### Introduction

In accordance with its authority under Colorado Revised Statute 25.5-1-101 et seq. and pursuant to Request for Proposal 2017000265, the Department of Healthcare Policy & Financing (the Department) executed contracts with the Regional Accountable Entities (RAEs) for the Accountable Care Collaborative (ACC) program, effective July 1, 2018. The RAEs are responsible for integrating the administration of physical and behavioral healthcare and managing networks of fee-for-service primary care providers and capitated behavioral health providers to ensure access to care for Medicaid members. Per the Code of Federal Regulations, Title 42 (42 CFR), RAEs qualify as both Primary Care Case Management (PCCM) entities and Prepaid Inpatient Health Plans (PIHPs). 42 CFR requires PCCM entities and PIHPs to comply with specified provisions of 42 CFR §438—managed care regulations—and requires that states conduct a periodic evaluation of their managed care entities (MCEs), including PCCM entities and PIHPs to determine compliance with Medicaid managed care regulations published May 6, 2016. Additional revisions were released in November 2020, with an effective date of December 2020. The Department has elected to complete this requirement for the RAEs by contracting with an external quality review organization (EQRO), Health Services Advisory Group, Inc. (HSAG).

This report documents results of the fiscal year (FY) 2022–2023 compliance review activities for **Colorado Community Health Alliance (CCHA)**. For each of the four standard areas reviewed this year, this section contains summaries of strengths and findings as evidence of compliance, findings resulting in opportunities for improvement, and required actions. Section 2 describes the background and methodology used for the FY 2022–2023 compliance monitoring review. Section 3 describes follow-up on the corrective actions required as a result of the FY 2021–2022 compliance review activities. Appendix A contains the compliance monitoring tool for the review of the standards. Appendix B contains details of the findings for the denials of authorization of services (denials), grievances, and appeals record review tools. Appendix C lists HSAG, RAE, and Department personnel who participated in some way in the compliance review process. Appendix D describes the corrective action plan (CAP) process that the RAE will be required to complete for FY 2022–2023 and the required template for doing so. Appendix E contains a detailed description of HSAG’s compliance review activities consistent with the Centers for Medicare & Medicaid Services (CMS) External Quality Review (EQR) *Protocol 3. Review of Compliance With Medicaid and CHIP Managed Care Regulations: A Mandatory EQR-Related Activity*, October 2019.<sup>1-1</sup>

---

<sup>1-1</sup> Department of Health and Human Services, Centers for Medicare & Medicaid Services. *Protocol 3. Review of Compliance With Medicaid and CHIP Managed Care Regulations: A Mandatory EQR-Related Activity*, October 2019. Available at: <https://www.medicaid.gov/medicaid/quality-of-care/downloads/2019-eqr-protocols.pdf>. Accessed on: Apr 26, 2023. At the start of FY 2022–2023 compliance review, CMS had not finalized the 2023 CMS EQR Protocol 3; therefore, the 2019 CMS EQR Protocol 3 was used for the period under review.

## Summary of Compliance Results

Based on conclusions drawn from the review activities, HSAG assigned each requirement in the compliance monitoring tool a score of *Met*, *Partially Met*, *Not Met*, or *Not Applicable*. HSAG assigned required actions to any requirement receiving a score of *Partially Met* or *Not Met*. HSAG also identified opportunities for improvement with associated recommendations for some elements, regardless of the score.

Table 1-1 presents the scores for **CCHA RAE 6** for each of the standards. Findings for all requirements are summarized in this section. Details of the findings for each requirement receiving a score of *Partially Met* or *Not Met* follow in Appendix A—Compliance Monitoring Tool.

**Table 1-1—Summary of Scores for Standards**

Standard	# of Elements	# of Applicable Elements	# Met	# Partially Met	# Not Met	# Not Applicable	Score* (% of Met Elements)
I. Coverage and Authorization of Services	32	32	30	2	0	0	94%
II. Adequate Capacity and Availability of Services	14	14	14	0	0	0	100%
VI. Grievance and Appeal Systems	35	35	26	9	0	0	74%
XII. Enrollment and Disenrollment	5	5	5	0	0	0	100%
<b>Totals</b>	<b>86</b>	<b>86</b>	<b>75</b>	<b>11</b>	<b>0</b>	<b>0</b>	<b>87%</b>

\*The overall score is calculated by adding the total number of *Met* elements and dividing by the total number of applicable elements from the standards in the compliance monitoring tool.

Table 1-2 presents the scores for **CCHA RAE 6** for the denials, grievances, and appeals record reviews. Details of the findings for the record reviews are in Appendix B—Record Review Tools.

**Table 1-2—Summary of Scores for the Record Reviews**

Record Reviews	# of Elements	# of Applicable Elements	# Met	# Not Met	# Not Applicable	Score* (% of Met Elements)
Denials	100	71	64	7	29	90%
Grievances	60	57	57	0	3	100%
Appeals	60	59	50	9	1	85%
<b>Totals</b>	<b>220</b>	<b>187</b>	<b>171</b>	<b>16</b>	<b>33</b>	<b>91%</b>

\*The overall score is calculated by adding the total number of *Met* elements and dividing by the total number of applicable elements from the record review tools.

## Standard I—Coverage and Authorization of Services

### *Evidence of Compliance and Strengths*

Documentation submitted by **CCHA**'s utilization management (UM) program demonstrated clear overarching policies and procedures which have been strengthened during the review period by the addition of detailed desktop procedures and letter writing templates that laid a strong foundation for consistent communication and expanded monitoring. In particular, **CCHA**'s documentation expectations for utilization review of co-occurring and non-covered diagnosis had been expanded to include additional notes from internal staff members and requesting providers to show evidence of member-specific considerations. UM decision making was reviewed for consistent application of criteria through the use of the Elevance interrater reliability tests. While five staff members did not meet the 90 percent passing threshold during the review period for the Elevance interrater reliability assessment, **CCHA** followed up with trainings related to American Society of Addiction Medicine (ASAM) and Milliman Care Guidelines 26th edition criteria. For specialty reviews, **CCHA** had experts available to review denial decisions either through immediate staffing on the team or easily accessible through the larger Elevance organization.

Staff members were able to speak to increased and decreased utilization trends and presented forecasting of upcoming utilization due to expanded grants and changes after the upcoming end to the public health emergency.

Member notices of adverse benefit determination (NABDs) demonstrated an improvement in member-friendly language, particularly in the psychiatric inpatient letters.

### *Opportunities for Improvement and Recommendations*

While staff members described how emergency services pass through the claims system and how poststabilization service requests are reviewed by the UM team, **CCHA** could benefit from more formalized documentation to detail the nuances of the claims system and instances where emergency services claims are allowed to pass through. The documentation could then serve as a basis for annual review to ensure coding and claims adjudication procedures are current.

### *Required Actions*

Documentation such as the *Behavioral Health Provider Manual*, *P2P Desktop Process*, *UM Workflow*, *UM Program Description*, *UM Review Desktop Procedure*, and *Letter Desktop Procedure* outlined that, in some cases, peer-to-peer consultations occurred after the member was mailed the NABD. Documentation submitted by **CCHA** and interviews with staff members referenced “reconsideration” of denials and “overturning” denial procedures, which do not comply with managed care regulations. While most cases reviewed in the denial samples demonstrated that **CCHA** outreached the requesting providers when necessary, in some instances, **CCHA** would make the decision sooner than the required

72-hour and 10-day authorization decision timelines. Furthermore, staff members reported that **CCHA** did not use extensions for authorization decisions during the review period. Staff members stated that the Department was interested in denial decisions that were overturned during appeals; however, **CCHA** reported that the data were difficult to pinpoint. **CCHA** must update its *Behavioral Health Provider Manual, P2P Desktop Process, UM Workflow, UM Program Description, UM Review Desktop Procedure, Letter Desktop Procedure*, and any related policies and procedures to clarify that the peer-to-peer process must occur prior to issuing the member an NABD. **CCHA** should consider enhancing these same policies, procedures, and workflows to better define instances in which staff members could consider and use extensions.

