## EXECUTIVE SUMMARY

The Jail Based Behavioral Health Services (JBBS) Program Annual Report provides a review of the program's fiscal information, goals, services and outcomes for Fiscal Year 2014-2015 (FY 15 or FY 14-15).

The JBBS Program was originally implemented in October 2011 to support County Sheriffs in providing screening, assessment and treatment for substance use disorders and co-occurring substance use and mental health disorders to people who need such services while they are in jails. The program is funded by two funding streams:

1. The Correctional Treatment Cash Fund created by the passage of SB 12-163. The Correctional Treatment Board oversees and allocates funds in pursuant to C.R.S. 18-19-103.
2. SB 2013-215 Recreational Marijuana Tax Revenue Funds

In FY 14-15 the Office of Behavioral Health (OBH or the Office) contracted for JBBS programs are in forty three (43) county jails across the state of Colorado. New programs were implemented in Crowley, Clear Creek, Baca, Bent, Kiowa, Prowers and Otero counties.

The Office expended \$3,497,987. Statewide, programs screened a total of 4,484 individuals for mental illness, substance use disorders, trauma and traumatic brain injuries. 3,277 individuals were admitted to JBBS programs and received treatment and transition services in FY 15.

**FUNDED COUNTY SHERIFFS AND AWARD AMOUNTS**

COUNTY SHERIFF	FY 2015 AWARD	FY 2015 UNEXPENDED
Alamosa (partnering with Conejos County)	\$112,000	\$78,451
Adams	\$252,474	\$55,194
Arapahoe	\$499,892	\$260,751
Boulder	\$443,166	\$35,370
Clear Creek	\$100,420	\$38,370
Delta(partnering with Ouray, Gunnison, Hinsdale, Montrose and San Miguel Counties)	\$275,035	\$40,379
Denver	\$359,188	\$112,637
Douglas	\$130,900	\$20,925
El Paso	\$415,902	\$124,551
Jefferson	\$402,000	\$59,156
La Plata (partnering with Montezuma County)	\$290,000	\$35,168.00
Larimer	\$112,000	\$0
Logan (partnering with Morgan, Washington, Phillips, Cheyenne, Kit Carson, Elbert, Lincoln and Yuma Counties)	\$505,717	\$197,116
Mesa (partnering with Eagle, Grand, Garfield, Summit and Routt Counties)	\$284,813	\$29,760
Otero (partnering with Baca, Bent, Crowley Kiowa and Prowers Counties)	\$207,482	\$72,010
Pueblo	\$196,020	\$71,720
Weld	\$330,989	\$189,225
<b>TOTAL</b>	<b>\$4,917,998</b>	<b>\$1,419,960</b>

Table 1. JBBS Program Awards FY 15

## GENERAL PROGRAM DESCRIPTION

The JBBS program funds provision of evidence-based behavioral health services, with continuity of care extending into the community. Sheriff’s Departments are recipients of these funds, either individually, or as multiple County Sheriff’s Department partnership. In accordance with the legislation, all funds are used to provide behavioral health services for adults (18 years of age and older) with substance use disorders or co-occurring substance use and mental health disorders.

OBH contracts with Sheriff’s Departments to partner with local community provider(s) who are currently licensed by the Office of Behavioral Health (OBH) to provide substance use disorder services. The treatment providers offer services within the jail, and have the capacity to provide free or low cost services in the community to clients upon their release. Most programs have at least a clinician position to offer screenings, assessment and treatment in the jail and a case manager position dedicated to transitional care and a seamless re-entry in treatment services in the community. Treatment providers screen all inmates referred to the programs for presence of substance use disorders, mental health disorders, trauma and traumatic brain injury and identify inmates with active duty or veteran military status.

## PROGRAM GOALS

The goal of the Jail Based Behavioral Health Services Program is to provide appropriate behavioral health services to inmates while supporting continuity of care within the community after release from incarceration. This approach should result in shorter jail sentences and decreased recidivism through better identification and treatment of behavioral health needs.

