Department of Health Care Policy and Financing
1570 Grant Street
Denver, CO 80203

February 1, 2020

The Honorable Rhonda Fields, Chair
Senate Health and Human Services Committee
200 E. Colfax Avenue
Denver, CO 80203

Dear Senator Fields:

Enclosed please find a legislative report to the Senate Health and Human Services Committee from the Department of Health Care Policy and Financing on the Colorado Indigent Care Program (CICP) and Primary Care Fund.

Section 25.5-3-107, C.R.S. requires the Department to prepare an annual report concerning the status of the medically indigent program to be submitted to the health and human services committees of the Senate and the House of Representatives no later than February 1 of each year.

In FY 2018-19, more than 52,000 low-income Coloradans received discounted health care services through the CICP. The Department continues to make changes to the CICP to improve administrative efficiencies, while ensuring that the CICP remains a safety net for low-income Coloradans who are not eligible for Health First Colorado (Colorado's Medicaid Program) or the Child Health Plan Plus (CHP+) and who cannot afford their out of pocket health care costs. Those changes include formalizing an advisory council, adding a quality metric component to the CICP clinic funding determination, and contracting with an auditor to ensure CICP providers comply with the program's requirements.

If you require further information or have additional questions, please contact the Department's Legislative Liaison, Nina Schwartz at Nina.Schwartz@state.co.us or 303-866-6912.

Sincerely,

A handwritten signature in black ink, appearing to read "K Bimestefer".

EXECUTIVE SUMMARY

This annual report is prepared by the Department of Health Care Policy and Financing (the Department) pursuant to Section 25.5-3-107, C.R.S. (2018). The purpose of this annual report is to inform stakeholders and policy makers about the structure, policy, statistics, and payments related to the Colorado Indigent Care Program (CICP). The CICP is not an insurance program, but rather a financial vehicle for providers to recoup some of their costs for providing medical services to low-income Coloradans who are not eligible for Health First Colorado (Colorado's Medicaid Program) or Child Health Plan Plus (CHP+).

In FY 2018-19, the number of persons served by the CICP was 52,074. The CICP remains an important safety net for low-income Coloradans who are not eligible for Health First Colorado or CHP+ and who cannot afford their out of pocket health care costs.

Effective with FY 2017-18, the Department made changes to the CICP through the rule making process following more than 12 months of work with stakeholders. This resulted in improved administrative efficiencies while maintaining access to care for clients. Changes include enhanced programmatic flexibility by considering income only when determining CICP eligibility and allowing providers to mirror their internal charity care programs if they fit within the CICP's guidelines, such as using an alternate sliding fee scale if it is equivalent to or lesser than the traditional CICP scale.

In FY 2017-18, the CICP created a formal CICP Stakeholder Advisory Council (Advisory Council) through the rule making process as described under 10 CCR 2505-10 Section 8.905.D. The Advisory Council includes representatives of rural and urban hospitals, community health centers, safety-net clinics, consumers, and consumer advocates. The Advisory Council advises the Department on policies for the CICP and makes recommendations to improve program effectiveness. The Department will continue to work with its stakeholders to preserve the CICP safety net for its clients by taking opportunities to modernize the CICP and create efficiencies.

In FY 2018-19, there were 20 CICP Clinics and 50 CICP Hospitals. CICP Clinics were reimbursed at 37.52% of indigent care costs. In FY 2018-19, payments to CICP Hospitals were financed with hospital provider fees and federal matching funds under the federal Disproportionate Share Hospital (DSH) allotment as part of the Colorado Healthcare Affordability and Sustainability Enterprise (CHASE). For more information about the CHASE, see the 2020 Colorado Healthcare Affordability & Sustainability Enterprise Annual Report available on the Department's website at www.colorado.gov/hcpf/department-reports. Payments to CICP Hospitals and CICP Clinics in FY 2018-19 are shown below.

CICP Payments

➤ CICP Disproportionate Share Hospital Payments	\$211,292,728
➤ CICP Clinic Payments	\$6,002,032
➤ Total Payments	\$217,294,760

INTRODUCTION

The CICIP was created in 1983 under the “Reform Act for the Provision of Health Care for the Medically Indigent” and is currently located at 25.5-3-101, C.R.S. At its peak, the CICIP reimbursed participating clinics and hospitals for services provided to approximately 225,000 Coloradans in FY 2010-11.

Since it was created, the CICIP has undergone updates and changes to comply with legislative directives and to adapt to changes in the health care marketplace.

Effective with FY 2017-18, the Department made changes to the CICIP through the rule making process following more than 12 months of work with stakeholders. This resulted in improved administrative efficiencies while maintaining access to care for clients. Changes include enhanced programmatic flexibility by considering income only when determining CICIP eligibility and allowing providers to mirror their internal charity care programs if they fit within the CICIP’s guidelines, such as using an alternate sliding fee scale if it is equivalent to or lesser than the traditional CICIP scale

As part of the rule change, a formalized Advisory Council was created. The Advisory Council is comprised of 11 members representing the following groups: three consumers eligible for the program or three consumer advocates or a combination of each; a federally qualified health center (FQHC); a rural health clinic or a community health clinic licensed or certified by the Department of Public Health and Environment (DPHE); either Denver Health Medical Center or University of Colorado Hospital; an urban hospital; a rural or critical access hospital; an organization of community health centers as defined in the federal Public Health Service Act, 42 U.S.C. sec. 254(b); an organization of Colorado hospitals; and the Department. Information about current Advisory Council members and topics of discussion can be found at www.colorado.gov/pacific/hcpf/colorado-indigent-care-program-stakeholder-advisory-council.

Rule changes also allowed flexibility when determining financial resources for CICIP applicants and their copayments. Specifically, CICIP Clinics that are FQHCs may mirror the income determination process and copayment schedule in line with their federal requirements. CICIP Clinics that are not FQHCs follow a similar process. Likewise, rules for the CICIP Hospitals were adjusted to allow hospitals to define income determination to best fit their communities. While these rule changes allowed more flexibility, minimum guidelines were retained to ensure that the CICIP remains responsive to the needs of low-income Coloradans.

The Department also took the opportunity with the recent rule change to modify the way that CICIP Clinics are reimbursed by adding a quality metric component to the methodology. The new payment methodology took effect in FY 2018-19 and requires 75% of the payment be based on write-off costs and 25% of the payment be based on quality metrics. The majority of the current CICIP Clinics are FQHCs, and as such are required by the federal government to calculate and report specific quality metrics to the Health Resources and Services Administration (HRSA). The Department has chosen to use four of these HRSA quality metrics to incorporate into the calculations, including: Body Mass Index Screening and Follow-Up; Screening for Clinical Depression and Follow-Up Plan; Controlling High Blood Pressure (Hypertensive Patients with Blood Pressure <140/90); and Diabetes: Hemoglobin A1c Poor Control (Diabetic Patients with HbA1c>9%). The Department is monitoring these quality

metrics and will make changes to them through the rule making process when the majority of the CICIP Clinics achieve Department specified goals for each measure.

