated by community mental health centers (CMHCs) and licensed by the Colorado Department of Public Health and Environment (CDPHE). RTFs provide the following services on a 24-hour basis:

- Personal services, including a physically safe environment, regular supervision, assistance with activities of daily living (ADLs) (e.g., medication administration, laundry, recreational activities, transportation arrangements)
- Protective oversight, including monitoring needs to ensure residents receive services and care necessary to protect their health, well-being and safety.<sup>79</sup>

### ***vii. Residential Child Care Facility (RCCF)***

Residential Child Care Facility (formerly TRCCF) is a licensed residential child care facility (RCCF)<sup>80</sup> that provides 24-hour care for five (5) or more children ages three (3) to 18 years of age. Youth in the custody of a County Department of Social/Human Services (DSS/DHS) who are in need of mental health treatment in a structured environment may be placed in a RCCF by court order prior to their 18<sup>th</sup> birthday; youth in the custody of the Division of Youth Corrections (DYC) may be placed in an RCCF by court order past their 18<sup>th</sup> birthday but prior to their 21<sup>st</sup> birthday.<sup>81</sup>

### ***viii. Acute Treatment Unit (ATU)***

Acute Treatment Units (ATUs) provide short-term psychiatric care (an average of three to seven days, but generally no longer than 30 days) to persons (age 18 and over) who do not require inpatient hospitalization but need intense and individualized services, such as crisis management and stabilization. ATUs provide 24-hour care in a therapeutically planned and professionally staffed environment consisting of a locked unit serving a maximum of 16 persons.<sup>82</sup> ATUs are licensed by the Colorado Department of Public Health and Environment (CDPHE), Health Facilities and Emergency Medical Services Division, and granted a “27-65” designation by the Colorado Department of Human Services, Office of Behavioral Health (DHS-OBH).<sup>83</sup>

### ***ix. Social Ambulatory Detoxification (Social Detox)***

Social Ambulatory Detoxification services are rendered to patients whose intoxication or withdrawal signs and / or symptoms are severe enough to require a 24-hour structured program. These services are not provided to patients that require hospitalization for their intoxication or withdrawal symptoms. Medicaid reimbursed services are provided by a facility that is licensed by the Colorado Department of Human Services (CDHS), Office of Behavioral Health (OBH) based on the American Society of Addiction Medicine (ASAM) criteria. These services do not include room and board. Social/Ambulatory Detoxification Services may include any of the following: a physical assessment of detoxification progression (i.e., vital signs monitoring); a safety assessment (i.e., suicidal ideation [SI] and other behavioral health [BH] issues); a level of motivation assessment for treatment evaluation; or the provision of daily living needs (i.e., hydration, nutrition, cleanliness, and toiletry). Detoxification in a non-Medicaid reimbursed facility can be provided in a facility greater than 16 beds.

### ***x. Room and Board***

Room and Board Services are provided to patients residing in a facility. Patients must reside in the facility for at least 24 hours while they are provided with lodging and meals.

### ***j. Rehabilitation Services***

“Rehabilitative services include any medical or remedial services recommended by a physician or other licensed practitioner of the healing arts, within the scope of his/her practice under State law, for maximum reduction of mental disability and restoration of a consumer to his/her best possible level of functioning (LOF).”<sup>84,85</sup>

### ***i. Clubhouse/Drop-In Center***

Clubhouses and Drop-In Centers provide “peer support services for people who have mental illnesses (MIs).” In Clubhouses, “individuals (members) utilize their skills for clerical work, data input, meal preparation, providing resource information or reaching out to fellow members. Staff and members work side by side, in a unique partnership.” In drop-in centers, “individuals with mental illnesses plan and conduct programs and activities in a club-like setting. There are planned activities and opportunities for individuals to interact with social groups.” The International Center for Clubhouse Development (ICCD) Clubhouse Model is recognized as an Evidenced-Based Practice by SAMHSA. ICCD Certified Clubhouse programs are identified as following the EBP.

### ***ii. Community Psychiatric Support Treatment Services (CPST)***

Community Psychiatric Support Treatment (CPST) coordinates and provides services and resources to patients and families necessary to promote recovery, rehabilitation, and resiliency. CPST identifies and addresses the barriers impeding the patient’s development of the skills necessary for independent functioning in the community, as well as the strengths, which may aid the patient and family in the recovery/resiliency processes. CPST addresses patient and family goals for independent living.

### ***iii. Psychosocial Rehabilitation (PSR) Services***

Psychosocial Rehabilitation (PSR) Services are “an array of therapeutic services designed to help individuals with long-term psychiatric disabilities increase their functioning so that they are successful and satisfied in the environments of their choice with the least amount of ongoing professional intervention. These services are designed to capitalize on personal strengths, to develop coping strategies and skills to deal with deficits, and to develop a supportive environment in which to function as independently as possible. PSR Services are provided in clinic or community-based settings and include:

- Individual or group skill-building activities
- Development of problem-solving techniques
- Development of self-medication skills
- Activities to increase cognitive and psychosocial functioning
- Illness management strategies
- Wellness activities

### ***iv. Assertive Community Treatment (ACT)***

Assertive Community Treatment (ACT) is “a service-delivery model that provides comprehensive, locally-based treatment to adults with serious mental illnesses (SMIs). ACT Services are highly individualized and are available 24 hours a day, seven (7) days a week, 365 days a year, to patients who need significant assistance and support to overcome the barriers and obstacles that confront them because of their mental illnesses. ACT teams provide:

- Case management
- Initial and ongoing mental health assessments
- Psychiatric services

- Employment and housing assistance
- Family support and education
- Substance abuse services (individuals with co-occurring substance abuse/mental illness)

ACT models are built around a self-contained multi-disciplinary team (i.e., psychiatrist, SW, RN/APN/RxN/LPN/LVN, etc.) that serves as the fixed point of responsibility for all patient care for a specific group of patients. In this approach, normally used with patients with the most serious and intractable symptoms of severe and persistent mental illness (SPMI), the treatment team typically provides all patient services using a highly integrated approach to care. The treatment team delivers an integrated array of treatment, support and rehabilitation services to patients, with the majority of services being rendered in patients' own homes, work settings, or any other place in the community where support might be needed. Assessment and treatment planning are done in a collaborative manner, and result in a plan that is customized for each individual patient.

## k. Vocational Services

Vocational Services are “services designed to assist adults and adolescents who are ineligible for State Vocational Rehabilitation services and require long-term services and supports in developing skills consistent with employment and/or in obtaining employment.”<sup>86</sup> Vocational Services include:

- Skill and support development interventions
- Educational services (GED, college prep skills)
- Vocational assessment
- Job coaching

## VIII. Procedure Code Outline and Pages

Individual procedure code pages listed in numerical and alphanumeric order. Each procedure code page uses the following outline structure:

- **CPT®/HCPCS Procedure Code** – The 5-digit numeric Current Procedural Terminology (CPT®) or alphanumeric Healthcare Common Procedure Coding System (HCPCS) code used to identify, report and/or bill the specific service or procedure rendered.
- **Procedure Code Description** – A brief narrative description of the procedure code based on the definitions from the *2009 Coders' Desk Reference for Procedures*<sup>lxxxvii</sup> and/or the Centers for Medicare and Medicaid Services (CMS).<sup>lxxxviii</sup>
- **Usage** – Identification of whether the service is used by Medicaid and/or OBH.
- **Service Description** – A brief narrative of the common or generally accepted method(s) of accomplishing the procedure or service indicated by the procedure code description.<sup>lxxxix</sup>
- **Minimum Documentation Requirements** – The essential elements that are required in the clinical record to support the service or procedure rendered. These are listed on the individual codes pages and on page 220 under Technical Documentation Requirements.<sup>xc</sup>
- **Notes** – Additional descriptive information regarding the procedure code or service.<sup>xci</sup>
- **Example Activities** – As available, examples of activities that may be reported and/or billed utilizing the specific procedure code. (**Note:** Examples are not all-inclusive.)<sup>xcii</sup>

- **Applicable Population(s)** – Any limitations on the use of the procedure code or service based on age.<sup>xciii</sup>
- **Unit** – The amount of time for a time-based procedure code (i.e., per 15 minutes, per hour, per diem, per month), or the number of occurrences (i.e., session, encounter) for a non-time based procedure code, which is spent face-to-face with the patient.
  - Encounter or Session = One (1) unit, regardless of the duration (e.g., 90832)
  - 15 Minute Unit = Divide the total duration by 15 minutes (refer to [Section VIX.a.](#))
  - Hour Unit = Calculate the number of units by the total number of hours. For example, a “per hour” procedure code (e.g., 96101) rendered for a total of four (4) hours equals four (4) units.
  - Day (Per Diem) Unit = One day of service, typically offour (4) to 24 hours, equals one (1) unit of service
  - Month Unit = One (1) month equals one (1) unit of service
- **Duration** – The minimum and maximum time allowed for the service or procedure, as applicable.<sup>xciv</sup> For encounter-based procedure codes, the minimum and maximum time allowed should be considered general guidance, unless otherwise specified in the procedure code description.
- **Allowed Mode(s) of Delivery** – The modalities in which the service or procedure may be rendered.<sup>xcv</sup> The appropriate modifiers, if applicable, are identified in parentheses.
  - Video Conference is based on the current allowable procedure codes for telemedicine (telehealth).<sup>xcvi</sup>

### Telemedicine (Telehealth)<sup>xcvii</sup>

- ⊗ *Telemedicine (telehealth) is a means of providing specific services approved by the Colorado Medical Assistance Program (MAP) to Medicaid enrollees in areas where access to an appropriate provider is limited or unavailable.*
- ⊗ *Telemedicine (telehealth) services are rendered “live” in real-time via audio-video communications circuits. Telemedicine (telehealth) does not include telephone (interactive audio) or facsimile machines.*
- ⊗ *“The availability of services through telemedicine in no way alters the scope of practice of any health care provider; or authorizes the delivery of health care services in a setting or manner not otherwise authorized by law.”<sup>xcviii</sup>*
- ⊗ *Telemedicine (telehealth) involves an “originating provider/site” where the patient is located and a “distance provider” who acts as a consultant to the originating provider, or in some cases, is the only provider involved in the service.*
- ⊗ *Procedure codes that are Medicaid-approved for telemedicine (telehealth) are identified in the following sub-sections under “Allowed Mode(s) of Delivery” as Video Conf (GT).*

- **Program Service Category(ies)** – The Medicaid State Plan and/or 1915(b)(3) Waiver category(ies) in which the service or procedure may be reported.<sup>xcix</sup>
- **Staff Requirements** – The staff credentials allowed to render the service or procedure, unless specifically restricted by the procedure code description.<sup>c</sup> The appropriate modifiers, if applicable, are identified in parentheses.
- **Place of Service (POS)** – The actual place(s) or location(s) where the procedure code or service may be rendered. For example, a CMHC outpatient clinic is POS 53, while a CMHC residential facility might be POS 56 (depending on facility type and level of care).<sup>ci</sup> The appropriate POS codes are identified in parentheses.

SCREENING – DRUG – PATHOLOGY AND LABORATORY		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
80101 <b>*CPT Code Expired 1/1/15; ok to use until 1/1/17, at which time this code page will be deleted.</b>	Drug screen, qualitative; single drug class method (e.g., immunoassay, enzyme assay), each drug class	<input type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
This procedure screens for drugs using a single drug class laboratory analyzer, such as an immunoassay technique or an enzyme assay. Drug screening is used to determine the appropriate treatment for an individual at a particular treatment facility prior to administering differential assessments. Personnel collecting and or performing laboratory analysis on collected specimens must follow established laboratory procedures to prevent contamination and ensure chain of custody.	<ul style="list-style-type: none"> <li>• Date of service</li> <li>• Patient consent</li> <li>• Screening results</li> <li>• Patient’s identified treatment plan (if applicable)</li> <li>• Referral for treatment (if applicable)</li> <li>• Signed with 1<sup>st</sup> initial, last name &amp; credentials</li> </ul>	
NOTES	EXAMPLE ACTIVITIES	
This procedure code is used once per screening for each drug class assessed, but this code is not to be used for drug testing kits that evaluate multiple drug classes in a single procedure. Use code H0048 for collection specimens. If reimbursed by Medicaid, 36 specimen limit per year. Modifier HG only applies for opioid testing.	An immunoassay is a biochemical test that measures the presence and or concentration of a substance in a solution that often contains a complex mixture of substances. Enzyme assays measure either the consumption of a substrate or production of a product over time. An example substance could be an opioid compound.

TREATMENT - PSYCHOTHERAPY - INTERACTIVE COMPLEXITY					
CPT®/HCPCS PROCEDURE CODE		PROCEDURE CODE DESCRIPTION		USAGE	
90785* ADD-ON		Interactive complexity (list separately in addition to the code for the primary service)		<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH	
SERVICE DESCRIPTION			MINIMUM DOCUMENTATION REQUIREMENTS		
Code 90785 is an add-on code used to report the interactive complexity. Interactive complexity refers to specific communication factors that complicate the delivery of a psychiatric procedure. Some common factors include more difficult communication with discordant or emotional family members and engagement of young and verbally undeveloped or impaired patients. Patients that require this service are those who have third parties such as parents, guardians, other family members, interpreters, language translators, agencies, court officers, or schools involved in their psychiatric care (see <a href="#">Appendix H</a> for more information).			<ul style="list-style-type: none"> <li>• Primary Service minimum documentation requirements must be met</li> <li>• Means of interactive complexity should be clearly defined</li> </ul>		
NOTES		EXAMPLE ACTIVITIES			
This code is to be reported in conjunction with codes for diagnostic psychiatric evaluation (90791, 90792), psychotherapy (90832-90834-90837), psychotherapy when performed with an evaluation and management service (90833, 90836, 90838, 99201-99255, 99304-99337, 99341-99350), and group psychotherapy (90853).

NOTES			EXAMPLE ACTIVITIES								
Incidental telephone conversations and consultations are not reportable as psychotherapy. If psychotherapy is provided by a prescriber with an evaluation and management services, use the appropriate psychotherapy add-on code. All providers, licensed or unlicensed, are required to practice psychotherapy only within their areas of competency, in accordance with State rules and regulations. Psychotherapy provided to a patient in crisis state is reported with codes 90839 and 90840. 90839/90840 cannot be reported in addition to the psychotherapy codes 90832-90838, if provided by the same health care professional on the same day. Use add-on code 90785 for interactive complexity as appropriate.

TREATMENT - PSYCHOTHERAPY - GROUP		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
90849	Multiple-family group therapy	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
Meeting with several patients' families together to address similar issues of the patients' treatment. Attention is also given to the impact the patients' conditions have on the families.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> 1. The reason for the visit. What was the intended goal or agenda? How does the service relate to the treatment plan? 2. Description of the service provided including number members present. 3. The therapeutic intervention(s) utilized and response to the intervention(s). 4. How did the service impact progress towards goals/objectives? 5. Plan for next contact(s) including any follow-up or coordination needed with 3 <sup>rd</sup> parties 6. If the identified patient is not present for the group the progress note for the group session needs to describe why the patient was not present. The explanation should include the clinical reasoning as to why the patient was not part of the group and how therapy group is necessary for the covered diagnosis.	
NOTES	EXAMPLE ACTIVITIES	
90849 is reported once for each family group present. 90849 does not include socialization, music therapy, recreational activities, art classes, excursions, group meals, or sensory stimulation. If only one family group is present, document as family therapy. While group psychotherapy is not a time-based service, the average session length is 1.5 hours. Document and report 90849 for each identified family group. All providers, licensed or unlicensed, are required to practice psychotherapy only within their areas of competency, in accordance with State rules and regulations. Multi-family groups that are not therapeutic but provide psycho-education, prevention or earlier intervention services use code H0025. <b>Medicaid: if services are performed by a LAC provider, a SUD Primary Diagnosis is required.</b>	An example would be a multi-family therapy group where the child is not present in the therapy group.

TREATMENT - PSYCHOTHERAPY - GROUP		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
90853	Group psychotherapy (other than of a multiple-family group)	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
Facilitating emotional and rational cognitive interactions in a group setting with 2/more patients (other than a family therapy session) in an effort to change the individual behavior of each person in the group through interpersonal exchanges. The group may include patients with separate, distinct, maladaptive disorders, or share some facet of a disorder with other people in the group (e.g., drug abuse, victims of violence). Goals relate to BH treatment, including the development of insight/affective understanding, the use of behavior modification techniques, the use of supportive interactions, the use of cognitive discussion of reality/any combination thereof to provide therapeutic change.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> <ol style="list-style-type: none"> <li>1. The reason for the visit. What was the intended goal or agenda? How does the service relate to the treatment plan?</li> <li>2. Description of the service provided including number of patients present.</li> <li>3. The therapeutic intervention(s) utilized and the response to the intervention(s).</li> <li>4. How did the service impact progress towards goals/objectives?</li> <li>5. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
90853 is used for group psychotherapy involving patients other than the patients' families. 90853 does not include socialization, music therapy, recreational activities, art classes, excursions, group meals, or sensory stimulation. If only one group member is present, document as individual therapy. While group psychotherapy is not a time-based service, the average session length is 1.5 hours. Recommended minimum is 45 minutes for adults and 30 minutes for children/youth. Document and report 90853 for each identified patient within the group. All providers, licensed or unlicensed, are required to practice psychotherapy only within their areas of competency, in accordance with State rules and regulations. <b>Medicaid: if services are performed by a LAC provider, a SUD Primary Diagnosis is required.</b>	<ul style="list-style-type: none"> <li>• Serving special patient populations with a particular theoretical framework/addressing a specific problem, such as low self-esteem, poor impulse control, depression, etc., through cognitive behavioral therapy (CBT), motivational enhancement therapy, trauma counseling, anger management, and/or sexual offender (SO) treatment</li> <li>• Personal dynamics of a patient may be discussed by group and dynamics of group may be explored at same time</li> <li>• Interpersonal interactions, support, emotional catharsis, and reminiscing</li> </ul>

TREATMENT - OTHER PROFESSIONAL SERVICES - BIOFEEDBACK		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
90875	Individual psychophysiological therapy incorporating biofeedback training by any modality (face-to-face with the patient), with psychotherapy (e.g., insight-oriented, behavior modifying or supportive psychotherapy); approximately 30 minutes	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
The MHP renders individual psychophysiological therapy by utilizing biofeedback training combined with psychotherapy (i.e., supportive interactions, suggestion, persuasion, reality discussions, re-education, behavior modification techniques, and reassurance) to modify behavior.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> <ol style="list-style-type: none"> <li>1. The reason for the visit. What was the intended goal or agenda? How does the service relate to the treatment plan?</li> <li>2. Description of the service provided</li> <li>3. ASSESSMENT - PSYCHOLOGICAL TESTING		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
90887	Interpretation or explanation of results of psychiatric, other medical examinations and procedures, or other accumulated data to family or other responsible persons, or advising them how to assist patient	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
The treatment of the patient requires explanation(s) to the family, employer(s), or other involved persons to obtain their support and/or participation in the therapy/treatment process. The provider interprets the results of any psychiatric and medical examinations and procedures, as well as any other pertinent recorded data, and spends time explaining the patient's condition. Advice is also given as to how the family and other involved persons can best assist the patient.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> 1. The reason for the visit/call. What was the intended goal or agenda? How does the service relate to the treatment plan? What is the clinical need for specific testing? 2. Description of the service provided and patient response 3. Summary of test results, interpretation of test results, discussion with individual about results 4. Treatment recommendations	
NOTES	EXAMPLE ACTIVITIES	
If interpretation or explanation of psychological testing results are performed by an intern, they must be supervised by a licensed psychologist. The interpretation or explanation of results is under the licensed psychologist's direction, but his/her presence is not required during the actual service. The services provided for procedure code 90887 are considered separate and distinct from the work involved in psychotherapy (see psychotherapy procedure codes) as they have to do with explaining results of testing or an exam to family or other responsible person	<ul style="list-style-type: none"> <li>• Interpretation of results of exam or testing</li> <li>• Discussion regarding results of exam or testing</li> <li>• Di253</li> <li>• Discussion of assistance family members can give patient</li> </ul>

ASSESSMENT - PSYCHOLOGICAL TESTING			
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE	
96101  <b>*This code should not be used in conjunction with 96102 or 96103.</b>	Psychological testing (includes psychodiagnostic assessment of emotionality, intellectual abilities, personality, and psychopathology; e.g., MMPI, Rorschach, WAIS), per hour of the psychologist's or physician's time, both face-to-face time administering tests to the patient and time interpreting these test results and preparing the report	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH	
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS		
The licensed psychologist or physician administers and interprets the results of psychological testing. The testing, in written, oral, or combined formats, measures personality, emotions, intellectual functioning, and psychopathology in culturally and developmentally appropriate ways. Information obtained through the testing is interpreted and a written report is generated. Both face-to-face time administering the tests to the patient, as well as interpretation and report preparation are included.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> 1. The reason for the visit. What was the intended goal or agenda? How does the service relate to the treatment plan? What is the clinical need for specific testing? 2. Description of the service (Specific test(s) administered) 3. Summary of test results 4. Treatment recommendations		
NOTES	EXAMPLE ACTIVITIES		
If psychological testing services are performed by an intern, services must be supervised and at the direction of a licensed psychologist, even though his/her presence is not required during intern administration. The licensed psychologist ensures that the testing environment offers adequate privacy and confidentiality, and maximizes the examinee's performance. An NP, CNS or PA may perform diagnostic psychological and neuropsychological tests under their scope of practice.	<ul style="list-style-type: none"> <li>Psychological testing can be helpful when treatment interventions are ineffective and there is a need to learn more about a patient's level of functioning, personality, emotional or cognitive abilities.</li> <li>Psychological testing can help clarify a patient's diagnosis/diagnoses, interpersonal dynamics, and relative strengths and weaknesses to target through treatment.</li> </ul>

ASSESSMENT - PSYCHOLOGICAL TESTING						
CPT®/HCPCS PROCEDURE CODE		PROCEDURE CODE DESCRIPTION			USAGE	
96103		Psychological testing (includes psychodiagnostic assessment of emotionality, intellectual abilities, personality and psychopathology, e.g., MMPI and WAIS), administered by a computer, with qualified health care professional interpretation and report.			<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH	
<b>*This code should not be used in conjunction with 96101 or 96102.</b>						
SERVICE DESCRIPTION		MINIMUM DOCUMENTATION REQUIREMENTS				
The testing, administered by computer, measures personality, emotions, intellectual functioning, and psychopathology. Results are interpreted and reported by a qualified health care professional.		<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> 1. The reason for the visit. What was the intended goal or agenda? How does the service relate to the treatment plan? What is the clinical need for specific testing? 2. Description of the service (specific test(s) administered) 3. Summary of test results 4. Treatment recommendations				
NOTES		EXAMPLE ACTIVITIES				
Computer administered testing is administered under the Licensed Psychologist's overall direction and control, but his/her presence is not required during administration. The licensed psychologist ensures that the testing environment offers adequate privacy and confidentiality, and maximizes the examinee's performance. If psychological interpretation and report services are performed by an intern, they must be supervised by a licensed psychologist. An NP, CNS or PA may perform diagnostic psychological tests under their scope of practice.		<ul style="list-style-type: none"> <li>Psychological testing can be helpful when treatment interventions are ineffective and you want to learn more about a patient's level of functioning, personality, emotional or cognitive abilities.</li> </ul> Psychological testing can help clarify a patient's diagnosis/diagnoses, interpersonal dynamics, and relative strengths and weaknesses to target through treatment.

ASSESSMENT - PSYCHOLOGICAL TESTING		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
96116	Neurobehavioral status exam (clinical assessment of thinking, reasoning, and judgment, e.g., acquired knowledge, attention, language, memory, planning and problem solving, and visual spatial abilities), per hour of the licensed psychologist or physician's time, both face-to-face time with the patient and time interpreting test results and preparing the report	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
The licensed psychologist evaluates aspects of thinking, reasoning, and judgment, to evaluate a patient's neurocognitive abilities. Information obtained through the examination is interpreted and a written report is generated. Both face-to-face time with the patient and time spent interpreting test results and preparing a report is included.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> <ol style="list-style-type: none"> <li>1. The reason for the visit. What was the intended goal or agenda? How does the service relate to the treatment plan? What is the clinical need for specific testing?</li> <li>2. Description of the service (specific test(s) administered)</li> <li>3. mental status exam</li> <li>4. Summary of test results in a formal report</li> <li>5. Treatment recommendations</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
If neurobehavioral status exam services are performed by an intern, they must be supervised by a licensed psychologist. The exam includes an initial clinical assessment and evaluation of the patient's mental status. In this regard, the neurobehavioral status exam is similar to the psychiatric diagnostic interview exam (90791, 90792). Although the descriptor does not specify use of standardized instruments, both standardized interview instruments and expanded interviews with the patient and family/significant other(s), if appropriate, are used.	<ul style="list-style-type: none"> <li>• Differential diagnosis between psychogenic and neurogenic syndromes</li> <li>• Delineation of neurocognitive effects of central nervous system (CNS) disorders</li> </ul>

TREATMENT - MEDICATION MANAGEMENT					
CPT®/HCPCS PROCEDURE CODE		PROCEDURE CODE DESCRIPTION		USAGE	
96372		Therapeutic, prophylactic, or diagnostic injection (specify substance or drug) subcutaneous or intramuscular		<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH	
SERVICE DESCRIPTION			MINIMUM DOCUMENTATION REQUIREMENTS		
<p>A therapeutic, prophylactic/diagnostic injection for the administration of medications.            Written physician order (required)            Actual injectable medication reported/billed separately.</p>			<p><b>Technical Documentation Requirements</b>            See Page 220</p> <p><b>Service Content</b></p> <ol style="list-style-type: none"> <li>1. Documentation supports injection of medication ordered</li> <li>2. Injection site</li> <li>3. Medication administered</li> <li>4. Patient response to medication, e.g. is the patient tolerating medication well or are there complaints of side effects. If not tolerating medication actions taken</li> </ol>		
NOTES			EXAMPLE ACTIVITIES		
<p>This code may be used in a clinic/CMHC, even if patient brings in the medication to be administered. Pharmacies cannot bill for the administration of drugs in a practitioner's office/clinic. Injectable drugs intended for self-administration/use in the patient's home/ administration for a patient in a LTC facility may be billed by a pharmacy. A certified medical assistant may administer an injection under a physician's/APN's order, but billing and service must be under the signature of the MD/APN. The service code is used when an individual sees a nurse or other trained nurse's aide or medical technician for services that do not require the physician to perform the service, in this case, an injection.</p> <p>Do not report 96372 for injections given without direct physician or other qualified health care professional supervision. To report, use 99211 instead. (AMA CPT 2016) 96372 should not be reported <i>with</i> a 99211 E&amp;M code as this is considered to be an included service. However if additional distinct and separate time was used to provide a more complex E&amp;M code such as 99201-99205 or 99212-99215, these may be reported with modifier 25.</p>

TREATMENT - REHABILITATION		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
97535	Self-care/home management training (e.g., activities of daily living (ADLs) and compensatory training, meal preparation, safety procedures, and instructions in use of assistive technology devices/adaptive equipment) direct one-on-one contact by provider, each 15 minutes	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
Direct one-on-one contact in which the provider instructs and trains a patient in the performance of essential self-care and home management activities related to his/her ability to function in the community. Activities are designed to address the specific needs of the patient, including but not limited to Activities of Daily Living (ADLs) and compensatory training for impairments, meal preparation, safety procedures, and use of assistive technology devices/adaptive equipment.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> <ol style="list-style-type: none"> <li>1. The reason for the visit. What was the intended goal or agenda? How does the service relate to the treatment plan?</li> <li>2. Description of the service and how service increases ADLs and ability to function in the community and patient response to service</li> <li>3. How did the service impact progress towards goals/objectives?</li> <li>4. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
Patient requires supervised training to help perform his/her normal Activities of Daily Living (ADLs), due to impairment resulting from Intellectual or Developmental Disability (IDD), or behavioral health illness. There is reasonable expectation that the patient's functional level will improve as a result of this service.	Develop/implement reminder tools or calendars for housekeeping needs, medications, appointments, or other activities. Step-by-step problem solving interventions: develop shopping list to obtain nutritious foods or meet dietary requirements; skills practice at grocery store to locate and price necessary items; cook foods following recipes for basic meal preparation skills. Develop and reconcile budget for personal needs/bills.

EVALUATION AND MANAGEMENT - OFFICE OR OTHER OUTPATIENT – ESTABLISHED PATIENT		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
99211	Office or other outpatient office visit that may not require the presence of a physician. Usually presenting problems are minimal.	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
<p>This service is an “incident to” service and can only be provided if the patient is an <b>established patient</b> and the physician or qualified NPP is in the office suite and available to provide direct supervision.</p> <p>The service code is used when an individual sees a nurse or other trained nurse’s aide or medical technician for services that do not require the physician to perform the service, e.g. blood pressure or weight checks, medication counseling, follow-up on side effects, etc.</p> <p>The code is generally not used by physicians or NPPs. Typically 5 minutes or less, presenting problems are minimal</p>	<p><b>Technical Documentation Requirements</b> See Page 220</p> <p>The service does not require any of the key components required by other E&amp;M services. It is not billed based on time spent.</p> <p>The progress note needs to include sufficient information to support the reason for the encounter and E/M service and any relevant history, physical assessment and plan of care. See <a href="#">Appendix I</a> for more information on E/M services.</p>	
NOTES	EXAMPLE ACTIVITIES	
<p>The service must be medically necessary</p> <p>If another E&amp;M service (including Psychotherapy plus E&amp;M codes) is provided on the same day, the work of the both providers is combined for one higher code that is billed under the prescriber.</p> <p>If another service code more accurately describes the service provided it should be used in place of the 99211, for example, injection codes.</p>	<p>An individual is seen by the nurse for a blood pressure check and to discuss any concerns about medications.</p> <p>An individual appears requesting a blood pressure check because they were in the area. No symptoms are reported. This would not meet medical necessity and should not be billed.</p> <p>An individual follows-up with the nurse post a TB test for reading results.</p>

EVALUATION AND MANAGEMENT - HOSPITAL OBSERVATION - SUBSEQUENT OBSERVATION CARE					
CPT®/HCPCS PROCEDURE CODE		PROCEDURE CODE DESCRIPTION		USAGE	
99224 requires problem focused interval history, problem focused exam, and straight forward or low complexity medical decision making. Typical time is 15 minutes.		Subsequent hospital care, per day, for the evaluation and management of a patient.		<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH	
99225 expanded problem focused interval history, expanded problem focused exam, and moderate complexity medical decision making. Typical time is 25 minutes.					
99226 requires detailed interval history, detailed exam, high complexity medical decision making Typical time is 35 minutes.					
SERVICE DESCRIPTION		MINIMUM DOCUMENTATION REQUIREMENTS			
<p>All levels of subsequent observation care include reviewing the medical record and reviewing the results of diagnostic studies and changes in the patient's status (i.e., changes in history, physical condition, and response to management) since the last assessment.</p> <p>This code is used for all services provided on the date the physician or NPP (qualified Non-Physician Practitioner) first provides the Observation care, regardless of the number of days since admission.</p> <p>The physician who is the admitting physician must append modifier AI to all claims.</p> <p>The physician/NPP may only bill for one E&amp;M code per day. Services provided in multiple locations, e.g. ER or office should be included in the single code.</p> <p>Services provided subsequent to the initial hospital care should be billed using one of the subsequent care codes. Choose the code based on the whether the service is initial or subsequent care and by the level of code.</p>		<b>Technical Documentation Requirements</b> See Page 220 See <a href="#">Appendix I</a> for more information on E/M services.

EVALUATION AND MANAGEMENT - NON-FACE-TO-FACE – PHONE					
CPT®/HCPCS PROCEDURE CODE		PROCEDURE CODE DESCRIPTION		USAGE	
99441		Telephone evaluation and management (E/M) service provided by a physician to an established patient, parent, or guardian not originating from a related E/M service provided within the previous 7 days, nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment; 5 – 10 minutes of medical discussion		<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH	
<b>*This code has very specific timeframes and documentation requirements. Follow CPT guidelines.</b>					
SERVICE DESCRIPTION		MINIMUM DOCUMENTATION REQUIREMENTS			
Non-face-to-face E/M services provided by a physician or other qualified health professional to a patient using the telephone, upon initiation by an established patient (i.e., patient, parent or guardian), who is seeking advice/treatment for a problem that does not require a face-to-face visit.		<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> 1. Nature of service rendered and pertinent details 2. Disposition See <a href="#">Appendix I</a> for more information on E/M services.			
NOTES		EXAMPLE ACTIVITIES			
99441 may be reported only for <b>established</b> patients. The patient/patient’s parent/guardian must initiate the contact; 99441 may not be used for calls initiated by physician or other qualified health professional. Calls resulting in a face-to-face encounter for the same problem referenced on the call within 24 hours/soonest available urgent appointment are not reportable; consider the call part of the pre-service work for the billable E/M service. Likewise, if the call relates to an E/M service performed and reported by the provider within the previous 7 days (either requested or unsolicited patient follow up), then the service(s) are considered part of that previous E/M service or procedure. Do not report 994441-994443 if you have reported 994441-994444 in the previous 7 days. The call is not reportable if the call relates to a previous call within 7 days since these codes are themselves an E/M service.		An established patient calls the provider with a new complaint. The call cannot be related to an E/M that occurred within the last seven days and cannot trigger an appointment within 24 hours or at the earliest available time. In a five to 10 minute call, the provider gets a brief history from the patient, reviews the patient’s current list of medications, and makes a medical decision regarding recommended treatment, with a note to call if symptoms don’t improve. The provider documents the specifics and the amount of time for the discussion in the patient’s chart. Discussion with other providers is included in the code.

