## I. Introduction

The Colorado Department of Health Care Policy and Financing (HCPF) is the single state agency (SSA) responsible for the administration of the Colorado Medical Assistance Program (MAP). HCPF has developed a comprehensive array of covered mental health (MH) and substance use treatment services to assure that medically necessary, appropriate and cost-effective Behavioral Health (BH) care is provided to eligible Medicaid members through the Colorado Capitated Behavioral Health Benefit under the Accountable Care Collaborative.

The Colorado Department of Human Services (CDHS), Office of Behavioral Health (OBH), is responsible for the administration of service contracts that provide for mental health and Substance Use treatment provided to the non-Medicaid population.

There are separate coding pages for Medicaid and OBH in order to clearly identify the service standards applicable to each funding source. The Medicaid pages are formatted in green, while the OBH pages are formatted in blue. New SUD benefit pages are formatted in orange and are applicable to both Medicaid and OBH.

### a. Purpose

The purpose of this *Uniform Service Coding Standards (USCS) Manual* is to achieve uniform documenting and reporting of covered Colorado Medicaid State Plan (required services), Behavioral Health Program 1915(b)(3) Waiver services (alternative or (b)(3) services) and OBH services. Standardizing the documentation and reporting of BH encounters contributes to the accurate estimation of service costs, development of actuarially sound capitation rates, and compliance with federal regulations for managed care utilization oversight.

HCPF and OBH have established this *USCS Manual* to provide common definitions of the program service categories covered under the Colorado Capitated Behavioral Health Benefit under the Accountable Care Collaborative. The *USCS Manual* also provides guidance in documenting and reporting covered services in coding formats that are in compliance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA). The clinical coding systems currently used in the United States, and which are used by HCPF and OBH, are:

- *International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM)*<sup>1</sup>
- *Current Procedural Terminology (CPT®), Professional Edition*<sup>2</sup>
- *Healthcare Common Procedure Coding System (HCPCS)*<sup>3</sup>

The *USCS manual* is a living document that is updated each fiscal year to maintain consistency between the Regional Accountable Entity (RAE) contract, the OBH contract, the State Plan Amendments, the (b)(3) waiver, and coding guidelines. Unless otherwise noted, the State (HCPF and OBH) has agreed that it will accept coding provided under the previous edition through June 30, 2021. Providers must implement the July 2021 edition for dates of service July 1<sup>st</sup> and thereafter, regardless of submission date.

## b. Manual Format

Service categories are listed to promote clarity of understanding through the consistent use of common terms, followed by individual HCPF and/or OBH procedure code pages in numeric and alphanumeric order. Primary categories include (see [Appendix C](#) for additional details):

- Prevention/Early Intervention Services
- Crisis
- Screening
- Assessment
- Treatment Services
- Evaluation and Management (E&M)
- Residential Services
- Respite Care Services
- Peer Support/Recovery Services
- Support Services

This format assists providers to conceptualize BH services rendered in terms of 10 key data elements and ensures the appropriate procedure code is assigned to services rendered:

- **Core Services** are the basic services rendered, such as assessment, treatment, case management, peer support/recovery, prevention/early intervention, residential, respite, and crisis services.
- **Modality** gives more detail about the core service rendered (e.g. individual therapy, group therapy, family therapy, medication administration, etc.).
- **Program** may be different for each community mental health center/clinic (CMHC) or provider (e.g. outpatient, residential, day treatment, etc.); this information provides further detail about the specific core service rendered and is useful in pricing those specific services.
- **Location**, or place of service (POS), is where the service is rendered (e.g. CMHC, patient's home, community, etc.).

## II. Colorado Capitated Behavioral Health Benefit under the Accountable Care Collaborative

HCPF contracts with managed care organizations (MCOs), known as Regional Accountable Entities (RAEs), to administer, manage and operate the Colorado Capitated Behavioral Health Benefit under the Accountable Care Collaborative by providing medically necessary covered BH services.

The Colorado Capitated Behavioral Health Benefit under the Accountable Care Collaborative covered service categories are defined according to the Colorado Medicaid State Plan (required services) and Behavioral Health Program 1915(b)(3) Waiver (alternative or (b)(3) services). All Colorado Capitated Behavioral Health Benefits under the Accountable Care Collaborative covered procedure codes are categorized as either State Plan (SP), (b)(3), or both.

### a. Medicaid State Plan Services

The Medicaid State Plan is the document by which the State of Colorado certifies that it will comply with all Federal requirements for Medicaid. Some of the requirements are identical for all states, and some permit the State to choose

certain options. In order to be eligible to receive federal matching funds (Federal Financial Participation or FFP) to operate its Medicaid program, the State must agree to comply with all parts of the Medicaid State Plan on file with the Centers for Medicare and Medicaid Services (CMS). The following table describes the Colorado Medicaid State Plan program service categories.

<b>Medicaid State Plan Program Service Categories</b>	
<b>Category</b>	<b>Description</b>
<b>Inpatient</b>	<p>A. <b>Inpatient Hospital – Adult 21-64:</b> A program of psychiatric care in which the Member remains twenty-four (24) hours a day in a facility licensed as a hospital by the State, excluding State Institutions for Mental Disease (IMDs).</p> <p>B. <b>Inpatient Hospital – Under 21:</b> A program of care for Members under age twenty-one (21) in which the Member remains twenty-four (24) hours a day in a psychiatric hospital, or other facility licensed as a hospital by the State. Members who are inpatient on their twenty-first birthday are entitled to receive inpatient benefits until discharged from the facility or until their twenty-second (22) birthday, whichever is earlier, as outlined in 42 CFR 441.151.</p> <p>C. <b>Inpatient Hospital – 65 and Over:</b> A program of care for Members age sixty-five (65) and over in which the Member remains twenty-four (24) hours a day in Institutions for Mental Diseases (IMD) or other facility licensed as a hospital by the State.</p>
<b>SUD Residential and Inpatient</b>	Substance use disorder (SUD) treatment and withdrawal management services including services along the continuum of care defined by the American Society of Addiction Medicine (ASAM). Services are provided to Medicaid beneficiaries with one or more diagnosed SUD(s). Services are determined according to medical necessity which include an assessment of level of clinical severity and function.
<b>Outpatient</b>	<p>A program of care in which the Member receives services in a hospital or other health care facility/office, but does not remain in the facility twenty-four (24) hours a day, including:</p> <p>A. <b>Physician Services, including psychiatric care:</b> BH services provided within the scope of practice of medicine as defined by State law.</p> <p>B. <b>Rehabilitative Services:</b> Any remedial services recommended by a physician or other licensed practitioner of the healing arts, within the scope of his/her practice under State law, for maximum reduction of behavioral/emotional disability and restoration of a patient to his/her best possible functional level, including:</p> <ol style="list-style-type: none"> <li>1. <b>Individual BH Therapy:</b> Therapeutic contact with one patient.</li> <li>2. <b>Individual Brief BH Therapy:</b> Therapeutic contact with one patient.</li> <li>3. <b>Group BH Therapy:</b> Therapeutic contact with more than one patient.</li> <li>4. <b>Family BH Therapy:</b> Therapeutic contact with a patient and family member(s), or other persons significant to the patient, for improving patient-family functioning. Family BH therapy is appropriate when intervention in the family interactions is expected to improve the patient’s emotional/BH. The primary purpose of family BH therapy is treatment of the patient.</li> <li>5. <b>Behavioral Health Assessment:</b> Clinical assessment of a patient by a BH professional that determines the nature of the patient’s problem(s), factors contributing to the problem(s), a patient’s strengths, abilities and resources to help solve the problem(s), and any existing diagnoses.</li> </ol>

## Medicaid State Plan Program Service Categories

Category	Description
	<p>C. <b>Pharmacologic Management:</b> Monitoring of medications prescribed, and consultation provided to patients by a physician or other medical practitioner authorized to prescribe medications as defined by State law, including associated laboratory services, as indicated.</p> <p>D. <b>Outpatient Day Treatment:</b> Therapeutic contact with a patient in a structured, non-residential program of therapeutic activities. Services include assessment and monitoring; individual/group/family therapy; medical/nursing support; psychosocial education; skill development and socialization training focused on improving functional and behavioral deficits; medication management; expressive and activity therapies; and coordination of needed services with other agencies. When provided in an outpatient hospital program, may be called "partial hospitalization."</p> <p>E. <b>Emergency/Crisis Services:</b> Services provided during a BH emergency which involve unscheduled, immediate, or special interventions in response to crisis situation with a patient/family, including associated laboratory services, as indicated.</p> <p>F. <b>Pharmacy Services:</b> Prescribed drugs when used in accordance with 10 CCR 2505-10 Section 8.800, Pharmaceuticals.</p> <p>G. <b>Targeted Case Management:</b> Case management services furnished to assist individuals, eligible under the State Plan, in gaining access to needed medical, social, educational and other services.</p> <p>H. <b>School-Based BH Services:</b> BH services provided to school-aged children and adolescents on-site in their schools, with the cooperation of the schools.</p> <p>I. <b>Drug Screening and Monitoring:</b> Substance use disorder counseling services provided along with screening results to be discussed with patient.</p> <p>J. <b>Medication-Assisted Treatment:</b> Administration of Methadone or another approved controlled substance to an opiate-dependent person for the purpose of decreasing or eliminating dependence on opiate substances.</p>

### b. Behavioral Health Program 1915(b)(3) Waiver Services

Colorado Medicaid's Capitated Behavioral Health Benefit under the Accountable Care Collaborative is operated under a 1915(b)(3) waiver, which requires services are for medical or health-related care, or other services as described in 42 Code of Federal Regulations (CFR) Part 440. These services are subject to approval by CMS. The following table describes the 1915(b)(3) Waiver Program service categories in Colorado, including a description of the eligible populations, provider type, geographic availability, and reimbursement method.

## 1915(b)(3) Waiver Program Service Categories

Mandatory services to Members in at least the scope, amount and duration proposed in contract Exhibit G. Effective July 1, 2011, all 1915(b)(3) services provided to children/youth from age 0 to 21, except for respite and vocational rehabilitation, are included in the State Plan as Expanded EPSDT services. These services will not be listed individually in the State Plan but may be provided to children/youth with a covered BH diagnosis based on medical necessity.

Category	Description
<b>Vocational Services</b>	Services designed to help adult and adolescent patients who are ineligible for state vocational rehabilitation services to gain employment skills and employment. Services are skill and support development interventions, vocational assessment, and job coaching.
<b>Intensive Case Management</b>	Community-based services averaging more than one hour per week, provided to adults with serious BH disorders who are at risk of a more intensive 24-hour placement and who need extra support to live in the community. Services are assessment, care plan development, multi-system referrals, and assistance with wraparound and supportive living services, monitoring and follow-up. Intensive case management may be provided to children/youth under the <i>Early Periodic Screening, Diagnosis, and Treatment (EPSDT)</i> program.
<b>Prevention/Early Intervention Activities</b>	Proactive efforts to educate and empower individuals to choose and maintain healthy life behaviors and lifestyles that promote positive BH. Services include BH screenings; educational programs promoting safe and stable families; senior workshops related to aging disorders; and parenting skills classes.
<b>Clubhouse and Drop-in Centers</b>	Peer support services for people who have BH disorders, provided in a Clubhouse or Drop-In Center setting. Clubhouse participants may use their skills for clerical work, data input, meal preparation, providing resource information and outreach to patients. Drop-in Centers offer planned activities and opportunities for individuals to interact socially, promoting and supporting recovery.
<b>Residential Services</b>	Twenty-four (24) hour care, excluding room and board, provided in a non-hospital, non-nursing home setting, appropriate for adults whose mental health issues and symptoms are severe enough to require a 24-hour structured program but do not require hospitalization. Services are provided in the setting where the patient is living, in real-time, with immediate interventions available as needed. Clinical interventions are assessment and monitoring of mental and physical health status; assessment and monitoring of safety; assessment of/support for motivation for treatment; assessment of ability to provide for daily living needs; observation and assessment of group interactions; individual, group and/or family therapy; medication management; and behavioral interventions. Residential services may be provided to children/youth under EPSDT.
<b>Assertive Community Treatment (ACT)</b>	Comprehensive, locally based, individualized treatment for adults with serious BH disorders that is available 24 hours a day, 365 days a year. Services include case management, initial and ongoing BH assessment, psychiatric services, employment and housing assistance, family support and education, and substance use disorders services.
<b>Recovery Services</b>	Community-based services that promote self-management of BH symptoms, relapse prevention, treatment choices, mutual support, enrichment, rights protection, social supports. Services are peer counseling and support services, peer-run drop-in centers, peer-run employment services, peer mentoring, consumer and family support groups, warm lines, and advocacy services.
<b>Respite Services</b>	Temporary or short-term care of a child, youth or adult patient provided by adults other than the birth parents, foster/adoptive parents, family members patient. Respite is designed to give the caregivers some time away from the patient to allow them to emotionally recharge and become better prepared to handle normal day-to-day challenges. Respite care providers are specially trained to serve individuals with BH issues.

### c. Telemedicine Services

Under the Colorado Capitated Behavioral Health Benefit RAEs have the flexibility to authorize the use of outpatient treatment services to be delivered via audiovisual and telephone modalities when it is clinically viable and appropriate. Services provided via telemedicine should be indicated by Place of Service “Telehealth (02)”. Other standard requirements for telemedicine services provided to a member include:

1. All services must be synchronous.
2. Providers may only bill procedure codes which they are contracted with a RAE to bill.
3. Any health benefits provided through telemedicine shall meet the same standard of care as in-person care.
4. Providers must document the member’s consent, either verbal or written, to receive telemedicine services.
5. Members that are new to a provider must contact the provider to initiate services.
6. Service for established patients must be consistent with the member’s treatment plan.
7. The availability of services through telemedicine in no way alters the scope of practice of any health care provider; nor does it authorize the delivery of health care services in a setting or manner not otherwise authorized by law.
8. Services not otherwise covered by Health First Colorado are not covered when delivered via telemedicine.
9. Services may be delivered by telephone only when it is clinically appropriate, no other form of service delivery is possible, and this is documented in the clinical record.
10. Record-keeping and patient privacy standards should comply with normal Medicaid requirements and HIPAA.

### III. Diagnoses

The Colorado Capitated Behavioral Health Benefit under the Accountable Care Collaborative identifies covered diagnoses using the *International Classification of Diseases, Tenth Revision, Clinical Modification* (ICD-10-CM).<sup>iv</sup> The ICD-10-CM is the official system of assigning codes to diagnoses and procedures used by all health care settings, including hospitals, physicians, nursing homes (NH), home health agencies and other providers. ICD-10-CM code selection follows the *Official ICD-10-CM Guidelines for Coding and Reporting*,<sup>v</sup> developed cooperatively by the American Hospital Association (AHA), the American Health Information Management Association (AHIMA), CMS, and the National Center for Health Statistics (NCHS). These guidelines are a companion document to the ICD-10-CM, and while not exhaustive, assist the user in situations where the ICD-10-CM does not provide direction. The ICD-10-CM is updated annually, effective October 1<sup>st</sup>. The ICD-10-CM does not include diagnostic criteria, primarily because its principal function as an international system is to define categories that aid in the collection of basic health statistics.

The Diagnostic and Statistical Manual of Mental Disorders (DSM-5), on the other hand, is the universal authority in the United States for diagnosing psychiatric disorders. Clinicians are encouraged to base their diagnostic decisions on DSM-5 criteria, and reference tables in the DSM-5 for ICD-10-CM insurance billing information. DSM-5 and the ICD are

compatible with one another, and the DSM-5 contains a crosswalk to both ICD-9 and ICD-10 codes. The ICD–10-CM was implemented October 1, 2015.

**a. Non-Covered Diagnoses**

A covered diagnosis is required for reimbursement, unless it falls in one of the following categories: Screening, Assessment, Crisis, or Prevention/Early Intervention. (See [Appendix B](#) and [Appendix C](#) for specific codes allowed without a covered diagnosis.) For these services, a non-covered diagnosis may be reported when these services have been rendered to a Medicaid enrollee for the purpose of evaluating and assessing to determine the presence of and/or diagnose a BH disorder(s). When no other diagnosis has been determined, R69 or Z03.89 may be used. These codes are specifically intended for use when persons without a diagnosis are suspected of having an abnormal condition, without signs or symptoms, which requires study, but after examination and observation, is found not to exist.<sup>vi</sup>

<b>Non-Covered Diagnosis Codes for use ONLY with Assessment (excluding Treatment Planning), Crisis (excluding Psychotherapy for Crisis), and Prevention/Early Intervention Services when no other diagnosis has been determined</b>	
<b>Code</b>	<b>Description</b>
R69	Illness, unspecified
Z03.89	Encounter for observation for other suspected diseases and conditions ruled out

**b. Covered Diagnoses**

The table below lists the covered diagnoses under the Colorado Capitated Behavioral Health Benefit under the Accountable Care Collaborative. OBH also covers the diagnosis codes listed below. Additionally, in an effort to provide early intervention services to the “non-targeted” children’s population (ages zero to eleven), OBH will allow for BH codes not listed below. “Non-targeted” children are defined as those not meeting the Severe Emotional Disturbance definition as defined through the Colorado Client Assessment Record (CCAR) Manual or COMPASS Rules Manual. OBH is allowing for a broader range of diagnosis codes for “Non-targeted” children in an effort to provide services to children who are at risk of developing a severe diagnosis and/or who are difficult to diagnose as a result of their age.

**i. Mental Health Covered Diagnoses**

**ICD-10-CM Code Ranges**

<b>Start Value</b>	<b>End Value</b>
F20.0	F42.3
F42.8	F48.1
F48.9	F51.03
F51.09	F51.12
F51.19	F51.9
F53.0	F53.10
F60.0	F63.9
F68.10	F69
F90.0	F98.4

F98.8	F99
R45.1	R45.2
R45.5	R45.82

**ii. Substance Use Disorder Covered Diagnoses**

**ICD-10-CM Code Ranges**

Start Value	End Value
F10.10	F10.26
F10.28	F10.96
F10.98	F13.26
F13.28	F13.96
F13.98	F18.159
F18.18	F18.259
F18.28	F18.959
F18.980	F19.16
F19.18	F19.26
F19.28	F19.99

<sup>iii</sup> US Department of Health & Human Services (HHS), Centers for Disease Control & Prevention (CDC) and Centers for Medicare & Medicaid Services (CMS) (2015). *International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM)*. Washington, DC: US Government Printing Office (GPO).

## IV. Provider Types

Within community behavioral health a variety of licensed and non-licensed staff renders BH services to patients and families. This section defines the various types of providers and their scope(s) of practice. Scope of practice “means the extent of the authorization to provide health services granted to a health practitioner by a license issued to the practitioner in the State in which the principal part of the practitioner’s services is rendered, including any conditions imposed by the licensing authority (§ 12-245-101).” When considering service provision, documentation, reporting and billing, note that under the Colorado Mental Health Practice Act, “no licensee, [psychological candidate] registrant, certificate holder, or unlicensed psychotherapist is authorized to practice outside of or beyond [their] area of training, experience or competence (§ 12-43-202, CRS).” According to the American Medical Association (AMA) Current Procedural Terminology (CPT®), “the qualifications of the non-physician healthcare practitioner must be consistent with guidelines or standards established or recognized by a physician society, a non-physician healthcare professional society/association, or other appropriate source.”<sup>7</sup>

Medicaid enrolled CMHCs can serve as the rendering provider for claims performed under a CMHC by a practitioner who lacks the credentials needed to enroll in Medicaid. Practitioners who meet the qualifications to enroll in Medicaid and can order, prescribe, or refer services for a member, must still enroll in Medicaid and submit claims with their NPI as the rendering provider, even if the service was performed under a CMHC.

Medicaid services provided in all other group provider settings, such as substance use disorder clinics, by practitioners not enrolled in Medicaid must be supervised by and billed under a Medicaid enrolled practitioner who is documented as overseeing the member's course of treatment.

## **a. Individual Providers**

### **1. Bachelor's Degree**

A Bachelor's Degree provider has a bachelor's degree in social work, counseling, psychology or a related health care field, from an accredited institution. Providers with a bachelor's degree or higher in a non-related field may perform the functions of a bachelor's degree level staff person if they have one year in the health field.

### **2. Certified Addiction Counselor (CAC)**

A CAC is a person who has been certified by the Colorado Board of Addiction Counselor Examiners to practice addiction counseling pursuant to the Colorado Mental Health Practice Act. For the purposes of Medicaid, CACs must practice in a facility licensed by OBH and under the supervision of a licensed physician; licensed psychologist; LCSW; LMFT; LPC; or LAC. CACs may only perform services for the treatment of a primary SUD diagnosis. Refer to CRS 12-43-804. CAC's are certified in Colorado at two levels in ascending order of responsibility and requirements:

#### **a. *Certified Addiction Technician (CAT)***

A CAT is an entry-level counselor who may collect biopsychosocial screening data; provide service coordination and case management; monitor compliance with case management plans; provide skill-based education; co-facilitate therapy groups with certified addiction specialists or licensed addiction counselors; provide client, family, and community addiction education; and coordinate referral and discharge resourcing and planning. Staff in the process of obtaining addiction technician credentials or certified addiction technicians must have all clinical documentation reviewed and co-signed by their clinical supervisor. CAT staff can only account for a maximum of one quarter or 25% of the counseling staff for all licensed programs.

#### **b. *Certified Addiction Specialist (CAS)***

A CAS is an addiction counselor who may independently treat substance use and co-occurring disorders; conduct clinical assessments including diagnostic impression; provide treatment planning; coordinate referral and discharge planning; provide service coordination and case management; provide addiction counseling for individuals, families, and groups; and facilitate client, family, and community psycho-education. A CAS may provide clinical supervision to individuals pursuing CAT and CAS.

### **3. Certified Prevention Specialist**

A Certified Prevention Specialist is credentialed by the Colorado Prevention Certification Board, under guidelines set by the International Certification & Reciprocity Consortium (IC&RC).

### **4. DHOH Interpreter**

Interpreters are part of a treatment team, and as with all other members of the treatment team, an organization should use interpreters who are competent, professional and will behave in an ethical manner. Certification by the Registry of Interpreters for the Deaf (RID) conveys that an interpreter has met a nationally recognized standard of competence and professionalism. Colorado law (Colorado Revised Statutes 6-1-707) requires that anyone using certain terms must be registered with the Registry of Interpreters for the Deaf (RID) or a successor organization. Such terms include:

- Sign language interpreter
- Interpreter for the deaf
- ASL-English interpreter
- American sign language (ASL) interpreter
- Certified sign language interpreter
- Certified interpreter for the deaf
- Certified deaf interpreter
- Certified ASL-English interpreter
- Certified American sign language (ASL) interpreter

### **5. Intern**

An intern must be from the clinical program of study that meets minimum credentials for service provided or code billed. Clinical programs of study are Masters, Doctoral, or Prescriber programs. Prescriber programs for APNs include preceptorships and mentorships. Bachelors-level programs are not clinical programs of study, and students in a bachelors-level program will not be classified as interns under this definition. The intern will

perform duties under the direct clinical supervision of appropriately licensed staff, such as a licensed master's clinician, licensed psychologist, or licensed MD.

