Northglenn, City of	Site Application No. 4806 [ES.15.SA.01986]	City of Northglenn, WWTF UV System Expansion and Improvements ES.18.CWPDR.04268	Weld	Approved 07/18/2018

D. WATER QUALITY CERTIFICATIONS (Section 401)

Water Quality Certifications, under Section 401 of the Clean Water Act, provide for Division determinations that federally issued permits and licenses will comply with the Basic Standards and Methodologies for Surface Water, the Basic Standards for Ground Water, surface and ground water classifications and water quality standards, and all other applicable water quality requirements for the affected waters.

- For the purposes of the antidegradation requirements found in Section 31.8 of the Basic Standards and Methodologies, the following projects have been reviewed to make a preliminary determination of the significance of such projects and a draft certification determination. Public comment on these preliminary determinations will be received for thirty days following the date of publication of this newsletter. More information on the specific projects can be obtained from Scott Garncarz (scott.garncarz@state.co.us), (303) 692-2374. The U.S. Army Corp of Engineers (COE) may also review these projects, under Section 404 of the Clean Water Act, and a list of their current public notice can be found on their web site.

APPLICANT	PERMIT	ACTIVITY	COUNTY	WATERBODY	DETERMINATION
#4421 - City of Canon City / Canon City River Reach 2	SPA-2018-00032-SCO	Improvements that will enhance aquatic habitat and expand the existing whitewater park	Fremont	Arkansas River, Arkansas River Basin, Seg. COARUA04a of Upper Arkansas River Sub-basin	Draft 82.5(A)(3) Conditional Certification
