Medicaid bulletins contain important policy and billing information and should be shared promptly with billing staff.

Bulletins supplement information in the Medicaid Provider Manual and should be retained with the provider manual for reference. Retain all bulletins until published notification advises that the information is obsolete or reproduced in subsequent bulletins or provider manual updates.

Please direct questions about bulletins and billing information to Medicaid Provider Services.

Provider manual revision

This bulletin includes provider manual replacement pages for the Home Health specialty manual.

Effective with the distribution of these revisions, the following pages should be replaced:

Replace:	With:
Pages 7 & 8, dated 10/98	Pages 7 & 8, revision date 2/00

Please read the attached revisions carefully, update the specialty manual and discard obsolete or outdated information.

These revisions reflect extensive changes in the Medicaid Home Health billing rules. Administrators and billing supervisors are advised to carefully read these revisions, as well as the Home Health rules at 8.520 through 8.530.

Each Medicaid-enrolled provider receives a single copy of the provider manual. Copy the manual, manual updates, and bulletins as needed. Providers are responsible for making updated billing information available to billing personnel and billing services.

* **Note:** Revised pages are included in the Home Health Specialty Manual in the Manuals section of the web site.