## **6. Licensed Addiction Counselor (LAC)**

A Licensed Addiction Counselor is a person who holds a master's degree or higher in a clinical behavioral health specialization (e.g., counseling, marriage and family, social work, psychology) from an accredited college or university. Based on education, training, knowledge, and experience, the scope of practice of a licensed addiction counselor includes behavioral health counseling and may include the treatment of substance use disorders, addictive behavioral disorders, and co-occurring mental health disorders, including clinical evaluation and diagnosis, treatment planning, service coordination, case management, clinical documentation, professional and ethical responsibilities, education and psychotherapy with clients, family, and community, clinical supervisory responsibilities, and intervention. Refer to CRS 12-245-801.

## **7. Licensed Clinical Social Worker (LCSW)**

A LCSW is a person with a master's or Doctoral degree from an accredited program offering full-time course work approved by the CSWE, who is licensed by the Colorado Board of Social Work Examiners. Refer to CRS 12-43-403(1), 12-43-404, 12-43-406 (1) and 12-43-409.

## **8. Licensed Marriage and Family Therapist (LMFT)**

A LMFT is a person who possesses a master's degree or higher from a graduate program with course study accredited by the Commission on Accreditation for Marriage and Family Therapy Education (CAMFTE), and who is licensed by the Colorado Board of Marriage and Family Therapist Examiners. Refer to CRS 12-43-504.

## **9. Licensed Professional Counselor (LPC)**

A Licensed Professional Counselor (LPC) is a person who possesses a master's degree or higher in professional counseling from an accredited college or university, and who is licensed by the Colorado Board of Licensed Professional Counselor Examiners to practice professional counseling or mental health counseling. Refer to CRS 12-43-603 and 12-43-602.5.

## **10. Licensed Psychologist**

A Licensed Psychologist is a person with a Doctoral degree (PhD, PsyD, EdD) in clinical or counseling psychology from an accredited program offering psychology courses approved by the American Psychological Association (APA), and who is licensed by the Colorado Board of Psychologist Examiners. Refer to CRS 12-43-303 and 12-43-304.

## 11. Peer Specialist (PS)

A peer specialist may also be referred to as a peer support specialist, recovery coach, peer and family recovery support specialist, peer mentor, family advocate or family systems navigator. A peer specialist “is a person who uses his or her lived experience of recovery from mental illness and/or addiction, plus skills learned in formal training, to deliver services in BH settings to promote mind-body recovery and resiliency.” A family advocate is a person whose “lived experience” is defined as having a family member who has mental illness or substance use disorder and the knowledge of the BH care system gained through navigation and support of their family member. Peer Specialists perform a wide variety of non-clinical tasks to assist patients “in regaining control over their own lives and recovery”<sup>vi</sup> process. The following is a useful overview of the four major types of recovery support services: (1) peer mentoring or coaching, (2) recovery resource connecting, (3) facilitating and leading recovery groups, and (4) building community.<sup>viii</sup> Peer specialists assist patients in navigating treatment systems for mental health and substance use disorders. Peer Specialists “promote self-determination, personal responsibility and the empowerment inherent in self-directed recovery.” Colorado does not require a peer specialist to be certified or licensed by DORA but to have formal training in specific content areas as outlined in “Combined Core Competencies for Colorado’s Peer Specialists / Recovery Coaches and Family Advocates / Family Systems Navigators - Updated and Approved by Behavioral Health Transformation Council 01-25-2013 (Attachment - [Appendix D](#)).

## 12. Physician Assistant (PA)

A PA is a person who has successfully completed an education program for PAs and the national certifying examination for PAs and is licensed by the Colorado Board of Medical Examiners. Refer to CRS 12-36-106.

## 13. Professional Nurses

### ***a. Certified-Registered Medical Assistant (documented via education, training, experience)***

Colorado does not currently have licensure for a Medical Assistant, although a Certification can be obtained through an accredited school. The U.S. Bureau of Labor identifies a medical assistant as an individual who completes administrative and clinical tasks in the offices of physicians, hospitals, and other healthcare facilities. Refer to CRS 12-36-106.

**b. Licensed Practical Nurse (LPN)/Licensed Vocational Nurse (LVN)**

A LPN or LVN is a person who has graduated from an approved program of practical nursing and holds a license as a Practical Nurse from the Colorado Board of Nursing. Refer to CRS 12-38-103.

**c. Registered Nurse/Registered Professional Nurse (RN)**

A RN or RPN is a person who has graduated from an approved program of professional nursing and is licensed as a Professional Nurse by the Colorado Board of Nursing. Refer to CRS 12-38-103.

**d. Advanced Practice Nurse (APN)**

An APN is a Professional Nurse licensed by the Colorado Board of Nursing, “who obtains specialized education and/or training,” and who been recognized and included on the Advanced Practice Registry (APR) by the Colorado Board of Nursing. Refer to CRS 12-38-111.5. APN roles recognized by the Colorado Board of Nursing include: Nurse Practitioner (NP), Certified Registered Nurse Anesthetist (CRNA), Certified Nurse Midwife (CNM), and Clinical Nurse Specialist (CNS) (3 CCR 716-1-14, 1.2. and § 12-38-111.5, CRS).

**e. Advanced Practice Nurse with Prescriptive Authority (RxN)**

An RxN is a Professional Nurse licensed by the Colorado Board of Nursing who has been granted recognition on the APR in at least one (1) role and specialty, and who has been granted Prescriptive Authority by the Colorado Board of Nursing (3 CCR 716-1-14, 1.14). Refer to CRS 12-38-111.5 and 12-38-111.6.

## 14. Psychiatrist

A Psychiatrist is a Doctor of Medicine (MD) or Doctor of Osteopathy (DO) who is licensed by the Colorado Board of Medical Examiners and renders services within the scope of practice of medicine as defined by State law.

Refer to CRS 12-36-101.

## 15. Qualified Medication Administration Person (QMAP)

A QMAP is a person who has successfully completed a State-approved medication administration training course. A QMAP is employed by a licensed facility on a contractual, full- or part-time basis to provide direct care services, including medication administration to residents upon written order of a licensed physician or other licensed authorized practitioner. A QMAP may also be a person employed by a home health agency who functions as permanent direct care staff to licensed facilities, who is trained in medication administration, and who administers medication only to the residents of the licensed facility. Refer to 6 CCR 1011-1, 24,2.

**Scope of Practice:** Successful completion of a State-approved medication administration course qualifies a QMAP to administer medications in settings authorized by law. Such settings include:

- Correctional facilities under the supervision of the Executive Director of the Department of Corrections (DOC), including but not limited to:
- Minimum security facilities
- Jails
- Community correctional facilities and programs
- Denver Regional Diagnostic Center (DRDC)
- Regimented inmate discipline and treatment program
- Institutions for juveniles
- Assisted living residences
- Adult foster care facilities
- Alternative care facilities
- Residential child care facilities
- Secure residential treatment centers
- Residential facilities providing treatment for persons with mental illnesses, except for facilities that are publicly or privately licensed hospitals
- Services for persons with developmental disabilities (DD) funded and regulated by the CDHS
- State certified adult day programs<sup>8</sup>

“Successful completion of a State-approved medication course does not lead to certification or licensure,” nor does it “allow the person to make any type of judgment, assessment or evaluation of a patient.” QMAPs may not “administer medication by injection or tube,” or “draw insulin or other medication into syringes.”<sup>9</sup> A QMAP may administer medications by the following routes of administration:

- |              |          |                             |
|--------------|----------|-----------------------------|
| • Oral       | • Eye    | • Vaginal                   |
| • Sublingual | • Ear    | • Inhalant                  |
| • Topical    | • Rectal | • Transdermal <sup>10</sup> |

## 16. Unlicensed Doctorate (PhD, PsyD, EdD)

A provider in this category possess a Ph.D., Psy.D. or Ed.D degree, all of which are doctoral level credentials, but may not call themselves a Psychologist (Article 43, Mental Health Practice Act, 12-43-306(3)). Providers in this

category have received extensive training in research and/or in clinical psychology but have not attained licensure by the Colorado Board of Psychologist Examiners.

## **17. Unlicensed Master's Degree**

An unlicensed master's degree provider has a master's degree in a mental health field (including, but not restricted to, counseling, family therapy, social work, psychology, etc.) from an accredited college or university.

This provider must be supervised in the provision of services by a Licensed Provider. *\*\*LSW and Unlicensed Psychotherapist fall in the Unlicensed Master's level category\*\**

## **b. Facility/Group Providers**

### **1. Treatment Facility**

Treatment facilities are licensed by OBH based on Substance Use Disorder Treatment Rules (2015). These treatment rules govern the provision of treatment to persons with substance-related disorders.

### **2. Community Mental Health Center**

Community Mental Health Centers are licensed according to 6 CCR 1011-1 Ch. 2. They are either a physical plant or a group of services under unified administration providing services principally for persons with behavioral or mental health disorders residing in a particular community in or near which the facility is situated. CMHCs provide inpatient services; outpatient services; day hospitalization; emergency services; and consultation and educational services.

### **3. General Hospital**

A General Hospital is licensed according to state licensing regulation 10 CCR 2505-10 8.300 and is CMS-certified as a General Hospital that, under an organized medical staff, provides Inpatient services, emergency medical and surgical care, continuous nursing services, and necessary ancillary services. A General Hospital may also offer and provide Outpatient services, or any other supportive services for periods of less than twenty-four hours per day.

### **4. Free-standing Psychiatric Hospital**

A Psychiatric Hospital is licensed according to state licensing regulations 6 CCR 1011-1 Ch. 2 & 18 and is CMS-certified as a Psychiatric Hospital to plan, organize, operate, and maintain facilities, beds, and treatment, including diagnostic, therapeutic and rehabilitation services, over a continuous period exceeding twenty-four (24) hours, to individuals requiring early diagnosis, intensive and continued clinical therapy for mental illness; and mental rehabilitation. A Psychiatric Hospital can qualify to be a state-owned Psychiatric Hospital if it is operated by the Colorado Department of Human Services

## V. Place of Service (POS)

Below is the list of Place of Service (POS) codes maintained by CMS; these two-digit codes are required on health care professional claims to specify where a service was rendered.

Place of Service (POS) Codes		
Code	Name	Description
01	Pharmacy	A facility or location where drugs and other medically related items and services are sold, dispensed, or otherwise provided directly to patients.
02	Telehealth	The location where health services and health related services are provided or received, through a telecommunication system.
03	School	A facility whose primary purpose is education.
04	Homeless Shelter	A facility or location whose primary purpose is to provide temporary housing to homeless individuals (e.g., emergency shelters, individual or family shelters).
05	Indian Health Service Free-Standing Facility	A facility or location, owned and operated by the Indian Health Service (IHS), which provides diagnostic, therapeutic (surgical and non-surgical), and rehabilitation services to American Indians and Alaska Natives who do not require hospitalization.
06	Indian Health Service Provider-Based Facility	A facility or location, owned and operated by the IHS, which provides diagnostic, therapeutic (surgical and non-surgical), and rehabilitation services rendered by, or under the supervision of, physicians to American Indians and Alaska Natives admitted as inpatients or outpatients.
07	Tribal 638 Free-Standing Facility	A facility or location owned and operated by a federally recognized American Indian or Alaska Native tribe or tribal organization under a 638 agreement, which provides diagnostic, therapeutic (surgical and non-surgical), and rehabilitation services to tribal members who do not require hospitalization.
08	Tribal 638 Provider-Based Facility	A facility or location owned and operated by a federally recognized American Indian or Alaska Native tribe or tribal organization under a 638 agreement, which provides diagnostic, therapeutic (surgical and non-surgical), and rehabilitation services to tribal members admitted as inpatients or outpatients.
09	Prison/Correctional Facility	A prison, jail, reformatory, work farm, detention center, or any other similar facility maintained by either federal, State or local authorities for the purpose of confinement or rehabilitation of adult or juvenile criminal offenders. <i>Medicaid will not reimburse for services provided to a person living in a public institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control (42 CFR 435.1010). Public institutions include correctional institutions.</i> <i>Additional information on Medicaid and Criminal Justice Involved Populations can be located on the Department's website.</i>
10	Unassigned	N/A
11	Office	Location, other than a hospital, skilled nursing facility (SNF), military treatment facility, community health center, State or local public health clinic, or intermediate care facility (ICF), where the health professional routinely provides health examinations, diagnosis, and treatment of illness or injury on an ambulatory basis.
12	Home	Location, other than a hospital or other facility, where the patient receives care in a private residence.
13	Assisted Living Facility	Congregate residential facility with self-contained living units providing assessment of each resident's needs and on-site support 24-hours a day, 7 days a week, with the capacity to deliver or arrange for services, including some health care and other services.
14	Group Home	A residence, with shared living areas, where patients receive supervision and other services, such as social and/or behavioral services, custodial service, and minimal services (e.g., medication administration).
15	Mobile Unit	A facility/unit that moves from place-to-place equipped to provide preventive, screening, diagnostic, and/or treatment services.
16	Temporary Lodging	A short-term accommodation such as a hotel, camp ground, hostel, cruise ship or resort where the patient receives care, and which is not identified by any other POS code.
17	Walk-in Retail Health Clinic	A walk-in health clinic, other than an office, urgent care facility, pharmacy or independent clinic and not described by any other Place of Service code, that is located within a retail operation and provides, on an ambulatory basis, preventive and primary care services

Place of Service (POS) Codes		
Code	Name	Description
18	Place of Employment-Worksite	A location, not described by any other POS code, owned or operated by a public or private entity where the patient is employed, and where a health professional provides on-going or episodic occupational medical, therapeutic or rehabilitative services to the individual
19	Off Campus-Outpatient Hospital	A portion of an off-campus hospital provider-based department which provides diagnostic, therapeutic (both surgical and nonsurgical), and rehabilitation services to sick or injured persons who do not require hospitalization or institutionalization
20	Urgent Care Facility	A location, distinct from a hospital emergency room, an office or a clinic, whose purpose is to diagnose and treat illness or injury for unscheduled, ambulatory patients seeking immediate medical attention.
21	Inpatient Hospital	A facility, other than psychiatric, which primarily provides diagnostic, therapeutic (both surgical and non-surgical), and rehabilitation services by, or under the supervision of physicians to patients admitted for a variety of medical conditions.
22	Outpatient Hospital	A portion of a hospital which provides diagnostic, therapeutic (both surgical and non-surgical), and rehabilitation services to sick or injured persons who do not require hospitalization or institutionalization.
23	Emergency Room - Hospital	A portion of a hospital where emergency diagnosis and treatment of illness or injury is provided.
24	Ambulatory Surgical Center	A free-standing facility, other than a physician's office, where surgical and diagnostic services are provided on an ambulatory basis.
25	Birthing Center	A facility, other than a hospital's maternity facilities or a physician's office, which provides a setting for labor, delivery, and immediate post-partum care, as well as immediate care of newborn infants.
26	Military Treatment Facility (MTF)	A medical facility operated by one or more of the Uniformed Services. MTF also refers to certain former US Public Health Service (USPHS) facilities now designated as Uniformed Service Treatment Facilities (USTF).
27-30	Unassigned	N/A
31	Skilled Nursing Facility (SNF)	A facility which primarily provides inpatient skilled nursing care and related services to patients who require medical, nursing or rehabilitative services, but does not provide the level of care or treatment available in a hospital.
32	Nursing Facility	A facility which primarily provides to residents skilled nursing care and related services for the rehabilitation of injured, disabled or sick persons, or on a regular basis health-related care services above the level of custodial care to other than individuals with mental retardation (MR).
33	Custodial Care Facility	A facility which provides room, board and other personal assistance services, generally on a long-term basis, and which does not include a medical component.
34	Hospice <sup>11</sup>	A facility, other than a patient's home, in which palliative and supportive care for terminally ill patients and their families are provided.
35-40	Unassigned	N/A
41	Ambulance – Land	A land vehicle specifically designed, equipped and staffed for lifesaving and transporting the sick or injured.
42	Ambulance – Air or Water	An air or water vehicle specifically designed, equipped and staffed for lifesaving and transporting the sick or injured.
43-48	Unassigned	N/A
49	Independent Clinic	A location, not part of a hospital and not described by any other POS code, that is organized and operated to provide preventive, diagnostic, therapeutic, rehabilitative, or palliative services to outpatients only.
50	Federally Qualified Health Center (FQHC)	A facility located in a medically underserved area that provides Medicare beneficiaries preventive primary medical care under the general direction of a physician.
51	Inpatient Psychiatric Facility	A facility that provides inpatient psychiatric services for the diagnosis and treatment of mental illness on a 24-hour basis, by or under the supervision of a physician.
52	Psychiatric Facility – Partial Hospitalization	A facility for the diagnosis and treatment of mental illness that provides a planned therapeutic program for patients who do not require full-time hospitalization, but who need broader programs than are possible from outpatient visits to a hospital-based or hospital-affiliated facility.
53	Community Mental Health Center/Clinic (CMHC) <sup>12</sup>	A facility that provides the following services: outpatient services, including specialized outpatient services for children, the elderly, individuals who are chronically ill, and residents of the CMHC's mental health services area who have been discharged from inpatient treatment at a mental health

Place of Service (POS) Codes		
Code	Name	Description
		facility; 24-hours a day emergency care services; day treatment, other partial hospitalization services, or psychosocial rehabilitation services; screening for patients being considered for admission to State mental health facilities to determine the appropriateness of such admission; and consultation and education services.
54	Intermediate Care Facility – Mentally Retarded (ICF-MR) <sup>13</sup>	A facility which primarily provides health-related care and services above the level of custodial care to individuals with MR but does not provide the level of care or treatment available in a hospital or SNF.
55	Residential Substance Abuse Treatment Facility	A facility which provides treatment for substance (alcohol and drug) abuse to live-in residents who do not require acute medical care. Services include individual and group therapy and counseling, family counseling, laboratory tests, medications and supplies, psychological testing, and room and board.
56	Psychiatric Residential Treatment Center	A facility or distinct part of a facility for psychiatric care which provides a total 24-hour therapeutically planned and professionally staffed group living and learning environment.
57	Non-Residential Substance Abuse Treatment Center	A location which provides treatment for substance (alcohol and drug) abuse on an ambulatory basis. Services include individual and group therapy and counseling, family counseling, laboratory tests, medications and supplies, and psychological testing.
58-59	Unassigned	N/A
60	Mass Immunization Center	A location where providers administer pneumococcal pneumonia influenza virus vaccinations and submit these services as electronic media claims, paper claims, or using the roster billing method. This generally takes place in a mass immunization setting, such as a public health center, pharmacy or mall, but may include a physician office setting.
61	Comprehensive Inpatient Rehabilitation Facility	A facility that provides comprehensive rehabilitation services under the supervision of a physician to inpatients with physical disabilities. Services include physical therapy, occupational therapy, speech pathology, social or psychological services, and orthotics and prosthetics services.
62	Comprehensive Outpatient Rehabilitation Facility	A facility that provides comprehensive rehabilitation services under the supervision of a physician to outpatients with physical disabilities. Services include physical therapy, occupational therapy, and speech pathology services.
63-64	Unassigned	N/A
65	End-Stage Renal Disease Treatment Facility	A facility, other than a hospital, which provides dialysis treatment, maintenance, and/or training to patients or caregivers on an ambulatory or home-care basis.
66-70	Unassigned	N/A
71	Public Health Clinic	A facility maintained by either State or local health departments that provides ambulatory primary medical care under the general direction of a physician.
72	Rural Health Clinic	A certified facility which is located in a rural medically under-served area that provides ambulatory primary medical care under the general direction of a physician.
73-80	Unassigned	N/A
81	Independent Laboratory	A laboratory certified to perform diagnostic and/or clinical tests independent of an institution or a physician's office.
82-98	Unassigned	N/A
99	Other Place of Service	Other place of service (POS) not identified above.

## VI. Procedure Code Modifiers

Procedure code modifiers, when used correctly, allow providers to more accurately document and report the services rendered. The two-digit modifiers are appended to CPT® or HCPCS procedure codes to indicate that a rendered service or procedure has been altered in its delivery by some specific circumstance but has not changed in its definition or procedure code.<sup>14</sup>

## a. Colorado Community Behavioral Health Program/Service Modifiers

HCPF has defined modifiers for the Medicaid State Plan and Mental Health Program 1915(b)(3) Waiver program service categories (Refer to Section II.a.). When billing Medicaid providers must use, as a first position modifier, one of the Colorado Community Behavioral Health Program modifiers listed in the chart below.

Colorado Community Behavioral Health Program Service Modifiers		
Identifier	Category	Description
HE*	State Plan (SP) Services	State Plan (SP) BH services include inpatient psychiatric hospital services, outpatient services such as psychiatrist, psychosocial rehabilitation, case management (CM), medication management, and emergency services.
HK	Residential Services	Twenty-four (24) hour care, excluding room and board, provided in a non-hospital, non-nursing home setting, appropriate for adults whose mental health issues and symptoms are severe enough to require a 24-hour structured program but do not require hospitalization. Services are provided in the setting where the patient is living, in real-time, with immediate interventions available as needed. Clinical interventions are assessment and monitoring of mental and physical health status; assessment and monitoring of safety; assessment of/support for motivation for treatment; assessment of ability to provide for daily living needs; observation and assessment of group interactions; individual, group and family therapy; medication management; and behavioral interventions.
U4	Intensive Case Management (ICM)	Community-based services averaging more than one hour per week, provided to adults with serious BH disorders who are at risk of a more intensive 24-hour placement and who need extra support to live in the community. Services are assessment, care plan development, multi-system referrals, and assistance with wraparound and supportive living services, monitoring and follow-up.
TM	Assertive Community Treatment (ACT)	Comprehensive, locally-based, individualized treatment for adults with serious BH disorders that is available 24 hours a day, 365 days a year. Services include case management, initial and ongoing BH assessment, psychiatric services, employment and housing assistance, family support and education, and substance use disorders services.
HM	Respite Services	Temporary or short-term care of a child, youth or adult patient provided by adults other than the birth parents, foster/adoptive parents, family members or caregivers that the patient normally resides with. Respite is designed to give the caregivers some time away from the patient to allow them to emotionally recharge and become better prepared to handle normal day-to-day challenges. Respite care providers are specially trained to serve individuals with BH issues.
HJ	Vocational (Voc) Services	Services designed to help adult and adolescent patients who are ineligible for state vocational rehabilitation services to gain employment skills and employment. Services are skill and support development interventions, vocational assessment, and job coaching.
HQ*	Clubhouses & Drop-In Centers	Peer support services for people who have BH disorders, provided in a Clubhouse or Drop-In Center setting. Clubhouse participants may use their skills for clerical work, data input, meal preparation, providing resource information, and outreach to patients. Drop-in Centers offer planned activities and opportunities for individuals to interact socially, promoting, and supporting recovery.
TT	Recovery Services	Community-based services that promote self-management of BH symptoms, relapse prevention, treatment choices, mutual support, enrichment, rights protection, social supports. Services are peer counseling and support services, peer-run drop-in centers, peer-run employment services, peer mentoring, consumer and family support groups, warm lines, and advocacy services.
HT*	Prevention/Early Intervention Activities (Prev/EI)	Proactive efforts to educate and empower individuals over the age of 21 to choose and maintain healthy life behaviors and lifestyles that promote positive BH. Services include BH screenings; educational programs promoting safe and stable families; senior workshops related to aging disorders; and parenting skills classes.
HF	Substance Abuse (SA) Program	Substance Abuse services, as determined by the provider. The modifier may be placed in modifier places 1-4 depending on the coding guidance for the service rendered.

