

Department of Human Services Q3 SFY2020 Performance Evaluation (March 2020)

Strategic Policy Initiatives

The Department of Human Services has identified several strategic policy initiatives for FY 2019-20 and beyond. For this performance evaluation, the Department has updated progress on the selected initiatives used in the July 2, 2019 Annual Performance Report that best capture some of the Department's strategic and operational priorities, and reflect the overall direction as identified by Department leadership. The updates reflect data as of April 1st, 2020.

Additional detail for these, and other, strategic policy initiatives is available in the Department's Performance Plan, which may be accessed [here](#).

Thrive in the community

Expand community living options for all people served by the Department - Colorado continues its rich tradition of innovation in its services to elderly individuals and those with disabilities, mental illnesses, or substance use disorders. The Department remains committed to decreasing the number of people housed in public institutions through the development of community resource networks and high-quality community-based services. These services enable individuals to thrive in the setting of their choice.

To ensure child safety through improved prevention, access and permanency - Colorado is committed to ensuring that children living anywhere in Colorado should be in safe and permanent settings. Furthermore, the Department is committed to ensuring that children are entitled to the same level of protection from abuse and neglect everywhere in Colorado.

Achieve economic security through meaningful work

To achieve economic security for more Coloradans through employment and education - The Department remains focused on making public benefits more effective and increasing access to public benefits when eligible. There is increased emphasis on employment and how to transform the Colorado Works program to be, first and foremost, about supporting individuals to prepare for, attain, and retain employment to support their families. The Department is committed to assisting citizens served through its many programs to gain and retain employment, as well as, enhance employment opportunities over time.

Prepare for educational success throughout their lives

To improve kindergarten readiness through quality early care and learning options for all Coloradans - As the Office of Early Childhood enters the fourth year since its creation in 2012, it remains focused on supporting the parents of young children to ensure educational success. The two divisions in the Office of Early Childhood work collaboratively to champion the needs of young children in Colorado through their work with community partners, including Nurse Family Partnership, Head Start, child care providers, Early Childhood Councils, Family Resource Centers, and the Children's Trust Fund. The Office is committed to increasing high-quality access for children and ensuring that children receive early intervention services that are timely and appropriate.

To return youth committed to the Division of Youth Services (DYS) to the community better prepared to succeed through education received while in the custody of the Department - The Division of Youth Services provides educational services to youth residing in state-operated facilities and those placed in contract residential programs. In 2014, subject matter experts were hired and hardware purchased to lay the foundation for improving the DYS educational infrastructure. In addition to the services provided to youth in state-operated and contract programs, DYS also assists youth in connecting with community services and institutions upon parole. Division of Youth Services' client manager parole officers work collaboratively with local school districts, alternative schools, community colleges, and private providers of tutoring services to ensure youth are placed in the appropriate school setting to meet their needs.
