KPM 1.1 - Increase the Number of Certificates and Degrees Awarded by One Percentage Point (Particular Emphasis on Credentials that Lead to a Living Wage) ..... 32
KPM 1.2 - Exceed the National Fall-to-Fall and Fall-to-Spring Retention Rate for Full and Part-Time Community College Students by 2025 ..... 32
KPM 1.3 - Assure Equity for Students from Underrepresented Groups, as Compared to Overall Student Outcomes ..... 33
KPM 1.7 - Increase Distance \& Hybrid Course Success Rate to Match On-Campus Course Success Rate by 2025 ..... 34
KPM 3.1 - Increase Matriculation of Concurrent Enrollment Students to a CCCS Institution within Four Years of High School Graduation by 1\% Each Year through 2025 ..... 34
KPM 3.1 - Increase CCCS College Credentials Awarded to Concurrent Enrollment Students by 1\% Each Year through 2025 ..... 35
KPM 3.1 - Increase Successful Credit Completion through Concurrent Enrollment by 1\% Each Year through 2025 ..... 35
KPM 3.2 - Increase Percentage of Successful Transfers to Four-Year Institutions ..... 35

## 6. Front Range Community College

## Front Range Community College: Strategic Plan AY 18-19¹ SNAPSHOT

## Table 6.1: FRCC AY 18-19 Leading Indicators

#### Abstract

60.5\% of students completed a gateway English course in their $1^{\text {st }}$ year; $\mathbf{6 6 . 5 \%}$ of students taking a gateway English course successfully completed

$\mathbf{2 5 . 9} \%$ of students completed a gateway Math course in their $1^{\text {st }}$ year; $56.5 \%$ of students taking a gateway math course successfully completed
Students earned an average of $\mathbf{1 2 . 7}$ credits in their first year
On average, students decreased their accumulated credits from the $1^{\text {st }}$ to $2^{\text {nd }}$ semester by .07 credits
77.1\% of courses attempted were successfully completed
$\mathbf{1 2 . 5 \%}$ of students enrolled at Fall census did not earn any credits for the term
$0.0 \%$ of students completed a student success course
$\mathbf{9 . 0} \%$ of students experienced a precipitous decline in GPA from the $1^{\text {st }}$ to $2^{\text {nd }}$ semester

## Table 6.2: FRCC AY 18-19 Student Success Metrics

| KPM | Goal | Actual |
| :--- | :---: | :---: |
| 1.1 - Increase the number of certificates \& degrees awarded | $1 \%$ annually | $15.5 \%$ |
| 1.2 - Exceed the national full-time fall-to-fall retention rate | $62.3 \%$ national | $57.3 \%$ |
| 1.2 - Exceed the national part-time fall-to-fall retention rate | $46.5 \%$ national | $44.1 \%$ |
| 1.2 - Exceed the national full-time fall-to-spring retention <br> rate | Unknown | $81.6 \%$ |
| 1.2 - Exceed the national part-time fall-to-spring retention <br> rate | Unknown | $66.5 \%$ |
| $1.7-$ Increase online, hybrid, and interactive video course <br> success rates to match on-campus course success rates | $76.5 \%$ on-campus | $73.3 \%$ |
| 3.2 - Increase percentage of successful transfers to 4-year <br> institutions for all students | $2 \%$ annually | $0.0 \%$ |