## COUNTY SHERIFFS AND TREATMENT PROVIDER PARTNERSHIPS

COUNTY SHERIFF AND FUNDING START DATE	TREATMENT PROVIDER(S)
Alamosa (partnering with Conejos) July 2011- Alamosa, July 2013- Conejos	San Luis Valley Behavioral Health
Adams July 2013	Community Reach Center
Arapahoe July 2011	Arapahoe Douglas Mental Health Network Aurora Mental Health Center
Boulder July 2011	Mental Health Partners Behavioral Treatment Services Addiction Recovery Center
Clear Creek County July 2014	Jefferson Center for Mental Health
Delta (partnering with Ouray, Gunnison, Hinsdale, Montrose and San Miguel)	Midwestern Colorado Mental Health Center

July 2011	
Denver July 2011	Behavioral Interventions, Inc The Council (Mile High Council on Behavioral Health) Empowerment
Douglas July 2013	Arapahoe Douglas Mental Health Network
El Paso July 2011	El Paso County Jail

Otero (partnering with Baca, Bent, Crowley Kiowa and Prowers counties) July 2014	Southeast Health Group
Pueblo July 2013	Health Solutions Southern Colorado Court Services
Weld July 2013	Behavioral Treatment Services North Range Behavioral Health

Table 2. JBBS County Sheriffs, Partnering Providers and Funding Start Dates

## CLIENTS SERVED

### ADMISSIONS AND DISCHARGES

In FY 15, 904 females and 2,373 males were admitted in JBBS programs across the state for a total of 3,277 admissions. 3,048 clients were discharged from programs. For a breakdown of FY 15 admissions and discharges for each program see Appendix A.

Figure 1 provides a demographic breakdown of the clients admitted to the JBBS programs in FY 15.

