**AUDIT GUIDE GENERAL INSTRUCTIONS  
COLORADO-FUNDED AID**

This guide is to be used in conducting performance and financial audits at Colorado postsecondary education institutions that are participating in one or more state-funded student assistance programs. The audit will examine:

1. The institution’s administrative performance.
2. The institution’s commitment to serving students
3. The institution’s compliance with state policy and guidelines.
4. The institution’s ability to handle funds in accordance with standard accounting practices
5. The institution’s fiscal stability.

Audits are to be conducted every two years, unless a prior audit contains audit findings. Institutions with audit findings are subject to annual audit review to maintain financial aid eligibility. CCHE will provide a letter that releases an institution from annual review.

Institutional audits should include both federal and state financial assistance programs.

Reports are due by March 31, 2006 for 2004-2005 calendar year.  
Reports are due by March 31, 2007 for 2005-2006 calendar year.

Step 1: Prior to the audit visit, the auditors should collect:

1. CCHE’s Financial Aid Policy in effect for the fiscal year being audited.

2. CCHE's Guidelines for the year being audited.
3. State budget parameters for 2005-06 (attached).
4. The prior audit report, including the findings, and recommendations.
5. An institution's plan to address the recommendation and its implementation schedule.
6. A compliance sample drawn from the Student Unit Record Data System (SURDS) Financial Aid Report.

Step 2: Complete the questionnaire

Step 3: Conduct the audit

Step 4: Sign the audit statements

Step 5: Send copies to the appropriate parties.

Questions about definitions or policy interpretation for the Colorado student aid programs should be directed to:

Tobin Bliss, Financial Aid Director  
Diane Lindner, Chief Fiscal Officer, CCHE

## **DEFINITIONS**

1. "State-funded student assistance" includes funds provided under the following programs:
  - A. Need-based Programs:
    - Colorado Student Grant
    - Colorado Leveraging Educational Assistance Program (CLEAP) Grant
    - SLEAP Grant
    - Colorado Need-based Work-Study
    - Governor's Opportunity Scholarship
    - Perkins Student Loan Match
  - B. Non-need-based Programs:
    - Colorado Merit Program
    - Colorado No-Need Work-Study
    - Student Loan Matching
2. "Colorado resident student" means a student who is eligible for in-state tuition classification as defined in Title 23, Article 7, C.R.S., for public institutions. For non-public institutions the tuition classification statute has been interpreted for financial aid purposes only; private institutions should be collecting information required on the CCHE Residency Classification Form (# CCHE-C-1) to determine residency.

3. "Self-supporting" or "independent student" means a student who meets the requirements for self-supporting or independent student status as defined in regulations and policy governing the Federal campus-based financial aid programs (cit. Public Law 99-498 Section 480).
4. "Dependent student" means a student who does not qualify as a self-supporting or independent student under Section 2.03.
5. "Eligible institution" means an educational institution operating in Colorado that meets requirements specified in C.R.S. 23-3.3-101, as verified through the "Application to Participate in State-Funded Student Assistance Programs" submitted to the Colorado Commission on Higher Education. A change in ownership of an eligible proprietary institution terminates eligibility and a new application must be submitted.
6. "Eligible program" means a program of education or training which:
  - Admits as regular students only persons having a certificate of graduation from a secondary school (high school graduates), the recognized equivalent of that certificate (GED), or persons beyond the age of compulsory school attendance in the State of Colorado who have been shown to have the ability to benefit from the education or training offered.
  - Leads to a bachelors, associate, professional, or higher degree, or
  - Is at least a two-year program which is acceptable for full credit toward a bachelors degree, or
  - Is at least a one-year program leading to a certificate or degree that prepares a student for gainful employment in a recognized occupation, or
  - Is, for a proprietary institution or a postsecondary vocational institution, a program of at least six months (16 semester or trimester hours, or 24 quarter hours, or 600 clock hours) duration leading to a certificate or degree which prepares students for gainful employment in a recognized occupation.
7. "Undergraduate student" means a U.S. Citizen or permanent resident who is in attendance at an institution of postsecondary education and is enrolled in an eligible program leading to a postsecondary certificate, associate degree or first baccalaureate degree.
  - Students admitted as special students may be considered to be undergraduates for one term only if it is anticipated that the student will be enrolled in a regular undergraduate degree program in the following term.
  - This definition includes students who are enrolled in basic skills courses designed to correct spot deficiencies concurrent with enrollment in courses that can be counted toward the certificate or degree.
  - Students enrolled solely in Adult Basic Education, General Education Development