Aside from the recent rule changes, it is important to point out that the implementation of the Affordable Care Act (ACA) and the expansion of Health First Colorado to adults without dependent children in January 2014 has resulted in fewer clients served by the CICIP. However, while many former CICIP clients are eligible for health coverage following the implementation of the ACA, not all are covered. Citizens and legal immigrants who have been in the United States less than five-years remain eligible for the CICIP, so long as they are not eligible for Health First Colorado and have incomes that are at or below 250% of the federal poverty level (FPL). Also, while many low-income Coloradans are eligible for a federal subsidy to purchase health care coverage, there continues to be Coloradans with income under 250% of the FPL who cannot meet their out-of-pocket expenses. Finally, changes at the federal level including the proposed changes to the Public Charge rule, may drive eligible Coloradans back to the CICIP. Therefore, the Department continues to work with the Advisory Council to ensure the CICIP remains administratively effective and efficient while still retaining the underlying safety net for low-income Coloradans.

PROGRAM OVERVIEW

The Colorado General Assembly enacted the “Reform Act for the Provision of Health Care for the Medically Indigent” in 1983. This law made it possible to use State funds to partially reimburse providers for services provided to the State’s medically indigent residents. This article was amended in 2006 and now stands as the enactment of the “Colorado Indigent Care Program.” Part 1 of Article 3 in Title 25.5 is where the program’s enabling legislation resides. The following segment of the legislative declaration at Section 25.5-3-102, C.R.S. (2019) helps illustrate the program’s purpose.

The general assembly hereby determines, finds, and declares that:

(a) The state has insufficient resources to pay for all medical services for persons who are indigent and must therefore allocate available resources in a manner that will provide treatment of those conditions constituting the most serious threats to the health of such medically indigent persons, as well as increase access to primary medical care to prevent deterioration of the health conditions among medically indigent people.

The general assembly also recognizes that the program for the medically indigent is a partial solution to the health care needs of Colorado’s medically indigent citizens. Therefore, medically indigent persons accepting medical services from this program shall be subject to the limitations and requirements imposed in this article.

Simply put, the CICIP offers a partial solution to meet the health care needs of the State’s low-income residents. It is not a comprehensive benefits package nor is it an insurance program. Instead, it is a financial vehicle for providers to recoup some of their costs for providing medical services to low-income Coloradans who are not eligible for Health First Colorado or CHP+. The services offered under this program vary from provider to provider. By statute, providers participating in the CICIP are required to prioritize care in the following order:

1. Emergency care for the full year;
2. Additional medical care for those conditions determined to be the most serious threat to the health of indigent persons; and
3. Any other medical care.

The CICIP includes these requirements in its agreements with providers to ensure that low-income Coloradans have access to emergency care throughout the year.

CICP COMMUNICATION

The Department uses various communication channels to engage its audiences. Specifically, it publishes electronic newsletters that deliver updates on CICP policies and other Department news to CICP providers and stakeholders. In addition, it publishes an annual CICP Provider Manual as well as fact sheets. The CICP Provider Manual details program requirements, including determining an applicant's eligibility for CICP, and is a comprehensive program resource for providers, while the fact sheets offer CICP clients program eligibility guidelines for the CICP, Health First Colorado, and Connect for Health Colorado. The newsletters, Provider Manual, and fact sheets are available on the Department's website at www.colorado.gov/hcpf/cicp.

CLIENTS

ELIGIBILITY REQUIREMENTS

Participating hospitals and clinics administer the CICIP client enrollment. Eligibility technicians at the CICIP provider locations assist applicants in completing the client application and determine eligibility for the program using criteria approved by the Department. To be eligible for services discounted under the CICIP, an individual must be aged 18 years or older or be an emancipated minor and meet requirements for lawful presence, Colorado residency, and income. Clients must not be eligible for Health First Colorado or CHP+, and they must have income and assets combined at or below 250% of the FPL. Clients can have other third-party insurance that must be billed prior to applying the CICIP copayment to medical services.

Under regulations concerning lawful presence, all new applicants and clients reapplying for CICIP aged 18 years and older must sign an affidavit indicating their citizenship status and provide acceptable documentation demonstrating that they are either a U.S. citizen or otherwise lawfully residing in the country. Applicants who do not provide a verifiable document may apply for a “Request for Waiver-Restrictions on Public Benefits” from the Department of Revenue. Applicants without acceptable documentation who are U.S. citizens or U.S. nationals may sign a self-declaration statement to satisfy the evidence of lawful presence requirement.

To determine a client’s copayment amount, providers assign a rating to the applicant based on the applicant’s total income and assets (see Table 1). Ratings are based on a snapshot of an applicant’s financial resources as of the date of the rating. See Table 2 for copayment determinations.

Client eligibility ratings are valid for one year. However, initial ratings may change, and a re-rating may occur when:

- Family income has changed significantly;
- Number of dependents has changed;
- Calculation errors are identified;
- Information provided was not accurate; or
- The client goes to a second provider that does not accept the client’s initial rating due to the provider’s income determination process differing from the first provider.

Table 1 Annual Income Ranges for Each Federal Poverty Level Percentage Range Effective April 1, 2019 through March 31, 2020

The CICIP client must pay the copayment listed, the copayment stipulated by their third-party insurance, or the actual charges, whichever is lower. Clients are notified of their copayment obligation at or before the time that services are rendered. For all clients with an FPL at or above 41% the annual copayments for CICIP cannot exceed 10% of the family's income. Annual copayments for clients with an FPL rating of 0 to 40% cannot exceed the lesser of 10% of the family's income or \$120. Clients with an FPL of 0% to 40% and who are homeless are exempt from a CICIP copayment.

CLIENTS SERVED

During FY 2018-19, there were 52,074 unduplicated clients who received services through the CICP. This represents a 6.02% increase from the 49,118 unduplicated clients assisted in FY 2017-18. Children represented 5.3% of the total unique population receiving services. The total unduplicated count of children receiving care under the CICP increased by 76.7% in FY 2018-19 relative to the FY 2017-18 total. Overall, the program provided 3,199 unduplicated clients with inpatient care, while 51,358 received outpatient services in FY 2018-19.¹

Figure 1 Total Unduplicated Client Count by Provider and Age Group

As shown in Table 3, the number of inpatient days increased from 18,753 in FY 2017-18 to 19,712 in FY 2018-19, representing an increase of 5.1%. Overall, the total number of inpatient days has increased by 2.9% since FY 2016-17. Relative to FY 2017-18, Denver Health Medical Center had an increase in inpatient days in FY 2018-19 of 11.1%, while University of Colorado Hospital had a decrease of 6.5%.