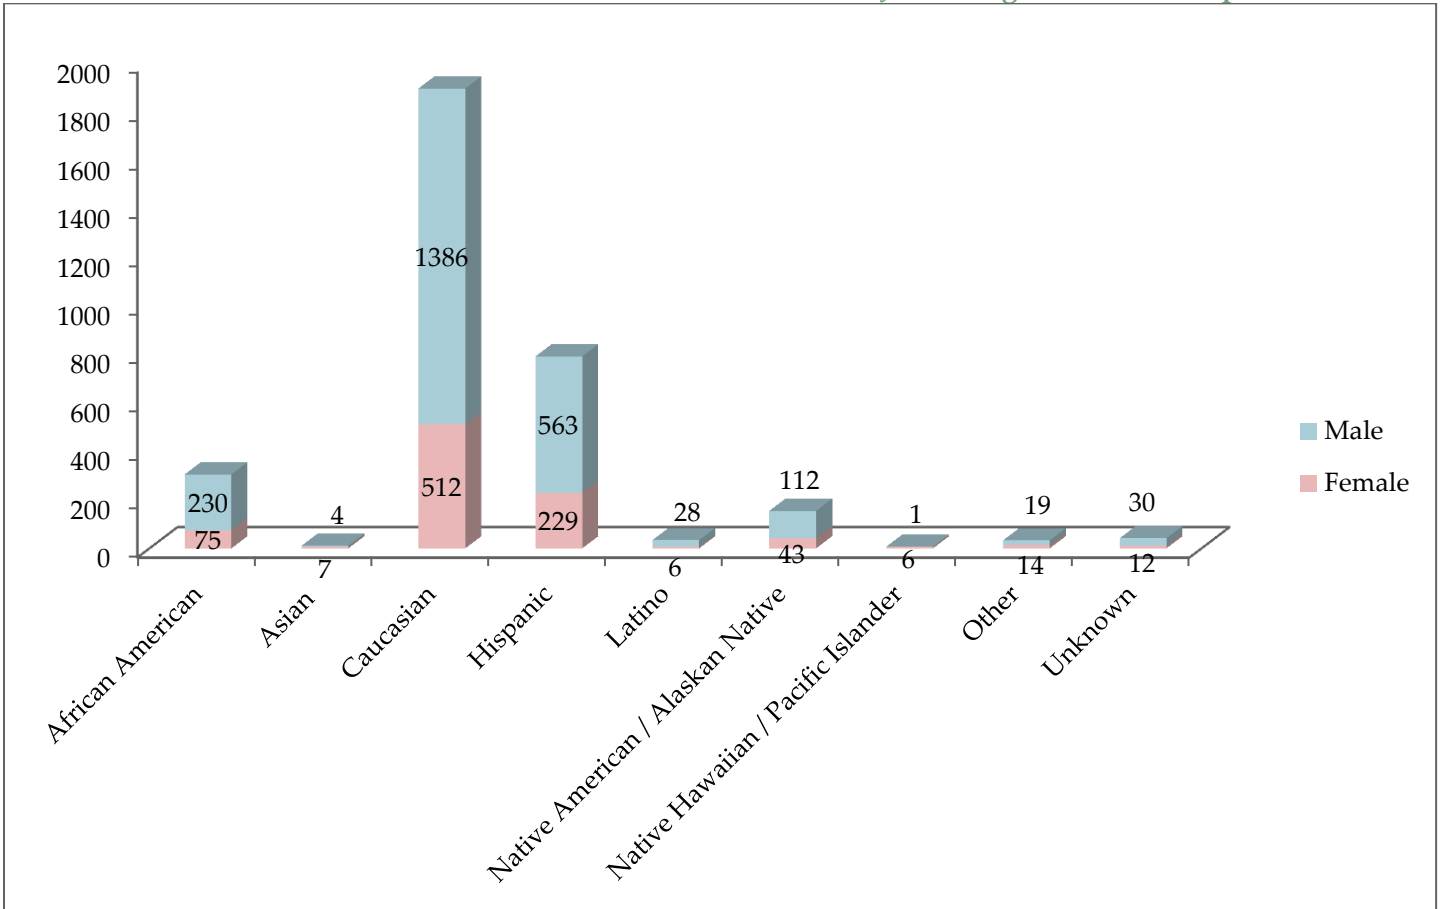

Figure 1. JBBS Admission Demographics for FY15

A successful discharge is one in which the client completes the program according to the treatment plan or is transferred or released from jail when he/she is fully compliant with treatment requirements. Unsuccessful discharges are when the client is discharged for non-compliant, disengagement or disciplinary sanctions within the jail.

Figure 2 shows the trend of Admissions and Discharges in the past four fiscal years since the program’s inception in FY 11-12.

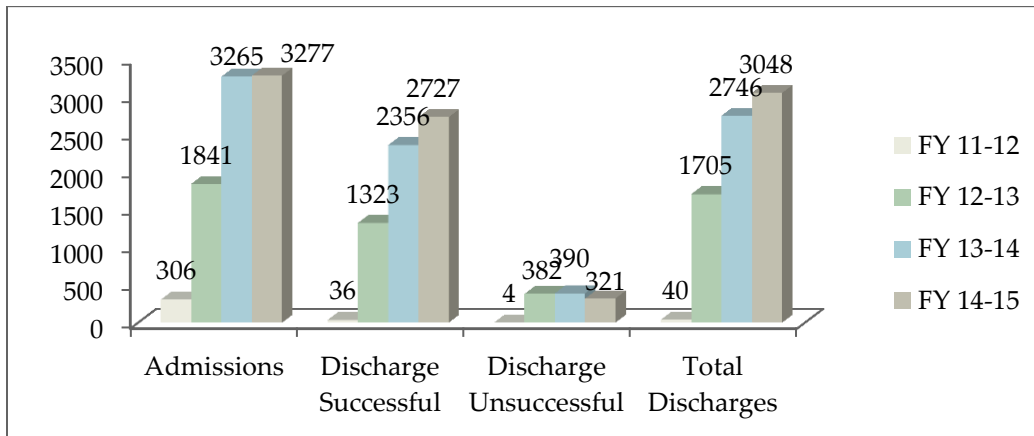

Figure 2. JBBS Admissions and Discharges Trends FY12 through FY 15

## SERVICES PROVIDED

### ADMISSION CRITERIA

All JBBS programs are contractually required at a minimum to offer services to clients with a Substance Use Disorder diagnosis in the jails. The programs can also admit clients who have a co-occurring mental illness.

Programs can have further admission criteria based on the facility's needs and size. Table 3 show's each facility's admission criteria.

County	Admission Criteria
Adams	<ol style="list-style-type: none"> <li>1. Must have a substance abuse issue and score higher than a 2 on the SSI.</li> <li>2. Client must want services and voluntarily engage in programming</li> </ol>
Alamosa/Conejos	Clients must score for needing treatment on the MMS or MSSSI SA.
Arapahoe	<ol style="list-style-type: none"> <li>1. Participants incarcerated in the ACSODF over the age of 18</li> <li>2. Participants who are sentenced to a minimum of four months when accepted in the program</li> <li>3. Participants will be entering into the community upon release from ACSODF</li> <li>4. Participants do not have to be sentenced but the goal is that they will be in custody for a minimum of four months to complete the program)</li> <li>5. Presence of a DSM-V diagnosis for substance abuse or dependence and who may also meet DSM-V criteria for a co-occurring mental illness</li> <li>6. There is an expectation that participant will make progress toward treatment goals while receiving this level of care (if progress is not being made or client is disruptive in treatment, they may be removed from the program based on JBBS team judgment)</li> <li>7. Participants with sex offenses are may be excluded from the program</li> <li>8. Participants with violent felonies in his/her recent past will be discussed on a case by case basis. Acceptance into the program will be agreed upon by the entire JBBS treatment</li> </ol>
Boulder	<ol style="list-style-type: none"> <li>1. Must be present in facility for at least 45 days</li> <li>2. Not anticipating a DOC sentence</li> <li>3. Must want services and voluntarily engage in programming</li> <li>4. Substance use disorder or dual diagnosed</li> </ol>
Clear Creek	Must have a substance use disorder and/or mental health health diagnosis