A review of 10 sample denial records showed issues such as:

- Three out of 10 NABDs included an attachment that stated the member must sign the appeal form and that verbal appeals must be followed by a written appeal, which is no longer required. However, since **CCHA** removed this attachment early in the review period, no required action is needed; **CCHA** is currently in compliance regarding this finding.
- Three out of 10 NABDs regarding ASAM level of care requests did not include all dimensions, as required.
- One NABD included a diagnosis that was incorrect.

Since **CCHA** removed the appeal form early in the review period, no required action is needed for that issue. However, **CCHA** must update its NABD templates and letter writing procedure for substance use disorder (SUD) requests to include information about all dimensions. Lastly, **CCHA** should enhance its oversight and monitoring to ensure accurate letters for members.

## Standard II—Adequate Capacity and Availability of Services

### *Evidence of Compliance and Strengths*

Policies, procedures, presentations, and staff member interviews demonstrated that **CCHA** monitors expected membership increases and decreases pending the end of the public health emergency in May 2023. In addition to enrollment monitoring, **CCHA** discussed expected utilization increases due to upcoming expanded benefits such as covered Autism Spectrum Disorder under the behavioral health benefit and other **CCHA** grants, including high intensity outpatient behavioral health services that could potentially impact utilization. During the review period, staff members reported the implementation of a new customer service software platform that includes functionality to better support the influx of calls and questions expected to occur during the public health emergency unwind.

According to the FY 2021–2022 Network Adequacy Plan, **CCHA** increased reimbursement rates for commonly billed behavioral health codes; engaged in workforce development efforts with partners at Jefferson Center for Mental Health and Diversus Health; implemented an access tracking mechanism for tracking open beds; and made efforts to expand access to 3.7 withdrawal management (WM) level of

care services at Cedar Springs and Centennial Peaks, as well as Valley Hope for Special Connections members, and engaged in ongoing efforts to contract with Universal Health Services for 3.7 WM level of care services.

The network management team, communication team, community liaisons, coaching, member support services, and quality staff members all collaborated to support the provider network, recruit and execute contracts, and support members in accessing services. Members were informed of their right to seek a second opinion, at no cost to the member. **CCHA** provided for direct access to women's healthcare specialists, which it communicated on its website on a dedicated webpage, the specialty provider page, and through the Department's member handbook.

Related to cultural competency, **CCHA** submitted multiple trainings and shared online resources available on its website, which addressed methods for providers to clarify communications with members of different backgrounds and beliefs in order to reduce potential barriers to accessing healthcare services. The provider newsletter examples included six months of various topics such as: exploring implicit bias; trauma-informed approaches to healthcare; lesbian, gay, bisexual, transgender, queer or questioning (LGBTQ) hotlines; and best practices regarding pronouns and other LGBTQ terminology. Additionally, **CCHA** staff members described turning to the experts in the accountable care network for ongoing workforce hiring to recruit and promote efforts to obtain diverse staffing in order to better support **CCHA**'s diverse membership. While member access to providers who speak languages other than English was lacking in some smaller counties, translation services were available through telephonic means. **CCHA** reported working with a Spanish-speaking equity consultant to review member materials written in Spanish. Lastly, **CCHA**'s website offered a means to search providers with specific accommodations such as high/low exam tables, wheelchair scales, scent/chemical-free facilities, etc.

### ***Opportunities for Improvement and Recommendations***

Broomfield County met all requirements other than SUD access to care for ASAM level 3.3, whereas all other counties fell slightly short of time and distance standards for one or more categories: psychiatric units in acute care hospitals, general and pediatric psychiatrists, and adult primary care and family practitioners. However, many of these categories were reported in the 90 to 99.9 percent access range. **CCHA** has an opportunity to continue working with the Department to identify ways to improve compliance with time and distance standards for SUD treatment practitioners (i.e., ASAM levels 3.1, 3.2 WM, 3.3, 3.5, 3.7, and 3.7 WM).

While **CCHA**'s Quality Management Committee minutes showed evidence of leadership reviewing any complaints related to access to care to monitor the member's experience of accessing care, the Region 6 Program Improvement Advisory Committee meeting minutes did not demonstrate a forum for oversight, monitoring, and feedback for network adequacy measures and outcomes. HSAG suggests **CCHA** ensure it reviews network adequacy validation quarterly reports and annual plans with leadership for oversight, monitoring, and feedback.

Although **CCHA** explicitly stated the expectation for primary care medical providers' (PCMPs') minimum hours of operation of 7:30 am to 5:30 pm, it did not provide the minimum hours of 8:00 am to 5:00 pm for behavioral health providers in documentation. HSAG recommends adding this information to a provider agreement, provider manual, or other similar documentation to clearly communicate the expectation with providers.

Monitoring of adherence to access to care standards, specifically timeliness of appointments, was well detailed for the PCMP network, which was monitored through a best practice approach called 3rd Next Appointment review. For the behavioral health provider network, response rates to the **CCHA** appointment surveys were low during the review period, around 10 percent. While staff members stated during the interview that rates had since improved, **CCHA** submitted no additional evidence to show how much of the behavioral health provider network participated in the survey or if appointment timeliness had improved. HSAG recommends increasing efforts to monitor the behavioral health provider network's adherence to timely appointment standards.

### **Required Actions**

HSAG identified no required actions for this standard.

## **Standard VI—Grievance and Appeal Systems**

### **Evidence of Compliance and Strengths**

**CCHA** used a standard software system called NextGen, which allows staff to receive, document, and track grievances and appeals. Staff members reported that along with this system there are directors, managers, nurses, and other staff members who review grievances and appeals and send them through a process.

When discussing training opportunities for these staff members, **CCHA** reported it conducts detailed onboarding training as well as annual and monthly meetings for training opportunities to ensure it addresses all issues or questions. Related to oversight, **CCHA** reported the ability to access an array of medical professionals to review special clinical cases. Each reviewer's specialties are vetted through a detailed process to ensure the specialty reviewer has the relevant credentials within the scope of the specialty clinical case.

In regard to time frame requirements, **CCHA** accurately stated acknowledgement and resolution time frames in its appeals and grievance policies. For appeal requests, sample records showed that **CCHA** strictly adhered to the 60-day time frame for a member to request an appeal after the date of the NABD. However, staff members shared during the interview that **CCHA** has a process to review late appeal requests for emergent or important circumstances for the member in which case they would make an exception for the member. Related to State fair hearings, staff members reported receiving notification

of any overturned decisions and making efforts to authorize and provide services within the 72-hour time frame.

**CCHA**'s grievance sample records were 100 percent compliant and appeal sample records were 85 percent compliant. HSAG removed and replaced one appeal sample file with an oversample since the case was a provider claim issue rather than a member appeal.

### ***Opportunities for Improvement and Recommendations***

**CCHA** informed providers of grievance and appeal requirements through the use of two provider manuals, one for behavioral health and one for physical health providers. During the review, HSAG noted that the *Physical Health Provider Manual* did not have as much information regarding grievances and appeals as the *Behavioral Health Provider Manual*. Although both included accurate information, HSAG recommends expanding the *Physical Health Provider Manual* to include additional details, where relevant.

During the interview, **CCHA** described that when waiting to obtain member consent during appeal procedures, staff members wait as long as possible, up until the resolution deadline, before sending an appeal resolution letter. HSAG recommends **CCHA** use extensions in instances where more information is needed to give the member more time.

### ***Required Actions***

**CCHA** defined "grievance" as an expression of dissatisfaction about any matter other than an adverse benefit determination in its policy. However, staff members reported when grievances are received, the member is asked if they would like to file a formal grievance. If the member declines, **CCHA** does not document the complaint in the grievance software system, NextGen, but rather in the customer service software system; therefore, the grievance cannot be tracked and trended. **CCHA** must enhance its messaging to the members in a way that encourages members to grieve freely without the barrier of a perceived second "formal" step. Additionally, **CCHA** must update and conduct a refresher training that reiterates the enhanced messaging to members expressing dissatisfaction. For example, "I understand and hear your concern. I will take this information down, look into it, and follow up with you." The customer service staff members who receive complaints should receive updated training regarding how to ensure all complaints are logged in the grievance system and ensure members receive a grievance acknowledgement letter and resolution letter. Monitoring should include a mechanism for monitoring the customer service calls to ensure all complaints are being processed as grievances, tracked within the grievance system, and reported quarterly to the Department.