¹ This count is done at the provider level, a client who receives care at multiple CICP providers is counted multiple times in this figure. These conditions create an unduplicated count that overstates the number of actual clients receiving care under the CICP.

Table 3 Comparison of Inpatient Days²

CICP Provider	FY 2016-17 Inpatient Days	Percent Change	FY 2017-18 Inpatient Days	Percent Change	FY 2018-19 Inpatient Days	Percent Change
CICP Hospitals ³	11,295	-18.0%	11,366	0.6%	12,261	7.9%
Denver Health Medical Center	3,824	-21.5%	3,081	-19.4%	3,423	11.1%
University of Colorado Hospital	4,031	-22.2%	4,306	6.8%	4,028	-6.5%
TOTAL	19,150	-19.7%	18,753	-2.1%	19,712	5.1%

Figure 2 shows the total inpatient admissions by CICP Rating and FPL percentage for FY 2018-19. Of the total inpatient admissions, 18.9% were made for individuals living at or below 100% FPL (former ratings Z, N, A, B, and C), similar to the 18.6% figure seen in FY 2017-18. FPL Ratings between 101% and 200% (former ratings D, E, F, G, and H) accounted for 59.1% of inpatient admissions, while FPL Ratings between 201% and 250% (former rating I) accounted for 20.9% of inpatient admissions.

Figure 2 Inpatient Admissions by CICP Rating

As shown in Table 4, there was an 8.8% increase in total outpatient visits from FY 2017-18 to FY 2018-19. CICP Clinics experienced an 18.1% increase in outpatient visits. CICP Hospitals experienced

² Source: Analysis of Data from Previous CICP Annual Reports

³ Includes CICP Specialty Hospital Providers

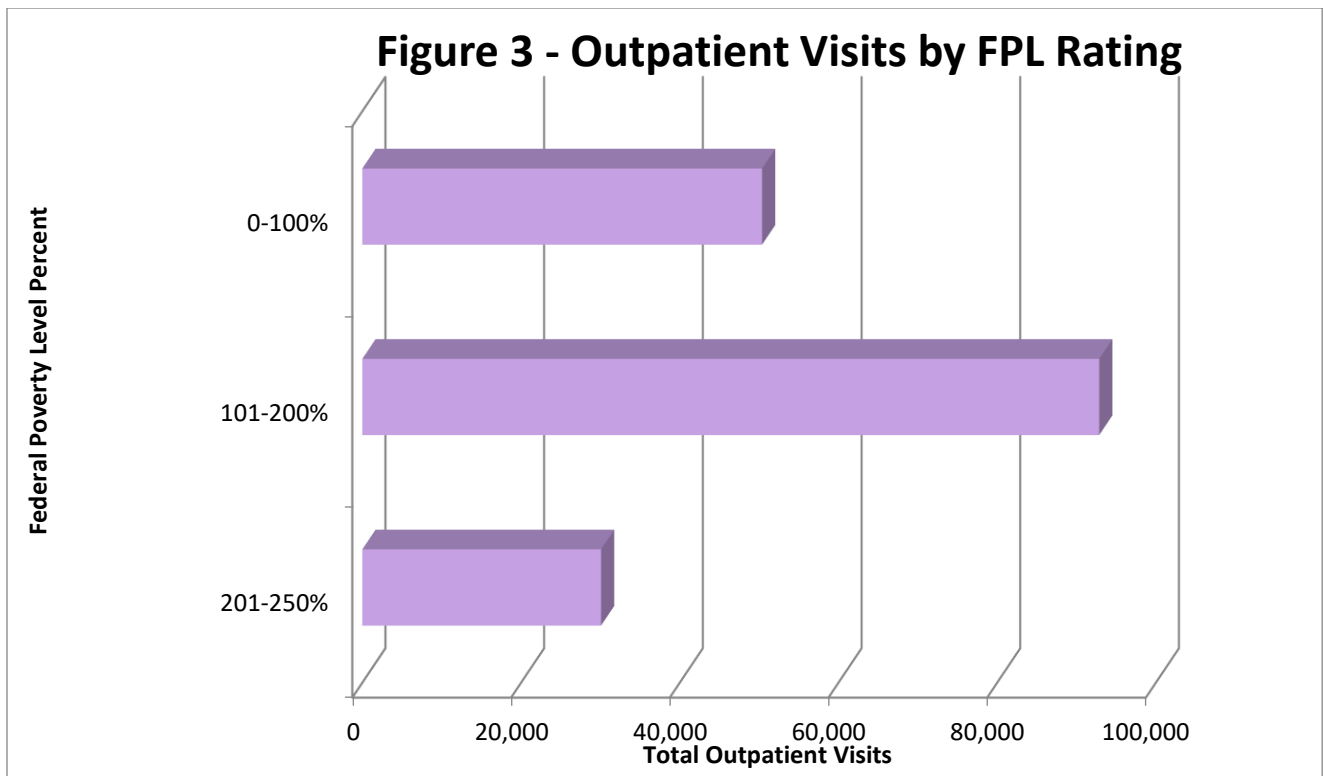

a 0.6% increase in outpatient visits while Denver Health Medical Center experienced a 5.3% increase and University of Colorado Hospital experienced a 10.5% decrease.

Table 4 Comparison of Outpatient Visits⁴

CICP Provider	FY 2016-17 Outpatient Visits	Percent Change	FY 2017-18 Outpatient Visits	Percent Change	FY 2018-19 Outpatient Visits	Percent Change
CICP Clinics	72,757	6.6%	73,819	1.5%	87,212	18.1%
CICP Hospitals ⁵	38,465	-6.9%	37,969	-1.3%	38,183	0.6%
Denver Health Medical Center	35,314	-21.8%	35,084	-0.7%	36,949	5.3%
University of Colorado Hospital	13,634	-10.5%	13,528	-0.8%	12,110	-10.5%
TOTAL	160,170	-5.7%	160,400	0.1%	174,454	8.8%

In FY 2018-19, the total number of outpatient visits for CICP clients rose by 8.8%, increasing from 160,400 in FY 2017-18 to 174,521 in FY 2018-19. Clients with an FPL rating between 0 and 100% made up 28.9% of the total visits, with clients falling between 101% and 200% making up 53.2% of the total visits, and clients falling between 201% and 250% making up 17.2% of the total visits.