Delta	<ol style="list-style-type: none"> <li>1. The client must have a SUD diagnosis and score higher than four on the substance use disorder screen</li> <li>2. The client must want services and voluntarily engage in programming</li> </ol>
Denver	<ol style="list-style-type: none"> <li>1. Must be post conviction</li> <li>2. Must have substance use disorder</li> </ol>
Douglas	<ol style="list-style-type: none"> <li>1. Clients must have a substance use issue as self reported</li> <li>2. Must be in jail for a minimum of 30 days</li> <li>3. No current or past sex assault charges</li> <li>4. Clients are assessed for motivation to engage in treatment services</li> </ol>
Eagle	Submit request for services if client has substance use disorder
El Paso	<ol style="list-style-type: none"> <li>1. Participants must have a minimum of a 60-90 day sentence or referral from the courts or probation/parole</li> <li>2. No sex offense charges, violent offenders (F2 or greater)</li> </ol>
Elbert	<ol style="list-style-type: none"> <li>1. Must have substance use concerns within the past year</li> <li>2. Client must be willing to engage in either SUD and/or dual services</li> </ol>
Garfield	Submit request for services if client has substance use disorder
Grand	Submit request for services if client has substance use disorder
Gunnison	<ol style="list-style-type: none"> <li>1. The client must have a SUD diagnosis and score higher than four on the substance use disorder screen</li> <li>2. The client must want services and voluntarily engage in programming</li> </ol>
Jefferson	<ol style="list-style-type: none"> <li>1. Clients must have a substance use issue and screen positive for SPMI for JCMH and positive for trauma for BTS</li> <li>2. Clients must have 90 days remaining in the jail from the screening date</li> <li>3. Involvement in the program is voluntary.</li> </ol>
La Plata	<ol style="list-style-type: none"> <li>1. The client must be diagnosed with a Substance Use Disorder or Mental Health and a Substance Use Disorder.</li> <li>2. The client will voluntarily attend services provided in the jail.</li> </ol>
Larimer	<ol style="list-style-type: none"> <li>1. A desire to voluntarily enroll and participate in treatment while incarcerated at the jail</li> <li>2. The likelihood for being in the facility for at least 6 weeks from date of enrollment</li> <li>3. A self reported history of substance use disorder</li> <li>4. Previous mental health diagnosis/history of treatment or high probability of meeting criteria for a mental health disorder.</li> </ol>
Lincoln	<ol style="list-style-type: none"> <li>1. Must have substance use concerns within the past year</li> <li>2. Client must be willing to engage in either SUD and/or dual services</li> </ol>

Logan	<ol style="list-style-type: none"> <li>1. Must have substance use concerns within the past year</li> <li>2. Client must be willing to engage in either SUD and/or dual services</li> </ol>
Mesa	<ol style="list-style-type: none"> <li>1. The individual must have been in jail over 30 days</li> <li>2. Individual must voluntarily request the services.</li> </ol>
Montezuma	<ol style="list-style-type: none"> <li>1. The client must be diagnosed with a Substance Use Disorder or Mental Health and a Substance Use Disorder.</li> <li>2. The client will voluntarily attend services provided in the jail.</li> </ol>
Montrose	<ol style="list-style-type: none"> <li>1. The client must have a SUD diagnosis and score higher than four on the substance use disorder screen</li> <li>2. The client must want services and voluntarily engage in programming</li> </ol>
Otero	<ol style="list-style-type: none"> <li>1. The client must report a substance abuse problem within the past twelve months</li> <li>2. The client must request and willingly engage in SUD treatment and/or mental health services</li> <li>3. The client has a likelihood of remaining in the jail for at least 30 days</li> </ol>
Morgan	<ol style="list-style-type: none"> <li>1. Must have substance use concerns within the past year</li> <li>2. Client must be willing to engage in either SUD and/or dual services</li> </ol>
Pueblo	<ol style="list-style-type: none"> <li>1. Must be in jail for a minimum of 90 days from the time they are placed in the program</li> <li>2. Client must have a risk score of 4 or higher on the MRT assessment</li> <li>3. Must have history of substance abuse or mental health</li> <li>4. Must have DUI or DWAI for Level II</li> </ol>
Routt	Submit request for services if client has substance use disorder
San Miguel	<ol style="list-style-type: none"> <li>1. The client must have a SUD diagnosis and score higher than four on the substance use disorder screen</li> <li>2. The client must want services and voluntarily engage in programming</li> </ol>
Summit	Submit request for services if client has substance use disorder
Washington	<ol style="list-style-type: none"> <li>1. Must have substance use concerns within the past year</li> <li>2. Client must be willing to engage in either SUD and/or dual services</li> </ol>
Weld	<ol style="list-style-type: none"> <li>1. Individual must have a Substance Use Disorder</li> <li>2. Must not be sentenced to DOC</li> </ol>
Yuma	<ol style="list-style-type: none"> <li>1. Must have substance use concerns within the past year</li> <li>2. Client must be willing to engage in either SUD and/or dual services</li> </ol>