ASSESSMENT – ALCOHOL AND DRUG ABUSE		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
H0001	Alcohol and/or Drug (AOD) Assessment	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
The evaluation of an individual to determine the presence, nature and extent of the individual's abuse, misuse and/or addiction to AOD (Alcohol or Drug), with the goal of formulating a substance use related diagnosis and plan for services or appropriate referral. The assessment includes AOD history, mental status and diagnosis formulation specific to SUD, appropriate family and social history, cultural issues, relevant physical and mental health history and treatment and recommendations. The evaluation may include communication with family or other sources.  <b>* Use procedure code 90791 for an assessment of a primary mental health diagnostic evaluation</b>	<b>Technical Documentation Requirements</b> See Page 220  <b>Service Content</b> <ol style="list-style-type: none"> <li>1. The reason for the visit. What was the intended goal or agenda? Chief complaint/presenting concern(s) or problem(s)</li> <li>2. Referral source</li> <li>3. Diagnostic interview examination elements specific to SUD</li> <li>4. Review of psychosocial and family history</li> <li>5. Mental status exam appropriate to determine SUD diagnosis</li> <li>6. Diagnostic formulation</li> <li>7. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties and disposition</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
For assessment of a primary mental health diagnosis use the 90791 procedure code. H0001 is used for assessment(s) and re-assessment (s), if required, related to SUD diagnoses, and does not include psychotherapeutic services. If appropriate and based on patient stability/status in social detox, Assessment services (H0001) may be provided prior to discharge.

SCREENING – PROGRAM ELIGIBILITY		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
H0002	Behavioral health screening to determine eligibility for admission to treatment program	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
A preliminary procedure limited in nature and intended to merely indicate whether there is a probability that a mental health and/or substance use-related problem is present. Screening may be accomplished using a structured interview or a formal standardized screening tool that is culturally and age-relevant.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> <ol style="list-style-type: none"> <li>1. The reason for the visit/call. What was the intended goal or agenda? Chief complaint/presenting concern(s) or problem(s)</li> <li>2. Referral source and reason(s) for referral</li> <li>3. Description of the service</li> <li>4. Review of psychosocial and family history, identified risks, assessment of treatment program appropriateness</li> <li>5. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties and disposition – need for BH services, referral, etc.</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
Screening may require not only the evaluation of a patient's treatment needs, but also an evaluation of available treatment options. If there is a documented diagnosis, it can be used. If there isn't an existing diagnosis, it needs to be listed as deferred (R69 – illness, unspecified or Z03.89 – encounter for observation for other suspected diseases and conditions ruled out) unless the screener has actually confirmed the diagnosis. If this service is 344 provided by a LAC or CAC, the service must be provided at a facility licensed by OBH, or under the supervision of a licensed physician or licensed practitioner of the healing arts (10 CCR 2505-10) <b>Medicaid: if services are performed by a LAC/CAC provider, a SUD Primary Diagnosis is required.</b>	Screening to determine eligibility, treatment needs and treatment options. In an integrated care setting, a Behavioral Health Professional may do a brief assessment such as a PHQ-9 to assess for the presence/severity of depression.

RESIDENTIAL - ACUTE TREATMENT UNIT (ATU)		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
H0017	Behavioral health; residential (hospital residential treatment program), without room and board, per diem	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
24-hour per day hospital facility (licensed by the State Hospital Authority) without room and board, at an LOC where a planned program of professionally directed evaluation, care and treatment for the restoration of functioning for persons with behavioral health disorders occurs.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> Shift Notes or Daily Note (summary of shift notes) 1. Patients current clinical status, e.g. symptoms or pertinent mental status and functioning status 2. Participation in treatment 3. Pertinent physical health status information 4. Progress toward treatment plan goals and/or discharge 5. Any other patient activities or patient general behaviors in milieu 6. The therapeutic intervention(s) utilized and the individual's response to the intervention(s)  All individual and group services, provided by residential staff, e.g. skills training group, individual therapy, med administration services, although included in the per diem, should be identified separately. These services can be all included in the same documentation as the daily/shift notes or in a separate note. Refer to appropriate service procedure code minimum documentation for each service.	
NOTES	EXAMPLE ACTIVITIES	
LOS averages 3 – 7 days, but generally no longer than 30 days. All services provided by internal professionals in the residential settings within the period are covered with this code. Any discrete services (e.g., family, group and individual psychotherapy, psychiatric services, case management, etc.) provided by external professionals (non-residential staff) are documented, and reported or billed separately from H0017.	*External provider means any provider who is providing a discrete service who is not part of the residential program. Example, a case manager not part of the residential facility could perform a service as part of the transition from the residential program as long as it is not a duplication of a service already provided by the residential facility.

RESIDENTIAL – SHORT TERM		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
H0018	Behavioral health; short-term residential (non-hospital residential treatment program), without room and board, per diem	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
A short-term residential treatment program offering 24-hour intensive residential treatment, habilitative, and rehabilitative services for up to 30 days in a highly structured, community-oriented environment. This type of program is appropriate for patients who need concentrated therapeutic services prior to community residence. The focus of services is to stabilize the patient and provide a safe and supportive living environment.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> Shift Notes or Daily Note (summary of shift notes) <ol style="list-style-type: none"> <li>1. Patients current clinical status, e.g. symptoms or pertinent mental status and functioning status</li> <li>2. Participation in treatment</li> <li>3. Pertinent physical health status information</li> <li>4. Progress toward treatment plan goals and/or discharge</li> <li>5. Any other patient activities or patient general behaviors in milieu</li> </ol> All individual and group services, provided by residential staff, e.g. skills training group, individual therapy, med administration services, although included in the per diem, should be identified separately. These can be all included in the same documentation as the daily/shift notes or in a separate note. Refer to appropriate service procedure code for required minimum documentation for each service. Residential programs who continue to incorporate and document the activities of less than bachelor's level staff, must also show documentation to support services provided by Medicaid allowed practitioners during the same per diem billing period.	
NOTES	EXAMPLE ACTIVITIES	
All services provided by internal professionals in the residential settings within the period are covered with this code. Any discrete services (e.g., family, group and individual psychotherapy, psychiatric services, case management, etc.) by external professionals (non-residential staff) are documented, and reported or billed separately from H0018. This does not include services for children who are in custody of the Department of Human Services.	*External provider means any provider who is providing a discrete service who is not part of the residential program. Example, a case manager not part of the residential facility could perform a service as part of the transition from the residential program as long as it is not a duplication of a service already provided by the residential facility. This code could also be used for a Crisis Services Unit if billed with the ET modifier.

TREATMENT – ALCOHOL AND DRUG ABUSE - METHADONE		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
H0020	Alcohol and/or drug services; Methadone administration and/or service (provisions of the drug by a licensed program)	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
<p>This service includes the acquisition and cost of the Methadone and administration of the drug by an alcohol and/or other drug program for the purpose of decreasing or eliminating dependence on opiate substances.</p> <p>Note: Methadone administration is considered only one service of an array /set of services, including SUD group and individual therapy, and other outpatient services that should be established as the treatment protocol and carefully monitored for adherence by the treatment facility. <b>*For patients 17 and under, Federal regulations must be followed for this service.</b></p>	<p><b>Technical Documentation Requirements</b> See Page 220</p> <p><b>Service Content</b></p> <ol style="list-style-type: none"> <li>1. Medication take-home agreements (when applicable)</li> <li>2. Daily dosage</li> <li>3. Induction notes (when applicable)</li> <li>4. Daily acknowledgement form signed by patient</li> <li>5. Daily observation by a medical professional</li> <li>6. Take home documentation can be completed in one note; include dates doses are to be taken and each dose amount should be included in the single note.</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
<p>Methadone administration must be provided by a facility with a controlled substance license from the Office of Behavioral Health (OBH), be registered with the Drug Enforcement Administration (DEA) and have a designated medical director to authorize and oversee Opioid Treatment Program (OTP) physicians. Staff must be licensed through the Office of Behavioral Health and be certified through Substance Abuse and Mental Health Services Administration (SAMHSA) as opioid medication assisted treatment providers. The methadone is ordered from the manufacturer by the OTP physician and delivered to the facility. Take-home doses permitted in accordance with OBH Rule 21.320 and reported in claims with one unit H0020 per claim line, per date the dose given for, with POS "home" for dates when a dose was provided to take at home, and POS "office" or "outpatient facility" etc. for date take-home doses physically handed to the patient.</p>	<ul style="list-style-type: none"> <li>• The measuring, diluting and/or mixing of Methadone into a dosage that is appropriate for the patient's plan of care, administered by a qualified physician, physician assistant, or nurse practitioner, which is subsequently delivered to the patient for oral ingestion.</li> <li>• Note: this code includes the acquisition of the Methadone used for treatment as a pre-requisite to the actual administration of the drugs.</li> </ul>

PREVENTION/EARLY INTERVENTION - EDUCATION					
CPT®/HCPCS PROCEDURE CODE		PROCEDURE CODE DESCRIPTION		USAGE	
H0025		Behavioral health prevention education service (delivery of services to affect knowledge, attitude and/or behavior)		<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH	
SERVICE DESCRIPTION			MINIMUM DOCUMENTATION REQUIREMENTS		
<p>H0025 includes the delivery of services to individuals on issues of behavioral health education, to affect knowledge, attitude and behavior. It may include screenings to assist individuals in obtaining appropriate treatment. Prevention activities are delivered prior to the onset of a disorder and are intended to prevent or reduce the risk of developing a behavioral health problem. (SAMSHA). Causes and symptoms of disorders are discussed to encourage early intervention and reduce severity of illness. Education involves two-way communication and is distinguished from information dissemination by the fact that interaction between educator/facilitator and participants is the basis of the activities.</p>			<p><b>Technical Documentation Requirements</b> See Page 220</p> <p><b>Service Content</b></p> <ol style="list-style-type: none"> <li>The reason for the visit. What was the intended goal or agenda?</li> <li>Description of the service</li> <li>Prevention education provided and individual's response to the information</li> <li>Plan for next contact(s), if applicable</li> </ol>		
NOTES			EXAMPLE ACTIVITIES		
<p>Activities affect critical life and social skills, including but not limited to decision-making, refusal skills, critical analysis, and systematic judgment abilities. One of the goals of these activities is to impact the choices individuals make that affect his or her wellness to improve health.</p> <p><b>Medicaid: if services are performed by a LAC/CAC provider, a SUD Primary Diagnosis is required.</b></p>			<ul style="list-style-type: none"> <li>Classroom educational activities for children or parents focused on skill building and CBT skills to prevent anxiety/depression</li> <li>Education services/programs for youth on substance use</li> <li>Parenting/family management services focused on life/social skills</li> <li>Peer leader/helper programs teaching drug refusal skills and commitment to a drug free lifestyle</li> <li>Small group sessions involving interaction amongst participants</li> <li>Nurturing Parent Program</li> <li>Educational programs (safe and stable families)</li> <li>"Love and Logic" ( healthy parenting skills)</li> <li>Multi-family groups that are educational in nature (not therapeutic)</li> </ul>

PHONE – CRISIS- BEHAVIORAL HEALTH		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
H0030	Behavioral Health, Hotline Services	<input type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
Hotline Services are provided through a program with telephone support services that are available twenty-four (24) hours per day, seven (7) days per week. Callers often call a hotline anonymously during a crisis situation. There is no requirement for the caller to become a client of the hotline program.	<ul style="list-style-type: none"> <li>• Date of service</li> <li>• Intervention or support services provided</li> <li>• Clients response</li> <li>• Referral for treatment (if necessary)</li> <li>• Signed with 1<sup>st</sup> initial, last name &amp; credentials</li> </ul>

ASSESSMENT- DIAGNOSIS		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
H0031	Mental health assessment, by a non-physician	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
<p>A face-to-face clinical assessment that identifies factors of mental illness, functional capacity, and other additional information used for the treatment of mental illness. Information may be obtained from collaterals. This assessment results in the identification of the patient's BH service needs and recommendations for treatment.</p> <p>The service can also be used by any MHP when an update of the assessment is necessary, for example a referral to a different Level of Care or program.</p> <p><b>* Licensed MHPs, when completing a full assessment with mental status and diagnosis should use procedure code 90791.</b></p>	<p><b>Technical Documentation Requirements</b> See Page 220</p> <p><b>Service Content</b></p> <ol style="list-style-type: none"> <li>1. The reason for the visit. What was the intended goal or agenda? Chief complaint/presenting concern(s) or problem(s)</li> <li>2. Description of the service</li> <li>3. Review of psychosocial and family history, patient functioning and other assessment information</li> <li>4. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties and disposition – need for BH services, referral, etc.</li> </ol>	
OPTIONAL DOCUMENTATION REQUIREMENTS	If a Mental Status Exam and Diagnosis evaluation is completed, it needs to be completed by staff with at least the minimum requirements for a 90791. Otherwise a deferred diagnosis should be used.	
NOTES	EXAMPLE ACTIVITIES	
<p>H0031 is used in lieu of individual psychotherapy procedure codes when the focus of the session is on assessment and not psychotherapy (insight-oriented, behavior modifying and/or supportive) has occurred during the session. (See psychotherapy procedure codes.) Outside assessment information may be used in lieu of some assessment criteria/new assessment, with a corresponding statement as to what information/documentation was reviewed with the patient and is still current.</p> <p>If appropriate and based on patient stability/status in social detox, Assessment services (H0031) may be provided prior to discharge.</p>	<ul style="list-style-type: none"> <li>• Face-to-face meeting with the patient in order to assess his/her needs</li> <li>• Face-to-face meeting with the patient/patient's family to collect social history information</li> <li>• With the patient's permission, face-to-face meetings/ telephone contact with family members, collateral sources of pertinent information (educational, medical, social services, etc.)</li> <li>• Administering acceptable instruments to the patient to document substantial impairment in role functioning</li> </ul>

ASSESSMENT - TREATMENT/SERVICE PLANNING		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
H0032	Mental health service plan development by non-physician	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
Activities to develop, evaluate, or modify a patient's treatment/service plan, including the statement of individualized treatment/service goals, clinical interventions designed to achieve goals, and an evaluation of progress toward goals. The treatment/service plan is reviewed by the clinician and clinical supervisor, and revised with the patient as necessary or when a major change in the patient's condition/service needs occurs.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> <ol style="list-style-type: none"> <li>1. The reason for the visit. What was the intended goal or agenda?</li> <li>2. Description of the service (should include discussion of service plan development)</li> <li>3. Completion of or substantial progress toward plan development including required signatures according to agency policies</li> <li>4. Treatment plan revisions should include progress and/or completion of goals</li> <li>5. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
H0032 is used in lieu of individual psychotherapy procedure codes (see psychotherapy procedure codes) when the focus of the session is on treatment/service planning and no psychotherapy occurs during the session. Use a psychotherapy code if more than 50% of the session is psychotherapy.

TREATMENT - MEDICATION MANAGEMENT					
CPT®/HCPCS PROCEDURE CODE		PROCEDURE CODE DESCRIPTION		USAGE	
H0033		Oral medication administration, direct observation		<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH	
SERVICE DESCRIPTION			MINIMUM DOCUMENTATION REQUIREMENTS		
<p>Observing patient taking oral prescribed medication(s) to ensure adequate maintenance of medication regimen to deter/prevent deterioration of patient's condition.</p> <p>This service includes the administration of Buprenorphine products, within a methadone clinic site, for the purpose of decreasing or eliminating dependence on opiate substances. Administration of Buprenorphine products is only conducted by a qualified physician, physician assistant, or nurse practitioner in a licensed methadone facility.</p> <p>*For patients 17 years and under, Federal regulations must be followed for administering Suboxone</p>			<p>Technical Documentation Requirements See Page 220</p> <p><b>Service Content:</b></p> <ol style="list-style-type: none"> <li>Documentation that supports observation of medications administered, including name and dosage</li> <li>Patient response to medications, e.g. is the patient tolerating the medication well or are there complaints of side effects, problems sleeping; is there improvement or not in symptoms. If not tolerating the medication actions taken.</li> <li>Every encounter should have its own notation.</li> <li>For suboxone induction notes (when applicable) &amp; daily acknowledgement form signed by patient is present</li> </ol>		
NOTES			EXAMPLE ACTIVITIES		
<p>This service is designed to facilitate medication compliance and positive outcomes. Patients with low medication compliance history/patients newly on medication are most likely to receive this service. Administration of Buprenorphine products must be provided within a facility with a controlled substance license from the Office of Behavioral Health (OBH), registration with the Drug Enforcement Administration (DEA) and certified through Substance Abuse and Mental Health Services Administration (SAMHSA) as an opioid medication assisted treatment provider. The cost of the Buprenorphine products is paid through Medicaid fee-for-service. Physicians, administering Buprenorphine products, through the DATA Waive provider's office are reimbursed through FFS. Cannot be billed if the service is part of the E&amp;M service by the same provider on the same day. This code should be billed for the <i>administration</i> of the medication. The medication itself is billed to Fee for Service Medicaid</p>			<ul style="list-style-type: none"> <li>Face-to-face, one-on-one cueing/encouraging and observing patient taking prescribed medications</li> <li>Reporting back to MHPs licensed to perform medication management services for direct benefit of patient</li> <li>The administration of Buprenorphine products appropriate to a patient's plan of care to the patient for oral ingestion, conducted by a qualified physician, physician assistant, or nurse practitioner or within a licensed methadone facility.</li> </ul>

TREATMENT - INTENSIVE - PARTIAL HOSPITALIZATION (PHP)		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
H0035	Mental health partial hospitalization, treatment, less than 24 hours	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
A treatment alternative to inpatient psychiatric hospitalization, which includes comprehensive, structured BH services of a nature and intensity (including medical and nursing care) generally provided in an inpatient setting, as a step toward community reintegration. Services include assessment; psychological testing; family, group and individual psychotherapy; medical and nursing support; medication management; skill development; psychosocial education and training; and expressive and activity therapies.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> <ol style="list-style-type: none"> <li>Initial/intake documenting symptoms/problems necessitating treatment</li> <li>Individualized treatment/service plan               <ul style="list-style-type: none"> <li>Services must be prescribed by an MD/DO and provided under plan of treatment established by an MD/DO after consultation with appropriate staff</li> <li>Plan must state type, amount, frequency, and duration of services to be furnished and indicate goals</li> <li>Describes coordination of services wrapped around particular needs of patient</li> </ul> </li> <li>Target symptoms, goals of therapy and methods of monitoring outcome               <ul style="list-style-type: none"> <li>Why chosen therapy is appropriate modality either in lieu of/in addition to another form of treatment</li> </ul> </li> <li>Progress notes document services rendered, patient's response and relation to treatment plan goals</li> <li>Specify estimated duration of treatment, in sessions               <ul style="list-style-type: none"> <li>For an acute problem, document that treatment is expected to improve health status/function of patient</li> <li>For chronic problems, document that stabilization/maintenance of health status/function is expected</li> </ul> </li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
The use of PHP as a setting of care presumes that patient does not meet medical necessity criteria for inpatient psychiatric treatment; at the same time, it implies that routine outpatient treatment is of insufficient intensity to meet the patient's present treatment needs.

RESIDENTIAL - SUPPORTED HOUSING					
CPT®/HCPCS PROCEDURE CODE		PROCEDURE CODE DESCRIPTION		USAGE	
H0043		Supported housing, per diem		<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH	
SERVICE DESCRIPTION		MINIMUM DOCUMENTATION REQUIREMENTS			
Behavioral health support provided in the home or in another natural setting for patients living in a private residence, either alone or with others, to foster the patient's development of independence and eventually move to independent living. Services are provided as needed to ensure successful tenancy and to support the person's recovery and engagement in community life. The patient has the opportunity to live in a less restrictive living situation while continuing to receive behavioral health treatment, training, support, and a limited amount of supervision. Services individualized and are available whenever people need them, including after working hours and on weekends when necessary.		<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> <ol style="list-style-type: none"> <li>The reason for the visit. What was the intended goal or agenda? How does the service relate to the treatment plan?</li> <li>Description of the service provided/shift note describing services and the patient's response</li> <li>How did the service impact the individual's progress towards goals/objectives?</li> <li>Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties</li> </ol>			
NOTES		EXAMPLE ACTIVITIES			
Discrete services (e.g., family, group and individual psychotherapy, psychiatric services, case management, etc.) are documented, and reported or billed separately from H0043.		<ul style="list-style-type: none"> <li>Teaching a patient how to cook in their own home</li> <li>Helping a patient with money management</li> </ul>

RESPITE CARE – FACILITY-BASED		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
H0045	Respite care services, not in the home, per diem	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
Overnight services provided in a properly licensed 24-hour facility by medical professionals within their scope(s) of practice. Services must be reasonably expected to improve/maintain the condition and functional level of the patient and prevent relapse/hospitalization. Services include assessment, supervision, structure and support, and care coordination. Respite care should be flexible to ensure that the patient's daily routine is maintained.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> 1. Purpose of contact 2. Respite services/activities rendered 3. Special instructions and that those instructions were followed 4. Patient's response 5. Progress toward treatment/service plan goals and objectives	
NOTES	EXAMPLE ACTIVITIES	
Unlike respite procedure codes S5150 – S5151, H0045 requires skilled practical/professional nursing care to meet the health and physical needs of the patient. Respite care over 4 hours is reported as H0045 (per diem); respite care up to 4 hours (16 units maximum) is reported as T1005. Discrete services (e.g., family, group and individual psychotherapy, psychiatric services, case management, etc.) are documented, and reported/billed separately from H0045.	<ul style="list-style-type: none"> <li>Assistance with/monitoring/prompting of activities of daily living (ADLs), routine personal hygiene skills, dressing, etc.</li> <li>Assistance with monitoring health status and physical condition</li> <li>Assistance with medication and other medical needs</li> <li>Cueing and prompting for preparation and eating of meals</li> <li>Prompting/cueing to perform housekeeping activities (bed making, dusting, vacuuming, etc.)</li> <li>Support to assure the safety of patient</li> <li>Assistance/supervision needed by patient to participate in social, recreational/community activities</li> </ul>

ASSESSMENT - DIAGNOSIS		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
H2000	Comprehensive multidisciplinary evaluation	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
A multidisciplinary evaluation and assessment of a patient's needs and strengths for individuals with high risk and high acuity and a multidisciplinary intervention is necessary for the purpose of development of a multi-disciplinary and/or community treatment plan which may include providers outside of the agency for purposes of collaborative delivery of care, in such areas as psychiatric, physical, psychosocial, family, recreational and occupational therapy (OT).	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> <ol style="list-style-type: none"> <li>1. The reason for the visit/call. What was the intended goal or agenda? Chief complaint/presenting concern(s) or problem(s)</li> <li>2. List of other professionals present and agency affiliation</li> <li>3. Identified risks</li> <li>4. Description of the service provided</li> <li>5. Review of psychosocial and family history</li> <li>6. DSM-5 diagnosis</li> <li>7. Conclusions and recommendations of the Multidisciplinary team</li> <li>8. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties and disposition – need for BH services, referral, etc.</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
A multidisciplinary team is comprised of family members/ significant others, service providers representing 3 or more disciplines/professions, and others deemed appropriate by the patient, involved in the provision of integrated and coordinated services, including evaluation and assessment activities and development of an individualized treatment/service plan. If multiple MHPs from the same agency are present, one note for service written and signed by writer only (usually facilitator). The consumer does not have to be present. Family and/or other involvement as requested by the consumer. At least 3 or more disciplines or professions must be present. All 3 do not need to be from one agency. The facilitator must be from agency.	<ul style="list-style-type: none"> <li>• Complex case reviews</li> <li>• To review level of care</li> </ul>

TREATMENT - VOCATIONAL SERVICES						
CPT®/HCPCS PROCEDURE CODE		PROCEDURE CODE DESCRIPTION			USAGE	
H2026		Ongoing support to maintain employment, per diem			<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH	
SERVICE DESCRIPTION		MINIMUM DOCUMENTATION REQUIREMENTS				
Ongoing or episodic support to maintain employment are utilized prior to or following successful employment placement, including pre-vocational skills training in non-competitive employment placements, development of natural on-the-job supports for a patient. This service is intended to provide those supports necessary to ensure placement, continued employment, advancement in employment as evidenced by salary increases, increased length of employment, and job promotion.		<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> <ol style="list-style-type: none"> <li>1. The reason for the visit/call. What was the intended goal?</li> <li>2. Description of the service provide, intervention utilized, and the patient's response</li> <li>3. How did the service impact the individual's progress towards goals/objectives?</li> <li>4. Plan for next contact including any follow-up or coordination needed with 3<sup>rd</sup> parties</li> </ol>				
NOTES		EXAMPLE ACTIVITIES				
This service is a more general approach than the overall structure and approach to supported employment (H2023 – H2024) and may involve short-term non-competitive employment with job skills assessment and job skills training. Ongoing support to maintain employment up to 4 hours (16 units) is reported/billed as H2025; over 4 hours is reported/billed as H2026 (per diem).		<ul style="list-style-type: none"> <li>• Talking with patient about changes in health, work environment/personal environment to identify needed support changes and avoid crises</li> <li>• Teaching patient pre-vocational skills</li> <li>• Helping patient identify and implement strategies that improve job performance/relations at work including placement in a non-competitive employment position</li> <li>• Visiting patient at job site to identify and address issues pertinent to job retention</li> <li>• Working with patient and his/her job supervisor/employer to establish effective supervision and feedback strategies, ways to make reasonable accommodations to enhance job performance</li> <li>• Contacting patient's family/significant other to monitor support network and/or resolve issues</li> </ul>

TREATMENT - REHABILITATION - OTHER			
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE	
H2032	Activity therapy, per 15 minutes	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH	
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS		
Activity therapy includes the use of music, dance, creative art or any type of play, <b>not for recreation</b> , but related to the care and treatment of the patient's disabling behavioral health problems. These are therapeutic activities in a structured setting designed to improve social functioning, promote community integration and reduce symptoms in areas important to maintaining/re-establishing residency in the community. Activities may be delivered on an individual/group basis and are designed to promote skill development and meet specific goals and measurable objectives in the treatment/service plan.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> 1. Reason for the visit. What was the intended goal or agenda? How does the service relate to the treatment plan? 2. Description of activity 3. How did the service impact the individual's progress towards goals/objectives? 4. Plan for next contact(s) including any follow-up or coordination needed with 3 <sup>rd</sup> parties		
NOTES	EXAMPLE ACTIVITIES		
"Structured setting" does not preclude community POS.	<ul style="list-style-type: none"> <li>• Playing basketball with group of adolescents to facilitate prosocial behavior and passing/taking turns.</li> <li>• Hiking in community to help a patient with depressive symptoms reinforce the connection between healthy mind and body with exercise.</li> <li>• Puppet play with a child to identify feelings and interpersonal dynamics</li> <li>• Art/music activities to improve self-esteem, concentration, etc.</li> </ul>

TREATMENT - ALCOHOL AND DRUG ABUSE - EDUCATION		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
S9445	Patient education, not otherwise classified, non-physician provider, individual	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
A brief one-on-one session in which concerns about a patient's AOD (Alcohol or drug) use are expressed, and recommendations regarding behavior change are given. The intervention should follow as soon as possible after a patient has been screened for the presence of AOD. Feedback is given on AOD use patterns. The intervention focuses on increasing motivation for behavior change. Intervention strategies include education, brief counseling, continued monitoring, or referral to more intensive substance abuse treatment services.  This procedure code covers the collection of a specimen (for analysis) in conjunction with the counseling of the screening results. If the counseling/education doesn't occur then the procedure code cannot be billed. The urine analysis is billed separately to fee-for-service (FFS) by the laboratory. There is no separate code solely for sample collection.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content:</b> <ol style="list-style-type: none"> <li>1. The reason for the visit/call. What was the intended goal or agenda? How does the service relate to the treatment plan?</li> <li>2. Description of the service provided, including results of AOD screening, the education provided, strategies used, and the individual's response to the education</li> <li>3. How did the service impact the individual's progress towards goals/objectives?</li> <li>4. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
Substance abuse counseling/education services shall be provided along with screening to discuss results with patient. The laboratory analysis needed as a prerequisite for this code should be submitted as a claim to FFS by the laboratory, if covered by Medicaid. This counseling/education service should occur only once per drug screening.	Collection of specimen and counseling of the results.

CRISIS – BEHAVIORAL HEALTH			
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE	
S9485	Crisis intervention mental health services, per diem	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH	
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS		
Unanticipated services rendered in the process of resolving a client crisis, requiring immediate attention, that without intervention, could result in the client requiring a higher LOC., Services include: immediate crisis intervention to de-escalate the individual or family in crisis, assess dangerousness of situation, determine risk of suicide or danger to others, assess access to or ability to utilize support, triage, assess for and facilitate admission to higher level care or additional forms of treatment if needed to stabilize the immediate situation, . When possible, if the client has developed a Wellness Recovery Action Plan (WRAP) and/or psychiatric advance directive, this plan is followed with the client’s permission.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> <ol style="list-style-type: none"> <li>1. The reason for the visit/call. What was the intended goal or agenda? Description of the crisis/need for crisis intervention</li> <li>2. The therapeutic intervention(s) utilized (assessment, mental status, de-escalation techniques, consultation, referral) and the individual/family’s response to the intervention(s)</li> <li>3. BH history</li> <li>4. Treatment needs (immediate, short-term, long-term) linked with an existing crisis plan (WRAP, advance directive), if available</li> <li>5. Other problems identified (mental health, substance abuse, medical, etc.)</li> <li>6. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties</li> </ol>		
NOTES	EXAMPLE ACTIVITIES		
Services may be provided at any time, day or night and by a mobile team/crisis program in a facility/clinic or other provider as appropriate. May be provided by more than one direct care staff if needed to address the situation (e.g., for safety); all staff involved and their activities are identified and documented. H2011 or 90839/90840 are used in lieu of individual psychotherapy procedure codes when the session is unscheduled (e.g., client walk-in), focused on a client crisis, and involves immediate and/or special interventions in response.	<ul style="list-style-type: none"> <li>• Face-to-face/telephone contact to provide immediate, short-term crisis-specific assessment and intervention/counseling with client and, as necessary, with client’s caretakers/ family members</li> <li>• Referral to other applicable BH services, including pre-inpatient screening; activities include telephone contacts/ meeting with receiving provider staff</li> <li>• Face-to-face/telephone consultation with physician/ hospital staff, regarding need for psychiatric consultation or placement</li> <li>• Face-to-face/telephone contact with another provider to help that provider deal with a specific client’s crisis</li> <li>• Consultation with one’s own provider staff to address the crisis</li> </ul>

RESPITE CARE – FACILITY-BASED				
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE		
T1005	Respite care services, up to 15 minutes	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH		
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS			
Services to temporarily substitute for primary caregivers to maintain patients in outpatient setting. Services include assistance with/monitoring of personal hygiene, nutritional support, safety, and environmental maintenance. Respite care should be flexible to ensure that the patient’s daily routine is maintained.	<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> 1. Purpose of contact 2. Respite services/activities rendered 3. Special instructions and that those instructions were followed 4. Patient’s response 5. Progress toward treatment/service plan goals and objectives			
NOTES	EXAMPLE ACTIVITIES			
Unlike respite procedure codes S5150 – S5151, T1005 requires skilled practical or professional nursing care to meet the health and physical needs of the patient. Respite care up to 4 hours (16 units maximum) is reported as T1005; respite care over 4 hours is reported as H0045 (per diem). Discrete services (e.g., family, group and individual psychotherapy, psychiatric services, case management, etc.) are documented, and reported or billed separately from T1005.  *POS Home (12): Refers to <i>either</i> the Respite Worker’s home or the patient’s home, for this procedure code.	<ul style="list-style-type: none"> <li>Assistance with/monitoring/prompting of activities of daily living (ADLs), routine personal hygiene skills, dressing, etc.</li> <li>Assistance with monitoring health status and physical condition</li> <li>Assistance with medication and other medical needs</li> <li>Cueing and prompting for preparation and eating of meals</li> <li>Prompting/cueing to perform housekeeping activities (bed making, dusting, vacuuming, etc.)</li> <li>Support to assure the safety of patient</li> <li>Assistance/supervision needed by patient to participate in social, recreational/community activities</li> </ul>

RESIDENTIAL - ALCOHOL AND DRUG ABUSE - SOCIAL DETOX					
CPT®/HCPCS PROCEDURE CODE		PROCEDURE CODE DESCRIPTION		USAGE	
T1007		Alcohol and/or substance abuse services, treatment plan development and/or modification, including vital sign monitoring		<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH	
SERVICE DESCRIPTION			MINIMUM DOCUMENTATION REQUIREMENTS		
<p>Initial detox plan for member may be more generally focused on assessment of detox progression, maintaining member safety. As member progresses in detox and is able to participate in planning, a more specific treatment plan, focused on aftercare and treatment, as needed, may be developed. This may be the initial plan for a patient beginning treatment or the modification of a plan for a patient already in treatment. It is typically a scheduled service that is not necessarily delivered in conjunction with another treatment. This service may require the participation of clinicians and specialists in addition to those usually providing treatment.</p>			<p><b>Technical Documentation Requirements</b> See Page 220</p> <p><b>Service Content:</b></p> <ol style="list-style-type: none"> <li>Assessment of detox progression             <ul style="list-style-type: none"> <li>Degree of Alcohol or Drug intoxication and/or withdrawal as evidenced by breathalyzer, UA, self-report, observation or other accepted means</li> <li>Initial vital signs</li> <li>Need for emergency medical and/or psychiatric services</li> <li>Substance use disorder history and degree of personal and social dysfunction, as soon as clinically feasible</li> <li>Pregnancy screen</li> <li>Clinical Institute Withdrawal Assessment of Alcohol – Revised (CIWA-AR) or comparable instrument</li> </ul> </li> <li>Detox monitoring             <ul style="list-style-type: none"> <li>All monitoring activities</li> <li>Vital signs taken at least every 2 hours until remaining in normal range for at least 4 hours; then every 8 hours until discharge</li> <li>Routine monitoring of physical and mental status</li> </ul> </li> <li>Referral for medical interventions based on assessment and monitoring</li> <li>Detox plan modification or, as appropriate development of a treatment plan for aftercare based on assessment and monitoring</li> </ol>