PROVIDERS

PROVIDER ELIGIBILITY REQUIREMENTS

The CICIP allows participation from any interested provider that meets the following criteria:

1. Licensed or certified as a general hospital, community health clinic, or maternity hospital (birth center) by the Department of Public Health and Environment (DPHE); or

A federally qualified health center, as defined in section 1861 (aa) (4) of the federal “Social Security Act”, 42 U.S.C sec. 1395x (aa) (4); or

A rural health clinic, as defined in section 1861 (aa) (2) of the federal “Social Security Act”, 42 U.S.C sec. 1395x (aa) (2).

2. Assure that emergency care is available to all CICIP clients throughout the contract year.
3. If the provider is a hospital, the hospital must have at least two obstetricians with staff privileges at the hospital who agree to provide obstetric services to individuals entitled to such services as Health First Colorado members. In the case where a hospital is located in a rural area, the term “obstetrician” includes any physician with staff privileges at the hospital to perform non-emergency obstetric procedures. This obstetrics requirement does not apply to a hospital in which the patients are predominantly under 18 years of age or which does not offer non-emergency obstetric services as of December 21, 1987.

For the purposes of this FY 2018-19 Annual Report, CICIP providers are identified in the following categories by funding appropriation:

- CICIP Clinics - clinics located throughout the state.
- CICIP Hospitals - hospitals located throughout the state.
- CICIP Specialty Hospitals - this includes Children’s Hospital Colorado and National Jewish Health. Specialty providers must either offer unique services or serve a unique population. Additionally, at least 50% of the medical care rendered through the CICIP must be provided to individuals who reside outside the City and County of Denver.
- Denver Health Medical Center - Denver Health Medical Center, including neighborhood outpatient clinics.
- University of Colorado Hospital - University of Colorado Hospital and associated specialty clinics.

PROVIDER PARTICIPATION

A total of 70 providers, 50 hospitals and 20 clinics, participated in the CICIP in FY 2018-19. Most of the participating CICIP Clinics and several of the CICIP Hospitals have multiple sites. Any site other than the main facility is considered a satellite facility. There were 195 satellite CICIP facilities throughout the state for FY 2018-19.

PROGRAM ADMINISTRATION

REPORTING REQUIREMENTS

To meet its fiduciary responsibility, the Department requires CICIP providers to submit an annual report to the Special Financing Division at cicpcorrespondence@state.co.us.

This annual report has four forms (Summary Data, Physician, Pharmacy, and Ambulance). In accordance with the CICIP Provider Manual, the Clinic's annual data is due with the Provider Application in May. The Hospital's data is due with the annual data aggregation in June.

CICIP PROVIDER COMPLIANCE AUDIT

In accordance with the CICIP Provider Manual, the Department requires CICIP providers to submit a provider compliance audit statement along with a Corrective Action Plan (CAP), when required.

The Department contracted with the accounting firm Public Consulting Group, Inc (PCG) to conduct comprehensive reviews of providers receiving funding from the CICIP. Going forward, the Department's auditor will audit approximately one third of the participating providers during each contract year and test compliance with both eligibility and billing criteria based on programmatic requirements. As such, providers will be audited by the Department's auditor approximately once every three years instead of completing an audit annually. During FY 2018-19, PCG and the Department selected 12 providers consisting of 5 hospitals and 7 clinic providers to be audited on applications completed during FY 2017-18 and billing claims during calendar year 2017. The providers who were not chosen for the PCG audit were required to submit their Compliance Audits to the Department as they have done in previous years. Fiscal year 2018-19 is the only year in which there will be overlap in audits completed by both PCG and individual providers. In total for FY 2018-19, there were 68 audits submitted for FY 2017-18, 31 of which required a CAP. Most of the attributes for the 56 non-PCG audited providers were in the Manual Used Correctly and Correct Copay portions of the audit. PCG audits found errors in the Eligibility Determination - Health First Colorado or CHP+ and Billing Record Review areas. There were 9 audits that were late in submission, an improvement over the previous year. These findings were used to determine which areas to emphasize in the CICIP provider training held in August 2019.

PREVENTION OF FRAUD BY APPLICANTS

At the time of application, each CICIP applicant is notified of their rights prior to completing and signing the CICIP client application. The CICIP client application requires that the applicant attest to the accuracy of the personal and financial information presented to the provider and affirm his or her understanding that false statements could result in prosecution by local authorities.

The CICIP client application also includes a penalty clause, confirmation statement, and authorization for release of information. Part of the statement reads, "I authorize the Provider to use any information contained in the application to verify my eligibility for this program and to obtain records pertaining to eligibility from a financial institution as defined in Section 15-15-201(4), C.R.S., or from any insurance company." The applicant is required to sign this statement.

Any applicant reporting false information on a CICIP application should be reported to the local county District Attorney's office or to the local police by the provider.

COLLECTION OF THIRD-PARTY PAYMENTS

The CICIP guidelines require providers to collect all available payments from third-party resources. Providers are required to seek third-party reimbursement before the account is charged to the CICIP.

INCENTIVES FOR UTILIZATION CONTROL

Incentives for efficient utilization of resources are built into the CICP by the very nature of the reimbursement level since providers are contracted to prioritize their services of emergency and urgent care to CICP clients. Many CICP Hospitals have limited services and provide only emergency and urgent care.

REIMBURSEMENT

REIMBURSEMENT FOR CLINICS AND HOSPITALS

In the FY 2018-19 Long Bill, appropriations included the following line items:

Department of Health Care Policy and Financing

Section Five, Indigent Care Program

- Safety Net Provider Payments
- Clinic Based Indigent Care

In the FY 2018-19 Long Bill (HB 18-1322), the Colorado General Assembly appropriated \$311,296,186 through the Safety Net Provider Payments line item to reimburse CICIP Hospitals and other hospital providers for uncompensated care. This appropriation is funded through hospital provider fees and matching federal funds. The DSH and Uncompensated Care supplemental payments are made from this line item. For more information on payments to hospitals funded through hospital provider fees, including DSH and Uncompensated Care Payments by hospital, see the 2020 Colorado Healthcare Affordability & Sustainability Enterprise Annual Report available on the Department's website at www.colorado.gov/hcpf/department-reports.

The appropriation allocated to Clinic Based Indigent Care was \$6,090,896 in total funds appropriated through the FY 2018-19 Long Bill to the Clinic Based Indigent Care line item. Of the \$6,090,896, \$28,864 was appropriated for CICIP provider audits.

The State share for the federal match is General Fund matched with federal funds under upper payment limit (UPL) financing. The appropriation included funds to reimburse Children's Hospital Colorado for the administration of CICIP Clinic based care, resulting in total payments to CICIP Clinics of \$6,002,032.

