### Equipment, Supply, Orthotic & Prosthetic CMS Codes

The Colorado Medical Assistance Program uses the Centers for Medicare and Medicaid (CMS), formerly the Health Care Financing Administration's (HCFA), Common Procedural Coding System (HCPCS) to identify Medical Assistance Program services.

This is the CMS code bulletin for Supply and Durable Medical Equipment (DME) services. The codes in this bulletin are **effective for services provided on and after January 1, 2004. This document replaces Medical Assistance Program Bulletin B0300153 (03/03).** Keep this bulletin with the Provider Manual for reference. Coding updates and revisions will also be published in Medical Assistance Program bulletins.

## USE OF THE HCPCS LISTING & SPECIAL BILLING INSTRUCTIONS

The following list of HCPCS (HCFA Common Procedural Coding System) codes has been approved by the Colorado Department of Health Care Policy and Financing for use in submitting claims for medical supplies and durable medical equipment (DME) to the Colorado Medical Assistance Program. Use this list when completing Medical Assistance Program claims. Updates and revisions will be made available through future Medical Assistance Program Bulletins.

Read the following information carefully:

### A. General Billing Information

Electronic media claims: Supply/DME services are submitted on the electronic Colorado 1500/837P format.

Pharmacies billing for supplies/equipment submit on the electronic Colorado 1500/837P format.

Paper claims: Supply/DME services are submitted on the Colorado 1500 claim form.

Pharmacies billing for supplies/equipment submit on the Colorado 1500 claim form.

Coding: Use procedure codes and modifiers as instructed in the most recent Medical Assistance Program bulletin. Failure to meet the requirements may place the provider in jeopardy of recovery actions and/or State or Federal civil sanctions.

Most DME and medical supplies provided to hospitalized individuals, persons residing in nursing facilities or group homes, and dialysis facilities must be provided by the facility and cannot be submitted for direct payment to the medical supplier or pharmacy. Charges for oxygen contents and certain oxygen delivery systems for nursing facility and group home residents must be billed by the supply provider. Procedure codes for oxygen services provided to nursing facility residents are included in this list.

### B. Capped Rental

1. Deleted procedure codes for capped rental items remain in effect for Medicare x-over claims only. These procedure codes should not be used except for paid x-over claims.
2. The Medical Assistance Program does not pay for any charges after Medicare has paid for purchase or capped rental of durable medical equipment.
3. Rebates: If a rebate is available for any product, the provider is responsible for doing one of the following:
  - Instant: Cost must reflect Usual and Customary charge minus the rebate received or anticipated from the manufacturer.
  - Mail-in: Obtainable by mail shall indicate the purchaser to be the:
 

Colorado Medical Assistance Program  
 1570 Grant Street  
 Denver CO 80203-1714
4. The Medical Assistance Program processes maintenance charges for capped rental or purchased items approved by Medicare. State sales tax: Providers cannot bill for state sales tax collection.

### C. Billing for "Fee Schedule" Services

Under Federal Law and State Regulations, providers are reminded that the Medical Assistance Program shall not be billed amounts in excess of that charged to non-The Medical Assistance Program clients (42 CFR 447).

Providers are requested to submit their Usual and Customary charges to the Medical Assistance Program.

### D. Billing for "By Invoice" Services

Providers submitting claims for which acquisition costs will be utilized as a basis for reimbursement are subject to the following requirements:

- Billed amounts may not exceed the actual acquisition costs of the item.
- Actual acquisition costs are defined as the manufacturer's list price for the item less any standard trade discount applied to lower the actual cost to the provider but excluding any time sensitive or otherwise conditional discounts available to the provider.
- Copies of invoices documenting actual acquisition costs shall be maintained in the provider's files in accordance with Department regulations. Providers cannot bill for state sales tax collection.

Failure to meet the requirements may place the provider in jeopardy of recovery actions and/or State or Federal civil sanctions. Misrepresentation of actual acquisition costs could result in State or Federal, civil, or criminal sanctions.