TREATMENT - CASE MANAGEMENT					
CPT®/HCPCS PROCEDURE CODE		PROCEDURE CODE DESCRIPTION		USAGE	
T1016  <b>*Not recommended for use per State</b>		Case management, each 15 minutes		<input type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH	
SERVICE DESCRIPTION			MINIMUM DOCUMENTATION REQUIREMENTS		
Services designed to assist and support a patient to gain access to needed medical, social, educational, and other services. Case management includes: <ul style="list-style-type: none"> <li>• <b>Assessing service needs</b> – patient history, identifying patient needs, completing related documents, gathering information from other sources;</li> <li>• <b>Service plan development</b> – specifying goals and actions to address patient needs, ensuring patient participation, identifying a course of action;</li> <li>• <b>Referral</b> and related activities to obtain needed services – arranging initial appointments for patient with service providers/informing patient of services available, addresses and telephone numbers of agencies providing services; working with patient/service providers to secure access to services, including contacting agencies for appointments/services after initial referral process; and</li> <li>• <b>Monitoring and follow-up</b> – contacting patient/others to ensure patient is following the agreed upon service plan and monitoring progress and impact of plan.</li> </ul>			<b>Technical Documentation Requirements</b> See Page 220 <b>Service Content</b> <ol style="list-style-type: none"> <li>1. The reason for the visit/call. What was the intended goal or agenda? How does the service relate to the treatment plan?</li> <li>2. Description of the service provided (specify issues addressed (adult living skills, family, income/ support, legal, medication, educational, housing, interpersonal, medical/dental, vocational, other basic resources)</li> <li>3. The services utilized and the individual’s response to the services (includes assessing service needs, service plan development, referral, and monitoring/follow-up, which includes care coordination)</li> <li>4. How did the service impact the individual’s progress towards goals/objectives?</li> <li>5. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties</li> </ol>		
NOTES			EXAMPLE ACTIVITIES		
<b>Case management involves linking the patient to the direct delivery of needed services, but is not itself the direct delivery of a service to which the patient has been referred.</b> Case management does not include time spent transporting the patient to required services/time spent waiting while the patient attends a scheduled appointment. However, it includes time spent participating in an appointment with the patient for purposes of referral and/or monitoring and follow-up.			<ul style="list-style-type: none"> <li>• Assessing the need for service, identifying and investigating available resources, explaining options to patient and assisting in application process</li> <li>• Contact with patient’s family members for assistance helping patient access services</li> <li>• Care Coordination between other service agencies, healthcare providers</li> </ul>

TREATMENT - CASE MANAGEMENT		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
T1017	Targeted case management, each 15 minutes	<input checked="" type="checkbox"/> Medicaid <input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
<p>Services designed to assist and support a patient diagnosed with or being assessed for a mental health disorder, to gain access to needed medical, social, educational, and other services as well as provide care coordination and care transition services, including:</p> <ul style="list-style-type: none"> <li>• <b>Assessing service needs</b> – gathering patient history/collateral info, treatment needs;</li> <li>• <b>Service plan development</b> – specifying goals and actions to address patient needs, ensuring participation, identifying a course of action; includes transition plan development</li> <li>• <b>Referral</b> and related activities to obtain needed services – arranging initial appointments for patient with service providers/informing patient of services and/providing contact information for available services; working with patient/collaterals to secure access to services, including contacting agencies for appointments/services after initial referral process; and</li> <li>• <b>Monitoring and follow-up</b> – contacting patient/others to ensure patient is following the agreed upon service or transition plan and monitoring progress and impact of plan.</li> </ul> <p><b>BA-Level staff may ONLY perform service if at a Licensed Mental Health Center and under direction of a physician per Medicaid State Plan Amendment.</b></p> <p>See Appendix F: <a href="#">Targeted Case Management</a></p>	<p><b>Technical Documentation Requirements</b> See Page 220</p> <p><b>Service Content</b></p> <ol style="list-style-type: none"> <li>1. The reason for the visit/call. What was the intended goal or agenda? How does the service relate to the treatment plan?</li> <li>2. Description of the service provided (specify issues addressed (adult living skills, family, income/ support, legal, medication, educational, housing, interpersonal, medical/dental, vocational, other basic resources)</li> <li>3. The services utilized and the individual’s response to the services (includes assessing service needs, service plan development, referral, and monitoring/follow-up, which includes care coordination)</li> <li>4. How did the service impact the individual’s progress towards goals/objectives?</li> <li>5. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
<p><b>Case management involves linking the patient to the direct delivery of needed services, but is not itself the direct delivery of a service to which the patient has been referred.</b> Case management does not include time spent transporting the patient to required services/time spent waiting while the patient attends a scheduled appointment. However, it includes time spent participating in an appointment with the patient for purposes of referral and/or monitoring and follow-up.</p> <p>T1017* may be used, when appropriate to patient status for an individual in social detox. However, it may <i>not</i> be used for a one-time event (i.e. it is only approved for use when several case management contacts are needed - documentation must support).</p>	<ul style="list-style-type: none"> <li>• Assessing the need for service, identifying and investigating available resources, explaining options to patient and assisting in application process</li> <li>• Contact with patient’s family members for assistance helping patient access services</li> <li>• Care Coordination between other service agencies, healthcare providers</li> <li>• Development and follow-up of a transition plan from the hospital to outpatient services</li> </ul> <p>Social Detox example: To link patient from social detox to outpatient services, multiple case management services are offered (calls, meetings with collaterals, etc.) to schedule an intake, obtain records and information and make referrals.</p>

## VIX. Time Documentation Rules/Standards

When documenting, reporting and/or billing Current Procedural Terminology (CPT®) or Healthcare Common Procedure Coding System (HCPCS) procedure codes, the units of service should be consistent with the time component defined in the procedure code description. CPT® and HCPCS procedure codes include both “timed” and “untimed” procedure codes.

- “Timed” procedure codes specify a direct (i.e., face-to-face) time increment in the procedure code description. The direct time component is only that time spent with the patient and/or family. Non-face-to-face time (i.e., pre- and post-encounter time) is not included in the calculation of the time component. Examples of time-specific services are psychological testing (1 hour), psychotherapy (from 20 – 30 minutes up to 70 – 80 minutes), and case management (15 minutes).<sup>102</sup>
- “Untimed” procedure codes do not include specific direct (i.e., face-to-face) time increments in the procedure code description. These procedure codes represent a service or procedure without regard to the length of the encounter. If there is no designated time in the procedure code description, the procedure code is reported or billed as one (1) unit (i.e., session, encounter),<sup>103</sup> regardless of the number of minutes spent rendering the service. Examples of “untimed” services are psychiatric diagnostic interview exam, medication management, and outreach.
- A unit of time is attained when the mid-point is passed. For example, an hour is attained when 31 minutes have elapsed (more than midway between zero and sixty minutes). A second hour is attained when a total of 91 minutes have elapsed.

### a. Fifteen (15) Minute Time-Based Procedure Codes

Some CPT® and HCPCS procedure codes specify that the direct (i.e., face-to-face) time spent in patient contact is 15 minutes. The provider reports or bills these procedure codes with the appropriate number of 15-minute units of service using the following time intervals:

Determining Billing Units for 15 Minute Timed Procedure Codes	
# of 15 Minute Units	Duration
1 unit	Greater than or equal to ( $\geq$ ) 8 minutes and less than ( $<$ ) 23 minutes*
2 units	$\geq$ 23 minutes to $<$ 38 minutes
3 units	$\geq$ 38 minutes to $<$ 53 minutes
4 units	$\geq$ 53 minutes to $<$ 68 minutes
5 units	$\geq$ 68 minutes to $<$ 83 minutes
6 units	$\geq$ 83 minutes to $<$ 98 minutes
7 units	$\geq$ 98 minutes to $<$ 113 minutes
8 units	$\geq$ 113 minutes to $<$ 127 minutes

The pattern continues in the same way for service times in excess of two (2) hours. For all services, providers should not report or bill services rendered for less than eight (8) minutes. For case management services (T1017) providers may **not** bill services rendered for less than eight (8) minutes, however bundling of these services is acceptable.

While the above table provides guidance in rounding time into 15-minute increments, it does not imply that any minute until the eighth should be excluded from the total count. The time of direct (i.e., face-to-face) treatment includes all time spent in patient contact. The start and end time of the treatment service should be routinely documented in the patient’s clinical record as part of the progress note.<sup>104</sup>

## b. One-Hour Time-Based Procedure Codes

Some CPT and HCPS procedure codes specify that the direct (i.e. face-to-face) time spent in patient contact is 1 hour. The provider reports of bills these procedure codes with the appropriate number of 1-hour units of service using the example time intervals given in the table below. The pattern continues in this manner.

Determining Billing Units for 1-Hour or 60 Minutes Timed Procedure Codes	
# of 60 Minute Units	Duration
1 unit	Greater than or equal to (≥) 31 minutes and less than (<) 91 minutes*
2 units	≥ 91 minutes to < 151 minutes
3 units	≥ 151 minutes to < 211 minutes
4 units	≥ 211 minutes to < 271 minutes
5 units	≥ 271 minutes to < 331 minutes
6 units	≥ 331 minutes to < 391 minutes
7 units	≥ 391 minutes to < 451 minutes

## c. Time-Based Encounter Procedure Codes

Some CPT® and HCPCS procedure codes are reported as encounters (1 unit), but also specify an approximate amount of direct (i.e., face-to-face) time in the procedure code description. For example, the CPT® procedure codes 90832 – 90838 for individual psychotherapy state “approximately ‘x’ minutes face-to-face with the patient.” If the amount of time spent directly with the patient fall into the gap between the two sequential time-based procedure codes, a provider should follow Appendix H ‘Time Standards’.<sup>105</sup>

HCPCS procedure codes G0176 – G0177 for partial hospitalization program (PHP) activity therapy and training and education services parenthetically state “45 minutes or more.” Encounters (i.e., sessions) of less than 45 minutes should be reported or billed with modifier 52 (Reduced Service) to indicate that the service is reduced or less extensive than the usual procedure.<sup>106</sup>

The actual start and stop time or the total amount of time (i.e., duration) spent with a patient must be documented to support coding for encounters based on time.<sup>107</sup>

## d. Consultation Services

Consultation Services are distinguished from other evaluation and management (E/M) services because a Physician or qualified non-physician practitioner (NPP) is requested to advise or opine regarding E/M of a specific patient by another

Physician or other appropriate source. Consultations may be reported or billed based on time if the counseling and/or coordination of care comprise more than 50% of the face-to-face consultant-patient encounter.<sup>108</sup> (Refer to Section IV.C.)

### e. Missed Appointments

There are no procedure codes for Missed Appointments (i.e., cancellations and/or “no shows”). A Missed Appointment is a “non-service” and is not reimbursable or reportable. Per state and federal guidelines, Medicaid patients **cannot** be charged for missed appointments. From a risk management perspective, however, Missed Appointments should be documented in the clinical record.<sup>109</sup>

## X. Procedure Coding Best Practices

Coding consistency is a major initiative in the quest to improve quality reporting and accurate claims submission for behavioral health (BH) services. Adherence to industry standards and approved coding principles ensure quality along with consistency in the reporting of these services. Ensuring accuracy of coding is a shared responsibility among all behavioral health (BH) practitioners. Through coding accuracy, behavioral health organizations (BHOs), community mental health centers (CMHCs) and other community-based practitioners, are able to measure standards of care, assess quality outcomes, manage business activities and receive timely reimbursement. This section provides an overview of best practice guidance for coding behavioral health (BH) services.

### a. Clinical Coding Systems

The clinical coding systems currently used in the United States are the *International Classification of Diseases, Tenth Revision, Clinical Modification* (ICD-10-CM)<sup>110</sup> and the Healthcare Common Procedure Coding System (HCPCS).<sup>111</sup> These clinical coding systems are used by HCPF for both the Colorado Medicaid Community Mental Health Services Program and the Colorado Medical Assistance Program (MAP).

- **ICD-10-CM** is the official system of assigning codes to diagnoses and procedures used by all health care settings, including hospitals, physicians, nursing homes (NHs), home health agencies and other providers. ICD-10-CM procedure codes are used to collect hospital inpatient procedural data. ICD-10-CM code selection follows the *Official ICD-10-CM Guidelines for Coding and Reporting*,<sup>112</sup> developed cooperatively by the American Hospital Association (AHA), the American Health Information Management Association (AHIMA), the Centers for Medicare and Medicaid Services (CMS), and the National Center for Health Statistics (NCHS). These guidelines are a companion document to the ICD-10-CM, and while not exhaustive, assist the user in situations where the ICD-10-CM does not provide direction. The ICD-10-CM is updated annually, effective October 1<sup>st</sup>.

The procedure codes contained in this *USCS Manual* are part of the Healthcare Common Procedure Coding System (HCPCS). HCPCS is the standardized coding system for describing the supplies and services provided in the delivery of health care. Use of HCPCS codes was voluntary until the implementation of HIPAA, when the use of HCPCS codes for health care information transactions became mandatory.<sup>113</sup> HCPCS currently includes two levels of codes:

- **HCPCS Level I** consists of the *Current Procedural Terminology (CPT®), Fourth Edition*,<sup>114</sup> a numeric coding system maintained by the American Medical Association (AMA). The CPT® is a uniform coding system comprised of descriptive terms and more than 8,000 codes used to identify medical services and procedures rendered by physicians and other health care professionals. CPT® code selection follows the guidelines set forth in the current CPT® manual and in the *AMA CPT® Assistant* newsletters. The CPT® is updated annually by the AMA CPT® Editorial Panel, effective January 1<sup>st</sup>.
- **HCPCS Level II** (commonly referred to as HCPCS) is a standardized alphanumeric (a single alphabetical letter followed by four numeric digits) coding system used to describe and identify equipment, supplies, and services not included in the Level 1 (CPT®) codes. HCPCS code selection follows the guidelines set forth by CMS in *HCPCS Level II Coding Procedures*.<sup>115</sup> The more than 8,000 Level II codes are maintained and revised by CMS annually, effective January 1<sup>st</sup>, with quarterly updates.

These clinical coding systems serve an important function for provider reimbursement, hospital payments, quality review, benchmarking measurement, and the collection of general statistical data. Current and updated ICD-10-CM, CPT® and HCPCS Level II code books are an invaluable resource used by all professionals assigning procedure codes, and thus a printed and/or electronic copy of the coding manuals should be available for reference by qualified staff. For additional detailed information and guidance, providers are strongly encouraged to refer to the most recently published editions of the standardized manuals for each procedure code set.

## **b. Responsibility for Code Assignments**

The ultimate responsibility for procedure code assignment lies with the rendering behavioral health (BH) services provider. Policies and procedures may document instances where procedure codes may be selected and assigned by authorized individuals (i.e., coders), who may change a procedure code to more accurately reflect the provider's documentation. However, collaboration with the provider is required, as the provider is ultimately responsible for the coding and documentation.

## **c. General Procedure Coding Requirements**

The following are general procedure coding requirements that are applicable to behavioral health organizations (BHOs), community mental health centers (CMHCs), and substance abuse (SA) treatment service providers:

- Instructions for payer-specific (e.g., Medicaid, Medicare, third party insurance) procedure coding requirements should be readily accessible to all staff. These instructions should also be regularly reviewed and updated as needed to accurately reflect current payer-specific standards.
- Specific and detailed procedure coding guidelines should be utilized to report all services to payers. These guidelines should also be regularly reviewed and updated as needed.
- All clinicians should interpret clinical documentation and apply procedure coding principles in the same manner.
- Procedure codes should not be assigned, modified, or excluded solely for maximizing reimbursement.
- Clinical service or procedure codes should not be changed or amended due to a provider's or patient's request to have the service in question covered by a payer.

- If the initial procedure code assignment does not reflect the actual service(s), procedure codes may be revised based on supporting documentation.
- Procedure coding references, BHO- and/or CMHC-specific guidelines, and regulatory requirements outlining reporting procedures should be readily accessible to all staff. These documents should also be regularly reviewed and updated as needed. According to the American Medical Association (AMA) Current Procedural Terminology (CPT®) instructions, providers should “select the name of a procedure that *accurately* identifies the service performed. Do *not* select a CPT® code that *merely approximates* the service provided.”<sup>116</sup> When an “accurate” procedure code does *not* exist to describe the service or procedure, the provider should do one (1) of the following:
  1. Use an unlisted CPT® procedure code (e.g., 90899) and include a “special report” as supporting documentation
  2. Append a CPT® procedure code with an appropriate modifier (e.g., 22, 52)
  3. Use an appropriate Healthcare Common Procedure Coding System (HCPCS) procedure code<sup>117</sup>

For reporting and/or billing purposes, the clinical record documentation should always precede the CPT® or HCPCS procedure code(s) selection. The following steps, in sequential order, are essential to the process of rendering, documenting, and reporting or billing behavioral health (BH) services:

1. Determine that the service or procedure is medically necessary
2. Render the service or procedure needed to meet the patient’s needs.
3. Document the service rendered in the clinical record.
4. Select the most appropriate CPT® or HCPCS procedure code for the service or procedure.
5. Report the service or procedure encounter, or submit a claim for the service or procedure rendered.<sup>118</sup>

#### **d. Technical Documentation Requirements**

Where noted in the code pages, the following are required as minimum documentation for providing that service:

1. Date of Service (DOS)
2. Start and end time/duration of session (total face-to-face time with patient)
3. Session setting/place of service
4. Mode of treatment (face-to-face, telephone, video)
5. Provider’s dated signature, degree, title/position
6. Separate progress note for each service

#### **e. Correcting Inaccurate Code Assignments & Processing Rejections**

Each behavioral health organization (BHO), community mental health center (CMHC), and substance abuse (SA) treatment service provider should have a defined process for correcting inaccurate code assignments, both in the clinical record (electronic or hard copy) and with the payer and/or agency to whom the code is reported. In the event an error is discovered after claim submission, a correction should be facilitated on a claim amendment and re-submitted with appropriate documentation, following the payer-specific instructions. Additionally, all rejected claims pertaining to diagnosis and procedure codes should be reviewed and corrected promptly. (Refer to Section V.)

## f. Coding Audits

Audits are generally performed for two (2) reasons:

- **Revenue reasons** – To ensure that the provider is properly reporting and/or billing services or procedures
- **Compliance reasons** – To ensure that the provider is only reporting and/or billing the services or procedure rendered<sup>119</sup>

Audits can provide a wide variety of information, including but not limited to:

- Incorrect levels of service
- Under- and over-coding
- Improper use of modifiers
- Compliance concerns
- Comparison of coding patterns and trends
- Documentation/electronic health record (EHR) issues<sup>120</sup>

While the Office of the Inspector General (OIG) recommends that providers should, at a minimum, audit at least five (5) progress notes every year, many coding professionals recommend auditing more frequently to ensure that the parameters for accurate coding are being met. Standard audits should be performed quarterly, or as needed, if issues exist in the coding and reimbursement process. A minimum of 30 random records per provider should be selected and audited at five percent (5%). Target audits should be performed for specific areas of concern based on the standard audit. The accuracy rate should be determined according to behavioral health organization (BHO), community mental health center (CMHC), and/or substance abuse treatment service provider policies and procedures, as applicable.<sup>121</sup> Audit results should be reported to leadership, compliance staff, and providers. Data from the audit process provides the information necessary for relevant changes and data quality improvements.

"Rules" for Coding Audits	
Rule #1	Select clinical records randomly
Rule #2	Do not review your own documentation
Rule #3	Use the same rules and regulations as the auditors
Rule #4	Keep coding audit results professional and educational
Rule #5	Work to correct errors

## g. Data Quality

Inaccurate and/or missing data poses increased challenges for data quality, which in turn affects patient care. While various information networks are developing and implementing information exchange networks, data accuracy and quality often becomes an issue.

Consequently, data quality affects statistical reporting and reimbursement. When data is improperly coded or does not meet coding compliance, it not only affects the patient, but also the submitting or billing provider. Improving data quality by maximizing coding efforts increases the quality of patient care and initiates a positive chain reaction of data.

Patient privacy is also a critical issue in a network environment. Data inaccuracy is propagated to other data sets, systems and warehouses. Data errors can compromise personal health information (PHI). Practicing accurate data quality by focusing on errors and initiating corrections promptly maintains compliance, as well as cost effectiveness.

It is critical to address data quality issues by reviewing areas for improvement and developing strategies to minimize inaccurate data. The behavioral health organizations (BHOs), community mental health centers (CMHCs), and substance abuse treatment service providers should continue to develop cultures of data consciousness and quality.

## h. Coding Code of Ethics

There are several national professional coding organizations that place an emphasis on code of ethics:

National Professional Coding Organizations with Codes of Ethics	
American Academy of Professional Coders (AAPC)	<a href="http://www.aapc.com">http://www.aapc.com</a>
American College of Medical Coding Specialists (ACMCS)	<a href="http://acmcs.org">http://acmcs.org</a>
American Health Information Management Association (AHIMA)	<a href="http://www.ahima.org">http://www.ahima.org</a>

## XI. General Billing Guidelines

Billing and reimbursement are important issues for all providers. Providers are responsible for submitting the required information for claims processing. This section is designed to assist providers with the essential steps to obtain Medicaid reimbursement. Covered topics include types of claims, completing claims forms, submitting claims, billing tips, procedure coding errors, and diagnosis coding.

The Department of Health Care Policy and Financing (HCPF) contracts with behavioral health organizations (BHOs) under a capitated system of care. This section outlines general billing guidelines for the Colorado Medicaid Community Mental Health Services Program (through the BHOs). For complete billing guidelines, refer to the following resources:

Colorado Behavioral Health Organizations (BHOs)	
Access Behavioral Care (ABC)	<a href="http://www.coaccess.com">http://www.coaccess.com</a>
Behavioral Healthcare, Inc. (BHI)	<a href="http://www.bhicares.org">http://www.bhicares.org</a>
Colorado Health Partnerships (CHP) dba Colorado Health Networks (CHN)	<a href="http://www.chnpartnerships.com">http://www.chnpartnerships.com</a>
Foothills Behavioral Health Partners (FBHP)	<a href="http://www.fbhpartners.com">http://www.fbhpartners.com</a>
Northeast Behavioral Health Partnership (NBHP)	<a href="http://www.nbhpartnership.com">http://www.nbhpartnership.com</a>

## a. Claim Types

All claims for services must be submitted in an approved claim format. The two (2) approved claim formats are:

- UB-04/837I – The standard uniform bill (UB) for institutional healthcare providers (i.e., hospitals, nursing homes (NHs), hospice, home health agencies, and other institutional providers) used nationally. (Also known as CMS-1450; formerly known as UB-92.) The UB-04 is used for all institutional provider billing with the exception of the professional component of physicians services (see CO-1500 below). 837I is the electronic equivalent of the UB-04, and is subject to all HIPAA standards (transactions, privacy and security).
- CO-1500/837P – The standard claim form for professional health services. (Formerly known as CMS-1500 or HCFA-1500.) The 1500 claim form was developed primarily for outpatient services.

### i. Institutional Claims

Institutional claims are submitted on the UB-04 paper or electronic 837I claim form. The following provider types use the UB-04/837I claim form:

- Inpatient Hospital
- Nursing Facility (NF)
- Home Health/Private Duty Nursing
- Hospice
- Residential Treatment Center (RTC)
- Dialysis Center
- Outpatient Hospital
- Outpatient Laboratory
- Hospital-Based Transportation
- Rural Health Clinic
- Federally Qualified Health Center (FQHC)<sup>122</sup>

Providers bill the appropriate BHO for the Medicaid behavioral health services rendered. For detailed instructions on completing the UB-04, refer to the Colorado MAP Billing Manuals;<sup>123</sup> the 837I Transaction Data Guide; the 837I Implementation Guide or the Web Portal User Guide; and/or the appropriate BHO provider manual.

### ii. Professional Claims

Professional claims are submitted on a paper CMS-1500 claim form or in the electronic 837 Professional 4010A1 (837P) format. Paper CMS-1500 forms must be submitted using the scanned, red ink version. The following services are billed on the CO-1500/837P claim format:

- Practitioner Services
- Independent Laboratory Services
- Durable Medical Equipment and Supplies (DME)
- Non-Hospital Based Transportation
- Home and Community-Based Services (HCBS)

Providers bill the appropriate BHO for the Medicaid behavioral health services rendered. For detailed instructions on completing the CMS-1500, refer to the Colorado MAP Billing Manuals;<sup>124</sup> the National Uniform Claim Committee (NUCC) *1500 Claim Form Map to the X12 837 Health Care Claim: Professional*;<sup>125</sup> the 837P Transaction Data Guide; the 837P Implementation Guide or the Web Portal User Guide; and/or the appropriate BHO provider manual.

For Revenue Codes, Medicaid providers should bill using the most appropriate Medicaid covered revenue code from the list of revenue codes located in Appendix Q – Revenue Codes in the Appendices section under Billing Manuals on the Department of Health Care Policy and Financing website.

**UB-04 Claim Specifications (continued)**

UB-04 FL #	Data Element	Description
15	Source of Admission	Enter the 1-digit code that best indicates the source of admission/visit: 1 = Physician Referral 2 = Clinic Referral 3 = Managed Care Plan Referral 4 = Transfer from Hospital 5 = Transfer from Skilled Nursing Facility (SNF) 6 = Transfer from Another Health Care Facility 7 = Emergency Room (ER) 8 = Court/Law Enforcement 9 = Information Not Available A = Transfer from Critical Access Hospital B = Transfer from Another Home Health Agency C = Readmission to Same Home Health Agency D = Transfer from Hospital Inpatient in Same Facility Resulting in Separate Claim to Payer E – Z = Reserved for National Assignment
16	Discharge Hour	Enter the code that best indicates the patient's time of discharge from inpatient care.
17	Patient Status	Enter the 2-digit patient status code for this billing period: 01 = Discharged to Home/Self-Care (Routine Discharge) 02 = Discharged/Transferred to Another Short-Term General Hospital 03 = Discharged/Transferred to an SNF 04 = Discharged/Transferred to an Intermediate Care Facility (ICF) 05 = Discharged/Transferred to Another Type of Institution Not Elsewhere in this Code List 06 = Discharged/Transferred to Home Under Care of an Organized Home Health Services Organization 07 = Left Against Medical Advice (AMA) or Discontinued Care 08 = Reserved for National Assignment 09 = Admitted as an Inpatient to This Hospital 10 – 19 = Reserved for National Assignment 20 = Expired (or Did Not Recover – Religious Non-Medical Health Care Patient) 21 – 29 = Reserved for National Assignment 30 = Still Patient or Expected to Return for Outpatient Services 31 – 39 = Reserved for National Assignment 40 = Expired at Home 41 = Expired in a Medical Facility (e.g., Hospital, SNF, ICF) 42 = Expired – Place Unknown 43 = Discharged/Transferred to Federal Health Care Facility (e.g., VA or DOD hospital) 44 – 49 = Reserved for National Assignment 50 = Discharged/Transferred to Hospice (Home) 51 = Discharged/Transferred to Hospice (Medical Facility) 52 – 60 = Reserved for National Assignment 61 = Discharged/Transferred Within This Institution to Hospital-Based Medicare-Approved Swing Bed 62 = Discharged/Transferred to Inpatient Rehabilitation Facility Including Distinct Parts/Units of Hospital 63 = Discharged/Transferred to Long-Term Care Hospital 64 = Discharged/Transferred to Nursing Facility (NF) Certified Under Medicaid But Not Certified Under Medicare 65 = Discharged/Transferred to Psychiatric Hospital or Psychiatric Distinct Part/Unit of Hospital 66 = Discharged/Transferred to Critical Access Hospital 67 – 99 = Reserved for National Assignment
18 – 28	Condition Codes	Enter the 2-digit code (in numerical order) that describes any of the conditions or events that apply to this billing period. Otherwise, leave blank. For a comprehensive list of condition codes, refer to Chapter 25 of the <i>Medicare Claims Processing Manual</i> .
29	Accident State	Leave blank.
30	Unlabeled	Leave blank.

### UB-04 Claim Specifications (continued)

UB-04 FL #	Data Element	Description
31 – 34	Occurrence Code(s) and Date(s)	Enter the 2-digit occurrence code(s) and associated date(s) (MMDDYY) to report specific event(s) related to this billing period, if condition code(s) were entered in FL18 – 28 above. Otherwise, leave blank. For a comprehensive list of occurrence codes, refer to Chapter 25 of the <i>Medicare Claims Processing Manual</i> .
35 – 36	Occurrence Span Code(s) and Date(s)	Enter the occurrence span code(s) and beginning/ending date(s) (MMDDYY) defining a specific event relating to this billing period. For a comprehensive list of occurrence codes, refer to Chapter 25 of the <i>Medicare Claims Processing Manual</i> .
37	Unlabeled	Leave blank.
38	Responsible Party Name and Address	Enter the responsible party's last name, first name, and middle initial (if any). Use commas to separate the last, first and middle names. If the responsible party's last name contains a prefix, do not enter a space after the prefix. If the responsible party's last name contains a suffix, enter the suffix between the last and first names (i.e., Last Name Suffix, First Name). Enter the responsible party's street address, city, state, and ZIP code (5- or 9-digit).
39 – 41	Value Codes and Amount	Enter the 2-character value code(s) and dollar/unit amount(s) that identify data of a monetary nature necessary for processing this claim. Negative amounts are not allowed, except in FL41. If more than one value code is entered for the same billing period, enter in ascending numeric sequence. For a comprehensive list of value codes, refer to Chapter 25 of the <i>Medicare Claims Processing Manual</i> .
42	Revenue Codes	Enter the 4-character revenue code(s) that identify specific accommodations, ancillary services or billing calculations. Revenue codes explain charges entered in FL47. Because there is no fixed "total" line, enter revenue code 0001, Total Charge, as the final entry in this field. Bill in following sequence: <ul style="list-style-type: none"> <li>• Chronologically for accommodation dates</li> <li>• Ascending numeric sequence, and do not repeat on the same bill, for revenue codes</li> </ul> For a comprehensive list of revenue codes, refer to Chapter 25 of the <i>Medicare Claims Processing Manual</i> . <a href="#">(Medicaid providers should bill using the most appropriate Medicaid covered revenue code from the list of revenue codes located in Appendix Q – Revenue Codes in the Appendices section under Billing Manuals on the Department of Health Care Policy and Financing website.)</a>
43	Revenue Code Description	Enter the narrative description (or standard abbreviation) for each revenue code reported in FL42 on the adjacent line in this field. (This information assists in bill review by the facility/provider and payer.)
44	Healthcare Common Procedure Coding System (HCPCS)/Rates	For inpatient claims, enter the accommodation rate. For outpatient claims, enter the CPT®/HCPCS procedure code that best describes the outpatient services or procedures.
45	Service Date	Enter the date of service (DOS) for each line item, including "from" and "through" dates, in MMDDYY format.
46	Units of Service	Enter the number of units that quantify services reported as revenue codes (see FL 42 above) (e.g., number of days for accommodation). For HCPCS procedure codes, units equal the number of times the procedure/service was rendered, unless a time unit is specified for the procedure code.
47	Total Charges	Enter charges for procedures/services reported as revenue codes (FL42) on each line, considering service units (FL46) in the calculations. (Service units (FL46) X value of revenue code (FL42) = Charges) Enter the sum of all charges reported on the last line (Same line as revenue code 0001).
48	Non-Covered Charges	Enter non-covered charge(s) (e.g., day after active care ended) if related revenue codes were entered in FL42. Do not enter negative charges.
49	Unlabeled	Leave blank.

**UB-04 Claim Specifications (continued)**

<b>UB-04 FL #</b>	<b>Data Element</b>	<b>Description</b>
50A – C	Payer Name	Enter the name of each health insurance payer that may have full or partial responsibility for charges incurred by patient and from whom provider might expect some reimbursement. If there are other payers, the BHO or MAP should be the last entry. Line A: Primary Payer Line B: Secondary Payer Line C: Tertiary Payer
51A – C	Provider ID Number	Enter the payer’s national health plan identifier.
52A – C	Release of Information (ROI)	Enter the appropriate identifier for ROI certification, which is needed to permit the release of data to other organizations to adjudicate (process) the claim: I = Informed consent to release medical information for conditions/diagnoses regulated by federal statutes Y = Provider has on file a signed statement permitting the release of medical/billing data related to a claim
53A – C	Assignment of Benefits Certification Indicator	Enter the appropriate code identifying whether the provider has a signed form authorizing party payer to pay provider.
54A – C	Prior Payments	Enter the sum of payments collected from any payer, including the patient, toward payer deductibles/coinsurance. Attach a copy of the Explanation of Benefits (EOB) to the claim, as applicable. 0 = No payment received as result of billing; indicates that a reasonable attempt was made to determine the available coverage for services rendered.
55A – C	Estimated Amount Due From Patient	Leave blank.
56	National Provider Identifier (NPI)	Enter the billing provider’s NPI.
57A – C	Other Provider Identifier	Leave blank.
58A – C	Insured’s Name	Enter the name of the insured, as verified on the patient’s health insurance card, on the same lettered line (A, B, or C) that corresponds to the line on which payer information was entered in FL50A – C.
59A – C	Patient’s Relationship to Insured	Enter the appropriate “patient’s relationship to subscriber/insured” code: 01 = Spouse 18 = Self 19 = Child 20 = Employee 21 = Unknown 39 = Organ Donor 40 = Cadaver Donor 53 = Life Partner G8 = Other Relationship
60A – C	Insured’s Unique Identification (ID) Number	Enter the patient’s health insurance claim number on the same lettered line (A, B, or C) that corresponds to the line on which payer information was entered in FL50A – C.
61A – C	Insured’s Group Name	Enter the name of the health insurance group on the same lettered line (A, B, or C) if workers’ compensation or an employer group health plan (EGHP) was entered in FL50A – C.
62A – C	Insured’s Group Number	Enter the group number (or other ID number) of the health insurance group on the same lettered line (A, B, or C) if workers’ compensation or an employer group health plan (EGHP) was entered in FL50A – C.
63A – C	Treatment Authorization Code	Enter the treatment service authorization code or referral number assigned by the payer if procedures/services reported on this claim were prior authorized or a referral was required.
64A – C	Document Control Number	Enter the control number assigned to the original bill by the health plan or the health plan’s fiscal agent as part of their internal control if this is not the original UB-04 submitted for the procedures/services provided (e.g., this UB-04 is a corrected claim).