**Table 3. JBBS Programs Admissions Criteria**

**SCREENING**

All programs are required to screen for mental health disorders, substance use disorders, trauma and traumatic brain injury. Clients who screen positive for a substance use disorder and/or a co-occurring mental health disorder are eligible for services in the JBBS program. The clinicians and case managers then complete a full assessment designed to assist with diagnosis, determine treatment needs and offer appropriate services.

In FY 15 all JBBS programs were required to utilize one of the screening tools listed in Table 4 below to meet contract requirements. This was implemented to create similar requirements to meet program eligibility criteria across the state.

Substance Use Disorder Screening	Mental Health Disorder Screening	Trauma Screening	Traumatic Brain Injury Screening
Standardized Offender Assessment-Revised	Colorado Criminal Justice Mental Health Screen - Adult (CCJMHS-A)	PTSD Checklist	HELPS Brain Injury Screening Tool
Addiction Severity Index	Brief Behavioral Health Screen	Trauma Symptom Inventory	Traumatic Brain Injury Screening Tool
Simple Screening Instrument-Revised			

**Table 4. JBBS Programs Screening Tool Options**

Figure 3 shows the JBBS program statewide total number of client screenings completed for mental health disorders, substance use disorders, trauma, traumatic brain injuries and those who identify as veterans. The chart also shows the total number of positive screens for the screenings completed. 2,589 clients screened positive for mental illness; 2,190 screened positive for substance use disorders; 2,481 had both a mental health and substance use disorder positive screen. 1,386 screened positive for experiencing a traumatic brain injury; 2,190 screened positive for experiencing a traumatic event and 215 clients stated they are active duty military or veterans.

Each program has different criteria and processes for which inmates are selected to be screened. Some programs are able to screen all inmates who are booked into the county jail. Other programs screen upon the offender’s request or based on responses on classification/booking screenings. As a result of this, the number of screenings completed by each program significantly varies and should not be viewed as an indication of the actual number of offenders with mental health, substance use disorders, trauma or traumatic brain injuries in the jails across the state.

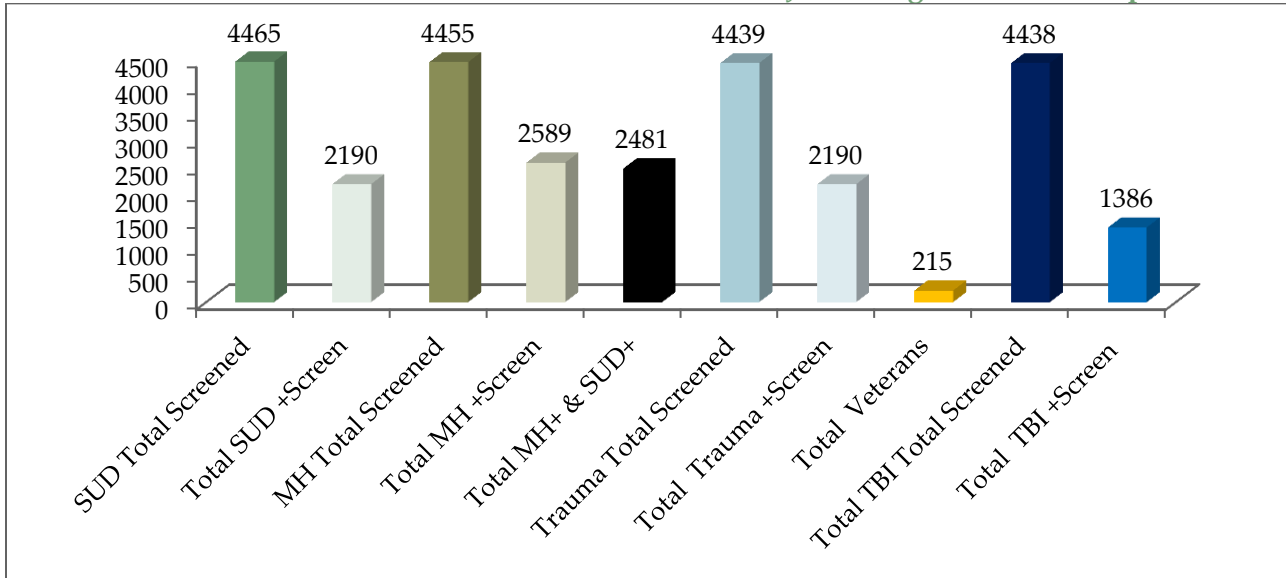

Figure 3. JBBS FY 15 Statewide Screening Data

Appendix C offers a breakdown of the screenings completed and positive results for each program.