\*When billing H0023 these modifiers must be used as indicated on the code page for the procedure.

## b. Common Behavioral Health Modifiers

Common Behavioral Health CPT® Modifiers		
Modifier	Description	Definition
76	Repeat Services	Repeat procedure or service by same physician or other qualified health care professional on the same date. The modifier should be placed in modifier places 2-4.
77	Repeat Services	Repeat procedure or service by another physician or other qualified health care professional on the same date. The modifier should be placed in modifier places 2-4.
CR	Catastrophe/Disaster-Related	Indicates a service/procedure rendered to a victim of a catastrophe/disaster (e.g., Hurricane Katrina). The modifier may be placed in modifier places 2-4.
ET	Emergency Services	Indicates a rendered emergency service/procedure. Services provided through Colorado Crisis Services should include the ET modifier in places 2-4. <b>For Medicaid, providers should refer to their RAE contracts to determine which crisis codes they can provide.</b>
GQ	Via Asynchronous Telecommunications System	Indicates the distant site physician (MD/DO)/Mental Health Professional (MHP) certifies that the asynchronous medical file was collected and transmitted to them at their distant site from an eligible originating site when the <i>telemedicine (telehealth)</i> service/procedure was rendered. The modifier may be placed in modifier places 2-4.
HR	Family/Couple with Patient Present	The modifier may be placed in modifier places 2-4.
HS	Family/Couple without Patient Present	The modifier may be placed in modifier places 2-4.

## VII. Procedure Categories

This section details the procedure codes that are covered under the Colorado Capitated Behavioral Health Benefit under the Accountable Care Collaborative by HCPF and/or OBH. Category service descriptions are presented first and can also be found in [Appendix C](#).

### a. Prevention/Early Intervention Services

Prevention and Early Intervention Services include “screening and outreach to identify at-risk populations, proactive efforts to educate and empower Members to choose and maintain healthy life behaviors and lifestyles that promote mental and behavioral health. Services can be population-based, including proven media, written, peer, and group interventions, and are not restricted to face-to-face interventions.” Prevention and Early Intervention Services include:

- Mental health (MH) screenings
- Nurturing Parent Program
- Educational programs (safe and stable families)
- Senior workshops (common aging disorders)
- “Love and Logic” (healthy parenting skills)
- CASASTART (children at high risk for substance abuse (SA), delinquency, and academic failure)

*i. Substance Use Prevention Services*

Substance use prevention services are targeted towards individuals before they develop an alcohol and/or drug use disorder. Prevention programs promote constructive lifestyles and norms that discourage alcohol and/or drug usage.

*ii. Substance Use Intervention Services*

Substance use intervention services provide advice or counseling to individuals with minor or risky substance use disorders and are also used to encourage individuals with a serious dependence problem to seek or accept a more intensive treatment regimen. Brief interventions can be provided within a primary care setting or screeners can refer someone to a specialized alcohol and/or drug treatment program. An intervention is an activity used to assist patients with recognizing that substance use is putting them at risk and to encourage them to change their behavior in order to reduce or discontinue their substance use.

**b. Crisis Services**

Crisis/Emergency Services are “provided during a MH emergency, which involves unscheduled, immediate, or special interventions in response to a crisis with a patient, including associated laboratory services, as indicated.”

Services are designed to:

- Improve or minimize an acute crisis episode
- Assist the patient in maintaining or recovering his/her level of functioning (LOF) by providing immediate intervention and/or treatment in a location most appropriate to the needs of the patient and in the least restrictive environment available
- Prevent further exacerbation or deterioration and/or inpatient hospitalization, where possible
- Prevent injury to the patient and/or others

Stabilization is emphasized so that the patient can actively participate in needs assessment and treatment/service planning. Services are characterized by the need for highly coordinated services across a range of service systems. Crisis/Emergency Services are available on a 24-hour, 7-day a week basis.

*i. Psychotherapy for Crisis*

Psychotherapy for crisis is an urgent assessment and history of a crisis state, a mental status exam, and a disposition. The treatment includes psychotherapy, mobilization of resources to defuse the crisis and restore safety, and implementation of psychotherapeutic interventions to minimize the potential for psychological trauma. The presenting problem is typically life threatening or complex and requires immediate attention to a patient in high stress. 90839 and 90840 are used to report the total duration of direct contact with the patient and/or family spent by the physician or other qualified healthcare

professional providing psychotherapy for crisis, even if the time spent on that date is not continuous. For any period of time spent providing psychotherapy for crisis state, the provider must devote his or her full, attention to the patient and therefore, cannot provide services to another patient during the same time period. The patient must be present for all or some of the services.

### **c. Screening Services**

#### ***i. Behavioral Health Screening***

BH screening is provided to address the needs of those seeking BH treatment services (typically via telephone) in a timely manner. This brief assessment involves an initial appraisal of an individual's need for services. If there are sufficient indications of a MI and/or substance-related disorder, further diagnostic assessment is warranted to determine the individual's eligibility for admission to BH treatment services, as well as appropriate referrals and preliminary recommendations.

#### ***ii. Substance Use Screening***

Substance use screening can consist of two separate activities, depending upon its purpose. When used as a part of treatment, screening services are often performed through specimen collection to test for the presence of alcohol and/or drugs. Results are discussed with the patient during a Substance Use counseling session. Screening is also used to identify individuals whose substance use may put them at increased risk for health problems or other substance use related problems. Providers use a screening tool to obtain information about a patient's substance use behaviors, which assists providers in identifying people who may need further assessment of their substance use and related issues. Screenings often provide patients with personal feedback about their increased risks due to substance use and may identify problems that can prompt individuals to change their substance use behavior.

### **d. Assessment Services**

Assessment Services are the process, both initial and ongoing, of collecting and evaluating information about a patient for developing a profile on which to base treatment/service planning and referral (2 CCR 502-1, 190.1). An Assessment may also use a diagnostic tool to gather the information necessary in the Assessment Services process.

#### ***i. Diagnosis***

Codes with the *Diagnosis* subcategory refer to BH assessments evaluating a patient's medical, psychological, psychiatric, and/or social condition to determine the presence of and/or diagnose a MI and/or substance-related disorder, and to establish a treatment/service plan for all medically necessary BH treatment services.

## ***ii. Psychological Testing/Neuropsychological Testing***

Codes with the *Psychological Testing* subcategory refer to the assessment of a patient's cognitive and/or neuropsychological, intellectual, academic, behavioral, emotional and personality functioning for evaluation, diagnostic or therapeutic purposes, using standardized psychological tests and measures, including interpretation of results and report preparation. A Licensed Psychologist, or a Technician under the supervision of a Licensed Psychologist, administers psychological and/or neuropsychological testing. Testing includes the use of a wide range of reliable and valid, standardized, projective and objective measures for the assessment of personality, psychopathology, affect, behavior, intelligence, abilities and disabilities, etc. Individuals licensed, registered or regulated by the State must meet minimum professional preparation standards (i.e., education and experience) set forth in the Colorado Mental Health Practice Act (§ 12-43-228, CRS) to administer, score or interpret psychometric or electrodiagnostic testing:

- Standardized personnel selection, achievement, general aptitude or proficiency tests
- Tests of general intelligence, special aptitudes, temperament, values, interests and personality inventories
- Projective testing, neuropsychological testing, or a battery of three or more tests to determine the presence, nature, causation or extent of psychosis, dementia, amnesia, cognitive impairment, influence of deficits on competence, and ability to function adaptively; determine the etiology or causative factors contributing to psychological dysfunction, criminal behavior, vocational disability, neurocognitive dysfunction, or competence; or predict psychological response(s) to specific medical, surgical and behavioral interventions
- Staff performing the testing needs to meet the qualifications and training necessary to administer and interpret the results: generally, this includes licensed or unlicensed PhD/PsyD or interns in doctoral psychology programs.

## ***iii. Treatment/Service Planning***

Treatment/Service Planning is the formulation and implementation of an individualized, integrated, comprehensive written treatment/service plan designed with the purpose of promoting the patient's highest possible level of independent functioning and to reduce the likelihood of hospitalization/re-hospitalization or restrictive confinement (2 CCR 502-1, 21.190.4).

## e. Treatment Services

BH Treatment Services use a variety of methods for the treatment of mental disorders and behavioral disturbances, in an attempt to alleviate emotional disturbances, reverse, or change maladaptive patterns of behavior and encourage personality growth and development.

### i. *Psychotherapy*

Psychotherapy is the treatment of a MI and behavioral disturbances in which the physician or other qualified healthcare professional, through definitive therapeutic communication, attempts to alleviate the emotional disturbances, reverse or change maladaptive patterns of behavior, and encourage personality growth and development. Psychotherapy codes 90832-90838 include ongoing assessment and adjustment of psychotherapeutic intervention, and may include involvement of family member(s) or others in the treatment process. To report or bill Psychotherapy only, the appropriate procedure code is selected based on the direct time spent with the patient and/or family member. When evaluation and management (E/M) services are included with Psychotherapy, the appropriate procedure code is selected based on E/M criteria in addition to the above criteria for Psychotherapy. E/M services rendered in addition to psychotherapy may include:

- Physical examinations, medical diagnostic evaluations, and evaluation of comorbid medical conditions
- Medication management and evaluation of drug interactions
- Physician orders, interpretation of laboratory studies, and other medical diagnostic studies and observations

**Individual Psychotherapy** procedure codes are separated into two (2) broad categories:

- Interactive psychotherapy
- Insight-oriented, behavior-modifying and/or supportive psychotherapy

⊗ CPT states - The psychotherapy codes 90832-90838 include ongoing assessment and adjustment of psychotherapeutic interventions, and may include involvement of family member(s) or other in the treatment process

⊗ To report psychotherapy, choose the code closest to the actual time (i.e., 16-37 minutes for 90832, 38-52 minutes for 90834, and 53 or more minutes for 90837. Do not report psychotherapy for less than 16 minutes' duration.

**Group Psychotherapy** is “therapeutic contact facilitated by a qualified mental health professional (MHP) in a group setting with two (2) or more patients who are typically not family members. The MHP facilitates structured group interactions in an effort to change individual behavior of each person in the group and assist group members in meeting individual recovery goals.”

**Family Psychotherapy** is direct therapeutic contact with a patient and family member(s), or other person(s) significant to the patient, for improving patient-family functioning. Family Psychotherapy is appropriate when intervention in the family interactions would be expected to improve the patient’s emotional/behavioral disturbance. The primary purpose of family psychotherapy is the treatment of the patient.

**ii. Medication Management**

Psychiatric Services are “provided within the scope of practice of psychiatric medicine as defined by State law.”

Medication Management Services include the “monitoring of medications prescribed, and consultation provided to Members by a Physician or other Medical Practitioner authorized to prescribe medications as defined by State law, including associated laboratory services, as indicated.”

**iii. Substance Use Treatment Services**

Treatment services utilize a variety of methods to treat mental, behavioral, and substance use disorders. The goal is to alleviate emotional disturbances and reverse or change maladaptive patterns of behavior in order to encourage a patient’s personal growth and development. Treatment services often utilize assessments to formulate and implement an individualized comprehensive written treatment/service plan that is used to promote the patient’s highest possible level of independent functioning. Treatment can include relapse planning, information about the process of addiction, and assist patients to understand some of the underlying issues that lead them to use substances.

**iv. Rehabilitation Services**

“Rehabilitative services include any medical or remedial services recommended by a physician or other licensed practitioner of the healing arts, within the scope of his/her practice under State law, for maximum reduction of mental disability and restoration of a consumer to his/her best possible LOF (42 CFR 440.130(d)).”

**a. Clubhouse/Drop-In Center**

Clubhouses and Drop-In Centers provide “peer support services for people who have MIs.” In Clubhouses, “individuals (members) utilize their skills for clerical work, data input, meal preparation, providing resource information or reaching out to fellow members. Staff and

members work side by side, in a unique partnership.” In drop-in centers, “individuals with mental illnesses plan and conduct programs and activities in a club-like setting. There are planned activities and opportunities for individuals to interact with social groups.” The International Center for Clubhouse Development (ICCD) Clubhouse Model is recognized as an Evidenced-Based Practice by SAMHSA. ICCD Certified Clubhouse programs are identified as following the EBP.

**b. Community Psychiatric Support Treatment (CPST) Services**

CPST services coordinate and provide services and resources to patients and families necessary to promote recovery, rehabilitation, and resiliency. CPST services identify and address the barriers impeding the patient’s development of the skills necessary for independent functioning in the community, as well as the strengths, which may aid the patient and family in the recovery/resiliency processes. CPST services address patient and family goals for independent living.

**c. Psychosocial Rehabilitation (PSR) Services**

PSR Services are “an array of therapeutic services designed to help individuals with long-term psychiatric disabilities increase their functioning so that they are successful and satisfied in the environments of their choice with the least amount of ongoing professional intervention. These services are designed to capitalize on personal strengths, to develop coping strategies and skills to deal with deficits, and to develop a supportive environment in which to function as independently as possible. PSR Services are provided in clinic or community-based settings and include:

- Individual or group skill-building activities
- Development of problem-solving techniques
- Development of self-medication skills
- Activities to increase cognitive and psychosocial functioning
- Illness management strategies
- Wellness activities

**d. Assertive Community Treatment (ACT)**

ACT is “a service-delivery model that provides comprehensive, locally-based treatment to adults with SMIs. ACT Services are highly individualized and are available 24 hours a day, seven (7) days a week, 365 days a year, to patients who need significant assistance and support to overcome

the barriers and obstacles that confront them because of their mental illnesses. ACT teams provide:

- Case management
- Initial and ongoing mental health assessments
- Psychiatric services
- Employment and housing assistance
- Family support and education
- Substance Use services (individuals with co-occurring Substance Use/mental illness)

ACT models are built around a self-contained multi-disciplinary team (i.e., psychiatrist, SW, RN/APN/ RxN/ LPN/ LVN, etc.) that serves as the fixed point of responsibility for all patient care for a specific group of patients. In this approach, normally used with patients with the most serious and intractable symptoms of SPMI, the treatment team typically provides all patient services using a highly integrated approach to care. The treatment team delivers an integrated array of treatment, support and rehabilitation services to patients, with the majority of services being rendered in patients' own homes, work settings, or any other place in the community where support might be needed. Assessment and treatment/service planning are done in a collaborative manner, and result in a plan that is customized for each individual patient.

**v. Vocational Services**

Vocational Services are “services designed to assist adults and adolescents who are ineligible for State Vocational Rehabilitation services and require long-term services and supports in developing skills consistent with employment and/or in obtaining employment.” Vocational Services include:

- Skill and support development interventions
- Vocational assessment
- Job coaching

**vi. Intensive Treatment Services**

- a. **BH Day Treatment** is a non-residential treatment program designed for children and adolescents under the age of 21 who have emotional, behavioral, and neurobiological/ Substance Use (SA) problems and may be at high-risk for out-of-home placement. Day Treatment services include psychotherapy (family, group, individual); parent-patient education; skill and socialization training focused on improving functional and behavioral deficits, and intensive coordination with schools and/or other child service agencies.

b. **Intensive Outpatient Psychiatric (IOP)** Services for BH and SUD focus on maintaining and improving functional abilities for the patient through a time-limited, multi-faceted approach to treatment. A multidisciplinary treatment team renders services consisting of, but not limited to

- Individual, group and family psychotherapy
- Medication management and education
- Psychological assessment
- Therapeutic psycho-education
- Crisis intervention

IOP Services are based on a comprehensive and coordinated individualized and recovery-oriented treatment/service plan, involving the use of multiple concurrent services and treatment modalities. Treatment focuses on symptom reduction, safety reinforcement, promoting stability and independent living in the community, relapse prevention, restoration to a higher LOF, and reducing the need for a more acute level of care (LOC).

c. **Partial Hospitalization (PHP)** is a non-residential, medically directed treatment program for patients who require intensive, highly coordinated, structured, multi-modal ambulatory treatment within a stable therapeutic milieu. The use of PHP as a setting of care presumes that the patient does not currently meet medical necessity criteria for inpatient psychiatric treatment; at the same time, it implies that routine outpatient treatment is of insufficient intensity to meet the patient's present treatment needs. The patient requires a minimum of 20 hours/week of therapeutic services as evidenced in his/her treatment/service plan. The patient is likely to benefit from a coordinated program of services and requires more than isolated sessions of outpatient treatment. The patient has an adequate support system while not actively engaged in the program. The patient has a covered MH diagnosis, is not judged to be a danger to self/others, has the cognitive and emotional capacity to participate in the active treatment process and can tolerate the intensity of the PHP.

PHP entails programmatically-linked (i.e., a separate and distinct, identifiable, organized program representing a significant component within the continuum of comprehensive BH services) ambulatory treatment, which is prescribed, supervised and reviewed by a Psychiatrist, and provided at a properly licensed/certified facility by a multidisciplinary team of MHPs within their scope(s) of practice. PHP must be:

- Reasonable and necessary for the diagnosis and active treatment of a patient's MH condition (i.e., SMI/SPMI and/or co-occurring Substance-Related Disorder)
- Reasonably expected to improve or maintain the patient's condition and LOF

- Reasonably expected to prevent relapse or hospitalization

The treatment program of a PHP closely resembles that of a highly structured, short-term hospital inpatient program, with treatment at a more intensive level than outpatient day treatment or psychosocial rehabilitation. PHP services may include assessment; psychological testing; family, group and individual psychotherapy; medical and nursing support; medication management; skill development; psychosocial education and training; and expressive and activity therapies (42 CFR §§ 410.2, 410.10 and 410.43).<sup>15</sup>

- ⊗ **The procedure codes found in this section are also used for psychiatric services in PHP settings.**
- ⊗ **Treatment in an inpatient hospital setting should be reported or billed using the E/M procedure codes (99221 – 99233).**

#### *vii. Inpatient Services*

Inpatient Services are rendered in an Inpatient Hospital or Inpatient Psychiatric Facility, which is a program of medically structured and supervised psychiatric care in which the patient remains 24-hours a day in a facility licensed as a hospital by the State.

#### *viii. Targeted Case Management (TCM) Services*

The purpose of TCM is to assist individuals in gaining access to needed medical, social, educational, and other services. The primary goal of TCM is to optimize the functioning of recipients who have complex needs by coordinating the provision of quality treatment and support services in the most efficient and effective manner. See [Appendix E](#) for more information on TCM.

##### *a. Behavioral Health TCM Services*

BH TCM services are defined, per Colorado Medicaid State Plan Amendment, as services that assist individuals diagnosed with or being assessed for a mental health disorder in gaining access to medical, social, educational, and other services. BH TCM services may be provided by the following qualified providers:

- Advanced Practice Nurse (APN)
- Licensed Clinical Social Worker (LCSW)
- Licensed Professional Counselor (LPC)
- Licensed Marriage and Family Therapist (LMFT)
- Licensed Addiction Counselor (LAC)
- Psychologist, Psy.D/Ph.D.
- Physician/Psychiatrist
- Physician assistant (PA)

BH TCM services may also be provided in a licensed CMHC by practitioners working under the supervision of a qualified provider.

**b. Substance Use TCM Services**

Substance Use TCM Services are defined, per Colorado Medicaid State Plan Amendment, as services that assist individuals diagnosed with or being alcohol or drug dependent in gaining access to medical, social, educational, and other services. Substance Use TCM services must be provided by qualified provider that is a licensed health practitioner with a certification in addiction counseling or a licensed clinician.

- Licensed health practitioners include:
  - Advanced Practice Nurse (APN)
  - Physician/Psychiatrist
  - Physician assistant
- Licensed clinicians include:
  - Licensed Clinical Social Worker (LCSW)
  - Licensed Professional Counselor (LPC)
  - Licensed Marriage and Family Therapist (LMFT)
  - Licensed Addiction Counselor (LAC)
  - Licensed Psychologist, Psy.D/Ph.D.

Substance Use services may also be offered by practitioners working under the supervision of a qualified provider in facilities that have been licensed to provide SUD treatment by OBH.

**ix. Other Professional Services**

- a. **Psychoeducational Services** are an adjunct treatment modality that focus on educating patients, families and significant others in subject areas that support the goals of treatment, recovery and rehabilitation, specific to the patients' BH needs.
- b. **Biofeedback Training** involves monitoring a patient's bodily functions (i.e., blood pressure, heart rate, skin temperature, breathing rate, sweat gland activity and muscle tension) through the use of surface electrodes (sensors), which convey information (i.e., "feedback") to the patient in real-time. The patient is taught how certain thought processes, stimuli, and actions affect these physiological responses. The patient learns to recognize and manipulate these responses to control maladapted physiological functions, through relaxation and awareness techniques. Biofeedback Training requires specialized training on the part of the MHP and involves both assessment and treatment using biofeedback equipment.
- c. **Community-Based Wrap-Around Services** for children and adolescents utilizes a treatment team consisting of members determined by the family, often representing multiple agencies

and/or informal supports. The treatment team creates a highly individualized treatment/service plan for the child/adolescent that consists of BH treatment services, as well as other services and supports that are secured from, and funded by, other community agencies. The wrap-around plan is the result of a collaborative team planning process that focuses on the identified strengths, values, preferences, needs, strategies and outcomes of the child/youth and family and is developed in partnership with other community agencies. The individualized, community-based clinical interventions identified in the individualized treatment/service plan are delivered as an alternative or adjunct to traditional BH treatment services.