Courses (A.B.E./G.E.D.), or equivalent pre-college programs are not considered to be undergraduates and are not eligible for any program of state-funded student assistance. Students enrolled concurrently in A.B.E./G.E.D. courses and regular college level courses are undergraduates, but their enrollment status (full-time, half-time, less than half-time) is based only on their courses that bear credit attributable toward a postsecondary degree or certificate.

- Students concurrently enrolled in high school courses are not eligible for state financial aid assistance (e.g., Post-secondary options, fast-track)
8. "Special Attendance Categories" means undergraduate students may be considered to be in attendance at a "home institution," when they are enrolled in study abroad, cash-funded courses, or consortium courses. The enrollment must meet all four following tests:
- The student is admitted and enrolled in a degree or certificate program at the home institution;
  - The credits earned in a special attendance category are applicable toward the program as if the credits were earned in regular courses at the home institution.
  - The student's transcript at the home institution shows the individual classes taken; and
  - When another institution offers the courses, agreements exist between the institutions describing the acceptance of the courses toward the program to which the student is admitted prior to that enrollment.
9. "Graduate student" means a student who is in attendance at an institution of higher education and is enrolled in an academic program of instruction above the baccalaureate level. The term includes any portion of a program leading to either a degree beyond the baccalaureate, or a first professional degree when at least three years of study at the pre-baccalaureate degree level are required for entrance into a program leading to such a degree. Students admitted as special/provisional graduate students may be considered as eligible students for one term only if it is anticipated they will enroll in a regular graduate program in the following term.
10. "Professional student" means a student who is in attendance at an institution of higher education and is enrolled in veterinary medicine, law, dentistry, pharmacy (Pharm. D. only), and medicine (M.D. program only).
11. "Secondary student" means a student who is enrolled in high school or enrolled solely in Adult Basic Education (A.B.E.) or General Educational Development courses (G.E.D.).
12. "Full-time student" means an undergraduate student who is carrying 12 or more credits per semester or a graduate student who is enrolled in 9 or more credits per semester.
13. "Half-time student" means a student who is carrying any combination of courses, research, or special studies that are attributable toward a postsecondary certificate or degree, including remedial courses for students enrolled at community colleges or other

institutions with a two-year role and mission.

- For undergraduate students:
    - 6 semester or quarter hours per regular academic term; or
    - 12 clock hours per week;
  - Or graduate students:
    - 4 semester or quarter hours per regular academic term.
14. "Less than half-time student" means a student who is not enrolled at least half-time as defined in Section 2.13.
15. "Documented financial need" means the difference between the student's budget and the family's resources as evaluated by the formula known as "Federal Needs Analysis Methodology" specified in federal law.
16. "Over-award" means the total resources exceed financial need by \$1.00 (one dollar) or more at the end of the academic year.
17. "Tolerance" – the degree that a need based recipient's award package may exceed the actual need: Under the Colorado guidelines, there are two situations in which a student's award may exceed the student's need.
- A need-based recipient that receives an undergraduate merit scholarship may exceed the total need if the over-award is less than \$301. The scholarship recipient's award package must be adjusted if the over-award exceeds \$300.
  - Colorado Work-Study Program permits a \$300 tolerance.
18. "Over-payment" means any money disbursed to the student in excess of the award, or in excess of need.
19. "Refund" means funds for tuition, fees, room, board, and/or other institutional charges that are released by the institution, usually as a result of the student leaving school.
20. "Repayment" means those cash funds that the student received for a specific academic period that are not attributable to educational costs incurred for that period, and consequently the student owes to the institution.
21. "Eligible Student" means an undergraduate, graduate, or professional student enrolled in an eligible postsecondary certificate or degree program who:
- Maintains satisfactory academic progress toward the degree or certificate, as defined by an institution in accordance with state and federal guidelines.
  - Does not owe a repayment, and is not in default on an educational grant or loan.