[^0]
## Table 6.3: FRCC AY 18-19 Equity Indicators

| Indicator | Overall | Students <br> of Color | First <br> Generation | Pell <br> Eligible |
| :--- | :---: | :---: | :---: | :---: |
| \% of students completing a gateway English course in 1 ${ }^{\text {st }}$ year | $60.5 \%$ | $61.1 \%$ | $60.4 \%$ | $62.8 \%$ |
| Successful course completion rate - Gateway English | $66.5 \%$ | $61.6 \%$ | $65.0 \%$ | $61.4 \%$ |
| \% of students completing a gateway Math course in 1 ${ }^{\text {st }}$ year | $25.9 \%$ | $22.5 \%$ | $23.4 \%$ | $24.2 \%$ |
| Successful course completion rate - Gateway Math | $56.5 \%$ | $48.1 \%$ | $54.5 \%$ | $50.0 \%$ |
| Average number of credits earned in first year | 12.7 | 11.2 | 11.9 | 12.2 |
| Average change in the number of credits taken from 1 ${ }^{\text {st }}$ to $2^{\text {nd }}$ <br> semester | -0.07 | 0.01 | -0.15 | 0.03 |
| Successful course completion rate - all courses | $77.1 \%$ | $72.8 \%$ | $74.8 \%$ | $72.8 \%$ |
| \% of students enrolled at Fall census that did not earn any <br> credits for the term | $12.5 \%$ | $15.3 \%$ | $14.2 \%$ | $15.9 \%$ |
| \% of students completing a student success course | $0.0 \%$ | $0.0 \%$ | $0.0 \%$ | $0.0 \%$ |
| Successful course completion rate - student success course | $\mathrm{N} / \mathrm{A}$ | $\mathrm{N} / \mathrm{A}$ | $\mathrm{N} / \mathrm{A}$ | $\mathrm{N} / \mathrm{A}$ |
| \% of students experiencing a precipitous decline in GPA from <br> $1^{\text {st }}$ to 2nd semester | $9.0 \%$ | $12.4 \%$ | $10.5 \%$ | $10.0 \%$ |
| \# of students earning a certificate or degree | 4,889 | 1,259 | 2,509 | 1,713 |
| Fall-to-fall retention rate - full-time | $58.8 \%$ | $56.6 \%$ | $55.0 \%$ | $56.3 \%$ |
| Fall-to-fall retention rate - part-time | $46.0 \%$ | $43.3 \%$ | $44.1 \%$ | $45.1 \%$ |
| Fall-to-spring retention rate - full-time | $81.6 \%$ | $79.5 \%$ | $79.5 \%$ | $79.6 \%$ |
| Fall-to-spring retention rate - part-time | $66.5 \%$ | $61.8 \%$ | $65.4 \%$ | $66.5 \%$ |
| Successful course completion rate - distance \& hybrid courses | $73.3 \%$ | $68.2 \%$ | $71.8 \%$ | $69.5 \%$ |
| \% of successful transfers to 4-year institutions | $16.1 \%$ | $12.6 \%$ | $11.6 \%$ | $12.9 \%$ |

## Table 6.4: FRCC AY 18-19 Concurrent Enrollment Metrics

| KPM | Goal | Actual |
| :--- | :---: | :---: |
| 3.1 - Increase matriculation of concurrent enrollment <br> students to a CCS institution within 4 years of high school <br> graduation | $1 \%$ annually | $-1.7 \%$ |
| 3.1 - Increase CCCS college credentials awarded to <br> concurrent enrollment students | $1 \%$ annually | $18.2 \%$ |
| 3.1 - Increase successful credit completion through <br> concurrent enrollment | $1 \%$ annually | $12.2 \%$ |

Chart 6.23
FRCC: Overall Student Success (Transfer, Graduation, or Skills Builder)

## APPENDIX A: METHODOLOGY

The following describes how each leading indicator and performance metric was calculated as well as the source of the underlying data. Methods included do not provide technical detail such as exact coding or fields and tables used. For IR professionals seeking this kind of technical detail, please reach out to CCCS Institutional Research.

## Data Source

All Key Performance Metric (KPM) data was pulled from the operational data store (ODS) at the Colorado Community College System office. Populations used in calculating KPMs were pulled from freeze tables for consistency, and are reflective of the end-of-term freeze for a given academic term. The end-of-term freeze dates allow time for data entry and cleanup after the actual end of the semester. End-of-term freeze dates are as follows:

- Summer - October 10
- Fall - February 10
- Spring - July 10

## LEADING INDICATOR I - COMPLETION OF GATEWAY ENGLISH AND MATH IN FIRST Year

Two measures are provided for leading indicator I, a successful completion rate in gateway courses and the proportion of students that have completed a gateway course by the end of their first year.

Gateway courses include English 121, and Math courses with the following course numbers: 103, 107, 108, 109, 112, 120, 121, 123, and 135.

Successful completion entails receiving a grade of C or better, or a satisfactory grade. Grades of D, F, and W (withdrawn) are considered unsuccessful courses, and dropped or incomplete courses are not included in the calculation.

A student's "first year" is considered to be the first three academic terms of eligibility, beginning with the semester in which a student registers as a new first-time student. For example: the first year for a student registering in spring ends in the following fall. Likewise, a student starting in the summer would end their first year the following spring. Headcounts are based on the academic year in which the student registered as new first-time.

Success rate percentages are total successful course completions divided by total registered courses as of the end of term. Headcount percentages are all unique first-time students completing a gateway course in their first year divided by all unique students registered for at least one course.

## Leading Indicator II - Credit Accumulation in First Year

Totals reflect the average number of cumulative credits earned by students through the end of their first year. Credits earned are inclusive of any concurrent enrollment activity and all CCCS schools attended.
"First year" is considered to be the first three academic terms of eligibility, beginning with the semester in which a student registers as a new first-time student at a CCCS institution.

Credits earned are summed from student course data in the ODS, and are based on grading rules established at the students' specific institution.