### TREATMENT SERVICES

Figure 4 provides a breakdown of the total of number services offered in the JBBS programs statewide. The major categories of services are;

- Assessments/Evaluations
- Total Group Services
- Individual Therapy for substance use disorders, mental health disorders, co-occurring disorders, trauma and psychoeducation
- Transition Tracking- which is following up with clients after release from facilities
- Case Management Services- which include assistance or referrals for benefit acquisition, housing, vocational needs, employment acquisition, meeting legal obligations and transportation.
- Substance Use Disorder Treatment Services includes assisting with placement or referring to community- based treatment services
- Mental Health Treatment Services includes crisis intervention and medication management

Appendix D has a breakdown of the services offered at each program.

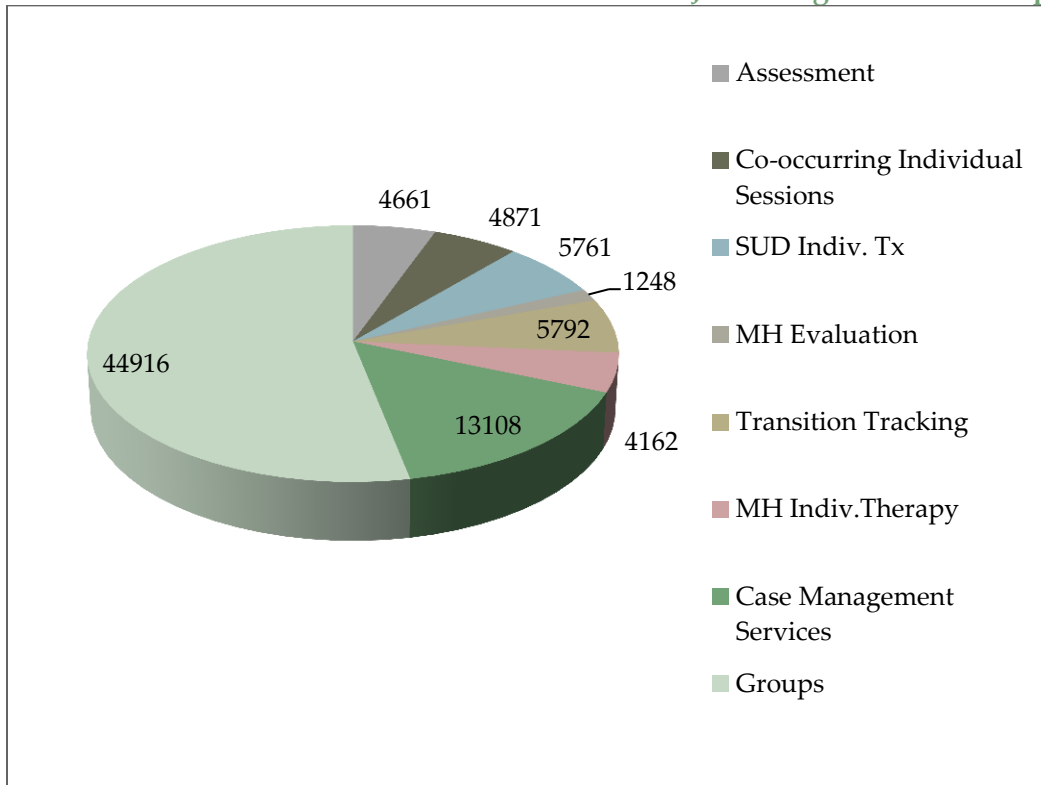

Figure 4. JBBS FY15 Total Services

## PROGRAM OUTCOMES

### TRANSITION TRACKING

Programs are required to follow-up with all clients who are successfully discharged from the program and released to the community at 1, 2, 6 and 12 months after release. Clinicians are required to either call the client or track treatment engagement at the community-based treatment provider the client was referred to.

The following outcomes are tracked for transition tracking:

1. In Treatment- Client is engaged in community-based treatment services as recommended on the transition plan
2. Not In Treatment- Client is tracked via the community-based treatment agency or the client reports to not be in treatment services as recommended on the transition plan
3. New Crime/Regressed- Client returned to jail for violations or committed a new crime
4. Status Unknown- Client cannot be reached or tracked
5. Not Applicable- Client sentenced to Department of Corrections or client not tracked
6. Treatment Completed- Client completed treatment as recommended at release from jail

Table 1 shows the overall program tracking outcomes. Appendix E offers a breakdown of outcomes by program.

