### Billing instruction update for Ambulatory Surgery Centers (ASCs)

The Colorado Medical Assistance Program provides benefits for medically necessary Ambulatory Surgery Center (ASC) services and accommodations. Medical Assistance Program enrolled ASC providers must be Medicare certified. The Colorado Department of Health Care Policy and Financing (HCPF) is responsible for identifying surgical procedures that are authorized as benefits in the ASC setting.

For payment purposes, ASC surgical procedures are grouped into reimbursement categories. The Colorado Medical Assistance program recognizes nine categories defined by the Centers for Medicare and Medicaid Services (CMS) and published by Medicare. The Medical Assistance Program uses the Health Care Procedural Coding System (HCPCS) to identify surgical services. HCPCS includes all codes published in the American Medical Association's (AMA) Current Procedural Terminology (CPT). The AMA and CMS publish annual coding revisions. Medical Assistance Program bulletins notify providers when annual coding updates are implemented.

### Procedural coding

#### Services must be reported using HCPCS surgical procedure codes.

During claim processing, the HCPCS surgical code is linked to the appropriate ASC group for payment calculation.

### ASC authorized services

This bulletin contains a complete combined list of the CMS approved ASC procedure codes and the Medical Assistance Program approved ASC procedure codes effective 1/1/2004. The list is divided into related groups for payment. Medical Assistance Program specific codes are identified with an asterisk (\*). Only surgical procedure codes that are identified on the Medicare list and/or are published in Medical Assistance Program Bulletins are an ASC Medical Assistance Program benefit. Revisions (additions and deletions) to the ASC reimbursement categories may occur in the following ways:

1. To address the needs of Medical Assistance Program clients, HCPF adds procedure codes for services commonly provided to children and young adults. Authorized procedure codes and effective dates are published in Medical Assistance Program Bulletins.
2. Codes that are deleted during the annual CPT and CMS coding updates are also deleted from the ASC groupings when the annual HCPCS revision is implemented. Medical Assistance Program Bulletins announce the date of the HCPCS implementation each year.
3. The Medical Assistance Program recognizes Medicare ASC changes (deletions and additions) only when published in Medical Assistance Program publications.

## Reimbursement

For payment purposes, ASC surgical procedures are grouped into nine categories corresponding to the CMS defined groups. The Medical Assistance Program maximum allowable payment, by group, effective 1/1/2004, is as follows:

ASC GROUP 1	\$266.40	ASC GROUP 6	\$660.80
ASC GROUP 2	\$356.80	ASC GROUP 7	\$796.00
ASC GROUP 3	\$408.00	ASC GROUP 8	\$778.40
ASC GROUP 4	\$504.00	ASC GROUP 9	\$1,071.20
ASC GROUP 5	\$573.60		

### Medical Assistance Program payment calculation

Providers are reminded that submitted charges must represent usual and customary charges. Do not adjust charges to correspond to the anticipated Medical Assistance Program payment.

Medical Assistance Program providers agree to accept Medical Assistance Program reimbursement as payment in full for benefit services. Medical Assistance Program clients may not be billed for charges that exceed the Medical Assistance Program allowance. Medical Assistance Program calculates payment as the provider's billed charge or the HCPF established rate for the group, *whichever is less*.

### Multiple procedures

When multiple procedures are performed during the same session, the ASC claim should reflect the highest/most complex procedure. Additional payment is not available for multiple procedures performed at the same surgical setting.

### Medicare crossover payment

Medical Assistance Program payment for Part B Medicare crossover claims is made as follows:

1. The sum of reported Medicare deductible and coinsurance **or**
2. The Colorado Medical Assistance Program allowed benefit **minus** the Medicare payment, *whichever is less*. Third Party liability payments and Medical Assistance Program copay amounts, as applicable, will be subtracted after the crossover allowed payment has been determined.

If the amount paid by Medicare equals or is greater than the Medical Assistance Program benefit, the Medical Assistance Program makes no additional payment. This method of determining payment is commonly referred to as "lower-of-pricing".

**Note:** Except for applicable Medical Assistance Program copayment amounts, unpaid balances cannot be billed to the Medical Assistance Program client or the client's family.

