
State of Colorado
EXECUTIVE CHAMBERS
Denver

RICHARD D. LAMM
Governor

Dear Highway User:

Welcome!

I hope you find this map a useful guide to colorful Colorado.

Further, it is my hope that you use our transportation network to your advantage. Much has been done to assure your safe travel.

Won't you, in turn, practice safe and courteous driving? The benefits to others are implied. Your benefits are obvious.

Best wishes for a safe and pleasant journey.

Sincerely,

Richard D. Lamm
Richard D. Lamm
Governor

King H. Harris, Denver

JACK KINSTLINGER
Executive Director

E. N. HAASE
Chief Highway Engineer

PREPARED BY PLANNING SUPPORT BRANCH
4201 EAST ARKANSAS AVENUE, DENVER, COLORADO 80222

INFORMATION FOR MOTORISTS

COLORADO, Gateway to the Rocky Mountain West, was admitted to the Union in 1876 and is known as the Centennial State. Colorado is the eighth largest state in area and is the highest in average elevation except Alaska.

THE HIGHEST ALTITUDE is reached by Mount Elbert's 14,433 feet and the peak is one of 53 which soar to 14,000 feet or more. The Nation's highest paved auto road climbs 14,264 feet to the top of Mount Evans near Denver. Lowest elevation is 3,350 feet near Holly.

THE CONTINENTAL DIVIDE, running from north to south, separates the Atlantic Ocean from the Pacific Ocean drainage.

SPECTACULAR SCENERY provides backdrops for National and State Parks and their summer and winter playgrounds which afford boating, camping, fishing, hunting, or relaxation. More than a score of ski areas have won the State the title of "Ski Country U.S.A."

POPULATION of Colorado in 1970 was 2,207,259. Denver, the capital, was 514,678 and the Standard Metropolitan Statistical Area of Denver 1,227,529.

SPEED LIMITS are posted for the benefit of the motorist on practically all State Highways. The lawful speeds are displayed on black-and-white signs. Advisory speeds for road curves or other locations where extra driving care is needed are shown on black-and-yellow signs. In the absence of posted speeds, the following limits established by statute are applicable: 20 miles per hour on narrow, winding mountain highways and blind curves; 25 miles per hour in any business district; 30 miles per hour in any residence district; 40 miles per hour on open mountain highways. Where no special hazard exists or where a reduced speed limit is not posted, a top limit of 55 miles per hour has been set by state law to conform to the national maximum speed limit. This 55-mile-per-hour limit includes interstate highways.

ACCIDENTS outside incorporated cities and towns are to be reported immediately to the Colorado State Patrol or to the office of the County Sheriff having jurisdiction. Within an incorporated city or town the local police are to be notified at once. Drivers involved in traffic accidents are required by law to exchange information with respect to license and registration and also to render reasonable assistance to any person injured.

SCHOOL BUSES are equipped to display flashing warning and regulatory lights. Flashing yellow lights are displayed as a school bus approaches a loading point for receiving or discharging school children. Once the school bus has stopped, flashing red lights are displayed. In addition to the flashing red lights, a red signal arm in the shape of an octagon, and equipped with flashing red lights, is extended from the left side of the bus. A motorist traveling in either direction on a two-way roadway is required to stop before reaching a school bus whenever the flashing red lights are in operation. On a four-lane highway with separate roadways for each direction of travel, a driver is required to stop for the flashing red lights only when traveling in the same direction as the school bus. "Separate Roadways" means a highway that is divided into two or more roadways by a depressed, raised, or painted median or other intervening space serving as a clearly indicated dividing section or island.

COLORADO has many miles of important connecting county roads that in numerous cases are the only access to communities, to scenic and recreational areas. Motorists planning travel in remote areas, particularly on unimproved roads, are advised to make local inquiry concerning road conditions. During the winter months when traveling in remote areas it is advisable to carry an emergency supply of food, water and blankets as well as tire chains. During storms or when roads are icy or snow-covered, the Department of Highways may require the use of these tire chains or snow tires.

CONSERVATION STICKER or permit is required for use of most National Forest Campgrounds and National Parks. There is also a permit required for the State Recreational Areas.

PUBLIC ACCOMMODATIONS LAW in Colorado requires that the places of public accommodation shall be open to all persons alike, regardless of race, creed, or ancestry.

KEEP OUR HIGHWAYS CLEAN by using a litterbag in your car and by depositing trash in the litter barrels that are provided along the highways. The Colorado Litter Control Act prescribes a penalty of fine and/or imprisonment for littering the highways.

A TIGHTLY CLOSED AUTOMOBILE can be a particular hazard in high altitude where the lack of oxygen causes motor vehicles to emit more carbon monoxide than at sea level. Yet, the human body can tolerate much less carbon monoxide at high altitude because of the lack of oxygen. The presence of carbon monoxide is not normally detected by the motorist until critical levels have developed. An air vent should be kept slightly open at all times, both summer and winter. If you get a headache or become drowsy, open all windows and breathe fresh air for several minutes. The same advice applies when running the motor in a parked vehicle.

Bicycling is encouraged in Colorado, subject to most of the regular road rules. In some areas, special paths serve the bicyclist. Bicycles are permitted to use the shoulder of certain sections of freeways and expressways where there is no alternate or parallel route.

GAS SAVING TIPS

GOOD DRIVING TECHNIQUES WILL SAVE GASOLINE, AND SAVE YOU MONEY. ON LONG TRIPS, START EARLY IN THE MORNING TO AVOID HEAVY TRAFFIC. AVOID RUSH HOUR TRAFFIC IN URBAN AREAS. KEEP TIRES PROPERLY INFLATED. WELL TUNED ENGINES USE LESS GAS. AVOID JACKRABBIT STARTS. MODERATE SPEEDS GIVE BEST MILEAGE.

GET A FREE CLEAN AIR EMISSION CHECK ON YOUR CAR AT 1549 CHESTER STREET IN AURORA, PROVIDED BY COLORADO DEPARTMENT OF HEALTH.