Table 7 FY 2018-19 CICIP Payments

	State Funds ⁶	Provider Fees ⁷	Federal Funds	Payments to Providers ⁸
CICIP Clinics ⁹	\$3,001,016	\$0	\$3,001,016	\$6,002,032

Percent Change	-7.6%	-4.9%	21.0%
University of Colorado Hospital	\$25,879,127	\$27,370,907	\$27,608,360
Percent Change	-11.9%	5.8%	0.9%
All CICIP Hospitals	\$112,490,924	\$115,673,923	\$127,231,087
Percent Change	-9.2%	2.8%	10.0%
Total CICIP Providers	\$124,162,968	\$128,672,717	\$143,226,712
Percent Change	-7.4%	3.6%	11.3%

⁶ State Funds include State General Fund appropriations

⁷ This amount represents the portion of the entire payment received by the provider that is comprised of fees. It does not represent the amount of fees paid by the provider

⁸ Payments to Providers represents the actual cash payment and is the sum of State Funds, Provider Fees, and Federal Funds. Clinic payments are stated on a Fiscal Year and hospital provider fees and payments are stated on a Federal Fiscal Year

⁹ \$6,062,032 was paid to Children's Hospital Colorado, which administers payments to CICIP Clinics. Children's Hospital Colorado retained \$60,000 of the total funds for the administration of this payment, which are not reported in any other statistics or diagrams in this annual report

¹⁰ Source: Analysis of Data from Previous CICIP Annual Reports

REIMBURSEMENT METHODOLOGY FOR HOSPITALS

The Colorado Healthcare Affordability and Sustainability Enterprise (CHASE) charges a healthcare affordability and sustainability fee on hospitals which is matched with federal funds. The total funds collected are used to increase hospital reimbursement for services provided to Health First Colorado and CICIP clients, fund hospital quality incentive payments, and finance health coverage expansion in the Health First Colorado and CHP+ programs.

Hospital payments financed with fees are reported on a federal fiscal year (FFY) basis. CHASE hospital payments for FFY 2018-19 totaled more than \$1.33 billion, including \$213 million in DSH payments for CICIP Hospitals.

More information about the CHASE hospital payments, including DSH payments by hospital, are reported in the 2020 Colorado Healthcare Affordability and Sustainability Enterprise Annual Report, available on the Department’s website at www.colorado.gov/hcpf/department-reports.

REIMBURSEMENT METHODOLOGY FOR CLINICS

Clinic Payments

➤ CICIP Clinic Payments \$6,002,032

CHILDREN’S HOSPITAL COLORADO CLINIC PAYMENT

An agreement was reached with Children’s Hospital Colorado and the Department such that the hospital would administer the CICIP payments to the CICIP Clinics. Of the \$6,062,032 paid to Children’s Hospital Colorado, \$6,002,032 was paid to the CICIP Clinics as payment for services provided under the CICIP. The remaining amount was retained by Children’s Hospital Colorado to administer the payments to the CICIP Clinics.

Displayed in Table 9 are reimbursement and total write-off costs for Clinic Providers in FY 2018-19. The average reimbursement relative to costs for Clinic Providers was 37.52%, a decrease from last year’s 46.62%.

Table 9 FY 2018-19 Percentage of Write-Off Cost Reimbursed¹¹

	Payment	Write-Off Costs	Percent Reimbursed
CICIP Clinic Providers	\$6,002,032	\$15,995,625	37.52%

Table 10 shows the average reimbursement as a percentage of costs for CICIP Clinic Providers over the past six fiscal years. The reimbursement rate for CICIP Clinics remains decreased due to the discontinuance of the Health Care Services Fund. The Department believes reimbursement percentages for the past five years are higher than previous years due to the enactment of the ACA in January 2014, which resulted in lower write-off costs for Clinic Providers due to increased eligibility for Health First Colorado.

¹¹ Source: Table 7, Financial Tables

Table 10 Historical Percentage of Write-Off Cost Reimbursed¹²

	FY 2013-14	FY 2014-15	FY 2015-16	FY 2016-17	FY 2017-18	FY 2018-19
CICP Clinic Providers	21.11%	64.92%	59.06%	51.92%	46.62%	37.52%

Write-off costs for all CICP providers have decreased 75.3% from FY 2012-13 to FY 2018-19, with write-off costs for CICP Hospitals decreasing 74.0% and write-off costs for CICP Clinics decreasing 63.2% from FY 2012-13 levels. Write-off costs for the two largest CICP Hospital providers have decreased significantly since 2012-13, with a decrease of 82.0% for Denver Health Medical Center and a decrease of 74.6% for University of Colorado Hospital. The decrease in write-off costs, as is the case with caseload and other statistics, can be largely attributed to the implementation of the Medicaid expansion pursuant to SB 13-200 and the ACA in January 2014.

¹² Source: Analysis of CICP Annual Reports

PRIMARY CARE FUND PROGRAM

In accordance with Section 21 of Article X (Tobacco Taxes for Health Related Purposes) of the State Constitution, an increase in Colorado's tax on cigarettes and tobacco products became effective January 1, 2005, and created a cash fund that was designated for health related purposes. HB 05-1262 divided the tobacco tax cash fund into separate funds, assigning 19% of the moneys to establish the Primary Care Fund.

The Primary Care Fund provides an allocation of moneys to health care providers that make basic health care services available in an outpatient setting to residents of Colorado who are considered medically indigent. Awards are allocated based on the number of medically indigent patients who received services from a provider in an amount proportionate to the total number of medically indigent patients served by all health care providers who qualify for an award from this fund. Primary Care Fund providers are required to submit with their application the tiered co-payment sliding fee schedule they use for determining the level of patient financial participation and that guarantees the patient financial participation is below usual and customary charges.

To be a qualified provider, an entity must:

- Accept all patients regardless of their ability to pay, using either a meaningful sliding fee schedule or providing services to the patient at no charge;
- Serve a population that lacks adequate health care services;
- Provide cost-effective care;
- Provide comprehensive primary care for all ages;
- Screen and report eligibility for Health First Colorado, CHP+, and CICIP; and,
- Be a federally qualified health center per Section 330 of the federal Public Health Services Act or have a patient base that is at least 50% uninsured, medically indigent, a participant in the CHP+, a participant in Health First Colorado, or any combination thereof.

In FY 2018-19, \$25,168,168 was allocated to 35 Primary Care Fund providers. These providers served 107,936 unique medically indigent clients in the 2017 Calendar Year.