Tracking Status	Time Period	Number of Clients	Percentage of Clients
In Treatment	Month One	1550	28.52%
	Month Two	1539	28.50%
	Month Six	1430	27.88%
	Month Twelve	1045	26.97%
Treatment Completed	Month One	28	0.52%
	Month Two	28	0.52%
	Month Six	26	0.51%
	Month Twelve	16	0.41%
New Crime/ Regressed	Month One	210	3.86%
	Month Two	208	3.85%
	Month Six	195	3.80%
	Month Twelve	140	3.61%
Not Applicable	Month One	1076	19.80%
	Month Two	1069	19.80%
	Month Six	1029	20.06%
	Month Twelve	857	22.12%
Not in Treatment	Month One	826	15.20%
	Month Two	819	15.17%
	Month Six	777	15.15%
	Month Twelve	578	14.92%
Status Unknown	Month One	1736	31.94%
	Month Two	1726	31.96%
	Month Six	1662	32.40%
	Month Twelve	1230	31.75%
Deceased	Month One	9	0.17%
	Month Two	9	0.17%
	Month Six	9	0.18%
	Month Twelve	8	0.21%

Table 1. JBBS Transition Tracking Outcomes FY 15

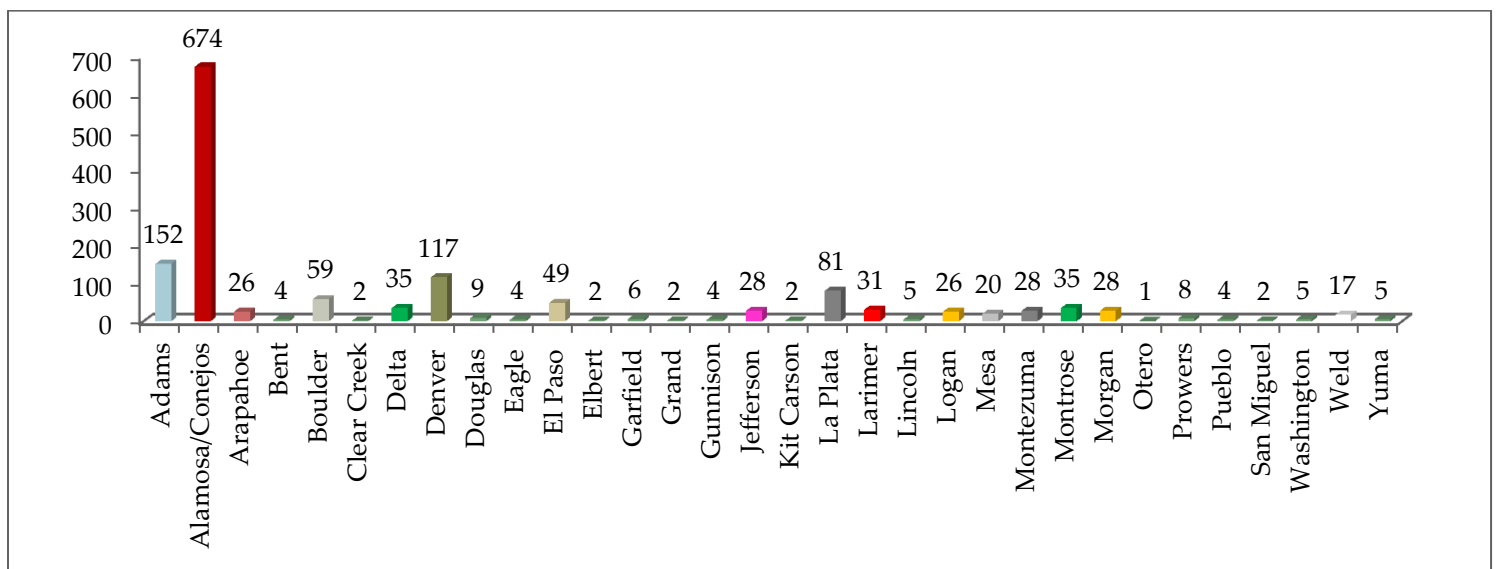

One of the main program outcomes currently being measured for the JBBS program is successful transition and continuity of care. The transition tracking data shows which programs are successfully placing clients in treatment upon release. In the FY 15, 28% (1,550 of 5,435) clients engaged in treatment services as recommended in their transition plan 1 month after release; after 2 months the percent of clients engaged in services remained the same at 29% (1,539 of 5,400). At the 6 month follow-up, 27% (1,430 of the 5,121) of clients

tracked were still engaged in treatment services. At 12 months, 26% (1,045 of 3,874 clients) were still engaged in community-based treatment services.