- d. **Multi-Systemic Therapy (MST)** is an intensive family- and community-based treatment targeting chronic, violent or substance abusing juvenile offenders at high risk of out-of-home placement and their families. MST strives to promote behavior change in the youth's natural environment, using the strengths of the systems with which the youth is involved (e.g., family, peers, school, neighborhood, indigenous support network) to facilitate change. Within a context of support and skill building, the MHP places developmentally appropriate demands on the adolescent and family for responsible behavior. Intervention strategies include strategic/structural family therapy (SFT), behavioral parent training, and cognitive behavior therapies (CBTs). A home-based model of service delivery aids in overcoming barriers to service access, increasing family retention in treatment, allowing for the provision of intensive services (i.e., MHPs have low caseloads), and enhancing the maintenance of treatment gains. The primary goals of MST are to reduce anti-social behavior, reduce out-of-home placement, and empower families to resolve future difficulties. The usual duration of MST treatment is approximately four (4) months.

#### **f. Evaluation and Management (E/M) Services**

E/M codes are covered by the RAEs when they are billed in conjunction with a psychotherapy add-on or when used for the purposes of medication management with minimal psychotherapy provided by a prescriber from the RAE network. The E/M codes were introduced in the 1992 update to the fourth edition of Physicians' CPT. These codes cover a broad range of services for patients in both inpatient and outpatient settings. They are generic in the sense that they are intended to be used by all physicians, nurse-practitioners, and physician assistants and to be used in primary and specialty care alike. In 1995, 1997, and in 2021 the Health Care Financing Administration (now CMS) published documentation guidelines to support the selection of appropriate E/M codes for services provided to Medicare beneficiaries. **Please refer to the CMS website for the 1995, 1997, and 2021 versions.**

#### **DEFINITIONS:**

**New patient/patient:** A new patient/patient is defined as one who has not received any professional services from the prescriber or another prescriber of the exact same specialty and subspecialty who belongs to the same group within the past 3 years.

**Established patient/patient:** An established patient/patient is one who has received professional services from the prescriber or another prescriber of the exact same specialty and subspecialty who belongs to the same group within the past 3 years.

In the instance where a prescriber is on-call covering for another prescriber, the patient's/patient's service will be classified as it would have been by the prescriber who is not available. When advanced practice nurses and physician assistants are working with physicians, they are considered as working in the exact same specialty and exact same subspecialties as the physician.

**There is no distinction made between new and established patients in the emergency department.**

*i. Consultation Services*

Consultation services are services rendered by a physician whose opinion or advice is requested by another appropriate practitioner (e.g., treating physician or other qualified health care professional) for the further E/M of the patient. A Consultation includes a report of findings, opinion and advice or recommendations that is provided to the referring provider for his/her use in the treatment of the patient. A consultant interviews and examines the patient and may initiate diagnostic and/or therapeutic services. While the consultant has a wide degree of latitude in providing services, he/she does not typically assume care or provide treatment/service plans. When more than 50% of the consultant's time is spent in providing counseling,<sup>16</sup> coordination of care or both, the service is coded based upon the length of time spent with the patient and/or family.<sup>17</sup>

*ii. Medical Team Conference*

Medical Team Conference is a collaboration of at least three (3) qualified MHPs from different specialties/disciplines who are actively involved in the development, revision, coordination, and implementation of BH services for the patient. Individuals do not report these procedure codes when their participation in the conference is part of a service that is contractually provide by the organizational or facility provider.<sup>18</sup>

**g. Residential Services**

Residential Services are any type of 24-hour care, excluding room and board, provided in a non-hospital, non-nursing home (NH) setting, where the Contractor provides supervision in a therapeutic environment. Residential Services are appropriate for children, youth, adults and older adults whose MH issues and symptoms are severe

enough to require a 24-hour structured program, but do not require hospitalization.” Clinical interventions provided in residential settings include:

- Assessment and monitoring of mental and physical health status
- Assessment and monitoring of safety, including suicidal ideation and other BH issues
- Assessment of level and quality of social interactions
- Assessment of/support for motivation for treatment
- Assessment of ability to provide for daily living needs
- Observation and assessment of group interactions
- Behavioral interventions to build effective social behaviors and coping strategies
- Behavioral interventions to reduce social withdrawal and inappropriate behavior or thought processes
- Individual psychotherapy
- Group psychotherapy
- Family psychotherapy
- Medication management

OBH allows for all services identified above. In addition, OBH provides for room and board for the “indigent population.” In order for room and board services to be provided, all contractual indigent criteria must be met. Residential treatment services for children and youth in the custody of the CDHS—Division of Child Welfare or the Division of Youth Services who are placed by those agencies into either a Psychiatric Residential Treatment Facility (as defined in C.R.S. 25.5-4-103) or a Residential Child Care Facility (as defined in C.R.S. 26-6-102) are not covered under the capitated BH benefit.

*i. Supported Housing*

Supported Housing is a specific program model in which a patient lives in a house, apartment, or similar setting, alone or with others, and has considerable responsibility for residential maintenance but receives periodic visits from BH provider(s) or family for the purpose of monitoring and/or assisting with residential responsibilities. Criteria identified for supported housing include affordability, right to tenure, service choice, individualization and availability, Integration (with persons who do not have mental illness), and functional separation of housing from service provision.

*ii. Alternative Care Facility (ACF)*

An ACF is an assisted living residence (ALR) certified by HCPF to receive Medicaid reimbursement for the services provided by the facility (10 CCR 2505-10, 8.495.1).

*iii. Assisted Living Residence (ALR)*

An ALR is a residential facility that makes available to three (3) or more adults not related to the owner of such facility, either directly or indirectly through a resident agreement with the resident, room and board and at least the following services:

- Personal services
- Protective oversight
- Social care due to impaired capacity to live independently
- Regular supervision that is available on a 24-hour basis, but not to the extent that regular 24-hour medical or nursing care is required (6 CCR 1011-1, 7.1.102(6)(a)).

**iv. Group Home**

A Group Home is a 24-hour facility that provides BH treatment for extended periods. Group Homes are licensed by the Colorado Department of Public Health and Environment (CDPHE) as personal care boarding homes, are associated with a CMHC, and are approved by OBH as residential treatment facilities (RTF).

**v. Psychiatric Residential Treatment Center (PRTC)**

A PRTC is a licensed Residential Child Care Facility (RCCF) (§ 26-6-102(33), CRS), which is a facility other than a hospital that provides inpatient psychiatric services for patients under age 21, under the direction of a physician licensed by the State Board of Medical Examiners, in a residential setting. PRTCs must be accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), the Commission on Accreditation of Rehabilitation Facilities (CARF) or the Council on Accreditation of Services for Families and Children (COA), and have a current provider agreement with HCPF (§ 25.5-4-103(19.5), CRS., 10 CCR 2505-10, 8.765.1, and 12 CCR 2509-8, 7.701.2).

**vi. Residential Treatment Facility (RTF)**

An RTF is an ALR for adults with SPMI that is operated and maintained for no more than 16 residents, and provides treatment commensurate to the residents’ psychiatric needs. Individuals are often admitted for medication management and the need for protective oversight and supervision. RTFs are operated by CMHCs and licensed by CDPHE. RTFs provide the following services on a 24-hour basis:

- Personal services, including a physically safe environment, regular supervision, assistance with activities of daily living (ADLs) (e.g., medication administration, laundry, recreational activities, transportation arrangements)
- Protective oversight, including monitoring needs to ensure residents receive services and care necessary to protect their health, well-being and safety (6 CCR 1011-1, 7.1.102(6)(b)).

**vii. Residential Child Care Facility (RCCF)**

An RCCF is a facility licensed by the state department to provide twenty-four-hour group care and treatment for five or more children operated under private, public, or nonprofit sponsorship. "Residential child care facility" includes community-based residential child care facilities, qualified residential treatment programs (QRTPs), as defined in section 26-5.4-102 (2), shelter facilities, ...and psychiatric residential treatment facilities (identified as Place of Service “[56] PRTC” by CMS) as defined

in section 25.5-4-103 (19.5). A residential child care facility may be eligible for designation by the executive director of the state department pursuant to article 65 of title 27.

**viii. Acute Treatment Unit (ATU)**

An ATU provides short-term psychiatric care (an average of three to seven days, but generally no longer than 30 days) to persons (age 18 and over) who do not require inpatient hospitalization but need intense and individualized services, such as crisis management and stabilization. ATUs provide 24-hour care in a therapeutically planned and professionally staffed environment consisting of a locked unit serving a maximum of 16 persons (§§ 25-3-100.5(1), 27-1-201(1), and 27-10-102(1), CRS; 6 CCR 1011-1, 7-1.102(1), (20)). ATUs are licensed by CDPHE, Health Facilities and Emergency Medical Services Division, and granted a “27-65” designation by CDHS, OBH (§ 25-1.5-103(1)(a), CRS; § 27-10-101, *et seq* and 2 CCR 502-1).

**ix. Residential Substance Abuse Treatment Facility (RSATF)**

A RSATF is a facility licensed by OBH based on the American Society of Addiction Medicine (ASAM) Criteria which provides treatment for substance (alcohol and drug) abuse to live-in residents. Services rendered at these facilities are reimbursed with a per diem rate. The per diem rate is intended to cover all services provided. There may be unique situations in which additional services are offered and could be billed separately. These allowances are at the discretion of the member’s RAE. Room and board is not included in the per diem rate in RSATFs and should be billed to OBH or their designee. When inpatient substance use disorder services are rendered in a hospital and billed using a revenue code, room and board is included in reimbursement. For more details please see the coding pages that reflect the covered residential benefit effective Jan 1, 2021. The following ASAM levels of care are Medicaid covered services:

Treatment Services:

- Level 1 - Outpatient Services
- Level 2.1 - Intensive Outpatient Services
- Level 3.1 - Clinically Managed Low-Intensity Residential Services
- Level 3.3 - Clinically Managed Population-Specific High-Intensity Residential Services
- Level 3.5 - Clinically Managed High-Intensity Residential Services
- Level 3.7 - Medically Monitored Intensive Inpatient Services

Withdrawal Management Services:

- Level 3.2 WM - Clinically Managed Residential Withdrawal Management
- Level 3.7 WM – Medically Monitored Inpatient Withdrawal Management

More information about each ASAM Level of Care can be found at the following link:

<https://www.asamcontinuum.org/knowledgebase/what-are-the-asam-levels-of-care>.

#### **x. Room and Board**

Room and Board Services are provided to patients residing in a facility. Patients must reside in the facility for at least 24 hours while they are provided with lodging and meals.

#### **h. Respite Care Services**

Respite Care Services are Temporary or short-term care of a child, adolescent or adult provided by adults other than the birth parents, foster parents, adoptive parents, family members or caregivers with whom the Member normally resides, designed to give the usual caregivers some time away from the Member to allow them to emotionally recharge and become better prepared to handle the normal day-to-day challenges.” This service acknowledges that, while the services of primary caregivers may keep a patient out of more intensive levels of care (i.e., inpatient hospital), there are occasional needs to substitute for these caregivers. Respite Care Services may be rendered when:

- The patient’s primary caregivers are unable to provide the necessary illness-management support and thus the patient is in need of additional support or relief
- The patient and his/her primary caregivers experience the need for therapeutic relief from the stresses of their mutual cohabitation
- The patient is experiencing a behavioral crisis and needs structured, short-term support
- Relief care giving is necessitated by unavoidable circumstances, such as a family emergency

#### **i. Peer Support/Recovery Services**

Peer Support/Recovery Services are “designed to provide choices and opportunities for adults with SMIs, youth with SEDs, or individuals with SUDs. Recovery-oriented services promote self-management of psychiatric symptoms, relapse prevention, treatment choices, mutual support, enrichment, and rights protection. Peer Support/Recovery Services also provide social supports and a lifeline for individuals who have difficulties developing and maintaining relationships. These services can be provided at schools, churches or other community locations. Most recovery services are provided by BH peers or family members, whose qualifications are having a diagnosis of MI or substance use or being a family member of a person with MI and/or substance use.” Peer Support/Recovery Services include:

- Peer counseling and support services
- Peer-run drop-in centers
- Peer-run employment services
- Peer mentoring for children and adolescents
- Bipolar Education and Skills Training (BEST) courses
- National Alliance on Mental Illness (NAMI) courses
- Wellness Recovery Action Plan (WRAP) groups

- Patient and family support groups
- Warm lines
- Advocacy services

## j. Support Services

Support Services are not clinical but help facilitate a psychotherapy encounter and include such supports as child care for a member receiving clinical care, Non-Emergent Medical Transportation (NEMT), and sign language services.

## VIII. Procedure Code Page Outline

Individual procedure code pages listed in numerical and alphanumeric order. See a template/sample of a coding page at the beginning of the coding page section. Each procedure code page uses the following outline structure:

- **CPT®/HCPCS Procedure Code** – The 5-digit numeric CPT® or alphanumeric HCPCS code used to identify, report and/or bill the specific service or procedure rendered.
- **Procedure Code Description** – A brief narrative description of the procedure code based on the definitions from the *2009 Coders' Desk Reference for Procedures*<sup>19</sup> and/or the CMS.<sup>20</sup>
- **Usage** – Identification of whether the service is used by Medicaid and/or OBH.
- **Service Description** – A brief narrative of the common or generally accepted method(s) of accomplishing the procedure or service indicated by the procedure code description.
- **Minimum Documentation Requirements** – The essential elements that are required in the clinical record to support the service or procedure rendered. These are listed on the individual code pages and under the below section titled **Technical Documentation Requirements**.<sup>21</sup>
- **Notes** – Additional descriptive information regarding the procedure code or service.
- **Example Activities** – As available, examples of activities that may be reported and/or billed utilizing the specific procedure code. (**Note:** Examples are not all-inclusive.)
- **Applicable Population(s)** – Any limitations on the use of the procedure code or service based on age.<sup>22</sup>
- **Unit** – The amount of time for a time-based procedure code (i.e., per 15 minutes, per hour, per diem, per month), or the number of occurrences (i.e., session, encounter) for a non-time-based procedure code, which is spent with the patient.
- **Duration** – The minimum and maximum time allowed for the service or procedure, as applicable.<sup>23</sup> For encounter-based procedure codes, the minimum and maximum time allowed should be considered general guidance, unless otherwise specified in the procedure code description.

- **Allowed Mode(s) of Delivery** – The modalities in which the service or procedure may be rendered. The appropriate modifiers, if applicable, are identified in parentheses.
- **Program Service Category(ies)** – The Medicaid State Plan and/or 1915(b)(3) Waiver category(ies) in which the service or procedure may be reported.<sup>24</sup>
- **Staff Requirements** – The staff credentials allowed to render the service or procedure, unless specifically restricted by the procedure code description.<sup>25</sup> The appropriate modifiers, if applicable, are identified in parentheses.
- **Place of Service (POS)** – The actual place(s) or location(s) where the procedure code or service may be rendered. For example, a CMHC outpatient clinic is POS 53, while a CMHC residential facility might be POS 56 (depending on facility type and level of care).<sup>26</sup> The appropriate POS codes are identified in parentheses. *PLEASE NOTE: effective 1/1/2021 POS Telehealth (02) was removed from all coding pages to align with our expanded benefit detailed in Section II.c. This code should always be used when a service is provided via telemedicine even though it is not listed on the coding page.*

## IX. Time Documentation Rules/Standards

When documenting, reporting and/or billing CPT® or HCPCS procedure codes, the units of service should be consistent with the time component defined in the procedure code description. CPT® and HCPCS procedure codes include both “timed” and “untimed” procedure codes.

- “Timed” procedure codes specify a direct time increment in the procedure code description. The direct time component is only that time spent with the patient and/or family in a billable activity. Non-direct time (i.e., pre- and post-encounter time, drive time with the member to an encounter, etc.) is not included in the calculation of the time component. Examples of time-specific services are psychological testing (1 hour), psychotherapy (from 20 – 30 minutes up to 70 – 80 minutes), and case management (15 minutes).<sup>27</sup>
- “Untimed” procedure codes do not include specific direct time increments in the procedure code description. These procedure codes represent a service or procedure without regard to the length of the encounter. If there is no designated time in the procedure code description, the procedure code is reported or billed as one (1) unit (i.e., session, encounter),<sup>28</sup> regardless of the number of minutes spent rendering the service. Examples of “untimed” services are psychiatric diagnostic interview exam, medication management, and outreach.
- A unit of time is attained when the mid-point is passed. For example, an hour is attained when 31 minutes have elapsed (more than midway between zero and sixty minutes). A second hour is attained when a total of 91 minutes have elapsed.

### a. Fifteen (15) Minute Time-Based Procedure Codes

Some CPT® and HCPCS procedure codes specify that the direct time spent in patient contact is 15 minutes. The provider reports or bills these procedure codes with the appropriate number of 15-minute units of service using the following time intervals:

Determining Billing Units for 15 Minute Timed Procedure Codes	
# of 15 Minute Units	Duration
1 unit	Greater than or equal to ( $\geq$ ) 8 minutes and less than ( $<$ ) 23 minutes*
2 units	$\geq$ 23 minutes to $<$ 38 minutes
3 units	$\geq$ 38 minutes to $<$ 53 minutes
4 units	$\geq$ 53 minutes to $<$ 68 minutes
5 units	$\geq$ 68 minutes to $<$ 83 minutes
6 units	$\geq$ 83 minutes to $<$ 98 minutes
7 units	$\geq$ 98 minutes to $<$ 113 minutes
8 units	$\geq$ 113 minutes to $<$ 127 minutes

The pattern continues in the same way for service times in excess of two (2) hours. For all services, providers should not report or bill services rendered for less than eight (8) minutes. For case management services (T1017 and H0006) providers may *not* bill services rendered for less than eight (8) minutes, however bundling of these services is acceptable.

While the above table provides guidance in rounding time into 15-minute increments, it does not imply that any minute until the eighth should be excluded from the total count. The time of direct treatment includes all time spent in patient contact. The start and end time of the treatment service should be routinely documented in the patient's clinical record as part of the progress note.<sup>29</sup>

### b. One-Hour Time-Based Procedure Codes

Some CPT and HCPCS procedure codes specify that the direct time spent in patient contact is 1 hour. The provider reports or bills these procedure codes with the appropriate number of 1-hour units of service using the example time intervals given in the table below. The pattern continues in this manner.

Determining Billing Units for 1-Hour or 60 Minutes Timed Procedure Codes	
# of 60 Minute Units	Duration
1 unit	Greater than or equal to ( $\geq$ ) 31 minutes and less than ( $<$ ) 91 minutes*
2 units	$\geq$ 91 minutes to $<$ 151 minutes
3 units	$\geq$ 151 minutes to $<$ 211 minutes

4 units	≥ 211 minutes to < 271 minutes
5 units	≥ 271 minutes to < 331 minutes
6 units	≥ 331 minutes to < 391 minutes
7 units	≥ 391 minutes to < 451 minutes

### c. Time-Based Encounter Procedure Codes

Some CPT® and HCPCS procedure codes are reported as encounters (1 unit), but also specify an approximate amount of direct time in the procedure code description. For example, the CPT® procedure codes 90832 – 90838 for individual psychotherapy state “approximately ‘x’ minutes direct contact with the patient.” HCPCS procedure codes G0176 – G0177 for partial hospitalization program (PHP) activity therapy and training and education services parenthetically state “45 minutes or more.” Encounters (i.e., sessions) of less than 45 minutes should be reported or billed with modifier 52 (Reduced Service) to indicate that the service is reduced or less extensive than the usual procedure.<sup>30</sup> The actual start and stop time or the total amount of time (i.e., duration) spent with a patient must be documented to support coding for encounters based on time.<sup>31</sup>

### d. Consultation Services

Consultation Services are distinguished from other E/M services because a Physician or qualified Non-Physician Practitioner (NPP) is requested to advise or opine regarding E/M of a specific patient by another Physician or other appropriate source. Consultations may be reported or billed based on time if the counseling and/or coordination of care comprise more than 50% of the direct consultant-patient encounter.<sup>32</sup> (Refer to Section IV.C.)

### e. Missed Appointments

There are no procedure codes for Missed Appointments (i.e., cancellations and/or “no shows”). A Missed Appointment is a “non-service” and is not reimbursable or reportable. Per state and federal guidelines, Medicaid patients **cannot** be charged for missed appointments. From a risk management perspective, however, Missed Appointments should be documented in the clinical record.<sup>33</sup>

## X. Procedure Coding and Documentation

### a. Coding

Coding consistency is a major initiative in the quest to improve quality reporting and accurate claims submission for BH services. Adherence to industry standards and approved coding principles ensure quality along with consistency in the reporting of these services. Ensuring accuracy of coding is a shared responsibility among all BH practitioners.

## b. Responsibility for Code Assignments

The ultimate responsibility for procedure code assignment lies with the rendering BH services provider. Policies and procedures may document instances where procedure codes may be selected and assigned by authorized individuals (i.e., coders), who may change a procedure code to more accurately reflect the provider's documentation. However, collaboration with the provider is required, as the provider is ultimately responsible for the coding and documentation.

## c. Technical Documentation Requirements

Where noted in the code pages, the following are required as minimum documentation for providing that service:

1. Date of Service (DOS)
2. Start and end time/duration of session (total direct contact time with patient)
3. Session setting/place of service
4. Mode of treatment
5. Provider's dated signature and relevant qualifying credential. A title should be included where no credential is held.
6. Separate progress note for each service

## XI. General Billing Guidelines

Billing and reimbursement are important issues for all providers. Providers are responsible for submitting the required information for claims processing. This section is designed to assist providers with the essential steps to obtain Medicaid reimbursement. Covered topics include types of claims, completing claims forms, submitting claims, billing tips, procedure coding errors, and diagnosis coding.