### Services included in the ASC rate

The following services are included in ASC facility payment rate:

1. Nursing and technical personnel services
2. Accommodations/use of the ASC facility
3. Drugs, biologicals, surgical dressings, supplies, etc.
4. Diagnostic and therapeutic items and services
5. Administrative, record keeping and housekeeping services
6. All blood products (whole blood, plasma, platelets, etc.)
7. Anesthesia materials

### Services which may be billed separately

The following services/items are not included in the ASC rate and may be billed separately by the actual provider of services.

1. Professional fees (surgeon, assistant surgeon, anesthesia administration, etc.).  
The practitioner must bill professional services.
2. Sale, lease or rental of durable medical equipment for use in the patient's home.  
The medical supplier must submit claims and, when applicable, prior authorization must be obtained.
3. Surgically implanted prosthetics. Specified, authorized implantable prosthetics may be billed separately on the 837-P or CO 1500 claim form by the actual provider of the materials (ASC or surgeon).
4. Ambulance services. Benefit services are billable by the transportation provider.
5. The rendering laboratory must bill independent laboratory services.

## Billing procedures

ASC facility claims are submitted on the 837-P or Colorado 1500 claim form. Claim completion instructions are described in the Billing Information and the Specialty Billing Information sections of the Medical Assistance Program Provider Manual. The following instructions supplement the provider manual and are specific to ASC facility services claims. ASC information does not apply to other provider types.

ASC claims should be submitted electronically. Electronic claims submission reduces billing expense and claims processing time. Information about electronic claims submission may be obtained from the ACS Electronic Data Interchange (EDI) Support at 1-800-987-6721, Monday through Friday from 6 AM to 5 PM Mountain Time.

**Procedure codes:** ASCs identify services using HCPCS surgical procedure codes. During claim processing, the surgical code is linked to an appropriate ASC group for payment calculation.

- L8600 Implantable breast prosthesis, silicone or equal

## Billing information

The ASC is responsible for obtaining required billing information from the surgeon. ASC providers are urged to verify Medical Assistance Program eligibility before services are rendered. If eligibility is not verified, payment may be denied.

**ICD-9-CM diagnosis:** The diagnosis field(s) must be completed with an appropriate ICD-9-CM diagnosis code(s).

**Place of service:** Complete the Place Of Service (POS) field with a "24" for ASC facility charges.

*Note:* Electronic billers should consult the software instructions to assure that POS coding is submitted properly.

**Rendering provider:** Complete with the 8-digit Medical Assistance Program provider number assigned to the operating surgeon.

**Referring provider:** If the client is enrolled in the Primary Care Physician (PCP) program and the operating surgeon is not the PCP, the PCP's Medical Assistance Program provider number must be entered in this field. PCP enrolled clients must obtain PCP referral if surgical services are performed by a physician other than the PCP. If the client does not have an assigned PCP, this field may be left blank.

*Sterilization procedures:* All sterilization claims must have an attached copy of a properly completed MED-178 sterilization consent form. The surgeon is responsible for providing a copy of the MED-178 to the ASC. Claims without a properly completed MED-178 are denied. Refer to the provider manual for complete billing requirements.

*Hysterectomy procedures:* Hysterectomy procedures are a benefit of the Colorado Medical Assistance Program when performed solely for medical reasons. Hysterectomy is not a benefit if the procedure is performed solely for the purpose of sterilization, or if there was more than one purpose for the procedure and it would not have been performed but for the purpose of sterilization. Refer to the provider manual for complete billing requirements.

**Medicare crossover claims:** The Medical Assistance Program pays the Medicare deductible and coinsurance **or** the Medical Assistance Program-allowed benefit minus the Medicare payment, **whichever is less**. If Medicare's payment equals or is more than the Medical Assistance Program allowed benefit, crossover claims are paid at zero. Most Medicare crossover claims are transmitted electronically from Medicare to the Medical Assistance Program. If a Medicare claim does not cross automatically, the provider is responsible for submitting a "hardcopy crossover" claim on the CO 1500 claim format. Refer to the provider manual for completed hardcopy crossover claim preparation instructions.

#### **Dental Procedures performed in ASCs**

ASCs are not be reimbursed for the use of the facility when dental procedures are performed in the ASC by an enrolled dentist. The dentist may be paid when dental procedures that are program benefits are appropriately billed on the dental claim form with dental codes. All prior authorization and age requirements must be met.

Dental procedures performed by oral surgeons enrolled as physicians should be billed with the applicable CPT code on the 837-P or Colorado 1500 claim form. The ASC may be reimbursed if the procedure code billed is considered an ASC benefit. All billing requirements apply.