The Department began audited the information provided on applications for funding through the Primary Care Fund for accuracy and validity following the General Assembly's appropriation of funds for this purpose beginning in FY 2015-16. Approximately one-third of all Primary Care Fund providers are audited each year. The results from the data validation process have improved the transparency and efficiency of the Primary Care Fund Grant. The role of the contracted auditor is to:

- Verify the number of unique medically indigent clients reported on the application;
- Verify correct copayments were charged;
- Report draft findings after they complete each provider audit; and
- Prepare a final report for the Department.

FEDERAL MATCH RATES

Payments for medical services covered under Title XIX of the Social Security Act (the Medicaid Program) are matched with federal funds at the state's Federal Medical Assistance Percentage (FMAP) rate. The FMAP rate is the percentage of the total payments that consists of federal funds. For example, if the FMAP is 50%, then for every qualified payment of \$100, \$50 is sourced from federal funds while the remaining \$50 is sourced from General Fund or other state dollars. The FMAP rate is used to determine the federal share of most Medicaid expenditures, but exceptions to the regular FMAP rate have been made for certain states, situations, populations, providers, and services. The FMAP is based on the state's median income level relative to the national average, therefore states with a larger proportion of their population at low-income levels will receive a higher federal match than states with a smaller proportion of low-income individuals. The FMAP rate varies from state to state but is never less than 50%.

Exceptions to the regular FMAP include categories of service that have historically been federally matched at a higher percentage. Breast and Cervical Cancer Program (BCCP) services receive a 65% FMAP; Family Planning Services receive a 90% FMAP; and Indian Health Services receive a 100% FMAP. Additionally, the Patient Protection and Affordable Care Act (ACA) stipulates that Medicaid expansion populations receive a higher match rate than traditional Medicaid populations. Both expansion populations of parents and adults, with qualifying income up to 133% of the federal poverty level (FPL) received a 93.5% FMAP in FY 2018-19.

For DSH payments, the federal government matches state payments using the FMAP, but the total DSH payments in a state are subject to an annual allotment or cap.

Section 5001 of Public Law 111-5, the American Recovery and Reinvestment Act of 2009 (ARRA), provided for a temporary increase in the FMAP to assist states in meeting the costs of increasing Medicaid caseloads at a time when their revenues fell due to rising unemployment. Three types of temporary assistance applied to the costs of Medicaid items and services during the period October 1, 2008, through December 31, 2010:

1. States that would otherwise experience a drop in their federal matching rate under the regular FMAP formula during FY 2009 or FY 2010 or the first quarter of FY 2011 were held harmless against any decline.
2. Every state received an increase in its FMAP by 4.9 percentage points for the entire nine-quarter period.
3. States experiencing an increase in their unemployment rate received an additional percentage point increase in their FMAP based on a specific formula.

For the period October 1, 2017 to September 30, 2018, Health First Colorado was assigned the minimum FMAP rate of 50%. The 50% FMAP rate was also effective for the period ended September 30, 2019. Federal funds were specified to offset the state's General Fund and not directed to increase or decrease provider payments when the FMAP changes.

The FMAP increase under ARRA did not apply to DSH payments. The FMAP for DSH payments remained at the state's effective FMAP rate without ARRA, keeping Colorado's FMAP for DSH payments at 50%.

The FMAP rates for Colorado from FFY 2008-09 through FFY 2017-18 are listed in Table 12.

Table 12 Colorado's Federal Match Rates

Federal Fiscal Year (October - September)	Match Rate
2009-10	61.59%
2010-11 (Oct. 1, 2010 - Dec. 31, 2010)	61.59%
2010-11 (Jan. 1, 2011 - March 31, 2011)	58.77%
2010-11 (April 1, 2011 - June 30, 2011)	56.88%
2010-11 (July 1, 2011 - Sept. 30, 2011)	50.00%
2011-12	50.00%
2012-13	50.00%
2013-14	50.00%
2014-15	51.01%
2015-16	50.72%
2016-17	50.02%
2017-18	50.00%
2018-19	50.00%

DISPROPORTIONATE SHARE HOSPITAL PAYMENT

LAW AND REGULATIONS

In 1987, Congress amended Title XIX of the Social Security Act (the Medicaid Program), requiring states to make enhanced payments for those safety-net hospitals which provide services to a disproportionate share of Medicaid and low-income patients. DSH payments are intended to offset the uncompensated costs of providing services to uninsured and underinsured patients. The payments assist in securing hospitals' financial viability and preserving access to care for Health First Colorado and uninsured patients, while reducing a shift in costs to private payers. In subsequent legislation, Congress gave states a great deal of flexibility in the design and implementation of their DSH plans.

As states exercised this flexibility to finance the state share of the Medicaid Program, the federal government became alarmed at the corresponding impact on the federal budget. Regulations were put into effect to limit states' discretion in using provider taxes and contributions for this purpose. These regulations placed caps on the amount of DSH payments states can utilize. Since January 1991, Health First Colorado has developed and implemented several measures using DSH payments to finance Health First Colorado program expansions and to cover the escalating costs of ongoing Health First Colorado programs and costs associated with the CICP. Today, DSH payments to CICP Hospitals are financed with the healthcare affordability and sustainability fee and federal matching funds under CHASE.

PAYMENT ALLOTMENT

Federal law establishes an annual DSH allotment for each state that limits Federal Financial Participation (FFP) for total statewide DSH payments made to hospitals. Federal law also limits FFP for DSH payments through the hospital-specific DSH limit. Under the hospital-specific DSH limit, FFP is not available for DSH payments that are more than the hospital's eligible uncompensated care cost, which is the cost of providing inpatient hospital and outpatient hospital services to Health First Colorado and uninsured patients, minus payments received by the hospital from or on behalf of those patients.

Based on the assumption of declining uninsured and uncompensated care, the ACA prescribed aggregate reductions to the DSH payments beginning in FFY 2013-14 and scheduled through FFY 2019-20. However, several pieces of legislation enacted since 2010 altered the ACA's Medicaid reduction schedule. In 2017, the US House of Representatives passed H.R. 3922 which delayed Medicaid payment reductions, slated to begin in FFY 2019-20 and scheduled through FFY 2024-25. On December 20, 2019, a continuing resolution was signed by the US President delaying the aggregate reductions until May 23, 2020.

DSH AUDIT

Each year, the Department submits an independent audit of DSH Payments (DSH Audit) to the Centers for Medicare and Medicaid Services (CMS) as directed by Title 42 of the Code of Federal Regulations (CFR), Section 447 (Payments for Services, Reporting Requirements) and 42 CFR Section 455 (Subpart D—Independent Certified Audit of State Disproportionate Share Hospital Payment Adjustments). Beginning with the audits for FY 2010-11, those hospitals that exceed their hospital-specific DSH limit must redistribute the overage to those hospitals under their hospital-specific DSH limit as prescribed by the Medicaid State Plan. The most recent DSH Audit was submitted in December 2019 for DSH payments made in FY 2015-16.