HCPF contracts with RAEs under a capitated system of care. This section outlines general billing guidelines for the Colorado Medicaid Community Mental Health Services Program (through the RAEs). For complete billing guidelines, refer to the following resources:

Colorado Regional Accountable Entities (RAEs)		
Region 1	Rocky Mountain Health Plans	<a href="https://www.rmhpcommunity.org/">https://www.rmhpcommunity.org/</a>
Region 2	Northeast Health Partners	<a href="https://www.northeasthealthpartners.org/">https://www.northeasthealthpartners.org/</a>
Region 3	Colorado Access	<a href="http://www.coaccess.com">http://www.coaccess.com</a>
Region 4	Health Colorado, Inc.	<a href="https://www.healthcoloradorae.com/">https://www.healthcoloradorae.com/</a>
Region 5	Colorado Access	<a href="http://www.coaccess.com">http://www.coaccess.com</a>
Region 6	Colorado Community Health Alliance	<a href="http://www.cchacares.com">http://www.cchacares.com</a>

Region 7	Colorado Community Health Alliance	<a href="http://www.cchacares.com">http://www.cchacares.com</a>
----------	------------------------------------	---

## a. Claim Types

All claims for services must be submitted in an approved claim format. The two (2) approved claim formats are:

- UB-04/837I – The standard uniform bill (UB) for institutional healthcare providers (i.e., hospitals, nursing homes (NHs), hospice, home health agencies, and other institutional providers) used nationally. (Also known as CMS-1450; formerly known as UB-92.) The UB-04 is used for all institutional provider billing with the exception of the professional component of physicians services (see CO-1500 below). 837I is the electronic equivalent of the UB-04, and is subject to all HIPAA standards (transactions, privacy and security).
- CO-1500/837P – The standard claim form for professional health services. (Formerly known as CMS-1500 or HCFA-1500.) The 1500 claim form was developed primarily for outpatient services.

### i. Institutional Claims

Institutional claims are submitted on the UB-04 paper or electronic 837I claim form. The following provider types use the UB-04/837I claim form:

- Inpatient Hospital
- Nursing Facility (NF)
- Home Health/Private Duty Nursing
- Hospice
- Residential Treatment Center (RTC)
- Dialysis Center
- Outpatient Hospital
- Outpatient Laboratory
- Hospital-Based Transportation
- Rural Health Clinic
- Federally Qualified Health Center (FQHC)<sup>34</sup>

Providers bill the appropriate RAE for the Medicaid BH services rendered. For detailed instructions on completing the UB-04, refer to the [Colorado MAP Billing Manuals](#);<sup>35</sup> the 837I Transaction Data Guide; the 837I Implementation Guide or the Web Portal User Guide; and/or the appropriate RAE provider manual.

### ii. Professional Claims

Professional claims are submitted on a paper CMS-1500 claim form or in the electronic 837 Professional 4010A1 (837P) format. Paper CMS-1500 forms must be submitted using the scanned, red ink version.

The following services are billed on the CO-1500/837P claim format:

- Practitioner Services
- Independent Laboratory Services
- Durable Medical Equipment and Supplies (DME)
- Non-Hospital Based Transportation
- Home and Community-Based Services (HCBS)

Providers bill the appropriate RAE for the Medicaid BH services rendered. For detailed instructions on completing the CMS-1500, refer to the [Colorado MAP Billing Manuals](#);<sup>xxxvi</sup> the National Uniform Claim Committee (NUCC) *1500 Claim Form Map to the X12 837 Health Care Claim: Professional*;<sup>xxxvii</sup> the 837P Transaction Data Guide; the 837P Implementation Guide or the Web Portal User Guide; and/or the appropriate RAE provider manual.

Medicaid allows the use of the revenue codes listed in Appendix I (in addition to those represented in [Appendix Q-Revenue Codes](#) in the Appendices section under Billing Manuals on the HCPF website) under the Capitated Behavioral Health Benefit Administered Under The Accountable Care Collaborative.

## **b. Colorado HCPF Procedure Code Revisions**

Submit any suggestions to add, delete or change the Colorado Capitated Behavioral Health Benefit administered under the Accountable Care Collaborative to your RAE(s).

## Coding Pages

Below is a template of a coding page that shows the details/options of information that belong in each box. For additional explanations see section VIII. Procedure Code Page Outline in this manual.

ASSESSMENT		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
90792	Psychiatric diagnostic evaluation with medical services	<input checked="" type="checkbox"/> Medicaid
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
<p>Psychiatric diagnostic evaluation is an integrated biophysical and medical assessment, including history, mental status, other physical examination elements as indicated, and recommendations. The evaluation may include communication with family or other sources, prescription of medications, and review and ordering of laboratory or other diagnostic studies.</p> <p>In certain circumstances one or more other informants (family members, guardians, or significant others) may be seen in lieu of the patient.</p> <p><b>* This code is for Prescribers (or prescriber interns) only.</b></p>	<p><b>Technical Documentation Requirements</b> See Section X</p> <p><b>Service Content</b></p> <ol style="list-style-type: none"> <li>1. The reason for the visit. What was the intended goal or agenda? Chief complaint/presenting concern(s) or problem(s)</li> <li>2. Referral source</li> <li>3. Psychiatric diagnostic interview examination elements</li> <li>4. Review of medical and medication history, psychosocial, family, and treatment history</li> <li>5. mental status exam</li> <li>6. Diagnostic formulation</li> <li>7. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties and disposition</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
<p>Codes 90792 may be reported more than once for the patient, but not on the same day by the same provider when separate diagnostic evaluations are conducted with the patient and other informants. Report services as being provided to the patient and not the informant or other party in such circumstances. Codes 90792 may be reported once per day and not on the same day as an evaluation and management service performed by the same provider for the same patient. The psychiatric diagnostic evaluation may include interactive complexity services (90785 – add-on code) when factors exist that complicate the delivery of the psychiatric procedure. 90792 is used for assessment(s) and re-assessment (s), if required, and do not include psychotherapeutic services. Psychotherapy services may not be reported on the same day. Psychotherapy provided to a patient in crisis state is reported with the appropriate crisis code (H2011, 90839-90840). 90839-90840 cannot be billed on the same day as 90792.</p>	<p>Prescriber evaluation to gather medical and medication history, psychosocial history, presenting concerns, determine diagnosis/diagnoses, baseline level of functioning, determine appropriate level of care or treatment needs and make necessary referrals or open to treatment.</p>

NOTES	EXAMPLE ACTIVITIES	
Incidental telephone conversations and consultations are not reportable as psychotherapy.  If psychotherapy is provided by a prescriber with an evaluation and management services, use the appropriate psychotherapy add-on code. All providers, licensed or unlicensed, are required to practice psychotherapy only within their areas of competency, in accordance with State rules and regulations.  Psychotherapy provided to a patient in crisis state is reported with the appropriate crisis code (H2011, 90839-90840). 90839-90840 cannot be billed in addition to psychotherapy by the same health care professional on the same day.  Use add-on code 90785 for interactive complexity as appropriate.

NOTES	EXAMPLE ACTIVITIES	
Incidental telephone conversations and consultations are not reportable as psychotherapy.  If psychotherapy is provided by a prescriber with an evaluation and management services, use the appropriate psychotherapy add-on code. All providers, licensed or unlicensed, are required to practice psychotherapy only within their areas of competency, in accordance with State rules and regulations.  Psychotherapy provided to a patient in crisis state is reported with the appropriate crisis code (H2011, 90839-90840). 90839-90840 cannot be billed in addition to psychotherapy by the same health care professional on the same day.  Use add-on code 90785 for interactive complexity as appropriate.

TREATMENT		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
90875	Individual psychophysiological therapy incorporating biofeedback training by any modality, with psychotherapy (e.g., insight-oriented, behavior modifying or supportive psychotherapy); approximately 30 minutes	<input checked="" type="checkbox"/> Medicaid
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
The MHP renders individual psychophysiological therapy by utilizing biofeedback training combined with psychotherapy (i.e., supportive interactions, suggestion, persuasion, reality discussions, re-education, behavior modification techniques, and reassurance) to modify behavior.	<b>Technical Documentation Requirements</b> See Section X <b>Service Content</b> <ol style="list-style-type: none"> <li>1. The reason for the visit. What was the intended goal or agenda? How does the service relate to the treatment/service plan?</li> <li>2. Description of the service provided</li> <li>3. The therapeutic intervention(s) utilized and the individual's response to the intervention(s). Include biofeedback interventions</li> <li>4. How did the service impact the individual's progress towards goals/objectives?</li> <li>5. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
Biofeedback training may not be suitable for some patients, including those with a pacemaker/other implantable electrical devices; those who wish to gain insight into their symptoms (biofeedback focuses on behavioral change); those with cognitive impairments (e.g., organic brain disease/TBI), depending on levels of functioning; those with specific pain symptoms of unknown origin.

TREATMENT		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
90875	Individual psychophysiological therapy incorporating biofeedback training by any modality, with psychotherapy (e.g., insight-oriented, behavior modifying or supportive psychotherapy); approximately 30 minutes	<input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
The MHP renders individual psychophysiological therapy by utilizing biofeedback training combined with psychotherapy (i.e., supportive interactions, suggestion, persuasion, reality discussions, re-education, behavior modification techniques, and reassurance) to modify behavior.	<b>Technical Documentation Requirements</b> See Section X <b>Service Content</b> <ol style="list-style-type: none"> <li>1. The reason for the visit. What was the intended goal or agenda? How does the service relate to the treatment/service plan?</li> <li>2. Description of the service provided</li> <li>3. The therapeutic intervention(s) utilized and the individual's response to the intervention(s). Include biofeedback interventions</li> <li>4. How did the service impact the individual's progress towards goals/objectives?</li> <li>5. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
Biofeedback training may not be suitable for some patients, including those with a pacemaker/other implantable electrical devices; those who wish to gain insight into their symptoms (biofeedback focuses on behavioral change); those with cognitive impairments (e.g., organic brain disease/TBI), depending on levels of functioning; those with specific pain symptoms of unknown origin.

ASSESSMENT		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
90887	Interpretation or explanation of results of psychiatric, other medical examinations and procedures, or other accumulated data to family or other responsible persons, or advising them how to assist patient	<input checked="" type="checkbox"/> Medicaid
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
The treatment of the patient requires explanation(s) to the family, employer(s), or other involved persons to obtain their support and/or participation in the therapy/treatment process. The provider interprets the results of any psychiatric and medical examinations and procedures, as well as any other pertinent recorded data, and spends time explaining the patient's condition. Advice is also given as to how the family and other involved persons can best assist the patient.	<b>Technical Documentation Requirements</b> See Section X <b>Service Content</b> 1. The reason for the visit/call. What was the intended goal or agenda? How does the service relate to the treatment/service plan? What is the clinical need for specific testing? 2. Description of the service provided and patient response 3. Summary of test results, interpretation of test results, discussion with individual about results 4. Treatment recommendations	
NOTES	EXAMPLE ACTIVITIES	
If interpretation or explanation of psychological testing results are performed by an intern, they must be supervised by a licensed psychologist. The interpretation or explanation of results is under the licensed psychologist's direction, but his/her presence is not required during the actual service. The services provided for procedure code 90887 are considered separate and distinct from the work involved in psychotherapy (see psychotherapy procedure codes) as they have to do with explaining results of testing or an exam to family or other responsible person	<ul style="list-style-type: none"> <li>• Interpretation of results of exam or testing</li> <li>• Discussion regarding results of exam or testing</li> <li>• Di253</li> <li>• Discussion of assistance family members can give patient</li> </ul>

CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
96130	Psychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report and interactive feedback to patient, family member(s) or caregiver(s), when performed; <b>first hour</b>	<input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
Interpret tests; integrate patient data; make clinical decision; diagnosis and/or create treatment planning; provide interactive feedback, when performed; and create report.	<b>Technical Documentation Requirements</b> See Section X <b>Service Content</b> 1. The reason for the visit. 2. What was the intended goal or agenda? 3. What is the clinical need for specific testing? 4. Description of the service (Specific test(s)administered) 5. Mental Status Exam 6. Summary of test results 7. Treatment recommendations	
NOTES	EXAMPLE ACTIVITIES	
If psychological testing services are performed by an intern, services must be supervised and at the direction of a licensed psychologist, even though his/her presence is not required during intern administration. The licensed psychologist ensures that the testing environment offers adequate privacy and confidentiality and maximizes the examinee's performance. An NP, CNS or PA may perform diagnostic psychological and neuropsychological tests under their scope of practice.	<ul style="list-style-type: none"> <li>Psychological testing can be helpful when treatment interventions are ineffective and there is a need to learn more about a patient's level of functioning, personality, emotional or cognitive abilities.</li> <li>Psychological testing can help clarify a patient's diagnosis/diagnoses, interpersonal dynamics, and relative strengths and weaknesses to target through treatment.</li> </ul>

CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
96372	Therapeutic, prophylactic, or diagnostic injection (specify substance or drug) subcutaneous or intramuscular	<input checked="" type="checkbox"/> Medicaid
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
A therapeutic, prophylactic/diagnostic injection for the administration of medications. Written physician order (required) Actual injectable medication reported/billed separately.	<b>Technical Documentation Requirements</b> See Section X <b>Service Content</b> <ol style="list-style-type: none"> <li>1. Documentation supports injection of medication ordered</li> <li>2. Injection site</li> <li>3. Medication administered</li> <li>4. Patient response to medication, e.g. is the patient tolerating medication well or are there complaints of side effects. If not tolerating medication actions taken</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
<p>This code may be used in a clinic/CMHC, even if patient brings in the medication to be administered. Pharmacies cannot bill for the administration of drugs in a practitioner's office/clinic. Injectable drugs intended for self-administration/use in the patient's home/ administration for a patient in a LTC facility may be billed by a pharmacy.</p> <p>A certified medical assistant may administer an injection under a physician's/APN's order, but billing and service must be under the signature of the MD/APN. The service code is used when an individual sees a nurse or other trained nurse's aide or medical technician for services that do not require the physician to perform the service, in this case, an injection.</p> <p>Do not report 96372 for injections given without direct physician or other qualified health care professional supervision. To report, use 99211 instead. (AMA CPT 2016) 96372 should not be reported <i>with</i> a 99211 E&amp;M code as this is considered to be an included service.</p>

TREATMENT		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
97535	Self-care/home management training (e.g., activities of daily living (ADLs) and compensatory training, meal preparation, safety procedures, and instructions in use of assistive technology devices/adaptive equipment) direct one-on-one contact by provider, each 15 minutes	<input checked="" type="checkbox"/> Medicaid
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
Direct one-on-one contact in which the provider instructs and trains a patient in the performance of essential self-care and home management activities related to his/her ability to function in the community. Activities are designed to address the specific needs of the patient, including but not limited to Activities of Daily Living (ADLs) and compensatory training for impairments, meal preparation, safety procedures, and use of assistive technology devices/adaptive equipment.	<b>Technical Documentation Requirements</b> See Section X <b>Service Content</b> <ol style="list-style-type: none"> <li>1. The reason for the visit. What was the intended goal or agenda? How does the service relate to the treatment/service plan?</li> <li>2. Description of the service and how service increases ADLs and ability to function in the community and patient response to service</li> <li>3. How did the service impact progress towards goals/objectives?</li> <li>4. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
Patient requires supervised training to help perform his/her normal Activities of Daily Living (ADLs), due to impairment resulting from Intellectual or Developmental Disability (IDD), or BEHAVIORAL HEALTH illness. There is reasonable expectation that the patient's functional level will improve as a result of this service.	Develop/implement reminder tools or calendars for housekeeping needs, medications, appointments, or other activities. Step-by-step problem solving interventions: develop shopping list to obtain nutritious foods or meet dietary requirements; skills practice at grocery store to locate and price necessary items; cook foods following recipes for basic meal preparation skills. Develop and reconcile budget for personal needs/bills.

EVALUATION AND MANAGEMENT		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
99211	Office or other outpatient office visit that may not require the presence of a physician. Usually presenting problems are minimal.	<input checked="" type="checkbox"/> Medicaid
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
<p>This service is an “incident to” service and can only be provided if the patient is an <b>established patient</b> and the physician or qualified NPP is in the office suite and available to provide direct supervision.</p> <p>The service code is used when an individual sees a nurse or other trained nurse’s aide or medical technician for services that do not require the physician to perform the service, e.g. blood pressure or weight checks, medication counseling, follow-up on side effects, etc.</p> <p>The code is generally not used by physicians or NPPs.</p> <p>Typically 5 minutes or less, presenting problems are minimal</p>	<p><b>Technical Documentation Requirements</b></p> <p>See Section X</p> <p>The service does not require any of the key components required by other E&amp;M services. It is not billed based on time spent.</p> <p>The progress note needs to include sufficient information to support the reason for the encounter and E/M service and any relevant history, physical assessment and plan of care.</p>	
NOTES	EXAMPLE ACTIVITIES	
<p>The service must be medically necessary</p> <p>If another E&amp;M service (including Psychotherapy plus E&amp;M codes) is provided on the same day, the work of the both providers is combined for one higher code that is billed under the prescriber.</p> <p>If another service code more accurately describes the service provided it should be used in place of the 99211, for example, injection codes.</p>	<p>An individual is seen by the nurse for a blood pressure check and to discuss any concerns about medications.</p> <p>An individual appears requesting a blood pressure check because they were in the area. No symptoms are reported. This would not meet medical necessity and should not be billed.</p> <p>An individual follows-up with the nurse post a TB test for reading results.</p>

EVALUATION AND MANAGEMENT		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
99218 requires detailed or comprehensive history, detailed or comprehensive exam, and straight forward or low complexity medical decision making, Typical time is 30 minutes 99219 requires comprehensive history, comprehensive exam, and moderate complexity medical decision making, Typical time is 50 minutes 99220 requires comprehensive history, comprehensive exam, high complexity medical decision making, Typical time is 70 minutes	Initial observation care, per day, for the evaluation and management of a patient	<input checked="" type="checkbox"/> Medicaid
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
The following codes are used to report the encounter(s) by the supervising physician or other qualified health care professional with the patient when designated as "observation status." This refers to the initiation of observation status, supervision of the care plan for observation and performance of periodic reassessments. This code is used for all services provided on the date the physician or NPP (qualified Non-Physician Practitioner) first provides the inpatient hospital care, regardless of the number of days since admission. The physician who is the admitting physician must append modifier AI to all claims.  The physician/NPP may only bill for one E&M code per day. Services provided in multiple locations, e.g. ER or office should be included in the single code.	<b>Technical Documentation Requirements</b> See Section X

EVALUATION AND MANAGEMENT					
CPT®/HCPCS PROCEDURE CODE		PROCEDURE CODE DESCRIPTION			USAGE
99441		Telephone evaluation and management (E/M) service provided by a physician to an established patient, parent, or guardian not originating from a related E/M service provided within the previous 7 days, nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment; 5 – 10 minutes of medical discussion			<input checked="" type="checkbox"/> Medicaid
<b>*This code has very specific timeframes and documentation requirements. Follow CPT guidelines.</b>					
SERVICE DESCRIPTION		MINIMUM DOCUMENTATION REQUIREMENTS			
E/M services provided by a physician or other qualified health professional to a patient using the telephone, upon initiation by an established patient (i.e., patient, parent or guardian), who is seeking advice/treatment for a problem that does not require a face-to-face visit.		<b>Technical Documentation Requirements</b> See Section X <b>Service Content</b> 2. Nature of service rendered and pertinent details 3. Disposition			
NOTES		EXAMPLE ACTIVITIES			
99441 may be reported only for <b>established</b> patients. The patient/patient's parent/guardian must initiate the contact; 99441 may not be used for calls initiated by physician or other qualified health professional. Calls resulting in a follow up encounter for the same problem referenced on the call within 24 hours/soonest available urgent appointment are not reportable; consider the call part of the pre-service work for the billable E/M service. Likewise, if the call relates to an E/M service performed and reported by the provider within the previous 7 days (either requested or unsolicited patient follow up), then the service(s) are considered part of that previous E/M service or procedure. Do not report 99441-99443 if you have reported 99441-99444 in the previous 7 days. The call is not reportable if the call relates to a previous call within 7 days since these codes are themselves an E/M service.		An established patient calls the provider with a new complaint. The call cannot be related to an E/M that occurred within the last seven days and cannot trigger an appointment within 24 hours or at the earliest available time. In a five to 10 minute call, the provider gets a brief history from the patient, reviews the patient's current list of medications, and makes a medical decision regarding recommended treatment, with a note to call if symptoms don't improve. The provider documents the specifics and the amount of time for the discussion in the patient's chart. Discussion with other providers is included in the code.

SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
<p>A residential treatment program offering 24-hour supervised residential treatment, habilitative, and rehabilitative services in a structured, community-oriented environment. Also called “transitional living,” services include organized rehabilitation services as well as assistance in obtaining appropriate long-term living arrangements. Services are designed for individuals who have the potential and motivation to ameliorate some skills deficits through a moderately structured rehabilitation program that stresses normalization and maximum community involvement and integration, including daily living and socialization skills training; case management and benefit attainment (community supports); recreational activities; educational and support activities; and access to therapeutic interventions as necessary.</p> <p>This code could also be used for a Crisis Stabilization Unit (CSU) if billed with the ET modifier.</p>	<p><b>Technical Documentation Requirements</b> See Section X</p> <p><b>Service Content</b> Shift Notes or Daily Note (summary of shift notes)</p> <ol style="list-style-type: none"> <li>1. Patients current clinical status, e.g. symptoms or pertinent mental status and functioning status</li> <li>2. Participation in treatment</li> <li>3. Pertinent physical health status information</li> <li>4. Progress toward treatment/service plan goals and/or discharge</li> <li>5. Any other patient activities or patient general behaviors in milieu</li> </ol> <p>All individual and group services, provided by residential staff, e.g. skills training group, individual therapy, med administration services, although included in the per diem, should be identified separately. These can be all included in the same documentation as the daily/shift notes or in a separate note. Refer to appropriate service procedure code for required minimum documentation for each service.</p> <p>Residential programs who continue to incorporate and document the activities of less than bachelor’s level staff, must also show documentation to support services provided by Medicaid allowed practitioners during the same per diem billing period.</p>	
NOTES	EXAMPLE ACTIVITIES	
All services provided by internal professionals in the residential settings are covered with this code. Any discrete services (e.g., family, group and individual psychotherapy, psychiatric services, case management, etc.) by external professionals (non-residential staff) are documented, and reported or billed separately from H0019. This does not include services for children who are in custody of the Department of Human Services.	*External provider means any provider who is providing a discrete service who is not part of the residential program. Example, a case manager not part of the residential facility could perform a service as part of the transition from the residential program as long as it is not a duplication of a service already provided by the residential facility.