### UB-04 Claim Specifications (continued)

UB-04 FL #	Data Element	Description
65A – C	Employer Name	Enter the name of the employer that provides health care coverage for the insured (identified on the same line in FL58) if workers' compensation or an employer group health plan (EGHP) was entered in FL50A – C.
66	Diagnosis Version Qualifier	Enter the indicator to designate which version of the <i>International Classification of Diseases</i> (ICD) was used to report diagnosis codes: 9 = Ninth Revision 0 = Tenth Revision
67	Principal Diagnosis Code	Enter the <i>International Classification of Diseases</i> (ICD) code for the principal diagnosis (hospital inpatient) or the first-listed diagnosis (hospital outpatient), as determined after examination/assessment. The ICD code should match the prior service authorization, if authorization has been obtained. Do not enter the decimal in the ICD code (e.g., 29682 instead of 296.82).
67A – H	Other Diagnosis Code(s)	Enter the <i>International Classification of Diseases</i> (ICD) codes for up to eight (8) additional diagnoses if they co-existed (in addition to the principal diagnosis) at the time of admission or developed subsequently, and which had an effect upon the treatment or length of stay (LOS) (hospital inpatient) or if they co-existed in addition to the first-listed diagnosis (hospital outpatient). Do not enter decimals.
67I – Q	Other Diagnosis Code(s)	Leave blank.
68	Unlabeled	Leave blank.
69	Admitting Diagnosis Code	Enter the <i>International Classification of Diseases</i> (ICD) code for the admitting diagnosis, which is the condition identified by the physician at the time of the patient's admission to the hospital.
70a – c	Patient's Reason for Visit Diagnosis Code	Enter the <i>International Classification of Diseases</i> (ICD) code for the patient's reason for visit (e.g., sign, symptom, diagnosis) if the patient received care for an unscheduled outpatient visit (e.g., emergency department).
71	Prospective Payment System (PPS) Code	Leave blank.
72a – c	External Cause of Injury (ECI) (E-Codes)	Leave blank.
73	Unlabeled	Leave blank.
74	Principal Procedure Code and Date	Enter the <i>International Classification of Diseases</i> (ICD) code for the principal procedure if an inpatient procedure was performed. Enter the date in MMDDYY format. Do not enter the decimal in the ICD code. Leave this FL blank for outpatient claims.
74a – e	Other Procedure Code(s) and Date(s)	Enter the <i>International Classification of Diseases</i> (ICD) code(s) if additional inpatient procedure(s) were performed. Enter the date in MMDDYY format. Do not enter the decimal in the ICD code. Enter the codes in descending order of importance. Leave this FL blank for outpatient claims.
75	Unlabeled	Leave blank.
76	Attending Provider Name and identifiers	Enter the name and NPI of the attending provider (i.e., the individual who has overall responsibility for the patient's care and treatment reported on this claim) for all claims except those submitted for nonscheduled transportation services. Leave the QUAL field blank.
77	Operating Physician Name and NPI	Enter the name and NPI of the operating physician if a surgical procedure <i>International Classification of Diseases</i> (ICD) code is reported on this claim. Leave the QUAL field blank.

UB-04 Claim Specifications (continued)		
UB-04 FL #	Data Element	Description
78 – 79	Other Provider Name and NPI	Enter the name and NPI of the provider corresponding to the following qualifier codes: DN = Referring Provider (The provider who sends the patient to another provider for services. Required on outpatient claims when the referring provider is different from the attending provider.) ZZ = Other Operating Physician (The individual who performs a secondary surgical procedure or assists the operating physician. Required when an operating physician is involved.) 82 = Rendering Provider (The health care professional who delivers or completes a particular medical service or non-surgical procedure. Required when State or federal regulations call for a combined claim, such as a claim that includes both facility and professional fee components.)
80	Remarks	Enter remarks for the following situations: <ul style="list-style-type: none"> <li>• DME billings (provider enters rental rate, cost and anticipated months of usage so that payer may determine whether to approve the rental or purchase of the equipment)</li> <li>• Medicaid is not primary payer (because workers' compensation, EGHP, automobile medical, no-fault or liability insurer is primary)</li> <li>• Other information not entered elsewhere on the UB-04, which is necessary for proper payment</li> </ul>
81a – d	Code – Code	Enter the code qualifier and additional codes (e.g., occurrence codes) as related to an FL or to report from the external code list approved by the National Uniform Claim Committee (NUBC) for inclusion in the institutional data set: 01 – A0 = Reserved for National Assignment A1 = NUBC Condition Codes A2 = NUBC Occurrence Codes A3 = NUBC Occurrence Span Codes Code Source: ASC X12 External Code Source 682, NUBC A4 = NUBC Value Codes A5 – B0 = Reserved for National Assignment B3 = Health Care Provider Taxonomy Code B4 – ZZ = Reserved for National Assignment

**NOTE:** Enter the appropriate data in the PAGE \_\_ OF \_\_ (e.g., 1 Of 1) and CREATION DATE (e.g., date UB-04 was submitted to payer) fields.

## ii. Completing the CMS-1500 Claim Format<sup>127</sup>

Providers submitting CMS-1500 claims should verify the requirements of each BHO.

CMS-1500 Claim Specifications		
CMS - 1500 Field #	Data Element	Description
N/A	Carrier Block	Enter in the white, open area the name and address of the payer to whom this claim is being sent. Enter the name and address in the following format: First Line: Name Second Line: First address line Third Line: Second address line (Leave blank if not applicable) Fourth Line: City, State (2 characters) and ZIP Code Do not use commas, periods or other punctuation in the address. When entering a 9-digit ZIP code, include the hyphen.
<b>Fields 1 – 13: Patient and Insured Information</b>		
1	Type of Health Insurance Coverage Applicable to Claim	Indicate the type of health insurance coverage applicable to this claim by entering an "X" in the appropriate box. Only mark one box.
1a	Insured's ID Number	Enter insured's identification number as shown on insured's identification card for the payer to whom this claim is being submitted.
2	Patient's Name	This is the name of the person who received the service/procedure. Enter the patient's last name, first name and middle initial, using commas to separate the last, first and middle names. If the patient uses a last name suffix (e.g., Jr, Sr), enter it after the last name and before the first name (i.e., last name, suffix, first name, middle initial). Hyphens may be used for hyphenated names. Do not use periods within the name. Do not include titles (e.g., Sister, Capt, Dr) and/or professional suffixes (e.g., PhD, MD, Esq) with the name.

CMS-1500 Claim Specifications		
CMS - 1500 Field #	Data Element	Description
3	Patient's DOB/ Gender	Enter the patient's 8-digit date of birth (DOB) in MMDDYYYY format. Enter an "X" in the appropriate box for the patient's gender. Only mark one box. If the patient's gender is unknown, leave the boxes blank.
4	Insured's Name	This is the name of the person who holds the insurance policy. Enter the insured's last name, first name and middle initial, using commas to separate the last, first and middle names. If the insured uses a last name suffix (e.g., Jr, Sr), enter it after the last name and before the first name (i.e., last name, suffix, first name, middle initial). Hyphens may be used for hyphenated names. Do not use periods within the name. Do not include titles (e.g., Sister, Capt, Dr) and/or professional suffixes (e.g., PhD, MD, Esq) with the name. If the insured is the same as the patient (field 2), enter "same" in this field.
5	Patient's Address	This is the patient's permanent address. Enter the patient's mailing address and telephone number: First Line: Street address Second Line: City and State Third Line: ZIP Code and Telephone Number Do not use commas, periods or other punctuation in the address. When entering a 9-digit ZIP code, include the hyphen. Do not use a hyphen or space as a separator in the telephone number. (NOTE: Patient's Telephone does not exist in the electronic 837P format.)
6	Patient Relationship to Insured	Enter an "X" in the appropriate box to indicate the patient's relationship to the insured, if field 4 is completed. Only mark one box.
7	Insured's Address	This is the insured's permanent address. If field 4 is complete, then this field should be completed by entering the insured's mailing address and telephone number: First Line: Street address Second Line: City and State Third Line: ZIP Code and Telephone Number Do not use commas, periods or other punctuation in the address. When entering a 9-digit ZIP code, include the hyphen. Do not use a hyphen or space as a separator in the telephone number. (NOTE: Insured's Telephone does not exist in the electronic 837P format.) If the insured's address and telephone number is the same as the patient's (field 5), enter "same" in this field.
8	Reserved for NUCC Use	Leave Blank
9	Other Insured's Name	If field 11d is marked, complete fields 9 and 9a-9d, otherwise leave this field blank. When additional group health coverage exists, enter the other insured's last name, first name and middle initial. If the insured uses a last name suffix (e.g., Jr, Sr), enter it after the last name and before the first name (i.e., last name, suffix, first name, middle initial). Hyphens may be used for hyphenated names. Do not use periods within the name. Do not include titles (e.g., Sister, Capt, Dr) and/or professional suffixes (e.g., PhD, MD, Esq) with the name. If the insured is the same as the patient (field 2), enter "same" in this field.
9a	Other Insured's Policy/Group Number	Enter the policy or group number of the other insured. Do not use a hyphen or space as a separator within the policy/group number.
9b	Reserved for NUCC Use	Leave Blank
9c	Reserved for NUCC Use	Leave Blank
9d	Other insured's Insurance Plan Name/Program Name	Enter the name of the insurance plan or program.

CMS-1500 Claim Specifications		
CMS - 1500 Field #	Data Element	Description
10	Patient's Condition Related to:	When appropriate, enter an "X" in the correct box to indicate whether one or more of the services/procedures described in field 24 are for a condition/ injury that occurred on the job or as a result of an automobile or other accident. Only mark one box on each line. Any item marked "YES" indicates there may be other applicable insurance coverage that would be primary. Primary insurance information must then be entered in field 11.
10a	Employment	Employment may be current or previous.
10b	Auto Accident	If "YES" is marked, the state postal code ("PLACE") must be indicated.
10c	Other Accident	The condition is the result of any type of accident other than automobile.
10d	Claim Codes (Designated by NUCC)	Use this item exclusively for Medicaid (MCD) information. If the patient is entitled to Medicaid, enter the patient's Medicaid number preceded by MCD. Refer to the most current instructions from the applicable public or private payer regarding the use of this field.
11	Insured's Policy Group or FECA Number	Enter the insured's (field 1a) policy or group number as it appears on the insured's health care identification card. Do not use a hyphen or space as a separator within the policy/group number. If field 4 is completed, then this field should be completed.
11a	Insured's DOB/Gender	Enter the insured's (field 1a) 8-digit date of birth (DOB) in MMDDYYYY format. Enter an "X" in the appropriate box for the insured's gender. Only mark one box. If the insured's gender is unknown, leave the boxes blank.
11b	Other Claim ID (Designated by NUCC)	Enter the name of the insured's employee's name, if applicable. If the insured is eligible by virtue of employment or covered under a policy as a student, enter the employer or school name. (NOTE: Insured's Employer's Name/School Name does not exist in the electronic 837P format.)
11c	Insurance Plan Name/Program Name	Enter the insurance plan or program name of the insured (field 1a). Some payers require an identification number of the primary insurer, rather than the name in this field.
11d	Other Health Benefit Plan?	When appropriate, enter an "X" in the correct box. If marked "YES," complete fields 9 and 9a – 9d. Only mark one box.
12	Patient's/ Authorized Person's Signature	Enter "Signature on File" or "SOF" if Consent to Release Information form is complete, or patient's or authorized person's signature. When a legal signature is used, enter the date signed in 6-digit (MMDDYY) or 8-digit (MMDDYYYY) format. If there is no signature on file, leave this field blank or enter "No Signature on File."
13	Insured's/ Authorized Person's Signature	Enter "Signature on File" or "SOF" if Consent to Release Information form is complete, or patient's or authorized person's signature. When a legal signature is used, enter the date signed in 6-digit (MMDDYY) or 8-digit (MMDDYYYY) format. If there is no signature on file, leave this field blank or enter "No Signature on File."
<b>Fields 14 – 33: Physician or Supplier Information</b>		
14	Date of Current Illness, Injury/ Pregnancy (LMP)	Enter the 6-digit (MMDDYY) or 8-digit (MMDDYYYY) date of the first date of the present illness, injury or pregnancy.
15	Other Date	Enter the first date the patient had the same or a similar illness in the 6-digit (MMDDYY) or 8-digit (MMDDYYYY) format. Previous pregnancies are not a similar illness. Leave this field blank if unknown.
16	Dates Patient Unable to Work in Current Occupation	If the patient is employed and is unable to work in current occupation, enter the 6-digit (MMDDYY) or 8-digit (MMDDYYYY) "from-to" dates that the patient is unable to work. An entry in this field may indicate employment-related insurance coverage.
17	Name of Referring Physician or Other Source	Enter the first name, middle initial, last name and credentials of the professional who referred or ordered the service(s)/procedure(s) on the claim. Do not use periods or commas within the name. A hyphen may be used for hyphenated names.
17a	ID Number of Referring Physician	The other identification number (non-NPI) of the referring provider, ordering provider or other source is entered in the shaded area. The qualifier indicating what the number represents is entered in the qualifier field (unlabeled) to the immediate right of the number "17a."

### CMS-1500 Claim Specifications

CMS - 1500 Field #	Data Element	Description
17b	NPI	Enter the National Provider Identifier (NPI) number of the referring provider, ordering provider or other source.
18	Hospitalization Dates Related to Current Services	Enter the inpatient 6-digit (MMDDYY) or 8-digit (MMDDYYYY) hospital admission date followed by the discharge date (if discharge has occurred). If not discharged, leave discharge date blank. This date is when a service/procedure is furnished as a result of, or subsequent to, a related hospitalization.
19	Additional Claim Information (Designated by NUCC)	Refer to the most current instructions from the applicable public or private payer regarding the use of this field. <input checked="" type="checkbox"/> This field is useful and often overlooked. It is a good place to include explanatory information. If there is not enough space, attach a report.
20	Outside Lab?/\$ Charges	Complete this field when billing for purchased services. A "YES" mark indicates that an entity other than the provider/entity billing for the service performed the purchased service; a "NO" mark indicates that no purchased services are included on the claim. Enter an "X" in "YES" if the reported service(s) was performed by an entity other than the billing provider. If "YES," enter the purchased price under charges. When entering the charge amount, enter the amount in the field to the left of the vertical line, right justified. Do not use commas, decimal points or dollar signs. Do not report negative dollar amounts. Use "00" for the cents if the amount is a whole number. Leave the field to the right of the vertical line blank. When "YES" is marked, field 32 must be completed.
21	Diagnosis/Nature of Illness/Injury	Enter up to four (4) ICD-10-CM diagnosis codes. Use the highest level of specificity. Do not include narrative description in this field. When entering the diagnosis code, include a space (accommodated by the period) between the two sets of numbers. If entering a diagnosis code with more than three (3) beginning digits, enter the fourth digit on top of the period. Relate lines 1 – 4 to the lines of service in field 24e by line number.
22	Resubmission Code	Enter the code and original reference number assigned by the payer or receiver to indicate previously submitted claims. Please refer to the most current instructions from the applicable public or private payer regarding the use of this field.
23	Prior Authorization Number	Enter the prior authorization number as assigned by the payer for the services being billed. Do not use hyphens or spaces within the number.
24	Supplemental Information	Supplemental information can only be entered with a corresponding, completed service line.
24a	Date(s) of Service (DOS)	Enter date(s) of service (DOS), from and to. If one (1) DOS only, enter that date under "From" and leave "To" blank or re-enter "From" date.
24b	Place of Service	Enter the appropriate 2-digit place of service (POS) code from the POS Code List for each service/procedure performed. Single digit or alpha POS codes are considered invalid codes.
24c	EMG	Check with the payer to determine if this emergency (EMG) indicator is necessary. If required, enter "Y" for "YES" or leave blank if "NO" in the bottom, unshaded area of the field. Refer to the definition of emergency as defined by federal or state regulations or programs, payer contracts, or as defined in the electronic 837P implementation guide.
24d	Procedures, Services/ Supplies CPT/HCPCS/Modifiers	Enter the appropriate CPT®/HCPCS procedure code(s) and modifier(s) (if applicable). Up to four (4) modifiers may be entered.
24e	Diagnosis Pointer	Enter the diagnosis code reference number (pointer) from field 21 (see above) to relate the date of service (DOS) and the service/procedure performed to the primary diagnosis. The primary reference number for each service is listed first. Enter numbers left justified in the field without commas between the numbers. Do not enter ICD-9-CM diagnosis codes in this field.
24f	\$ Charges	Enter the usual and customary charge for each service/procedure right justified. Do not use commas or dollar signs when reporting dollar amounts. Negative dollar amounts are not allowed. Use "00" for the cents if the amount is a whole number.
24g	Days/Units	Enter the number of days or units for each service/procedure. If only one (1) service/procedure is performed, the number "1" is entered. Enter numbers right justified in the field.

CMS-1500 Claim Specifications		
CMS - 1500 Field #	Data Element	Description
24h	EPSDT/Family Plan	If the claim is Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) related, enter "Y" for "YES" or "N" for "NO" in the unshaded area of the field. If the claim is Family planning, enter "Y" ("YES") or leave blank if "NO" in the bottom, unshaded area of the field.
24i	ID Qualifier	Enter the qualifier identifying if the number is a non-NPI in the shaded area. The Other ID Number of the rendering provider is entered in 24j in the shaded area (see below). Enter numbers left justified. The rendering provider is the person or company who rendered or supervised the care. Report the identification number in fields 24i and 24j only when different from data entered in fields 33a and 33b.
24j	Rendering Provider ID Number	Enter the non-NPI identification number in the shaded area of the field. Enter the NPI number in the unshaded area of the field. Enter numbers left justified. The rendering provider is the person or company who rendered or supervised the care. Report the identification number in fields 24i and 24j only when different from data entered in fields 33a and 33b.
25	Federal Tax ID Number (TIN)	Enter the provider or supplier 9-digit federal tax identification number (TIN) (employer identification number) or Social Security number (SSN). Enter an "X" in the appropriate box to indicate which number is being reported. Only mark one box. Do not enter hyphens with numbers. Enter numbers left justified in the field.
26	Patient's Account Number	Enter the patient's account number assigned by the provider or supplier. Do not enter hyphens with numbers. Enter numbers left justified in the field.
27	Accept Assignment?	Enter an "X" in the appropriate box. Only mark one box. (NOTE: All Medicaid claims are reimbursed to the provider.)
28	Total Charge	Enter the sum of all charges listed in field 24f. Enter numbers right justified in the dollar area of the field. Do not use commas or dollar signs when reporting dollar amounts. Negative dollar amounts are not allowed. Use "00" for the cents if the amount is a whole number.
29	Amount Paid	Enter the total amount received from the patient or other payers. Enter numbers right justified in the dollar area of the field. Do not use commas or dollar signs when reporting dollar amounts. Negative dollar amounts are not allowed. Use "00" for the cents if the amount is a whole number.
30	Revd for NUCC Use	Leave Blank
31	Signature of Physician/ Supplier Including Degrees/ Credentials	Enter the legal signature of the practitioner or supplier, signature of the practitioner or supplier representative, "Signature on File" or "SOF." Enter the 6-digit (MMDDYY), 8-digit (MMDDYYYY) or alphanumeric date the form was signed.
32	Service Facility Location Information	Enter the name, address, city, state and ZIP code of the location where services were rendered in the following format: First Line: Name Second Line: Address Third Line: City, State and ZIP Code Do not use commas, periods or other punctuation in the address. Enter a space, but not a comma, between the city and state. When entering a 9-digit ZIP code, include the hyphen.
32a	NPI Number	Enter the NPI number of the service facility in field 32 (see above).
32b	Other ID Number	If applicable, enter the 2-digit qualifier identifying the non-NPI number followed by the identification number. Do not enter a space, hyphen or other separator between the qualifier and the number. Otherwise leave blank.
33	Billing Provider Information and Phone #	Enter the provider's telephone number in the area to the right of the field title. Enter the provider's name, address, city, state and ZIP code in the following format: First Line: Name Second Line: Address Third Line: City, State and ZIP Code Do not use commas, periods or other punctuation in the address. Enter a space, but not a comma, between the city and state. When entering a 9-digit ZIP code, include the hyphen. Do not use a hyphen or space as a separator within the telephone number.

CMS-1500 Claim Specifications		
CMS - 1500 Field #	Data Element	Description
33a	NPI Number	Enter the NPI number of the billing provider in field 33 (see above).
33b	Other ID Number – Group Number	Enter the 2-digit qualifier identifying the non-NPI number followed by the identification number. Do not enter a space, hyphen or other separator between the qualifier and the number.

### c. Claims Submission

A “clean” claim format is essential for reimbursement. A “clean” claim is one that meets all of the necessary requirements of the payer. It is the responsibility of the provider to understand the documentation necessary to meet payers’ payment guidelines and software edits. Providers need to give timely, sufficient and proper information to ensure prompt claims adjudication.<sup>128</sup>

#### i. Paper versus Electronic Claims

Claims may be submitted electronically or in paper format. Electronic claims are federally required to meet the Health Insurance Portability and Accountability Act of 1996 (HIPAA) transaction standards; however, there are a few exceptions. Paper claims are submitted on a standard CMS-1500 claim form (Refer to Sections V.A.2 and V.B.2.), or on a specific form that a payer requires. Electronic Media Claims (EMC) are computerized submissions accepted by most payers.<sup>129</sup>

Paper claims submitted on the CMS-1500 or UB-04 form are exempt from HIPAA standards, as long as the provider does not send or receive any other HIPAA electronic transactions (e.g., eligibility, coordination of benefits, payments, payment reports).<sup>130</sup>

Electronic claim submissions are in the 837I or 837P format and are subject to all HIPAA standards (transactions, privacy and security). The advantage of electronic claims submission is that claims can be adjudicated and paid much faster than if they are sent through the mail; the disadvantage can be the costs and additional training time to set up a completely HIPAA-compliant electronic claims system. If a provider submitting electronic claims, either directly or through a billing service, both the provider office AND the electronic claim processing center MUST meet all HIPAA standards. Providers with less than 10 full-time equivalents (FTEs) are exempt from the electronic mandate.<sup>131</sup>

Electronic submission of claims is preferred by most behavioral health organizations (BHOs) because it allows for faster processing by saving time and effort in shipping, handling and data entry. However, all BHOs accept paper claims. For further information or assistance with electronic claims submission, contact the appropriate BHO’s Provider Relations Department.

### d. Claim Billing Tips<sup>132,133,134,135</sup>

To ensure timely processing and payment of submitted claims, follow the billing tips below:

- **Verify that the service authorization requirements have been met.** Based on medical necessity, service authorizations specify the procedure code, payment rate, type of service, and number of encounters or units of service to be rendered

within a specified period. Make sure the procedure code(s), date(s) of service (DOS), and encounters or units of service billed are within the requirements of the service authorization.

- **Verify the patient's diagnosis.** The claim form must contain a complete ICD-9-CM diagnosis; use the fourth and fifth digits, if available, to ensure as much specificity as possible.
- **Verify the procedure code(s).** Use the most current versions of *the Current Procedural Terminology (CPT®)* and/or *Healthcare Common Procedure Coding System (HCPCS)*, as well as the service authorization and provider fee schedule to ensure the correct procedure code(s).
- **Verify the authorized provider.** Include the National Practitioner Identification (NPI) AND appropriate Tax Identification Number (TIN) matched to the W-9 on the claim form. The name of the provider on the claim form must match the name of the provider specified on the service authorization. The authorized service provider must render all billed services personally.
- **Verify the patient's Medicaid eligibility prior to submitting a claim.** If a patient becomes ineligible for services prior to exhausting the service authorization time period or the number of sessions or units of service, the service authorization is invalid for the dates of service (DOS) that fall within the patient's ineligibility timeframe. If a patient presents a retrospective eligibility letter from County Social Services, a copy of the letter should be included with the claim to expedite reimbursement. Prior to rendering services, verify the patient's Medicaid eligibility by examining his/her Medicaid ID card, and by calling the Colorado MAP Eligibility Response System) or using Fax-Back Eligibility.
- **Verify place of service (POS) codes.**
- **Complete all required data elements.** Leave non-required data fields blank on the claim form. Do not enter "Not Applicable" (N/A).
- **For paper claims, use only black or dark red ink.** Use only good quality toner, typewriter, or printer ribbons. Do not use highlighters to mark claims or attachments.
- **Use the correct claim form.** Outpatient service providers submit claims on the **CMS-1500** claim form, while inpatient facilities submit claims using the **UB-04/837I** claim form.
- **Sign the claim form.** Claim forms must indicate the name and signature of the provider personally rendering the service, or his/her designee (or facsimile signature). For example, the CMS-1500 claim form indicates the name of the provider in block 31, the service address (non-post office box) in block 32, and the billing address in block 33.
- **Submit claim formats to the primary insurance company first.** If a patient has a primary insurance plan in addition to his/her Medicaid entitlement benefits, the claim form must be submitted first to the primary insurance plan. A copy of the notification of the decision (Explanation of Benefits or EOB) from that insurance company must be attached to the claim form submitted to the BHO. Under Federal law, Medicaid is always the "payer of last resort."
- **Submit a fully completed Colorado Patient Assessment Record (CCAR).** The CCAR is required at the time of admission to treatment, discharge, and at least annually. Claim payments may be delayed or denied if the current CCAR has not been received by the payer, within the time period specified. For example, a claim submitted within days of the annual CCAR due date may be delayed for payment until the annual CCAR is submitted. The same may be true for claims submitted early in the treatment episode without the admission CCAR, or after the patient has been discharged. To avoid delays or denials of payment, providers are encouraged to submit CCARs in a timely manner according to the payers submission standards.
- **Submit claims to the appropriate address.**
- **Submit all required documentation attached to the claim.** This includes EPSDT claims information. If several claims require the same attachment, photocopy and attach the documentation to each claim.
- **Medicare/Medicaid patients (dual eligible) must first exhaust their Medicare benefits prior to billing Medicaid.** Payment consideration is made by Medicare and the Colorado Medical Assistance Program (MAP).

- **Bill promptly.** There are timely filing requirements for Medicaid claims submission. Submit original claims within 60 to 120 days of the date of service (DOS), as specified by contract. Some payers suggest submitting claims at least weekly to ensure timely payment for services rendered.
- **Submit “clean” claims.** “Clean” claims are those claims that are free of errors on the first submittal. “The cleaner the claim, the faster the payment.” The provider’s objective is to submit sufficient and proper information that meets the payer’s guidelines and software edits. (Refer to Section V.C.)

## e. Procedure Coding Errors

Procedure coding errors typically occur for one (1) of three (3) reasons:

- “Upcoding,” in which services are reported or billed at a level higher than the actual level of service rendered. For example, a 16 to 37-minute individual psychotherapy service (procedure code 90832) reported or billed as a 38 to 52-minute service (procedure code 90834) is an upcoded service.
- “Downcoding,” in which services are reported or billed at a lower level than the actual level of service rendered. For example, a 38 to 52-minute individual psychotherapy service (procedure code 90834) reported or billed as a 16 to 37-minute service (procedure code 90832) is a downcoded service.
- Miscoding, in which services are reported or billed with a procedure code that is not supported by the clinical record documentation. For example, the US Department of Health and Human Services (HHS) Office of Inspector General (OIG) reports that the majority of miscoded individual psychotherapy claims lack documentation to justify the time billed. Miscoding often happens because:
  - No time is documented for the services rendered. (When this occurs, the services should be reported or a billed at the lowest possible time period.)
  - Documentation in the clinical record indicates that the actual services rendered were not psychotherapy but altogether different services, such as evaluation and management (E/M) services, medication management, psychological evaluation, group psychotherapy, family psychotherapy, or crisis intervention.<sup>136</sup>

## f. Diagnosis Coding

The following guidelines from the American Hospital Association (AHA) Coding Clinic for *International Classification of Diseases, Ninth Revision, Clinical Modification (ICD-9-CM)* are becoming industry standards:

- Code why each service or procedure was rendered (e.g., presenting symptoms, complaint, problem or condition)
- Code the primary diagnosis first, followed by a secondary, tertiary, etc.
- Co-existing conditions affecting treatment should be reported as supplemental information
- Do not code diagnoses that are not relevant to the treatment rendered
- Code to the highest specificity with all of the required digits (three, four, or five) to completely and accurately describe the disorder or illness
- Use chronic diagnoses as often as applicable to the treatment rendered
- Some procedure codes are appropriate only when specific conditions are present
- For ancillary services (e.g., laboratory, x-ray, etc.), list the appropriate V codes first and the problem second<sup>137</sup>

## g. Consequences of Poor Documentation & Coding

Non-existent, incomplete, illegible, inaccurate, insufficient, conflicting and/or inappropriate clinical records may result in one (1) or more of the following:

- Denial of reported or billed services
- Delayed payment
- Rejection of submitted claims
- Reduction of billed services
- Assessment and collection of overpayments
- Pre-payment review monitoring
- Referral to the program’s safeguard contractor
- Referral to the Centers for Medicare and Medicaid Services (CMS)

## XII. Encounter Field Descriptions

Behavioral health organizations (BHOs) submit encounter data to the Department of Health Care Policy and Financing (HCPF) using the flat file specifications described in this section.

### a. Primary Key Fields

The table below identifies the primary key fields for professional and institutional claims:

Primary Key Fields	
Professional Claims	Institutional Claims
Patient Identification (ID)	Patient ID
Claim Number	Claim Number
Claim Version	Claim Version
Procedure Code	Revenue Code
Service Start Date	Service Start Date
Flat File Control Line Number (FCLN)	FCLN

### b. Physical Field Requirements

	Data Element (Field)	Status	Picture	Length	837 Professional	837 Institute
1	Transaction Header	R*	X	1	“P”	“I”
2	Transaction Date	R	X	8	ISA	ISA
3	Submitter Organization’s Name	R	X	Flexible	1000A-NM1	1000A-NM1
4	Submitter Contact Person’s Telephone Number	C	X	10	1000A-PER	1000A-PER
5	Billing Provider’s Name	R	X	Flexible	2010AA-NM1	2010AA-NM1
6	Billing Provider’s Identification (ID)	R	X	8	2010AA-REF	2010AA-REF
7	Patient’s Last Name	C	X	Flexible	2010BA-NM1	2010BA-NM1
8	Patient’s First Name	C	X	Flexible	2010BA-NM1	2010BA-NM1
9	Patient’s Medicaid Identification (ID)	R	X	7	2010BA-NM1	2010BA-NM1
10	Patient’s ZIP Code	R	X	Flexible	2010BA-N4	2010BA-N4
11	Patient’s Date of Birth (DOB)	C	X	8	2010BA-DMG02	2010BA-DMG02
12	Patient’s Gender	C	X	1	2010BA-DMG03	2010BA-DMG03
13	Claim Number	R	X	Flexible	2300-CLM01	2300-CLM01
14	Claim Version	R	X	1	2300-CLM05-3	2300-CLM05-3
15	Primary Diagnosis Code	R	X	5	2300-HI	2300-HI

Data Element (Field)	Status	Picture	Length	837 Professional	837 Institute
16 Second Diagnosis Code	C	X	5	2300-HI02-2	2300- HI02-2
17 Third Diagnosis Code	C	X	5	2300-HI03-2	2300- HI03-2
18 Fourth Diagnosis Code	C	X	5	2300-HI04-2	2300- HI04-2
19 Place of Service (POS)/Bill Type	R	X	2	2300-CLM05-1	2300-CLM05-1
20 Approved Amount	C	Number	Double	2320-AMT02	2320-AMT02
21 Paid Amount	C	Number	Double	2320-AMT02	2320-AMT02
22 Service Line Number	R	Number	Integer	2400-LX01	2400-LX01
23 Line Paid Amount	C	Number	Double	2400-SV1 02	2400-SV2 03
24 Procedure Code	R	X	5	2400-SV1 01-2	2400-SV2 02-2
25 Program Category Identifier (Procedure Modifier 1)	R	X	2	2400-SV1 01-3	2400-SV2 02-3
26 Procedure Modifier 2	C	X	2	2400-SV1 01-4	2400-SV2 02-4
27 Procedure Modifier 3	C	X	2	2400-SV1 01-5	2400-SV2 02-5
28 Procedure Modifier 4	C	X	2	2400-SV1 01-6	2400-SV2 02-6
29 Procedure Description	C	X	Flexible	2400-SV1 01-7	2400-SV2 02-7
30 Revenue Code	R	X	Flexible	Null	2400-SV2 01
31 Units	R	Number	Integer	2400-SV1 04	2400-SV2 04
32 Service Start Date	R	X	8	2400-DTP	2400-DTP
33 Service End Date	C	X	8	2400-DTP	2400-DTP
34 Rendering Provider's Name	R	X	Flexible	2420A-NM1	2420A-NM1
35 Rendering Provider's Identification (ID)	R	X	8	2420A-REF	2420A-REF
36 Flat File Control Line Number (FCLN)	R	Number	Integer	Submitter generated	Submitter generated
37 Payment Date	R	X	8	2430-DTP02	2430-DTP02
38 Billing Provider's National Provider Identifier (NPI)	C	X	10		

\*R = Required

\*\*C = Conditional

### c. File Format

The flat file should be in a text format with TAB as delimiters. Any fields with NULL value(s) must be delimited by a TAB.