22. "Award year" means the fiscal year, July 1 through June 30, from which funds are allocated. Awards may be for one or more academic terms occurring within that fiscal year period. Summer enrollment must begin before the close of the fiscal year or end within the fiscal year to be included.
23. "Documentation" means the practice of collecting information to support applications for need-based financial aid.
24. "Verification" means the process of comparing information obtained from diverse sources and determining that the information is accurate and/or compatible.

Colorado Student Grant Program</p> <p>1) Colorado Need-based Program</p> <p>The purpose of the Colorado Need-Based program is to assist students who cannot otherwise afford to attend college. The Colorado Student Grant and Colorado Graduate Grant programs are designed for students with demonstrated financial need.</p> <p>The Colorado Student Grant program is the name given to the undergraduate need-based program funded by annual state appropriations.</p> <p>The Colorado Graduate Grant Program refers to the need-based graduate grant program.</p>

<p>2) Student Eligibility</p> <p>In order to receive a Need-Based Grant, students must submit an application and meet the following eligibility criteria</p> <ul style="list-style-type: none"> <li>• Colorado resident, as determined by the institution's tuition classification officer in accordance with applicable State law;</li> <li>• Undergraduate student or graduate student.</li> <li>• In good standing and demonstrate academic progress according to the institution's policy regarding Standards of Academic Progress for financial aid purposes;</li> <li>• Show financial need according to the Federal Needs Analysis Methodology.</li> </ul> <p>3) Limitations on Awards</p> <p>Students Enrolled on Full-time or Half-time Basis</p> <p>Degree seeking undergraduate students who are enrolled either full-time or at least half-time may be awarded Colorado need-based grants up to but not in excess of \$5,000 in any fiscal year or the level of need remaining after all resources, including other sources of financial aid, have been taken into account, whichever amount is less. Need-based grants shall not exceed the documented financial need of the student.</p> <p>Graduate students must be enrolled in an approved degree program, be a Colorado resident and be enrolled at least halftime (i.e., four credit hours per term). Additionally, graduate students must also show documented financial need.</p> <p>To ensure that state need-based dollars are directed to eligible Colorado resident students who have the least ability to pay for their education, CCHE policy defines three funding levels. Using Expected Family Contribution, the institution will award need-based dollars to Level 1 applicants. Level 2 applicants will be considered after meeting the need of Level 1 applicants. Reasonable administrative practices, such as application deadlines, are recognized as realistic and appropriate.</p>

Awards may be prorated for part-time, making the minimum award \$500.</li> <li>• <b>Level 2:</b> Students with documented need and moderate ability to pay  Students with an EFC that is between 150% and 200% of that required for the minimum Pell grant award. In 1971, the program was expanded through legislative action to include the local district junior colleges, and further amendment in 1973 authorized payment for jobs provided by non-profit organizations and governmental agencies through student employment contracts.</p> <p>1) Student Eligibility</p> <p>In order to participate in the Colorado Work-Study Program, students must submit an application and meet the following eligibility requirements:</p> <ul style="list-style-type: none"> <li>• Colorado resident, as determined by the institution's tuition classification office in accordance with applicable State law;</li> <li>• Undergraduate student.</li> <li>• Enrolled at least half-time.</li> <li>• In good standing and demonstrate academic progress according to the institution's published Standards of Satisfactory Academic Progress for financial aid purposes.</li> </ul> <p>2) Financial Need Requirement</p> <p><u>At least 70 percent of work study funds</u> (see amount in final allocation notice) must be used to find job opportunities for students with <u>demonstrated financial need</u>. The remaining 30 percent may be awarded without regard to need for the purpose of finding job opportunities for students <u>without regard for need</u>. Accordingly, financial need must be an eligibility factor for a substantial number of student recipients, such that the total gross compensation paid to such students will equal at least seventy percent of the institution's allocation for the program. Colorado Work-Study funds used as match for the Federal CWS program may be included in calculating the percentage of funds used for need-based awards. The Federal Needs Analysis shall be the system used to determine the financial need of students for the need-based portion of the program. No standard application procedure has been established for the non-need portion.</p> <p>In rare instances, CCHE may have approved an institution's request to deviate from the above percentages of need/no-need awards. Institutions should have supporting documentation from CCHE for deviation from the above percentages.</p>