ASSESSMENT		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
H0031	Mental health assessment, by a non-physician	<input checked="" type="checkbox"/> Medicaid
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
<p>A clinical assessment that identifies factors of mental illness, functional capacity, and other additional information used for the treatment of mental illness. Information may be obtained from collaterals. This assessment results in the identification of the patient's behavioral health service needs and recommendations for treatment.</p> <p>The service can also be used by any MHP when an update of the assessment is necessary, for example a referral to a different Level of Care or program.</p> <p><b>* Licensed MHPs, when completing a full assessment with mental status and diagnosis should use procedure code 90791.</b></p>	<p><b>Technical Documentation Requirements</b> See Section X</p> <p><b>Service Content</b></p> <ol style="list-style-type: none"> <li>1. The reason for the visit. What was the intended goal or agenda? Chief complaint/presenting concern(s) or problem(s)</li> <li>2. Description of the service</li> <li>3. Review of psychosocial and family history, patient functioning and other assessment information</li> <li>4. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties and disposition – need for behavioral health services, referral, etc.</li> </ol>	
OPTIONAL DOCUMENTATION REQUIREMENTS	If a Mental Status Exam and Diagnosis evaluation is completed, it needs to be completed by staff with at least the minimum requirements for a 90791. Otherwise a deferred diagnosis should be used.	
NOTES	EXAMPLE ACTIVITIES	
H0031 is used in lieu of individual psychotherapy procedure codes when the focus of the session is on assessment and not psychotherapy (insight-oriented, behavior modifying and/or supportive) has occurred during the session. (See psychotherapy procedure codes.) Outside assessment information may be used in lieu of some assessment criteria/new assessment, with a corresponding statement as to what information/documentation was reviewed with the patient and is still current.	<ul style="list-style-type: none"> <li>• Meeting with the patient in order to assess his/her needs</li> <li>• Meeting with the patient/patient's family to collect social history information</li> <li>• With the patient's permission, meetings/ telephone contact with family members, collateral sources of pertinent information (educational, medical, social services, etc.)</li> <li>• Administering acceptable instruments to the patient to document substantial impairment in role functioning</li> </ul>

TREATMENT		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
H0033	Oral medication administration, direct observation	<input checked="" type="checkbox"/> Medicaid
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
<p>Observing patient taking oral prescribed medication(s) to ensure adequate maintenance of medication regimen to deter/prevent deterioration of patient's condition.</p> <p>This service includes the administration of Buprenorphine products, within a methadone clinic site, for the purpose of decreasing or eliminating dependence on opiate substances. Administration of Buprenorphine products is only conducted by a qualified physician, physician assistant, or nurse practitioner in a licensed methadone facility.</p> <p>*For patients 17 years and under, Federal regulations must be followed for administering Buprenorphine</p>	<p>Technical Documentation Requirements See Section X</p> <p><b>Service Content:</b></p> <ol style="list-style-type: none"> <li>1. Documentation that supports observation of medications administered, including name and dosage</li> <li>2. Patient response to medications, e.g. is the patient tolerating the medication well or are there complaints of side effects, problems sleeping; is there improvement or not in symptoms. If not tolerating the medication actions taken.</li> <li>3. Every encounter should have its own notation.</li> <li>4. For Buprenorphine induction notes (when applicable) &amp; daily acknowledgement form signed by patient is present</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
<p>This service is designed to facilitate medication compliance and positive outcomes. Patients with low medication compliance history/patients newly on medication are most likely to receive this service. Administration of Buprenorphine products must be provided within a facility with a controlled substance license from the OBH (OBH), registration with the Drug Enforcement Administration (DEA) and certified through Substance Abuse and Mental Health Services Administration (SAMHSA) as an opioid medication assisted treatment provider. The cost of the Buprenorphine products is paid through Medicaid fee-for-service. Physicians, administering Buprenorphine products, through the DATA Waive provider's office are reimbursed through FFS. Cannot be billed if the service is part of the E&amp;M service by the same provider on the same day. This code should be billed for the <i>administration</i> of the medication. The medication itself is billed to Fee for Service Medicaid</p>	<ul style="list-style-type: none"> <li>• One-on-one cueing/encouraging and observing patient taking prescribed medications</li> <li>• Reporting back to MHPs licensed to perform medication management services for direct benefit of patient</li> <li>• The administration of Buprenorphine products appropriate to a patient's plan of care to the patient for oral ingestion, conducted by a qualified physician, physician assistant, or nurse practitioner or within a licensed methadone facility.</li> </ul>

TREATMENT		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
H2030	Mental health Clubhouse services, per 15 minutes	<input checked="" type="checkbox"/> Medicaid
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
<p>Structured, community-based services designed to strengthen and/or regain the patient's interpersonal skills, provide psychosocial support toward rehabilitation, develop environmental supports to help the patient thrive in the community and meet employment and other life goals, and promote recovery from mental illness.</p> <p>Services are provided with staff and members working as teams to address patient's life goals and to perform the tasks necessary for Clubhouse operations (i.e., clerical work, data input, meal preparation, and providing resource information or reaching out to fellow members). The Clubhouse must be open to a CMHC or independent Provider Network (IPN).</p> <p>Clinical consultation by a master's level person should be available during hours of operation.</p>	<p><b>Technical Documentation Requirements</b> See Section X</p> <p><b>Service Content</b></p> <ol style="list-style-type: none"> <li>1. Must be on the treatment/service plan as an intervention related to one or more goals and objectives. Sign in/out of each group or work unit or facilitator records.</li> <li>2. A daily note including name of group, focus of group, time in/out; a description of the type and level of participation in the day's activities (can be a checklist); description of extraordinary events; any individual interventions; individual's self-evaluation of day.</li> <li>3. Bi-weekly or monthly progress note: includes a description of progress towards the goals that are a focus of Clubhouse. This note must be signed or written by program staff with at least a bachelor's degree.</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
<ul style="list-style-type: none"> <li>• Written schedule of activities and expected outcomes allow the individual to make informed choices about their participation.</li> <li>• For Clubhouses based on a work-ordered day there should be a description of the work unit's activities and opportunities to learn social, vocational, and other skills and gain expertise.</li> <li>• Skill building and psycho-education groups are curriculum-based.</li> <li>• The individual can receive services outside of Clubhouse, e.g. individual therapy, medication management, which should be separately documented and encountered.</li> <li>• Should have recent assessment and current treatment/service plan or access through an EHR.</li> <li>• The Clubhouse may develop a program- specific plan</li> </ul>	<ul style="list-style-type: none"> <li>• Vocational and educational services; resume and interview skills</li> <li>• Leisure activities to promote social skills building</li> <li>• Peer support &amp; Recovery groups: increasing engagement, empowerment, hope</li> <li>• Self-help and skills training: collaborative meal prep, interpersonal skills, etc.</li> <li>• Outreach &amp; Engagement: identify and resolve barriers to seeking care, relationship building exercises.</li> </ul>

TREATMENT		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
S9445	Patient education, not otherwise classified, non-physician provider, individual	<input checked="" type="checkbox"/> Medicaid
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
A brief one-on-one session in which concerns about a patient's AOD (Alcohol or drug) use are expressed, and recommendations regarding behavior change are given. The intervention should follow as soon as possible after a patient has been screened for the presence of AOD. Feedback is given on AOD use patterns. The intervention focuses on increasing motivation for behavior change. Intervention strategies include education, brief counseling, continued monitoring, or referral to more intensive substance use treatment services. This procedure code covers the collection of a specimen (for analysis) in conjunction with the counseling of the screening results. If the counseling/education doesn't occur then the procedure code cannot be billed. The urine analysis is billed separately to fee-for-service (FFS) by the laboratory. There is no separate code solely for sample collection.	<b>Technical Documentation Requirements</b> See Section X <b>Service Content:</b> <ol style="list-style-type: none"> <li>1. The reason for the visit/call. What was the intended goal or agenda? How does the service relate to the treatment/service plan?</li> <li>2. Description of the service provided, including results of AOD screening, the education provided, strategies used, and the individual's response to the education</li> <li>3. How did the service impact the individual's progress towards goals/objectives?</li> <li>4. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
Substance use counseling/education services shall be provided along with screening to discuss results with patient. The laboratory analysis needed as a prerequisite for this code should be submitted as a claim to FFS by the laboratory, if covered by Medicaid. This counseling/education service should occur only once per drug screening.	Collection of specimen and counseling of the results.

TREATMENT		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
S9445	Patient education, not otherwise classified, non-physician provider, individual	<input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
A brief one-on-one session in which concerns about a patient's AOD (Alcohol or drug) use are expressed, and recommendations regarding behavior change are given. The intervention should follow as soon as possible after a patient has been screened for the presence of AOD. Feedback is given on AOD use patterns. The intervention focuses on increasing motivation for behavior change. Intervention strategies include education, brief counseling, continued monitoring, or referral to more intensive substance use treatment services. This procedure code covers the collection of a specimen (for analysis) in conjunction with the counseling of the screening results. If the counseling/education doesn't occur then the procedure code cannot be billed. The urine analysis is billed separately to fee-for-service (FFS) by the laboratory. There is no separate code solely for sample collection.	<b>Technical Documentation Requirements</b> See Section X <b>Service Content:</b> <ol style="list-style-type: none"> <li>1. The reason for the visit/call. What was the intended goal or agenda? How does the service relate to the treatment/service plan?</li> <li>2. Description of the service provided, including results of AOD screening, the education provided, strategies used, and the individual's response to the education</li> <li>3. How did the service impact the individual's progress towards goals/objectives?</li> <li>4. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
Substance use counseling/education services shall be provided along with screening to discuss results with patient. The laboratory analysis needed as a prerequisite for this code should be submitted as a claim to FFS by the laboratory, if covered by Medicaid. This counseling/education service should occur only once per drug screening.	Collection of specimen and counseling of the results.

CRISIS		
CPT®/HCPCS PROCEDURE CODE	PROCEDURE CODE DESCRIPTION	USAGE
S9485	Crisis intervention mental health services, per diem	<input checked="" type="checkbox"/> OBH
SERVICE DESCRIPTION	MINIMUM DOCUMENTATION REQUIREMENTS	
Unanticipated services rendered in the process of resolving a client crisis, requiring immediate attention, that without intervention, could result in the client requiring a higher LOC., Services include: immediate crisis intervention to de-escalate the individual or family in crisis, assess dangerousness of situation, determine risk of suicide or danger to others, assess access to or ability to utilize support, triage, assess for and facilitate admission to higher level care or additional forms of treatment if needed to stabilize the immediate situation, . When possible, if the client has developed a Wellness Recovery Action Plan (WRAP) and/or psychiatric advance directive, this plan is followed with the client's permission.	<b>Technical Documentation Requirements</b> See Section X <b>Service Content</b> <ol style="list-style-type: none"> <li>1. The reason for the visit/call. What was the intended goal or agenda? Description of the crisis/need for crisis intervention</li> <li>2. The therapeutic intervention(s) utilized (assessment, mental status, de-escalation techniques, consultation, referral) and the individual/family's response to the intervention(s)</li> <li>3. Behavioral health history</li> <li>4. Treatment needs (immediate, short-term, long-term) linked with an existing crisis plan (WRAP, advance directive), if available</li> <li>5. Other problems identified (mental health, substance use, medical, etc.)</li> <li>6. Plan for next contact(s) including any follow-up or coordination needed with 3<sup>rd</sup> parties</li> </ol>	
NOTES	EXAMPLE ACTIVITIES	
Services may be provided at any time, day or night and by a mobile team/crisis program in a facility/clinic or other provider as appropriate. May be provided by more than one direct care staff if needed to address the situation (e.g., for safety); all staff involved and their activities are identified and documented. H2011 or 90839/90840 are used in lieu of individual psychotherapy procedure codes when the session is unscheduled (e.g., client walk-in), focused on a client crisis, and involves immediate and/or special interventions in response.	<ul style="list-style-type: none"> <li>• Contact to provide immediate, short-term crisis-specific assessment and intervention/counseling with client and, as necessary, with client's caretakers/ family members</li> <li>• Referral to other applicable behavioral health services, including pre-inpatient screening; activities include telephone contacts/ meeting with receiving provider staff</li> <li>• Consultation with physician/ hospital staff, regarding need for psychiatric consultation or placement</li> <li>• Contact with another provider to help that provider deal with a specific client's crisis</li> <li>• Consultation with one's own provider staff to address the crisis</li> </ul>

## Appendix A:

**THIS PAGE IS INTENTIONALLY LEFT BLANK**

## Appendix B: CDHS OBH Approved Procedure Code List

\*yellow highlighting indicates codes that do not require a covered diagnosis (i.e. assessment, crisis, prev/interv);  
blue highlighting identifies exceptions to that rule.

<b>CDHS – OBH Approved BEHAVIORAL HEALTH Procedure Code List</b>	
CPT/HCPCS Procedure Code	Description
80305	Drug screen, presumptive, optical observation
80306	Drug screen, presumptive, read by instrument
82075	Alcohol (ethanol); breath
90785	Interactive complexity (list separately in addition to the code for the primary service)
90791	Psychiatric diagnostic evaluation
90792	Psychiatric diagnostic evaluation with medical services
90832	Psychotherapy, 30 minutes with the patient and/or family member
90833	Psychotherapy, 30 minutes with the patient and/or family member when performed with an evaluation and management service (list separately in addition to the code for primary service)
90834	Psychotherapy, 45 minutes with the patient and/or family member
90836	Psychotherapy, 45 minutes with the patient and/or family member when performed with an evaluation and management service (list separately in addition to the code for primary service)
90837	Psychotherapy, 60 minutes with the patient and/or family member
90838	Psychotherapy, 60 minutes with the patient and/or family member when performed with an evaluation and management service (list separately in addition to the code for primary service)
90839	Psychotherapy for Crisis, first 60 min
90840	Psychotherapy for Crisis, each additional 30 minutes (List separately in addition to code 90839 for primary service)
90846	Family psychotherapy (without the patient present)
90847	Family psychotherapy (conjoint psychotherapy) (with patient present)
90849	Multiple-family group therapy
90853	Group psychotherapy (other than of a multiple-family group)
90870	Electroconvulsive Therapy (ECT)
00104	Anesthesia for Electroconvulsive Therapy
90875	Individual psychophysiological therapy incorporating biofeedback training by any modality, with psychotherapy (e.g., insight-oriented, behavior modifying or supportive psychotherapy); approximately 30 minutes
90876	Individual psychophysiological therapy incorporating biofeedback training by any modality, with psychotherapy (e.g., insight-oriented, behavior modifying or supportive psychotherapy); approximately 45 minutes
90887	Interpretation or explanation of results of psychiatric, other medical examinations and procedures, or other accumulated data to family or other responsible persons, or advising them how to assist patient
96116	Neurobehavioral status exam (clinical assessment of thinking, reasoning, and judgment, e.g., acquired knowledge, attention, language, memory, planning and problem solving, and visual spatial abilities), by physician or other qualified health care professional, both time with the patient and time interpreting test results and preparing the report; first hour
96121	Add on for 96116. Each additional hour (list separately in addition to code for primary procedure)
96130	Psychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report and interactive feedback to patient, family member(s) or caregiver(s) when performed; first hour
96131	Add on for 96130. Each additional hour (list separately in addition to code for primary procedure)
96132	Neuropsychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, Interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report and interactive feedback to patient, family member(s) or caregiver(s) when performed; first hour
96133	Add on for 96132. Each additional hour (list separately in addition to code for primary procedure)
96136	Psychological or neuropsychological test administration and scoring by physician or other qualified health care professional, two or more tests, any method, first 30 minutes
96137	Add on for 96136. Each additional 30 minutes (List separately in addition to code for primary procedure)
96138	Psychological or neuropsychological test administration and scoring by technician, two or more tests, any method, first 30 minutes

**CDHS – OBH Approved BEHAVIORAL HEALTH Procedure Code List**

<b>CPT/HCPCS Procedure Code</b>	<b>Description</b>
96139	Add on for 96138. Each additional 30 minutes (List separately in addition to code for primary procedure)
96146	Psychological or neuropsychological test administration with single automated instrument via electronic platform, with automated result only
96372	Therapeutic, prophylactic, or diagnostic injection (specify substance or drug) subcutaneous or intramuscular
97535	Self-care/home management training (e.g., activities of daily living (ADLs) and compensatory training, meal preparation, safety procedures, and instructions in use of assistive technology devices/adaptive equipment) direct one-on-one contact by provider, each 15 minutes
97537	Community/work reintegration training (e.g., shopping, transportation, money management, avocational activities and/or work environment/modification analysis, work task analysis, use of assistive technology device/adaptive equipment), direct one-on-one contact by provider, each 15 minutes
98960	Education and training for patient self-management
98962	Education and training for patient self-management
98966	Telephone assessment and management provided by qualified non-physician health care professional.
98967	Telephone assessment and management provided by qualified non-physician health care professional.
98968	Telephone assessment and management provided by qualified non-physician health care professional.
99201	Code Deleted on 1/1/21
99202	Office or Other Outpatient Services: requires expanded problem focused history, expanded problem focused examination, and straightforward medical decision making. Typical time spent is 15-29 minutes.
99203	Office or Other Outpatient Services: requires detailed history, detailed examination, and low complexity medical decision making. Typical time spent is 30-44 minutes.
99204	Office or Other Outpatient Services: requires comprehensive history, comprehensive examination, and moderate complexity medical decision making. Typical time spent is 45-59 minutes.
99205	Office or Other Outpatient Services: requires comprehensive history, comprehensive examination, and high complexity medical decision making. Typical time spent is 60-74 minutes.
99211	Office or Other Outpatient Services: Office or other outpatient office visit that may not require the presence of a physician. Usually presenting problems are minimal.
99212	Office or Other Outpatient Services: requires problem focused history, problem focused examination, and straightforward medical decision making. Typical time spent is 10-19 minutes.
99213	Office or Other Outpatient Services: requires expanded problem focused history, expanded problem focused examination, and low complexity medical decision making. Typical time spent is 20-29 minutes.
99214	Office or Other Outpatient Services: requires detailed history, detailed examination, and moderate complexity medical decision making. Typical time spent is 30-39 minutes.
99215	Office or Other Outpatient Services: requires comprehensive history, comprehensive examination, and high complexity medical decision making. Typical time spent is 40-54 minutes.
99217	Observation Care discharge day management when provided on a day other than day of admission.
99218	Initial observation care, per day, for the evaluation and management of a patient: requires detailed or comprehensive history, detailed or comprehensive exam, and straight forward or low complexity medical decision making, Typical time is 30 minutes
99219	Initial observation care, per day, for the evaluation and management of a patient: requires comprehensive history, comprehensive exam, and moderate complexity medical decision making, Typical time is 50 minutes
99220	Initial observation care, per day, for the evaluation and management of a patient: requires comprehensive history, comprehensive exam, high complexity medical decision making, Typical time is 70 minutes
99221	Initial hospital care, per day, for the evaluation and management of a patient (low severity)
99222	Initial hospital care, per day, for the evaluation and management of a patient (moderate severity)
99223	Initial hospital care, per day, for the evaluation and management of a patient (high severity)
99224	Subsequent hospital care, per day, for the evaluation and management of a patient: requires problem focused interval history, problem focused exam, and straight forward or low complexity medical decision making. Typical time is 15 minutes.
99225	Subsequent hospital care, per day, for the evaluation and management of a patient: expanded problem focused interval history, expanded problem focused exam, and moderate complexity medical decision making. Typical time is 25 minutes.

**CDHS – OBH Approved BEHAVIORAL HEALTH Procedure Code List**

<b>CPT/HCPCS Procedure Code</b>	<b>Description</b>
99226	Subsequent hospital care, per day, for the evaluation and management of a patient: requires detailed interval history, detailed exam, high complexity medical decision making Typical time is 35 minutes.
99231	Subsequent hospital care, per day (stable, recovering or improving patient)
99232	Subsequent hospital care, per day (patient responding inadequately to therapy or has developed a minor complication)
99233	Subsequent hospital care, per day (unstable patient or the development of significant complications or problems)
99234	Same day admit/discharge observation/inpatient Evaluation and Management services: requires detailed or comprehensive history, detailed or comprehensive exam, straight forward or low complexity med decision making, Typical time 40 minutes
99235	Same day admit/discharge observation/inpatient Evaluation and Management services: requires comprehensive history, comprehensive exam, moderate complexity med decision making, Typical time 50 minutes
99236	Same day admit/discharge observation/inpatient Evaluation and Management services: requires comprehensive history, comprehensive exam, high complexity med decision making, Typical time 55 minutes
99238	Discharge day management; 30 minutes or less
99239	Discharge day management; more than 30 minutes
99241	Office or other outpatient consultation for a new or established patient. Requires problem focused history, problem focused exam straight forward med decision making, Typical time 15 minutes.
99242	Office or other Outpatient Consultations Evaluation and Management Services: requires expanded problem focused history, expanded problem focused exam straight forward med decision making, Typical time 30 minutes
99243	Office or other Outpatient Consultations Evaluation and Management Services: requires detailed history, detailed exam low complexity med decision making, Typical time 40 minutes
99244	Office or other Outpatient Consultations Evaluation and Management Services: requires comprehensive history, comprehensive exam moderate complexity med decision making, Typical time 60 minutes
99245	Office or other Outpatient Consultations Evaluation and Management Services: requires comprehensive history, comprehensive exam high complexity med decision making, Typical time 80 minutes
99251	Inpatient consultation for a new or established patient; the presenting problem(s) are self-limited or minor
99252	Inpatient consultation for a new or established patient; the presenting problem(s) are of low severity
99253	Inpatient consultation for a new or established patient; the presenting problem(s) are of moderate severity
99254	Inpatient consultation for a new or established patient; the presenting problem(s) are of moderate to high severity.
99255	Inpatient consultation for a new or established patient; the presenting problem(s) are of moderate to high severity.
99281	Emergency Department Services: requires problem focused history, problem focused examination straight forward medical decision making
99282	Emergency Department Services: requires expanded problem focused history, expanded problem focused examination low complexity medical decision making
99283	Emergency Department Services: requires expanded problem focused history, expanded problem focused examination moderate complexity medical decision making
99284	Emergency Department Services: requires detailed history, detailed examination moderate complexity medical decision making
99285	Emergency Department Services: requires comprehensive history, comprehensive examination high complexity medical decision making.
99304	Initial Nursing Facility Care Services: requires detailed or comprehensive history, detailed or comprehensive examination straight forward or low complexity medical decision making, Typical time is 25 minutes
99305	Initial Nursing Facility Care Services: requires comprehensive history, comprehensive examination moderate complexity medical decision making, Typical time is 35 minutes
99306	Initial Nursing Facility Care Services: requires comprehensive history, comprehensive examination high complexity medical decision-making Typical time is 45 minutes
99307	Subsequent Nursing Facility Services: requires problem focused interval history, problem focused examination, straight forward medical decision making, Typical time 10 minutes
99308	Subsequent Nursing Facility Services: requires expanded problem focused interval history, expanded problem focused examination, low complexity medical decision making, Typical time 15 minutes
99309	Subsequent Nursing Facility Services: requires detailed interval history, detailed examination moderate complexity medical decision making, Typical time is 25 minutes
99310	Subsequent Nursing Facility Services: requires comp interval history, comprehensive examination high complexity medical decision making, Typical time is 35 minutes

**CDHS – OBH Approved BEHAVIORAL HEALTH Procedure Code List**

<b>CPT/HCPCS Procedure Code</b>	<b>Description</b>
99315	Nursing Facility discharge services: nursing facility discharge day management; 30 minutes or less