Policies and procedures included accurate information describing how **CCHA** would accept additional information from the member during a review of a filed grievance by the member. During the record review, HSAG identified one member grievance record had documentation that indicated the member called to give more information and was advised to file a new grievance on the website rather than the representative taking down the additional information. **CCHA** must develop a refresher training on how

to handle additional information received from the member during the grievance process. **CCHA** should enhance its monitoring of staff member documentation to ensure that representatives are accepting and reviewing additional information received from a member during an open case. Staff members should not direct members to file a new grievance unless that grievance indicates a different grievance that is not related to the current open case.

All grievance acknowledgement letters in the sample records were timely. However, the **CCHA** website included a downloadable portable document format (PDF) titled “What is the grievance and appeal process?” The PDF included inaccurate information, such as:

- A grievance acknowledgement letter will be sent in five days.
- A verbal appeal must be followed up with a written appeal.

The PDF must be updated to accurately state that a grievance acknowledgement letter will be sent to the member in two working days and to remove the statement that a verbal appeal must be followed up with a written appeal. Additionally, during the record review, HSAG identified three out of 10 appeal acknowledgement letters that stated a member must follow up a verbal appeal in writing. Appeal acknowledgement letters must be updated to remove any requirement that the member must follow up a verbal appeal in writing.

One out of 10 member appeal resolution letters were not timely. All appeal resolution letters must be sent to the member within 10 working days. **CCHA** must enhance its monitoring of timeliness to ensure all appeal resolution letters are following the time frame set forth by the State contract and federal regulations.

**CCHA**’s *Member Appeals Policy* stated the accurate time frame to resolve expedited appeals and provide written notice of disposition to affected parties is within 72 hours after the appeal is received. However, the policy did not include that the member may file a grievance if the member disagrees with the decision. The *Member Appeals Policy* must be updated to include that the member may file a grievance.

Therefore, the *Member Appeals Policy* on page 6, section 7.a. must include:

- The member may file a grievance if they disagree with the decision (please see 5.b on page 6 for an example).

Although **CCHA** did not have any extension requests in the appeals sample list, there were extension requests for grievances. Three out of 10 grievance samples were extended; however, **CCHA** did not include extension letters or oral notice to the member. **CCHA** must enhance its policies, procedures, and training for staff members to ensure that when an extension is in the best interest of the member, an extension letter is sent to the member as well as prompt oral notice of the delay.

**CCHA**’s appeal resolution letters included information on how to request a State fair hearing and continuation of benefits. However, the appeal resolution letters only included how to request

continuation of benefits by mail or fax. While State fair hearings must be submitted in writing, the request for continuation of benefits does not need to be in writing. The appeal resolution letters must be updated to include the contact phone number and remove “written” from its language under the “Who to contact” portion of the appeal resolution letter in regard to continuation of benefits.

Although **CCHA**’s provider manuals for behavioral health and physical health included two separate sections for grievances and appeals, on page 48 of the *Behavioral Health Provider Manual*, there was one section that combined the two processes with three bullet points that did not apply to appeals. The three bullet points should be located under the grievance section only on page 49. Additionally, page 49 under “Members: Filing a Grievance” stated that the member “must” attach documents to a grievance request as evidence for an investigation. Page 52 did not include “For notice of an expedited resolution, the Contractor must also *make reasonable efforts to provide oral notice of resolution.*” **CCHA** must update its *Behavioral Health Provider Manual* with the following:

- Remove “appeal” from the last section on page 48 and relocate the three bullet points under grievances.
- Remove the word “must” on page 49 regarding requiring the member to attach documents. **CCHA** can enhance this sentence by clarifying that the member may submit additional information through any means such as through a call or in writing by fax, email, or mail.
- On page 52, include “For notice of an expedited resolution, the Contractor must also *make reasonable efforts to provide oral notice of resolution.*”

## Standard XII—Enrollment and Disenrollment

### *Evidence of Compliance and Strengths*

**CCHA** submitted an *Enrollment Policy*, *Disenrollment Policy*, and *Non-Discrimination Notice* as evidence for review. During the review, **CCHA** described a thorough process in which members are enrolled in the order in which they apply. Electronic Data Interchange (EDI) 834 files were received daily by **CCHA** and, once received, the files were processed by conducting daily reconciliations. Staff members described the process of conducting a monthly audit on the 834 files to reconcile and terminate members from the system based on that monthly audit.

Policies, procedures, and trainings supported efforts and awareness around member nondiscrimination. If a member were to accuse **CCHA** of discrimination, the member’s discrimination accusation would be handled through the grievance process and investigated. However, staff members reported not being aware of any type of discrimination accusations and confirmed that they work with the members to access healthcare services as soon as the members are enrolled in **CCHA**.

In regard to disenrollment, **CCHA** staff members reported never having to request disenrollment of any member. In rare cases, staff members would utilize the *Transitions of Care Policy* to transfer a member if the member would be better supported by a different RAE. However, **CCHA** staff members stated

they would only do that to benefit the members, and staff members would work with each member by meeting the member where they are so they can continue to receive uninterrupted services.

### ***Opportunities for Improvement and Recommendations***

HSAG identified no opportunities for improvement or recommendations for this standard.

### ***Required Actions***

HSAG identified no required actions for this standard.

## 2. Overview and Background

### Overview of FY 2022–2023 Compliance Monitoring Activities

For the FY 2022–2023 compliance review process, the Department requested a review of four areas of performance. HSAG developed a review strategy and monitoring tools consisting of four standards for reviewing the performance areas chosen. The standards chosen were Standard I—Coverage and Authorization of Services, Standard II—Adequate Capacity and Availability of Services, Standard VI—Grievance and Appeal Systems, and Standard XII—Enrollment and Disenrollment. Compliance with applicable federal managed care regulations and related managed care contract requirements was evaluated through review of the four standards.

### Compliance Monitoring Review Methodology

In developing the data collection tools and in reviewing documentation related to the four standards, HSAG used the RAE’s contract requirements and regulations specified by the federal Medicaid managed care regulations published May 6, 2016. Additional revisions were released in November 2020, with an effective date of December 2020. HSAG assigned each requirement in the compliance monitoring tool a score of *Met*, *Partially Met*, *Not Met*, or *Not Applicable*. The Department determined that the review period was January 1, 2022, through December 31, 2022. HSAG conducted a desk review of materials submitted prior to the compliance review activities; a review of records, documents, and materials requested during the compliance review; and interviews of key RAE personnel to determine compliance with applicable federal managed care regulations and contract requirements. Documents submitted for the desk review and compliance review consisted of policies and procedures, staff training materials, reports, minutes of key committee meetings, member and provider informational materials, and administrative records related to denials of authorization, grievances, and appeals.

HSAG reviewed a sample of the RAE’s administrative records related to denials, grievances, and appeals to evaluate implementation of federal and State healthcare regulations. Reviewers used standardized monitoring tools to review records and document findings. HSAG used a sample of 10 records with an oversample of five records (to the extent that a sufficient number existed) for each of the denials, grievances, and appeals. Using a random sampling technique, HSAG selected the samples from all RAE denial, grievance, and appeal records that occurred between January 1, 2022, and December 31, 2022. For the record review, the RAE received a score of *Met (M)*, *Not Met (NM)*, or *Not Applicable (NA)* for each required element. Results of record reviews were considered in the review of applicable requirements in Standard I—Coverage and Authorization of Services and Standard VI—Grievance and Appeal Systems. HSAG separately calculated a record review score for each record review requirement and an overall record review score.

The compliance review processes were consistent with the CMS EQR *Protocol 3. Review of Compliance With Medicaid and CHIP Managed Care Regulations: A Mandatory EQR-Related Activity*, October 2019. Appendix E contains a detailed description of HSAG’s compliance review activities consistent with those outlined in the CMS EQR protocol. The four standards chosen for the FY 2022–2023 compliance reviews represent a portion of the managed care requirements. The following standards will be reviewed in subsequent years: Standard III—Coordination and Continuity of Care; Standard IV—Member Rights, Protections, and Confidentiality; Standard V—Member Information Requirements; Standard VII—Provider Selection and Program Integrity; Standard VIII—Credentialing and Recredentialing; Standard IX—Subcontractual Relationships and Delegation; Standard X—Quality Assessment and Performance Improvement; and Standard XI—Early and Periodic Screening, Diagnostic, and Treatment Services (EPSDT).