More information, including states' Annual DSH Reports, is available on CMS' website at <https://www.medicaid.gov/medicaid/financing-and-reimbursement/dsh/index.html>.

Table 13 Colorado DSH Allotment

Federal Fiscal Year	Disproportionate Share Hospital Allotments (Federal Funds)
2009-10	\$95,566,125
2010-11	\$92,507,555
2011-12	\$94,727,736
2012-13	\$97,190,657

DEFINITIONS

Affordable Care Act (ACA) - The comprehensive federal health care reform law enacted in March 2010. The law was enacted in two parts: The Patient Protection and Affordable Care Act was signed into law on March 23, 2010 and was amended by the Health Care and Education Reconciliation Act on March 30, 2010. The name “Affordable Care Act” is used to refer to the final, amended version of the law.

American Recovery and Reinvestment Act of 2009 or ARRA - Economic stimulus bill that was created after the economic recession in 2007 to invest in healthcare initiatives.

Calendar Year - The twelve-month period beginning on January 1st and ending on December 30th of the same year.

Centers for Medicare and Medicaid Services (CMS) - The federal agency that runs the Medicare, Medicaid, and Children’s Health Insurance Programs, and the federally facilitated health insurance marketplace.

Child Health Plan Plus (CHP+) - Colorado’s Children’s Health Insurance Program, which is jointly funded by the state and federal government. CHP+ is low cost health and dental insurance for Colorado’s uninsured children and pregnant women. CHP+ is public health insurance for children and pregnant women who earn too much to qualify for Health First Colorado, but not enough to afford private health insurance.

Colorado Indigent Care Program (CICP) - A State program that reimburses participating providers for a portion of the costs incurred in treating eligible individuals. In turn, providers must adhere to State-established limits for amounts charged to eligible individuals. The program promotes access to health care services for low-income individuals by helping to defray the provider costs of furnishing uncompensated care and by limiting the amount that low-income patients must pay. The CICP is not an insurance plan under state law, because it does not provide individuals with a policy that defines a list of benefits to which they are entitled. Colorado statute limits the program’s expenditures to available appropriations and the individual provider’s physical, financial, and staff resources.

CICP Client - A lawfully present, Colorado resident whose household income and assets are at or below 250% of the federal poverty level.

CICP Clinic or Clinic Provider - A community health clinic licensed by the Department of Public Health and Environment or certified by the U.S. Department of Health and Human Services as a federally qualified health center or rural health clinic and participates in the Colorado Indigent Care Program.

CICP Hospital or Hospital Provider - Any General Provider that is a general hospital licensed or certified by the Department of Public Health and Environment pursuant to 25-1.5-103 C.R.S., which operates inpatient facilities and participates in the Colorado Indigent Care Program.

CICP Rating - An assigned numeric code that designates a family’s copayment and annual copayment cap and correlates to a specific ability to pay. Income, resources, and the family household size are used to determine what percentage of the federal poverty level the family meets. The CICP Federal Poverty Level Percentage Range Scale is divided into 11 sections.

Colorado Healthcare Affordability and Sustainability Enterprise (CHASE) Act of 2017 - Pursuant to Section 25.5-4-402.4, C.R.S., effective July 1, 2017 CHASE is a government-owned business within the Department to collect a healthcare affordability and sustainability fee from hospitals to increase

Health First Colorado and CICIP payments to hospitals, to fund hospital quality incentive payments, to expand health care coverage in the Health First Colorado and CHP+ programs, to reduce cost-shifting to private payers, and to provide other business services to hospitals.

Comprehensive Primary Care - Specific to the Primary Care Fund, the basic, entry-level health care provided by health care practitioners or non-physician health care practitioners that is generally provided in an outpatient setting. Comprehensive primary care, at a minimum, includes providing or arranging for the provision of the following services on a year-round basis: Primary health care; maternity care, including prenatal care; preventive, developmental, and diagnostic services for infants and children; adult preventive services, diagnostic laboratory and radiology services; emergency care for minor trauma; pharmaceutical services; and coordination and follow-up for hospital care.” 25.5-3-203 (1), C.R.S.

Connect for Health Colorado - Colorado’s health insurance marketplace for small employers with two to fifty (2 to 50) employees, Coloradans who buy their own health insurance or are uninsured, or do not have access to affordable coverage through an employer. Connect for Health Colorado is a non-profit entity established by a state law, Senate Bill 11-200, that was passed in 2011. The organization, legally known as the Colorado Health Benefit Exchange, is governed by a Board of Directors with additional direction from a committee of state legislators, known as the Legislative Health Benefit Exchange Implementation Review Committee.

Department of Health Care Policy and Financing or Department - A department of the government of the State of Colorado.

Denver Health Medical Center - Under the CICIP, Denver Health Medical Center primarily serves eligible patients who reside in the City and County of Denver. These facilities include Denver Health Medical Center and 10 neighborhood health clinics, 9 of which are located in Denver and 1 of which is located in Winter Park.

Disproportionate Share Hospitals (DSH) - Available DSH funds are distributed to hospitals that participate in the CICIP and to other Colorado Health First Colorado hospitals under two separate DSH payments: the CICIP Disproportionate Share Hospital Payment and the Uninsured Disproportionate Share Hospital Payment. The payments help defray the cost of treating uninsured and low-income patients. DSH payments assist in securing the hospitals’ financial viability, preserving access to care for the Health First Colorado and low-income clients, while reducing cost shifting onto private payers.

Emergency Care - Treatment for conditions of an acute, severe nature which are life, limb, or disability threats requiring immediate attention, where any delay in treatment would, in the judgment of the responsible physician, threaten life or loss of function of a patient or viable fetus, Section 25.5-3-103 (1), C.R.S.

Federal Fiscal Year or FFY - The twelve-month period beginning on October 1st of each Calendar Year and ending on September 30th of the following Calendar Year.

Federal Medical Assistance Percentage (FMAP) or Federal Match Rate - The portion of the eligible medical and administrative payments that consist of federal funds. For example, if the federal match rate is 50%, then for every qualified payment of \$100, \$50 is federal funds while the remaining \$50 is State General Fund or other state dollars.

Federal Poverty Level or FPL - A measure of income issued every year by the United States Department of Health and Human Services (HHS).

Federally Qualified Health Center - Community-based health care providers that receive funds from the Health Resources & Services Administration (HRSA) to provide primary care services in underserved areas as defined in section 1861 (aa)(2) of the Federal Social Security Act, 42 U.S.C. sec. 1395x (aa)(4).