## REQUIREMENTS FOR WHEELCHAIR PURCHASE & EQUIPMENT REPAIRS

Important - prior authorization requests and claims for wheelchair purchase and equipment repair require the following:

1. Prior authorization requests (PARs) for wheelchair purchase (manual, power or 3-wheeled) must identify the model and manufacturer in field 16 on the PAR form.
2. PARs for equipment repair must identify the serial number of the equipment in field 12 on the PAR form.

Wheelchair purchase or equipment repair claims must either identify the serial number in field 30 on the paper claim, or if billing electronically, the serial number must be kept in the provider records. A physician's prescription is no longer required for wheelchair repairs, and no physician signature is required on repair PARs.

**HCPCS CODING INFORMATION**

**Code column:** CMS HCPCS codes consist of a letter followed by four numbers. Read the entire entry to determine the benefit status of the item. Codes authorized for the Medical Assistance Program may not correspond to codes approved for Medicare billing. This list contains approved The Medical Assistance Program CMS HCPCS codes. Codes that do not appear in this listing are not benefits of the Medical Assistance program.

**Modifiers:** Modifiers are used with HCPCS codes to describe circumstances that may change or alter payment. The following modifiers are approved for use with DME procedure codes and must be used when applicable:

| Mod      | Description  |   |          |                                |          |          |          |   |          |          |          |  |          |
|----------|--|---|----------|--------------------------------|----------|----------|----------|---|----------|----------|----------|--|----------|
| -UB      | <p>Manufacturer's Invoice Price</p> <p>Use with supply/DME codes &amp; special procedure codes for invoiced tax, shipping &amp; handling fees when the billed charge represents the manufacturer's invoice price to a retail provider. Use UB modifier to identify invoiced shipping, invoiced tax, and the 20% Medical Assistance Program allowed handling fee.</p> <p>For example:</p> <table border="0" style="width: 100%;"> <tr> <td style="width: 15%; text-align: right;">MM/DD/YY</td> <td style="width: 15%;">K0002-UB</td> <td style="width: 30%;">Wheelchair (Cost from invoice)</td> <td style="width: 40%; text-align: right;">\$450.00</td> </tr> <tr> <td style="text-align: right;">MM/DD/YY</td> <td>K0115-UB</td> <td>Orthotic seating system (Cost from invoice)</td> <td style="text-align: right;">\$800.00</td> </tr> <tr> <td style="text-align: right;">MM/DD/YY</td> <td>A9901-UB</td> <td>Handling<br/>(20% of cost for both items)</td> <td style="text-align: right;">\$250.00</td> </tr> </table> | MM/DD/YY                                    | K0002-UB | Wheelchair (Cost from invoice) | \$450.00 | MM/DD/YY | K0115-UB | Orthotic seating system (Cost from invoice) | \$800.00 | MM/DD/YY | A9901-UB | Handling<br>(20% of cost for both items) | \$250.00 |

| -KH      | <p>1st month DME rental</p> <p>Use with DME codes to identify non-prior authorized 1st month equipment rental provided while obtaining prior authorization for continued rental or for purchase. When purchased, reduce the billed amount for purchase by rental reimbursements received.</p>  |   |          |                                |          |          |          |   |          |          |          |  |          |
| -RR      | <p>DME rental on a per month basis.</p> <p>Unless otherwise noted in the Medical Assistance Program CMS Code Bulletin, one item represents one-month rental period. The claim date of service must represent the <b>last day</b> of the rental period.</p> <p>Note: Some items are available as a rental or purchase only. If the item is only available for rental, the HCPCS procedure code includes the <b>-RR</b> modifier as part of the listed code.</p>   |   |          |                                |          |          |          |   |          |          |          |  |          |
| -BO      | Orally administered nutrition, not by feeding tube   |   |          |                                |          |          |          |   |          |          |          |  |          |

**Narrative column:** A description of the service. When possible and appropriate, the description of the item includes a notation of the billing unit. Example: A4246 Betadine, per pint. One item represents one pint of Betadine. If the item description does not identify the billing unit for miscellaneous items, add sufficient information on the claim form to identify the billing unit. For disposable supplies, one billing unit represents one item unless otherwise noted. Example: A box of 200 lancets would be billed as 200 items.