## Objective of the Compliance Review

The objective of the compliance review was to provide meaningful information to the Department and the RAE regarding:

- The RAE’s compliance with federal healthcare regulations and managed care contract requirements in the four areas selected for review.
- Strengths, opportunities for improvement, and actions required to bring the RAE into compliance with federal healthcare regulations and contract requirements in the standard areas reviewed.
- The quality and timeliness of, and access to, services furnished by the RAE, as assessed by the specific areas reviewed.
- Possible interventions recommended to improve the quality of the RAE’s services related to the standard areas reviewed.

## 3. Follow-Up on Prior Year's Corrective Action Plan

### FY 2021–2022 Corrective Action Methodology

As a follow-up to the FY 2021–2022 compliance review, each RAE that received one or more *Partially Met* or *Not Met* scores was required to submit a CAP to the Department addressing those requirements found not to be fully compliant. If applicable, the RAE was required to describe planned interventions designed to achieve compliance with these requirements, anticipated training and follow-up activities, the timelines associated with the activities, and documents to be sent following completion of the planned interventions. HSAG reviewed the CAP and associated documents submitted by the RAE and determined whether it successfully completed each of the required actions. HSAG and the Department continued to work with **CCHA** until it completed each of the required actions from the FY 2021–2022 compliance monitoring review.

### Summary of FY 2021–2022 Required Actions

For FY 2021–2022, HSAG reviewed Standard III—Coordination and Continuity of Care; Standard IV—Member Rights, Protections, and Confidentiality; Standard V—Member Information Requirements; and Standard XI—Early and Periodic Screening, Diagnostic, and Treatment Services.

Related to Standard III—Coordination and Continuity of Care, **CCHA** was required to complete one corrective action, which was to strengthen applicable documents and create a more detailed procedure that outlines referral procedures and timeliness expectations and ensure all member needs are addressed, regardless of auto-assignment into a particular PCMP tier or condition management.

Related to Standard V—Member Information Requirements, **CCHA** was required to complete two corrective actions, which were to revise critical member materials to include all required components of a tagline and develop a mechanism to ensure that, upon request, members are provided with printed materials within five business days, at no cost.

Related to Standard XI—Early and Periodic Screening, Diagnostic, and Treatment Services, **CCHA** was required to complete one corrective action, which was to develop a process to ensure access to foster data and outreach to newly eligible foster children are completed within 60 days of identification by the Department of Human Services or **CCHA**.

### Summary of Corrective Action/Document Review

**CCHA** submitted a proposed CAP in August 2022. HSAG and the Department reviewed and approved the proposed plan and responded to **CCHA**. **CCHA** submitted final documents and completed the CAP in November 2022.

## **Summary of Continued Required Actions**

**CCHA** successfully completed the FY 2021–2022 CAP, resulting in no continued corrective actions.

**Appendix A. Colorado Department of Health Care Policy & Financing  
FY 2022–2023 Compliance Monitoring Tool  
for Colorado Community Health Alliance RAE 6**

Standard I—Coverage and Authorization of Services

FY 2022–2023 Compliance Monitoring Tool  
for Colorado Community Health Alliance RAE 6**

Standard I—Coverage and Authorization of Services		
Requirement	Evidence as Submitted by the Health Plan	Score
<p><b>Findings:</b> Documentation such as the <i>Behavioral Health Provider Manual</i>, <i>P2P Desktop Process</i>, <i>UM Workflow</i>, <i>UM Program Description</i>, <i>UM Review Desktop Procedure</i>, and <i>Letter Desktop Procedure</i> outlined that, in some cases, peer-to-peer consultations occurred after the member was mailed the NABD. Documentation submitted by CCHA and interviews with staff members referenced “reconsideration” of denials and “overturning” denial procedures, which do not comply with managed care regulations. While most cases reviewed in the denial samples demonstrated that CCHA outreached the requesting providers when necessary, in some instances, CCHA would make the decision sooner than the required 72-hour and 10-day authorization decision timelines. Furthermore, staff members reported that CCHA did not use extensions for authorization decisions during the review period. Staff members stated that the Department was interested in denial decisions that were overturned during appeals; however, CCHA reported that the data were difficult to pinpoint.</p>		
<p><b>Required Actions:</b> CCHA must update its <i>Behavioral Health Provider Manual</i>, <i>P2P Desktop Process</i>, <i>UM Workflow</i>, <i>UM Program Description</i>, <i>UM Review Desktop Procedure</i>, <i>Letter Desktop Procedure</i>, and any related policies and procedures to clarify that the peer-to-peer process must occur prior to issuing the member an NABD. CCHA should consider enhancing these same policies, procedures, and workflows to better define instances in which staff members could consider and use extensions.</p>		
<p>10. The Contractor ensures that any decision to deny a service authorization request or to authorize a service in an amount, duration, or scope that is less than requested, be made by an individual who has appropriate expertise in addressing the member’s medical or BH needs.</p> <p>The Contractor’s utilization management program includes identification of the type of personnel responsible for each level of utilization management decision-making.</p> <p align="right"><i>42 CFR 438.210(b)(3)</i></p> <p>Contract: Exhibit B-8—14.6.6, 14.8.2.4</p>	<p><b>Both RAEs:</b> This document outlines the requirements for service review and medical necessity denial.</p> <ul style="list-style-type: none"> <li>I.CA.1_Clinical Criteria Policy, pg. 1</li> </ul> <p>This document outlines the requirements for service review by an appropriate clinician, including requirements for the Medical Director to issue medical necessity denials.</p> <ul style="list-style-type: none"> <li>I.CA.8_Member Appeals Policy, pg. 4</li> </ul> <p>This document outlines educational requirements for its Medical Directors and how the Medical Director has to issue a medical necessity denial.</p>	<p><b>RAE 6:</b></p> <p><input checked="" type="checkbox"/> Met</p> <p><input type="checkbox"/> Partially Met</p> <p><input type="checkbox"/> Not Met</p> <p><input type="checkbox"/> Not Applicable</p>

Standard VI—Grievances and Appeal Systems		
Requirement	Evidence as Submitted by the Health Plan	Score
<p>4. The Contractor defines a grievance as an expression of dissatisfaction about any matter other than an adverse benefit determination.</p> <p>Grievances may include, but are not limited to, the quality of care or services provided, and aspects of interpersonal relationships such as rudeness of a provider or employee, or failure to respect the member’s rights regardless of whether remedial action is requested. A grievance includes a member’s right to dispute an extension of time proposed by the Contractor to make an authorization decision.</p> <p align="right"><i>42 CFR 438.400(b)</i></p> <p>Contract: Exhibit B-8—2.1.46, 8.6.6.2 10 CCR 2505-10 8.209.2.D, 8.209.4.A.3.c.(i)</p>	<p><b>Both RAEs:</b> This policy and procedure demonstrates compliance with CCHA’s definition of a grievance and how a grievance differs from an adverse benefit determination.</p> <ul style="list-style-type: none"> <li>VI.GA.1_CCHA Member Grievances Policy, pg. 1</li> </ul> <p>This page on CCHA’s website contains information for members regarding what constitutes as a grievance.</p> <ul style="list-style-type: none"> <li>CCHA Appeals and Grievances Member Website Page: <a href="https://www.cchacares.com/for-members/appeals-and-grievances/">https://www.cchacares.com/for-members/appeals-and-grievances/</a></li> </ul> <p>This page on CCHA’s website contains information for members regarding what constitutes as a grievance.</p> <ul style="list-style-type: none"> <li>Member Grievance and Appeal Information: <a href="https://www.cchacares.com/Dal/kqV">https://www.cchacares.com/Dal/kqV</a></li> </ul> <p><b>R6-specific:</b></p> <p><b>R7-specific:</b></p>	<p><b>RAE 6:</b></p> <p><input type="checkbox"/> Met <input checked="" type="checkbox"/> Partially Met <input type="checkbox"/> Not Met <input type="checkbox"/> Not Applicable</p>
<p><b>Findings:</b> CCHA defined “grievance” as an expression of dissatisfaction about any matter other than an adverse benefit determination in its policy. However, staff members reported when grievances are received, the member is asked if they would like to file a formal grievance. If the member declines, CCHA does not document the complaint in the grievance software system, NextGen, but rather in the customer service software system; therefore, the grievance cannot be tracked and trended.</p>		