Fiscal Year or FY - The twelve-month period beginning on July 1st of each Calendar Year and ending on June 30th of the following Calendar Year.

General Provider - Licensed or certified as a general hospital, community health clinic, or maternity hospital (birth center) by the Department of Public Health and Environment or certified by the U.S. Department of Health and Human Services as a federally qualified health center or rural health clinic.

Health First Colorado or Colorado's Medicaid Program - Colorado medical assistance program as defined in Article 4 of Title 25.5, C.R.S.

Inpatient Day - Each day in which an individual is admitted into a hospital, whether or not the individual is in a specialized ward and whether or not the individual remains in the hospital for lack of suitable placement elsewhere.

Long Bill - Legislative document that provides for the payment of expenses of the executive, legislative, and judicial departments of the State of Colorado, and of its agencies and institutions, for and during the fiscal year beginning July 1st, unless otherwise noted.

Medically Indigent or Indigent - A person receiving medical services from a Qualified Health Care Provider and:

- Specific to the Primary Care Fund:
 - Whose yearly family income is below 200% of the FPL for the Primary Care Fund;
 - Who is not eligible for Health First Colorado, CHP+, Medicare, or any other governmental reimbursement for health care costs such as through Social Security, the Veterans Administration, Military Dependency (TRICARE or CHAMPUS), or the United States Public Health Service. (Payments received from the CACP are not considered a governmental reimbursement for health care costs related to a specific patient); and
 - There is no Third-Party Payer.
- Specific to the CACP:
 - Whose income and combined assets are at or below 250% of the FPL; and
 - Who is not eligible for Health First Colorado or CHP+.

Medical Services Board - An 11-member board responsible for adopting rules that govern the Department's programs. Of the 11 members, there is at least 1 member from each congressional district and no more than 6 members from the same political party.

Non-Emergency Care - Treatment for any conditions not included in the emergency care definition and any additional medical care for those conditions the Department determines to be the most serious threat to the health of medically indigent persons.

Outpatient visit - Determined by counting only one visit day for each calendar day that a patient visits an outpatient department or multiple outpatient departments.

Primary Care Fund or Primary Care Fund Program - The Primary Care Fund as authorized by state law at part 2 of the article 3 of title 25.5, C.R.S. (2017).

Qualified Health Care Provider - A provider defined by each program as follows:

- Specific to the CICIP:
 - Any General Provider who is approved by the Department to provide and receive funding for discounted health care services under the CICIP.
- Specific to the Primary Care Fund:
 - A provider who is identified by the Department to receive funding from the Primary Care Fund and who:
 - Accepts all patients regardless of their ability to pay and uses a Sliding Fee Schedule for payments or does not charge Medically Indigent Patients for services;
 - Serves a designated Medically Underserved Area or Medically Underserved Population as provided in section 330(b) of the federal “Public Health Services Act”, 42 U.S.C. sec. 254b, or demonstrates to the Department that the entity serves a population or area that lacks adequate health care services for low-income, uninsured persons;
 - Has a demonstrated Track Record of providing Cost-Effect Care;
 - Provides or arranges for the provision of Comprehensive Primary Care to persons of all ages. An entity in a rural area may be exempt from this requirement if they can demonstrate that there are no providers in the community to provide one or more of the Comprehensive Primary Care services;
 - Completes a screening that evaluates eligibility for Health First Colorado, CHP+, and the CICIP and refers patients potentially eligible for one of the Programs to the appropriate agency (e.g., county departments of human/social services) for eligibility determination if they are not qualified to make eligibility determinations; and
 - Is a community health center, as defined in Section 330 of the federal “Public Health Services Act”, 42 U.S.C. Section 254b; or at least 50% of the patients served by the applicant agency are Medically Indigent Patients or patients who are enrolled in Medicaid, CHP+, or any combination thereof.

Residency - The residence of a person is the principal or primary home or place of abode of a person. A principal or primary home or place of abode is that home or place in which a person’s habitation is fixed and to which they, whenever absent, have the present intention of returning after a departure or absence there from, regardless of the duration of such absence, pursuant to Section 1-2-102, C.R.S.

Rural Health Clinic - Clinics that are located in rural areas and that have been certified under Medicare as defined in section 1861(aa)(2) of the Federal Social Security Act, 42 U.S.C. sec. 1395x (aa)(2). Such clinics are either freestanding or hospital affiliated.

Sliding Fee Schedule - Specific to the Primary Care Fund, a tiered co-payment system that determines the level of patient financial participation and guarantees that the patient financial participation is below usual and customary charges. Factors considered in establishing the tiered co-payment system shall only be financial status and the number of members in the patient’s family unit. In the case of Pharmaceutical Services, formal arrangements with pharmaceutical companies to

provide prescriptions at a minimal charge or at no fee can replace a Sliding Fee Schedule as long as all classes of prescription medications are covered.

Social Security Act - A legislative act established in 1935 to provide for the general welfare by establishing a system of Federal old-age benefits, and by enabling the several states to make more adequate provision for aged persons, blind persons, dependent and crippled children, maternal and child welfare, public health, and the administration of their unemployment compensation laws; to establish Social Security Board; to raise revenue; and for other purposes.

Third-Party Payment or Third-Party - Any payment for health services including, but not limited to, private health insurance, medical payments under any other private insurance plan, Workers' Compensation, Medicare, CHAMPUS, The Health Care Program for Children with Special Needs, and other insurance coverage responsible for payment of medical expenses incurred by individuals. Responsibility for payment may be established by contract, by statute, or by legal liability. Third-party payment does not include: 1) payment from voluntary sources or 2) payment under the Colorado Crime Victim Compensation Act, Section 24-4.1-100.1, C.R.S.

University of Colorado Hospital - Under the CICIP, University of Colorado Hospital serves primarily the residents of the Denver metropolitan area who are not residents of the City and County of Denver. University of Colorado Hospital also serves as a referral center to provide such complex care that is not available nor contracted for in Denver and the remaining areas of the state.

Upper Payment Limit or UPL - The UPL is the maximum amount Health First Colorado can reimburse a provider and still receive the federal match rate. The UPL is calculated for three (3) distinct service categories: Inpatient Hospital, Outpatient Hospital, and Nursing Facilities. The three (3) unique UPLs are calculated by the Department such that each must be a reasonable estimate of the amount Medicare would reimburse providers for providing Health First Colorado services.

³⁷ Unduplicated client count is a count of unique medically indigent patients by provider. Providers report a unique count for inpatient, outpatient, and total clients served. Since this count is done at the provider level, a client who receives care at multiple CICP providers is counted multiple times in this figure. These conditions create an unduplicated count that overstates the number of actual clients receiving care under the CICP.