### d. Encounters

An encounter is defined as:

1. For professional claims, an occurrence of examination or treatment of a behavioral health organization (BHO) patient by a mental health practitioner or medical practitioner, with a BHO covered primary diagnosis code and a BHO covered procedure code; **OR**
2. For institutional claims, a line item for a BHO patient with a BHO covered diagnosis code and a BHO covered revenue/diagnosis-related group (DRG) code.

A BHO patient is defined as a Medicaid eligible individual who is enrolled and receiving service(s) covered by a BHO.

#### Data hierarchy embedded in BHO encounters:

A BHO encounter consists of the header record and the corresponding line records. Each patient's visit with the same primary diagnosis should generate one original header claim record assigned with a unique Claim Number. During one visit, if a patient is treated for two or more different primary diagnosis, two or more header claims should be generated with two or more different unique Claim Numbers. If a patient has two visits during one day for the same diagnosis, two header claims should be generated too.

For one header claim, a patient can receive one or more services, which may include a base code and add-on procedure codes. Each procedure code will generate a unique service line number under the same Header Claim.

**The Uniqueness of the encounter record:**

To identify each service, the combination of the following fields must be unique:

Patient id, Service Date, Procedure/revenue code, Claim Number, Service Line Number, Claim version

**Claim Versions (Types)**

The correcting, replacing, and voiding records for original encounter, must have a matching claim id and a matching line number to the original encounter’s line record.

## e. Data Description

### 1. Transaction Header

<b>Field Type</b>	Alpha
<b>Length</b>	1
<b>Format</b>	X
<b>Field Description</b>	This field contains either “P” for Professional or “I” for Institutional.

### 2. Transaction Date

<b>Field Type</b>	Numeric
<b>Length</b>	8
<b>Format</b>	YYYYMMDD
<b>Field Description</b>	This field contains the date the encounter data is submitted to HCPF.

### 3. Submitter Organization’s Name

<b>Field Type</b>	Alpha
<b>Length</b>	Flexible
<b>Format</b>	X
<b>Field Description</b>	This field contains the name of the organization submitting the encounter data to HCPF.

### 4. Submitter Contact Person’s Telephone Number

<b>Field Type</b>	Numeric
<b>Length</b>	10
<b>Format</b>	X
<b>Field Description</b>	This field contains the telephone number for the contact person at the submitter organization.

## 5. Billing Provider's Name

Field Type	Alpha
Length	Flexible
Format	X
Field Description	This field contains the Rendering ( <i>not the Billing</i> ) Provider's Name, as indicated in the Companion Guide.

## 6. Billing Provider's Identification (ID)

Field Type	Numeric
Length	8
Format	X
Field Description	This field contains the Rendering ( <i>not the Billing</i> ) Provider's Medicaid ID Number. For providers who have no Medicaid ID Number, use the corresponding ID in the Default Encounter Provider ID Table.

## 7. Patient's Last Name

Field Type	Alpha
Length	Flexible
Format	X
Field Description	This field contains the Patient's Last Name, which is used for record verification.

## 8. Patient's First Name

Field Type	Alpha
Length	Flexible
Format	X
Field Description	This field contains the Patient's First Name, which is used for record verification.

## 9. Patient's Medicaid Identification (ID) Number

Field Type	Alpha/Numeric
Length	7
Format	X
Field Description	This field contains the Patient's Medicaid ID Number (also known as State ID), which provides a link to the State Medicaid eligibility files. Every week, the State provides each BHO with updated eligibility files, which include the Patient's Name and Medicaid ID Number.

## 10. Patient's ZIP Code

Field Type	Numeric
Length	Flexible
Format	X
Field Description	This field contains the Patient's ZIP Code for his/her home/residence. For patients without a ZIP Code, use the default "99999."

### 11. Patient's Date of Birth (DOB)

<b>Field Type</b>	Numeric
<b>Length</b>	10
<b>Format</b>	YYYYMMDD
<b>Field Description</b>	This field contains the Patient's DOB, which is used for record verification. If there is no DOB in the patient record, this field is completed with "null."

### 12. Patient's Gender

<b>Field Type</b>	Alpha
<b>Length</b>	1
<b>Format</b>	X
<b>Field Description</b>	This field contains the Patient's Gender, identified as "F" = Female, "M" = Male, or "U" = Unknown.

### 13. Claim Number

<b>Field Type</b>	Numeric
<b>Length</b>	Flexible
<b>Format</b>	X
<b>Field Description</b>	This field contains the identifier used to track a claim from creation by the health care provider through payment.

### 14. Claim Version

<b>Field Type</b>	Numeric
<b>Length</b>	Flexible
<b>Format</b>	X
<b>Field Description</b>	This field contains the claim submission reason code. The values should be one of the following: 1 = ORIGINAL (Admit thru Discharge Claim) 6 = CORRECTED (Adjustment of Prior Claim. If a positive amount(s) is (are) used in the amount field(s), this indicates an increase adjustment; if a negative amount(s) is (are) used, this indicates a decrease adjustment.) 7 = REPLACEMENT (Replacement of Prior Claim) 8 = VOID (Void/Cancel of Prior Claim) 9 = DENIED (Denied Claims)

### 15. Primary ICD-10-CM Diagnosis Code

<b>Field Type</b>	Alpha/Numeric
<b>Length</b>	5
<b>Format</b>	X
<b>Field Description</b>	This field contains the primary diagnosis from the <i>International Classification of Diseases, Ninth Revision, Clinical Modification</i> (ICD-9-CM). Since coding needs to be as explicit as possible, use up to five letters and/or numbers, as appropriate. Do not code the decimal point; in other words, "307.51" is entered as "30751." This field should be left-justified with trailing blanks for the three-digit diagnosis code, without the sub-classification.

## 16. Second ICD-10-CM Diagnosis Code

<b>Field Type</b>	Alpha/Numeric
<b>Length</b>	5
<b>Format</b>	X
<b>Field Description</b>	This field contains the second billing diagnosis from the <i>International Classification of Diseases, Ninth Revision, Clinical Modification</i> (ICD-9-CM). Since coding needs to be as explicit as possible, use up to five letters and/or numbers, as appropriate. Do not code the decimal point; in other words, "307.51" is entered as "30751." This field should be left-justified with trailing blanks for the three-digit diagnosis code, without the sub-classification.

## 17. Third ICD-10-CM Diagnosis Code

<b>Field Type</b>	Alpha/Numeric
<b>Length</b>	5
<b>Format</b>	X
<b>Field Description</b>	This field contains the third billing diagnosis from the <i>International Classification of Diseases, Ninth Revision, Clinical Modification</i> (ICD-9-CM). Since coding needs to be as explicit as possible, use up to five letters and/or numbers, as appropriate. Do not code the decimal point; in other words, "307.51" is entered as "30751." This field should be left-justified with trailing blanks for the three-digit diagnosis code, without the sub-classification.

## 18. Fourth ICD-10-CM Diagnosis Code

<b>Field Type</b>	Alpha/Numeric
<b>Length</b>	5
<b>Format</b>	X
<b>Field Description</b>	This field contains the fourth billing diagnosis from the <i>International Classification of Diseases, Ninth Revision, Clinical Modification</i> (ICD-9-CM). Since coding needs to be as explicit as possible, use up to five letters and/or numbers, as appropriate. Do not code the decimal point; in other words, "307.51" is entered as "30751." This field should be left-justified with trailing blanks for the three-digit diagnosis code, without the sub-classification.

## 19. Place of Service (POS)/Bill Type Code

<b>Field Type</b>	Numeric
<b>Length</b>	2
<b>Format</b>	X
<b>Field Description</b>	For Professional Claims, this field contains the place of service (POS) code, which identifies where the service was rendered. (Refer to the POS codes in the table below.) For Institutional Claims, this field contains the first two digits of type of bill code (Refer to Attachment 1 for type of bill code list.)

POS Code	Place of Service	POS Code	Place of Service
03	School	34	Hospice
04	Homeless Shelter	41	Ambulance – Land
05	Indian Health Service Free-Standing Facility	42	Ambulance – Air/Water
06	Indian Health Service Provider-Based Facility	49	Independent Clinic
07	Tribal 638 Free-Standing Facility	50	Federally Qualified Health Center (FQHC)
08	Tribal 638 Provider-Based Facility	51	Inpatient Psychiatric Facility
09	Prison/Correctional Facility	52	Psychiatric Facility – Partial Hospitalization
11	Office	53	Community Mental Health Center (CMHC)
12	Patient's Home	54	Intermediate Care Facility – Mentally Retarded (ICF-MR)
15	Mobile Unit	55	Residential Substance Abuse Treatment Facility
20	Urgent Care Facility	56	Psychiatric Residential Treatment Center
21	Inpatient Hospital	57	Non-Residential Substance Abuse Treatment Facility
22	Outpatient Hospital	60	Mass Immunization Center
23	Emergency Room - Hospital	61	Comprehensive Inpatient Rehabilitation Facility
24	Ambulatory Surgical Center	62	Comprehensive Outpatient Rehabilitation Facility
25	Birthing Center	65	End-Stage Renal Disease Treatment Facility
26	Military Treatment Facility (MTF)	71	Public Health Clinic
31	Skilled Nursing Facility (SNF)	72	Rural Health Clinic
32	Nursing Facility	81	Independent Laboratory
33	Custodial Care Facility	99	Other Place of Service

## 20. Approved Amount

<b>Field Type</b>	Numeric
<b>Length</b>	
<b>Format</b>	Double
<b>Field Description</b>	This field contains the approved amount, which equals the amount for the total claim that was approved by the payer sending this encounter data to another payer.

## 21. Paid Amount

<b>Field Type</b>	Numeric
<b>Length</b>	
<b>Format</b>	Double
<b>Field Description</b>	This field contains the payer paid amount, which equals the amount for the total claim that was paid by the payer sending this encounter data to another payer.

## 22. Service Line Number

<b>Field Type</b>	Numeric
<b>Length</b>	
<b>Format</b>	Integer
<b>Field Description</b>	This field contains a line counter. The service line number is incremented by 1 for each service line within a claim.

## 23. Line Paid Amount

<b>Field Type</b>	Numeric
<b>Length</b>	
<b>Format</b>	Double
<b>Field Description</b>	This field contains the paid amount for a line item.

## 24. Procedure Code

<b>Field Type</b>	Alpha/Numeric
<b>Length</b>	5
<b>Format</b>	X
<b>Field Description</b>	For Professional Claims, this field contains the 5-digit CPT®/HCPCS procedure code, which must be a valid procedure code. For Institutional Claims, if there is no CPT®/HCPCS procedure code, use the dummy procedure code '99499.'

## 25. Program Service Category Identifier (Procedure Modifier 1)

<b>Field Type</b>	Alpha/Numeric
<b>Length</b>	2
<b>Format</b>	X
<b>Field Description</b>	This field contains the 2-digit identifier (ID) for the Medicaid State Plan (SP) or 1915(b)(3) (B3) waiver program service category to which the encounter is assigned. (Refer to the program service category identifier table below.)

ID	Program Service Category	Valid Procedure/Revenue Codes*
HE	State Plan (SP) Services	Any of the SP procedure codes, or 99499 with the SP revenue codes
HB	Clubhouses & Drop-In Centers	Any of the B3 procedure codes or 99499
HJ	Vocational Services	Any of the B3 procedure codes or 99499
HK	Assertive Community Treatment (ACT) Services	Any of the B3 procedure codes or 99499
HT	Prevention & Early intervention Services	Any of the B3 procedure codes or 99499
SC	Residential Services	Any of the B3 procedure codes or 99499
SE	Home-Based Services	Any of the B3 procedure codes or 99499
SK	Intensive Case Management (ICM) Services	Any of the B3 procedure codes or 99499
SY	Respite Care Services	Any of the B3 procedure codes or 99499

ID	Program Service Category (cont..)	Valid Procedure/Revenue Codes*
TJ	School-Based Services	Any of the SP procedure codes, or 99499 with an SP revenue code
TS	Recovery Services	Any of the B3 procedure codes or 99499
TG	Other State Plan Services	Any of the procedure codes other than the SP procedure codes, or 99499 with the B3 revenue codes
HI	Other B3 Services	Any of the procedure codes other than B3 procedure codes

## 26. Procedure Modifier 2

<b>Field Type</b>	Alpha/Numeric
<b>Length</b>	2
<b>Format</b>	X
<b>Field Description</b>	This field may contain a CPT®/HCPCS modifier, as assigned by the provider.

If an encounter or claim is billed with the following modifier, please report this modifier in the “Procedure Modifier 2” field:

HF	Substance Use Program	Any encounter or claim reported by the provider as part of the substance use program.
----	-----------------------	---

Otherwise, if applicable, please report the modifiers described in the “Procedure Modifier 1” field.

## 27. Procedure Modifier 3

<b>Field Type</b>	Alpha/Numeric
<b>Length</b>	2
<b>Format</b>	X
<b>Field Description</b>	This field may contain a CPT®/HCPCS modifier, as assigned by the provider.

## 28. Procedure Modifier 4

<b>Field Type</b>	Alpha/Numeric
<b>Length</b>	2
<b>Format</b>	X
<b>Field Description</b>	This field may contain a CPT®/HCPCS modifier, as assigned by the provider.

## 29. Procedure Code Description

<b>Field Type</b>	Alpha/Numeric
<b>Length</b>	Flexible
<b>Format</b>	X
<b>Field Description</b>	This field contains the CPT®/HCPCS procedure code description.

### 30. Revenue Code

<b>Field Type</b>	Alpha/Numeric
<b>Length</b>	Flexible
<b>Format</b>	X
<b>Field Description</b>	For Institutional Claims, this field contains a revenue code. For Professional Claims, leave this field as "null."

### 31. Units

<b>Field Type</b>	Numeric
<b>Length</b>	
<b>Format</b>	Double
<b>Field Description</b>	This field contains the number of units rendered for the encounter.

### 32. Service Start Date

<b>Field Type</b>	Numeric
<b>Length</b>	8
<b>Format</b>	YYYYMMDD
<b>Field Description</b>	This field contains the date of service (DOS), which aids in record verification. This field may also be used as a "from" date for encounters that are billed over an extended period. The first DOS must always be less than or equal to the service end date.

### 33. Service End Date

<b>Field Type</b>	Numeric
<b>Length</b>	8
<b>Format</b>	YYYYMMDD
<b>Field Description</b>	This field contains the date of service (DOS), which aids in record verification. This field may also be used as a "through" date for encounters that are billed over an extended period. The service end date must always be greater than or equal to the first DOS. When the rendered service begins and ends on the same day, the first and last DOS will be the same. If there is no end DOS in the record, this field is completed as "null."

### 34. Rendering Provider Name

<b>Field Type</b>	Alpha/Numeric
<b>Length</b>	Flexible
<b>Format</b>	X
<b>Field Description</b>	This field contains the name of the behavioral health organization (BHO).

### 35. Rendering Provider Identification

<b>Field Type</b>	Alpha/Numeric
<b>Length</b>	8
<b>Format</b>	X
<b>Field Description</b>	This field contains the BHO Medicaid ID Number.

### 36. Flat File Control Line Number (FCLN)

<b>Field Type</b>	Alpha/Numeric
<b>Length</b>	
<b>Format</b>	Integer
<b>Field Description</b>	This field is generated by the submitter as part of the flat file primary key fields to uniquely identify each distinct record in the encounter data file.

In the encounter data file, if a group of records has the same:

- Patient ID
- Claim Number
- CPT®/HCPCS Procedure Code for Professional Claims or Revenue Code for Institutional Claims
- Service Start Date

Provided they are actually distinct service encounters, according to the information not required in the data file (i.e., service time, service/procedure description, etc.), each record receives a sequential number. If there is only one (1) record in the group, the FCLN should be assigned a 1(one). For example:

<u>Patient ID</u>	<u>Claim #</u>	<u>Procedure Code</u>	<u>Service Start Date</u>	<u>FCLN</u>
x111111	c11111	90832	20090712	1
x111111	c22222	99211	20090712	2
x111111	c22222	T1017	20090712	3

### 37. Payment Date

<b>Field Type</b>	Numeric
<b>Length</b>	8
<b>Format</b>	YYYYMMDD
<b>Field Description</b>	This field contains the date the encounter is adjudicated.

### 38. Billing Provider National Provider Identifier (NPI)

<b>Field Type</b>	Alpha/Numeric
<b>Length</b>	10
<b>Format</b>	X
<b>Field Description</b>	This field contains the provider's National Provider Identifier (NPI), which the HCPF Rates Section uses to price the BH service. If the service in an encounter is rendered by a staff provider at a CMHC, clinic or hospital, or is rendered by a provider affiliated or contracted with a CMHC, clinic or hospital, this field should contain the CMHC, clinic or hospital's NPI. Otherwise, this field contains the provider's individual NPI.

## f. Data Submission

Behavioral health organizations (BHOs) submit behavioral health (BH) encounter data to the Colorado Department of Health Care Policy and Financing (HCPF) in the flat file format on a quarterly basis. Each BHO should submit one (1) data file for Professional Claims and one (1) data file for Institutional Claims. Each BHO may submit its quarterly encounter data files in one (1) of (2) methods:

- Copy the encounter data files on a CD-ROM and mail them to HCPF
  - “Zip” and password protect the encounter data files, and send them to HCPF via e-mail or publish via secure web site
- Refer to the Word file “RateTimeLine&EncounterSubmissionSchedule.doc” for details.

## g. Data Validation Rules

Encounter Data Validation Rules	
1	No “null” in the primary key fields
2	No duplicates based on the primary key fields
3	No “null” in the primary diagnosis field
4	No “null” in all other required fields
5	Random checks on:
	a. Patient eligibility and enrollment
	b. Service category assignment logic

## h. Data Process Summary Report

Encounter Data Process Summary Report	
1	Number of distinct patients
2	Count of claims and count of units by BHO, Rendering Provider and Service Program Category
3	List of deleted encounters by reason

## XIII. Requesting Procedure Code Revisions

The American Medical Association (AMA) and the Centers for Medicare and Medicaid Services (CMS) have formal procedures for requesting revisions, additions and/or deletions to the procedure code sets. This section broadly describes these processes, as well as the procedure for requesting revisions to the Colorado Community Behavioral Health Services Program approved procedure code lists for behavioral health (BH) through the Colorado Department of Health Care Policy and Financing (HCPF).

### a. CPT® Procedure Code Revisions

The American Medical Association (AMA) has specific procedures to address suggested revisions to the *Current Procedural Terminology* (CPT®) procedure codes. Coding change request forms are available through the AMA ([www.ama-assn.org](http://www.ama-assn.org))

and are required to initiate a review of a proposed coding change by the CPT® Advisory Committee. Before submitting suggestions for changes to CPT® procedure codes, answer the following basic questions:

- **Is the suggestion a fragmentation of an existing procedure/service?**

Usually, all components of a procedure/service are included in the CPT® procedure code. If there are several components that are usually performed as part of that procedure/service, a separate CPT® procedure code is not typically assigned for each component, unless the component may be performed alone. Then a separate CPT® procedure code is indicated for that procedure/service.

- **Can the suggested procedure/service be reported by using two (2) or more existing CPT® procedure codes?**

Certain CPT® procedure codes describe only a portion of a procedure/service performed. The procedure/service may vary, depending on the individual patient, the extent of the disease, and/or other complicating factors. This may require reporting two (2) or more CPT® procedure codes to specify the procedures/services rendered. The CPT® Editorial Panel does not try to generate CPT® procedure codes to cover all possible combinations for every procedure/service, thus it is anticipated that two (2) or more CPT® procedure codes will be used to report these procedures/services.

- **Does the suggested procedure/service represent a distinct service?**

The CPT® lists descriptive terms and procedure codes for reporting services and procedures. Review the proposed procedure code change or addition and consider what the actual service/procedure involves. While there are many sophisticated devices and equipment to render procedures/services, the CPT® is intended to list those services/procedures which require actual work performance or direct supervision by a physician or practitioner. The device/equipment used is not listed in the CPT® procedure code.

- **Is the suggested procedure/service merely a means to report extraordinary circumstances related to the performance of a procedure/service already included in CPT®?**

A modifier indicates that a service/procedure performed has been altered by some specific circumstance but not changed in its definition or CPT® procedure code.

If the answers to the above questions suggest a new descriptor or CPT® procedure code is warranted, a proposal is submitted by completing a coding change request form, which requires the following information:

- A complete description of the procedure/service (i.e., describe in detail the skill and time involved)
- A clinical vignette that describes the typical patient and work rendered by the physician/practitioner
- The diagnosis of patients for whom this procedure/service would be rendered
- A copy(s) of peer reviewed articles published in US journals indicating the safety and effectiveness of the procedure/service, as well as the frequency with which the procedure/service is performed and/or estimation of its projected performance
- A copy(s) of additional published literature that further explains the request (e.g., practice parameters/guidelines or policy statements on a particular procedure/service)
- Evidence of US Food and Drug Administration (FDA) approval of the drug or device used in the procedure/service, if required
- Answer the following questions:
  - Why are the existing CPT® procedure codes inadequate? (Be very specific.)
  - What specific descriptors are proposed? (Suggest wording as well as placement of the proposed procedure code(s) within the existing CPT® procedure code range.)

- Can any existing CPT® procedure codes be changed to include these new procedures/services without significantly affecting the extent of the procedures/services? (If not, give reasons why the existing CPT® procedure codes are incomplete.)
- Give specific rationale for each CPT® procedure code proposed, including a full explanation on how each proposed CPT® procedure code differs from existing CPT® procedure codes.
- If a CPT® procedure code is recommended for deletion, how should the service/procedure then be coded?
- How long (i.e., number of years) has this procedure/service been rendered for patients?
- What is the frequency in which a physician or other practitioner might perform the procedure/service?
- What is the typical site (e.g., office, hospital, nursing facility, ambulatory or other outpatient care setting, patient's home) where this procedure/service is rendered?
- Does the procedure/service involve the use of a drug or device that requires FDA approval?

The information provided does not insure that the CPT® Editorial Panel will adopt the suggested change. The initial AMA staff and CPT® Advisory Committee review process takes several months. CPT® schedule information is available on the AMA web site. The CPT® Editorial Panel action may result in one (1) of the following outcomes:

- Addition of a new CPT® procedure code or revision of an existing CPT® procedure code(s)
- Postponement of a suggested change to obtain further information
- Rejection of a suggested change

## **b. HCPCS Procedure Code Revisions**

A request to establish, revise or discontinue a *Healthcare Common Procedure Coding System* (HCPCS) procedure code may be submitted using the standard format found on the Centers for Medicare and Medicaid (CMS) web site ([www.cms.gov](http://www.cms.gov)). Prepare a cover letter outlining the HCPCS procedure code request and a brief summary of why a procedure code modification is necessary. In addition to providing the information according to the format, include any descriptive material that would be helpful in furthering CMS' understanding of the medical benefits of the item/procedure for which a coding modification is requested. Submit the original request with supporting documentation and, to expedite distribution and review, include 35 complete copies of the request information packet. To ensure timely review of materials, limit recommendations to no more than 40 pages, including both application questions and answers.

When the request is received, it is distributed to all reviewers. The item is placed on HCPCS Meeting Agenda and reviewed at regularly scheduled meetings by a panel whose membership includes representatives of Medicaid, Medicare, and private insurers. All external requests, (e.g. requests not generated internally) that are completed according to the applicable timeline are placed on a Public Meeting Agenda. The HCPCS Public Meetings provide an open forum for interested parties to make oral presentations or to submit written comments in response to published preliminary coding decisions. Announcements of dates, times and locations of public meetings are published in the Federal Register. CMS also posts public meeting information on the official HCPCS website ([www.cms.hhs.gov/medicare/hcpcs](http://www.cms.hhs.gov/medicare/hcpcs)). Public Meetings provide an opportunity for applicants and the general public to react to preliminary coding decisions and share additional information

with decision makers, prior to final decisions. All applicants are notified, in writing, of the final decision on their application, and all modifications to the HCPCS codes set are included in the HCPCS Level II Annual update.

The HCPCS procedure code review process is ongoing and continuous. Requests may be submitted at any time throughout the year. Early submissions are strongly encouraged. Requests that are complete are reviewed and processed on a first come, first served basis. For additional information regarding the HCPCS procedure coding process or the application process:

- Review documents on the CMS web site at [www.cms.hhs.gov/medhcpcsgeninfo](http://www.cms.hhs.gov/medhcpcsgeninfo)
- Submit an inquiry to [HCPCS@cms.hhs.gov](mailto:HCPCS@cms.hhs.gov)
- Contact CMS HCPCS staff<sup>138</sup>

### c. Colorado HCPF Procedure Code Revisions

To submit a suggestion to add, delete or change the Colorado Community Behavioral Health Services Program approved procedure code list (Appendix E) submit the following information to the Colorado Department of Health Care Policy and Financing (HCPF):

- Current approved CPT®/HCPCS procedure code, if applicable
- Suggested CPT®/HCPCS procedure code(s)
- Brief rationale for the suggested CPT®/HCPCS procedure code(s) with supporting references to State and/or Federal regulations, coding manuals, etc.
- Applicable modifier(s)
- Applicable population(s)
- Applicable mode(s) of delivery
- Applicable place(s) of service (POS)
- Medicaid State Plan and/or 1915(b)(3) Waiver program service category(ies), if applicable
- Minimum staff requirements
- Minimum documentation requirements
- Example(s), if available
- Requested implementation date

HCPF will review and discuss recommendations with the appropriate stakeholders (e.g., behavioral health organizations (BHOs), community mental health centers (CMHCs), substance abuse treatment providers) prior to making a final determination. If the recommendation is accepted, a revised approved procedure code list will be distributed to the appropriate stakeholders. In addition, the *Uniform Service Coding Standards (USCS) Manual* will also be updated and distributed.

⊗ **Requests for revisions to the approved procedure code list(s) must be submitted to HCPF *prior to the use of the requested procedure code(s)*, to ensure appropriate encounter reporting, and/or billing and reimbursement.**

# Appendix A: Colorado Health Network's (CHN) Encounter Design Matrix

### Colorado Health Network's (CHN) Encounter Design Matrix

<b>Core Services</b>	<b>Assessment Services</b>	<b>Case Management Services</b>	<b>Peer Support/ Recovery Services</b>	<b>Prevention/ Early Intervention Services</b>	<b>Residential Services</b>	<b>Respite Care Services</b>	<b>Treatment Services</b>	<b>Vocational Services</b>
<b>Modality (Not All Inclusive)</b>	<b>Assessment</b>	<b>Consultation</b>	<b>Family Psychotherapy</b>	<b>Group Psychotherapy</b>	<b>Individual Psychotherapy</b>	<b>Job Coaching</b>	<b>Medication Management</b>	<b>Skills Training &amp; Development</b>
<b>Program (Not All Inclusive)</b>	<b>Acute Treatment Unit (ATU)</b>	<b>Child &amp; Adolescent Day Treatment</b>	<b>Outpatient Mental Health Services</b>	<b>Intensive/In-Home Family Program</b>	<b>Nursing Home Services</b>	<b>Prevention/Early Intervention Program</b>	<b>Residential Services</b>	<b>Vocational Services</b>
<b>Location (Not All Inclusive)</b>	<b>Patient's Home</b>	<b>CMHC Outpatient Center</b>	<b>Emergency Room (ER)</b>	<b>Group Home</b>	<b>Jail/Correctional Facility</b>	<b>Nursing Home</b>	<b>School</b>	<b>Shelter</b>
<b>Framework Data</b>	<b>Patient's Medicaid ID</b>	<b>Patient's Date of Birth (DOB)</b>	<b>Date of Service (DOS)</b>	<b>Start/End Time OR Duration</b>	<b>Emergency? Yes/No</b>	<b>Staff/Peer Credentials</b>		

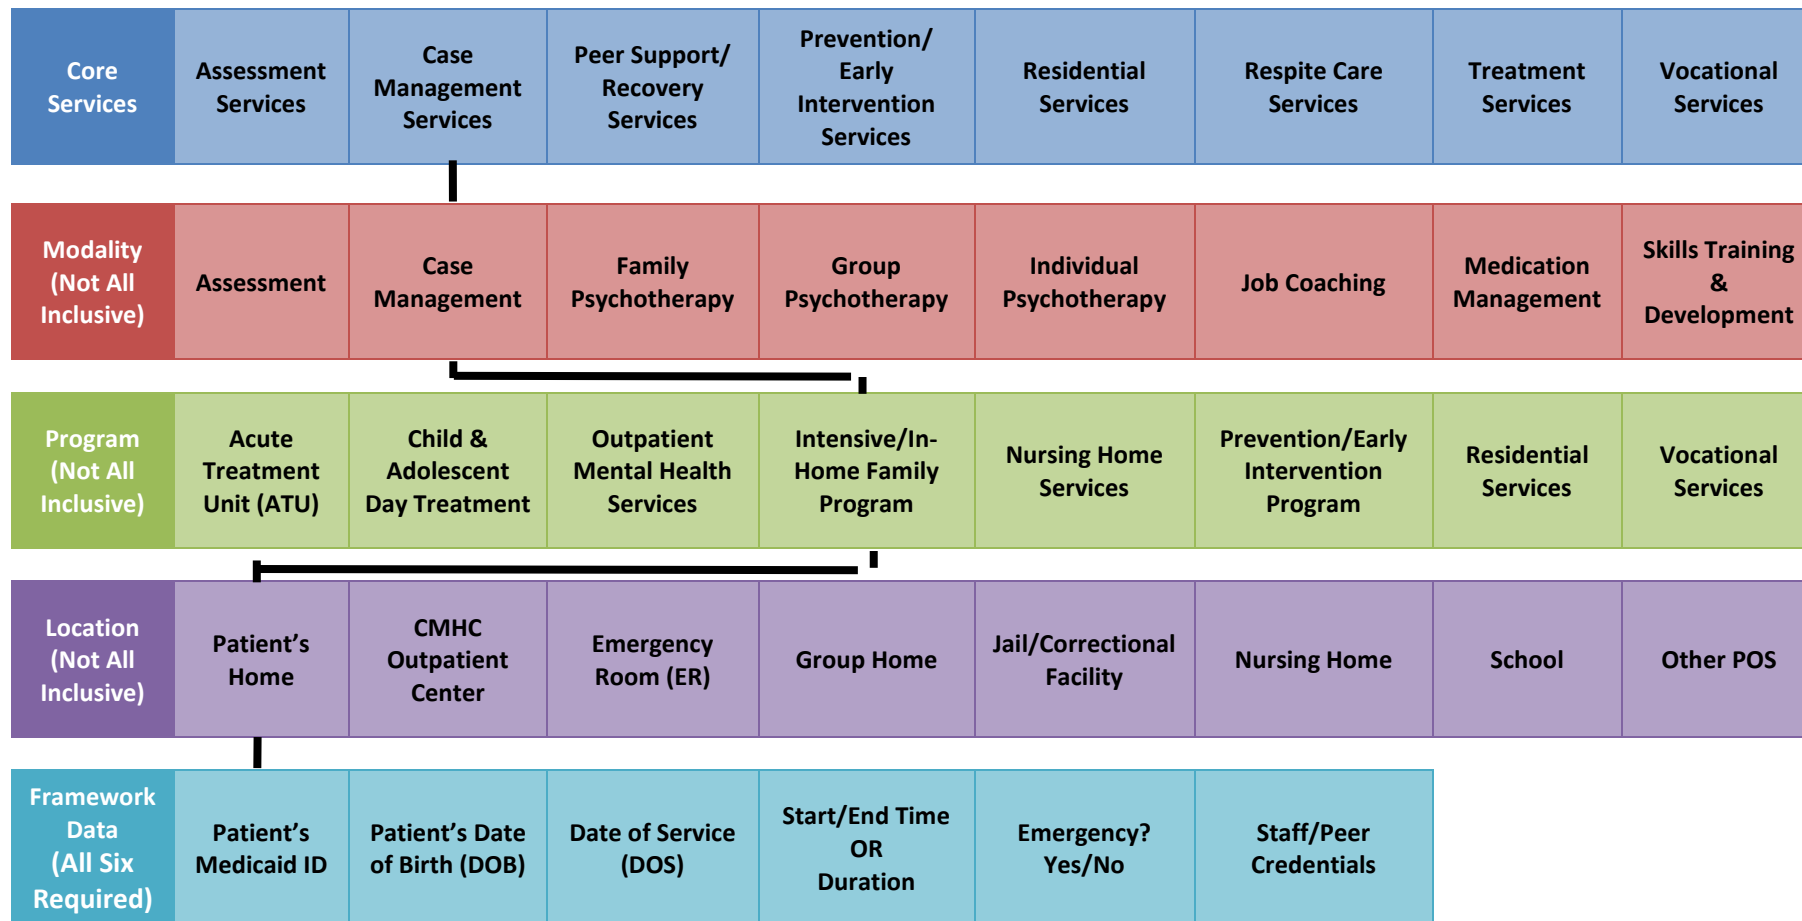

Uniform Service Coding Standards Manual 2015  
 Revised: May 1, 2015  
 Effective: July 1, 2015

**EXAMPLE: A patient enrolled in a CMHC’s Vocational Program receives job coaching in his/her place of employment:**

<b>Core Services</b>	Assessment Services	Case Management Services	Peer Support/ Recovery Services	Prevention/ Early Intervention Services	Residential Services	Respite Care Services	Treatment Services	Vocational Services
<b>Modality (Not All Inclusive)</b>	Assessment	Consultation	Family Psychotherapy	Group Psychotherapy	Individual Psychotherapy	Job Coaching	Medication Management	Skills Training & Development
<b>Program (Not All Inclusive)</b>	Acute Treatment Unit (ATU)	Child & Adolescent Day Treatment	Outpatient Mental Health Services	Intensive/In-Home Family Program	Nursing Home Services	Prevention/Early Intervention Program	Residential Services	Vocational Services
<b>Location (Not All Inclusive)</b>	Patient’s Home	CMHC Outpatient Center	Emergency Room (ER)	Group Home	Jail/Correctional Facility	Nursing Home	School	Other POS
<b>Framework Data (All Six Required)</b>	Patient’s Medicaid ID	Patient’s Date of Birth (DOB)	Date of Service (DOS)	Start/End Time OR Duration	Emergency? Yes/No	Staff/Peer Credentials		