## Appendix A. Colorado Department of Health Care Policy & Financing FY 2022–2023 Compliance Monitoring Tool for Colorado Community Health Alliance RAE 6

Standard VI—Grievances and Appeal Systems		
Requirement	Evidence as Submitted by the Health Plan	Score
<p><b>Required Actions:</b></p> <p>CCHA must enhance its messaging to the members in a way that encourages members to grieve freely without the barrier of a perceived second “formal” step. Additionally, CCHA must update and conduct a refresher training that reiterates the enhanced messaging to members expressing dissatisfaction. For example, “I understand and hear your concern. I will take this information down, look into it, and follow up with you.” The customer service staff members who receive complaints should receive updated training regarding how to ensure all complaints are logged in the grievance system and ensure members receive a grievance acknowledgement letter and resolution letter. Monitoring should include a mechanism for monitoring the customer service calls to ensure all complaints are being processed as grievances, tracked within the grievance system, and reported quarterly to the Department.</p>		
<p>5. The Contractor has provisions for who may file:</p> <ul style="list-style-type: none"> <li>• A member may file a grievance or a Contractor-level appeal and may request a State fair hearing.</li> <li>• With the member’s written consent, a provider or authorized representative may file a grievance or a Contractor-level appeal and may request a State fair hearing on behalf of a member.</li> </ul> <p><i>Note: Throughout this standard, when the term “member” is used it includes providers and authorized representatives acting on behalf of the member (with the exception that providers cannot exercise the member’s right to request continuation of benefits under 42 CFR 438.420).</i></p> <p style="text-align: right;"><i>42 CFR 438.402(c)</i></p> <p>Contract: Exhibit B-8—8.5.1, 8.7.1, 8.7.15.1, 8.7.5</p>	<p><b>Both RAEs:</b></p> <p>This policy and procedure defines who is able to file a grievance with CCHA.</p> <ul style="list-style-type: none"> <li>• VI.GA.1_CCHA Member Grievances Policy, pg. 1-2</li> </ul> <p>This page on CCHA’s website contains information for members regarding what constitutes as a grievance.</p> <ul style="list-style-type: none"> <li>• CCHA Appeals and Grievances Member Website Page: <a href="https://www.cchacares.com/for-members/appeals-and-grievances/">https://www.cchacares.com/for-members/appeals-and-grievances/</a></li> </ul> <p>This form can be used by a member or a member’s representative to file a grievance with CCHA.</p> <ul style="list-style-type: none"> <li>• Member Online Grievance Form: <a href="https://www.cchacares.com/for-members/member-benefits-services/grievance-form/">https://www.cchacares.com/for-members/member-benefits-services/grievance-form/</a></li> </ul> <p>This document provides information on who is able to file grievances and/or appeals for CCHA members.</p>	<p><b>RAE 6:</b></p> <p><input checked="" type="checkbox"/> Met</p> <p><input type="checkbox"/> Partially Met</p> <p><input type="checkbox"/> Not Met</p> <p><input type="checkbox"/> Not Applicable</p>

for Colorado Community Health Alliance RAE 6**

Standard VI—Grievances and Appeal Systems		
Requirement	Evidence as Submitted by the Health Plan	Score
<ul style="list-style-type: none"> <li>• The right to a State fair hearing after the Contractor has made a decision on an appeal which is adverse to the member.</li> <li>• The availability of assistance in the filing processes.</li> <li>• The fact that, when requested by the member:               <ul style="list-style-type: none"> <li>– Services that the Contractor seeks to reduce or terminate will continue if the appeal or request for State fair hearing is filed within the time frames specified for filing.</li> <li>– The member may be required to pay the cost of services furnished while the appeal or State fair hearing is pending, if the final decision is adverse to the member.</li> </ul> </li> </ul> <p align="right"><i>42 CFR 438.414</i></p> <p>Contract: Exhibit B-8—8.4 10 CCR 2505-10 8.209.3.B</p>	<ul style="list-style-type: none"> <li>• CCHA Appeals and Grievances Webpage: <a href="https://www.cchacares.com/for-members/appeals-and-grievances/">https://www.cchacares.com/for-members/appeals-and-grievances/</a></li> </ul> <p>These documents outline the information given to providers in the manual when the provider or subcontractor enters into a contract.</p> <ul style="list-style-type: none"> <li>• VI.GA.35_Behavioral Health Provider Manual, pgs. 48-56</li> <li>• VI.GA.35_Physical Health Provider Manual, pgs. 14, 16-18</li> </ul> <p><b>R6-specific:</b></p> <p><b>R7-specific:</b></p>	
<p><b>Findings:</b> Although CCHA’s provider manuals for behavioral health and physical health included two separate sections for grievances and appeals, on page 48 of the <i>Behavioral Health Provider Manual</i>, there was one section that combined the two processes with three bullet points that did not apply to appeals. The three bullet points should be located under the grievance section only on page 49. Additionally, page 49 under “Members: Filing a Grievance” stated that the member “must” attach documents to a grievance request as evidence for an investigation. However, the member has the right to call or fax, email, or mail documents. Page 52 did not include “For notice of an expedited resolution, the Contractor must also <i>make reasonable efforts to provide oral notice of resolution.</i>”</p>		
<p><b>Required Actions:</b> CCHA must update its <i>Behavioral Health Provider Manual</i> with the following:</p> <ul style="list-style-type: none"> <li>• Remove “appeal” from the last section on page 48 and relocate the three bullet points under grievances.</li> </ul>

<b>Comments:</b>															
Files 1 through 4, and 6: Did not state that the member can grieve the quick appeal request. The member appeal request form stated that the member must sign the appeal, which is no longer a requirement.															
Files 1, 4, and 10: NABDs only included ASAM dimensions that were not met.															
File 7: Original NABD stated the incorrect diagnosis for the member; an updated NABD was sent on 10/18/2022.															

Yes and No = not scored—for informational purposes only

## Appendix C. Compliance Review Participants

Table C-1 lists the participants in the FY 2022–2023 compliance review of CCHA.

**Table C-1—HSAG Reviewers and CCHA and Department Participants**

HSAG Review Team	Title
Sarah Lambie	Senior Project Manager
Crystal Brown	Project Manager I
CCHA Participants	Title
Abigail Roa	Director, Compliance
Amy Yutz	Executive Director
Andrea Skubal	Accountable Care Network Program Manager
Camila Joao	Manager, Clinical Quality Program
Cara Hebert	Manager, Stakeholder Engagement and Program Officer
Carrie Young	Manager, Enrollment Data
Cathy Herrera	Grievance and Appeal Audit Specialist
Cindi Terra	Quality and Practice Transformation Manager
Clara Cabanis	Strategy and Performance Management, Senior Manager
Colleen Daywalt	Corporate and Public Affairs Director
Dr. Melanie Rylander	Medical Director, Region 7
Dr. Patricia Payne	Medical Director, Region 6
Erica Kloehn	Provider Solutions Director
Gina Wendling	Program Director, Care Management
Jalesa Johnson	Administrative Assistant
Josie Dostie	Network Manager
Kalena Wilkinson	Communications Program Specialist
Kathryn Morrison	Director, Behavioral Health Quality Management
Kelli Gill	Director, Behavioral Health Services
Krista Newton	Director, Care Coordination
Kristen Mader	Provider Data Analyst, Provider Solutions
LaTosha Brown	Director, Behavioral Health Programs and Services
Lisa Banks-Finn	Manager, Grievance and Appeals
Lisa Niguidula	Manager, Grievance and Appeals
Lizbeth Villaruz	Manager, Internal Audits

