Clean Water Permit Actions

Permits sent to public notice on February 13, 2025.

You usually have 30 days to make comments on the draft action, but please check the exact deadline on the website.

<https://cdphe.colorado.gov/water-quality-draft-permit-actions>

General permit certifications - December 2024 & January 2025.

To check that your permit contact information is correct, look up your permit number in this [list of all active clean water permits](#). If your contact information is incorrect, please change your contacts in CEOS for certifications under general permits COR400000, COG080000, COG317000, COG318000, COG603000, and COG608000. Otherwise, fill out the [change of contact form](#), and send the signed form to the cdphe.wqrecordscenter@state.co.us.

General permit certifications - December 2024 & January 2025.

Water Quality Certifications (Section 401)

Water Quality Certifications, under Section 401 of the Clean Water Act, provide for division determinations that federally issued permits and licenses will comply with the Basic Standards and Methodologies for Surface Water, the Basic Standards for Ground Water, surface and ground water classifications and water quality standards, and all other applicable water quality requirements for the affected waters.

The following projects have received a final certification determination from the division. For further information regarding these projects, please call the division at 303 692-3500.

Final certification determination.

Applicant	Permit	Activity	County	Waterbody	Certification
#4508 - City of Fort Collins/ Fossil and Stanton Creek Stream	NWO-2024-00053-DEN	Replace the culvert, raising the roadway, widening shoulders and extending the culvert to meet current design standards.	Larimer	Fossil and Stanton Creek, South Platte River Basin, Seg. COSPCP13a of Cache La Poudre Sub-basin	82.5(A)(2) Final Regular Certification

Community Development and Partnership Section (CDAP)
