

SURVEY CODE: B

Healthy Kids Colorado Survey High School

This survey is about health behavior. It has been developed so you can tell us what you do that may affect your health. The information you give will be used to develop better health education for young people like yourself.

DO NOT write your name on this survey or answer sheet. The answers you give will be kept private. No one will know what you write. Answer the questions based on what you really do.

Completing the survey is voluntary. Your answers to this survey will not affect your grade in any class. Most questions ask for only one answer. If you do not find an answer that fits exactly, use the one that comes closest. If any question does not apply to you, or if you are not comfortable answering a question, just leave it blank.

The questions that ask about your background will be used only to describe the types of students completing this survey. The information will not be used to find out your name. No names will ever be reported.

Make sure to read every question. Fill in the circles completely. When you are finished, follow the instructions of the person giving you the survey.

Thank you very much for your help.