CCHA Participants	Title
Marianne Lynn	Manager, Compliance
Marsha Penn	Manager, Behavioral Health Services
Matt Wilkins	Manager, Behavioral Health Services, Region 7
Megan Lujan	Medicaid Clinical Writer
Michelle Blady	Manager, Behavioral Health Services, Region 6
Millicent Bahamonde	Project Administrator
Natalie Johnson	Manager, Behavioral Health Care
Sophie Thomas	Manager, Medicaid Programs
Tony Olimpio	Manager, Member Engagement and Outreach Operations
Vanessa DeBrick	Manager, Grievance and Appeals
Department Observers	Title
Russ Kennedy	Quality Program Manager
Helen Desta	Quality Section Manager
Michelle Maddrell	Program Specialist, RAE 6
Blue Parish	Program Specialist, RAE 3

## Appendix D. Corrective Action Plan Template for FY 2022–2023

If applicable, the MCE is required to submit a CAP to the Department for all elements within each standard scored as *Partially Met* or *Not Met*. The CAP must be submitted within 30 days of receipt of the final report. For each required action, the MCE must identify the planned interventions, training, monitoring and follow-up activities, and proposed documents in order to complete the attached CAP template. Supporting documents should not be submitted and will not be considered until the CAP has been approved by the Department. Following Department approval, the MCE must submit documents based on the approved timeline.

**Table D-1—Corrective Action Plan Process**

Step	Action
<b>Step 1</b>	<b>Corrective action plans are submitted</b>
	<p>If applicable, the MCE will submit a CAP to HSAG and the Department within 30 calendar days of receipt of the final compliance review report via email or through the file transfer protocol (FTP) site, with an email notification to HSAG and the Department. The MCE must submit the CAP using the template provided.</p> <p>For each element receiving a score of <i>Partially Met</i> or <i>Not Met</i>, the CAP must describe interventions designed to achieve compliance with the specified requirements, the timelines associated with these activities, anticipated training, monitoring and follow-up activities, and final evidence to be submitted following the completion of the planned interventions.</p>
<b>Step 2</b>	<b>Prior approval for timelines exceeding 30 days</b>
	<p>If the MCE is unable to submit the CAP proposal (i.e., the outline of the plan to come into compliance) within 30 calendar days following receipt of the final report, it must obtain prior approval from the Department in writing.</p>
<b>Step 3</b>	<b>Department approval</b>
	<p>Following review of the CAP, the Department and HSAG will:</p> <ul style="list-style-type: none"> <li>• Review and approve the planned interventions and instruct the MCE to proceed with implementation, or</li> <li>• Instruct the MCE to revise specific planned interventions, training, monitoring and follow-up activities, and/or documents to be submitted as evidence of completion and also to proceed with resubmission.</li> </ul>
<b>Step 4</b>	<b>Documentation substantiating implementation</b>
	<p>Once the MCE has received Department approval of the CAP, the MCE will have a time frame of 90 days (three months) to complete proposed actions and submit documents. The MCE will submit documents as evidence of completion one time only on or before the 90-day deadline for all required actions in the CAP. If any revisions to the planned interventions are deemed necessary by the MCE during the 90 days, the MCE should notify the Department and HSAG.</p> <p>If the MCE is unable to submit documents of completion for any required action on or before the three-month deadline, it must obtain approval in advance from the Department to extend the deadline.</p>

Step	Action
<b>Step 5</b>	<b>Technical assistance</b>
	<p>At the MCE’s request or at the recommendation of the Department and HSAG, technical assistance (TA) calls/webinars are available. The session may be scheduled at the MCE’s discretion at any time the MCE determines would be most beneficial. HSAG will not document results of the verbal consultation in the CAP document.</p>
<b>Step 6</b>	<b>Review and completion</b>
	<p>Following a review of the CAP and all supporting documentation, the Department or HSAG will inform the MCE as to whether or not the documentation is sufficient to demonstrate completion of all required actions and compliance with the related contract requirements.</p> <p>Any documentation that is considered unsatisfactory to complete the CAP requirements at the three-month deadline will result in a continued corrective action with a new date for resubmission established by the Department.</p> <p>HSAG will continue to work with the MCE until all required actions are satisfactorily completed.</p>

The CAP template follows on the next page.

**Table D-2—FY 2022–2023 Corrective Action Plan for CCHA RAE 6**

Standard I—Coverage and Authorization of Services
<input type="checkbox"/> Plan(s) of Action Complete <input type="checkbox"/> Plan(s) of Action on Track for Completion <input type="checkbox"/> Plan(s) of Action Not on Track for Completion
Requirement
<p>9. The Contractor and its subcontractors have in place mechanisms to consult with the requesting provider for medical services when appropriate.</p> <p style="text-align: right;"><i>42 CFR 438.210(b)(2)(ii)</i></p> <p>Contract: Exhibit B-8—14.8.2.5</p>
Findings
<p>Documentation such as the <i>Behavioral Health Provider Manual</i>, <i>P2P Desktop Process</i>, <i>UM Workflow</i>, <i>UM Program Description</i>, <i>UM Review Desktop Procedure</i>, and <i>Letter Desktop Procedure</i> outlined that, in some cases, peer-to-peer consultations occurred after the member was mailed the NABD. Documentation submitted by CCHA and interviews with staff members referenced “reconsideration” of denials and “overturning” denial procedures, which do not comply with managed care regulations. While most cases reviewed in the denial samples demonstrated that CCHA outreached the requesting providers when necessary, in some instances, CCHA would make the decision sooner than the required 72-hour and 10-day authorization decision timelines. Furthermore, staff members reported that CCHA did not use extensions for authorization decisions during the review period. Staff members stated that the Department was interested in denial decisions that were overturned during appeals; however, CCHA reported that the data were difficult to pinpoint.</p>
Required Actions
<p>CCHA must update its <i>Behavioral Health Provider Manual</i>, <i>P2P Desktop Process</i>, <i>UM Workflow</i>, <i>UM Program Description</i>, <i>UM Review Desktop Procedure</i>, <i>Letter Desktop Procedure</i>, and any related policies and procedures to clarify that the peer-to-peer process must occur prior to issuing the member an NABD. CCHA should consider enhancing these same policies, procedures, and workflows to better define instances in which staff members could consider and use extensions.</p>
Planned Interventions:

Standard I—Coverage and Authorization of Services
<b>Training Required:</b>
<b>Monitoring and Follow-Up Activities Planned:</b>
<b>Documents to Be Submitted as Evidence of Completion:</b>
<b>HSAG Initial Review:</b>
<b>Documents Included in Final Submission:</b>
<b>Date of Final Evidence:</b>

**Standard I—Coverage and Authorization of Services**

- Plan(s) of Action Complete
- Plan(s) of Action on Track for Completion
- Plan(s) of Action Not on Track for Completion

**Requirement**

15. The notice of adverse benefit determination must explain the following:
- The adverse benefit determination the Contractor has made or intends to make.
  - The reasons for the adverse benefit determination, including the right of the member to be provided upon request (and free of charge), reasonable access to and copies of all documents and records relevant to the adverse benefit determination (includes medical necessity criteria and strategies, evidentiary standards, or processes used in setting coverage limits).
  - The member’s right (or member’s designated representative) to request one level of appeal with the Contractor and the procedures for doing so.
  - The date the appeal is due.
  - The member’s right to request a State fair hearing after receiving an appeal resolution notice from the Contractor that the adverse benefit determination is upheld.
  - The procedures for exercising the right to request a State fair hearing.
  - The circumstances under which an appeal process can be expedited and how to make this request.
  - The member’s rights to have benefits/services continue (if applicable) pending the resolution of the appeal, how to request that benefits continue, and the circumstances (consistent with State policy) under which the member may be required to pay the cost of these services.
  - How each dimension of the most recent edition of ASAM criteria was considered when determining medical necessity for any adverse determination concerning residential or inpatient substance use disorder services.