99344	Home care services: requires comprehensive history, comprehensive examination moderate complexity medical decision making, Typical time 60 minutes
99345	Home care services: requires comprehensive history, comprehensive examination high complexity medical decision making, Typical time 75 minutes
99347	Home care services: requires problem focused interval history, problem focused examination straight forward medical decision making, average time 15 minutes
99348	Home care services: requires expanded problem focused interval history, expanded problem focused examination low complexity medical decision making average time 25 minutes
99349	Home care services: requires detailed interval history, detailed examination moderate complexity medical decision making, average time 40 minutes
99350	Home care services: requires comprehensive interval history, comprehensive examination moderate to high complexity medical decision making, average time 60 minutes
99366	Medical team conference with interdisciplinary team, with patient and/or family, 30 minutes or more, participation by a non-physician qualified health care professional
99367	Medical team conference with interdisciplinary team, patient and/or family not present, 30 minutes or more, participation by physician
99368	Medical team conference with interdisciplinary team, patient and/or family not present, 30 minutes or more, participation by non-physician qualified health care professional
99441	Telephone evaluation and management (E/M) service provided by a physician to an established patient, parent, or guardian not originating from a related E/M service provided within the previous 7 days, nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment; 5 – 10 minutes of medical discussion
99442	Telephone evaluation and management (E/M) service provided by a physician to an established patient, parent, or guardian not originating from a related E/M service provided within the previous 7 days, nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment; 11 – 20 minutes of medical discussion

**CDHS – OBH Approved BEHAVIORAL HEALTH Procedure Code List**

CPT/HCPCS Procedure Code	Description
99443	Telephone evaluation and management (E/M) service provided by a physician to an established patient, parent, or guardian not originating from a related E/M service provided within the previous 7 days, nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment; 21 – 30 minutes of medical discussion
G0176	Activity therapy, such as music, dance, art or play therapies not for recreation, related to care and treatment of patient’s disabling mental health problems per session (45 minutes or more)
G0177	Training and educational services related to the care and treatment of patient’s disabling mental health problems per session (45 minutes or more)
H0001	Alcohol and/or Drug (AOD) Assessment
H0002	BEHAVIORAL HEALTH screening to determine eligibility for admission to treatment program
H0003	Alcohol and/or drug screening; laboratory analysis of specimens for presence of alcohol and/or drugs
H0004	BEHAVIORAL HEALTH counseling and therapy, per 15 minutes
H0005	Alcohol and/or drug services; group counseling
H0006	Alcohol and/or drug services; case management
H0007	Alcohol and/or drug services; crisis intervention (outpatient)
H0011	Alcohol and/or drug services; acute detoxification (residential addiction program inpatient)
H0012	Alcohol and/or drug services; sub-acute detoxification (residential addiction program outpatient)
H0014	Alcohol and/or drug services; ambulatory detoxification
H0015	Alcohol and/or drug services; intensive outpatient program
H0017	BEHAVIORAL HEALTH; residential (hospital residential treatment program), without room and board, per diem
H0018	BEHAVIORAL HEALTH; short-term residential (non-hospital residential treatment program), without room and board, per diem
H0019	BEHAVIORAL HEALTH; long-term residential (non-medical, non-acute care in a residential treatment program where stay is typically longer than 30 days), without room and board, per diem
H0020	Alcohol and/or drug services; Methadone administration and/or service (provisions of the drug by a licensed program)
H0022	Alcohol and/or drug intervention service (planned facilitation)
H0023	BEHAVIORAL HEALTH outreach service (planned approach to reach a population) /Drop- In Center
H0024	BEHAVIORAL HEALTH Prevention Information Dissemination Service (One-Way Direct or Non-Direct Contact with Service Audiences to Affect Knowledge and Attitude)
H0025	BEHAVIORAL HEALTH prevention education service (delivery of services to affect knowledge, attitude and/or behavior)
H0027	Alcohol and/or drug prevention environmental service (broad range of external activities geared toward modifying systems in order to mainstream prevention through policy and law)
H0028	Alcohol and/or drug prevention problem identification and referral service (e.g. student assistance and employee assistance programs), does not include assessment
H0029	Alcohol and/or drug prevention alternatives service (services for populations that exclude alcohol and other drug use e.g. alcohol-free social events)
H0030	BEHAVIORAL HEALTH, Hotline Services
H0031	Mental health assessment, by non-physician
H0032	Mental health service plan development by non-physician
H0033	Oral medication administration, direct observation
H0034	Medication training and support, per 15 minutes
H0035	Mental health partial hospitalization, treatment, less than 24 hours
H0036	Community psychiatric supportive treatment, per 15 minutes
H0037	Community psychiatric supportive treatment, per diem
H0038	Self-help/peer services, per 15 minutes
H0039	Assertive community treatment, per 15 minutes
H0040	Assertive community treatment program, per diem
H0043	Supported housing, per diem
H0044	Supported housing, per month
H0045	Respite care services, not in the home, per diem
H0046	Mental Health Services, Not Otherwise Specified
H0047	Alcohol and/or other drug abuse services; not otherwise specified
H0048	Alcohol and/or other drug testing; collection of handling only, specimens other than blood

**CDHS – OBH Approved BEHAVIORAL HEALTH Procedure Code List**

<b>CPT/HCPCS Procedure Code</b>	<b>Description</b>
H1000	Prenatal Care, At Risk Assessment
H1002	Care coordination prenatal/case management
H1003	Prenatal Care, at risk enhanced service, education
H1004	Prenatal follow up home visit
H2000	Comprehensive multidisciplinary evaluation
H2001	Rehabilitation program, per ½ day
H2011	Crisis intervention service, per 15 minutes
H2012	BEHAVIORAL HEALTH day treatment, per hour
H2013	Psychiatric Health Facility Service, Per Diem
H2014	Skills training and development, per 15 minutes
H2015	Comprehensive community support services, per 15 minutes
H2016	Comprehensive community support services, per diem
H2017	Psychosocial rehabilitation services, per 15 minutes
H2018	Psychosocial rehabilitation services, per diem
H2021	Community-based wrap-around services, per 15 minutes
H2022	Community-based wrap-around services, per diem
H2023	Supported employment, per 15 minutes
H2024	Supported employment, per diem
H2025	Ongoing support to maintain employment, per 15 minutes
H2026	Ongoing support to maintain employment, per diem
H2027	Psychoeducational service, per 15 minutes
H2030	Mental health Clubhouse services, per 15 minutes
H2031	Mental health Clubhouse services, per diem
H2032	Activity therapy, per 15 min
H2033	Multi-systemic therapy for juveniles, per 15 minutes
H2036	Alcohol and/or drug treatment program, per diem
J1630	Injection, Haloperidol, Up to 5 mg
J1631	Injection, Haloperidol Decanoate, per 50 mg
J2315	Injection, Naltrexone, Depot Form, 1 mg
J2680	Injection, Fluphenazine Decanoate, up to 25 mg
J2794	Injection, Risperidone, long acting, 0.5 mg
J3490	Unclassified Drugs
S3005	Performance measurement, evaluation of patient self-assessment, depression
S5150	Unskilled respite care, not hospice; per 15 minutes
S5151	Unskilled respite care, not hospice; per diem
S9445	Patient education, not otherwise classified, non-physician provider, individual
S9453	Smoking cessation classes, non-physician provider, per session
S9454	Stress management classes, non-physician provider, per session
S9480	Intensive outpatient psychiatric (IOP) services, per diem
S9485	Crisis intervention mental health services, per diem
S9976	Lodging, per diem, not otherwise specified
T1005	Respite care services, up to 15 minutes
T1006	Alcohol and/or substance abuse services, family/couple counseling
T1007	Alcohol and/or substance abuse services, treatment plan development and/or modification, including vital sign monitoring
T1009	Child sitting services for the children of the individual receiving alcohol and/or substance abuse services
T1012	Alcohol and/or substance abuse services, skills development
T1013	Sign language or oral interpreter for alcohol and/or substance abuse services, per 15 minutes
T1016	Case management, each 15 minutes
T1017	BEHAVIORAL HEALTH Targeted Case management, each 15 minutes

**CDHS – OBH Approved BEHAVIORAL HEALTH Procedure Code List**

<b>CPT/HCPCS Procedure Code</b>	<b>Description</b>
T1019	Personal care services, per 15 minutes, not for an inpatient or resident of a hospital, nursing facility, ICF/MR or IMD, part of the individualize plan of treatment (code may not be used to identify services provided by home health aide or CNA)
T1023	Screening to determine the appropriateness of consideration of an individual for participation in a specified program, project or treatment protocol, per encounter
T2001	Non-emergency transportation

## Appendix C: Colorado Community Behavioral Health Program Procedure Code Categorization

SP = Medicaid State Plan Service

(b)3 = 1915 (b)(3) Waiver Service

*Unit	Definition
15 M	15 Minutes
1 H	1 Hour
E	Encounter (Session/Visit)
D	Day
M	Month

Codes highlighted in Yellow indicate Assessment, Screening, Crisis, or Prevention/Intervention codes for which a covered diagnosis is not required.

Code	Description	Primary Category	SP	(b)3	Unit
90785	Interactive complexity add-on (for psychotherapy codes)	Treatment	X		E
90791	Psychiatric or psychological intake interview without medical services	Assessment	X	X	E
90792	Psychiatric intake interview with medical services	Assessment	X	X	E
90832	Thirty minutes of individual psychotherapy	Treatment	X	X	E
90833	Thirty minutes of individual psychotherapy performed with an E/M service	E&M	X	X	E
90834	Forty-five minutes of individual psychotherapy	Treatment	X	X	E
90836	Forty-five minutes of individual psychotherapy performed with an E/M service	E&M	X	X	E
90837	Sixty minutes of individual psychotherapy	Treatment	X	X	E
90838	Sixty minutes of individual psychotherapy performed with an E/M service	E&M	X	X	E
90839	Patient in crisis —Sixty minutes	Crisis	X	X	E
90840	Patient in crisis add-on— Each additional 30 mtes	Crisis	X	X	30 M
90846	Family psychotherapy without the patient present	Treatment	X	X	E
90847	Family psychotherapy with the patient present	Treatment	X	X	E
90849	Multiple-family group psychotherapy	Treatment	X	X	E
90853	Group psychotherapy	Treatment	X	X	E
90870	Electroconvulsive Therapy (ECT)	Treatment	X		E
00104	Anesthesia for Electroconvulsive Therapy	Treatment	X		E
90875	Individual psychophysiological therapy incorporating biofeedback training by any modality, with psychotherapy (e.g., insight-oriented, behavior modifying or supportive psychotherapy); approximately 30 minutes	Treatment	X	X	E
90876	Individual psychophysiological therapy incorporating biofeedback training by any modality, with psychotherapy (e.g., insight-oriented, behavior modifying or supportive psychotherapy); approximately 45 minutes	Treatment	X		E
90887	Interpretation or explanation of results of psychiatric, other medical examinations and procedures, or other accumulated data to family or other responsible persons, or advising them how to assist patient	Assessment	X		E
96116	Sixty minutes Neurobehavioral Status Exam (clinical assessment of thinking, reasoning, and judgment)	Assessment	X		1 H
96121	Add on to 96116. Each additional hour (List separately in addition to code for primary procedure)	Assessment	X		1 H
96130	Sixty minutes Psychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical	Assessment	X		1 H

Code	Description	Primary Category	SP	(b)3	Unit
	data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed each additional hour (List separately in addition to code for primary procedure)				
96131	Psychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed, each additional hour (List separately in addition to code for primary procedure)	Assessment	X		1 H
96132	Psychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed, each additional hour (List separately in addition to code for primary procedure)	Assessment	X		1 H
96133	Neuropsychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed, each additional hour (List separately in addition to code for primary procedure)	Assessment	X		1 H
96136	Thirty minutes Psychological or neuropsychological test administration and scoring by physician or other qualified health care professional, two or more tests, any method	Assessment	X		30 M
96137	Psychological or neuropsychological test administration and scoring by physician or other qualified health care professional, two or more tests, any method, each additional 30 minutes (List separately in addition to code for primary procedure)	Assessment	X		30 M
96138	First thirty minutes Psychological or neuropsychological test administration and scoring by technician, two or more tests, any method	Assessment	X		30 M
96139	Psychological or neuropsychological test administration and scoring by technician, two or more tests, any method; each additional 30 minutes (List separately in addition to code for primary procedure)	Assessment	X		30 M
96146	Psychological or neuropsychological test administration, with single automated instrument via electronic platform, with automated result only	Assessment			
96372	Therapeutic, prophylactic, or diagnostic injection (specify substance or drug) subcutaneous or intramuscular	Treatment	X		E
97535	Self-care/home management training (e.g., activities of daily living (ADLs) and compensatory training, meal preparation, safety procedures, and instructions in use of assistive technology devices/adaptive equipment) direct one-on-one contact by provider, each 15 minutes	Treatment	X		15 M

Code	Description	Primary Category	SP	(b)3	Unit
97537	Community/work reintegration training (e.g., shopping, transportation, money management, avocational activities and/or work environment/modification analysis, work task analysis, use of assistive technology device/adaptive equipment), direct one-on-one contact by provider, each 15 minutes	Treatment	X	X	15 M
98966	Telephone assessment and management provided by qualified non-physician health care professional.	Assessment	X	X	15 M
98967	Telephone assessment and management provided by qualified non-physician health care professional.	Assessment	X	X	15 M
98968	Telephone assessment and management provided by qualified non-physician health care professional.	Assessment	X	X	15 M
99201	Deleted effective 1/1/2021	E&M	X	X	E
99202	Office or other outpatient visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and straightforward medical decision making. When using time for code selection, 15-29 minutes of total time is spent on the date of the encounter.	E&M	X		E
99203	Office or other outpatient visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and low level of medical decision making. When using time for code selection, 30-44 minutes of total time is spent on the date of the encounter.	E&M	X		E
99204	Office or other outpatient visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and moderate level of medical decision making. When using time for code selection, 45-59 minutes of total time is spent on the date of the encounter.	E&M	X		E
99205	Office or other outpatient visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and high level of medical decision making. When using time for code selection, 60-74 minutes of total time is spent on the date of the encounter.	E&M	X		E
99211	Office or Other Outpatient Services: Office or other outpatient office visit that may not require the presence of a physician. Usually presenting problems are minimal.	E&M	X		E
99212	Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and straightforward medical decision making. When using time for code selection, 10-19 minutes of total time is spent on the date of the encounter.	E&M	X		E
99213	Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and low level of medical decision making. When using time for code selection, 20-29 minutes of total time is spent on the date of the encounter.	E&M	X		E
99214	Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and moderate level of medical decision making. When using time for code selection, 30-39 minutes of total time is spent on the date of the encounter.	E&M	X		E
99215	Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and high level of medical decision making.	E&M	X		E

Code	Description	Primary Category	SP	(b)3	Unit
	When using time for code selection, 40-54 minutes of total time is spent on the date of the encounter.				
99217	Observation Care discharge day management when provided on a day other than day of admission.	E&M	X		E
99218	Initial observation care, per day, for the evaluation and management of a patient: requires detailed or comprehensive history, detailed or comprehensive exam, and straight forward or low complexity medical decision making, Typical time is 30 minutes	E&M	X		E
99219	Initial observation care, per day, for the evaluation and management of a patient: requires comprehensive history, comprehensive exam, and moderate complexity medical decision making, Typical time is 50 minutes	E&M	X		E
99220	Initial observation care, per day, for the evaluation and management of a patient: requires comprehensive history, comprehensive exam, high complexity medical decision making, Typical time is 70 minutes	E&M	X		E
99221	Initial hospital care, per day, for the evaluation and management of a patient (low severity)	E&M	X		E
99222	Initial hospital care, per day, for the evaluation and management of a patient (moderate severity)	E&M	X		E
99223	Initial hospital care, per day, for the evaluation and management of a patient (high severity)	E&M	X		E
99224	Subsequent hospital care, per day, for the evaluation and management of a patient: requires problem focused interval history, problem focused exam, and straight forward or low complexity medical decision making. Typical time is 15 minutes.	E&M	X		E
99225	Subsequent hospital care, per day, for the evaluation and management of a patient: expanded problem focused interval history, expanded problem focused exam, and moderate complexity medical decision making. Typical time is 25 minutes.	E&M	X		E
99226	Subsequent hospital care, per day, for the evaluation and management of a patient: requires detailed interval history, detailed exam, high complexity medical decision making Typical time is 35 minutes.	E&M	X		E
99231	Subsequent hospital care, per day (stable, recovering or improving patient)	E&M	X		E
99232	Subsequent hospital care, per day (patient responding inadequately to therapy or has developed a minor complication)	E&M	X		E
99233	Subsequent hospital care, per day (unstable patient or the development of significant complications or problems)	E&M	X		E
99234	Same day admit/discharge observation/inpatient Evaluation and Management services: requires detailed or comprehensive history, detailed or comprehensive exam, straight forward or low complexity med decision making, Typical time 40 minutes	E&M	X		E
99235	Same day admit/discharge observation/inpatient Evaluation and Management services: requires comprehensive history, comprehensive exam, moderate complexity med decision making, Typical time 50 minutes	E&M	X		E
99236	Same day admit/discharge observation/inpatient Evaluation and Management services: requires comprehensive history, comprehensive exam, high complexity med decision making, Typical time 55 minutes	E&M	X		E
99238	Discharge day management; 30 minutes or less	E&M	X		E
99239	Discharge day management; more than 30 minutes	E&M	X		E

Code	Description	Primary Category	SP	(b)3	Unit
99241	Office or other outpatient consultation for a new or established patient. Requires problem focused history, problem focused exam straight forward med decision making, Typical time 15 minutes.	E&M	X		E
99242	Office or other Outpatient Consultations Evaluation and Management Services: requires expanded problem focused history, expanded problem focused exam straight forward med decision making, Typical time 30 minutes	E&M	X		E
99243	Office or other Outpatient Consultations Evaluation and Management Services: requires detailed history, detailed exam low complexity med decision making, Typical time 40 minutes	E&M	X		E
99244	Office or other Outpatient Consultations Evaluation and Management Services: requires comprehensive history, comprehensive exam moderate complexity med decision making, Typical time 60 minutes	E&M	X		E
99245	Office or other Outpatient Consultations Evaluation and Management Services: requires comprehensive history, comprehensive exam high complexity med decision making, Typical time 80 minutes	E&M	X		E
99251	Inpatient consultation for a new or established patient; the presenting problem(s) are self-limited or minor	E&M	X		E
99252	Inpatient consultation for a new or established patient; the presenting problem(s) are of low severity	E&M	X		E
99253	Inpatient consultation for a new or established patient; the presenting problem(s) are of moderate severity	E&M	X		E
99254	Inpatient consultation for a new or established patient; the presenting problem(s) are of moderate to high severity.	E&M	X		E
99255	Inpatient consultation for a new or established patient; the presenting problem(s) are of moderate to high severity.	E&M	X		E
99281	Emergency Department Services: requires problem focused history, problem focused examination straight forward medical decision making	E&M	X		E
99282	Emergency Department Services: requires expanded problem focused history, expanded problem focused examination low complexity medical decision making	E&M	X		E
99283	Emergency Department Services: requires expanded problem focused history, expanded problem focused examination moderate complexity medical decision making	E&M	X		E
99284	Emergency Department Services: requires detailed history, detailed examination moderate complexity medical decision making	E&M	X		E
99285	Emergency Department Services: requires comprehensive history, comprehensive examination high complexity medical decision making.	E&M	X		E
99304	Initial Nursing Facility Care Services: requires detailed or comprehensive history, detailed or comprehensive examination straight forward or low complexity medical decision making, Typical time is 25 minutes	E&M	X		E
99305	Initial Nursing Facility Care Services: requires comprehensive history, comprehensive examination moderate complexity medical decision making, Typical time is 35 minutes	E&M	X		E
99306	Initial Nursing Facility Care Services: requires comprehensive history, comprehensive examination high complexity medical decision-making Typical time is 45 minutes	E&M	X		E
99307	Subsequent Nursing Facility Services: requires problem focused interval history, problem focused examination, straight forward medical decision making, Typical time 10 minutes	E&M	X		E

Code	Description	Primary Category	SP	(b)3	Unit
99308	Subsequent Nursing Facility Services: requires expanded problem focused interval history, expanded problem focused examination, low complexity medical decision making, Typical time 15 minutes	E&M	X		E
99309	Subsequent Nursing Facility Services: requires detailed interval history, detailed examination moderate complexity medical decision making, Typical time is 25 minutes	E&M	X		E
99310	Subsequent Nursing Facility Services: requires comp interval history, comprehensive examination high complexity medical decision making, Typical time is 35 minutes	E&M	X		E
99315	Nursing Facility discharge services: nursing facility discharge day management; 30 minutes or less	E&M	X		E
99316	Nursing Facility discharge services: nursing facility discharge day management; more than 30 minutes	E&M	X		E
99318	Annual Nursing Facility Assessment: require detailed interval history, comprehensive examination, low to moderate complexity medical decision making. Typical time is 30 minutes	E&M	X		E
99324	Domiciliary, rest home, custodial care services: requires problem focused history, problem focused examination straight forward medical decision making, Typical time 20 minutes	E&M	X		E
99325	Domiciliary, rest home, custodial care services: requires expanded problem focused history, expanded problem focused examination low complexity medical decision making Typical time 30 minutes	E&M	X		E
99326	Domiciliary, rest home, custodial care services: requires detailed history, detailed examination moderate complexity medical decision making, Typical time 45 minutes	E&M	X		E
99327	Domiciliary, rest home, custodial care services: requires comprehensive history, comprehensive examination moderate complexity medical decision making, Typical time 60 minutes	E&M	X		E
99328	Domiciliary, rest home, custodial care services: requires comprehensive history, comprehensive examination high complexity medical decision making, Typical time 75 minutes	E&M	X		E
99334	Domiciliary, rest home, custodial care services: requires problem focused interval history, problem focused examination straight forward medical decision making, Typical time 15 minutes	E&M	X		E
99335	Domiciliary, rest home, custodial care services: requires expanded problem focused interval history, expanded problem focused examination low complexity medical decision making Typical time 25 minutes	E&M	X		E
99336	Domiciliary, rest home, custodial care services: requires detailed interval history, detailed examination moderate complexity medical decision making, Typical time 40 minutes	E&M	X		E
99337	Domiciliary, rest home, custodial care services: requires comprehensive interval history, comprehensive examination moderate to high complexity medical decision making, Typical time 60 minutes	E&M	X		E
99341	Home care services: requires problem focused history, problem focused examination straight forward medical decision making, Typical time 20 minutes	E&M	X		E
99342	Home care services: requires expanded problem focused history, expanded problem focused examination low complexity medical decision making Typical time 30 minutes	E&M	X		E

