Medicaid reprocesses claim adjustments

Automatic claim adjustments processed April 1999 through February 2000 incorrectly paid claims that originally denied for being out of timely filing. These claims are scheduled for automatic recoupment during the February 11, 2000 processing cycle. The correction will appear under the "Adjustments Paid" heading on the February 15, 2000 remittance statement and are identified with a "4" as the first digit of the Transaction Control Number (TCN). These transactions will reverse the overpayment and result in a credit. Money owed the State will be deducted from your Medicaid payments until the balance is fully recovered.

As a reminder, claims must be submitted within 120 days of the date of service. If the original timely filing period expires, a rebill or adjustment request must be received by the fiscal agent within 60 days of the last adverse action.