**RE-ADMISSIONS**

Figure 5 shows the number of clients re-admitted into the JBBS programs across the state since the program's inception in July 2011. The data shows clients who returned to the same facility after both successful or unsuccessful discharge and re-engaged in the JBBS program at that facility.

Note: The data below does not capture clients who returned to the facility but do not re-engage in the JBBS program (with the exception of Alamosa and Conejos counties) and; therefore cannot be used to determine overall program recidivism. All programs do not have the same start date, therefore the timeframe across all programs is not equal.

**Figure 5. JBBS Re-admissions since Program Inception (July 2011) to June 2015.**

**RECOVERY SUPPORT SERVICES**

In response to feedback from most of the JBBS programs regarding the need to assist clients with their immediate and basic necessities in the community after release from jail; the Correctional Treatment Board approved an increase in funding. In FY 15, most programs received up to 10% of the contract amounts to assist clients with a variety of services such as transportation options to include bus tokens or taxi cab vouchers in areas with no or limited public transport, funding to pay for obtaining identification, basic hygiene items, medication, food and emergency housing. To be eligible for these funds, clients must be successfully discharged from the jail program and transitioned to community based treatment services as recommended at discharge from the jail. Across all programs, \$199,975 was expended on Recovery Support Services. A list of allowable Recovery Support Services can be found under Appendix

## FUTURE DIRECTIONS

### CONTRACT REPROCUREMENT

In FY 16 the contracts for the JBBS programs will be reproced according the State Procurement Rules, contracts for any services with the state can only be effective for 5 years. During this process all existing programs will have the opportunity to restructure and assess for changes in services offered and subcontractors if they choose to do so. OBH will be making changes to the program requirements based on the current treatment need trends of the state and the findings from site visits in the last contracting period.

### OPIATE ADDICTION SPECIALTY SERVICES

Due to the heroin and opioid use prevalence in the state and across the country, OBH is intents to assist jails in making Medication Assisted Treatment available to individuals. The future contracts for the JBBS program offers guidance on policies Sheriff's Department could consider implementing in response to the needs of opiate using individuals.

In FY 16, OBH will be funding 4 pilot projects to distribute Nalaxone/Narcan nasal kits at jails in the metro area. OBH has partnered with The Harm Reduction Action Center to train medical staff at jails to identify individuals who are at high risk of overdosing on heroin post release. OBH will fund 500 Narcan nasal kits to be distributed to individuals at discharge from the jail facility.

### STAFF TRAINING

OBH intents to continue offering training opportunities for staff working with individuals involved in the criminal justice system. Trainings planned for in FY 16 include Gang Intervention Training, Solution Focused Brief Therapy, Medication Assisted Treatment and Standardized Offender Assessment- Revised. OBH works with treatment providers and Sheriffs Departments to determine training needs at Quarterly Meetings and during site visits.

### CLINICAL OUTCOMES

The Office of Behavioral Health shall focus on analysis clinical outcomes of clients receiving services from the JBBS program. Treatment providers are required to submit DACODS (Drug/Alcohol Coordinated Data System) and CCAR (Colorado Client Assessment Record) data to the Office of Behavioral Health. OBH is in the process of integrating the CCAR and DACODS and will plan on incorporating the data points required to obtain clinical outcomes for JBBS clients.

### RECIDIVISM STUDY

The Office of Behavioral Health shall explore funding and resources for a recidivism study on clients served by the JBBS program in the coming fiscal years.

## Approved Recovery Support Services FY 14-15

Services	Additional Notes
Emergency Housing	30 days limit per person
Medications	30 days limit per person
Application Fees ID/Birth Certificates	One time per client
Bus Pass- Daily, Monthly	One time per client, 15 rides for daily passes
Taxi	Only if no public transportation available in the area
Basic Hygiene Items	Limit of \$15 per person
Phone Cards	Limit of \$15 per person
GED program/testing	
Job placement training	
Lifeskills training	
Print brochures to referral sources	
Medical assistance- copays/ infectious disease testing	Limit of \$100 per person
Gas vouchers	Limit of \$30 per person
Clothing vouchers	Limit of \$100 per person
Personal hygiene care	Limit of \$20 per person
UA/Bas	Limit of \$100 per person
Transportation to residential treatment	Limit of \$1200 per contract
Food Assistance	
Backpacks	
Educational costs (books, supplies and fees)	
Utilities	1 month limit per client
Child care	1 month limit per client