Colorado Merit Program</p> <p>Colorado funds two state merit-based financial aid grant programs. Colorado Undergraduate Merit and Colorado Graduate Fellowship.</p> <p>The Colorado Undergraduate Merit program is a statewide effort to recognize undergraduate Colorado resident students attending public and private institutions of higher education for outstanding academic achievement.</p> <p>The Colorado Graduate Fellowship program provides institutions with funds to assist them in recruiting highly qualified graduate students.</p> <p>1) Student Eligibility</p> <p>In order to be eligible to receive a merit award, students must meet the following eligibility criteria:</p> <ul style="list-style-type: none"> <li>• Enrolled degree seeking undergraduate or graduate student;</li> <li>• Graduate students must be enrolled full-time; undergraduate students must be enrolled at least half time.</li> <li>• In good standing according to the Standards of Progress for graduate students;</li> <li>• Undergraduates must maintain a 3.0 cumulative G.P.A.</li> </ul> <p>2) Limitations on Awards</p> <p>Institutions may use not use funds for out-of-state undergraduate students.</p> <p>Institutions may not award merit funds to out-of-state graduate students. Governor’s Opportunity Scholarship (formerly Colorado Diversity Grant)</p> <p>The Governor’s Opportunity Scholarship Program is a unique need-based financial aid program that provides no cost of attendance assistance and academic support to a limited number of low-income students. The intent of the program is to change enrollment and graduation patterns of low-income students by focusing state and federal financial assistance toward Colorado residents who are the least likely to attend college for financial reasons. Eligible recipients receive both academic and financial assistance for a specified amount of time (number of semesters) depending on the type of degree or certificate program in which the student enrolls. Participating institutions must provide appropriate academic support systems, which include, but are not limited to, tutoring, academic counseling and peer mentoring to ensure student retention. The financial assistance is renewed as long as the student maintains financial and academic eligibility as specified in the guidelines.</p> <p>1) Student Eligibility Requirements:</p> <ul style="list-style-type: none"> <li>• Colorado resident for tuition classification purposes</li> <li>• The student must have high financial need, documented by a parental adjusted gross income of less than \$28,990 or have an Estimated Family Contribution (EFC) of “0” or a Parental Contribution (PC) of “0” from the FAFSA need analysis financial aid application. **STATEMENT OF ASSURANCES**

**INTRODUCTION**

XXXXXXXXXX College is a state-supported institution of higher education located in XXXXXX, Colorado.

Our financial and compliance examination of the various state-funded student assistance programs at the College for the year ended June 30, 2006, was directed toward the objectives and criteria set forth in CCHE's Financial Aid Policy, adopted April 2004. The state student financial assistance programs were examined simultaneously with the federal financial aid programs for the two years ended June 30, 2005 and 2006.

**STATE FUNDED ASSISTANCE PROGRAMS**

The various state-funded student assistance programs at the College include the Colorado Grant Program, Merit Program, Colorado Work-Study Program, Governor's Opportunity Scholarship, Perkins Student Loan Matching Program, CLEAP, SLEAP.

The state-funded student assistance awards made by the College were \$XXXXX during the fiscal year ended June 30, 2005 and \$XXXXX during fiscal year ended June 30, 2006. In addition, total state-funded matching funds of \$XXXXX during fiscal year 2004 and \$XXXXXX during fiscal year 2005 were transferred to the Perkins Student Loan Fund.

The Director of Financial Aid is responsible for administration of these programs. This responsibility includes application processing, eligibility determination, and financial aid packaging, as well as ensuring compliance with regulations governing the participation of the College in federal and state financial aid programs. The College Controller is responsible for the programs' financial management, general ledger accounting, payments, and collections.