**Procedure Code: H2025, Ongoing support to maintain employment**

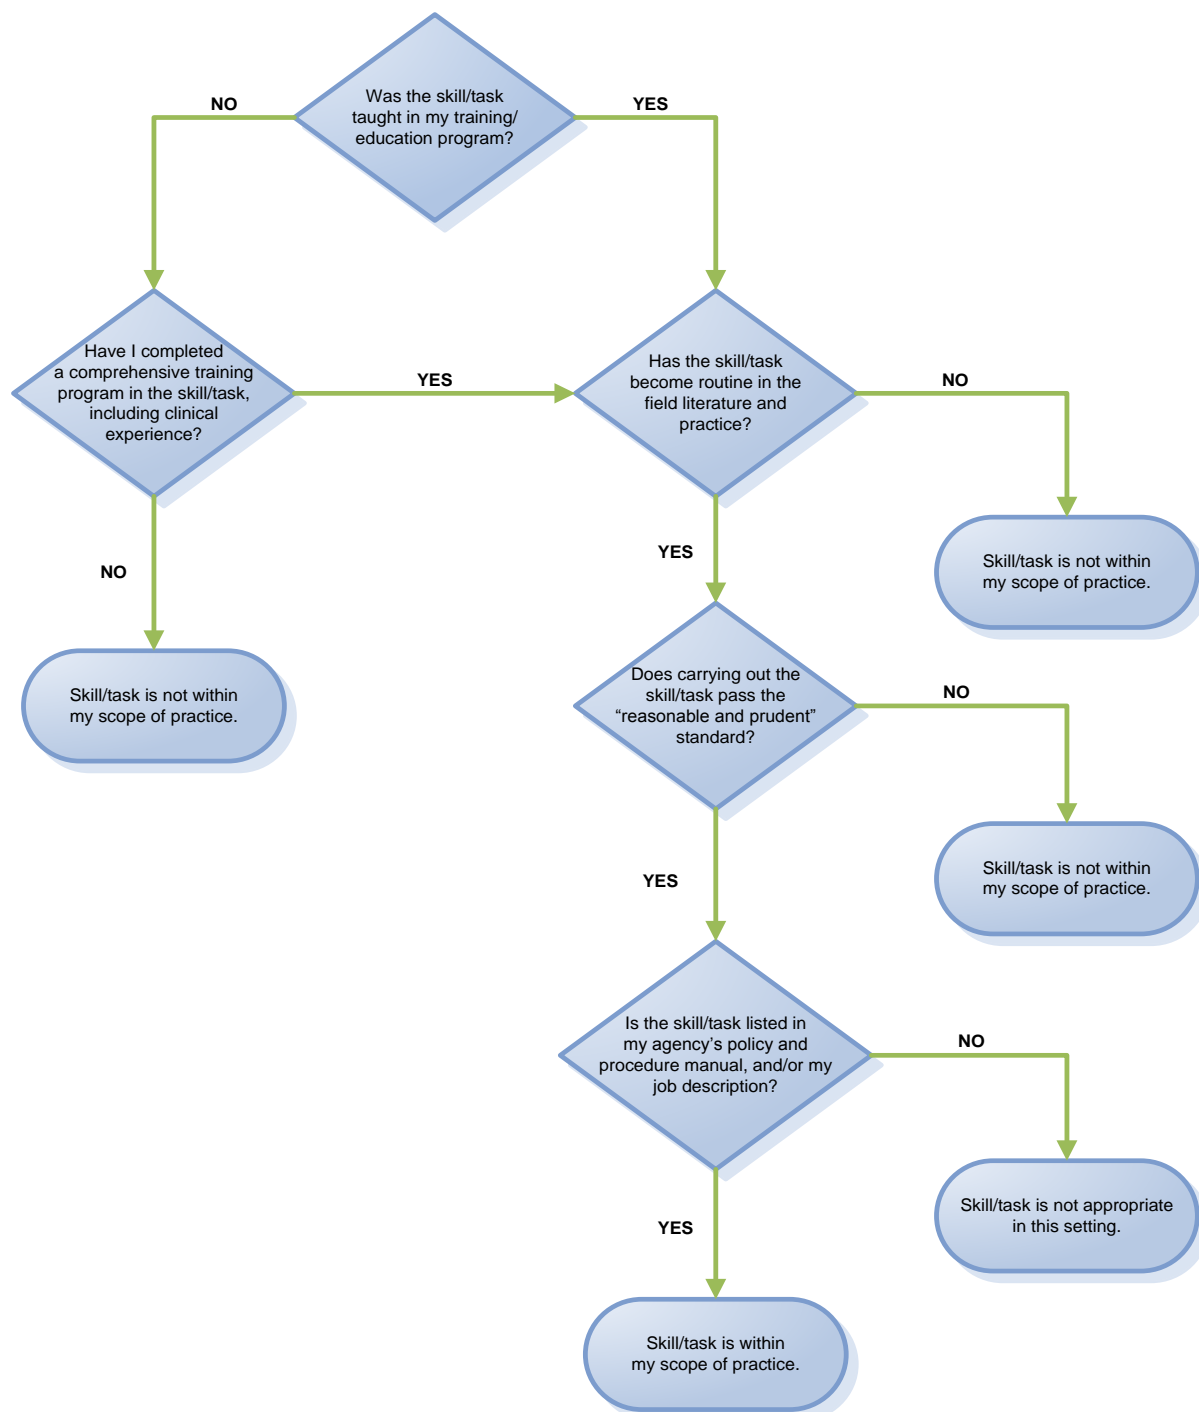

**EXAMPLE: A patient receives case management to access needed services in the community:**

**Procedure Code: T1017, Case management, each 15 minutes**

## Appendix B: Scope of Practice Algorithm<sup>139</sup>

“Is this skill or task within my scope of practice?”

## Appendix C: CDHS OBH Approved Procedure Code List

\*yellow highlighting indicates codes that do not require a covered diagnosis (i.e. assessment, crisis, prev/interv); blue highlight identifies exceptions to that rule.

CDHS – OBH Approved Behavioral Health (BH) Procedure Code List	
CPT/HCPCS Procedure Code	Description
80101	Drug screen, qualitative; single drug class method (e.g., immunoassay, enzyme assay), each drug class
82075	Alcohol (ethanol); breath
90785	Interactive complexity (list separately in addition to the code for the primary service)
90791	Psychiatric diagnostic evaluation
90792	Psychiatric diagnostic evaluation with medical services
90832	Psychotherapy, 30 minutes with the patient and/or family member
90833	Psychotherapy, 30 minutes with the patient and/or family member when performed with an evaluation and management service (list separately in addition to the code for primary service)
90834	Psychotherapy, 45 minutes with the patient and/or family member
90836	Psychotherapy, 45 minutes with the patient and/or family member when performed with an evaluation and management service (list separately in addition to the code for primary service)
90837	Psychotherapy, 60 minutes with the patient and/or family member
90838	Psychotherapy, 60 minutes with the patient and/or family member when performed with an evaluation and management service (list separately in addition to the code for primary service)
90839	Psychotherapy for Crisis, first 60 min
90840	Psychotherapy for Crisis, each additional 30 minutes (List separately in addition to code 90839 for primary service)
90846	Family psychotherapy (without the patient present)
90847	Family psychotherapy (conjoint psychotherapy) (with patient present)
90849	Multiple-family group therapy
90853	Group psychotherapy (other than of a multiple-family group)
90875	Individual psychophysiological therapy incorporating biofeedback training by any modality (face-to-face with the patient), with psychotherapy (e.g., insight-oriented, behavior modifying or supportive psychotherapy); approximately 30 minutes
90876	Individual psychophysiological therapy incorporating biofeedback training by any modality (face-to-face with the patient), with psychotherapy (e.g., insight-oriented, behavior modifying or supportive psychotherapy); approximately 45 minutes

Uniform Service Coding Standards Manual 2015

Revised: May 1, 2015

Effective: July 1, 2015

**CDHS – OBH Approved Behavioral Health (BH) Procedure Code List Cont...**

<b>CPT/HCPCS Procedure Code</b>	<b>Description</b>
90887	Interpretation or explanation of results of psychiatric, other medical examinations and procedures, or other accumulated data to family or other responsible persons, or advising them how to assist patient
96101	Psychological testing (includes psychodiagnostic assessment of emotionality, intellectual abilities, personality, and psychopathology; e.g., MMPI, Rorschach, WAIS), per hour of the psychologist's or physician's time, both face-to-face time administering tests to the patient and time interpreting these test results and preparing the report
96102	Psychological testing (includes psychodiagnostic assessment of emotionality, intellectual abilities, personality, and psychopathology; e.g., MMPI, WAIS), with qualified health care professional interpretation and report, administered by technician, per hour of technician time, face-to-face.
96103	Psychological testing (includes psychodiagnostic assessment of emotionality, intellectual abilities, personality and psychopathology, e.g., MMPI and WAIS), administered by a computer, with qualified health care professional interpretation and report.
96116	Neurobehavioral status exam (clinical assessment of thinking, reasoning, and judgment, e.g., acquired knowledge, attention, language, memory, planning and problem solving, and visual spatial abilities), per hour of the licensed psychologist or physician's time, both face-to-face time with the patient and time interpreting test results and preparing the report
96118	Neuropsychological testing (e.g., Halstead–Reitan Neuropsychological Battery Wechsler Memory Scales, and Wisconsin Card Sorting test), per hour of the licensed psychologist or physician's time, both face-to-face time administering tests to the patient and time interpreting these test results and preparing the report
96119	Neuropsychological testing (e.g., Halstead–Reitan Neuropsychological Battery Wechsler Memory Scales, and Wisconsin Card Sorting test), with qualified health care professional interpretation and report, administered by a technician, per hour of technician time, face-to-face
96120	Neuropsychological testing (e.g., Wisconsin Card Sorting Test), administered by a computer, with qualified health care professional interpretation and report.
96372	Therapeutic, prophylactic, or diagnostic injection (specify substance or drug) subcutaneous or intramuscular
97535	Self-care/home management training (e.g., activities of daily living (ADLs) and compensatory training, meal preparation, safety procedures, and instructions in use of assistive technology devices/adaptive equipment) direct one-on-one contact by provider, each 15 minutes
97537	Community/work reintegration training (e.g., shopping, transportation, money management, avocational activities and/or work environment/modification analysis, work task analysis, use of assistive technology device/adaptive equipment), direct one-on-one contact by provider, each 15 minutes
98960	Education and training for patient self-management
98962	Education and training for patient self-management
98966	Telephone assessment and management provided by qualified non-physician health care professional.
98967	Telephone assessment and management provided by qualified non-physician health care professional.

**CDHS – OBH Approved Behavioral Health (BH) Procedure Code List Cont...**

CPT/HCPCS Procedure Code	Description
98968	Telephone assessment and management provided by qualified non-physician health care professional.
99201	Office or Other Outpatient Services: requires problem focused history, problem focused examination, and straight forward medical decision making. Typical time spent is 10 minutes.
99202	Office or Other Outpatient Services: requires expanded problem focused history, expanded problem focused examination, and straightforward medical decision making. Typical time spent is 20 minutes.
99203	Office or Other Outpatient Services: requires detailed history, detailed examination, and low complexity medical decision making. Typical time spent is 30 minutes.
99204	Office or Other Outpatient Services: requires comprehensive history, comprehensive examination, and moderate complexity medical decision making. Typical time spent is 45 minutes.
99205	Office or Other Outpatient Services: requires comprehensive history, comprehensive examination, and high complexity medical decision making. Typical time spent is 60 minutes.
99211	Office or Other Outpatient Services: Office or other outpatient office visit that may not require the presence of a physician. Usually presenting problems are minimal.
99212	Office or Other Outpatient Services: requires problem focused history, problem focused examination, and straightforward medical decision making. Typical time spent is 10 minutes.
99213	Office or Other Outpatient Services: requires expanded problem focused history, expanded problem focused examination, and low complexity medical decision making. Typical time spent is 15 minutes.
99214	Office or Other Outpatient Services: requires detailed history, detailed examination, and moderate complexity medical decision making. Typical time spent is 25 minutes.
99215	Office or Other Outpatient Services: requires comprehensive history, comprehensive examination, and high complexity medical decision making. Typical time spent is 40 minutes.
99217	Observation Care discharge day management when provided on a day other than day of admission.
99218	Initial observation care, per day, for the evaluation and management of a patient: requires detailed or comprehensive history, detailed or comprehensive exam, and straight forward or low complexity medical decision making, Typical time is 30 minutes
99219	Initial observation care, per day, for the evaluation and management of a patient: requires comprehensive history, comprehensive exam, and moderate complexity medical decision making, Typical time is 50 minutes
99220	Initial observation care, per day, for the evaluation and management of a patient: requires comprehensive history, comprehensive exam, high complexity medical decision making, Typical time is 70 minutes
99221	Initial hospital care, per day, for the evaluation and management of a patient (low severity)
99222	Initial hospital care, per day, for the evaluation and management of a patient (moderate severity)

**CDHS – OBH Approved Behavioral Health (BH) Procedure Code List Cont...**

<b>CPT/HCPCS Procedure Code</b>	<b>Description</b>
99223	Initial hospital care, per day, for the evaluation and management of a patient (high severity)
99224	Subsequent hospital care, per day, for the evaluation and management of a patient: requires problem focused interval history, problem focused exam, and straight forward or low complexity medical decision making. Typical time is 15 minutes.
99225	Subsequent hospital care, per day, for the evaluation and management of a patient: expanded problem focused interval history, expanded problem focused exam, and moderate complexity medical decision making. Typical time is 25 minutes.
99226	Subsequent hospital care, per day, for the evaluation and management of a patient: requires detailed interval history, detailed exam, high complexity medical decision making Typical time is 35 minutes.
99231	Subsequent hospital care, per day (stable, recovering or improving patient)
99232	Subsequent hospital care, per day (patient responding inadequately to therapy or has developed a minor complication)
99233	Subsequent hospital care, per day (unstable patient or the development of significant complications or problems)
99234	Same day admit/discharge observation/inpatient Evaluation and Management services: requires detailed or comprehensive history, detailed or comprehensive exam, straight forward or low complexity med decision making, Typical time 40 minutes
99235	Same day admit/discharge observation/inpatient Evaluation and Management services: requires comprehensive history, comprehensive exam, moderate complexity med decision making, Typical time 50 minutes
99236	Same day admit/discharge observation/inpatient Evaluation and Management services: requires comprehensive history, comprehensive exam, high complexity med decision making, Typical time 55 minutes
99238	Discharge day management; 30 minutes or less
99239	Discharge day management; more than 30 minutes
99241	Office or other outpatient consultation for a new or established patient. Requires problem focused history, problem focused exam straight forward med decision making, Typical time 15 minutes.
99242	Office or other Outpatient Consultations Evaluation and Management Services: requires expanded problem focused history, expanded problem focused exam straight forward med decision making, Typical time 30 minutes
99243	Office or other Outpatient Consultations Evaluation and Management Services: requires detailed history, detailed exam low complexity med decision making, Typical time 40 minutes
99244	Office or other Outpatient Consultations Evaluation and Management Services: requires comprehensive history, comprehensive exam moderate complexity med decision making, Typical time 60 minutes
99245	Office or other Outpatient Consultations Evaluation and Management Services: requires comprehensive history, comprehensive exam high complexity med decision making, Typical time 80 minutes
99251	Inpatient consultation for a new or established patient; the presenting problem(s) are self-limited or minor

Uniform Service Coding Standards Manual 2015  
 Revised: May 1, 2015  
 Effective: July 1, 2015

**CDHS – OBH Approved Behavioral Health (BH) Procedure Code List Cont...**

<b>CPT/HCPCS Procedure Code</b>	<b>Description</b>
99252	Inpatient consultation for a new or established patient; the presenting problem(s) are of low severity
99253	Inpatient consultation for a new or established patient; the presenting problem(s) are of moderate severity
99254	Inpatient consultation for a new or established patient; the presenting problem(s) are of moderate to high severity.
99255	Inpatient consultation for a new or established patient; the presenting problem(s) are of moderate to high severity.
99281	Emergency Department Services: requires problem focused history, problem focused examination straight forward medical decision making
99282	Emergency Department Services: requires expanded problem focused history, expanded problem focused examination low complexity medical decision making
99283	Emergency Department Services: requires expanded problem focused history, expanded problem focused examination moderate complexity medical decision making
99284	Emergency Department Services: requires detailed history, detailed examination moderate complexity medical decision making
99285	Emergency Department Services: requires comprehensive history, comprehensive examination high complexity medical decision making.
99304	Initial Nursing Facility Care Services: requires detailed or comprehensive history, detailed or comprehensive examination straight forward or low complexity medical decision making, Typical time is 25 minutes
99305	Initial Nursing Facility Care Services: requires comprehensive history, comprehensive examination moderate complexity medical decision making, Typical time is 35 minutes
99306	Initial Nursing Facility Care Services: requires comprehensive history, comprehensive examination high complexity medical decision making Typical time is 45 minutes
99307	Subsequent Nursing Facility Services: requires problem focused interval history, problem focused examination, straight forward medical decision making, Typical time 10 minutes
99308	Subsequent Nursing Facility Services: requires expanded problem focused interval history, expanded problem focused examination, low complexity medical decision making, Typical time 15 minutes
99309	Subsequent Nursing Facility Services: requires detailed interval history, detailed examination moderate complexity medical decision making, Typical time is 25 minutes
99310	Subsequent Nursing Facility Services: requires comp interval history, comprehensive examination high complexity medical decision making, Typical time is 35 minutes
99315	Nursing Facility discharge services: nursing facility discharge day management; 30 minutes or less
99316	Nursing Facility discharge services: nursing facility discharge day management; more than 30 minutes

**CDHS – OBH Approved Behavioral Health (BH) Procedure Code List Cont...**

<b>CPT/HCPCS Procedure Code</b>	<b>Description</b>
99318	Annual Nursing Facility Assessment: require detailed interval history, comprehensive examination, low to moderate complexity medical decision making. Typical time is 30 minutes
99324	Domiciliary, rest home, custodial care services: requires problem focused history, problem focused examination straight forward medical decision making, Typical time 20 minutes
99325	Domiciliary, rest home, custodial care services: requires expanded problem focused history, expanded problem focused examination low complexity medical decision making Typical time 30 minutes
99326	Domiciliary, rest home, custodial care services: requires detailed history, detailed examination moderate complexity medical decision making, Typical time 45 minutes
99327	Domiciliary, rest home, custodial care services: requires comprehensive history, comprehensive examination moderate complexity medical decision making, Typical time 60 minutes
99328	Domiciliary, rest home, custodial care services: requires comprehensive history, comprehensive examination high complexity medical decision making, Typical time 75 minutes
99334	Domiciliary, rest home, custodial care services: requires problem focused interval history, problem focused examination straight forward medical decision making, Typical time 15 minutes
99335	Domiciliary, rest home, custodial care services: requires expanded problem focused interval history, expanded problem focused examination low complexity medical decision making Typical time 25 minutes
99336	Domiciliary, rest home, custodial care services: requires detailed interval history, detailed examination moderate complexity medical decision making, Typical time 40 minutes
99337	Domiciliary, rest home, custodial care services: requires comprehensive interval history, comprehensive examination moderate to high complexity medical decision making, Typical time 60 minutes
99341	Home care services: requires problem focused history, problem focused examination straight forward medical decision making, Typical time 20 minutes
99342	Home care services: requires expanded problem focused history, expanded problem focused examination low complexity medical decision making Typical time 30 minutes
99343	Home care services: requires detailed history, detailed examination moderate complexity medical decision making, Typical time 45 minutes

CPT/HCPCS Procedure Code	Description
T1012	Alcohol and/or substance abuse services, skills development
T1013	Sign language or oral interpreter for alcohol and/or substance abuse services, per 15 minutes
T1016	Case management, each 15 minutes
T1017	Targeted Case management, each 15 minutes
T1019	Personal care services, per 15 minutes, not for an inpatient or resident of a hospital, nursing facility, ICF/MR or IMD, part of the individualize plan of treatment (code may not be used to identify services provided by home health aide or CNA)
T1023	Screening to determine the appropriateness of consideration of an individual for participation in a specified program, project or treatment protocol, per encounter
T2001	Non-emergency transportation

## Appendix D: Colorado Behavioral Health Procedure Code Categorization

\*yellow highlighting indicates codes that do not require a covered diagnosis (i.e. assessment, crisis, prev/interv); blue highlight identifies exceptions to that rule.

Code	Description	Primary Category	Secondary Category	Tertiary Category	SP (HE)	(b)(3)	Unit*
80101	Drug screen, qualitative; single drug class method (e.g., immunoassay, enzyme assay), each drug class	Screening	Drug	Pathology and Laboratory			E
82075	Alcohol (ethanol); breath	Screening	Alcohol	Pathology and Laboratory			E
90785	Interactive complexity (list separately in addition to the code for the primary service)	Treatment	Psychotherapy	Interactive Complexity	X		E
90791	Psychiatric diagnostic evaluation	Assessment	Diagnosis	n/a	X	X	E
90792	Psychiatric diagnostic evaluation with medical services	Assessment	Diagnosis	n/a	X	X	E
90832	Psychotherapy, 30 minutes with the patient and/or family member	Treatment	Psychotherapy	Individual Psychotherapy	X	X	E
90833	Psychotherapy, 30 minutes with the patient and/or family member when performed with an evaluation and management service (list separately in addition to the code for primary service)	E&M	Psychotherapy	Individual Psychotherapy	X	X	E
90834	Psychotherapy, 45 minutes with the patient and/or family member	Treatment	Psychotherapy	Individual Psychotherapy	X	X	E
90836	Psychotherapy, 45 minutes with the patient and/or family member when performed with an evaluation and management service (list separately in addition to the code for primary service)	E&M	Psychotherapy	Individual Psychotherapy	X	X	E
90837	Psychotherapy, 60 minutes with the patient and/or family member	Treatment	Psychotherapy	Individual Psychotherapy	X	X	E
90838	Psychotherapy, 60 minutes with the patient and/or family member when performed with an evaluation and management service (list separately in addition to the code for primary service)	E&M	Psychotherapy	Individual Psychotherapy	X	X	E
90839	Psychotherapy for Crisis, first 60 min	Crisis	Psychotherapy	Psychotherapy for Crisis	X	X	E

Uniform Service Coding Standards Manual 2015  
 Revised: May 1, 2015  
 Effective: July 1, 2015

Code	Description	Primary Category	Secondary Category	Tertiary Category	SP (HE)	(b)(3)	Unit*
90840	Psychotherapy for Crisis, each additional 30 minutes (List separately in addition to code 90839 for primary service)	Crisis	Psychotherapy	Psychotherapy for Crisis	X	X	30 M
90846	Family psychotherapy (without the patient present)	Treatment	Psychotherapy	Family Psychotherapy	X	X	E
90847	Family psychotherapy (conjoint psychotherapy) (with patient present)	Treatment	Psychotherapy	Family Psychotherapy	X	X	E
90849	Multiple-family group therapy	Treatment	Psychotherapy	Group Psychotherapy	X	X	E
90853	Group psychotherapy (other than of a multiple-family group)	Treatment	Psychotherapy	Group Psychotherapy	X	X	E
90875	Individual psychophysiological therapy incorporating biofeedback training by any modality (face-to-face with the patient), with psychotherapy (e.g., insight-oriented, behavior modifying or supportive psychotherapy); approximately 30 minutes	Treatment	Other Professional Services	Biofeedback	X	X	E
90876	Individual psychophysiological therapy incorporating biofeedback training by any modality (face-to-face with the patient), with psychotherapy (e.g., insight-oriented, behavior modifying or supportive psychotherapy); approximately 45 minutes	Treatment	Other Professional Services	Biofeedback	X		E
90887	Interpretation or explanation of results of psychiatric, other medical examinations and procedures, or other accumulated data to family or other responsible persons, or advising them how to assist patient	Assessment	Psychological Testing	n/a	X		E
96101	Psychological testing (includes psychodiagnostic assessment of emotionality, intellectual abilities, personality, and psychopathology; e.g., MMPI, Rorschach, WAIS), per hour of the psychologist's or physician's time, both face-to-face time administering tests to the patient and time interpreting these test results and preparing the report	Assessment	Psychological Testing	n/a	X	X	I H

Code	Description	Primary Category	Secondary Category	Tertiary Category	SP (HE)	(b)(3)	Unit*
96102	Psychological testing (includes psychodiagnostic assessment of emotionality, intellectual abilities, personality, and psychopathology; e.g., MMPI, WAIS), with qualified health care professional interpretation and report, administered by technician, per hour of technician time, face-to-face.	Assessment	Psychological Testing	n/a	X		1 H
96103	Psychological testing (includes psychodiagnostic assessment of emotionality, intellectual abilities, personality and psychopathology, e.g., MMPI and WAIS), administered by a computer, with qualified health care professional interpretation and report.	Assessment	Psychological Testing	n/a	X		1 H
96116	Neurobehavioral status exam (clinical assessment of thinking, reasoning, and judgment, e.g., acquired knowledge, attention, language, memory, planning and problem solving, and visual spatial abilities), per hour of the licensed psychologist or physician's time, both face-to-face time with the patient and time interpreting test results and preparing the report	Assessment	Psychological Testing	n/a	X		1 H
96118	Neuropsychological testing (e.g., Halstead–Reitan Neuropsychological Battery Wechsler Memory Scales, and Wisconsin Card Sorting test), per hour of the licensed psychologist or physician's time, both face-to-face time administering tests to the patient and time interpreting these test results and preparing the report	Assessment	Psychological Testing	n/a	X		1 H
96119	Neuropsychological testing (e.g., Halstead–Reitan Neuropsychological Battery Wechsler Memory Scales, and Wisconsin Card Sorting test), with qualified health care professional interpretation and report, administered by a technician, per hour of technician time, face-to-face	Assessment	Psychological Testing	n/a	X		1 H
96120	Neuropsychological testing (e.g., Wisconsin Card Sorting Test), administered by a computer, with qualified health care professional interpretation and report.	Assessment	Psychological Testing	n/a	X		1 H
96372	Therapeutic, prophylactic, or diagnostic injection (specify substance or drug) subcutaneous or intramuscular	Treatment	Medication Management	n/a	X		E

Uniform Service Coding Standards Manual 2015  
Revised: May 1, 2015  
Effective: July 1, 2015

Code	Description	Primary Category	Secondary Category	Tertiary Category	SP (HE)	(b)(3)	Unit*
97535	Self-care/home management training (e.g., activities of daily living (ADLs) and compensatory training, meal preparation, safety procedures, and instructions in use of assistive technology devices/adaptive equipment) direct one-on-one contact by provider, each 15 minutes	Treatment	Rehabilitation	n/a	X		E
97537	Community/work reintegration training (e.g., shopping, transportation, money management, avocational activities and/or work environment/modification analysis, work task analysis, use of assistive technology device/adaptive equipment), direct one-on-one contact by provider, each 15 minutes	Treatment	Rehabilitation	n/a	X	X	15 M
98966	Telephone assessment and management provided by qualified non-physician health care professional.	Assessment	Non-Face-to-Face	Phone Assessment and Management	X	X	15 M
98967	Telephone assessment and management provided by qualified non-physician health care professional.	Assessment	Non-Face-to-Face	Phone Assessment and Management	X	X	15 M
98968	Telephone assessment and management provided by qualified non-physician health care professional.	Assessment	Non-Face-to-Face	Phone Assessment and Management	X	X	15 M
99201	Office or Other Outpatient Services: requires problem focused history, problem focused examination, and straight forward medical decision making. Typical time spent is 10 minutes.	E&M	Office or Other Outpatient	New Patient	X	X	15 M
99202	Office or Other Outpatient Services: requires expanded problem focused history, expanded problem focused examination, and straightforward medical decision making. Typical time spent is 20 minutes.	E&M	Office or Other Outpatient	New Patient	X		E
99203	Office or Other Outpatient Services: requires detailed history, detailed examination, and low complexity medical decision making. Typical time spent is 30 minutes.	E&M	Office or Other Outpatient	New Patient	X		E

Code	Description	Primary Category	Secondary Category	Tertiary Category	SP (HE)	(b)(3)	Unit*
99204	Office or Other Outpatient Services: requires comprehensive history, comprehensive examination, and moderate complexity medical decision making. Typical time spent is 45 minutes.	E&M	Office or Other Outpatient	New Patient	X		E
99205	Office or Other Outpatient Services: requires comprehensive history, comprehensive examination, and high complexity medical decision making. Typical time spent is 60 minutes.	E&M	Office or Other Outpatient	New Patient	X		E
99211	Office or Other Outpatient Services: Office or other outpatient office visit that may not require the presence of a physician. Usually presenting problems are minimal.	E&M	Office or Other Outpatient	Established Patient	X		E
99212	Office or Other Outpatient Services: requires problem focused history, problem focused examination, and straightforward medical decision making. Typical time spent is 10 minutes.	E&M	Office or Other Outpatient	Established Patient	X		E
99213	Office or Other Outpatient Services: requires expanded problem focused history, expanded problem focused examination, and low complexity medical decision making. Typical time spent is 15 minutes.	E&M	Office or Other Outpatient	Established Patient	X		E
99214	Office or Other Outpatient Services: requires detailed history, detailed examination, and moderate complexity medical decision making. Typical time spent is 25 minutes.	E&M	Office or Other Outpatient	Established Patient	X		E
99215	Office or Other Outpatient Services: requires comprehensive history, comprehensive examination, and high complexity medical decision making. Typical time spent is 40 minutes.	E&M	Office or Other Outpatient	Established Patient	X		E
99217	Observation Care discharge day management when provided on a day other than day of admission.	E&M	Hospital Observation	Observation Care Discharge	X		E
99218	Initial observation care, per day, for the evaluation and management of a patient: requires detailed or comprehensive history, detailed or comprehensive exam, and straight forward or low complexity medical decision making, Typical time is 30 minutes	E&M	Hospital Observation	Initial Observation Care	X		E

Code	Description	Primary Category	Secondary Category	Tertiary Category	SP (HE)	(b)(3)	Unit*
99219	Initial observation care, per day, for the evaluation and management of a patient: requires comprehensive history, comprehensive exam, and moderate complexity medical decision making, Typical time is 50 minutes	E&M	Hospital Observation	Initial Observation Care	X		E
99220	Initial observation care, per day, for the evaluation and management of a patient: requires comprehensive history, comprehensive exam, high complexity medical decision making, Typical time is 70 minutes	E&M	Hospital Observation	Initial Observation Care	X		E
99221	Initial hospital care, per day, for the evaluation and management of a patient (low severity)	E&M	Hospital Inpatient	Initial Hospital Care	X		E
99222	Initial hospital care, per day, for the evaluation and management of a patient (moderate severity)	E&M	Hospital Inpatient	Initial Hospital Care	X		E
99223	Initial hospital care, per day, for the evaluation and management of a patient (high severity)	E&M	Hospital Inpatient	Initial Hospital Care	X		E
99224	Subsequent hospital care, per day, for the evaluation and management of a patient: requires problem focused interval history, problem focused exam, and straight forward or low complexity medical decision making. Typical time is 15 minutes.	E&M	Hospital Observation	Subsequent Observation Care	X		E
99225	Subsequent hospital care, per day, for the evaluation and management of a patient: expanded problem focused interval history, expanded problem focused exam, and moderate complexity medical decision making. Typical time is 25 minutes.	E&M	Hospital Observation	Subsequent Observation Care	X		E
99226	Subsequent hospital care, per day, for the evaluation and management of a patient: requires detailed interval history, detailed exam, high complexity medical decision making Typical time is 35 minutes.	E&M	Hospital Observation	Subsequent Observation Care	X		E
99231	Subsequent hospital care, per day (stable, recovering or improving patient)	E&M	Hospital Inpatient	Subsequent Hospital Care	X		E
99232	Subsequent hospital care, per day (patient responding inadequately to therapy or has developed a minor complication)	E&M	Hospital Inpatient	Subsequent Hospital Care	X		E

## Appendix F: Case Management

Issue  
Brief

### The CMS Medicaid Targeted Case Management Rule: Implications for Special Needs Service Providers and Programs

APRIL 2008

By Sara Rosenbaum, JD, George Washington University School of Public Health and Health Services

**T**his issue brief examines the CMS targeted case management rule, issued December 4, 2007, in the context of people with complex health needs who receive services from programs that specialize in community-based care management.<sup>1</sup> Following a brief overview of the case management amendments contained in the Deficit Reduction Act, this analysis summarizes the key elements of the CMS regulation<sup>2</sup> and considers its implications in the context of specialized services, providers, and programs.

#### Background

Case management is commonly understood to consist of services that assist eligible beneficiaries in securing medical and other health services necessary to appropriate care and treatment.<sup>3</sup> Case management is not the direct provision of care and services, but instead is a separate and reimbursable class of services under Medicaid that for specific beneficiaries, identifies necessary services, assists in locating the services, identifies providers, and monitors the provision of care. Services offered through case management transcend Medicaid reimbursable care and services and can include educational, social, and uncovered health services.

Case management historically has been understood to be part of the EPSDT administrative service requirements. Case management services also were understood to be a separate administrative activity under Medicaid provisions governing the relationship between Medicaid agencies and state maternal and child health agencies, essentially as a form of public health nursing.<sup>4</sup>

Case management has existed as a separate, reimbursable class of medical assistance since 1986.<sup>5</sup> Congressional amendments initially made targeted case management (TCM) services (that is, case management services targeted to specific population subgroups) a payable class of medical assistance service when furnished as part of state waiver programs under §1915.<sup>6</sup> Congress subsequently amended Medicaid to permit states to furnish targeted case management services as a coverage option, regardless of whether coverage was offered in connection with a waiver program. (Previous legislation enacted in 1981 recognized case management as a separate payable activity in states operating primary care case management systems,<sup>7</sup> but the 1981 amendments did not adopt case management as a separate service class).