**PAR column:** The prior authorization status of the identified item.

**Yes** A request for prior authorization should be submitted & approved **before the item/service is provided**. Claims for items that have not received prior authorization approval will be denied.

**Note:** Procedures identified by \* (asterisk) are reviewed by CFMC (Colorado Foundation for Medical Care). Prior Authorizations for these items should be sent directly to CFMC at:

CFMC  
 Attention: Medical Assistance Program/DME PARs  
 P.O. Box 17300  
 Denver, CO 80217-0300

**No** The identified item is a regular Medical Assistance Program benefit that does not require special authorization when provided to an eligible Medical Assistance Program client.

**Conditional** The item requires prior authorization under certain circumstances. See the Comments section next to the item for an explanation of the circumstances.

Prior Authorization Requests (PARs) must be approved before claims are submitted. PAR approval does not guarantee Medical Assistance Program payment and does not serve as a timely filing waiver. PAR approval only assures that the service has been identified as medically necessary. All of the requirements for eligibility and proper claim submission must be met before reimbursement will be made. The provider is responsible for verifying the client's eligibility status on the date of service and securing appropriate primary care physician authorizations and billing information.

Prior authorization requirements apply to all items reimbursed through any source other than Medicare X-overs.

Prior authorization does not apply to Medicare X-over claims. If Medicare approves benefits, The Medical Assistance Program does not require prior authorization. If the item is not a Medicare benefit, the claim must meet all Medical Assistance Program billing requirements including prior authorization, if applicable.

**Maximum allowable purchase column:**

Any dollar amount: Purchase benefit is available up to the identified dollar amount maximum.

BI: Benefit payment is available and based upon a manufacturer's invoice to be maintained in the provider's files. With proper claim completion, payment may include the cost of acquisition from a manufacturer or a wholesale vendor, and an allowance of up to 20% handling. By invoice codes require the -UB modifier.

n/a: Benefit for purchase of the identified item is not allowed.

**Maximum allowable rental column:**

Any dollar amount: Rental benefit is available up to the identified dollar amount maximum. Accessories, maintenance, and repairs are inclusive in the cost of the rental item.

n/a: Benefit for rental of the identified item is not allowed.

Per PAR: Rental payment is based upon attachment of a manufacturer's invoice to the Prior Authorization Request (PAR). Reimbursement will be determined at the time of PAR approval as a percentage of invoice cost. A copy of the PAR must be attached to each submitted claim only if the PAR indicates the amount of reimbursement allowable in the Comments field. Otherwise, they can be billed through the electronic media system. All approved prior authorized miscellaneous codes approved for rental must have a copy of the approved PAR attached to each submitted claim.

Comments column: Expands on the description and identifies any required special billing instruction and procedures requiring prior authorization. The notation "DELETED" means that the code is invalid effective the day following the date shown in the "COMMENTS" column. Newly added codes become effective on the date shown. Procedure codes deleted effective 12/31/03 can be used only on Medicare x-over claims and PARs approved prior to 01/01/04.

The following listing is divided into sections to assist providers who bill for specific types of service. If you have questions about billing or the use of the listing, please contact Medical Assistance Program Provider Services.

**CHAIRS, WHEELCHAIRS, ACCESSORIES – GENERAL USE**

Providers are instructed to submit the HCPCS code most closely describing the wheelchair or related equipment being requested on the Request for Prior Authorization form. The Department reserves the right to amend the coding for any approved item. **See Appendices A and B for brand and models appropriate for each code.** If a brand or model does not appear in Appendix A or B, follow Medicare procedures regarding weight and measurements to code appropriately.

**Note:** Deleted procedure codes effective 12/31/03 can only be used on Medicare X-over claims and PARs authorized prior to 01/01/04.

Requests for Prior Authorization of chairs and wheelchairs must include in Field 16 the manufacturer and the model number being requested. If not included, the PAR shall be considered incomplete, and will be returned to the provider for the missing information. If the PAR does not identify special billing instructions, the claim can be billed through the AMP system. If billing through the AMP system for an approved item, the provider must keep the serial number of the item provided in their records. If billing on a paper claim, the provider must include the serial number in Field 30 of the Colorado 1500 claim form. Requests for wheelchair accessories and wheelchair replacement parts and attachments must be sent to the Medical Assistance Program fiscal agent.