*42 CFR 438.404(b)  
SB21-137: Section 10-25.5-5-424(3)*

Contract: Exhibit B-8—8.6.1.5–8.6.1.13  
10 CCR 2505-10 8.209.4.A.2

Standard I—Coverage and Authorization of Services
<b>Findings</b>
<p>A review of 10 sample denial records showed issues such as:</p> <ul style="list-style-type: none"> <li>• Three out of 10 NABDs included an attachment that stated the member must sign the appeal form and that verbal appeals must be followed by a written appeal, which is no longer required. However, since CCHA removed this attachment early in the review period, no required action is needed; CCHA is currently in compliance regarding this finding.</li> <li>• Three out of 10 NABDs regarding ASAM level of care requests did not include all dimensions, as required.</li> <li>• One NABD included a diagnosis that was incorrect.</li> </ul>
<b>Required Actions</b>
<p>Since CCHA removed the appeal form early in the review period, no required action is needed for that issue. However, CCHA must update its NABD templates and letter writing procedure for SUD requests to include information about all dimensions. Lastly, CCHA should enhance its oversight and monitoring to ensure accurate letters for members.</p>
<b>Planned Interventions:</b>
<b>Person(s)/Committee(s) Responsible:</b>
<b>Training Required:</b>
<b>Monitoring and Follow-Up Activities Planned:</b>
<b>Documents to Be Submitted as Evidence of Completion:</b>
<b>HSAG Initial Review:</b>
<b>Documents Included in Final Submission:</b>
<b>Date of Final Evidence:</b>

**Standard VI—Grievance and Appeal Systems**

- Plan(s) of Action Complete
- Plan(s) of Action on Track for Completion
- Plan(s) of Action Not on Track for Completion

**Requirement**

4. The Contractor defines a grievance as an expression of dissatisfaction about any matter other than an adverse benefit determination. Grievances may include, but are not limited to, the quality of care or services provided, and aspects of interpersonal relationships such as rudeness of a provider or employee, or failure to respect the member’s rights regardless of whether remedial action is requested. A grievance includes a member’s right to dispute an extension of time proposed by the Contractor to make an authorization decision.

*42 CFR 438.400(b)*

Contract: Exhibit B-8—2.1.46, 8.6.6.2  
 10 CCR 2505-10 8.209.2.D, 8.209.4.A.3.c.(i)

**Findings**

CCHA defined “grievance” as an expression of dissatisfaction about any matter other than an adverse benefit determination in its policy. However, staff members reported when grievances are received, the member is asked if they would like to file a formal grievance. If the member declines, CCHA does not document the complaint in the grievance software system, NextGen, but rather in the customer service software system; therefore, the grievance cannot be tracked and trended.

**Required Actions**

CCHA must enhance its messaging to the members in a way that encourages members to grieve freely without the barrier of a perceived second “formal” step. Additionally, CCHA must update and conduct a refresher training that reiterates the enhanced messaging to members expressing dissatisfaction. For example, “I understand and hear your concern. I will take this information down, look into it, and follow up with you.” The customer service staff members who receive complaints should receive updated training regarding how to ensure all complaints are logged in the grievance system and ensure members receive a grievance acknowledgement letter and resolution letter. Monitoring should include a mechanism for monitoring the customer service calls to ensure all complaints are being processed as grievances, tracked within the grievance system, and reported quarterly to the Department.

Requirement
<p>8. The Contractor ensures that the individuals who make decisions on grievances and appeals:</p> <ul style="list-style-type: none"> <li>Take into account all comments, documents, records, and other information submitted by the member or the member’s representative without regard to whether such information was submitted or considered in the initial adverse benefit determination.</li> </ul> <p style="text-align: right;"><i>42 CFR 438.406(b)(2)</i></p> <p>Contract: Exhibit B-8—8.6.2            10 CCR 2505-10 8.209.5.C, 8.209.4.E</p>
Findings
<p>Policies and procedures included accurate information describing how CCHA would accept additional information from the member during a review of a filed grievance by the member. During the record review, HSAG identified one member grievance record had documentation that indicated the member called to give more information and was advised to file a new grievance on the website rather than the representative taking down the additional information.</p>
Required Actions
<p>CCHA must develop a refresher training on how to handle additional information received by the member. CCHA must monitor staff member documentation to ensure that representatives are taking down additional information from a member who calls to give more information on an open case. Staff members should not direct members to file a new grievance unless that grievance indicates a different grievance that is not related to the current open case.</p>

Requirement
<p>11. The Contractor sends the member written acknowledgement of each grievance within two working days of receipt.</p> <p style="text-align: right;"><i>42 CFR 438.406(b)(1)</i></p> <p>Contract: Exhibit B-8—8.1 10 CCR 2505-10 8.209.5.B</p>
Findings
<p>All grievance acknowledgement letters in the sample records were timely. However, the CCHA website included a downloadable PDF titled “What is the grievance and appeal process?” The PDF inaccurately stated the time frame for a grievance acknowledgement letter is five days.</p>
Required Actions
<p>The PDF located on the CCHA website must be updated to accurately state that a grievance acknowledgement letter will be sent to the member in two working days.</p>

Requirement
<p>16. The member may file an appeal either orally or in writing, and the Contractor must treat oral appeals in the same manner as appeals received in writing. The Contractor may not require that oral requests for an appeal be followed with a written request.</p> <p style="text-align: right;"><i>42 CFR 438.402(c)(3)(ii)</i> <i>42 CFR 438.406 (b)(3)</i></p> <p>Contract: Exhibit B-8—8.7.6 10 CCR 2505-10 8.209.4.F</p>
Findings
<p>The downloadable PDF titled “What is the grievance and appeal process?” on CCHA’s website inaccurately stated on page two that a verbal appeal must be followed up with a written appeal. Additionally, three out of 10 of CCHA’s appeal acknowledgement letters stated a member must follow up a verbal appeal in writing.</p>
Required Actions
<p>The PDF located on the CCHA website must be updated to remove the statement that a verbal appeal must be followed up with a written appeal. CCHA must also update its appeal acknowledgement letters to remove any requirement that the member must follow up a verbal appeal in writing.</p>
<p><b>Planned Interventions:</b></p>

Requirement
<p>23. For expedited appeal, the Contractor must resolve the appeal and provide written notice of disposition to affected parties within 72 hours after the Contractor receives the appeal.</p> <ul style="list-style-type: none"> <li>For notice of an expedited resolution, the Contractor must also make reasonable efforts to provide oral notice of resolution.</li> </ul> <p style="text-align: right;"><i>42 CFR 438.408(b)(3) and (d)(2)(ii)</i></p> <p>Contract: Exhibit B-8—8.7.14.2.3, 8.7.14.2.6            10 CCR 2505-10 8.209.4.J.2, 8.209.4.L</p>
Findings
<p>CCHA’s <i>Member Appeals Policy</i> stated the accurate time frame to resolve expedited appeals and provide written notice of disposition to affected parties is within 72 hours after the appeal is received. However, the policy did not include that the member may file a grievance if the member disagrees with the decision.</p>
Required Actions
<p>The <i>Member Appeals Policy</i> on page 6, section 7.a., must be updated to include that the member may file a grievance if they disagree with the decision (please see 5.b on page 6 for an example).</p>

Requirement
<p>25. If the Contractor extends the time frames for a grievance or appeal, it must—for any extension not requested by the member:</p> <ul style="list-style-type: none"> <li>• Make reasonable efforts to give the member prompt oral notice of the delay.</li> <li>• Within two calendar days, give the member written notice of the reason for the delay and inform the member of the right to file a grievance if the member disagrees with that decision.</li> <li>• Resolve the appeal as expeditiously as the member’s health condition requires and no later than the date the extension expires (14 days following the expiration of the original grievance or appeal resolution time frame).</li> </ul> <p style="text-align: right;"><i>42 CFR 438.408(c)(2)</i></p> <p>Contract: Exhibit B-8—8.5.7, 8.7.14.1, 8.7.14.2.1, 8.7.14.2.5-6            10 CCR 2505-10 8.209.4.L, 8.209.4.K, 8.209.4.A. 3.C(ii), 8.209.5.E</p>
Findings
<p>CCHA did not have any extension requests in the appeal sample list; however, there were extension requests for grievances. Three out of 10 grievance samples were extended; however, CCHA did not include extension letters or oral notice to the member.</p>
Required Actions
<p>CCHA must enhance its policies, procedures, and training for staff members to ensure that when an extension is in the best interest of the member, an extension letter is sent to the member as well as prompt oral notice of the delay.</p>