The Congressional Research Service (CRS) notes that almost all states cover TCM services. CRS also reports that total federal and state Medicaid expenditures for TCM services stood at \$2.9 billion in FY 2005, with some 2.7 million beneficiaries and an average expenditure of slightly more than \$1,050 per beneficiary.<sup>8</sup>

Immediately prior to leaving office, the Clinton Administration issued a State Medicaid Directors<sup>9</sup> (SMD) letter in 2001 outlining TCM requirements in a foster care context; CRS notes that the guidance also has been cited as applicable to other TCM arrangements. The SMD letter specified coverage and billing arrangements, as well as the breadth of state flexibility. The letter contained the following specific provisions regarding state use of TCM financing:

- Permitted states to use participation in other public programs as the basis for targeting, but required that TCM costs be limited to TCM, as opposed to costs incurred in delivering a social or other benefit.<sup>10</sup>
- Allowed states to use TCM to supplement services to Medicaid-eligible people, even when such activities are also “embedded in another program.”<sup>11</sup>
- Specified that allowable activities included assessment of need, case planning, referral and linkage, and monitoring and follow-up, but excluded the direct delivery of underlying medical, educational, or social services.<sup>12</sup>
- Permitted contact with Medicaid-ineligible individuals or Medicaid-enrolled beneficiaries who are not included in the TCM sub-group when the purpose of the contact and interaction was directly related to the management of care.<sup>13</sup>
- Clarified that normal third-party liability recovery (TPL) rules apply to TCM services, but that whether or not a separate public program could be considered a liable third party would depend on the interpretation of the scope of the program by the public agency in charge of the program.<sup>14</sup>

CMS activities under the Bush Administration subsequent to the issuance of the 2001 letter indicated a departure from the terms of the letter, specifically denying state plan practices that appeared to be permissible under the terms of the 2001 letter.<sup>15</sup>

## The Deficit Reduction Act of 2005

Section 6052 of the Deficit Reduction Act (DRA)<sup>16</sup> addressed TCM, as follows:

- Codified the 2001 letter, while also clarifying that TCM funds cannot be used to furnish assistance to people ineligible for TCM coverage (an issue addressed in the SMD letter).
- Clarified the applicability of TPL recovery to TCM medical assistance expenditures, but did not suggest an expansion of CMS powers to independently determine whether separate federal or state legislative authorities not under CMS’ administrative authority treat TCM as a payable service.
- Specified the application of federal cost allocation principles when an activity was shared with another program, but without specifying which other programs shared TCM functions.
- Did not adopt the “intrinsic element” test used by CMS<sup>17</sup> as a basis for disallowing TCM expenditures on behalf of individuals receiving services under multiple public programs.
- Specified publication of a TCM rule on an interim final basis.

## The CMS Regulation

The CMS regulation issued in December 2007 expanded on the DRA provisions, amplifying the provisions to include requirements and prohibitions articulated by the agency in earlier post-1981 rulings and disallowances but not included by Congress in the TCM amendments. The rule, which was not subject to the moratorium on certain CMS-issued Medicaid regulations enacted by Congress at the end of 2007,<sup>18</sup> applies to all TCM expenditures whether delivered under a waiver or as a state plan option.<sup>19</sup>

The key elements of the rule are as follows:

- Specifies, as did earlier CMS rulings,<sup>20</sup> that because TCM is a form of medical assistance, Medicaid's freedom of choice requirements apply, although the state agency may limit choice to providers deemed qualified to furnish care to the TCM population.<sup>21</sup>
- Defines case management services as services that assist individuals "eligible under the state plan who reside in a community setting or are transitioning to a community setting" in gaining access to needed medical, social, educational and other services."<sup>22</sup> The effect is to eliminate TCM as an allowable service for people in institutions. The rule does permit TCM during the last 14-60 days of an inpatient stay, depending on the length of the stay,<sup>23</sup> while prohibiting TCM for individuals transitioning into community settings from institutions for mental diseases (IMDs).<sup>24</sup>
- Specifies TCM activities as specified procedures (taking client history, identifying the individual's needs, and gathering documents and information to form a complete assessment); development and periodic revision of a specified care plan; referral and related activities; and monitoring and follow-up activities to assure that services are performed as specified in the care plan<sup>25</sup> or performed as part of a comprehensive assessment and periodic reassessment of the need for medical, educational, social or other services.
- Specifies that TCM can include contacts with ineligible individuals if "directly related" to the activities that are encompassed in TCM.<sup>26</sup>
- Specifies that TCM can be limited to "groups specified by the state" or "certain geographic areas within a state."<sup>27</sup>
- Prohibits TCM from being used to "restrict access" under the state plan<sup>28</sup> and specifies that case management providers may not exercise the state agency's authority "to authorize or deny the provision of other services under the plan."<sup>29</sup> ("We . . . prohibit providers of case management services from exercising the state Medicaid agency's authority to authorize or deny the provision of other services under the plan.")<sup>30</sup>
- Prohibits states from compelling people to receive TCM as a condition of receiving other Medicaid services, or vice versa.<sup>31</sup>
- Requires that states indicate in their plan that "case management services. . . will not duplicate payments made to public agencies or private entities under the state plan and other program authorities."<sup>32</sup>
- Requires case management to be a one-on-one activity and restricts individuals to one case manager.<sup>33</sup>
- Sets up extensive provider recordkeeping requirements for individuals receiving TCM services<sup>34</sup> and requires separate plan amendments for each class of case management assistance group.<sup>35</sup>
- Bars case management payments when "any of the following conditions exist:"
  - » First, case management activities are an integral component of another Medicaid service such as physician services.<sup>36</sup> (The Preamble notes the following in relation to managed care contracts: "Individuals participating in a managed care plan receive case management services as an integral part of

the managed care services. This case management is for the purpose of managing the medical services provided by or through the plan and does not extend to helping an individual gain access to social, educational and other services the individual may need. Thus, an individual receiving services through a managed care plan may also receive case management...services when the individual is eligible for these services.” The Preamble does not explain whether the “integral component” rule runs to the contract itself, that is, whether case management is integral to managed care entities, or to specific services, such as physician services, contained within the contract.)<sup>37</sup>

At the same time, the rule specifically prohibits the use of bundled payments.<sup>38</sup> (The rule states the following: “...a state cannot employ a methodology or rate that result in payment for a bundle of services. Per diem rates, weekly rates, and monthly rates represent a bundled payment methodology that is not consistent with section 1902(a)(30)(A) of the Act, which requires that States have methods and procedures to assure that payments are consistent with efficiency, economy, and quality of care. A bundled payment methodology exists when a state pays a single rate for more than one service furnished to an eligible individual during a fixed period of time. The payment is the same regardless of the number of services furnished or the specific costs, or otherwise available rates. Since these bundled (daily, weekly or monthly) rates are not reflective of the actual types or numbers of services provided or the actual costs...they are not accurate or reasonable payments...” ).<sup>39</sup>

- » Second, the case management activities constitute the direct delivery of underlying medical, educational, social or other service. This exclusionary test differs from the “integral component” since it rests on the assumption that a service billed as “case management” actually falls into another medical assistance service class, such as a preventive service or a rehabilitation or nurse practitioner service.
- » Third, the activities are “integral to the administration of foster care programs.” Note: The concept of “integral to” is not defined.
- » Fourth, the activities are integral to the administration of another non-medical program. Note: The concept of “integral to” is not defined.<sup>40</sup>
- Bars claiming as an administrative cost any activities falling within the definition of targeted case management.<sup>41</sup>

It is important to note that the rule prohibits the use of TCM to help move an individual from an excluded setting back into the community where Medicaid coverage will resume. Thus, the Preamble gives examples of individuals who are leaving the criminal justice system or an IMD, who presumably possess significant disabilities, and who will need to be eased into the community. These individuals are considered under the rule to be excluded from the permissible TCM payment system.<sup>42</sup> Similarly, the Preamble contains a lengthy and ambiguous discussion of how Medicaid and education programs can share in the cost of case management for children receiving services through both programs. The discussion does not provide a clear explanation of the “intrinsic element” exclusion.

### Applications of the TCM Rule Using Common Case Management Elements

In recent years, states have pursued programs that target the aged, blind, and disabled (ABD) and/or Supplemental Security Income (SSI) eligible beneficiaries as a way to more appropriately manage the care needs of these complex populations. Many of these programs will potentially be affected by the TCM rule. The following chart illustrates how common elements of patient-centered programs that contain a case management function may be affected by the TCM rule.

Elements Common to Case Management Programs Serving Beneficiaries with Complex Health Needs	Potential Effects of TCM Rule
<p><b>Care Coordination Availability:</b> Care coordination is commonly available on a 24/7 basis.</p>	<p>This degree of availability may likely end, since the same care manager would effectively need to be on duty on a 24/7 basis.</p>
<p><b>Care Manager as a Gatekeeper:</b> Care managers coordinate multiple services, including medical services and non-medical services such as: vocational, educational, housing, social services, and recreational.</p>	<p>The regulation prohibits programs from combining utilization management and case management. According to CMS' Question and Answers document, the state can take into account a case manager's recommendation, but cannot rely solely on case managers' decisions about the determination of medical necessity or prior authorizations.</p>
<p><b>Care Plans:</b> A care plan is often required for each beneficiary. If a beneficiary accesses care from both physical and behavioral health providers, she/he may have multiple care plans in place.</p>	<p>The development of multiple care plans may likely be prohibited, as would the care team that is responsible for coordinating the plans.</p> <p>If the client is also receiving other public services, TCM might be excluded altogether under the "intrinsic element" or "public program" exclusion.</p> <p>Unit cost payment arrangements and recordkeeping requirements may also apply.</p>
<p><b>Care Teams:</b> Each beneficiary is typically assigned a care manager (or a care team) who assists with coordination of primary and acute services (and LTC services, if applicable).</p>	<p>Although CMS recognizes that a single case manager may need to consult with other providers with specialized expertise,<sup>43</sup> care teams appear to be prohibited by the single case manager rule. All service units may need to be disaggregated into their care functions and their case management functions. States would have up to one year after their next legislative session to comply with this provision.</p>
<p><b>Cross-Service Coordination:</b> Care managers often make housing referrals and assist with relocation. Additionally, care managers are often responsible in assisting the beneficiary with pharmaceutical management, routine monitoring of her/his condition, and referrals to additional ancillary services.</p>	<p>Assistance with housing would be permitted unless individuals qualify for assistance from housing authorities or housing programs, in which case TCM payments would risk exclusion under the "intrinsic element" or "public program" exclusion.</p> <p>Medication management is arguably utilization management or an intrinsic element of prescribing and dispensing pharmaceutical products. Because the activity is an element of underlying medical care, TCM payments would be prohibited.</p>
<p><b>Health Assessments:</b> Beneficiaries undergo health assessments (questions may include: functional assessments, overall health, urgent care needs). If the assessments are very clinically-focused, a care manager, nurse, or physician will conduct it.</p>	<p>Costs associated with the health assessment would need to be separately billed as an underlying form of medical assistance.</p>
<p><b>Member Education:</b> Care managers may also provide disease-specific or other types of member education to their beneficiaries.</p>	<p>Such counseling constitutes a preventive health care service and arguably is therefore excluded as part of an underlying medical assistance service class. Unit cost payment arrangements would be needed.</p>

Elements Common to Case Management Programs Serving Beneficiaries with Complex Health Needs	Potential Effects of TCM Rule
<p><b>Multiple Care Managers:</b> A beneficiary will have multiple care managers, particularly if she/he is under mental health and physical health treatment. Depending on the beneficiary’s needs, the care manager may be responsible for linking to behavioral health providers as well as making sure screenings, referrals, and coordination of treatment takes place.</p>	<p>Multiple care managers would be prohibited, whether integrated into a team or paid separately.</p>
<p><b>Person-Centered Care Planning:</b> Care planning involves the beneficiary in order to facilitate self-responsibility for her/his health status.</p>	<p>Care planning involving a beneficiary is permitted, unless the beneficiary is also receiving other social or educational services, in which case all costs associated with case management may be excluded under the “intrinsic element” exclusion.</p>
<p><b>Transitioning People from Institutional Settings:</b> People who reside in institutions and are transitioning into community settings may need ongoing case management.</p>	<p>According to the rule, TCM would be prohibited for people who are transitioning except for the 14-60<sup>44</sup> day time period immediately preceding their discharge.<sup>45</sup></p>

## Conclusion

This analysis reviews CMS’ TCM regulation and illustrates its potential application to “real world” programs that employ case management. These examples underscore the potential power of the rule to significantly reduce the availability of TCM services on numerous grounds. The CMS rule could prohibit the use of:

- Multiple care managers/care teams;
- Combined utilization management and case management;
- TCM payments to individuals receiving assistance under multiple programs; and
- TCM payments for services that are “intrinsic elements” of underlying medical assistance services.

In addition, the CMS rule also prohibits the exclusions applied by the “intrinsic element” and “public program” tests. Furthermore, while the TCM rule contemplates contracts with integrated delivery organizations that furnish managed care, its prohibition against bundled payments may not allow the inclusion of TCM costs in capitation rates or paid on a per member per month basis. Finally, the introduction of a unit payment system and the imposition of extensive recordkeeping (i.e., in addition to data collected from managed care organizations as a routine reporting requirement) would appear to add significant new administrative requirements to managed care contracts that include TCM as a payable service.

Case management is an essential element of efforts to improve the quality of care delivered to people with complex health needs. The 2007 CMS regulation – to a significantly greater degree than either the 2001 federal guidelines or the DRA – appears to limit the availability of federal financial participation for this critical service for people with complex needs.

<sup>1</sup> 72 Fed. Reg. 68077-68093 (Dec. 4, 2007). The effective date of the rules is March 3, 2008.

<sup>17</sup>In Congressional testimony in 2005, Dennis Smith, then director of the Center for Medicaid and State Operations (CMSO) recommended legislative amendments to prohibit federal Medicaid payments for TCM services that were “intrinsic elements” of other programs. His testimony did not define the term, nor is the term defined in the interim final rule.

<sup>18</sup>Medicare, Medicaid and SCHIP Extension Act of 2007 (P.L. 110-173).

<sup>19</sup>Medicaid Targeted Case Management Benefits, op. cit. p. 6.

<sup>20</sup>Id.

<sup>21</sup>42 C.F.R. §§441.18(a)(1) and 441.51, as added.

<sup>22</sup>42 C.F.R. §441.169(a) as added.

<sup>23</sup>According to the April 21, 2008 *Case Management Questions and Answers* document, CMS is actively considering the impact of this provision.

<sup>24</sup>42 C.F.R. §441.169(c) as added. Because CMS considers inpatient psychiatric care for children under 21 to be care in an IMD rather than care furnished in an IMD exception, TCM would be unavailable to these children, presumably.

<sup>25</sup>42 C.F.R. §441.169(d)(1)-(4) as added.

<sup>26</sup>42 C.F.R. §441.169(e) as added.

<sup>27</sup>42 C.F.R. §440.250 as added.

<sup>28</sup>42 C.F.R. §441.18(a)(2).

<sup>29</sup>42 C.F.R. §441.18(a)(6).

<sup>30</sup>72 Fed. Reg. 68084.

<sup>31</sup>42 C.F.R. §441.18(a)(3).

<sup>32</sup>42 C.F.R. §441.18(a)(4).

<sup>33</sup>42 C.F.R. §441.18(a)(5).

<sup>34</sup>42 C.F.R. §441.18(a)(7).

<sup>35</sup>42 C.F.R. §441.18(a)(8).

<sup>36</sup>42 C.F.R. §441.18(c)(1).

<sup>37</sup>72 Fed. Reg. 68065.

<sup>38</sup>42 C.F.R. §441.18(a)(7).

<sup>39</sup>72 Fed. Reg. 68064-68065. This would seem to preclude the inclusion of case management in a specialized managed care contract because it represents a bundling on a per capita basis by enrollee member months.

<sup>40</sup>42 C.F.R. §441.18(b)(4) Paradoxically, the rule also requires the use of federal cost allocation principles when TCM costs are to be borne by two or more federal programs. 42 C.F.R. §441.18(d).

<sup>41</sup>42 C.F.R. §441.18(b)(5).

<sup>42</sup>72 Fed. Reg. 68085-86.

<sup>43</sup>April 21, 2008 CMS *Case Management Questions and Answers* document.

<sup>44</sup>Prior to the rule, the time period was 180 days.

<sup>45</sup>According to the April 21, 2008 *Case Management Questions and Answers* document, CMS is actively considering the impact of this provision.

## About the Center for Health Care Strategies

The Center for Health Care Strategies (CHCS) is a nonprofit organization dedicated to improving health care quality and cost effectiveness for low-income populations and people with chronic illnesses and disabilities. We work directly with states and federal agencies, health plans, and providers to develop innovative programs that better serve people with complex and high-cost health care needs. For information, visit [www.chcs.org](http://www.chcs.org).

## Counting Minutes for Timed Codes in 15 Minute Units

When only one service is provided in a day, providers should not bill for services performed for less than 8 minutes. For any single timed CPT code in the same day measured in 15 minute units, providers bill a single 15-minute unit for treatment greater than or equal to 8 minutes through and including 22 minutes. If the duration of a single modality or procedure in a day is greater than or equal to 23 minutes through and including 37 minutes, then 2 units should be billed. Time intervals for 1 through 8 units are as follows:

### Units Number of Minutes

1 unit: ≥ 8 minutes through 22 minutes

2 units: ≥ 23 minutes through 37 minutes

3 units: ≥ 38 minutes through 52 minutes

4 units: ≥ 53 minutes through 67 minutes

5 units: ≥ 68 minutes through 82 minutes

6 units: ≥ 83 minutes through 97 minutes

7 units: ≥ 98 minutes through 112 minutes

8 units: ≥ 113 minutes through 127 minutes

The pattern remains the same for treatment times in excess of 2 hours. If a service represented by a 15 minute timed code is performed in a single day for at least 15 minutes that service shall be billed for at least one unit. If the service is performed for at least 30 minutes, that service shall be billed for at least two units, etc. It is not appropriate to count all minutes of treatment in a day toward the units for one code if other services were performed for more than 15 minutes. See examples 2 and 3 below.

When more than one service represented by 15 minute timed codes is performed in a single day, the total number of minutes of service (as noted on the chart above) determines the number of timed units billed. See example 1 below.

If any 15 minute timed service that is performed for 7 minutes or less than 7 minutes on the same day as another 15 minute timed service that was also performed for 7 minutes or less and the total time of the two is 8 minutes or greater than 8 minutes, then bill one unit for the service performed for the most minutes. This is correct because the total time is greater than the minimum time for one unit. The same logic is applied when three or more different services are provided for 7 minutes or less than 7 minutes. See example 5 below.

The expectation (based on the work values for these codes) is that a provider's direct patient contact time for each unit will average 15 minutes in length. If a provider has a consistent practice of billing less than 15 minutes for a unit, these situations should be highlighted for review.

If more than one 15 minute timed CPT code is billed during a single calendar day, then the total number of timed units that can be billed is constrained by the total treatment minutes for that day. See all examples below.

Pub. 100-02, Medicare Benefit Policy Manual, Chapter 15, Section 220.3B, Documentation Requirements for Therapy Services, indicates that the amount of time for each specific intervention/modality provided to the patient is not required to be documented in the Treatment Note. However, the total number of timed minutes must be documented. These examples indicate how to count the appropriate number of units for the total therapy minutes provided.

Example 1 –

24 minutes of neuromuscular reeducation, code 97112,

23 minutes of therapeutic exercise, code 97110,

Total timed code treatment time was 47 minutes.

See the chart above. The 47 minutes falls within the range for 3 units = 38 to 52 minutes.

Appropriate billing for 47 minutes is only 3 timed units. Each of the codes is performed for more than 15 minutes, so each shall be billed for at least 1 unit. The correct coding is 2 units of code 97112 and one unit of code 97110, assigning more timed units to the service that took the most time.

Example 2 –

20 minutes of neuromuscular reeducation (97112)

20 minutes therapeutic exercise (97110),

40 Total timed code minutes.

Appropriate billing for 40 minutes is 3 units. Each service was done at least 15 minutes and should be billed for at least one unit, but the total allows 3 units. Since the time for each service is the same, choose either code for 2 units and bill the other for 1 unit. Do not bill 3 units for either one of the codes.

Example 3 –

33 minutes of therapeutic exercise (97110),

7 minutes of manual therapy (97140),

40 Total timed minutes

Appropriate billing for 40 minutes is for 3 units. Bill 2 units of 97110 and 1 unit of 97140. Count the first 30 minutes of 97110 as two full units. Compare the remaining time for 97110 (33-30 = 3 minutes) to the time spent on 97140 (7 minutes) and bill the larger, which is 97140.

Example 4 –

18 minutes of therapeutic exercise (97110),

13 minutes of manual therapy (97140),

10 minutes of gait training (97116),

8 minutes of ultrasound (97035),

49 Total timed minutes

Appropriate billing is for 3 units. Bill the procedures you spent the most time providing. Bill 1 unit each of 97110, 97116, and 97140. You are unable to bill for the ultrasound because the total time of timed units that can be billed is constrained by the total timed code treatment minutes (i.e., you may not bill 4 units for less than 53 minutes regardless of how many services were performed). You would still document the ultrasound in the treatment notes.

Example 5 –

7 minutes of neuromuscular reeducation (97112)

7 minutes therapeutic exercise (97110)

7 minutes manual therapy (97140)

21 Total timed minutes

Appropriate billing is for one unit. The qualified professional (See definition in Pub. 100-02, chapter 15, section 220) shall select one appropriate CPT code (97112, 97110, 97140) to bill since each unit was performed for the same amount of time and only one unit is allowed.

**NOTE:** The above schedule of times is intended to provide assistance in rounding time into 15-minute increments. It does not imply that any minute until the eighth should be excluded from the total count. The total minutes of active treatment counted for all 15 minute timed codes includes all direct treatment time for the timed codes. Total treatment minutes-- including minutes spent providing services represented by untimed codes-- are also documented. For documentation in the medical record of the services provided see Pub. 100-02, chapter 15, section 220.3.

# Examples of Case Management

## Assessment of service needs:

- Comprehensive assessment/periodic re-assessment of the individual's need for medical, educational, social or other services.
- Activities/Interventions to gather/confirm information coming from the Individual, family and other sources in order to complete assessment.
- Determining with the individual /family /supports their ability to access and effectively link to these services and supports on their own and what type of help they will need, including how intensely and for how long case management services will be needed.
- Assisting the Individual and their Family/Supports in understanding what case management services are including their limitations so that they can better participate in the case management assessment and service planning process.

## Development of a specific care plan that includes:

- Prioritizing with the Individual and their Family/Supports the referrals and linkages needed so the service plan reflects the case management assessment. As a result of the assessment, the case management plan will have a timeline for referral and linkage as well as the expected outcomes of the interventions.
- Specifies goals and actions to address the medical, social, educational, and other services needed by the individual.
- Identifies a course of action to respond to assessed needs.
- Developing, in conjunction with the Individual, a list of agreed upon case management interventions that will be used to help the Individual successfully link to services and supports.
- Develop with the Individual and Family/Supports the role of the persons providing case management services in coordinating care among treatment providers, other services, and natural/community supports.
- Develop with the Individual an agreed upon structure for regular meetings with the person(s) providing case management services to review progress and determine necessary changes to the service plan.

## Referral and related activities to obtain needed services:

- To help an individual obtain needed service including activities that link them to medical, social, or educational providers or other services capable of providing services and assisting in referral/scheduling.
- Follow-up post appointments to ensure that the person providing case management services understands any changes or recommendations to treatment or to the content of the supports that will be provided and that this information is also understood and able to be acted on effectively by the Individual/Family/ Supports.

## Monitoring and follow-up:

- Meeting via phone or face to face (all services can take place face-to-face or via phone) on a regularly scheduled basis with the individual and their Family/Supports to ensure that services are being provided according to the treatment plan, that the individual believes they are effective, and wishes to continue according to the current service plan to insure the patient is getting the services they need.
- Talking/meeting with Providers and Supports, with or without the Individual present, to coordinate care, assess the effectiveness of service, progress of the Individual towards goals and objectives on any treatment plan, and soliciting ideas for changes that will allow for more rapid progress towards the Individual's recovery goals. Again, the overall purpose of these activities is to insure the patient is getting the services they need.

## Case Management does not include the following:

- Case management activities that are an integral component of another covered Medicaid service.
- Direct delivery of medical, educational, social or other services to which a Medicaid eligible patient has been referred.
- Activities integral to the administration of foster care programs.
- Activities, for which a Medicaid eligible patient may be eligible, but are integral to the administration of another non-medical program.

## Appendix G: Time Standards for Psychotherapy Codes

TIME STANDARDS FOR INDIVIDUAL PSYCHOTHERAPY PROCEDURE CODES			
Procedure Code	Procedure Code Description (Short)	Duration (in Mins)*	Modifier**
90832	PSYCHOTHERAPY, 30 MIN	0 - 15*	N/A
		16-37	
90833	PSYCHOTHERAPY, 30 MIN; W/E&M	0 - 15*	N/A
		16-37	
90834	PSYCHOTHERAPY, 45 MIN	38-52	
90836	PSYCHOTHERAPY, 45 MIN; W/E&M	38-52	
90837	PSYCHOTHERAPY, 60 MIN	53+	
90838	PSYCHOTHERAPY, 60 MIN; W/E&M	53+	

\* **NOTE:** Individual psychotherapy rendered for less than 16 minutes (i.e., 0 - 15 minutes) is not reportable as 90832 or 90833

# Appendix H: Interactive Complexity

www.psychiatry.org

## Interactive Complexity

Revised 11/3/12

AMERICAN ACADEMY OF  
CHILD & ADOLESCENT  
PSYCHIATRY  
N E N A A C A P P . O R G

<b>Definition</b>	A new concept in 2013, interactive complexity refers to 4 specific communication factors <i>during</i> a visit that complicate delivery of the primary psychiatric procedure. Report with CPT add-on code <b>90785</b> .	<b>Typical Patients</b>	Interactive complexity is often present with patients who: <ul style="list-style-type: none"> <li>• Have other individuals legally responsible for their care, such as minors or adults with guardians, or</li> <li>• Request others to be involved in their care during the visit, such as adults accompanied by one or more participating family members or interpreter or language translator, or</li> <li>• Require the involvement of other third parties, such as child welfare agencies, parole or probation officers, or schools.</li> </ul>
<b>Code Type</b>	Add-on codes may be reported in conjunction with specified "primary procedure" codes. Add-on codes may never be reported alone.		
<b>Replaces</b>	Codes for interactive diagnostic interview examination, interactive individual psychotherapy, and interactive group psychotherapy are deleted.		Interactive complexity is commonly present during visits by children and adolescents, but may apply to visits by adults, as well.
<b>Use in Conjunction With</b>	The following psychiatric "primary procedures": <ul style="list-style-type: none"> <li>• Psychiatric diagnostic evaluation, 90791, 90792</li> <li>• Psychotherapy, 90832, 90834, 90837</li> <li>• Psychotherapy add-on codes, 90833, 90836, 90838, when reported with E/M</li> <li>• Group psychotherapy, 90853</li> </ul> When performed with psychotherapy, the interactive complexity component (90785) relates only to the increased work <i>intensity</i> of the psychotherapy service, and does not change the <i>time</i> for the psychotherapy service.	<b>Report 90785</b>	<b>When at least one of the following communication factors is present during the visit:</b> <ol style="list-style-type: none"> <li>1. The need to manage maladaptive communication (related to, e.g., high anxiety, high reactivity, repeated questions, or disagreement) among participants that complicates delivery of care.</li> <li>2. Caregiver emotions or behaviors that interfere with implementation of the treatment plan.</li> <li>3. Evidence or disclosure of a sentinel event and mandated report to a third party (e.g., abuse or neglect with report to state agency) with initiation of discussion of the sentinel event and/or report with patient and other visit participants.</li> <li>4. Use of play equipment, physical devices, interpreter or translator to overcome barriers to diagnostic or therapeutic interaction with a patient who is not fluent in the same language or who has not developed or lost expressive or receptive language skills to use or understand typical language.</li> </ol> <p>Per the Center for Medicare and Medicaid Services (CMS), "90785 generally should not be billed solely for the purpose of translation or interpretation services" as that may be a violation of federal statute.</p>
<b>May Not Report With</b>	<ul style="list-style-type: none"> <li>• Psychotherapy for crisis (90839, 90840)</li> <li>• E/M alone, i.e., E/M service <i>not</i> reported in conjunction with a psychotherapy add-on service</li> <li>• Family psychotherapy (90846, 90847, 90849)</li> </ul>		

### Complicating Communication Factor Must Be Present *During* the Visit

The following examples are **NOT** interactive complexity:

- Multiple participants in the visit with straightforward communication
- Patient attends visit individually with no sentinel event or language barriers
- Treatment plan explained during the visit and understood without significant interference by caretaker emotions or behaviors

## Appendix I: Evaluation and Management (E/M) Procedure codes

### a. Office or Other Outpatient Services

Evaluation and Management Services – Office or Other Outpatient Services		
Procedure Code	Procedure Code Description	Usage
99201	New Patient – Requires problem focused history, problem focused examination, and straight forward medical decision making. Typical time spent is 10 minutes.	Medicaid/OBH
99202	New Patient – Requires expanded problem focused history, expanded problem focused examination, and straightforward medical decision making. Typical time spent is 20 minutes.	Medicaid/OBH
99203	New Patient – Requires detailed history, detailed examination, and low complexity medical decision making. Typical time spent is 30 minutes.	Medicaid/OBH
99204	New Patient – Requires comprehensive history, comprehensive examination, and moderate complexity medical decision making. Typical time spent is 45 minutes.	Medicaid/OBH
99205	New Patient – Requires comprehensive history, comprehensive examination, and high complexity medical decision making. Typical time spent is 60 minutes.	Medicaid/OBH
99211	Office or other outpatient office visit that may not require the presence of a physician. Usually presenting problems are minimal.	Medicaid/OBH
99212	Established Patient – Requires problem focused history, problem focused examination, and straightforward medical decision making. Typical time spent is 10 minutes.	Medicaid/OBH
99213	Established Patient – Requires expanded problem focused history, expanded problem focused examination, and low complexity medical decision making. Typical time spent is 15 minutes.	Medicaid/OBH
99214	Established Patient – Requires detailed history, detailed examination, and moderate complexity medical decision making. Typical time spent is 25 minutes.	Medicaid/OBH
99215	Established Patient – Requires comprehensive history, comprehensive examination, and high complexity medical decision making. Typical time spent is 40 minutes.	Medicaid/OBH

### b. Home

Evaluation and Management Services – Home		
Procedure Code	Procedure Code Description	Usage
99341	New Patient - Requires problem focused history, problem focused examination, straight forward medical decision making, Typical time 20 minutes	Medicaid/OBH
99342	New Patient - Requires expanded problem focused history, expanded problem focused examination, low complexity medical decision making Typical time 30 minutes	Medicaid/OBH
99343	New Patient - Requires detailed history, detailed examination, moderate complexity medical decision making, Typical time 45 minutes	Medicaid/OBH
99344	New Patient - Requires comprehensive history, comprehensive examination, moderate complexity medical decision making, Typical time 60 minutes	Medicaid/OBH
99345	New Patient - Requires comprehensive history, comprehensive examination, high complexity medical decision making, Typical time 75 minutes	Medicaid/OBH
99347	Established Patient - Requires problem focused interval history, problem focused examination straight forward medical decision making, Typical time 15 minutes	Medicaid/OBH
99348	Established Patient - Requires expanded problem focused interval history, expanded problem focused examination low complexity medical decision making Typical time 25 minutes	Medicaid/OBH
99349	Established Patient - Requires detailed interval history, detailed examination moderate complexity medical decision making, Typical time 40 minutes	Medicaid/OBH
99350	Established Patient - Requires comprehensive interval history, comprehensive examination moderate to high complexity medical decision making, Typical time 60 minutes	Medicaid/OBH

**c. Domiciliary, Rest Home (e.g., Boarding Home), or Custodial Care Services**

Procedure Code	Procedure Code Description	Usage
99324	New Patient - Requires problem focused history, problem focused examination, straight forward medical decision making, Typical time 20 minutes	Medicaid/OBH
99325	New Patient - Requires expanded problem focused history, expanded problem focused examination, low complexity medical decision making Typical time 30 minutes	Medicaid/OBH
99326	New Patient - Requires detailed history, detailed examination, moderate complexity medical decision making, Typical time 45 minutes	Medicaid/OBH
99327	New Patient - Requires comprehensive history, comprehensive examination, moderate complexity medical decision making, Typical time 60 minutes	Medicaid/OBH
99328	New Patient - Requires comprehensive history, comprehensive examination, high complexity medical decision making, Typical time 75 minutes	Medicaid/OBH
99334	Established Patient - Requires problem focused interval history, problem focused examination straight forward medical decision making, Typical time 15 minutes	Medicaid/OBH
99335	Established Patient - Requires expanded problem focused interval history, expanded problem focused examination low complexity medical decision making Typical time 25 minutes	Medicaid/OBH
99336	Established Patient - Requires detailed interval history, detailed examination moderate complexity medical decision making, Typical time 40 minutes	Medicaid/OBH
99337	Established Patient - Requires comprehensive interval history, comprehensive examination moderate to high complexity medical decision making, Typical time 60 minutes	Medicaid/OBH

**d. Nursing Facility Services**

**i. Initial Nursing Facility Services**

Evaluation and Management Services – Nursing Facility Services – Initial Nursing Facility Services		
Procedure Code	Procedure Code Description	Usage
99304	Requires detailed or comprehensive history, detailed or comprehensive examination straight forward or low complexity medical decision making, Typical time is 25 minutes	Medicaid/OBH
99305	Requires comprehensive history, comprehensive examination moderate complexity medical decision making, Typical time is 35 minutes	Medicaid/OBH
99306	Requires comprehensive history, comprehensive examination high complexity medical decision making Typical time is 45 minutes	Medicaid/OBH

**ii. Subsequent Nursing Facility Services**

Evaluation and Management Services – Nursing Facility Services – Subsequent Nursing Facility Services		
Procedure Code	Procedure Code Description	Usage
99307	Requires problem focused interval history, problem focused examination, straight forward medical decision making, Typical time 10 minutes	Medicaid/OBH
99308	Requires expanded problem focused interval history, expanded problem focused examination, low complexity medical decision making, Typical time 15 minutes	Medicaid/OBH
99309	Requires detailed interval history, detailed examination moderate complexity medical decision making, Typical time is 25 minutes	Medicaid/OBH
99310	Requires comp interval history, comprehensive examination high complexity medical decision making, Typical time is 35 minutes	Medicaid/OBH

### iii. *Nursing Facility Discharge Services*

Evaluation and Management Services – Nursing Facility Services – Nursing Facility Discharge Services		
Procedure Code	Procedure Code Description	Usage
99315	Nursing Facility Discharge Day Management Services: 30 minutes or less	Medicaid/OBH
99316	Nursing Facility Discharge Day Management Services: more than 30 minutes	Medicaid/OBH

### iv. *Other Nursing Facility Services*

Outpatient Evaluation and Management Services – Other Nursing Facility Services		
Procedure Code	Procedure Code Description	Usage
99318	Annual Nursing Facility Assessment: Requires detailed interval history, comprehensive examination, low to moderate complexity medical decision making. Typical time is 30 minutes	Medicaid/OBH

### e. *Emergency Department Services*

The following codes are used to report Evaluation and Management services provided in the Emergency Department. No distinction is made between new and established patients. For Evaluation and Management services provided to a patient in an observation area of a hospital see 99217 to 99220.