## Leading Indicator III - Acceleration, Deceleration of Credits from $1^{\text {st }}$ TO $2^{\text {ND }}$ SEMESTER

Average change in number of registered credits from a student's first semester to their second semester. Changes are measured from the semester in which a student registers as a new first-time student (non high school) to the following semester. This metric focuses on term credits, not cumulative, to measure enrollment intensity and course load.

The population for this metric only includes students who enrolled in both semesters.

## Leading Indicator VI - Successful Course Completion Rate

Measures the percentage of all registered courses that were completed successfully, as of end of term.
Successful completion entails receiving a grade of C or better, or a satisfactory grade. Grades of $\mathrm{D}, \mathrm{F}$, and W (withdrawn) are considered unsuccessful courses. Dropped courses or courses with a grade of "I" (incomplete) are not included in the calculation.

# Leading Indicator VII - Students Enrolled at Fall Census but Earned no Credit for Term 

Percentages represent the proportion of students registered in for-credit courses as of census in a given fall term, but had earned no credits at the end of that same term.

Credits earned are summed from student course data in the ODS, and are based on grading rules established at the students' specific institution.

## LEADING Indicator VIII - Completion of a Student Success Course

Two measures are provided for leading indicator VIII, a successful completion rate in student success courses and the proportion of students that completed a student success course in a given academic year. High School students are not included in the population.

Student success courses include AAA courses with a course number of 100 or higher.
Successful completion entails receiving a grade of "C" or better, or a satisfactory grade. Grades of D, F, and W (withdrawn) are considered unsuccessful courses. Dropped courses or courses with a grade of "l" (incomplete) are not included in the calculation.

## Leading Indicator XI - Precipitous Decline in GPA from First to Second Semester

Term GPA is compared between first and second term for students registering as new first-time. Percentages reflect the proportion of students whose second term GPA was at least 1.3 points below their first term GPA.

The population for this metric only includes students who were registered in both terms. In addition, only students with a cumulative GPA at or above 2.0 in both semesters are included in the population.

The 1.3 decline threshold was used as an initial exploratory effort into this metric, as it was developed at Colorado State University by Dr. Paul Thayer. Methods are subject to review and revision for future iterations to account for differences in the CCCS and CSU populations.

## KPM 1.1-Increase the Number of Certificates and Degrees Awarded by One Percentage Point (Particular Emphasis on Credentials that LEAD TO A LIVING WAGE)

Measures the percent change in total credentials (degrees and certificates) awarded over time. High school students are not included in the population.

A subset of these credentials is used to assess those that lead to a living wage. The top ten degrees are displayed by growth, as measured through the absolute change in number of credentials in a given subject. Credentials are grouped according to their Classification of Instructional Program (CIP) code and matched to the corresponding wage data for that CIP code to ascertain whether the highest growth credentials lead to a living wage.

Data supporting living wage and median salary thresholds was pulled using the following online calculators and data files:

- MIT Living Wage Calculator
- CDHE Postsecondary Degree Earnings Outcomes

Wage thresholds used in this document represent calculations using two working adults and two children.

## KPM 1.2 - Exceed the National Fall-to-Fall and Fall-to-Spring Retention Rate for Full and Part-Time Community College Students by 2025

The CDHE and IPEDS method of measuring retention is used. Retention cohorts include students enrolled as new firsttime students in the fall term, or registered in the fall and new first-time in the summer directly preceding the fall term.

Only degree-seeking students (declared in any academic program) are included in the cohort, and separate rates are calculated for full and part-time students.

Students are considered retained if they registered in the following fall term, or are awarded a credential between the fall term of entry and the following summer term. For example: for the fall 2017 cohort, students registered in fall 2018 or attaining a credential by the end of summer 2018 are considered retained.

Fall-to-spring retention is calculated based on enrollment in the spring term directly following the fall cohort, or receiving a credential in fall or spring.

National rates are sourced from the IPEDS Trend Generator. IPEDS only provides national benchmarks for fall-to-fall retention, so fall-to-spring retention benchmarks are not provided in this document.

## KPM 1.3 - ASSURE EQUITY FOR STUDENTS FROM Underrepresented Groups, as Compared to Overall Student Outcomes

All KPM data is broken down by student demographics to assess equity - including populations such as students of color, first generation students, and Pell eligible students.

An overall success rate is also provided that includes graduation, transfer (to four-year institutions) and Skills Builder outcomes over the traditional three-year graduation rate period. The success rate is the percentage of students in a given graduation cohort that achieve any one of these outcomes within three years after registering as a new first-time student.

Fall graduation cohorts were used for the overall success rate, and include the same students as mentioned in KPM 1.2: degree-seeking students registered as new-first time in the fall term, or registered in the fall and new first-time in the summer directly preceding fall term. Full and part-time students are both included in the overall success calculations for purposes of this document.