During the audit period, XXXXXX College obtained authorizations to award federal student financial aid funds of \$XXXXXX in the Pell Grant Program, \$XXXXX in the Supplemental Educational Opportunity Grant Program, \$XXXXXXXXX in the College Work-Study Program, and \$XXXXX in the Perkins Student Loan Program.

During the audit period, XXXXXX College was authorized to award Colorado student financial aid funds of \$XXXXXX in the CLEAP & SLEAP Programs, \$XXXXXX in the Colorado Need-based Grant Program, \$XXXXXX in the Colorado Merit Program, \$XXXXXX in Loan Match, \$XXXXXX in Governor's Opportunity Scholarship, \$XXXXXX in Colorado Work Study, and \$XXXXXX in Colorado Nursing

**REPORT SUMMARY**

**PURPOSE AND SCOPE OF AUDIT**

Our audit of the state-funded student assistance programs was performed in accordance with the financial compliance elements of "Standards for Audits of Governmental Organizations, Programs, Activities, and Functions" issued by the Comptroller General of the United States, as revised through 2004. The purpose of the audit was to formulate an opinion on the statement of student aid program appropriations, expenditures, and reversions for the fiscal years ended June 30, 2005 and 2006 and to determine if these programs were administered in accordance with applicable laws, regulations, terms of agreements, and CCHE directives which were set forth in the handbook.

Our examination included:

- Expressing an opinion on the statements of student aid program appropriations, expenditures and reversions.
- Evaluation of the policies, procedures, and practices used to administer these programs.
- Determination of compliance with applicable sections of the CCHE guidelines, 2004 version.

**SUMMARY OF CURRENT YEAR COMMENTS**

The audit covered the period July 1, 2005 through June 30, 2006 and field work was performed during the period June 1, 2005 through April 20, 2006 at the campus Business and Student Financial Aid Offices.

**BASIS OF ACCOUNTING**

XXXXXXX College's accounting system is structured and administered in accordance with the accounting principles promulgated by the National Association of College and University Business Offices in their revised publication College and University Business Administration, as supplemented by the American Institute of Certified Public Accountants industry audit guide Audits of Colleges and Universities.

The Perkins Student Loan Direct Student Loan matching requirement from general funds, as approved by the Colorado Commission on Higher Education, is recorded as a transfer from general funds to loan funds, and not as a general fund expense and loan fund revenue.

All student aid is expensed on a cash basis, except for Perkins Student Loan and the College Work-Study Program (CWS). Perkins Student Loans are recorded as loans receivable when the funds are disbursed. The CWS is on the accrual basis in that the expense is recognized when the services are performed.

**NOTE A**

Colorado CLEAP and SLEAP consist of state funds and federal funds. The amount shown is the combined total.

**STATEMENT OF ASSURANCES**

**AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL**

Members of the Legislative Audit Committee:

We have examined the financial statements of the State-Funded Student Assistance Programs of XXXXXXXX College for the years ended June 30, 2005 and 2006. As part of our examination, we made a study and evaluation of the system of internal accounting control of XXXXXXXX College to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards and the standards of financial and compliance audits contained in the U. S. General Accounting Office:

- Receipt and Disbursement of Funds
- Eligibility of Recipients and Award Amounts
- Reports to the Colorado Commission

Our study included all of the control categories listed above. The purpose of our study and evaluation was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the entity's financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole or on any of the categories of controls identified above.

The management of XXXXXXXXXXXX College is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation made for the limited purpose described in the second paragraph would not necessarily disclose all material weaknesses in the system.

Accordingly, we do not express an opinion on the system of internal accounting control of XXXXXXXXXXXX College taken as a whole or on any of the categories of controls identified in the first paragraph. However, our study and evaluation disclosed no condition that we believe to be a material weakness in relation to the University's (College's) financial information.

This report is intended solely for the use of XXXXXXXXXXXX College, members of the Legislative Audit Committee and Colorado Commission on Higher Education, and should not be used for any other purpose. This restriction is not intended to limit distribution of this report which, upon release by the Legislative Audit Committee, is a matter of public record.