Evaluation and Management Services – Emergency Department		
Procedure Code	Procedure Code Description	Usage
99281	Requires problem focused history, problem focused examination straight forward medical decision making	Medicaid/OBH
99282	Requires expanded problem focused history, expanded problem focused examination low complexity medical decision making	Medicaid/OBH
99283	Requires expanded problem focused history, expanded problem focused examination moderate complexity medical decision making	Medicaid/OBH
99284	Requires detailed history, detailed examination moderate complexity medical decision making	Medicaid/OBH
99285	Requires comprehensive history, comprehensive examination high complexity medical decision making	Medicaid/OBH

**f. Hospital Observation Services**

**i. Initial Observation Care**

Evaluation and Management Services – Hospital Observation Services – Initial Observation Care		
Procedure Code	Procedure Code Description	Usage
99218	Requires detailed or comprehensive history, detailed or comprehensive exam, and straight forward or low complexity medical decision making, Typical time is 30 minutes	Medicaid/OBH
99219	Requires comprehensive history, comprehensive exam, and moderate complexity medical decision making, Typical time is 50 minutes	Medicaid/OBH
99220	Requires comprehensive history, comprehensive exam, high complexity medical decision making, Typical time is 70 minutes	Medicaid/OBH

**ii. Subsequent Observation Care**

Evaluation and Management Services – Hospital Observation Services – Subsequent Observation Care		
Procedure Code	Procedure Code Description	Usage
99224	Requires problem focused interval history, problem focused exam, and straight forward or low complexity medical decision making. Typical time is 15 minutes.	Medicaid/OBH
99225	Expanded problem focused interval history, expanded problem focused exam, and moderate complexity medical decision making. Typical time is 25 minutes.	Medicaid/OBH
99226	Requires detailed interval history, detailed exam, and high complexity medical decision making Typical time is 35 minutes.	Medicaid/OBH

**iii. Observation Care Discharge Services**

The following codes are used to report evaluation and management services to patients designated/admitted as “observation status” in a hospital.

Evaluation and Management Services – Hospital Observation Services – Observation Care Discharge		
Procedure Code	Procedure Code Description	Usage
99217	Observation Care Discharge Day Management – provided on a day other than day of admission	Medicaid/OBH

**g. Inpatient**

**i. Initial Hospital Care**

Treatment Services – Inpatient Services – Initial Hospital Care		
Procedure Code	Procedure Code Description	Usage
99221	Initial hospital care, per day, for the evaluation and management of a patient (low severity)	Medicaid/OBH
99222	Initial hospital care, per day, for the evaluation and management of a patient (moderate severity)	Medicaid/OBH
99223	Initial hospital care, per day, for the evaluation and management of a patient (high severity)	Medicaid/OBH

## ii. *Subsequent Hospital Care*

Treatment Services – Inpatient Services – Subsequent Hospital Care		
Procedure Code	Procedure Code Description	Usage
99231	Subsequent hospital care, per day (stable, recovering or improving patient)	Medicaid/OBH
99232	Subsequent hospital care, per day (patient responding inadequately to therapy or has developed a minor complication)	Medicaid/OBH
99233	Subsequent hospital care, per day (unstable patient or the development of significant complications or problems)	Medicaid/OBH

## iii. *Hospital Discharge Services*

Treatment Services – Inpatient Services – Hospital Discharge Services		
Procedure Code	Procedure Code Description	Usage
99238	Discharge day management; 30 minutes or less	Medicaid/OBH
99239	Discharge day management; more than 30 minutes	Medicaid/OBH

## h. *Consultations*

### i. *Office or Other Outpatient Consultations*

The following codes are applicable to new or established patients and are used to report consultations provided in the office or in an outpatient or other ambulatory facility, including hospital observation services, home services, domiciliary, rest home, or emergency department. Follow up visits in the consultant's office or other outpatient facility that is initiated by the consultant or patient is reported using the appropriate codes for established patients, office visits (99211-99215). Domiciliary, rest home (99334-99337), or home (99347-99350). If an additional requests for an opinion or advice regarding the same or a new problem is received from another physician or other appropriate source and documented in the medical record, the office consultation codes may be used again. Service that constitutes transfer of care is reported with the appropriate new or established patient codes for office or other outpatient services.

Evaluation and Management Services – Consultations – Office or Other Outpatient Consultations		
Procedure Code	Procedure Code Description	Usage
99241	Requires problem focused history, problem focused exam straight forward med decision making, Typical time 15 minutes.	Medicaid/OBH
99242	Requires expanded problem focused history, expanded problem focused exam straight forward med decision making, Typical time 30 minutes	Medicaid/OBH
99243	Requires detailed history, detailed exam low complexity med decision making, Typical time 40 minutes	Medicaid/OBH
99244	Requires comprehensive history, comprehensive exam moderate complexity med decision making, Typical time 60 minutes	Medicaid/OBH
99245	Requires comprehensive history, comprehensive exam high complexity med decision making, Typical time 80 minutes	Medicaid/OBH

## ii. *Inpatient Consultations*

Consultations that are medically necessary and performed by physicians or other qualified health care professionals are covered services provided to hospital inpatients. However, to bill for these services providers should use the inpatient evaluation and management code that most closely represents the level of the service provided.

The CMS guidelines for documenting E&M services should be followed. It is expected that the referring and receiving providers will each document the request for the consultation in their respective medical records. Also it is expected that the referring and consulting providers will communicate with each other on the results of the evaluation.

The consultant's opinion and any services that were ordered or performed must also be documented in the patient's medical record and communicated by written report to the requesting physician or other appropriate source.

Initial consultations should be billed using an initial hospital care code regardless of how many days the patient has been in the hospital or partial hospital program. Subsequent consultations that are medically necessary should be billed using the subsequent hospital care codes. Consultations are distinguished from attending physician services through the use of an AI modifier on all attending physician services.

The code pages for inpatient consultation E&M codes are 99251 – 99255

**☒ Consultation procedure codes (99251 – 99255) may also be used for psychiatric consultations rendered in Nursing Facilities (NF).**

Treatment Services – Inpatient Services - Consultations		
Procedure Code	Procedure Code Description	Usage
99251	Inpatient consultation for a new or established patient; the presenting problem(s) are self-limited or minor	Medicaid/OBH
99252	Inpatient consultation for a new or established patient; the presenting problem(s) are of low severity	Medicaid/OBH
99253	Inpatient consultation for a new or established patient; the presenting problem(s) are of moderate severity	Medicaid/OBH
99254	Inpatient consultation for a new or established patient; the presenting problem(s) are of moderate to high severity.	Medicaid/OBH
99255	Inpatient consultation for a new or established patient; the presenting problem(s) are of moderate to high severity.	Medicaid/OBH

# E/M Decision Tree

# Single System Evaluation-Psychiatric

CONTENT AND DOCUMENTATION REQUIREMENTS	
<p>To choose level of exam, perform and document as follows:  <b>Problem Focused - One to five elements identified by a bullet.</b>  <b>Expanded Problem Focused - At least six elements identified by a bullet.</b>  <b>Detailed - At least nine elements identified by a bullet.</b>  <b>Comprehensive - Perform all elements identified by a bullet; document every element in each shaded box and at least one element in each un-shaded box.</b></p>	
SYSTEM/BODY AREA	ELEMENTS OF EXAMINATION
Constitutional	<ul style="list-style-type: none"> <li>Measurement of any three of the following seven vital signs: 1) sitting or standing blood pressure, 2) supine blood pressure, 3) pulse rate and regularity, 4) respiration, 5) temperature, 6) height, 7) weight (May be measured and recorded by ancillary staff)</li> <li>General appearance of patient (e.g., development, nutrition, body habitus, deformities, attention to grooming)</li> </ul>
Head and Face	
Eyes	
Ears, Nose, Mouth and Throat	
Neck	
Respiratory	
Cardiovascular	
Chest (Breasts)	
Gastrointestinal (Abdomen)	
Genitourinary	
Lymphatic	
Musculoskeletal	<ul style="list-style-type: none"> <li>Assessment of muscle strength and tone (e.g., flaccid, cog wheel, spastic) with notation of any atrophy and abnormal movements</li> <li>Examination of gait and station</li> </ul>
Extremities	
Skin	
Neurological	
Psychiatric	<ul style="list-style-type: none"> <li>Description of speech including: rate; volume; articulation; coherence; and spontaneity with notation of abnormalities (e.g., perseveration, paucity of language)</li> <li>Description of thought processes including: rate of thoughts; content of thoughts (e.g., logical vs. illogical, tangential); abstract reasoning; and computation</li> <li>Description of associations (e.g., loose, tangential, circumstantial, intact)</li> <li>Description of abnormal or psychotic thoughts including: hallucinations; delusions; preoccupation with violence; homicidal or suicidal ideation; and obsessions</li> <li>Description of the patient's judgment (e.g., concerning everyday activities and social situations) and insight (e.g., concerning psychiatric condition)</li> </ul> <p style="text-align: center;"><b>Complete mental status examination including:</b></p> <ul style="list-style-type: none"> <li>Orientation to time, place and person</li> <li>Recent and remote memory</li> <li>Attention span and concentration</li> <li>Language (e.g., naming objects, repeating phrases)</li> <li>Fund of knowledge (e.g., awareness of current events, past history, vocabulary)</li> </ul> <p>Mood and affect (e.g., depression, anxiety, agitation, hypomania, lability)</p>

## E/M Components

COMPONENT	SIGNIFICANCE OF COMPONENT TO CODING DECISION	# AND TYPES OR LEVELS OF EACH COMPONENT	DESCRIPTION	COMMENT
<b>History</b>	Key	4 Types: 1. Problem-focused 2. Expanded Problem-focused 3. Detailed 4. Comprehensive	Includes the chief complaint, history of the present illness, a review of systems, and a review of past medical or social history of patient and their family.	The 1995 and 1997 CMS guidelines on documentation are essentially the same for this component.  Under – documentation of this component is a frequent reason for audit failures.  CMS has stated that it expects the provider to record or take the history of the present illness. If other ancillary staff responsible for this – provider should reference and discuss positive or supportive findings in their own documentation. Stating simply: “patient here for follow-up” is not sufficient.
<b>Examination</b>	Key	4 Types: 1. Problem-focused 2. Expanded Problem-focused 3. Detailed 4. Comprehensive	Examination of the body areas or organ systems.	The 1997 guidelines outline a single system specialty exam for psychiatry at all levels of examination. The 1995 guidelines allow for a single specialty exam only at the Comprehensive level.
<b>Medical Decision-Making</b>	Key	4 Types: 1. Straightforward 2. Low Complexity 3. Moderate Complexity 4. High Complexity	Consideration of the number of diagnoses or management options, along with the amount and complexity of data that must be reviewed to develop the diagnosis, assessment and plan, and the risk of morbidity, mortality, and/or complications.	Providers should consider the complexity of the medical decision-making early in the encounter. The nature and severity of the presenting problem can often act as a guide. Use this guesstimate of medical decision-making complexity to guide or drive the extent of the history taking and examination.
<b>Nature of Presenting Problem</b>	Contributory	5 Types: 1. Minimal: likely straightforward level of medical decision-making 2. Self-limited or minor: likely straightforward level of medical decision-making 3. Low severity: likely low to moderate complexity of medical decision-making – although this depends on work-up needed to get to rule in DX 4. Moderate severity: likely moderate to high complexity of medical decision-making depending on outcome and work-up needed to get to DX. 5. High severity: likely moderate to high-risk medical decision-making.	Characteristics of the presenting problem such as numbers of problems, acuity, severity, chronicity, known or unknown, stable, unstable status, prognosis etc.	This component is built into the Risk Tables developed by both CMS and the AMA and assists in the determination of the level of medical decision-making, which is a key component for determining code choice.  The level of severity of the presenting problem may change as the visit progresses and differential diagnoses are explored, ruled in or out. The thought process of the provider should be documented as a support for the medical necessity of the diagnostic or therapeutic services.

COMPONENT	SIGNIFICANCE OF COMPONENT TO CODING DECISION	# AND TYPES OR LEVELS OF EACH COMPONENT	DESCRIPTION	COMMENT
<b>Counseling</b>	Contributory	Not applicable	Interaction with patient (and family) to discuss: diagnosis or recommended further work-up, prognosis, alternative management plans and associated risk or potential outcomes, instructions for management or follow-up, education including need for compliance, and risk factor reduction.	<p>Counseling is only used to determine the level of E&amp;M code (although it should always be documented) when it (along with coordination of care) consists of more than 50% of the time spent in the encounter.</p> <p>Medicare usually requires a face-to-face interaction that includes the patient. Documentation should include a description of the content, time spent counseling and total time of the encounter.</p>
<b>Coordination of Care</b>	Contributory	Not applicable	Contact with other physicians or caregivers on behalf of the patient in the management of their treatment.	<p>Coordination of care is only used to determine the level of E&amp;M code (although it should always be documented) when it (along with counseling) consists of more than 50% of the time spent in the encounter.</p> <p>Outpatient coordination of care must occur with the patient present.</p> <p>Inpatient coordination of care does not need to be face to face with the patient. It does include time spent reviewing records and time spent with other practitioners.</p> <p>Documentation should include a description of the content of the service; time spent coordinating care and total time of the encounter.</p>
<b>Time</b>	Contributory	Not applicable	<p>Outpatient services: time spent face to face with patient.</p> <p>Inpatient: time spent on at bedside and on the floor or unit with patient or family or other caregivers.</p>	<p>This is the controlling factor when more than 50% of the service is spent in counseling or coordination of care. Documentation must include total time and time spent in counseling and coordination of care as well as content of the encounter.</p> <p>This is the controlling factor in critical care and prolonged services as well.</p>

# E/M Code Selection Chart

\*Shows the number of the three key components: Exam, History, and Medical decision making needed to bill the code

	Code	Type	History				Exam				Medical Decision-Making				Time
			Problem Focused	Expanded Problem Focused	Detailed	Comprehensive	Problem Focused	Expanded Problem Focused	Detailed	Comprehensive	Straightforward	Low complexity	Moderate Complexity	High Complexity	Avg. Time

		99255	Inpatient Consultation New or Established Patient *Requires 3				X					X				X	110

## E/M Documentation

EVALUATION AND MANAGEMENT	
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS
<p>These codes are used for face to face services for the evaluation and management of an individual with presenting problem(s) of varying severity.</p> <p>The physician/NPP may usually bill for one E&amp;M code per day. <b>In some circumstances another E&amp;M code for the day may be appropriate but will be subject to review by the payer.</b></p> <p>Some locations for E&amp;M services include codes for new patient and established patient. See Section II.G.1.B. For a decision tree on how to identify new vs. established patients.</p> <ul style="list-style-type: none"> <li>In general new patients require that the prescriber provide and document all 3 key components that meet the criteria for the code selected.</li> <li>Established patients generally require that only 2 of the 3 key components provided and documented meet the criteria for the code selected.</li> <li>Emergency room E&amp;M codes do not distinguish between new and established patients. All 3 key components provided and documented must meet criteria for the code selected for every visit. Also time based coding which is allowed for other E&amp;M codes is not allowed for Emergency Room visits.</li> </ul> <p>Once the location and new vs. established has been determined, choosing the level of code can be done in one of two ways:</p> <p><b>OPTION 1:</b> The amount of work of the physician/qualified NPP.</p> <p><b>OPTION 2:</b> If more than 50% of the billing prescriber's time with the individual and family is spent in counseling and coordination of care, then the service is coded by time spent. This Option requires specific documentation that X minutes of the session lasting Y amount of time was spent on counseling/coordination of care.</p>	<p>CMS has issued two sets of documentation guidelines for E&amp;M Coding. These guidelines provide detailed information on requirements and level of detail expected. These guidelines should be used by all providers and billing staff to determine the level of code. See Section II.G.1.C. for a chart that lists key components and average times for each inpatient code. The following is a brief summary of requirements only and should not be used as the sole reference for coding:</p> <p>All visits must include documentation of the chief complaint or reason for visit.</p> <p><b>OPTION 1:</b> Documenting services based on the work of the provider:</p> <ul style="list-style-type: none"> <li>History: see chart in Section II.G.1.D. for determining level of history</li> <li>Examination (this can be a single system psychiatric examination – see CMS E&amp;M Guidelines 1997 or Section II.G.1.C.)</li> <li>Medical decision-making: see chart in Section II.G.1.D. for determining level of medical decision-making.</li> </ul> <p>Once the level of each is determined, see Chart in Section II.G.1.E. for code selection.</p> <p><u>Outpatient and nursing facility:</u> All 3 Key Components must be documented for new patients. 2 out of 3 key components must be documented for established patients.</p> <p><u>Emergency Room:</u> 3 of 3 key components must be documented at each visit.</p> <p><b>OPTION 2:</b> Documenting and coding services based on time spent in counseling and coordination of care.</p> <ul style="list-style-type: none"> <li>Document all work completed and: <ul style="list-style-type: none"> <li>Total time of the service</li> <li>Time spent in counseling and coordination of care</li> </ul> </li> <li>Content of discussion and medical decision-making</li> </ul> <p>See chart in Section II.G.1.E. for code selection based on Average Time.</p> <p><b>Option 2 is not available for Emergency Room services.</b></p>
NOTES	EXAMPLE ACTIVITIES
<p>The services of the billing prescriber must be face to face</p> <p>Shared/split visit rules may apply depending on the setting and whether or not certain rules regarding supervision are met. CMS transmittal 178 or any successors.</p> <p>Portions of the history – the Review of Systems (ROS) and Past Family and Social History (PSFH) may be completed by the nurse, other trained medical office staff, or the individual. The billing prescriber must document that they both reviewed and agreed with the information provided.</p> <p>ROS and PSFH obtained at an earlier visit does not need to be re-recorded. The billing prescriber should only document changes and/or state that there have been no changes and note the date and location of the earlier ROS and PSFH information.</p> <p>Portions of the examination, specifically the vital signs and weight may be completed by nursing or trained medical office staff but the remainder of the examination must be completed by the prescribing physician.</p>

## Appendix J: Abbreviations & Acronyms

Uniform Service Coding Standards (USCS) Manual Abbreviations & Acronyms	
Term/Acronym	Definition
ABC	Access Behavioral Care
ABPN	American Board of Psychiatry and Neurology
ACMCS	American College of Medical Coding Specialists
ACF	Assisted Care Facility <i>or</i> Alternative Care Facility
ACS	Affiliated Computer Services
ACT	Assertive Community Treatment
ADL	Activities of Daily Living
Adol	Adolescent
AHA	American Hospital Association
AHIMA	American Health Information Management Association
ALR	Assisted Living Residence
AMA	American Medical Association <i>OR</i> Against Medical Advice
AOD	Alcohol and/or Other Drugs
APN	Advanced Practice Nurse
APA	American Psychological Association
APR	Advanced Practice Registry
ASAM	American Society of Addiction Medicine
ATU	Acute Treatment Unit
(b)(3)/B3	Mental Health Program 1915(b)(3) Waiver
BEST	Bipolar Education & Skills Training
BH	Behavioral health
BHI	Behavioral Healthcare, Inc.
BHO	Behavioral Health Organization
C	Conditional
C/A	Child/Adolescent
CAC	Certified Addiction Counselor
CAMFTE	Commission on Accreditation for Marriage and Family Therapy Education
CARF	Commission on Accreditation of Rehabilitation Facilities
CASASTART <sup>SM</sup>	The National Center on Addiction & Substance Abuse at Columbia University Striving Together to Achieve Rewarding Tomorrows
CBHP	Community Behavioral Health Program
CBT	Cognitive Behavioral Therapy
CCAR	Colorado Patient Assessment Record
CCR	Colorado Code of Regulations
CCSS	Comprehensive Community Support Services
CDPHE	Colorado Department of Public Health and Environment
CFR	Code of Federal Regulations
CHN	Colorado Health Networks
CHP	Colorado Health Partnerships
CIT	Crisis Intervention Training
CIWA-AR	Clinical Institute Withdrawal Assessment of Alcohol – Revised
CLIA	Clinical Laboratory Improvements Amendment
CM	Case Management
CMHC	Community Mental Health Center
CMS	Centers for Medicare & Medicaid Services
CNA	Certified Nurse Aide
CNM	Certified Nurse Midwife
CNS	Clinical Nurse Specialist <i>or</i> Central Nervous System
COA	Council on Accreditation of Services for Families and Children
CP	Clinical Psychologist
CPST	Community Psychiatric Supportive Treatment
CPT®	Current Procedural Terminology

## Uniform Service Coding Standards (USCS) Manual Abbreviations & Acronyms, cont.

Term/Acronym	Definition
CRNA	Certified Registered Nurse Anesthetist
CSW	Clinical Social Worker
CSWE	Council on Social Work Education
Cust Care	Custodial Care Facility
DC:0-03R	<i>Diagnostic Classification of Mental Health and Developmental Disorders of Infancy and Early Childhood</i>
DD	Developmental Disability(ies)
Detox	Detoxification
DHS	Colorado Department of Human Services
DHS-OBH	Colorado Department of Human Services, Office of Behavioral Health
DHS-DVR	Colorado Department of Human Services, Division of Vocational Rehabilitation
DME	Durable Medical Equipment
DO	Doctor of Osteopathy
DOB	Date of Birth
DOC	Colorado Department of Corrections
DORA	Colorado Department of Regulatory Agencies
DRDC	Denver Regional Diagnostic Center
DRG	Diagnosis-Related Group
DSM-5	<i>Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition</i>
DYC	Division of Youth Corrections
ECI	External Cause of Injury
ECS	Early Childhood Specialist
EGHP	Employer Group Health Plan
EHR	Electronic Health Record
EI	Early Intervention
E/M	Evaluation and Management
EMC	Electronic Media Claim
EMG	Emergency
EOB	Explanation of Benefits
EPSDT	Early Periodic Screening Diagnosis and Treatment Program
ER	Emergency Room
FARS/DFARS	Federal Acquisition Regulation System/Defense Federal Acquisition Regulation Supplement
FBHP	Foothills Behavioral Health Partners
FCLN	Flat File Control Line Number
FDA	US Food and Drug Administration
FECA	Federal Employees' Compensation Act
FFP	Federal Financial Participation
FFS	Fee-For-Service
FL	Form Locator
FQHC	Federally Qualified Health Center
FTE	Full-Time Equivalent
FY	Fiscal Year
GED	General Education Diploma
Grp Home	Group Home
HCBS	Home and Community-Based Services
HCPCS	Healthcare Common Procedure Coding System
HCPF	Colorado Department of Health Care Policy and Financing
Hep C	Hepatitis C
HHS	US Department of Health and Human Services
HIPAA	Health Insurance Portability and Accountability Act of 1996
HIV/AIDS	Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome
HPSA	Health Professional Shortage Area
Hrs	Hours
ICD-9-CM	International Classification of Diseases, Ninth Revision, Clinical Modification
ICF	Intermediate Care Facility
ICF-MR	Intermediate Care Facility for the Mentally Retarded
ICM	Intensive Case Management
ID	Identification

## Uniform Service Coding Standards (USCS) Manual Abbreviations & Acronyms, cont.

Term/Acronym	Definition
IEP	Individualized Education Program
IMD	Institution(s) for Mental Disease
Inpt Hosp	Inpatient Hospital
Inpt PF	Inpatient Psychiatric Facility
IOP	Intensive Outpatient Psychiatric/Program
Intox	Intoxication
JCAHO	Joint Commission on Accreditation of Healthcare Organizations (The Joint Commission)
LAC	Licensed Addiction Counselor
LCSW	Licensed Clinical Social Worker
LMFT	Licensed Marriage and Family Therapist
LMHP	Licensed Mental Health Professional
LOC	Level of Care
LOF	Level of Functioning
LPC	Licensed Professional Counselor
LPN	Licensed Practical Nurse
LSW	Licensed Social Worker
LVN	Licensed Vocational Nurse
MAC	Master Addiction Counselor <i>OR</i> Medicaid Authorization Card
MAP	Medical Assistance Program
MCO	Managed Care Organization
MD	Doctor of Medicine
MH	Mental Health
MHP	Mental Health Professional
MH/SA	Mental Health/Substance Abuse
MI	Mental Illness
MMDDYY or MMDDYYYY	Month Day Year
MMPI	Minnesota Multiphasic Personality Inventory
MR	Mental Retardation
MSA	Metropolitan Statistical Area
MSP	Medicare Secondary Payer
MST	Multi-Systemic Therapy
NAADAC	National Association of Alcohol and Drug Abuse Counselors
NAMI	National Alliance on Mental Illness
NBCC	National Board for Certified Counselors
NBHP	Northeast Behavioral Health Partnership
NCAC	Nationally Certified Addiction Counselor
NCHS	National Center for Health Statistics
NEC	Not Elsewhere Classified
NF	Nursing Facility
NH	Nursing Home
NP	Nurse Practitioner
NPI	National Provider Identifier
NPP	Non-Physician Practitioner
NOS	Not Otherwise Specified
OIG	Office of Inspector General
OPPS/PHP	Outpatient Prospective Payment System/Partial Hospitalization Program
P	Professional
PA	Physician Assistant
PCP	Primary Care Physician
Peer Spec	Peer Specialist
PF – PHP	Psychiatric Facility – Partial Hospital
PHP	Partial Hospital Program
POS	Place of Service
PPS	Prospective Payment System
Prev	Prevention
Prev/EI	Prevention/Early Intervention
Prison/CF	Prison/Correctional Facility

## Uniform Service Coding Standards (USCS) Manual Abbreviations & Acronyms, cont.

Term/Acronym	Definition
PRTF	Psychiatric Residential Treatment Facility
PS	Peer Specialist
PSA	Physician Scarcity Area
PSR	Psychosocial Rehabilitation
PRTF	Psychiatric Residential Treatment Center
QMAP	Qualified Medication Administration Person
R	Required
RCCF	Residential Child Care Facility
RN	Registered Nurse or Registered Professional Nurse
RTC	Residential Treatment Center
RTF	Residential Treatment Facility
RxN	Advanced Practice Nurse with Prescriptive Authority
SA	Substance abuse
SED	Serious Emotional Disturbance(s)
SFT	Strategic/Structural Family Therapy
SI	Suicidal Ideation
SMI	Serious/Severe Mental Illness
SNF	Skilled Nursing Facility
SO	Sexual Offender
SOF	Signature on File
SP	State Plan (Medicaid)
SPMI	Serious /Severe and Persistent Mental Illness
SSA	Single State Agency
SSN	Social Security Number
SW	Social Worker
TB	Tuberculosis
TBI	Traumatic Brain Injury
TBS	Therapeutic Behavioral Services
TCM	Targeted Case Management
Temp Lodging	Temporary Lodging
TIN	Tax Identification Number
TOB	Type of Bill
UA	Urinalysis
UB	Uniform Bill
US	United States of America
USCS	Uniform Service Coding Standards
Video Conf	Video Conference
Voc	Vocational
WAIS	Wechsler Adult Intelligence Scale
WRAP	Wellness Recovery Action Plan
YYYYMMDD	Year Month Day

<sup>50</sup> HIPAA directed the Secretary of the Department of Health and Human Services (HHS) to adopt national standards for electronic transactions. These standard transactions require all health plans and providers to use standard code sets to populate data elements in each transaction. The Transaction and Code Set Rule adopted the ASC X12N-837 Health Care Claim: Professional, volumes 1 and 2, version 4010, as the standard for electronic submission of professional claims. The POS code set currently maintained by CMS is identified in this standard as the code set for describing service locations in such claims.

<sup>52</sup> § 25-1.5-103(d), CRS, defines hospice care as “an entity that administers services to a terminally ill person utilizing palliative care or treatment.”

<sup>53</sup> §§ 25-1.5-103(b) and 27-1-201(2), CRS, defines a community mental health center as “either a physical plant or a group of services under unified administration and including at least the following: inpatient services; outpatient services; day hospitalization; emergency services; and consultation and educational services, which services are provided principally for persons with mental illness residing in a particular community in or near which the facility is situated.”

<sup>54</sup> § 25-1.5-103(c), CRS, defines a facility for persons with developmental disabilities as “a facility specifically designed for the active treatment and rehabilitation of persons with developmental disabilities or a community residential home, as defined in § 27-10.5-102(4), CRS, which is licensed and certified pursuant to § 27-10.5-109, CRS.

<sup>lxxxvii</sup> Ingenix (2008). *2009 Coders' Desk Reference for Procedures*. Eden Prairie, MN: Ingenix.

<sup>lxxxviii</sup> As part of the research for the *USCS Manual*, various manuals, transmittals, transactions and code set standards, and articles and educational web guides regarding procedure coding were accessed on the CMS web site at <http://www.cms.hhs.gov/home/regsguidance.asp>. That research is referenced and footnoted throughout this document.

<sup>lxxxix</sup> In addition to coding manuals and the Centers for Medicare & Medicaid Services (CMS), other sources of coding information and guidance were identified through research. Appendix D lists a bibliography of the additional sources referenced as the basis for the information found in Section II.F.

<sup>xc</sup> Where the coding manuals and guidelines offer no direction with regard to minimum documentation standards, the Colorado Department of Human Services, Office of Behavioral Health (DHS-OBH) documentation requirements, as set forth in 2 CCR 502-2, are referenced.

<sup>xc<sup>i</sup></sup> In addition to coding manuals and the Centers for Medicare & Medicaid Services (CMS), other sources of coding information and guidance were identified through research. Appendix D lists a bibliography of the additional sources referenced as the basis for the information found in Section II.F.

<sup>xc<sup>ii</sup></sup> In addition to coding manuals and the Centers for Medicare & Medicaid Services (CMS), other sources of coding information and guidance were identified through research. Appendix D lists a bibliography of the additional sources referenced as the basis for the information found in Section II.F.

<sup>xc<sup>iii</sup></sup> Population limits are based on the coding manuals and guidelines, as well as the State definitions of services and procedures found in the Colorado Code of Regulations (CCR), the Colorado Revised Statutes (CRS), the Medicaid State Plan and 1915(b)(3) Waiver, and the behavioral health organization (BHO) current contracts.

<sup>xc<sup>iv</sup></sup> Minimum and/or maximum duration limits are based on the coding manuals and guidelines, as well as the State definitions of services and procedures found in the Colorado Code of Regulations (CCR), the Colorado Revised Statutes (CRS), the Medicaid State Plan and 1915(b)(3) Waiver, and the behavioral health organization (BHO) current contracts.

<sup>xc<sup>v</sup></sup> Mode of delivery limits are based on the coding manuals and guidelines, as well as the State definitions of services and procedures found in the Colorado Code of Regulations (CCR), the Colorado Revised Statutes (CRS), the Medicaid State Plan and 1915(b)(3) Waiver, Colorado Medical Assistance Program (MAP) Provider Specialty Manuals, and the behavioral health organization (BHO) current contracts.

<sup>xc<sup>vi</sup></sup> Medicaid.gov Delivery Systems: Telemedicine. A federal government managed website by the Centers for Medicare & Medicaid Services. 7500 Security Boulevard Baltimore, MD 21244

<sup>xc<sup>vii</sup></sup> Medicaid.gov Delivery Systems: Telemedicine. A federal government managed website by the Centers for Medicare & Medicaid Services. 7500 Security Boulevard Baltimore, MD 21244.

<sup>xc<sup>viii</sup></sup> §25.5-5-414(7)(a) and (b), CRS.

<sup>xc<sup>ix</sup></sup> Program service categories are based on the Medicaid State Plan and 1915(b)(3) Waiver, the behavioral health organization (BHO) current contracts, and the Colorado Department of Health Care Policy & Financing (HCPF) Approved Procedure Code List for Calendar Year 2009.

<sup>c</sup> MINIMUM STAFF REQUIREMENTS are based on the coding manuals and guidelines, as well as the State definitions of services and procedures found in the Colorado Code of Regulations (CCR), the Colorado Revised Statutes (CRS), and the Medicaid State Plan and 1915(b)(3) Waiver.

<sup>ci</sup> Place of service (POS) limits are based on the coding manuals and guidelines, as well as the State definitions of services and procedures found in the Colorado Code of Regulations (CCR), the Colorado Revised Statutes (CRS), the Medicaid State Plan and 1915(b)(3) Waiver, and the behavioral health organization (BHO) current contracts.