**Wheelchair codes**

Providers are instructed to submit the HCPCS code most closely describing the wheelchair or related equipment being requested on the Request for Prior Authorization form. The Department reserves the right to amend the coding for any approved item. See Appendix A for brand and models appropriate for each code. If a brand or model does not appear in Appendix A, follow Medicare procedures regarding weight and measurements to code appropriately.

| Items for oral & enteral formulae are based on caloric values unless otherwise noted. One item (unit) represents 100 calories. If a client requires 1,200 calories per day, total units for one month equals 360 (12 units per day times 30 days). If one can of formula contains 1,200 calories, a case of 12 cans represents 144 units (12 units per can times 12 cans per case). Do not enter units as the number of cans or cases of formulae provided. When submitting PARs, complete Questionnaire #10, Appendix N. When submitting claims, be sure to calculate & enter the number of items correctly. |  |     |                       |                     |  |

**PROSTHETICS & ORTHOTICS**

Prostheses and orthoses are a covered Medical Assistance Program benefit for the adult Medical Assistance Program population. The benefit includes such items as breast prostheses, braces, artificial limbs, augmentative communication devices, and orthopedic shoes for diabetic clients. These items must be prescribed by the client's physician and prior authorized before services are rendered. Prior authorization requests must be submitted to CFMC for review. The request must include the completed Questionnaire #11 (Appendix O), or Questionnaire #13 (Appendix R). Refer to DMERC orthotic and prosthetic list or HCPCS book 2003 for a complete listing of procedure codes. Medical Assistance Program coverage generally follows Medicare coverage.

**QUESTIONNAIRE #9**  
**TENS or NMES (TRANSCUTANEOUS OR NEUROMUSCULAR ELECTRICAL NERVE STIMULATOR)**

Client Name: \_\_\_\_\_

Medical Assistance Program Client ID#: \_\_\_\_\_

Transcutaneous or neuromuscular electrical nerve stimulation (TENS or NMES) is an acceptable treatment modality for some types of chronic intractable pain. Generally, a physician should be able to assess whether or not a client is likely to derive a significant therapeutic benefit from continuous use of a TENS or NMES unit within a trial period of 2 months. Medical necessity must be documented for continued use of TENS or NMES beyond the initial 2-month trial period.

The information requested below is required in order to determine medical necessity. If you have questions related to this Questionnaire or PAR, please contact the Medical Review Department at the phone numbers listed above. After you have completed this form, mail it with the completed Prior Authorization Request (PAR) to the address listed above. Thank you for your cooperation.

Relevant Diagnosis(es): \_\_\_\_\_

During the trial period, did the TENS or NMES:

- A. Produce no relief?       B. Produce greater discomfort than the original pain?       C. Significantly alleviate pain?

List any used or prescribed analgesics (drug/dose/route/frequency) *prior* to using TENS or NMES:

\_\_\_\_\_

\_\_\_\_\_

Identify any of the above medications that were reduced in dosage/frequency as a result of the use of TENS or NMES: \_\_\_\_\_

\_\_\_\_\_

Identify any of the above medications that were discontinued as a result of the use of TENS or NMES: \_\_\_\_\_

\_\_\_\_\_

What was the degree of range of motion or mobility prior to initiation of treatment? \_\_\_\_\_

\_\_\_\_\_

Did the client's range of motion or mobility improve as a result of using a TENS or NMES? \_\_\_\_\_ If yes, describe: \_\_\_\_\_

\_\_\_\_\_

Do you feel your client derived significant therapeutic benefits to warrant continued (long term) use of a nerve stimulator? \_\_\_\_\_

Provision of a TENS unit is considered the final alternative in pain management. Comment on the following alternative treatments for this client and, if appropriate, the clinical results of each. This information is **required** to establish medical necessity. **Failure to respond fully will result in denial of your request.**
