#### Prepare for educational success throughout their lives

**To improve kindergarten readiness through quality early care and learning options for all Coloradans** - As the Office of Early Childhood enters the third year since its creation in 2012, it remains focused on supporting the parents of young children to ensure educational success. The two divisions in the Office of Early Childhood work collaboratively to champion the needs of young children in Colorado through their work with community partners, including Nurse Family Partnership, Head Start, child care providers, Early Childhood Councils, Family Resource Centers, and the Children's Trust Fund. The Office is committed to increasing high-quality access for children and ensuring that children receive early intervention services that are timely and appropriate.

**To return youth committed to the Division of Youth Corrections (DYC) to the community better prepared to succeed through education received while in the custody of the Department** - The Division of Youth Corrections provides educational services to youth residing in state-operated facilities and those placed in contract residential programs. In 2014, subject matter experts have been hired and hardware purchased to lay the foundation for improving the DYC educational infrastructure. In addition to the services provided to youth in state-operated and contract programs, DYC also assists youth in connecting with community services and institutions upon parole.