Code	Description	Primary Category	SP	(b)3	Unit
99343	Home care services: requires detailed history, detailed examination moderate complexity medical decision making, Typical time 45 minutes	E&M	X		E
99344	Home care services: requires comprehensive history, comprehensive examination moderate complexity medical decision making, Typical time 60 minutes	E&M	X		E
99345	Home care services: requires comprehensive history, comprehensive examination high complexity medical decision making, Typical time 75 minutes	E&M	X		E
99347	Home care services: requires problem focused interval history, problem focused examination straight forward medical decision making, average time 15 minutes	E&M	X		E
99348	Home care services: requires expanded problem focused interval history, expanded problem focused examination low complexity medical decision making average time 25 minutes	E&M	X		E
99349	Home care services: requires detailed interval history, detailed examination moderate complexity medical decision making, average time 40 minutes	E&M	X		E
99350	Home care services: requires comprehensive interval history, comprehensive examination moderate to high complexity medical decision making, average time 60 minutes	E&M	X		E
99366	Medical team conference with interdisciplinary team, with patient and/or family, 30 minutes or more, participation by a non-physician qualified health care professional	E&M	X		E
99367	Medical team conference with interdisciplinary team, patient and/or family not present, 30 minutes or more, participation by physician	E&M	X		E
99368	Medical team conference with interdisciplinary team, patient and/or family not present, 30 minutes or more, participation by non-physician qualified health care professional	E&M	X		E
99441	Telephone evaluation and management (E/M) service provided by a physician to an established patient, parent, or guardian not originating from a related E/M service provided within the previous 7 days, nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment; 5 – 10 minutes of medical discussion	E&M	X		E
99442	Telephone evaluation and management (E/M) service provided by a physician to an established patient, parent, or guardian not originating from a related E/M service provided within the previous 7 days, nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment; 11 – 20 minutes of medical discussion	E&M	X		E
99443	Telephone evaluation and management (E/M) service provided by a physician to an established patient, parent, or guardian not originating from a related E/M service provided within the previous 7 days, nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment; 21 – 30 minutes of medical discussion	E&M	X		E
G0176	Activity therapy, such as music, dance, art or play therapies not for recreation, related to care and treatment of patient's disabling mental health problems per session (45 minutes or more)	Treatment	X		E
G0177	Training and educational services related to the care and treatment of patient's disabling mental health problems per session (45 minutes or more)	Treatment	X		E
H0001	Alcohol and/or Drug (AOD) Assessment	Assessment	X		E
H0002	Behavioral health screening to determine eligibility for admission to treatment program	Screening	X		E

Code	Description	Primary Category	SP	(b)3	Unit
H0004	Behavioral health counseling and therapy, per 15 minutes	Treatment	X	X	15 M
H0005	Alcohol and/or drug services; group counseling	Treatment	X	X	1 H
H0006	Alcohol and/or drug services; case management	Treatment	X	X	15 M
H0010	Alcohol and/or drug services, acute detoxification (residential addiction program inpatient)	Residential	X		D
H0011	Alcohol and/or drug services; acute detoxification (residential addiction program inpatient)	Residential	X		D
H0015	Alcohol and/or drug services; intensive outpatient program	Treatment			E
H0017	Behavioral health; residential (hospital residential treatment program), without room and board, per diem	Residential	X		D
H0018	Behavioral health; short-term residential (non-hospital residential treatment program), without room and board, per diem	Residential	X	X	D
H0019	Behavioral health; long-term residential (non-medical, non-acute care in a residential treatment program where stay is typically longer than 30 days), without room and board, per diem	Residential	X	X	D
H0020	Alcohol and/or drug services; Methadone administration and/or service (provisions of the drug by a licensed program)	Treatment	X	X	E
H0023	Behavioral health outreach service (planned approach to reach a population) /Drop- In Center	Prevention/Early Intervention <b>or</b> Treatment	X		15 M
H0025	Behavioral health prevention education service (delivery of services to affect knowledge, attitude and/or behavior)	Prevention/Early Intervention	X		E
H0031	Mental health assessment, by non-physician	Assessment	X		E
H0032	Mental health service plan development by non-physician	Assessment	X	X	E
H0033	Oral medication administration, direct observation	Treatment	X	X	E
H0034	Medication training and support, per 15 minutes	Treatment	X	X	15 M
H0035	Mental health partial hospitalization, treatment, less than 24 hours	Treatment	X	X	E
H0036	Community psychiatric supportive treatment, per 15 minutes	Treatment	X		15 M
H0037	Community psychiatric supportive treatment, per diem	Treatment	X	X	D
H0038	Self-help/peer services, per 15 minutes	Peer Support/ Recovery	X	X	15 M
H0039	Assertive community treatment, per 15 minutes	Treatment	X	X	15 M
H0040	Assertive community treatment program, per diem	Treatment	X	X	D
H0043	Supported housing, per diem	Residential	X	X	D
H0044	Supported housing, per month	Residential	X	X	M
H0045	Respite care services, not in the home, per diem	Respite Care		X	D
H2000	Comprehensive multidisciplinary evaluation	Assessment	X		E
H2001	Rehabilitation program, per ½ day	Treatment	X	X	E
H2011	Crisis intervention service, per 15 minutes	Crisis	X	X	15 M
H2012	Behavioral health day treatment, per hour	Treatment	X	X	1 H
H2014	Skills training and development, per 15 minutes	Treatment	X		15 M
H2015	Comprehensive community support services, per 15 minutes	Peer Support/ Recovery	X	X	15 M
H2016	Comprehensive community support services, per diem	Peer Support/ Recovery	X		D

Code	Description	Primary Category	SP	(b)3	Unit
H2017	Psychosocial rehabilitation services, per 15 minutes	Treatment	X		15 M
H2018	Psychosocial rehabilitation services, per diem	Treatment	X	X	D
H2021	Community-based wrap-around services, per 15 minutes	Treatment	X	X	15 M
H2022	Community-based wrap-around services, per diem	Treatment	X		D
H2023	Supported employment, per 15 minutes	Treatment			15 M
H2024	Supported employment, per diem	Treatment		X	D
H2025	Ongoing support to maintain employment, per 15 minutes	Treatment		X	15 M
H2026	Ongoing support to maintain employment, per diem	Treatment		X	D
H2027	Psychoeducational service, per 15 minutes	Treatment	X	X	15 M
H2030	Mental health Clubhouse services, per 15 minutes	Treatment	X	X	15 M
H2031	Mental health Clubhouse services, per diem	Treatment	X	X	D
H2032	Activity therapy, per 15 min	Treatment	X	X	15 M
H2033	Multi-systemic therapy for juveniles, per 15 minutes	Treatment	X	X	15 M
H2036	Alcohol and/or other drug treatment program, per diem	Residential	X		D
S5150	Unskilled respite care, not hospice; per 15 minutes	Respite Care			15 M
S5151	Unskilled respite care, not hospice; per diem	Respite Care		X	D
S9445	Patient education, not otherwise classified, non-physician provider, individual	Treatment	X	X	E
S9453	Smoking cessation classes, non-physician provider, per session	Prevention/Early Intervention	X		E
S9454	Stress management classes, non-physician provider, per session	Prevention/Early Intervention	X	X	E
S9480	Intensive outpatient psychiatric (IOP) services, per diem	Treatment	X	X	D
S9485	Crisis intervention mental health services, per diem	Crisis	X		D
T1005	Respite care services, up to 15 minutes	Respite Care			15 M
T1017	Targeted Case management, each 15 minutes	Treatment	X	X	15 M

## Appendix D: Peer Specialist Core Competencies

Combined Core Competencies for Colorado's Peer Specialists Recovery Coaches and Family Advocates Family Systems Navigators

<p><b>Knowledge of Mental Health/Substance Use Conditions and Treatments</b></p> <ul style="list-style-type: none"> <li>- Recognize signs and coping strategies, including the grief process</li> <li>- Know when to refer to a clinician</li> <li>- Know when to report to a supervisor</li> <li>- Understand interactions of physical and behavioral health</li> </ul>	<p><b>Self-care</b></p> <ul style="list-style-type: none"> <li>- Recognize when health may compromise the ability to work</li> <li>- Acknowledge that personal wellness is a primary responsibility</li> <li>- Set boundaries between work and personal life</li> </ul>
<p><b>Patients' Rights/Confidentiality/Ethics/Roles</b></p> <ul style="list-style-type: none"> <li>- Understand scope of duties and role</li> <li>- Understand HIPAA / protected health information / confidentiality</li> <li>- Maintain professional boundaries</li> <li>- Recognize potential risks</li> <li>- Advocate when appropriate</li> </ul>	<p><b>Teaching Skills</b></p> <ul style="list-style-type: none"> <li>- Demonstrate wellness and teach life skills</li> <li>- Encourage the development of natural supports</li> <li>- Assist people to find and use psycho-education materials</li> </ul>
<p><b>Interpersonal Skills</b></p> <ul style="list-style-type: none"> <li>- Communication</li> <li>- Diversity and cultural competency</li> <li>- Relationship development</li> <li>- Use guiding principles pertinent to population served</li> <li>- Model appropriate use of personal story and self-advocacy</li> <li>- Goal-setting, problem-solving, teamwork, &amp; conflict resolution</li> </ul>	<p><b>Basic Work Competencies</b></p> <ul style="list-style-type: none"> <li>- Seek supervision and/or ask for direction</li> <li>- Accept feedback</li> <li>- Demonstrate conflict resolutions skills</li> <li>- Navigate complex work environments</li> </ul>
<p><b>Resiliency, Recovery and Wellness</b></p> <ul style="list-style-type: none"> <li>- Understand principles and concepts of resiliency, recovery, and a wellness oriented lifestyle</li> <li>- Assist others with their own resiliency and recovery</li> <li>- Encourage options and choices</li> <li>- Understand impacts of labels, stigma, discrimination, and bullying</li> <li>- Understand person-centered resiliency and recovery planning for all ages and stages</li> </ul>	<p><b>Trauma-Informed Support</b></p> <ul style="list-style-type: none"> <li>- Understand impact of trauma and responses to trauma</li> <li>- Demonstrate sensitivity and acceptance of individual experiences</li> <li>- Practice cultural sensitivity</li> <li>- Promote shared decision-making</li> </ul>
<p><b>Resources</b></p> <ul style="list-style-type: none"> <li>- Knowledge of community resources and those specific to behavioral health and physical Health and how to navigate the benefits system</li> <li>- Help individuals and families recognize their natural supports</li> <li>* Knowledge of public education and special education system and other child-serving systems</li> </ul>

## Appendix E: Targeted Case Management

### Examples of Case Management

#### Assessment of service needs:

- Comprehensive assessment/periodic re-assessment of the individual's need for medical, educational, social or other services.
- Activities/Interventions to gather/confirm information coming from the Individual, family and other sources in order to complete assessment.
- Determining with the individual /family /supports their ability to access and effectively link to these services and supports on their own and what type of help they will need, including how intensely and for how long case management services will be needed.
- Assisting the Individual and their Family/Supports in understanding what case management services are including their limitations so that they can better participate in the case management assessment and treatment/service planning process.

#### Development of a specific care plan that includes:

- Prioritizing with the Individual and their Family/Supports the referrals and linkages needed so the treatment/service plan reflects the case management assessment. As a result of the assessment, the case management plan will have a timeline for referral and linkage as well as the expected outcomes of the interventions.
- Specifies goals and actions to address the medical, social, educational, and other services needed by the individual.
- Identifies a course of action to respond to assessed needs.
- Developing, in conjunction with the Individual, a list of agreed upon case management interventions that will be used to help the Individual successfully link to services and supports.
- Develop with the Individual and Family/Supports the role of the persons providing case management services in coordinating care among treatment providers, other services, and natural/community supports.
- Develop with the Individual an agreed upon structure for regular meetings with the person(s) providing case management services to review progress and determine necessary changes to the treatment/service plan.

#### Referral and related activities to obtain needed services:

- To help an individual obtain needed service including activities that link them to medical, social, or educational providers or other services capable of providing services and assisting in referral/scheduling.
- Follow-up post appointments to ensure that the person providing case management services understands any changes or recommendations to treatment or to the content of the supports that will be provided and that this information is also understood and able to be acted on effectively by the Individual/Family/ Supports.

#### Monitoring and follow-up:

- Meeting via phone or face-to-face (all services can take place face-to-face or via phone) on a regularly scheduled basis with the individual and their Family/Supports to ensure that services are being provided according to the treatment/service plan, that the individual believes they are effective, and wishes to continue according to the current treatment/service plan to insure the patient is getting the services they need.
- Talking/meeting with Providers and Supports, with or without the Individual present, to coordinate care, assess the effectiveness of service, progress of the Individual towards goals and objectives on any treatment/service plan, and soliciting ideas for changes that will allow for more rapid progress towards the Individual's recovery goals. Again, the overall purpose of these activities is to insure the patient is getting the services they need.

#### Case Management does not include the following:

- Case management activities that are an integral component of another covered Medicaid service.
- Direct delivery of medical, educational, social or other services to which a Medicaid eligible patient has been referred.
- Activities integral to the administration of foster care programs.
- Activities, for which a Medicaid eligible patient may be eligible, but are integral to the administration of another non-medical program.

## Appendix F: Interactive Complexity

www.psychiatry.org

# Interactive Complexity

Revised 11/3/12

AMERICAN ACADEMY OF  
CHILD & ADOLESCENT  
PSYCHIATRY  
A N N A A C A P P . O R G

<b>Definition</b>	A new concept in 2013, interactive complexity refers to 4 specific communication factors <i>during</i> a visit that complicate delivery of the primary psychiatric procedure. Report with CPT add-on code <b>90785</b> .	<b>Typical Patients</b>	Interactive complexity is often present with patients who: <ul style="list-style-type: none"> <li>• Have other individuals legally responsible for their care, such as minors or adults with guardians, or</li> <li>• Request others to be involved in their care during the visit, such as adults accompanied by one or more participating family members or interpreter or language translator, or</li> <li>• Require the involvement of other third parties, such as child welfare agencies, parole or probation officers, or schools.</li> </ul>
<b>Code Type</b>	Add-on codes may be reported in conjunction with specified "primary procedure" codes. Add-on codes may never be reported alone.		Interactive complexity is commonly present during visits by children and adolescents, but may apply to visits by adults, as well.
<b>Replaces</b>	Codes for interactive diagnostic interview examination, interactive individual psychotherapy, and interactive group psychotherapy are deleted.		
<b>Use in Conjunction With</b>	The following psychiatric "primary procedures": <ul style="list-style-type: none"> <li>• Psychiatric diagnostic evaluation, 90791, 90792</li> <li>• Psychotherapy, 90832, 90834, 90837</li> <li>• Psychotherapy add-on codes, 90833, 90836, 90838, when reported with E/M</li> <li>• Group psychotherapy, 90853</li> </ul> When performed with psychotherapy, the interactive complexity component (90785) relates only to the increased work <i>intensity</i> of the psychotherapy service, and does not change the <i>time</i> for the psychotherapy service.	<b>Report 90785</b>	<b>When at least one of the following communication factors is present during the visit:</b> <ol style="list-style-type: none"> <li>1. The need to manage maladaptive communication (related to, e.g., high anxiety, high reactivity, repeated questions, or disagreement) among participants that complicates delivery of care.</li> <li>2. Caregiver emotions or behaviors that interfere with implementation of the treatment plan.</li> <li>3. Evidence or disclosure of a sentinel event and mandated report to a third party (e.g., abuse or neglect with report to state agency) with initiation of discussion of the sentinel event and/or report with patient and other visit participants.</li> <li>4. Use of play equipment, physical devices, interpreter or translator to overcome barriers to diagnostic or therapeutic interaction with a patient who is not fluent in the same language or who has not developed or lost expressive or receptive language skills to use or understand typical language.</li> </ol>
<b>May Not Report With</b>	<ul style="list-style-type: none"> <li>• Psychotherapy for crisis (90839, 90840)</li> <li>• E/M <i>alone</i>, i.e., E/M service <i>not</i> reported in conjunction with a psychotherapy add-on service</li> <li>• Family psychotherapy (90846, 90847, 90849)</li> </ul>		Per the Center for Medicare and Medicaid Services (CMS), "90785 generally should not be billed solely for the purpose of translation or interpretation services" as that may be a violation of federal statute.

### Complicating Communication Factor Must Be Present *During* the Visit

The following examples are **NOT** interactive complexity:

- Multiple participants in the visit with straightforward communication
- Patient attends visit individually with no sentinel event or language barriers
- Treatment plan explained during the visit and understood without significant interference by caretaker emotions or behaviors

0919	BEHAVIORAL HEALTH TREATMENTS/SERVICES - EXTENSION OF 090X OTHER BEHAVIORAL HEALTH TREATMENTS/SERVICES BEHAVIORAL HEALTH/OTHER
0960	PROFESSIONAL FEES (ALSO SEE 097X AND 098X) GENERAL CLASSIFICATION PRO FEE
0961	PROFESSIONAL FEES (ALSO SEE 097X AND 098X) PSYCHIATRIC PRO FEE/PSYCH
1000	BEHAVIORAL HEALTH ACCOMMODATIONS GENERAL CLASSIFICATION*
1001	BEHAVIORAL HEALTH ACCOMMODATIONS RESIDENTIAL - PSYCHIATRIC
1003	BEHAVIORAL HEALTH ACCOMMODATIONS SUPERVISED LIVING*
1005	BEHAVIORAL HEALTH ACCOMMODATIONS GROUP HOME***

\* For mental health diagnoses only

\*\* For Substance Use Disorder (SUD) diagnoses only - revenue code must be billed without procedure code.

\*\*\* For members under the age of 21

## Appendix J: General E/M and Hospital Services Billing Policies

The purpose of this appendix is to demonstrate when evaluation and management and hospital services are covered under the capitated behavioral health benefit.

For the purposes of this guidance, the following billing provider types are considered Behavioral Health Specialty Provider Types:

Provider Type (PT)	Specialty Type Provider	Type Description
35	360	CMHC
37	520	Licensed Psychologist
38	521	Licensed Behavioral Health Clinician (includes LAC, LCSW, LPC, and LMFT)
64	477	SUD Clinics
63	399	SUD Individual

Federal Qualified Health Centers (FQHCs) and Rural Health Clinics (RHCs), for the purposes of this guidance, are not defined as Behavioral Health Specialty Providers.

### Evaluation and Management (E/M) Codes

Evaluation and management codes are covered by the capitated behavioral health benefit when they are billed by a Behavioral Health Specialty Provider for a primary diagnosis of either a covered mental health or covered substance use disorder, with the following exceptions:

#### E/M Consultation Codes

The following E/M consultation codes are reimbursed under the capitated behavioral health benefit when the service is provided for a covered behavioral health diagnosis, regardless of the billing provider.

Start Value	End Value
99241	99245
99251	99255

#### E/M Emergency Department Codes

The following E/M emergency department codes are reimbursed under the capitated behavioral health benefit when the service is provided for a covered behavioral health diagnosis, regardless of the billing provider.

Start Value	End Value
99281	99285

### E/M Add-on Codes

The following E/M add-on codes are reimbursed under the capitated behavioral health benefit when they are billed with an E/M code covered under the capitated behavioral health benefit.

90785	90833	90836	90838
-------	-------	-------	-------

Note: E/M codes that are not covered under the capitated behavioral health benefit can be billed to a member's MCO, or to FFS if the member is not enrolled with an MCO.

## Hospital Billing

### 837I (UB-04) Instructions

All Medicaid services associated with hospital treatment for a principal covered mental health diagnosis at discharge are covered under the capitated behavioral health benefit; this includes all psychiatric and associated medical and facility services, labs, x-rays, supplies, and other ancillary services, when the procedure(s) are billed on a UB-04 and ANSI 837-I X12 claim.

Intensive outpatient program (IOP) services performed in outpatient hospital setting, when the procedure is billed on a UB-04 and ANSI 837-I X12 claim form, and the principal diagnosis is a covered mental health or substance use disorder diagnosis are covered under the capitated behavioral health benefit.

Provider should bill using the most appropriate Medicaid covered revenue code from the list of revenue codes located in Appendix I of this manual or in Appendix Q –Revenue Codes in the Appendices section under Billing Manuals on the Department of Health Care Policy and Financing website.

Hospital treatment not covered under the capitated behavioral health benefit can be billed to a member's MCO or to FFS, if the member is not enrolled with an MCO.

### 837P (CMS 1500) Instructions

Professional services provided in hospitals are covered under the capitated behavioral health benefit, when the procedure(s) is listed in the Uniform Service Coding Standards (USCS) Manual and is billed on a CMS-1500 and ANSI 837-P X12 claim form, and the principal diagnosis is a covered behavioral health diagnosis when a diagnosis is required. As stated above, certain E/M codes can be reimbursed under the capitated behavioral health benefit when they are billed by a Behavioral Health Specialty Provider.

## Appendix K: Codes that require Medicare Processing Before Billing the Capitated Behavioral Health Benefit

When a Member is eligible for both Medicare and Medicaid, providers must process the following codes for payment through Medicare before billing the Capitated Behavioral Health Benefit.

HCPCS	DESCRIPTION

Health First Colorado is called the payer of last resort because Federal regulations require that all available health insurance benefits be used before Health First Colorado considers payment.

With few exceptions, claims for members with health insurance resources are denied when the claim does not show insurance payment or denial information.

In limited situations, with approval from a RAE, Medicaid practitioners not approved to provide services under Medicare may bill the RAE without processing claims through Medicare.

## Appendix L- Codes that require Processing through Commercial Insurance Before Billing the Capitated Behavioral Health Benefit

When a Member has commercial insurance in addition to Medicaid, providers must process the following codes for payment through commercial insurance before billing the Capitated Behavioral Health Benefit.

Health First Colorado is called the payer of last resort because Federal regulations require that all available health insurance benefits be used before Health First Colorado considers payment.

With few exceptions, claims for members with health insurance resources are denied when the claim does not show insurance payment or denial information.

Commercial health insurance coverage often offers greater benefits than Health First Colorado, so it is advantageous for providers to pursue commercial health insurance payments.

Health First Colorado does not automatically pay commercial health insurance co-pays, coinsurance, or deductibles. If the commercial health insurance benefit is the same or more than the Health First Colorado benefit allowance, no additional payment will be made.

Providers cannot bill members for the difference between commercial health insurance payments and their billed charges when Health First Colorado does not make additional payment. The provider also cannot bill members for co-pay/deductibles assessed by the TPL.