Requirement
<p>26. The written notice of appeal resolution must include:</p> <ul style="list-style-type: none"> <li>• The results of the resolution process and the date it was completed.</li> <li>• For appeals not resolved wholly in favor of the member:             <ul style="list-style-type: none"> <li>– The right to request a State fair hearing, and how to do so.</li> <li>– The right to request that benefits/services continue* while the hearing is pending, and how to make the request.</li> <li>– That the member may be held liable for the cost of these benefits if the hearing decision upholds the Contractor’s adverse benefit determination.</li> </ul> </li> </ul> <p><i>*Continuation of benefits applies only to previously authorized services for which the Contractor provides 10-day advance notice to terminate, suspend, or reduce.</i></p> <p style="text-align: right;"><i>42 CFR 438.408(e)</i></p> <p>Contract: Exhibit B-8—8.7.14.3, 8.7.14.4            10 CCR 2505-10 8.209.4.M</p>
Findings
<p>CCHA appeal resolution letters included information on how to request a State fair hearing and continuation of benefits. However, the appeal resolution letters only included how to request continuation of benefits by mail or fax. While State fair hearings must be submitted in writing, the request for continuation of benefits does not need to be in writing.</p>
Required Actions
<p>The appeal resolution letters must be updated to include the contact phone number and remove “written” from its language under the “Who to contact” portion of the appeal resolution letter in regard to continuation of benefits.</p>

**Standard VI—Grievance and Appeal Systems**

- Plan(s) of Action Complete
- Plan(s) of Action on Track for Completion
- Plan(s) of Action Not on Track for Completion

**Requirement**

35. The Contractor provides the information about the grievance, appeal, and State fair hearing system to all providers and subcontractors at the time they enter into a contract. The information includes:

- The member’s right to file grievances and appeals.
- The requirements and time frames for filing grievances and appeals.
- The right to a State fair hearing after the Contractor has made a decision on an appeal which is adverse to the member.
- The availability of assistance in the filing processes.
- The fact that, when requested by the member:
  - Services that the Contractor seeks to reduce or terminate will continue if the appeal or request for State fair hearing is filed within the time frames specified for filing.
  - The member may be required to pay the cost of services furnished while the appeal or State fair hearing is pending, if the final decision is adverse to the member.

42 CFR 438.414

Contract: Exhibit B-8—8.4  
10 CCR 2505-10 8.209.3.B

**Findings**

Although CCHA’s provider manuals for behavioral health and physical health included two separate sections for grievances and appeals, on page 48 of the *Behavioral Health Provider Manual*, there was one section that combined the two processes with three bullet points that did not apply to appeals. The three bullet points should be located under the grievance section only on page 49. Additionally, page 49 under “Members: Filing a Grievance” stated that the member “must” attach documents to a grievance request as evidence for an investigation. However, the member has the right to call or fax, email, or mail documents. Page 52 did not include “For notice of an expedited resolution, the Contractor must also *make reasonable efforts to provide oral notice of resolution.*”

Standard VI—Grievance and Appeal Systems
<b>Required Actions</b>
<p>CCHA must update its <i>Behavioral Health Provider Manual</i> with the following:</p> <ul style="list-style-type: none"> <li>• Remove “appeal” from the last section on page 48 and relocate the three bullet points under grievances.</li> <li>• Remove the word “must” on page 49 regarding requiring the member to attach documents. CCHA can enhance this sentence by saying “can” or “may,” or adding that the member can call or fax, email, or mail documentation or additional documents.</li> <li>• On page 52, include “For notice of an expedited resolution, the Contractor must also <i>make reasonable efforts to provide oral notice of resolution.</i>”</li> </ul> <p>HSAG recommends CCHA to update the <i>Physical Health Provider Manual</i> to be comparable to the <i>Behavioral Health Provider Manual</i> in regard to information included.</p>

## Appendix E. Compliance Monitoring Review Protocol Activities

The following table describes the activities performed throughout the compliance monitoring process. The activities listed below are consistent with the CMS EQR *Protocol 3. Review of Compliance With Medicaid and CHIP Managed Care Regulations: A Mandatory EQR-Related Activity*, October 2019.

**Table E-1—Compliance Monitoring Review Activities Performed**

For this step,	HSAG completed the following activities:
<b>Activity 1:</b>	<b>Establish Compliance Thresholds</b>
	<p>Before the review to assess compliance with federal managed care regulations and Department contract requirements:</p> <ul style="list-style-type: none"> <li>HSAG and the Department participated in meetings and held teleconferences to determine the timing and scope of the reviews, as well as scoring strategies.</li> <li>HSAG collaborated with the Department to develop desk request forms, compliance monitoring tools, record review tools, report templates, agendas; and set review dates.</li> <li>HSAG submitted all materials to the Department for review and approval.</li> <li>HSAG conducted training for all reviewers to ensure consistency in scoring across MCEs.</li> </ul>
<b>Activity 2:</b>	<b>Perform Preliminary Review</b>
	<ul style="list-style-type: none"> <li>HSAG attended the Department’s Integrated Quality Improvement Committee (IQiC) meetings and provided MCEs with proposed review dates, group technical assistance, and training, as needed.</li> <li>HSAG confirmed a primary MCE contact person for the review and assigned HSAG reviewers to participate in the review.</li> <li>Sixty days prior to the scheduled date of the review, HSAG notified the MCE in writing of the request for desk review documents via email delivery of the desk review form, the compliance monitoring tool, and review agenda. The desk review request included instructions for organizing and preparing the documents related to the review of the four standards and the review activities. Thirty days prior to the review, the MCE provided documentation for the desk review, as requested.</li> <li>Documents submitted for the review consisted of the completed desk review form, the compliance monitoring tool with the MCE’s section completed, policies and procedures, staff training materials, administrative records, reports, minutes of key committee meetings, and member and provider informational materials.</li> <li>The MCEs also submitted lists denials, grievances, and appeals that occurred between January 1, 2022, and December 31, 2022 (to the extent available at the time of the review). MCEs submitted the lists to HSAG 10 days following receipt of the desk review request. HSAG used a random sampling technique to select records for the review. HSAG notified the MCE five days following receipt of the lists of records regarding the sample records selected.</li> </ul>

For this step,	HSAG completed the following activities:
	<ul style="list-style-type: none"> <li>The HSAG review team reviewed all documentation submitted prior to the review and prepared a request for further documentation and an interview guide to use during the review.</li> </ul>
<b>Activity 3:</b>	<b>Conduct the Review</b>
	<ul style="list-style-type: none"> <li>During the review, HSAG met with groups of the MCE’s key staff members to obtain a complete picture of the MCE’s compliance with federal healthcare regulations and contract requirements, explore any issues not fully addressed in the documents, and increase overall understanding of the MCE’s performance.</li> <li>HSAG requested, collected, and reviewed additional documents as needed.</li> <li>At the close of the review, HSAG provided MCE staff and Department personnel an overview of preliminary findings.</li> </ul>
<b>Activity 4:</b>	<b>Compile and Analyze Findings</b>
	<ul style="list-style-type: none"> <li>HSAG used the FY 2022–2023 Department-approved Compliance Review Report template to compile the findings and incorporate information from the pre-review and review activities.</li> <li>HSAG analyzed the findings and calculated final scores based on Department-approved scoring strategies.</li> <li>HSAG determined opportunities for improvement, recommendations, and required actions based on the review findings.</li> </ul>
<b>Activity 5:</b>	<b>Report Results to the Department</b>
	<ul style="list-style-type: none"> <li>HSAG populated the Department-approved report template.</li> <li>HSAG submitted the draft Compliance Review Report to the MCE and the Department for review and comment.</li> <li>HSAG incorporated the MCE and Department comments, as applicable, and finalized the report.</li> <li>HSAG included a pre-populated CAP template in the final report for all elements determined to be out of compliance with managed care regulations.</li> <li>HSAG distributed the final report to the MCE and the Department.</li> </ul>
