

CHP+ Caseload By County

Table with 21 columns representing months from Jul-19 to Mar-21 and 67 rows representing counties. The 'Grand Total' row at the bottom shows values ranging from 80,247 in Jul-19 to 62,230 in Mar-21.

*As of March 2017, the data source for this program's caseload has changed from the Medicaid Management Information System to the interChange.

*Counties with fewer than 30 clients are not reported (NR).