A student is counted as having transferred or graduated if they attended a four-year school or received a CCCS credential within three academic years, plus a trailing summer. For example: students in the fall 2016 cohort that obtain a credential or transfer by summer 2019 are included as successful outcomes. Skills Builder outcomes are also assessed using the same span of time for purposes of this document.

A "Skills Builder" student is one that meets the following criteria, according to research conducted by Dr. Peter Bahr of the University of Michigan in coordination with the CCCS Institutional Research office:

- Number of terms enrolled in community college $\leq 2$
- Percentage of community college course credits completed successfully $=100 \%$
- Total number of community college credits attempted $\leq 26$
- Percentage of attempted community college credits in CTE fields $\geq 50 \%$
- Did not attend a four-year institution in the one year prior to enrolling in community college

Four-year transfer data was obtained through the National Student Clearinghouse Student Tracker.

## KPM 1.7 - Increase Distance \& Hybrid Course Success Rate to Match On-Campus Course Success Rate by 2025

Compares courses taught exclusively on campus with those utilizing some sort of distance learning or online component. These include online courses, hybrid courses that are taught partially on campus as well as online, and interactive video courses.

Success rates are computed using the same method previously mentioned in leading indicators: a grade of C or better, or a satisfactory grade is considered a successful course. Grades of D, F, and W (withdrawn) are considered unsuccessful courses. Dropped or incomplete courses are not included in the calculation.

Course delivery methods are categorized using a combination of instruction method and schedule type in the student course ODS tables.

## KPM 3.1-InCREASE MATRICULATION OF CONCURRENT ENROLLMENT STUDENTS to a CCCS Institution within Four Years of High School Graduation by 1\% Each Year through 2025

Measures the rate at which students attending a CCCS institution while still in high school later register at a CCCS institution after high school graduation.

A student is counted as having matriculated if they register as a non-high school student after previously registering as a high school student. Matriculation to any CCCS institution is measured in this document.

The period of time over which matriculation is assessed is four academic years after the year of high school participation. For example: for all high school students registered in the 2015 academic year, matriculation rates are calculated up through academic year 2019.

## KPM 3.1-Increase CCCS College Credentials Awarded to Concurrent Enrollment Students by 1\% Each Year through 2025

Similar to KPM 1.1, measures the percent change in total credentials (degrees and certificates) awarded over time, specific only to high school students. All credentials (degrees and certificates) awarded to high school students are totaled for the academic year and percent change over time is displayed.

## KPM 3.1-Increase Successful Credit Completion through Concurrent Enrollment by 1\% Each Year through 2025

Measures total credits completed successfully by high school students within an academic year. Percentage change in the total number of successful credits is displayed.

Course successes are measured as previously mentioned in leading indicators and KPM 1.7: a grade of C or better, or a satisfactory grade is considered a successful course. Grades of $\mathrm{D}, \mathrm{F}$, and W (withdrawn) are considered unsuccessful courses. Dropped or incomplete courses are not included in the calculation.

## KPM 3.2-Increase Percentage of Successful Transfers to Four-Year INSTITUTIONS

Transfer rates use graduation and retention cohorts as mentioned in KPM 1.2 and 1.3: degree-seeking students enrolled as new first-time in the fall term, or registered in the fall and new first-time in the summer directly preceding the fall term. Both full and part-time students are included for purposes of this metric.

The span of time over which transfer rates are calculated is consistent with graduation rates and the overall success rate mentioned in KPM 1.3. Students are counted as transferred if they attend a four-year institution at any point within three academic years, plus a trailing summer. For example: students in the fall 2016 cohort that attend a four-year institution by summer 2019 are counted in transfer outcomes.

Four-year transfer data was obtained through the National Student Clearinghouse Student Tracker.

[^0]:    ${ }^{1}$ Not all data was available for AY 18-19. For the snapshot, in cases where AY 18-19 data was unavailable, AY 17-18 data is used.

[^1]:    ${ }^{2}$ Students of color include those that reported as Asian, Black or African American, Hawaiian/Pacific Islander, Hispanic, More than One Race, or Native American/Alaskan Native.

[^2]:    ${ }^{3}$ Fall AY 19-20 semester not complete - cannot yet calculate first year completions for AY 18-19.

[^3]:    ${ }^{4}$ Fall AY 19-20 semester not complete - cannot yet calculate first year completions for AY 18-19.

[^4]:    ${ }^{5}$ Fall AY 19-20 semester not complete - cannot yet calculate first year completions for AY 18-19.

[^5]:    ${ }^{6}$ Although wage data obtained from CDHE includes FRCC's actual graduates, the population may not include the exact same graduates included in the determination of the programs with the greatest change.
